

“The USDA Farm Service Agency delivered more than \$485.8 million in federal farm program payments and loans to Idaho farmers and ranchers during FY 2013.” --Aaron Johnson, Acting State Executive Director

Commodity Loans & Program Payments: \$363.3 million

Idaho producers received financial support during FY 2013 through commodity & price support payments.

\$39,848,312 - Direct and Counter Cyclical Program (DCP) Direct payments provide income support to producers of eligible commodities based on production history (acreage and yields) and are not dependent on current production choices. Counter-cyclical payments are made when the effective price for eligible commodities is less than the target price.

\$12,503,017 - Average Crop Revenue Election Program (ACRE) provides a 20% reduced direct payment for income support to producers and also provides revenue-based payments as an alternative to receiving price-based counter-cyclical (CC) payments.

\$301,574,155 - Commodity Loans are available to eligible producers who use crops as collateral. The Commodity Credit Corporation (CCC) makes loans for eligible commodities that are farm or warehouse stored.

\$6,709,103 - Milk Income Loss Contract (MILC) provides compensation to dairy producers when domestic milk prices fall below a specified level.

\$2,697,208 - Farm Storage Facility Loans (FSFL) The Commodity Credit Corporation (CCC), through FSA, makes loans to producers to build or upgrade farm storage and handling facilities for eligible commodities.
