Part 1 Introduction and Purpose

1 Purpose and Sources of Authority

A Handbook Purpose

[7 CFR 761.1(d)] This part describes the Agency's general and administrative policies for its guaranteed and direct Farm Loan Programs. In general, this part addresses issues that affect both guaranteed and direct loan programs.

This handbook is designed to assist FSA in understanding:

- general and administrative regulations governing FLP's
- roles and responsibilities in implementing those regulations and other general and administrative responsibilities.

B Sources of Authority

The sources of authority for this handbook include:

- 7 CFR Part 761 and other regulations that may be referenced throughout this handbook
- the various laws and statutes passed by Congress, including CONACT.

C Regulation References

Text in this handbook that is published in the CFR is printed in **bold** text. The CFR citation is printed in brackets in front of the text. The references and text:

- are intended to highlight the requirement spelled out in CFR
- may be used to support FSA adverse decisions.

D FLP Objectives

7 CFR Parts 761 through 767 set forth FSA's regulations for FLP's. **The objective of these**
--programs is to provide progression lending and management assistance to eligible--*
farmers to become owners or operators, or both, of family farms, to continue such
operations when credit is not available elsewhere, or to return to normal farming
operations after sustaining substantial losses as a result of a designated or declared
disaster. These regulations apply to loan applicants, borrowers, lenders, holders,
Agency personnel, and other parties involved in making, guaranteeing, holding,
servicing, or liquidating such loans. The programs are designed to allow those who
participate to transition to private commercial credit or other sources of credit in the
--shortest period of time practicable through the use of progression lending, including--*
farm assessments, borrower training, market placement, and borrower graduation
requirements.

C State Supplements

See Exhibit 4 for State supplements required by this handbook. SED's are authorized to issue State supplements to this handbook in addition to State supplements listed in Exhibit 4.

Note: Additional State supplements may:

- **not** be issued to simply state verbatim, policies already established in the national handbook
- be issued:
 - when the national handbook does not provide complete guidance
 - to provide additional guidance for employees with limited experience
 - when State law requirements are not specifically addressed in the national handbook.

SED's shall:

- issue required supplements, and any additional supplements, according to 1-AS, paragraph 216
- obtain approval of State supplements according to 1-AS, paragraph 220
- submit for prior approval State supplements requiring the use of State-modified national forms and State-created forms

Exception: State-specific FSA-2029's do not require issuance of State supplement.

- follow guidance in subparagraph 3 H for clearance of State modified national forms and State-created forms.

3 FLP Forms

A Form References

--Except as provided in this paragraph, this handbook references forms according to the forms numbering system that became effective December 31, 2007. Forms executed before-- December 31, 2007, may have a number different from that referenced. See Exhibit 5 for a comparison of form numbers before and after December 31, 2007.

Note: See Exhibit 1 for titles of forms referenced in this handbook.

With the exception of FSA-2510, FSA-2512, and FSA-2514, form numbers are not referenced in CFR (**bold**) text. CFR refers to forms by either:

- the common name of the form

Example: CFR may state “a promissory note” instead of stating “FSA-2026”.

- purpose or the information collected.

Example: CFR may state “a conservation contract” instead of stating “FSA-2535”.

This handbook may refer to the following forms by title and/or form number.

Form Number	Form Title
FSA-2026	Promissory Note
FSA-2543	Shared Appreciation Agreement

B FSA-2029

All references to FSA-2029 within this handbook are intended as a reference to the applicable State-specific Mortgage or Deed of Trust. State-specific Mortgages or Deeds of Trust are available on the FFAS Employee Forms/Publications Online Website at <http://intranet.fsa.usda.gov/dam/ffasforms/forms.html> and are numbered FSA-2029 “ST”.

Notes: “ST” represents the appropriate State acronym.

SED is not required to issue a State supplement for the State-specific version of FSA-2029.

C Notary Acknowledgement

Forms do not include preprinted text for the Notary Acknowledgement because numerous States have State-specific laws establishing required text. Therefore, a fillable text area is provided under the “Acknowledgement” heading. SED’s shall issue State supplements providing the appropriate Notary Acknowledgement text to be inserted.

3 FLP Forms (Continued)

D Applicant and Borrower Signatures

Forms completed by applicants or borrowers include a signature box to accommodate multiple signatures. Separate signature lines are not provided because the number of signatures required for an entity applicant or borrower cannot be determined in advance. Instructions for completing forms will provide guidance to applicants or borrowers on signature requirements.

Forms prepared by FSA for the applicant or borrower's signature include a fillable area instead of preprinted signature lines. County Offices will insert a signature line and the name of each applicant, borrower, entity member, or other individual required to sign the form.

SED's will issue a State supplement addressing State-specific signature requirements.

***--Note:** Applicants submitting FLP applications through FSA OLA will be signing the application using Level 2 eAuthentication credentials. Signatures obtained through OLA will be considered as original signatures.--*

Scanned and FAXed signatures are acceptable on all FLP forms except those summarized in the following table. An original wet pen and ink signature is required, or a digital signature completed with a platform that provides for a 2-factor authentication process and authorized by DAFLP.

Forms Requiring Original Signatures or an Authenticated Digital Signature	
FSA-2025	Notification of Approval Terms and Conditions and Borrower Responsibilities
FSA-2026	Promissory Note
FSA-2028	Security Agreement
FSA-2029	Mortgage/Deed of Trust
FSA-2043	Assignment of Proceeds from the Sale of Dairy Products and Release of Security Interest
FSA-2044	Assignment of Income
FSA-2140	Deposit Agreement
FSA-2313	Notification of Loan Approval and Borrower Responsibilities
FSA-2465	Assignment, Acceptance, and Release (Wool and Mohair)
FSA-2489	Assumption Agreement
FSA-2570	Offer to Convey Security

Note: Mortgages/Deed of Trusts are subject to local requirements that may prohibit the use of digital signatures and require an original wet pen and ink signature. Local OGC should be consulted regarding policies on proper signatures for recorded documents.

3 FLP Forms (Continued)**E State-Modified National Forms**

State and County Offices shall use national forms unless their use is prohibited by State law. In such cases, the State Office may modify the national form. Follow guidance in subparagraph H for obtaining clearance for State-modified national forms.

Note: State-modified national forms based on national forms will be made available on the FFAS Employee Forms/Publications Online Website at <http://intranet.fsa.usda.gov/dam/ffasforms/forms.html> with the same form number as the national form, followed by the State acronym.

3 FLP Forms (Continued)

F State-Created Forms

State Offices may create forms, as necessary, when a national form is not available. State-created forms shall be assigned a 5-digit number establishing linkage to the appropriate FLP handbook, followed by the State acronym, according to the following.

IF the form pertains to...	THEN the form number shall be...
more than one FLP handbook	FSA-2000-1 ST, FSA-2000-2 ST, FSA-2000-3 ST, etc.
1-FLP	FSA-2100-1 ST, FSA-2100-2 ST, FSA-2100-3 ST, etc.
2-FLP	FSA-2200-1 ST, FSA-2200-2 ST, FSA-2200-3 ST, etc.
3-FLP	FSA-2300-1 ST, FSA-2300-2 ST, FSA-2300-3 ST, etc.
4-FLP	FSA-2400-1 ST, FSA-2400-2 ST, FSA-2400-3 ST, etc.
5-FLP	FSA-2500-1 ST, FSA-2500-2 ST, FSA-2500-3 ST, etc.
6-FLP	FSA-2600-1 ST, FSA-2600-2 ST, FSA-2600-3 ST, etc.
--7-FLP	FSA-2700-1 ST, FSA-2700-2 ST, FSA-2700-3 ST, etc.--

Notes: “ST” represents the appropriate State acronym.

Before using State-created forms imposing information collections on 10 or more--* persons per year, State Offices shall work with the National Office to obtain OMB approval.

State-created forms will be made available on the FFAS Employee Forms/Publications Online Website at
<http://intranet.fsa.usda.gov/dam/ffasforms/forms.html>--*

G Other Sources of Forms

FSA does not provide forms that establish an agreement or contract between applicants/borrowers and third parties only, such as leases. Advise applicants/borrowers to obtain such forms from other sources, such as Extension Service, on-line services, attorney, etc.

Part 2 FLP Authorities

21 Overview

A Purpose

This Part provides information and guidance on:

- FSA's authority to administer FLP
- delegating loan approval, loan servicing, and appraisal authorities
- redelegating SED authority
- maximum loan approval authority by grade and position
- maximum loan limits.

B Program Authority

CONACT, Section 339 provides the Secretary of Agriculture authority to issue regulations and make delegations of authority as necessary to administer FLP. The Secretary delegated *--FLP authorities to the Under Secretary for Farm Production and Conservation in--* 7 CFR 2.16. The Under Secretary further delegated these authorities to the FSA Administrator in 7 CFR 2.42. The Administrator delegates authorities to SED's, as applicable.

[7 CFR 761.1] (a) The Administrator delegates the responsibility to administer Farm Loan Programs of the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) to the Deputy Administrator for Farm Loan Programs subject to any limitations established in 7 CFR 2.16 (a) (2) and 7 CFR 2.42.

(b) The Deputy Administrator:

(1) Delegates to each State Executive Director within the State Executive Director's jurisdiction the authority, and in the absence of the State Executive Director, the person acting in that position, to act for, on behalf of, and in the name of the United States of America or the Farm Service Agency to do and perform acts necessary in connection with making and guaranteeing loans, such as, but not limited to, making advances, servicing loans and other indebtedness, and obtaining, servicing, and enforcing or releasing security and other instruments related to the loan. For actions that do not result in a loss to the Farm Service Agency, a State Executive Director may redelegate authorities received under this paragraph to a Farm Loan Chief, Farm Loan Specialist, District Director, Farm Loan Manager, or Senior Farm Loan Officer, Farm Loan Officer, Loan Analyst, Loan Resolution Specialist, or Program Technician.

(2) May establish procedures for further redelegation or limitation of authority.

CONACT, Section 376 provides the Secretary of Agriculture authority to use CED's to make and service FLP loans to the extent CED's have been trained to do so.

22 General Delegation Requirements

A General Provisions

The following general provisions apply to FLP delegations of authority.

- SED shall consult with FLC before issuing, revising, or revoking delegations of authority.
- Authority should be delegated to the lowest level possible, consistent with employee training and experience, program requirements, and available resources.
- All delegations of authority must be in writing; the format provided in subparagraph B may be used.

Note: When a delegation is made to a specific individual, a specific memorandum must be sent to that person, with copies maintained in the appropriate files. However, if SED delegates a position, such as “All DD’s” or “All FLP Specialists”, then a State Supplement to the handbook should be issued establishing the delegation. Only positions should be used and not individual names.

- An employee who has been delegated an authority listed in Exhibit 7, may not redelegate their authority to another employee.

Note: This does not apply when designating acting officials.

- Once authority is delegated, it is retained until revised or revoked according to subparagraph C.

***--Notes:** See subparagraphs 27 A and B for information about the impact of a change in grade or position on loan approval authority.

A new delegation of authorities granted according to Exhibit 7 is not required when SED, FLC, DD, FLM, or SFLO who issued the original delegation changes. The new SED, FLC, DD, FLM, or SFLO may modify delegations according to subparagraph C.

Redelegation of SED authorities granted according to Exhibit 1 must be--* completed when a permanent SED changes. Redelegations are not required for individuals serving as acting SED.

- Delegated authority for procurement of appraisal services is obtained from the AMD Director. The AMD Director may revoke the delegation.

22 General Delegation Requirements (Continued)

B Sample Delegation Letter

The following letter may serve as a template for delegating authority.

*--

<p>To: Name Title</p> <p>Subject: Delegation of Authority</p> <p>In my authority as (Title of Delegator), I hereby delegate to you the following authority(ies):</p> <ul style="list-style-type: none"> • _____ • _____ • _____. <p>This/these delegation(s) will continue until:</p> <ul style="list-style-type: none"> • revoked or revised in writing • you: <ul style="list-style-type: none"> • resign • retire, or • accept a position that does not require the authorities. <p>(Signature)</p> <p>(Title)</p> <p>(Date)</p> <p>cc: State Office</p>
--

--*

C Revising and Revoking Delegated Authority

SED, FLC, or FLM may revise or revoke any authority they have delegated to an employee as justified by the employee's performance and need for the authority. FLM or FLC may not revise or revoke any authority delegated by SED. For existing employees, any revision or revocation of authority must be in writing. When an individual's authority is reduced or revoked, the employee must be given specific reasons for the action.

***--Note:** Written documentation is not necessary as delegated authorities are automatically revoked for employees who resign, retire, or accept a position that does not require loan approval and servicing authorities.

Employees who return to positions that require delegated loan approval authority will be subject to credit quality reviews, as well as may be required to complete appropriate additional training.--*

22 General Delegation Requirements (Continued)

C Revising and Revoking Delegated Authority (Continued)

Delegated authorities that require completion of continuing education will be revoked if the employee does not complete the training within the required timeframe. A new delegation will be required after the education requirements are met

D Delegation of Authority for APOC

APOC delegation is provided according to subparagraph 141 J.

*--E Recording the Delegations of Authority

Delegations of authority will be uploaded to the Delegations of Authority Tracker at the FPAC-BC-FLP-Delegations Team site.

FLC's have been granted access to the Tracker and may request the National Office add delegates (typically other State Office FLP employees) to the Tracker to ensure timely updates to employee delegated authorities.

FLC's will review and ensure their respective state records are accurate as of March 31 and September 30, annually.

The user guide and video trainings for the Delegations of Authority Tracker are found on the Delegations of Authority Teams General channel and the Farm Loan Chief section of the FLP Training Site at https://usdagcc.sharepoint.com/sites/fsa-oa/field-office/Farm_Loan_Programs_Training.--*

23 State Office and Service Center Authorities

A Overview

FSA's decisions to approve or reject a loan or servicing request have broad implications for the applicant or borrower and FSA. These decisions affect the applicants' lives, the achievement of program objectives, and FSA's risk exposure. Therefore, it is imperative that certain authorities be limited to those employees who have met the training and experience requirements and have been formally delegated authority.

B State Office Employees

FLP authorities, except those that require SED delegation and those in Exhibit 7, subparagraph A, are inherent to the position for FLC, FLS, and DD. FLC may delegate authorities in Exhibit 7, subparagraph B to AS, LOA, or LRS, who have demonstrated experience and have received adequate training.

23 State Office and Service Center Authorities (Continued)

C Service Center Employees

FLP authorities, except those that require SED delegation and those in Exhibit 7, subparagraph A, are inherent to the positions of FLM and SFLO. FLM and SFLO may delegate authorities in Exhibit 7, subparagraph B to FLO, LOA, or PT.

Authorities listed in Exhibit 7, subparagraph B may be delegated to other Service Center employees, if necessary, based on the State organizational structure, as follows:

- FLM, in consultation with CED, may delegate authorities to CO PT's
- SED, in consultation with FLC, may delegate authorities to CED's who are deemed by them to have demonstrated experience and have received adequate training.

Note: FLOT's are FLO's in training, therefore, may be delegated authorities according to Exhibit 7 as proficiencies are demonstrated. Caution should be taken, however, not to overburden FLOT's with duties not associated with their current position.

D Acting Officials

Acting officials, other than SED, have the inherent authorities of their regular position and the inherent authorities of the acting position, unless otherwise restricted on the designation document. An acting designation does not increase an employee's loan approval authority. However, SED may increase the loan approval authority in the following circumstances:

- FLO-GS-11 who is acting FLM for an extended period of time, because of a vacancy or illness, to that of FLM-GS-11 or FLM-GS-12 level, if justified by the employee's performance and FSA's need
- FLM-GS-12 or SFLO-GS-12 who is acting DD for an extended period of time, because of a vacancy or illness, to that of DD-GS-13 level, if justified by the employee's performance and FSA's need.

The loan approval authority for employees temporarily promoted, according to 3-PM, paragraph 47, will increase for the duration of the temporary promotion.

Note: The acting FLM will be designated according to 16-AO, subparagraph 287 E.

When a permanent SED is not appointed, or a permanent SED is on extended leave because of illness or other unforeseen reasons, an acting SED is authorized to approve:

- loans up to the maximum limits established in subparagraph 29 D
- actions which will result in a loss to the Government.

Acting SED during routine office absences of an appointed SED does not have these authorities.

23 State Office and Service Center Authorities (Continued)

D Acting Officials (Continued)

The following letter may serve as a template for designating acting officials.

<p>To: Name Title</p> <p>Subject: Delegation of Authority</p> <p>You are hereby designated to serve as Acting (Title of Delegator), from (Starting Date) to (Ending Date). I hereby delegate to you all rights, privileges, and powers of the position (except the following:</p> <ul style="list-style-type: none"> • _____ • _____ • _____.) <p>(Signature)</p> <p>(Title)</p> <p>(Date)</p> <p>cc: State Office * * *</p>

E Limitations on Inherent Authorities

SED must:

- provide a State Office employee, FLM, or SFLO written notification of any limitations on inherent authorities
- limit inherent authorities of employees selected as DD, FLS, FLM, or SFLO who have not completed required training.

* * *

24 Delegating Appraisal Authority

A General Requirements

Only SED's may delegate appraisal authority according to Exhibit 7, subparagraph A. SED's may delegate appraisal authority to FSA employees who have completed the required training and have the necessary experience.

B Chattel Appraisals

SED may delegate chattel appraisal authority to employees who have completed the training requirements in subparagraph 145 A.

C Administrative Appraisal Reviews

SED may delegate authority to complete administrative appraisal reviews to employees who have completed the training requirements in subparagraph 143 B.

25 Delegating Loan Approval Authority

A Receiving Approval Authority

Loan approval authority must be obtained by:

- employees hired as FLO's
- employees who have not been previously delegated loan approval authority and are *--selected for a FLC, DD, or FLS position
- CED's designated to obtain loan approval authority according to subparagraph C.

To obtain loan approval authority, employees must successfully:

- complete Phase 1 of the FLOT program according to 6-PM, Part 13

Notes: All employees required to obtain loan approval authority, except GS-11 FLO's or GS-12 FLM's hired under Direct Hiring Authority (DHA) as defined in Exhibit 2, have 1 calendar year to complete Phase 1, which includes:

- orientation training--*
- required training and testing, as stated in 6-PM, subparagraph 198 A
- additional trainings required in 6-PM, subparagraph 194.5 A
- hands-on loan docket preparation training.

DHA-hired FLO or FLM employees have 6 months from the hiring date to complete Phase 1.

Phase 2 will not begin until Phase 1 training and testing requirements have been met.

- complete Phase 2 of the FLOT program as follows:
 - FLO's, FLOT's, and CED's will:
 - *--meet credit quality standards in subparagraph 28 C on a minimum of 5 but not more than 7 independently prepared loan dockets, of which at least 2 must be term loans
 - at the discretion of FLC, be required during Phase 2 to submit additional loan dockets meeting credit quality standards, until the trainee demonstrates the ability to make sound credit decisions

Notes: Loan docket reviews cannot be used to obtain loan approval authority.

FLC will establish the number of additional loan dockets required.--*

25 Delegating Loan Approval Authority (Continued)

A Receiving Approval Authority (Continued)

- be placed on a DO if the trainee's 3 of the maximum of 7 independently prepared *--loan dockets fail to meet credit quality standards

Note: If the trainee is placed on a DO because of failure to meet credit quality standards on the required independently prepared loan dockets, this action must be documented in the comments section of FLOTRACK.

- after successful completion of the DO, submit a new set of loan dockets that meet credit quality standards

Notes: If the trainee's 3 of the maximum of 7 independently prepared loan dockets again fail to meet credit quality standards, follow 6-PM, subparagraph 198 D to determine the next action.

Loan docket reviews cannot be used to obtain loan approval authority.

- have 1 calendar year to complete Phase 2 and be delegated loan approval authority
- DHA, FLO, or FLM employees will:
 - meet credit quality standards in subparagraph 28 C on a minimum of 5 but not more than 7 independently prepared loan dockets, of which at least 2 must be term loans
 - be placed on a DO if the direct hire's 3 of the maximum of 7 independently prepared loan dockets fail to meet credit quality standards

Notes: Loan docket reviews cannot be used to obtain loan approval authority.

If the DHA, FLO, or FLM employee is placed on a DO because of failure to meet credit quality standards on the required independently prepared loan dockets, this action must be documented in the comments section of FLOTRACK.

- after successful completion of the DO, submit a new set of loan dockets that meet credit quality standards

Notes: If 3 of the maximum of 7 independently prepared loan dockets again fail to meet credit quality standards, follow 6-PM, subparagraph 198 D to determine the next action.

Loan docket reviews cannot be used to obtain loan approval authority.--*

- have 6 months to complete Phase 2 and be delegated loan approval authority

25 Delegating Loan Approval Authority (Continued)

A Receiving Approval Authority (Continued)

- *--FLC's, DD's, and FLS's will:

- meet credit quality standards on a minimum of 3 independently prepared loan dockets, of which at least 1 must be a term loan

Notes: Not more than 4 loan dockets may be submitted to meet this requirement.

File reviews, as outlined in the following bullet, are in addition to this requirement. Accordingly, there are no substitution options for this requirement to complete and pass independently prepared loan dockets.

- submit a minimum of 4 acceptable loan docket reviews

Notes: Not more than 6 loan docket reviews may be submitted to meet this requirement.

When recording trainee loan docket reviews in FLOTRACK Docket--* information, choose "Docket Type":

- File Review - Direct Loan
- File Review - Guaranteed Loan (SEL)
- File Review: PLS.
- be placed on a DO if the trainee's:
 - *--2 of 4 independently prepared loan dockets fail to meet credit quality standards
 - 3 of 6 loan docket reviews are not acceptable

Note: If trainee is placed on a DO due to failure to meet credit quality standards on the independently prepared loan dockets or loan docket reviews, this action must be documented in the "Comments" section of FLOTRACK.

- after successful completion of the DO, submit a new set of loan dockets and loan docket reviews that meet credit quality standards

Note: If the trainee's 2 of the maximum of 4 independently prepared loan dockets again fail to meet credit quality standards, or 3 of the maximum of 6 loan dockets are not acceptable, follow 6-PM, subparagraph 198 D to--* determine next action.

- have 6 months to complete Phase 2 and be delegated loan approval authority.

25 Delegating Loan Approval Authority (Continued)

A Receiving Approval Authority (Continued)

*--The Loan dockets submitted for State Office review and approval must be sufficiently complex to reflect the ability to make sound credit decisions and analyze an applicant's operation. The loan dockets submitted must include **all** of the following types of loans:

- direct loans

Note: No more than **2** Microloans may be submitted; and youth loans or streamlined loans may not be submitted.

- SEL guaranteed loans only, excluding EZ guarantee requests
- PLS applications.

Notes: In cases where SEL and/or PLS applications are **not** available, FLC may substitute direct loans to meet this requirement, excluding streamlined loans, youth loans, or additional microloans.

When substituting a direct loan for SEL and/or PLS, note "File Substitution for SEL or PLS" in the "Comments" section in FLOTrack.

Loan dockets submitted for review may include credit actions recommended--* for approval.

B Failure to Receive Loan Approval Authority

Follow 6-PM, subparagraph 198 D if an employee whose position description requires the employee to obtain loan approval authority, or CED designated to obtain loan approval authority, does not successfully meet the criteria in subparagraph A.

C CED Loan Approval Authority

SED's, in consultation with FLC and the appropriate DD, may designate CED's to obtain loan approval authority if CED:

- agrees to maintain competency with ongoing FLP activity
- while completing the FLOT program and working toward obtaining loan approval authority, agrees to have added to the performance plan under Program Management, Execution of Duties, or similar element the following standard, "Successfully completes assigned training and training activities within established timeframes"

25 Delegating Loan Approval Authority (Continued)

C CED Loan Approval Authority (Continued)

- is able to perform the duties according to 27-PM, Exhibit 4.4

Note: 27-PM, Exhibit 4.4 will be attached to the CED's position description when loan approval authority has been delegated.

- completes the formal FLOT program
- meets the requirements established in subparagraph A.

CED's, who held FLP loan approval authority **within** the previous 12 months immediately before the SED designation, may submit a statement requesting waiver of additional training. SED, in consultation with FLC and DD, shall determine any training required before CED is delegated loan approval authority.

CED's, who held FLP loan approval authority but **not** within the previous 12 months immediately before the SED designation, must submit the number of independently prepared files required under subparagraph A. SED, in consultation with FLC and DD, shall evaluate the CED's knowledge of **current** FLP loan requirements, financial analysis, and FBP to determine required training before CED is delegated loan approval authority.

D Circumstances for Designating CED's

SED's, in conjunction with FLC, should identify areas of their State that could justify and benefit from CED having loan approval and servicing authority.

The office or area where CED would be designated by SED to obtain loan making and *--servicing approval authority must meet all the following conditions:

- direct and/or guaranteed caseload in the office or area is high, complex, or geographically challenging and FLM, SFLO, or FLP team servicing the office or area needs additional help
- CED has sufficient time for additional responsibilities required to obtain and maintain loan making and servicing authority without negatively impacting CED's current farm program obligations

Notes: The requirement established in subparagraph 27 D will be considered when evaluating this condition.

FLM or SFLO is responsible for managing loan making and servicing activity in Service Centers considered to be Type 1 offices when CED with loan approval authority is headquartered in the office.--*

25 Delegating Loan Approval Authority (Continued)

E COC Concurrence

COC will be required to concur in writing:

- with the additional FLP responsibilities that CED will be incurring
- that while CED is completing the FLOT program and working toward obtaining loan approval authority, has added to the performance plan under Program Management, Execution of Duties, or similar element the following standard, “Successfully completes assigned training and training activities within established timeframes”.

F National Office Approval for CED’s Receiving Loan Approval Authority

SEDs shall submit FSA-2127 to the National Office to request approval for all CEDs designated to obtain loan making and servicing authority by e-mailing the completed FSA-2127 to SM.FSA.DCWa2.FLOT. FSA-2127 will include the following:

- circumstances that warrant designating CED to obtain loan approval authority according to subparagraph 25 D
- copy of COC’s written concurrence for CED to assume additional FLP responsibilities
- map designating the districts with FLP Service Centers where CED will assist
- list of FLP Service Center employees, by position, for the office CED will assist.

The National Office will notify SED when DAFO and DAFLP approval has been granted.--*

26 Delegating Loan Servicing Authority

A Delegations to FLO

*--Loan servicing authority is inherent for employees possessing delegated loan approval authority according to Part 2.

Note: FLM’s or SFLO’s may delegate loan servicing authorities according to Exhibit 7, subparagraph B, to FLO’s or FLOT’s who have the appropriate training and experience, but do not currently possess delegated loan approval authority. Use caution in delegating authority to employees still in training.--*

B Delegations to PT

FLM’s or SFLO’s may delegate loan servicing authorities to PT’s, who have the appropriate training and experience, according to Exhibit 7, subparagraph B.

26 Delegating Loan Servicing Authority (Continued)

C Delegations to CED

See 27-PM, Exhibit 4.4 for FLP responsibilities that may be performed by CED's designated by SED to obtain loan servicing authority.

D Delegations to AS, LOA, and LRS

FLC, FLM, or SFLO may delegate loan servicing authorities to AS, LOA, or LRS who has the appropriate training and experience, according to Exhibit 7, subparagraph B.

27 Maintaining Approval Authority

A Employee Who Accepts New FLP Position Within the State

When an FLP employee with loan approval and servicing authority accepts a new FLP position within the State, a new delegation of authority is not required.

Loan approval authority is automatically increased when the employee's grade increases, unless:

- SED issues a new delegation of authority limiting the authority
- the original delegation of authority established limitations on approval authority.

***--Note:** A new delegation of authority is not required to be issued when only the employee's grade increases.

B Hires With Prior Loan Approval Authority

A new delegation of authority is required for employees who held loan approval authority in another State before selection to the new position.

Employees with current loan approval authority who have moved to another State may submit a copy of the previous delegation letter, and when possible a statement from the previous FLC, addressing the quality of loan docket reviews based upon credit quality review guidelines.

SED's, in consultation with FLC's, will use this information or review their records to establish the following:

- necessary actions and training for obtaining a current delegation of loan approval authority
- determining whether the employee will be required to submit loan dockets for credit quality review, and if so, the number of loan dockets to be submitted to determine whether approval authority will be delegated to the employee.

Note: Loan docket submission requirements must not exceed those described in--* subparagraph 25 A.

27 Maintaining Approval Authority (Continued)

B Hires With Prior Loan Approval Authority (Continued)

Employees who have not held loan approval authority within the last year immediately before the selection to the new position must submit and pass independently prepared Loan dockets for credit quality review as described in subparagraph 25 A.

Note: The loan approval authority of employees who move to a position that does not require loan approval authority is automatically revoked. A new delegation will be required if the employee is selected for a position requiring loan approval authority. The employee must submit the independently prepared loan dockets as provided in subparagraph 25 A.

C Maintaining Loan and Servicing Approval Authority

After approval authorities are granted, SED's and FLC's will monitor employees to ensure loan making and servicing actions meet credit quality standards. Loan approval officials must exercise loan making and/or servicing authority annually to satisfy nationwide credit quality standards established in paragraph 28.

D CED's Maintaining Responsibility for FLP Activities

SED, in conjunction with FLC, must determine whether circumstances warranting the granting of loan approval to CED continue to exist according to subparagraph 25 D. If the circumstances warranting the granting of loan approval authority no longer exist, CED should be advised their loan approval authority will be suspended. Suspension of loan approval authority based on these circumstances will not be considered as a performance issue.

CED's, with only loan servicing responsibilities, will be required at a minimum to service 10 case files according to their servicing authorities each year.

To meet the minimum number of files required each year, CED may be required to process cases outside of their immediate County Office area.

Note: Actions that may be counted include, but are not limited to the following:

- PLS
- disaster set-aside
- subordinations
- partial releases.

DD will be responsible for tracking the number of case files on which CED completed loan servicing actions.

27 Maintaining Approval Authority (Continued)

E Failure to Maintain Loan Approval Authority

Follow appropriate PM directives for guidance if an employee, whose position description requires the employee to maintain loan approval authority, does not successfully meet the criteria in subparagraphs C and D.

28 Credit Quality Standards

A Credit Quality Review Requirements

Credit quality reviews are designed to thoroughly assess a loan docket on a broad range of items, including underwriting proficiency and adherence to certain programmatic and administrative requirements. To demonstrate continued proficiency, approval officials other than FLS's, FLC's, and DD's are annually required to satisfy credit quality standards on 3 docket reviews using FSA-2103. No more than 4 loan dockets may be submitted to satisfy this requirement. The number and occurrence of FLS's reviews (to be completed by the FLC or designee) are addressed in subparagraph 28 E, while the number and occurrence of FLC's and DD's reviews (to be completed by the DAFLP or designee) are addressed in subparagraph 28 F.

SED, with DAFO and DAFLP concurrence, may grant an exception to the requirement for a loan approval official to meet the annual credit quality standards. Examples of circumstances potentially warranting an exception may include extended unavailability of the employee because of illness or detail to an alternative job responsibility.

Note: As necessary, FLC's, loan approval officials, and their supervisors must coordinate the opportunity for loan approval officials to prepare and/or approve loan dockets from outside the loan approval officials' routine service area for the employee to meet *--the number of required credit quality reviews. With SED concurrence, FLC may coordinate with FLC's from other States to obtain applicable credit actions, if necessary. The availability of credit actions by loan approval officials will--* typically not be an accepted basis for an exception to credit quality standards.

An approval official, other than FLS, FLC, and DD, who does not satisfy the minimum credit quality standards stated in this subparagraph or (if applicable) the minimum credit quality *--standards stated in subparagraph 28 B will be issued a letter of counseling or reprimand by the approval official's supervisor. SED, in consultation with FLC, may also consider a reduction of the employee's delegated loan approval authority. An approval official, other than FLS, FLC, and DD, who does not satisfy the minimum credit quality standards stated in this subparagraph in the FY immediately following a letter of counseling or reprimand does not satisfy the requirements to maintain loan approval authority and further action, including revocation of loan approval authority and placement on a DO, will be completed by the appropriate supervisory and human resource staff, in consultation with FLC to determine employee training needs.--*

28 Credit Quality Standards (Continued)

A Credit Quality Review Requirements (Continued)

Employees other than FLS's, FLC's, and DD's who complete training and are delegated loan approval authority within the first two quarters of the FY are required to adhere to the standard credit quality review requirements provided in this paragraph. However, employees other than FLS's, FLC's, and DD's who complete training and are delegated loan approval authority in the third or fourth quarter of the FY are not required to satisfy additional credit quality review requirements for that year.

Loan dockets reviewed by FLC or designee must be sufficiently complex, as determined by FLC, to reflect the employee's ability to make sound credit decisions and adequately analyze an applicant's operation. Loan dockets eligible for formal credit quality review may include *--direct loan applications, SEL guaranteed loan applications, PLS requests, and direct--* subordination requests, that were approved in the same FY of the formal credit quality review.

Notes: No more than 2 microloan dockets and 1 direct subordination request may be used to satisfy the annual credit quality requirements.

--Youth loans, streamlined loan applications, and PLP, CLP, and EZ guarantee-- requests are not eligible for review.

Only 1 request per applicant can be used for formal credit quality review purposes, regardless of the number of requests included in a credit action; for example, an applicant is approved for an FO, OL, and PLS in a single credit action. In this situation, only 1 request can be used to satisfy the requirements of this paragraph.

--Dockets selected for review by FLC will typically be those that were prepared with minimal assistance by the employee being reviewed. However, a loan approval official may lack-- appropriate processed actions for the FY to meet credit quality review standards. In such an event, dockets that were recommended for approval by another employee, but formally approved by the loan approval official being reviewed (a Review of Approval-Only Official review type) may be substituted by the FLC. If this Review of Approval-Only Official review fails, the FLC is not required to complete a Review of Loan Processor review of that loan action.

Other than in the case of a FLC or DD approval official, if a recommended only docket (Review of Loan Processor review) fails to satisfy credit quality standards, FLC or designee will additionally complete a review of the approval official (Review of Approval-Only Official).

Loans dockets reviewed for formal credit quality may be either pre-approval reviews or *--post-approval reviews. If a formal review is initiated as pre-approval, the review official must wait to finalize the review until the credit action is closed.--*

28 Credit Quality Standards (Continued)

A Credit Quality Review Requirements (Continued)

Typically, post-approval Credit Quality Reviews will be completed after any closing agent has provided all loan closing documents. However, there may be instances when closing documents cannot be obtained to complete a timely Credit Quality Review. When this occurs, the reviewer may document the circumstances within the Summary of Deficiencies section and answer Credit Quality Review Questionnaire question 2 M “Were closing documents properly completed, were security interests perfected, and were required insurance, lien searches and/or title opinions obtained?” based on available information.

B Exceptional Previous Performance

Approval officials who satisfy credit quality review standards outlined in subparagraph 28 A with a score of 180 points or more on all docket reviews the previous FY have reduced credit quality review requirements for future years. Approval officials who demonstrate this level of performance on independently prepared loan dockets are required to pass 1 docket annually with a score of at least 180 without critical questions being scored Low. If the loan docket reviewed does not meet this standard, the requirements outlined in subparagraph 28 A will be in effect.

C Credit Quality Review Procedures

***--FLC's are responsible for coordinating annual credit quality reviews for all employees within the State with delegated loan approval authority**, other than FLC's and DD's, and developing a plan to ensure that all review processes are completed timely for credit quality review results to be addressed as necessary in employees' annual performance review. FLC's will create and share the plan with loan staff by January 31 of each year. Loan dockets selected for formal credit quality review will be determined by FLC and must have been approved in the same FY of the credit quality review; however, specific files for review do not need to be identified by January 31. Plans may include types of loan dockets to be reviewed, timing of reviews, identification of reviewers, and methodology of reviews. The plan will include the FLC's analysis of loan docket availability for each loan approval official subject to credit quality review (with input as necessary from the loan approval official and their supervisor) and the FLC's intent and direction to address any concerns of docket availability. Plans may be communicated with loan staff informally via conference--* call or e-mail, or more formally using a notice or amendment.

FLC's must first coordinate the credit quality reviews of employees with lower approval authority levels. This is necessary to determine if sufficient independently prepared and approved loan dockets are available to satisfy the requirements of subparagraph 28 A for those employees. Loan docket selection and review requirements for loan approval officials with higher loan limits may be affected by the results of credit quality reviews completed on dockets where the employee served as the approval official only.

28 Credit Quality Standards (Continued)

C Credit Quality Review Procedures (Continued)

FLC's are responsible for identifying review officials who will complete credit quality reviews of all employees with delegated loan approval authority other than FLC's and DD's. Formal credit quality reviews will typically be completed by State Office employees with delegated loan approval authority. However, at the discretion of FLC, FLM's who met credit quality review standards in the previous FY and have not failed a credit quality review in the previous or current FY may also be eligible to complete formal credit quality reviews of FLO's not supervised by FLM. FLC's are encouraged to involve trainees and other loan staff to observe the review process for training and employee development purposes when appropriate.

--FSA-2103 completed within the Internal Review and Documentation Tracking System (IRDTS) will be used to complete credit quality reviews. The completed FSA-2103 must be physically stored in State operational files, in addition to digitally retaining the completed FSA-2103 in IRDTS. The credit quality review must be discussed with the employee and-- their supervisor.

Notes: The completed FSA-2103 will not be placed in the borrower case file.

Results of State-developed supplemental review forms must not be used to determine an approval official's receipt or maintenance of approval authorities.

The reviewer will perform a credit quality review for any of the 3 types of reviews:

- (1) Review of Loan Processor – This review type is applicable when the reviewee processed and approved the loan action, or processed an action approved by another employee. The reviewer will answer questions 2 A through 2 N based on a file review. A loan docket satisfies credit quality standards if 160 points or more are awarded with no critical questions being scored “Low”. The reviewer will enter the credit quality review result as one of the following:
 - Passed
 - Failed on Points
 - Failed on Critical
 - Failed on Critical and Points.
- (2) Review of Approval-Only Official - This review type is applicable when the loan action was processed by another employee and approved by the reviewee. Those credit quality review questions 2 A through 2 N which the approval official had resources available at the time of approval to correctly evaluate will be scored according to FSA-2103 instructions.

28 Credit Quality Standards (Continued)

C Credit Quality Review Procedures (Continued)

Many States authorize loan approval to be completed remotely, without the benefit of the entire docket on hand. If approval was based solely on a review of automated FBP documentations, any question which FSA-2103 instructions provide should be answered “Medium” or “Low”, and which the response of “Medium” or “Low” would only be reasonably determined based on a review of the physical file or other applicable *--documents, will be scored “High” and the circumstances documented in the Remarks section of FSA-2103 or included as an attachment. Points will be tabulated by the--* automated FSA-2103 and an Assessment Result entered by the reviewer as stated in Review of Loan Processor above.

(3) Review of Docket Reviewer - This review type is to be used when a credit quality review is being completed to evaluate a previous credit quality review by the reviewee. The reviewer completing the Review of Docket Reviewer will complete a credit quality review of the loan action, answering FSA-2103 questions 2 A through 2 N according to FSA-2103 instructions. The automated credit quality review will tabulate Total Docket Points. Assessment Results will be entered as:

- Pass – if the total points in the initial credit quality review and the Review of Reviewer credit quality review are within 25 points and any critical answer of “Low” is answered the same on both credit quality reviews
- Failed on Points – if the total point difference between the two credit quality reviews is greater than 25
- Failed on Critical – if any critical answer of “Low” is answered differently between the two credit quality reviews
- Failed on Critical and Points - if the total point difference is greater than 25 and any critical answer of “Low” is answered differently between the two credit quality reviews.

The reviewee’s initial credit quality review should be attached to the Review of Docket Reviewer credit quality review when placed in the operational file.

Note: Except for a FLS, FLC, or DD; Review of Loan Processor and Review of Approval-Only Official are applicable reviews to be conducted per subparagraph 28 A. Review of Loan Processor and Review of Docket Reviewer credit quality reviews are appropriate to subparagraph 25 A.

28 Credit Quality Standards (Continued)

C Credit Quality Review Procedures (Continued)

With the exception of Review of Approval-Only Official reviews when approval was based primarily on FBP, it is recommended that the reviewer have the complete physical file available at the time of the review. If this is not feasible, the reviewer will identify each item needed from the physical file necessary to accurately answer questions 2A through 2N on FSA-2103 and request that the reviewee provide each of the necessary documents electronically. In the case of a Review of Approval-Only Official reviews when approval was based primarily on FBP, the reviewer will typically need only information within FBP for the review.

*--Reviewers should consider if any error noted was caused by an employee other than the reviewee, without input, acknowledgement, or required oversight of the reviewee. In such instances, reviewers will typically document the circumstances in the Remarks section of FSA-2103 or include as an attachment, and the error should not negatively impact the credit quality review.

A single error should not cause multiple non-critical questions to be answered "Medium" or "Low". Rather, if an individual error potentially impacts more than one non-critical question, the primary question affected by the error will be answered according to FSA-2103 instructions, and the common error should not be a basis for answering other non-critical questions to be answered "Medium" or "Low".

Example: A debt on the credit report with a \$10,000 balance and a \$2,000 annual installment was overlooked by the approval official during processing of a direct loan application. Potentially, this could impact FSA-2103 non-critical questions "Were financial statements and loan schedules properly completed?" and "Were farm expense and cash outflow budget projections completed correctly and adequately documented?". Instead, the reviewer should score only the primarily impacted question accordingly and document the results of all potentially affected questions in the Remarks section or include as an attachment. The answer for critical question "Was the correct feasibility decision made or recommended and adequately documented?" may also be impacted by the error.

Results of annual credit quality reviews will be captured within IRDTS and reports will be--* available to State and National Offices.

D Service Center Reviews

Annually for each service center, the FLC or designee will review at least:

- 2 direct loan restructured accounts, if available
- 2 approved guarantee loan requests from CLP or PLP lenders, if available
- 2 direct loan denials, if available.

28 Credit Quality Standards (Continued)

D Service Center Reviews (Continued)

The purpose of these reviews conducted in accordance with this subparagraph is to ensure continued proper processing of these requests and to identify potential training needs. Therefore, the scores and results of these reviews will not typically affect an employee's approval authorities. However, at the discretion of FLC, restructured account reviews may be used to satisfy an approval official's annual credit quality review requirements.

Note: FSA-2103 is designed to be used solely for the purpose of evaluating approved *--direct loans, SEL guaranteed loans, PLS requests, and direct subordination requests. Accordingly, approved guarantee loan requests from CLP or PLP lenders and direct loan denials are not required to be evaluated using FSA-2103. While a formal service center review template is not available, reviews should focus on determining if proper and timely decisions were made and communicated effectively with the--* applicant and/or lender.

By October 31 of each year, each FLC will submit a Service Center Review Report of the prior fiscal year to the Director of LMD. This report will detail service center reviews completed during that fiscal year, including:

- number of service centers with completed reviews and a brief explanation of the *--number and reasons/circumstances regarding any service center(s) without a--* complete review during the fiscal year
- summary of each re-occurring issue (concerns noted in 2 or more dockets reviewed within the State) including FLC's intended steps to address each of the reoccurring issues
- FLC recommendations for National Office action (such as clarification/revision of Handbook or national training) regarding repetitive findings from 2 or more dockets.

E FLS Credit Quality Review Requirements

To demonstrate continued proficiency, FLS's who hold FLP loan approval authority as of October 1 of the current fiscal year are annually required to satisfy credit quality standards on 2 loan docket reviews using FSA-2103. No more than 3 dockets may be submitted to satisfy this requirement. FLS reviews will be completed by FLC or their designee. * * *

28 Credit Quality Standards (Continued)

E FLS Credit Quality Review Requirements (Continued)

--FLS who does not satisfy the minimum credit quality standards stated in this subparagraph will be issued a letter of counseling or reprimand by the approval official's supervisor. SED, in consultation with FLC, may also consider a reduction of the employee's delegated loan approval authority. FLS who does not the minimum credit quality standards in the FY immediately following a letter of counseling or reprimand does not satisfy the requirements to maintain loan approval authority; and further action, including revocation of approval authority and placement on a DO, will be completed by the appropriate supervisory and human resource staff, in consultation with FLC, to determine employee development needs.--

Docket complexity standards are outlined in subparagraph 28 A, and dockets selected by FLC for review may include those where FLS acted as the approval official only and did not prepare the docket independently. In these instances, many States authorize the approval review to be done remotely, without the benefit of the entire docket on hand. Accordingly, any question scored "Medium" or "Low" solely for reasons that were either outside the control of FLS, or that could not reasonably be evident to FLS at the time of the approval review, will not negatively impact the credit quality review of FLS. In those instances, the *--review official will note in the Remarks section of FSA-2103 or include as an attachment--* that the sole reason(s) for a "Medium" or "Low" question score was outside FLS control and answer the question as "High".

In instances when FLS has not processed or approved an adequate number of loan requests to *--satisfy the requirements in this subparagraph, FLC may substitute 1 or more of the docket requirements with independently completed credit quality file reviews that were completed by FLS using FSA-2103. The review will be scored according to subparagraph 28 C.--*

F FLC and DD Credit Quality Review Requirements

To demonstrate continued proficiency, the National Office will routinely conduct credit *--quality reviews for FLC's and DD's who were in their present position and held FLP loan--* approval authority as of October 1 of the fiscal year in which the review is conducted. When a review is scheduled during a fiscal year, FLC's and DD's are required to satisfy credit quality standards on 2 loan docket reviews using FSA-2103. No more than 3 dockets may be submitted to satisfy this requirement. * * *

28 Credit Quality Standards (Continued)

F FLC and DD Credit Quality Review Requirements (Continued)

--FLC or DD who does not satisfy the minimum credit quality standards stated in this subparagraph will be issued a letter of counseling or reprimand by the approval official's supervisor. SED (in consultation with FLC in the case of a DD) may also consider a reduction of the employee's delegated loan approval authority. The National Office will again review the FLC or DD in the year immediately following a letter of counseling or reprimand. FLC or DD who does not satisfy the minimum credit quality standards stated in this subparagraph in the fiscal year immediately following a letter of counseling or reprimand does not satisfy the requirements to maintain loan approval authority; and further action,-- including revocation of approval authority and placement on a DO, will be completed by the appropriate supervisory and human resource staff, in consultation with the National Office, to determine employee development needs. * * *

Docket complexity standards are outlined in subparagraph 28 A, and dockets selected for review by the National Office may include those where FLC or DD acted as the approval official only and did not prepare the docket independently. In these instances, many States authorize the approval review to be done remotely, without the benefit of the entire docket on hand. Accordingly, any question scored "Medium" or "Low" solely for reasons that were either outside the control of DD or FLC, or that could not reasonably be evident to DD or FLC at the time of the approval review, will not negatively impact the credit quality review of FLC or DD. In those instances, the review official will note on FSA-2103 that the sole reason(s) for a "Medium" or "Low" question score was outside the control of FLC or DD, and will answer the question as "High".

In instances when FLC or DD has not processed or approved an adequate number of loan *--requests to satisfy the requirements in this subparagraph, the National Office may--* substitute 1 or more of the docket requirements with independently completed credit quality file reviews completed by FLC or DD using FSA-2103. * * * The review will be scored according to subparagraph 28 C.

FLC and DD credit quality reviews will be conducted by National Office staff. States will be selected by DAFLP annually for FLC and DD reviews. Selection criteria to be considered by DAFLP may include the FLPRA data and the FLPRA review schedule.

G Reinstatement of Approval Authority

Employees whose approval authority has been revoked as a result of a failure to maintain credit quality standards may have authority reinstated if they meet the requirements of any applicable DO, complete all required additional assigned training, and satisfy credit quality review standards described in this paragraph on 3 consecutive dockets.

28 Credit Quality Standards (Continued)

H Continuing Education Requirements

Employees who deliver FLP are strongly encouraged to complete at least one continuing education training activity each year. The training activity may include completing FSA-developed courses available in AgLearn, participating in National Office FLP hot topics training, or any other available courses in financial analysis and production management, such as:

- Extension Service webinars and workshops
- non-FSA developed AgLearn courses
- ABA or Farm Credit sponsored workshops and seminars
- local community college workshops.

FSA-developed courses in AgLearn can be found using the Dashboard search section and searching for “DAFLP” or “Farm Loan”.

Note: The FLP Training SharePoint site at https://usdagcc.sharepoint.com/sites/fsa-oo/field-office/Farm_Loan_Programs_Training includes a Continuing Education section where courses may be found. New training courses will be posted as they become available.

29 Maximum Loan Authorities**A OL, FO, CL, and EM Program Loan Limitations**

Limitations on maximum loan amounts for OL, FO, and EM are established in CONACT.

[7 CFR 761.8 (a)] The outstanding principal balances for a farm loan applicant or anyone who will sign the promissory note cannot exceed any of the following at the time of loan closing or assumption of indebtedness. If the outstanding principal balance exceeds any of the limits at the time of approval, the farm operating plan must reflect that funds will be available to reduce the indebtedness prior to loan closing or assumption of indebtedness.

(1) Farm Ownership, Down payment loans, Conservation loans, and Soil and Water loans:

(i) Direct--\$600,000;

(ii) Guaranteed--\$1,750,000 (for fiscal year 2019 and increased at the beginning of each fiscal year in accordance with paragraph (b) of this section) (subparagraph B);

***--Notes:** The limit is \$2,251,000 for FY 2025.--*

29 Maximum Loan Authorities (Continued)**B Adjustment for Guaranteed Loans**

[7 CFR 761.8 (b)] The dollar limits of guaranteed loans will be increased each fiscal year based on the percentage change in the Prices Paid by Farmers Index as compiled by the National Agricultural Statistics Service, USDA. The maximum loan limits for the current fiscal year are available in any FSA office and on the FSA website at <http://www.fsa.usda.gov>.

C LOC Advances

[7 CFR 761.8 (c)] The total dollar amount of guaranteed line of credit advances and income releases cannot exceed the total estimated expenses, less interest expense, as indicated on the borrower's cash flow budget, unless the cash flow budget is revised and continues to reflect a feasible plan.

A Standard Eligible Lender must obtain Agency approval before issuing future year's funds according to 2-FLP, subparagraph 265 C. Approval may be provided by any Agency official with loan approval authority, and is not subject to the maximum loan limits established in subparagraph D.

Note: PLP and CLP lenders may provide future years' funds without prior FSA approval.

29 Maximum Loan Authorities (Continued)

D Loan Approval Limitations for Direct and Guaranteed Loans

The following table identifies the maximum loan approval authority for direct and guaranteed loans by grade and title of the approval official.

- Direct and guaranteed loans are considered separate tracks when determining approval authority. **For example**, a GS-12 FLM receives an application for a \$800,000 guaranteed LOC from an existing borrower who currently has a \$600,000 direct FO and a \$100,000 guaranteed OL. The FLM is able to approve this request as the guaranteed total at closing would be \$900,000, which is under the guaranteed FLM maximum limit of \$1,000,000.
- Loan approval limitations include the loan being made plus outstanding principal balances owed by anyone signing the promissory note. For LOC's, the maximum amount of the LOC ceiling is considered the outstanding principal balance.
- An approval official may not approve or deny a loan request that will exceed the official's approval authority at the time of loan closing. The official must forward the loan and recommendations to the appropriate approval official. Formal approval or denial and eligibility correspondence with an applicant may be completed by an employee if authorized by the approval official.
- Eligibility determinations are subject to these maximum loan approval limitations. Use the eligibility section of the credit presentation to record recommendations.
- County Office employees with loan approval authority may not exceed the authority of the equivalent grade FLO or FLM.
- See 3-PM to address conflicts of interest and employee loan requests.

Follow instructions in this table to use the loan approval official maximum limitations table.

Step	Action
1	Determine the type of request being considered (direct or guaranteed).
2	For the request type being considered, calculate the total outstanding principal balance at loan closing, including the new loan request.
3	Using the total calculated, identify the appropriate grade or title having authority for the request.
4	If the total is above one's authority, forward the request with eligibility and approval or denial recommendations to the appropriate official.

Loan Approval Official Maximum Limitations			
	FLO GS-7/9	FLO GS-11	SFLO, FLM, DD, FLS, FLC GS-11/12/13
Total Principal DIRECT	\$200,000	\$300,000	\$500,000*
Total Principal GUARANTEED	\$400,000	\$600,000	\$1,000,000*
*Requests above these amounts require SED authority subject to the maximum loan amounts described in subparagraph A. * * *			

29 Maximum Loan Authorities (Continued)***--D Loan Approval Limitations for Direct and Guaranteed Loans (Continued)**

The SED, after consulting with the FLC, may issue a State supplement that reduces the maximum loan approval limitations described in the preceding table. This State supplement must be submitted to the National Office for pre-approval.

The SED, in consultation with the FLC, may raise the loan approval authority limits for GS-11, 12, and 13 employees who routinely demonstrate exceptional loan making proficiency. Approval authority may be increased by the following:

- direct loan making, increase up to an additional \$200,000
- guaranteed loan making, increase up to an additional \$400,000.

The SED, after consulting with the FLC, shall issue a State supplement establishing the method and standards, including what constitutes higher than average proficiency, for monitoring and evaluating the basis for raising loan approval authorities. This State supplement must be submitted to the National Office for pre-approval.--*

E Official Loan Approval Limitations for Nonprogram Loans

The following table identifies the maximum loan approval authority for nonprogram loans by grade and title of approval officials.

Type of Loan	FLM, SFLO GS-11/12	DD, FLS, or FLC	SED
Real Estate	\$400,000	\$500,000	Any amount
Chattels	\$200,000	\$300,000	Any amount
Recreation Loans to Individuals	\$175,000	\$300,000	Any amount

Note: Approval authority for recreation loans to individuals applies only to property that secured a recreation loan to an individual or farming corporation, not a recreation association.

Outstanding loan balances from other direct or guaranteed FLP loans will not affect the amount an applicant is eligible to receive under nonprogram loans. Any outstanding nonprogram loan balances will not affect the amount an applicant is eligible to receive under any other FLP.

F Discrimination Complaints

[7 CFR 15d.4(a)] Any person who believes that he or she (or any specific class of individuals) has been, or is being, subjected to practices prohibited by this part may file on his or her own, or through an authorized representative, a written complaint alleging such discrimination. No particular form of complaint is required. The written complaint must be filed within 180 days from the date the person knew or reasonably should have known of the alleged discrimination, unless the time is extended for good cause by the Director of the Office of Civil Rights or his or her designee. Any person who complains of discrimination under this part in any fashion shall be advised of his or her right to file a complaint as herein provided.

[7 CFR 15d. 4(b)] All complaints under this part should be filed with the Director of the Office of Civil Rights, United States Department of Agriculture, Washington, D.C. 20250, who will investigate the complaints. The Director of the Office of Civil Rights will make final determinations as to the merits of the complaints under this part and as to the corrective actions required to resolve program complaints. The complainant will be notified of the final determination on his or her complaint.

***--Note:** If the borrower files a discrimination complaint with FLP personnel, FLP personnel will immediately submit it according to 18-AO, Part 7.--*

[7 CFR 15d.4(c)] Any complaint filed under this part alleging discrimination on the basis of disability will be processed under 7 CFR Part 15e.

G Processing Loan and Servicing Applications When an Applicant Files a Discrimination Complaint

Under no circumstances will FSA:

- delay the processing of a loan or servicing application pending the outcome of a filed discrimination complaint
- deny a loan or servicing request because a discrimination complaint has been filed
- accelerate or foreclose a loan before a discrimination complaint is closed.

* * *

41 Nondiscrimination in FLP (Continued)**G Processing Loan and Servicing Applications When an Applicant Files a Discrimination Complaint (Continued)**

If an applicant or borrower files, or has filed, a discrimination complaint against the agency official responsible for processing the loan or servicing application, DD or SED will assign a different official to process the request. Processing responsibility may be reassigned to:

- an authorized agency official from either of the following:
 - same district, but a different county
 - another district
- DD.

Note: Reassignment of processing loan or servicing applications is temporary. When the investigation is closed, and if it is determined that discrimination did not occur, the loan or servicing application will be returned to the appropriate office.

***--H Monitoring Discrimination Complaints**

State Offices will monitor accepted discrimination complaints to ensure compliance with subparagraphs G and I. LSPMD will maintain a file on all accepted discrimination complaints. LSPMD will notify the State Office when notified by the OCR:

- of an accepted discrimination complaint
- that a discrimination complaint has been closed.--*

I 2008 Farm Bill Acceleration and Foreclosure Moratorium

[7 CFR 766.358(a)]Notwithstanding any other provisions of this subpart, borrowers who file or have filed a program discrimination complaint that is accepted by USDA Office of Adjudication or successor office (USDA), and have been serviced to the point of acceleration or foreclosure on or after May 22, 2008, will not have their account accelerated or liquidated until such complaint has been resolved by USDA or closed by a court of competent jurisdiction. This moratorium applies only to program loans made under subtitle A, B, or C of the Act (for example, CL, FO, OL, EM, SW, or RL). Interest will not accrue and no offsets will be taken on these loans during the moratorium. Interest accrual and offsets will continue on all other loans, including, but not limited to, non-program loans.

Under the 2008 Farm Bill, there is a moratorium on the acceleration or foreclosure for certain borrowers who have a pending program discrimination complaint, or file a program discrimination complaint that is accepted as valid by OA.

When the State Office is notified by OCR or LSPMD that the borrower has an accepted complaint, it will process DLS Transaction “5G”, using Descriptive Code “7” to establish the indicator for accounts that may be eligible for a moratorium. The effective date of the “5G” transaction will be the date the complaint was accepted by OA.

Note: State Offices will monitor all accounts flagged “OAC1”. The State Office will process DLS Transaction “5H”, using Descriptive Code “7” at the conclusion of the moratorium.

If the borrower has an accepted complaint at OA and the account is at the point of acceleration or in foreclosure, interest will not accrue and no offsets will be taken on any CL’s, FO’s, SW’s, RL’s, OL’s, and EM’s and any recoverable costs associated with these loans.

The moratorium will end on the date the claim is resolved.

If any requests for debt settlement or payoff during the moratorium are received, contact LSPMD.

41 Nondiscrimination in FLP (Continued)

***--I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)**

For the purpose of the 2008 Farm Bill noted in this subparagraph:

- FSA was not directed to suspend interest or offsets on any loans other than CL's, FO's, SW's, RL's, OL's, and EM's
- interest accrual and offsets will continue to be taken on other loans, including NP loans
- accounts that have no security remaining that have been accelerated or where all loans are mature, such as those classified as CNC, also will continue to accrue interest and be subject to offset.

Note: Other moratoriums as directed by the Secretary of Agriculture or the Administrator will be followed on their own terms and in some cases will interact with accounts affected by the 2008 Farm Bill.

[7 CFR 766.358(a)(1)] If the Agency prevails on the program discrimination complaint, the interest that would have accrued during the moratorium will be reinstated on the account when the moratorium terminates, and all offsets and servicing actions will resume.

[7 CFR 766.358(a)(2)] If the borrower prevails on the program discrimination complaint, the interest that would have accrued during the moratorium will not be reinstated on the account, unless specifically required by the settlement agreement or court order.

[7 CFR 766.358(b)] The moratorium will begin on:

- (1) May 22, 2008, if the borrower had a pending program discrimination claim that was accepted by USDA as valid and the account was at the point of acceleration or foreclosure on or before that date or**
- (2) The date after May 22, 2008, when the borrower has a program discrimination claim accepted by USDA as valid and the borrower's account is at the point of acceleration or foreclosure.--***

41 Nondiscrimination in FLP (Continued)

I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)

For borrowers who:

- had a pending program discrimination claim **and** were at the point of acceleration or foreclosure as of May 22, 2008, the moratorium was effective as of May 22, 2008
- have a program discrimination claim accepted by OA after the effective date of the 2008 Farm Bill (May 22, 2008) **and** later reach the point of acceleration or foreclosure, the moratorium will begin at the point of acceleration or foreclosure
- are at the point of acceleration or foreclosure **and** then have a program discrimination claim accepted by OA after the effective date of the 2008 Farm Bill (May 22, 2008), the moratorium will begin on the date the claim is accepted by OA.

[7 CFR 766.358(c)]The point of acceleration under this section is the earliest of the following:

- (1) The day after all rights offered on the Agency notice of intent to accelerate expire if the borrower does not appeal;**
- (2) The day after all appeals resulting from an Agency notice of intent to accelerate are concluded if the borrower appeals and the Agency prevails on the appeal;**
- (3) The day after all appeal rights have been concluded relating to a failure to graduate and the Agency prevails on any appeal;**
- (4) Any other time when, because of litigation, third party action, or other unforeseen circumstance, acceleration is the next step for the Agency in servicing and liquidating the account.**

The point of acceleration is the **earliest** of the following:

- the day after all rights offered on FSA-2521 or FSA-2525 have expired, if the borrower does **not** appeal
- the day after all appeals resulting from FSA-2521 or FSA-2525 are concluded, if the borrower did appeal and FSA prevailed on the appeal
- the day after any appeal rights have concluded relating to the failure to graduate under ***--4-FLP, Part 2--***
- any other time when, because of litigation, third party action, or other unforeseen circumstance, acceleration is the next step for FSA in liquidating the account.

41 Nondiscrimination in FLP (Continued)

I 2008 Farm Bill Acceleration and Foreclosure Moratorium (Continued)

[7 CFR 766.358(d)]A borrower is considered to be in foreclosure status under this section anytime after acceleration of the account.

A borrower is considered to be at the point of foreclosure any time **after** acceleration.

The borrower will be notified of the temporary moratorium of interest accrual and offset by ~~SED~~, or State Office designee, using FSA-2120 with a courtesy copy FAXed to FLB~~---~~ according to subparagraph 5 B.

Note: The offset is **not** canceled, but only temporarily suspended until the claim is resolved.

~~---~~FLB will update the borrower's account to suspend interest accrual and offset activity.~~---~~

[7 CFR 766.358(e)]The moratorium will end on the earlier of:

- (1) The date the program discrimination claim is resolved by USDA or**
- (2) The date that a court of competent jurisdiction renders a final decision on the program discrimination claim if the borrower appeals the decision of USDA.**

FSA-2121 will be used by SED, or State Office designee, to inform the borrower that the ~~---~~moratorium has ended. FLB will be FAXed a courtesy copy and notified by separate~~---~~ correspondence of the requirements of any Settlement Agreement about interest accrual and offsets.

If FSA prevails, the suspended interest will be reinstated and interest accrual and offsets will immediately resume.

J Obtaining Civil Rights Clearance Before Acceleration

State Offices must contact the National Office for civil rights filing clearance before acceleration. Under no circumstance will FSA accelerate an account with an accepted civil rights complaint.

- See 5-FLP, subparagraph 533 B for requirements which must be met prior to submitting an account for civil rights filing clearance.
- See Exhibit 12 for an outline of the process to complete the civil rights filing clearance.
- See Exhibit 13 for information to be included in email to the National Office of civil rights clearance.

41 Nondiscrimination in FLP (Continued)

K Discrimination Complaints Accepted After Acceleration

If a discrimination complaint is accepted after the amount has been accelerated (or classified CNC if not accelerated), the account will be serviced according to subparagraph I and as follows.

- Foreclosure: if a discrimination complaint is accepted after referral to DOJ, then DOJ will decide if the foreclosure will proceed. Otherwise, under no circumstance will FSA foreclose an account with an accepted civil rights complaint. Foreclosure action may resume on an accelerated account after the discrimination complaint is closed and then only with the consent of DAFLP.
- CNC: an accelerated, foreclosed, or fully mature account which has an accepted discrimination complaint will not be classified as CNC until the discrimination complaint is closed and then only with the consent of DAFLP.
- Cross-servicing: an account at cross-servicing will be recalled if a discrimination complaint is accepted subsequent to referral to the Department of Treasury. See 7-FLP, subparagraph 222 A. After the discrimination complaint is closed, the account may be returned to Treasury for cross-servicing with the consent of DAFLP. See 7-FLP subparagraph 223 D.

State Office requests for DAFLP consent should be sent to **fsa-directloans@wdc.usda.gov** in a format similar to that shown in Exhibit 13. The email subject block should read “Requested for DAFLP Consent to ___ (enter “Foreclose,” “CNC,” or “Return to Cross-Servicing,” as appropriate) - Borrower’s Name and State.” The DAFLP Consent Clearance Process will be similar to Exhibit 12.

*--41.5 Obtaining Direct Loan Servicing Applications

A Receiving Applications

An agency official will not:

- refuse to provide a requested application to any person
- discourage the borrower from applying for routine or special loan servicing or for a short term alternative repayment agreement in lieu of offset or a debt settlement
- make oral or written statements that would discourage any individual from applying for assistance based on any ECOA prohibited basis (race, color, religion, national origin, sex, marital status, age, applicant’s income deriving from public assistance or because the applicant has in good faith exercised any right under the Consumer Protection Act).--*

42 Appeals

A General Requirements

FLP applicants and borrowers have the right to request reconsideration, file appeals, and enter into ADR about adverse decisions according to 7 CFR Part 780 and 7 CFR Part 11. See 1-APP for FSA's appeal procedure.

Exceptions: For adverse decisions on:

- loan servicing requests under 5-FLP, use the appropriate forms and exhibits to notify borrowers

Note: Appraisals used for homestead protection, including appraisals used in exercising the option to purchase homestead property, or used to determine the amount due under shared appreciation agreements under 5-FLP, may be appealed according to paragraph 144 and 1-APP.

- nonprogram loan borrowers, see 4-FLP, paragraph 248.

Note: Regulations published in 7 CFR are available on the GPO web site at <http://www.gpoaccess.gov/cfr/index.html>.

B Mandatory Language for Adverse Decision Letters

See 1-APP for mandatory language about reconsideration, appeal, and ADR, to be included in adverse decision letters. Additional guidance may be issued under the APP notice series.

42 Appeals (Continued)**C Adverse Decisions Involving Appraisals**

Text on appraisal reviews provided in subparagraphs D and E will be added to the reconsideration language provided in 1-APP or APP notices, as applicable, when an adverse decision is based on real estate or chattel appraisal, except when either of the following applies:

- the appraisal is for PLS or preservation servicing and 5-FLP requires using a specific form or exhibit
- the appraisal in question was associated with or connected to, an FSA decision wherein appeal rights were previously offered and concluded.

Notes: Appraisals may only be reconsidered or appealed. Mediation is not available on real estate or chattel appraisals.

See subparagraph 144:

- D for additional guidance about handling real estate independent technical appraisal reviews received from an applicant or borrower
- E for additional guidance about handling chattel independent appraisal reviews received from an applicant or borrower
- G for additional guidance when an applicant or borrower identifies errors in an appraisal.

42 Appeals (Continued)

D Real Estate Appraisals

The following text shall be added to the reconsideration paragraph in adverse decision letters involving a real estate appraisal.

You may request a copy of the real estate appraisal used in our decision. We will provide you with a copy within five days of your request. If you would like to discuss the appraisal, or you believe there are errors, including mathematical or property description errors in the appraisal, you should request reconsideration.

Independent Technical Appraisal Review

If you believe the real estate appraisal FSA obtained is incorrect for reasons other than those stated above, you may obtain an independent technical appraisal review. The issue under reconsideration will be whether FSA's real estate appraisal is consistent with the Uniform Standards of Professional Appraisal Practice. If you want this option, you must include a copy of the independent technical appraisal review, or notify this office of your intent to obtain an independent technical appraisal review, in your request for reconsideration. This review must be provided to this office at the time of or before the reconsideration meeting. You must pay to obtain a current independent technical appraisal review from a State-certified general appraiser. The appraiser and the independent technical appraisal review must meet the standards contained in FSA regulations. You may request a copy of the regulations from this office. If you cannot find a qualified appraiser to conduct the independent technical appraisal review, a list of qualified appraisers is available in this office.

If you do not submit an independent technical appraisal review at the time of or before the reconsideration meeting, you waive your right to have us reconsider the appraisal. If you submit an independent technical appraisal review, we will determine whether the appraiser and the independent technical appraisal review meet FSA requirements. If the independent technical appraisal review meets FSA requirements, we will consider all comments contained in the independent technical appraisal review and determine if the appraisal obtained by FSA should be revised.

42 Appeals (Continued)**E Chattel Appraisals**

The following text shall be added to the reconsideration paragraph in adverse decision letters involving a chattel appraisal.

You may request a copy of the chattel appraisal used in our decision. We will provide you with a copy within five days of your request. If you would like to discuss the appraisal, or you believe there are errors, including mathematical or property description errors in the appraisal, you should request reconsideration.

Independent Appraisal Review

If you believe the chattel appraisal FSA obtained is incorrect for reasons other than those stated above, you may obtain an independent appraisal review. The issue under reconsideration will be whether FSA's chattel appraisal is consistent with the present market value of like items in your area. If you want this option, you must include a copy of the independent appraisal review, or notify this office of your intent to obtain an independent appraisal review, in your request for reconsideration. You must pay to obtain a current independent appraisal review from a qualified appraiser. This review must be provided to this office at the time of or before the reconsideration meeting. The appraiser and the appraisal review must meet standards contained in FSA regulations. You may request a copy of the regulations from this office. If you cannot find a qualified appraiser to conduct the independent appraisal review, a list of qualified appraisers is available in this office.

If you do not submit an independent appraisal review at the time of or before the reconsideration meeting, you waive your right to have us reconsider the appraisal. If you submit an independent appraisal review, we will determine whether the appraiser and the appraisal review meet FSA requirements. If the independent appraisal review meets FSA requirements, we will consider all comments contained in the independent appraisal review and determine if the appraisal obtained by FSA should be revised.

F Nondiscrimination Statement

The nondiscrimination statement in subparagraph 41 C must be included in all adverse decision letters.

42 Appeals (Continued)

G Actions When Loan Servicing Denial Is Overturned in NAD Final Determination

1-APP, subparagraph 135 A requires that FSA implement a final determination not later than 30 calendar days after the effective date of the notice of final determination. An appeal determination is administratively final when the provisions of 1-APP, subparagraph 135 B have been met.

The authorized agency official will advise the borrower of the next steps to be taken in the loan servicing request within 5 workdays of the date the appeal decision becomes administratively final, or the date FSA determines that it will not pursue a further review of the hearing officer's decision, whichever comes first. The contact will be by telephone or in person, with a written follow-up.

1-APP, subparagraph 135 D provides that, according to FSA regulations, FSA may consider changes in the borrower's condition in implementing NAD's final determination. If there have been significant changes to the borrower's financial or farming situation since the date of the original FSA decision, only the information that has changed needs to be submitted or revised. Any revised or new documents must be initialed or signed, as appropriate, by both the borrower and the authorized agency official.

Note: A significant change is a change that would materially affect the feasibility of, or eligibility for, the proposed loan servicing action.

FSA may request updated financial or production information as the borrower's circumstances may have changed during the pendency of the appeal that may adversely affect the borrower's farming operation.

Note: Adversely affect means that a change unrelated to the issue resolved through the appeal will result in the borrower no longer being eligible for the loan servicing action requested, or the previously developed FBP not being feasible.

After completing the review and evaluation of all necessary revisions, the authorized agency official will approve or deny the loan servicing request according to the applicable FLP handbook. Any loan servicing denial will be handled according to 1-APP, subparagraph 135 E.

The State appeals coordinator will monitor receipt and implementation of final NAD determinations to ensure that they are properly and timely implemented.

43 Debarment and Suspension

*--A Background

OMB guidance found in 2 CFR Part 180, subparts A through I is adopted by 2 CFR Part 417, thereby giving regulatory effect for USDA to the OMB guidance. 2 CFR Part 417 satisfies the requirements in:

- section 3 of Executive Order 12549 of February 18, 1986 (3 CFR Part 1986 Comp., p. 189)
- Executive Order 12689 of August 16, 1989 (3 CFR Part 1989 Comp., p. 235)
- 31 U.S.C. 6101 (Pub. L. 103-355, Section 2455 and 108 Stat. 3327).

Procurement debarment by any Federal agency is restricted according to 48 CFR 9.4. See 1-APP, paragraph 28 and 1-CM, paragraph 823 for additional information.

Parties subject to debarment and suspension will be found in SAM Exclusion Records, which are obtained through the DNP portal. Specific guidance on using DNP is provided in paragraph 53. See Exhibits 15.5 and 15.6 for additional guidance on using the DNP system.

Notes: When apparent matches are found, there may be instances where an individual or entity has the same or similar name as the search request but is actually a different party. Therefore, it is important to verify the intended search with the returned results.

A copy of the returned search record will be filed in the applicant's or borrower's case file.

B FLP Consideration of Non-Procurement Debarment and Suspension

As required by 2 CFR 417.970(a)(6), individuals, or in the case of an entity, entities, embedded entity members, or individual entity members who have been debarred or suspended from government non-procurement programs cannot participate in transactions with FSA when applying for 1 of the following:

- a direct loan, as addressed in 3-FLP, paragraph 75
- a guaranteed loan, as addressed in 2-FLP, subparagraph 108 M
- a subordination according to 4-FLP, Part 6, Section 2, as addressed in 4-FLP, subparagraph 7 A
- an assumption of debt according to 4-FLP, Part 9, as addressed in 4-FLP, subparagraph 7 A--*

43 Debarment and Suspension (Continued)***--B FLP Consideration of Non-Procurement Debarment and Suspension (Continued)**

- a current market value buyout resulting in a loss to FSA according to 5-FLP, Part 8, as addressed in 5-FLP, subparagraph 7 A
- a shared appreciation agreement according to 5-FLP, Part 9, as addressed in 5-FLP, subparagraph 7 A.

As required by 2 CFR 417.970(a)(7) and 7 CFR 762.105(b)(5), lenders who have been debarred or suspended from government non-procurement programs cannot obtain an FSA guarantee.

SED or designee will review CLP and PLP lenders and their officers and agents for debarment or suspension as follows:

- before approving CLP status or before recommending PLP status to DAFLP for approval
- during the review of lender's status according to 2-FLP, paragraph 267.

Loan approval officials will review SEL's and their officers and agents before issuing FSA-2201 to the lender for the first time and then annually thereafter.--*

43 Debarment and Suspension (Continued)***--C FLP Consideration of Procurement Debarment and Suspension**

Attorneys, title companies, title insurance companies, or closing agents conducting loan closing activities who have been debarred or suspended from government procurement programs cannot participate in transactions with FSA. The authorized agency official will check the SAM Exclusion Records, which are obtained through the DNP portal, before providing FSA-2341 or FSA-2342. If the attorney, title company, title insurance company, or closing agent selected is debarred or suspended, the applicant must make a new selection.

D Causes for Debarment or Suspension

The causes for initiating and the actions required to initiate debarment or suspension:

- debarments are addressed in 2 CFR Part 180, Subparts F and H, and 2 CFR Part 417, Subpart H
- suspensions are addressed in 2 CFR Part 180, Subparts F and G, and 2 CFR Part 417, Subpart G.

E Exceptions

Only the Secretary of Agriculture or designee may grant a written exception permitting a debarred or suspended person or entity to participate in an FLP-covered transaction--* according to 2 CFR 180.135.

44 Collecting and Coding Ethnicity, Race, and Gender Information**A Purpose**

FSA collects ethnicity, race, and gender information for reporting purposes and to ensure that targeted funds are made available to SDA's and monitor SDA participation rates in FLP.

B Procedure for Collecting and Coding Ethnicity, Race, and Gender Information

FSA-2001, FSA-2211, FSA-2301, * * *, and FSA-2683 are used to request ethnicity, race, and gender information of the applicant. This information may be requested only on an FSA approved form. An applicant's response to this request is optional. However, the authorized agency official must inform all applicants that for an applicant to be eligible for targeted funds, FSA will need his or her ethnicity, race, and gender information.

When FSA receives a loan application, FSA will enter the ethnicity, race, and gender information into BP and GLS if guaranteed customer.

44 Collecting and Coding Ethnicity, Race, and Gender Information (Continued)

C Ethnicity, Race, and Gender Classifications

An applicant, including individual entity members, may identify:

- *--their ethnicity as either of the following:--*
 - Hispanic or Latino - a person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish Culture or origin, regardless of race
 - not Hispanic or Latino
- *--themselves as a member of 1 or more of the following races:--*
 - Asian - a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam
 - American Indian or Alaskan Native - a person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment
 - Black or African American – a person having origins in any of the black racial groups of Africa
 - Native Hawaiian or other Pacific Islander - a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands
 - White - a person having origins in any of the original peoples of Europe, North Africa, or the Middle East
- *--their gender as male, female, or non-binary.--*

45 Allocating Loan Program Funds**A General**

[7 CFR 761.201(a)] This subpart addresses:

- (1) The allocation of funds for direct and guaranteed FO, CL, and OL loans;**
- (2) The establishment of socially disadvantaged target participation rates; and**
- (3) The reservation of loan funds for beginning farmers.**

[7 CFR 761.201(b)] The Agency does not allocate EM loan funds to State Offices but makes funds available following a designated or declared disaster. EM loan funds are available on a first-come first-served basis.

B Timing of the Allocation of FO, CL, and OL Funds

[7 CFR 761.202] The Agency's National Office allocates funds for FO, CL, and OL loans to the State Offices on a fiscal year basis, as made available by the Office of Management and Budget. However, the National Office will retain control over the funds when funding or administrative constraints make allocation to State Offices impractical.

--DAFLP may elect to not make State allocations should doing so result in impractical administrative constraints.--

[7 CFR 761.201(c)] State funding information is available for review in any State Office.

C National Reserves for FO and OL Funds

[7 CFR 761.203(a)] At the start of each fiscal year, the National Office reserves a portion of the funds available for each direct and guaranteed loan program. These reserves enable the Agency to meet unexpected or justifiable program needs during the fiscal year.

[7 CFR 761.203(b)] The National Office distributes funds from the reserve to one or more State Offices to meet a program need or Agency objective.

45 Allocating Loan Program Funds (Continued)

D Methods of Allocating Funds to State Offices

***--[7 CFR 761.204] FO, CL, and OL loan funds are allocated to State Offices using one--* or more of the following allocation methods:**

[7 CFR 761.204(a)] Formula allocation, if data, as specified in § 761.205 (subparagraph 45 E), is available to use the formula for the State.

[7 CFR 761.204(b)] Administrative allocation, if the Agency cannot adequately meet program objectives with a formula allocation. The National Office determines the amount of an administrative allocation on a case-by-case basis.

[7 CFR 761.204(c)] Base allocation, to ensure funding for at least one loan in each State, District, or County Office. In making a base allocation, the National Office may use criteria other than those used in the formula allocation, such as historical Agency funding information.

E Computing a Formula Allocation

--[7 CFR 761.205(a)] The formula allocation for FO, CL, or OL loan funds is equal to:--

(1) The amount available for allocation by the Agency minus the amounts held in the National Office reserve and distributed by base and administrative allocation, multiplied by:

formula allocation = (amount available for allocation - national reserve - base allocation - administrative allocation) x State Factor

(2) The State Factor, which represents the percentage of the total amount of the funds for a loan program that the National Office allocates to a State Office.

[7 CFR 761.205(b)] To calculate the State Factor, the Agency:

(1) Uses the following criteria, data sources, and weights:

45 Allocating Loan Program Funds (Continued)

E Computing a Formula Allocation (Continued)

CRITERIA	LOAN TYPE CRITERION IS USED FOR	DATA SOURCE	WEIGHT FOR *--FO AND CL (percent)	WEIGHT FOR OL LOANS--* (percent)
Farm operators with sales of \$2,500-\$39,999 and less than 200 days work off the farm	*--FO, CL, and OL loans	U.S. Census of Agriculture	15	15
Farm operators with sales of \$40,000 or more and less than 200 days work off farm	FO, CL, and OL loans	U.S. Census of Agriculture	35	35
Tenant farm operators	FO, CL, and OL loans	U.S. Census of Agriculture	25	20
Three-year average net farm income	FO, CL, and OL loans	USDA Economic Research Service	15	15
Value of farm real estate assets	FO and CL--*	USDA Economic Research Service	10	N/A
Value of farm non-real estate assets	OL loans	USDA Economic Research Service	N/A	15

- (2) Determines each State's percentage of the national total for each criterion;
- (3) Multiplies the percentage for each State determined in paragraph (b)(2) of this section by the applicable weight for that criterion;
- (4) Sums the weighted criteria for each State to obtain the State factor.

F Pooling of Unobligated Funds Allocated to State Offices

***--[7 CFR 761.206] The Agency periodically pools unobligated FO, CL, and OL loan--* funds that have been allocated to State Offices. When pooling these funds, the Agency places all unobligated funds in the appropriate National Office reserve. The pooled funds may be retained in the national reserve or be reallocated to the States.**

A FLP notice will be issued before pooling of funds occurs.

45 Allocating Loan Program Funds (Continued)

G Distribution of Farm Loan Funds by State Offices

[7 CFR 761.207] A State Office may distribute its allocation of loan funds to District or County level using the same allocation methods that are available to the National Office. State Offices may reserve a portion of the funds to meet unexpected or justifiable program needs during the fiscal year.

H Target Participation Rates for Socially Disadvantaged Target Groups

[7 CFR 761.208(a)] (1) The Agency establishes target participation rates for providing FO, CL, and OL loans to members of socially disadvantaged groups.

(2) The Agency sets the target participation rates for State and County levels annually.

(3) When distributing loan funds in counties within Indian reservations, the Agency will allocate the funds on a reservation-wide basis.

(4) The Agency reserves and allocates sufficient loan funds to achieve these target participation rates. The Agency may also use funds that are not reserved and allocated for socially disadvantaged groups to make or guarantee loans to members of socially disadvantaged groups.

I FO and CL's Based on Ethnicity or Race

[7 CFR 761.208(b)] The FO and CL loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total rural population in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of rural population in the county who are members of such socially disadvantaged groups.

--Note: Target rates will be based on nationwide data if State allocations are not made.--

J OL Based on Ethnicity or Race

[7 CFR 761.208(c)] The OL loan target participation rate based on ethnicity or race in each:

(1) State is equal to the percent of the total number of farmers in the State who are members of such socially disadvantaged groups.

(2) County is equal to the percent of the total number of farmers in the county who are members of socially disadvantaged ethnic groups.

--Note: Target rates will be based on nationwide data if State allocations are not made.--

45 **Allocating Loan Program Funds (Continued)****K Target Participation Rate for Women Farmers**

[7 CFR 761.208(d)] (1) The target participation rate for women farmers in each:

- (i) State is equal to the percent of farmers in the State who are women.**
- (ii) County is equal to the percent of farmers in the county who are women.**
- (2) In developing target participation rates for women, the Agency will consider the number of women who are current farmers and potential farmers.**

Note: Target rates will be based on nationwide data if State allocations are not made.

L Loan Funds for Beginning Farmers

[7 CFR 761.209] Each fiscal year, the Agency reserves a portion of direct and guaranteed FO and OL loan funds for beginning farmers in accordance with section 346(b)(2) of the Act.

Direct FO and OL funds are reserved until September 1 of each FY. * * * Down payment funds are reserved until April 1 of each FY.

Note: Between April 1 and September 1 of each FY, * * * down payment funds may be used by any eligible beginning farmer.

Guaranteed FO and OL funds are reserved until April 1 of each FY.

* * *

M CL Funds

[7 CFR 761.210(a)] The following applicants and conservation projects will receive priority for CL funding:

- (1) Beginning farmer or socially disadvantaged farmer;**
- (2) An applicant who will use the loan funds to convert to sustainable or organic agriculture production system as evidenced by one of the following:**

A conservation plan that states the applicant is moving toward a sustainable or organic production system, or

An organic plan, approved by a certified agent and the State organic certification program, or

A grant awarded by the Sustainable Agriculture Research and Education (SARE) program of the National Institute of Food and Agriculture, USDA.

45 Allocating Loan Program Funds (Continued)

M CL Funds (Continued)

- (3) An applicant who will use the loan funds to build conservation structures or establish conservation practices to comply with 16 U.S.C. 3812 (section 1212 of the Food Security Act of 1985) for highly erodible land.

N Transfer of Funds

[7 CFR 761.211] If sufficient unsubsidized guaranteed OL funds are available, then beginning on:

- (a) August 1 of each fiscal year, the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers and socially --disadvantaged farmers under the Down payment loan program; and--*
- (b) September 1 of each fiscal year the Agency will use available unsubsidized guaranteed OL loan funds to make approved direct FO loans to beginning farmers.

46 Maintaining Borrower Addresses and Service Center Office Codes

A Changing Borrower Address Records

An authorized agency official must maintain correct addresses for all direct and guaranteed loan borrowers within the authorized agency official's jurisdiction and caseload.

An authorized agency official should make borrower address changes for borrowers with the following:

- direct loans only, by updating BP
- both direct and guaranteed loans, by updating BP and by processing a PLAS TC 4C in GLS
- guaranteed loans only, by updating BP and processing a PLAS TC 4C in GLS.

Note: Name and address data entered in GLS for a customer should exactly match BP data for the same customer.

See 1-CM, paragraph 198 for documenting customer data changes.

--Use FSA-137 to request borrowers' address information from USPS.--

46 Maintaining Borrower Addresses and Service Center Office Codes (Continued)

B Maintaining the Accuracy of Name and Address Information

SCIMS information is matched nightly against PLAS information to detect variances. Any variances between SCIMS and PLAS systematically generate TC 4C to update PLAS.

County Offices shall view the following reports, available through the FSA Data Marts, using the Farm Loan Programs Data Mart, at least monthly to ensure that name and address information in BP and SCIMS are accurate. Select the “Farm Loan Programs Data Mart > PLAS Reports” link to display the following options:--*

- SCIMS-PLAS Exception
- SCIMS-PLAS Update
- SCIMS-PLAS Discrepancy.

Any necessary corrections to BP or PLAS based on the reports in this subparagraph **must** be made immediately.

Notes: County Offices shall contact State Offices regarding questions about how to process corrections.

BP is a multi-agency database shared by FSA, NRCS, and RD. Consult CED and other agency representatives, as applicable, before making changes/corrections in BP.

*--C SCIMS to PLAS Exception Report

Exceptions found between current PLAS borrower information and current SCIMS borrower information prevent updating name and address information in PLAS from SCIMS. The SCIMS to PLAS Exception Report provides the current PLAS borrower case number, name, and address information, the current SCIMS name and address information, and a descriptive exception type message that allows the County Office to make corrections.

If the correction is made in BP, the SCIMS-PLAS update process will correct PLAS, allowing for 2 workdays. If the correction is made in PLAS, users need to process the appropriate ADPS transaction or make the appropriate contact for assistance.

The SCIMS to PLAS Exception Report is a cumulative report; therefore, only the most recent report is viewable each day. The following is an example format of the data that may be displayed.

*--C SCIMS to PLAS Exception Report (Continued)

Exception Type	Description	Corrective Action
NO SCIMS CURR-MAILING- INDICATOR	The borrower is in SCIMS, but the current mailing indicator has not been set.	Set the BP current mailing indicator.
NO SCIMS MATCH FOR PLAS BUSINESS	The borrower is present in both SCIMS and PLAS, but the type of applicant code in PLAS does not correspond to the customer type/tax ID type combination in SCIMS.	Change BP to reflect the correct type. Note: The code in PLAS is frequently incorrect and the update may need to be made in PLAS.
NO SCIMS MATCH FOR PLAS PERSON		
SCIMS TAXID INACTIVE	Tax ID code in SCIMS is set to "Inactive".	Contact the State Office.
NO SCIMS INFORMATION FOR TAXID	Borrower is not present in SCIMS.	Research and determine whether BP input is required. Input should be justified by more than clearing the exception.
SCIMS ADDRESS EXCEEDS 38 CHARACTERS	The borrower's delivery address in SCIMS exceeds the characters accommodated in PLAS address fields (2 address fields of 19 characters each). In this case, delivery address information is truncated during the nightly update process.	Modify address information in BP to condense it, using standard USPS abbreviations.

Notes: Users must exercise caution when entering/modifying information for "Delivery Address" in BP, as there is no exception type provided for invalid name/address.

Misspelling a name or an invalid address in BP will result in an update from SCIMS to PLAS that is inaccurate and may not be detected until mail is returned as undeliverable.--*

46 Maintaining Borrower Addresses and Service Center Office Codes (Continued)

*--C SCIMS to PLAS Exception Report (Continued)

A triple space between characters is used systematically to terminate the collection of SCIMS address information during the nightly PLAS update process. Erroneous spacing in SCIMS:

- will decrease the information input to PLAS
- will likely update PLAS with an incomplete address
- may sometimes create an exception for “SCIMS address exceeds 38 characters”.

D SCIMS-PLAS Update Report

The SCIMS-PLAS update process does not update PLAS for a borrower that has only guaranteed loans.

The SCIMS-PLAS Update Report displays the current PLAS case number, TC, “PLAS” field, information in PLAS before the update, and information now in SCIMS that has most recently updated PLAS. This is a daily report and users have the option to view reports from the past 30 calendar days. The following is an example of the SCIMS-PLAS Update Report’s format.

46 Maintaining Borrower Addresses and Service Center Office Codes (Continued)

*--F FLP Geo State and County Codes and FLP Service Center Mail Codes

Counties and Service Centers are assigned identifiers to properly indicate location. These identifiers are as follows.

- FLP Geo State and County Code – This is a 5-digit code that corresponds to a specific county in a State. These codes do not change unless the State adds a new county. The first 2 digits represent the State code, the third digit is “0”, and the fourth and fifth digits represent the county code.

Example: 18-066

- FLP Service Center Mail Code – This is a 5-digit code that identifies the office that administers a borrower’s account. These will match the FLP Geo State and County code for that location, except that the third digit is always “3”, indicating that it is a mail code indicator. Service Center codes must not be created to align with the Service Center of the assigned loan staff. Instead, Service Center codes are only created to match the location of the Service Center. This code is used as the sorting method when reports are generated by RDBCSO, and for DLS dashboard view for the Service Center, or used as filter criteria in the FLP OBIEE Reports.

Example: 18-366

- FLP District Office Code – FLP District Offices are identified by a 5-digit code. The first 2 digits represent the State code, the third digit is always “5”, indicating that it is a District Office code, and the fourth and fifth digits are assigned sequentially. The FLP District Office code does not relate to county codes associated with the FLP Geo State and County code.

Example: 19-503

Each borrower account is assigned identifiers that are used in delineating system access and data update authorizations, reporting filter criteria, and FLP mailing processes. The FLP Geo State and County code assigned will be the county where the applicant’s or borrower’s farm operation headquarters is located. In situations where an operation is located in multiple State or county jurisdictions, the operation headquarters will typically be the location where the majority of operational and production activities occur. The FLP Service Center mail code assigned will be the FLP Service Center that typically services the assigned FLP Geo State and County code.

When an applicant’s or borrower’s account must be transferred to a different Service Center because of a conflict of interest according to 3-PM, Part 5, the applicant’s or borrower’s FLP Service Center mail code is changed to the new Service Center location, and the FLP Geo State and County code remains the same. This change is accomplished by processing a “Manage Mail Code” action in DLS Customer Management.--*

46 Maintaining Borrower Addresses and Service Center Office Codes (Continued)***--F FLP Geo State and County Codes and FLP Service Center Mail Codes (Continued)**

When a Service Center is being closed or a new service is added, FSA-2125 is completed and sent to RDBCSO, Program Reporting Branch. RDBCSO will complete a block 9G transaction to move all borrowers in the applicable counties to the new Service Center. The DLS User Guide has detailed guidance on this process.--*

G Related Instructions

See 4-FLP, Part 12 for transferring servicing responsibilities when an existing borrower moves to an area serviced by a different County Office.

47 Ensuring Borrower Compliance With Restrictions on Lobbying**A Overview**

[7 CFR 761.5] A person who applies for or receives a loan made or guaranteed by the Agency must comply with the restrictions on lobbying in 2 CFR Part 418.

USDA regulations about restrictions on lobbying are published in 2 CFR Part 418. This paragraph provides guidance for implementing 2 CFR Part 418 for FLP loan applicants and borrowers.

Note: CFR citations refer to Departmental regulations.

B Applicant and Lender Certification

Any applicant for a direct or guaranteed loan exceeding \$150,000 must certify compliance with lobbying activities requirements. The certification is obtained from all loan applicants on FSA-2001, FSA-2211, FSA-2301, and FSA-2683.

Lenders applying for a loan guarantee exceeding \$150,000 must certify compliance with lobbying activities requirements. The certification is obtained from all lenders on FSA-2201.

Additional information on certification requirements is available in 2 CFR 418.110, which is included in subparagraph D.

47 Ensuring Borrower Compliance With Restrictions on Lobbying (Continued)

C Disclosure of Lobbying Activities

Any person or entity that is required to certify compliance with lobbying activities requirements may have to complete SF-LLL. In particular, any person or entity must complete SF-LLL if they have made or have agreed to make any payment using funds other than appropriated funds to influence a decision in connection with the loan or loan guarantee. This requirement also applies to any person who requests or receives a contract or subcontract of at least \$100,000 under a loan or loan guarantee exceeding \$150,000.

SF-LLL must be submitted at the time of loan or guarantee application and in each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person *--under paragraphs (a) or (b) of 2 CFR 418.110 (subparagraph D). An event that materially--* affects the accuracy of the information reported includes 1 or more of the following.

- A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action.
- A change in the persons or individuals influencing or attempting to influence a covered Federal action.
- A change in the officers, employees, or members contacted to influence or attempt to influence a covered Federal action.

A new SF-LLL must be submitted if and when a borrower changes contractors or subcontractors.

All involved contractors, subcontractors, and grantees must collect disclosures from lower tiers and submit them to higher tiers. The borrower or lender must submit all the disclosures to FSA.

The authorized agency official must file all original disclosures and immediately send copies to the following:

D USDA Certification and Disclosure Requirements

*--

2 CFR 418.110 Certification and Disclosure*

- (a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:
 - (1) Award of a Federal contract, grant, or cooperative agreement exceeding \$100,000;
 - or
 - (2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000.
- (b) (1) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:
 - (i) A federal contract, grant, or cooperative agreement exceeding \$100,000; or
 - (ii) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000,
 (2) Unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.
- (c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:
 - (1) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
 - (2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
 - (3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.
- (d) Any person shall file a certification, and a disclosure form, if required, to the next tier above who requests or receives from a person referred to in paragraphs (a) or (b) of this section:
 - (1) A subcontract exceeding \$100,000 at any tier under a Federal contract;
 - (2) A subgrant, contract, or subcontract exceeding \$100,000 at any tier under a Federal grant;
 - (3) A contract or subcontract exceeding \$100,000 at any tier under a Federal loan exceeding \$150,000; or
 - (4) A contract or subcontract exceeding \$100,000 at any tier under a Federal cooperative agreement,

47 Ensuring Borrower Compliance With Restrictions on Lobbying (Continued)

D USDA Certification and Disclosure Requirements (Continued)

*--

- (e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) and (b) of this section. That person shall forward all disclosure forms to the agency.
- (f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.
- (g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.
- (h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either Subpart B or C [of 2 CFR Part 418].

48 Credit Reports

A Overview

FSA uses credit reports to assist in determining:

- eligibility of applicants and borrowers requesting FSA loans and loan servicing options
- feasibility of the applicant's farming operation
- debt settlement eligibility and feasibility.

--See 3-FLP for direct loan making and 4-FLP and 5-FLP for direct loan servicing to specify-- when credit reports are required.

B Confidentiality

The information in a credit report is confidential and is used only as an aid in conducting FSA business. FSA must make credit reports available to the subject of the report in response to a request made under the Privacy Act of 1974. See 3-INFO.

C Mortgage Credit Reports

The following are the 2 types of mortgage credit reports:

- an individual report provides information on 1 person only
- a joint report provides information on a married couple.

FSA will order a mortgage credit report to obtain all credit and public record information available for at least the previous 2 years.

D Commercial Credit Report

A commercial credit report provides information on an entity. A commercial credit report is available only for a separate legal entity. Thus, FSA will order a mortgage credit report rather than a commercial credit report when the applicant is an informal partnership. FSA also may order an individual mortgage credit report on the majority owners (principal members) of an entity.

A commercial credit report normally consists of BIR. BIR is a component of a commercial credit report that includes the following:

- summary section that highlights important data elements
- historical background on the business entity's principals and the entity itself
- review of the entity's financial condition and trend of sales and earnings
- payment record reported by suppliers
- brief description of related entities
- public filings
- special events
- description of the entity's operation.

48 Credit Reports (Continued)**E Ordering Mortgage Credit Report**

Authorized agency officials who have access to FBP will access Equifax, Experian, and Trans Union data through the FBP “General” menu screen.

See the Farm Business Plan User Guide at <https://inside.fsa.usda.gov/program-areas/daflp/software-manuals/index> for ordering credit reports through FBP.

F When Mortgage and Commercial Credit Reports Are Not Acceptable

If a County Office has problems with a credit report or credit reporting agency (e.g. data on the report is incomplete or the contractor is not complying with contract terms), then the County Office will contact the State Office for assistance.

Note: Agency officials will not intervene on behalf of the applicant/borrower in matters about disputed information, balances, or credit scores or ratings. These disputes will *--be handled according to subparagraph G.--*

If the issue is significant and the State Office needs assistance in resolving, the State Office will contact DAFLP according to subparagraph 4 D.

G When the Applicant Disputes Information on the Credit Report

If the applicant/borrower disagrees with or disputes information reflected on the credit report, refer the applicant/borrower to the company or companies issuing the credit report at the following phone numbers:

- Trans Union at 312-258-1717 to obtain a copy of their credit report or 800-916-8800 for customer service
- Experian at 888-397-3742 to obtain a copy of their credit report or 800-831-5614, extension 3 for customer service
- Equifax at 800-685-1111 to obtain a copy of their credit report or 800-685-5000, extension 2 for customer service.

Note: Agency officials will not intervene on behalf of the applicant/borrower in matters concerning disputed information, balances, credit scores, or ratings.

48 Credit Reports (Continued)

H Credit Report Fees - Cost to the Applicant

Applicants will be charged for reports according to the following.

Applicant	Cost
Individual	\$16.00
Joint	\$24.50
Entity	\$50.00

Notes: Married persons, who are members of an entity, **will** be charged a joint credit report fee. Individual credit reports will then be obtained for each.

No fee will be collected for servicing only applications according to 4-FLP, subparagraph 116 A or 5-FLP, subparagraph 81 C.

The credit report fee change is effective on October 17, 2016.

Applicants submitting applications through OLA have the option to pay their credit report fee online. OLA will determine the amount owed by the applicant based on applicant type and number of co-applicants.

I Recording Fees

The appropriate fee for credit reports collected will be recorded on FSA-2001, FSA-2301, FSA-2314, and FSA-2683.

J Processing Credit Report Fees

--NRRS users will use FMD External SOP [ES2200-10-001](#), Establishing and Reporting Receipts and Receivables for instructions on processing credit reports fees.--

K Payment of Invoices for Credit Reports

The National Office will:

- receive monthly invoices showing State usage
- submit payment to the vendor for credit reports generated through FBP.

49 DLS**A DLS Uses**

DLS is the required system for loan making and servicing information and activities.

DLS:

- tracks each loan request in an application package from receipt to final disposition
- obligates loans through its interaction with PLAS
- submits check/EFT requests through PLAS
- submits loan closings to PLAS
- provides an interactive tasks checklist
- monitors the disbursement of loan funds
- provides reports of loan making activities and processing timeframes
- tracks routine loan servicing activities, and timeframes
- has automated follow-up reminders to assist County Office employees in meeting deadlines for routine loan servicing activities
- provides loan account information, such as principal and interest amounts, and account flags
- provides the ability to manage case numbers and mail codes for customer accounts
- warehouses information for reporting purposes
- has automated reporting capabilities.

The National Office uses DLS data in reports to Congress, CR, and FSA senior management. In addition, the data is used to determine whether FSA loan servicing goals are being/have been met.

B User Assistance

The DLS Loan Making and Loan Servicing User's Guide can be referenced for any specific questions. The guide may be obtained by accessing https://inside.fsa.usda.gov/Assets/USDA-FSA-Intranet/intranetfiles/program-areas/daflp/flp-manuals/DLS_User_Guide.pdf.

49 DLS (Continued)

C Maintaining and Updating DLS

FPAC Information Solutions Division, Service Delivery and Operations Branch, Farm Loan Section is responsible for computer implementation and upgrades. The National Office is--* responsible for user requirements, updates to accommodate regulatory and statutory changes, and other revisions as needed. State and County Office employees are responsible for data entry of customer and loan information as it is received.

If DLS has incorrect information or is limiting action to be completed, State and County Office employees must submit a remedy ticket requesting corrections. This applies to the DLS functions only and not to accounting type changes. Accounting changes will be made following the guidance in subparagraph 52 I.

D Security

To obtain an ID and password, users must submit requests according to appropriate IRM directives.

50 GLS**A Purpose and Overview**

GLS was designed to account for all loan making and servicing activity for guaranteed loans. GLS is used to:

- track the processing of guaranteed loan applications, including obligation and loan closing
- process all loan servicing transactions, including interest assistance claims, transfers and assumptions, repurchases, reamortizations, and loss claims
- record guaranteed loan status and default status reports
- maintain lender information, including lender status
- obtain reports for monitoring the guaranteed loan portfolio.

The data entered into GLS is used to monitor individual loan accounts, as well as to provide reports to Congress, CR, Executive Branch, FSA senior management, and parties making FOIA requests. It is FSA's accounting tool for the Guaranteed Loan Program.

B GLS User Assistance

*--For specific guidance, the GLS User Guide can be found by doing either of the following:

- logging in the GLS web site using required eAuthentication permissions and selecting "Help"
- selecting the GLS User Guide from the Farm Loan Programs Home Page.--*

51 FOCUS**A Purpose and Overview**

FOCUS is an ad-hoc reporting system used by the National and State Offices for monitoring purposes. Users may choose to use “canned” reports or may prepare specific reports, as needed, using:

- direct loan data entered through ADPS
- application data entered in DLS.

B User Assistance

Refer to the USDA FOCUS Ad Hoc Reporting System Manual – Field Office User’s Manual for guidance. The User’s Manual may be obtained by ordering Item 257 from the Kansas City Warehouse.

C Training

State Office employees shall submit requests for training, through SED, to either of the following:

- USDA FSA DAFLP
STOP 0520
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0520
- FAX: 202-690-3573

D Security

To obtain an ID and password, users must submit requests according to appropriate IRM directives.

52 ADPS**A Purpose**

ADPS is a terminal application system that allows users to process FLP accounting transactions and view borrower or acquired property information. ADPS connects users *--located at State and County Offices to FLB, GCB, and PLAS. Authorized users shall--* enter and use information in ADPS for both loan making and servicing purposes.

B Overview

ADPS is used to:

- manuscript select transactions and analyze and correct those transactions if rejected from PLAS (discrepancies)
- view a borrower's loan status information, which lists the following:
 - unpaid balances of existing direct loans along with basic information about each loan
 - cross-reference data from throughout the nation
 - detailed history of transactions
- route selected ADPS-manuscripted or discrepancy transactions that are only processed by *--FLB using special routing codes--*
- view received, processed, and corrected payment activity
- view acquired property information and detailed history of transactions processed for an acquired property.

52 ADPS (Continued)**C ADPS Assistance**

ADPS Online Help is:

- a computer-based system that provides ADPS processing information in the form of online reference material (Reference) and pop-up windows
- accessed from the terminal screen.

The online material reference provides general information about ADPS transactions, definitions, and code values for all short descriptions and mnemonics on transaction detail screens and status screens, discrepancy code definitions, and corrective actions. Pop-up windows provide information for pre-manuscripting validations and manuscript transactions.

For information on ADPS, contact the State Office Automation Coordinator or, if authorized, the Help Desk at 1-800-457-3642. The Help Desk will provide information, guidance, and technical assistance in resolving problems about ADPS operations.

D Requesting Changes to the User Documentation

To initiate a change to the user documentation, submit FmHA 2006-21 to the following.

USDA Rural Development
User Documentation Staff
*--211 North Broadway, Floor 11
St. Louis, MO 63102--*

52 ADPS (Continued)**E Maintaining Program Records**

--When submitting transaction information through ECM to FLB and GCB, the authorized-- agency official must retain the original documents, screen printouts, and transmittal letters. These will be filed in the case folder after verifying that the transaction has been processed.

ADPS screen printouts must be retained in position 2 of the case folder according to 32-AS retention requirements for the folder and its entire contents.

When applicable, users must access ADPS to determine that the selected transactions have been processed or rejected. Users must file processed transaction screens, correct discrepancies, and annotate the related source/input document with the corrected information. Users must generate screen printouts of all corrections and file them with the original input document.

F Using “OK to Apply Codes”

“OK to Apply Codes” are used to process a transaction or correct a discrepancy as required by the online assistance for processing transactions. The user shall file a copy of the screen printout to verify the use of an “OK to Apply Code”. Screen printouts will be retained in the case folder according to 32-AS retention requirements for the folder and its entire contents.

G Processing Schedule

Users must process transactions within 10 calendar days of the effective date. If a discrepancy occurs, the transaction must be corrected within 5 calendar days of the initial rejection date. An additional 15 calendar days are allowed for correcting discrepancies with a suspend code on the borrower account.

52 ADPS (Continued)**H State Office Action**

--SED will ensure timely automation processing and that a County Office is at an acceptable-- level by:

- training at least 2 employees to process transactions
- processing ADPS transactions as of the effective date or the next workday thereafter
- using “Action Pending Codes” from Online Help when necessary to delay initial processing or make discrepancy corrections.

I Requesting Corrections to ADPS Records

RDBCSO maintains the accounting system in ADPS for all farm loans. When corrections are needed to loan information, the request is submitted to RDBCSO. Servicing offices will prepare FSA-2446 and submit to the State Office account coordinator. The State Office account coordinator will verify the request and send the completed form, by FAX to ECM, to RDBCSO for account adjustments or corrections.

53 DNP

A Overview

The DNP database is used to make informed decisions in the identification, mitigation, and elimination of improper payments. DNP provides innovative customer and data-driven solutions that reduce the improper payment footprint across federally funded and State-administered programs.

The DNP portal allows access to search the following databases to verify eligibility of payments, awards, and loan assistance. Before issuing any payment, award, or loan assistance, FSA will review, as appropriate, the following databases:--*

- Death Master File – death records maintained by SSA
- NAPHSIS Electronic Verification of Vital Events – Fact of Death
- American InfoSource Death Data – Obituary
- American InfoSource Death Data – Probate
- Credit Alert System or CAIVRS of the Department of Housing and Urban Development
- Department of Defense Death Data
- Department of State Death Data
- Office of Foreign Assets Control
- SAM Exclusion Records – Restricted
- SAM Entity Registration Records
- TOP - Debt Check.

See:

- Exhibit 15.5 for DNP overview, points of contact, and account access
- *--Exhibit 15.6 for directions about searching the DNP database.--*

54 Farm Loan Programs Data Mart

A Purpose and Overview

The Farm Loan Programs Data Mart is an on-demand reporting system used by all offices for monitoring purposes. A user with access to the Farm Loan Programs Data Mart can pull direct and guaranteed data as entered through DLS and GLS. Reports can be downloaded to Excel or PDF format.

B User Assistance

The Farm Loan Programs Data Mart may be accessed on the FSA Enterprise Data Warehouse Production Home Page at <https://fsadw.nitckc.usda.gov/analytics/>.

The FSA Enterprise Data Warehouse User Manual for the Farm Loan Programs Data Mart may be accessed on the FSA-Business Intelligence Home Page by clicking User Manual.

C Security

Authorized users may access the Farm Loan Programs Data Mart reporting system using their eAuthentication ID. New users can be requested by completing and submitting FSA-13-A according to appropriate IRM directives.

D Available Reports

See Exhibit 18 for a list of available reports.

--54.5 RDBCSO Reports*A Overview**

RDBCSO has discontinued mailing the FSA monthly, bi-monthly, quarterly, and annual reports. The reports are now encrypted, saved as PDF, and emailed to the **RD-SO-FSARports@usda.gov** distribution list.

B User Assistance

For access to the reports, have the State SLR submit a CEC Digital Workplace ticket at <https://usdacts-myit.fed.onbmc.com/dwp/app/#/catalog> to request to be added to the **RD-SO-FSARports@usda.gov** distribution list. If there are any questions, contact PRB at **RD.SO.BOSD.PRB@usda.gov** or 314-457-4310.

55 Type of Assistance and Fund Codes**A Fund Codes**

Fund codes are used to identify a type of loan. For example, Fund Code 44 indicates OL.

Obsolete fund codes are not used for new loans; however, obsolete fund codes will be reassigned if the loan is assumed.

See Exhibit 16 for a list of fund codes.

B Type of Assistance Codes

Type of assistance codes identify the specific type of loan for DLS obligation purposes. For example, a Type of Assistance Code 152 is a 1-year Youth loan for an SDA applicant.

See Exhibit 16 for a list of types of assistance codes.

56 NATS**A Purpose and Overview**

NATS is used to:

- order, process, and track real estate appraisal orders for direct loans, inventory property, and FSFL
- order, process, and track chattel appraisal orders for direct loans
- process and track third party real estate and chattel reviews

56 NATS (Continued)

A Purpose and Overview (Continued)

- process and track guaranteed (when applicable) real estate, chattel, and evaluation reviews
- complete administrative reviews, technical reviews, and chattel reviews for product acceptance.

NATS is part of the FLPIDS suite of software applications. Key initiatives that NATS supports are:

- digital records management program - all Federal records must be created, retained, and managed in electronic formats
- USDA digital signature authentication
- data collection enabling the leveraging of information
- data reports available in the OBIEE/Datamart to manage and review work orders, vendors, PLCE transactions (for appraisals), vendor coverage, vendor rotation, etc.
- consistent processing of requests for appraisal services to avoid replication
- paperless management of vendors, non-vendors and user profiles.

B User Assistance

NATS can be accessed directly from DLS or from the FLP Applications Menu at <https://intranet.fsa.usda.gov/fsa/applications.asp> by searching for “National Appraisal Tracking System (NATS)” or by following these steps.

Step	Action
1	On the FSA Intranet Home Page, “CLICK Applications”.
2	On the FSA Intranet, FSA Applications Page, CLICK “D-F”. CLICK “Farm Loan Programs Systems”.
3	On the FSA - Farm Loan Programs Systems Home Page, CLICK “Logon”.
4	On the FSA - Farm Loan Programs Systems Home Page, under Applications, CLICK “NATS”.
5	FSA – Farm Loan Programs – National Appraisal Tracking System page will be displayed.

56 NATS (Continued)

B User Assistance (Continued)

The NATS User Manual is available with all other user manuals on the FLPIDS manuals page. From within NATS, the manual may be accessed by clicking the “User Manual” icon in the lower right of any screen or by using the “Help” option on the top navigation menu.

NATS Information Bulletin summaries, tips, FAQ’s, and resource documents can be found on the POAD, Appraisals Branch, NATS SharePoint site at <https://usdagcc.sharepoint.com/sites/FSA-POAD-AB/SitePages/NATS.aspx>.

C Security

Authorized users may access NATS using their eAuthentication ID. New users must request access by completing and submitting FSA-13-A, providing EAS role and jurisdiction as determined by FLC, according to appropriate IRM directives and the NATS user guide. The NATS “FSA-13-A NATS Instructions” and FSA-13-A examples can be found at <https://usdagcc.sharepoint.com/sites/FSA-POAD-AB/SitePages/NATS.aspx> in the NATS “Resource Documents” section.

D Help Desk Information

The NATS help desk is available to aid with NATS questions or software issues. State administrators unable to provide assistance or resolve the issue should submit a request to the NATS help desk at SM.SA.NatsHelpDesk@usda.gov and include:

- user’s NATS role
- description of the problem
- if the issue involves a work order, provide the work order number, and include a full screenshot of the problem encountered.

Note: Include the program footer information in the screenshot.

E Training

AgLearn courses are available for new users or users that have been assigned new NATS roles. The FLC will assign a mentor with the same EAS role. The new user will take the applicable AgLearn courses.

A list of AgLearn courses for each EAS role can be found in Exhibit 19.

60 Interest Rates**A Interest Rates for Direct Loans**

[7 CFR 761.9] Interest rates for all direct loans are set in accordance with the Act. A copy of the current interest rates may be obtained in any Agency Office.

Note: See Exhibit 17 for current interest rates.

61 FLP Debt Reporting to Credit Bureaus**A Reporting for FSA Direct Loans**

All FSA direct FLP loans are reported to commercial credit bureaus (Dun and Bradstreet, Experian, and Equifax) by DMB on a quarterly basis. The process is performed every January, April, July, and October around the 25th of the month.

Borrowers' current loan status is reported. Borrowers are reported as delinquent if 90 calendar days past due. The following table provides the credit bureaus current activity status codes.

Code	Explanation
A	Current
B	Delinquent
C	In Default
E	Contested

B Reporting for FSA Guaranteed Loans

FSA guaranteed loan information reported on both FSA-2248 and FSA-2241 is transmitted monthly to commercial credit bureaus. See 2-FLP, Exhibit 15.4 for more details.

*--62 FLP Dishonored Remittances

A Search Options

[7 CFR 761.11] The Agency will charge a fee for payment transactions which are dishonored by their financial institution.

The fee amount will be \$25 for each dishonored payment. A receivable will be established in NRRS. The following are 2 options to search for a dishonored check fee receivable in NRRS:

- search by receivable/bill by selecting “Check Number” in the “Reference Type” drop-down list and entering the remittance ID number in the “Reference Number” field

- search by customer’s tax ID and tax ID type and the date range if there are more than 50 receivables created for that customer.

--*

***--62 FLP Dishonored Remittances (Continued)**

B County Office Action

After receipt of notifications of a dishonored payment, the County Office will complete the following actions as outlined in 64-FI, subparagraph 45 B.

Step	Action
1	<p>Notify the payer by telephone and confirm by letter that a replacement remittance is due immediately, and must be 1 of the following:</p> <ul style="list-style-type: none"> • debit card • certified or cashier's check • money order.
2	<p>Take the necessary steps to secure collateral or other property affected by the dishonored check. When notified a check is dishonored:</p> <ul style="list-style-type: none"> • immediately take steps to prevent removal of loan collateral or other property based on the dishonored check • for insufficient funds or no account, establish safeguards to prevent the removal of collateral or other property based on other uncertified checks from the same person or organization.

Part 4 Supervised Bank Accounts**101 Overview****A Supervised Bank Account**

A supervised bank account is an account with a financial institution established through a deposit agreement entered into between the borrower, FSA, and the financial institution.

B Establishing a Supervised Bank Account

[7 CFR 761.51 (a)] Supervised bank accounts will be used to:

- *--(1) Assure correct use of funds planned and released for capital purchases, construction projects, site development work, debt refinancing, or proceeds from the sale of basic security, and perfection of the Agency's security interest in assets purchased or--* refinanced when electronic funds transfer or treasury check processes are not practicable;**
- (2) Protect the Agency's security interest in insurance indemnities or other loss compensation resulting from loss or damage to loan security; or**
- (3) Assist borrowers with limited financial skills with cash management, subject to the following conditions:**
 - (i) Use of the supervised bank account for this purpose will be temporary and infrequent;**
 - (ii) The need for a supervised bank account in this situation will be determined on a case-by-case basis; and**
 - (iii) The borrower agrees to the use of a supervised bank account for this purpose by executing the deposit agreement.**

*** * ***

101 Overview (Continued)**B Establishing a Supervised Bank Account (Continued)**

*--FSA-2140 will be signed by all borrowers.

A supervised bank account will be used, only when necessary, to ensure that loan or security proceeds are used according to the farm operating plan, agreement to use proceeds, construction and development plan, or other agreement with FSA.

Note: Supervised bank accounts must **not** be used in place of EFT or Treasury checks, according to 7 CFR 764.402(e)(3) (3-FLP, subparagraph 431 A), if practicable.--*

C Justification for Using a Supervised Bank Account

County Offices must:

- ensure that a supervised bank account is established according to this Part
- document in FBP Credit Presentation the reason a supervised bank account was established.

Note: For servicing actions that do not require a Credit Presentation be completed, justification will be documented in FBP.

See 3-FLP, 4-FLP, and 5-FLP for specific loan making and servicing situations where a supervised bank account is needed.

DD's and State Offices must review case files of borrowers with supervised bank accounts during County Office reviews to:

- verify that documentation is in place
- document in FBP their concurrence that the supervised bank account is needed.

If the review determines that the supervised bank account is not needed, DD or State Office must:

- document the results of the review in FBP
- instruct the authorized agency official to close the supervised bank account.

102 Establishing a Supervised Bank Account**A Selecting a Financial Institution**

[7 CFR 761.51(b)] The borrower may select the financial institution in which the account will be established, provided the institution is Federally insured. If the borrower does not select an institution, the Agency will choose one.

[7 CFR 761.51(c)] Only one supervised bank account will be established for any borrower.

[7 CFR 761.51(d)] If both spouses sign an FLP note and security agreement, the supervised bank account will be established as a joint tenancy account with right of survivorship from which either borrower can withdraw funds.

B Opening a Supervised Bank Account

The authorized agency official must provide the financial institution with FSA-2140, which addresses:

- services to be provided
- frequency and method of transmission for account statements
- countersignature requirements
- waiving of service charges whenever possible.

The authorized agency official, the financial institution, and any borrower authorized to write checks must sign FSA-2140. File the original in the borrower's case file and provide 1 copy to the borrower and 1 copy to the financial institution.

The authorized agency official is not required to provide his or her SSN to the financial institution. Government agencies are exempt from the requirements of the Customer *--Identification Program. See 3-FI and 64-FI.--*

Note: Supervised bank accounts shall remain open no longer than 12 months, unless justified by the loan official, and concurrence by DD. DD must document the reason in the FBP running record.

C Type of Account

[7 CFR 761.53(a)] A supervised bank account, if possible, will be established as an interest bearing deposit account provided that funds will not be immediately disbursed, and the account is held jointly by the borrower and the Agency if this arrangement will benefit the borrower.

The authorized agency official, the borrower, and the financial institution must complete FSA-2141 when an interest bearing account is used.

102 Establishing a Supervised Bank Account (Continued)**D Account Balance Exceeding the Maximum Amount Insured by the Government**

[7 CFR 761.51(e)] If the funds to be deposited into the account cause the balance to
--exceed the maximum amount insurable by the Federal Government, the financial--
institution must agree to pledge acceptable collateral with the Federal Reserve Bank for
the excess over the insured amount, before the deposit is made.

* * *

Agency officials should use EFT or multiple advances when possible to minimize instances where the balance in supervised bank accounts will exceed the maximum insurable amount.

If an account balance will exceed \$250,000, County Offices must complete FSA-2144 and forward it to the State Office. The State Office shall submit FSA-2144 to:

- FMD FINANCIAL SYSTEMS AND PROCEDURES BRANCH
STOP 0581
1400 INDEPENDENCE AVE SW
WASHINGTON DC 20250-0581
- FAX: 703-305-1144.

FMD will coordinate the collateralization with the financial institution.

[7 CFR 761.51(e)] (1) If the financial institution is not a member of the Federal Reserve System, the institution must pledge acceptable collateral with a correspondent bank that is a member of the Federal Reserve System. The correspondent bank must inform the Federal Reserve Bank that it is holding securities pledged for the supervised bank account in accordance with 31 CFR Part 202 (Treasury Circular 176).

(2) When the balance in the account has been reduced, the financial institution may request a release of part or all of the collateral, as applicable, from the Agency.

Requests for release of collateral will be forwarded to FMD, Financial Systems and Procedures Branch.

103 Supervised Bank Account Transactions and Monitoring**A Deposits**

[7 CFR 761.52(a)] Checks or money orders may be deposited into a supervised bank account provided they are not payable:

(1) Solely to the Federal Government or any agency thereof; or

(2) To the Treasury of the United States as joint payee.

The authorized agency official must prepare the deposit slip and deliver the deposit to the financial institution. Copies are distributed to the borrower and the borrower's case file.

FSA must maintain a record of all deposits, including funds from other sources, on FSA-2142.

B EFT Transactions

[7 CFR 761.52(b)] Loan proceeds may be deposited electronically.

The authorized agency official should use EFT to deposit loan funds to a supervised bank account.

The authorized agency official will make the initial deposit to the supervised bank account with a paper check only when required by the financial institution or if an EFT waiver is on file. FSA may then make subsequent advances by initiating EFT transactions.

103 Supervised Bank Account Transactions and Monitoring (Continued)**C Withdrawals from a supervised bank account**

[7 CFR 761.54(a)] The Agency will authorize a withdrawal from the supervised bank account for an approved purpose after ensuring that:

- (1) Sufficient funds in the supervised bank account are available;**
- (2) No loan proceeds are disbursed prior to confirmation of proper lien position, except to pay for any lien search if needed;**
- (3) No checks are issued to “cash”; and**
- (4) The use of funds is consistent with the current farm operating plan or other agreement with the Agency.**

[7 CFR 761.54(b)] A check must be signed by the borrower with countersignature of the Agency, except as provided in Paragraph (c) of this section (subparagraph 103 D). All checks must bear the legend “countersigned, not as co-maker or endorser.”

D Withdrawal Without Borrower Signature

[7 CFR 761.54(c)] The Agency will withdraw funds from a supervised bank account without borrower counter signature only for the following purposes:

- (1) For application on Agency indebtedness;**
- (2) To refund Agency loan funds;**
- (3) To protect the Agency’s lien or security;**
- (4) To accomplish a purpose for which such advance was made; or**
- (5) In the case of a deceased borrower, to continue to pay necessary farm expenses to protect Agency security in conjunction with the borrower’s estate.**

The authorized agency official must submit recommendations for withdrawal to SED, in writing. SED may withdraw funds from a supervised bank account using FSA-2145.

103 Supervised Bank Account Transactions and Monitoring (Continued)**E Documentation**

The authorized agency official may retain copies of invoices, receipts, or other documentation, as necessary, to support withdrawals from the supervised bank account.

F Interest

[7 CFR 761.53(b)] Interest earned on a supervised bank account will be treated as normal income security.

See 4-FLP for further information on normal income security.

G Reconciliation

The authorized agency official must reconcile the supervised bank account statement with FSA-2142. Items to be reconciled are the payee, amount of each check, and the balance in the account. Deposits and withdrawals verified during the reconciliation will be initialed and dated. Any discrepancies must be resolved and documented in the FBP running record.

The authorized agency official must return the statement and canceled checks to the borrower after the reconciliation has been completed. The results of the reconciliation must be documented in the FBP running record.

Note: Signing checks and reconciliation must be completed by separate agency officials.

***--H Annual Review**

The State Office will review all SBA's at least annually, no later than September 30 of each FY, documenting the number of SBA accounts that are open, total present balance in all accounts, and justification for all accounts open longer than 12 months. The review will be stored in the State Office FLPF-4-a routine servicing reports file. If there are no open SBA's, this will be noted on the annual review.--*

* * *

104 Closing Accounts**A Account No Longer Needed**

[7 CFR 761.55(a)] If the supervised bank account is no longer needed and the loan account is not paid in full, the Agency will determine the source of the remaining funds in the supervised bank account. If the funds are determined to be:

(1) Loan funds:

- (i) From any loan type, except Youth loan, and the balance is less than \$1000, the Agency will provide the balance to the borrower to use for authorized loan purposes;**
- (ii) From a Youth loan, and the balance is less than \$100, the Agency will provide the balance to the borrower to use for authorized loan purposes;**

(2) Loan funds:

- (i) From any loan type, except Youth loan, and the balance is \$1000 or greater, the Agency will apply the balance to the FLP loan;**
 - (ii) From a Youth loan, and the balance is \$100 or greater, the Agency will apply the balance to the FLP loan;**
- (3) Normal income funds, the Agency will apply the balance to the remaining current year's scheduled payments and pay any remaining balance to the borrower; and**
- (4) Basic security funds, the Agency will apply the balance to the FLP loan as an extra payment or the borrower may apply the balance toward the purchase of basic security, provided the Agency obtains a lien on such security and its security position is not diminished.**

B Uncooperative Borrowers

[7 CFR 761.55(b)] If the borrower is uncooperative in closing a supervised bank account, the Agency will make written demand to the financial institution for the balance and apply it in accordance with paragraph (a) (subparagraph 104A) of this section.

Written demand will be made by SED according to subparagraph 103 D.

104 Closing Accounts (Continued)**C Death of Borrower**

[7 CFR 761.55(c)] In the event of a borrower's death, the Agency may:

- (1) Apply the balance to the borrower's FLP loan;**
- (2) Continue with a remaining borrower, provided the supervised bank account was established as a joint tenancy with right of survivorship account;**
- (3) Refund unobligated balances from other creditors in the supervised bank account for specific operating purposes in accordance with any prior written agreement between the Agency and the deceased borrower; or**
- (4) Continue to pay expenses from the supervised bank account in conjunction with the borrower's estate.**

Deceased borrower's supervised bank accounts will be handled according to 4-FLP. SED may withdraw funds according to subparagraph 103 D after obtaining approval from OGC.

105-120 (Reserved)

Part 5 Planning and Performing Construction and Other Development

121 Overview

A Purpose

[7 CFR 761.10(a)] This section describes Agency policies regarding the planning and performing of construction and other development work performed with:

- (1) Direct FLP loan funds; or**
- (2) Insurance or other proceeds resulting from damage or loss to direct loan security.**

122 Borrower Requirements for Preparing a Construction and Development Plan**A Applicability**

An applicant for an FLP loan for construction or repair of farm dwellings, service buildings, *--or land development must submit a construction and development plan to FSA before loan approval.--*

A borrower using insurance or other proceeds resulting from the damage or loss of loan security for construction, repair, or land development must submit a construction and development plan to FSA before the release of any proceeds.

B Funds for Development Work

[7 CFR 761.10(b)] The applicant or borrower:

(1) Must provide the Agency with an estimate of the total cash cost of all planned development prior to loan approval.

Note: Estimates must be provided from the supplier or contractor who will provide services or perform the repair.

(2) Must show proof of sufficient funds to pay for the total cash cost of all planned development at or before loan closing.

(3) Must not incur any debts for materials or labor or make any expenditures for development purposes prior to loan closing with the expectation of being reimbursed from Agency funds.

Acceptable sources of funds to pay for the planned development include loan proceeds, any cash furnished by the borrower, proceeds from cost sharing programs, or proceeds from the sale of property.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**C Scheduling, Planning, and Completing Development Work**

[7 CFR 761.10(c)] The applicant or borrower:

- (1) Is responsible for scheduling and planning development work in a manner acceptable to the Agency and must furnish the Agency information fully describing the planned development, the proposed schedule and the manner in which it will be accomplished.**

Construction and development work may be performed either by the contract method or the borrower method.

Under the contract method, construction and development contractors perform work according to a written contract with the applicant or borrower. Under the borrower method, the applicant or borrower will perform the construction and development work.

The borrower method may only be used when the authorized agency official determines, based on information from the applicant, that both of the following conditions apply.

- The applicant possesses or arranges to obtain the necessary skill and managerial ability to complete the work satisfactorily
- Such work will not interfere with the applicant's farming operation or work schedule.

An applicant or borrower must submit FSA-2150 along with the following information:

- cost estimates that fully describe the materials to be used and the work to be performed according to subparagraph B
- certified drawings, specifications, or contract documents that completely describe the work, including all landscaping, repairs, and site development
- technical data, tests, or engineering evaluations, if requested by FSA.

--The applicant or borrower must identify and inform FSA of the authorities or professionals who will perform inspections before initiating conservation or development projects.--

D Qualified Technical Services

The applicant or borrower:

[7 CFR 761.10(c)(5)] Is responsible for obtaining any required technical services from qualified technicians, trades-people, and contractors.

The applicant should be advised to review copies of license, liability insurance, and bond coverage; however, copies are not required for the borrower's file.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)**E Construction and Repair Standards**

[7 CFR 761.10(d)] (1) The construction of a new building and the alteration or repair of an existing building must conform with industry-acceptable construction practices and standards.

- (2) All improvements to a property must conform to applicable laws, ordinances, codes, and regulations.**
- (3) The applicant or borrower is responsible for selecting a design standard that meets all applicable local and state laws, ordinances, codes, and regulations, including building, plumbing, mechanical, electrical, water, and waste management.**
- (4) The Agency will require drawings, specifications, and estimates to fully describe the work as necessary to protect the Agency's financial interests. The drawings and specifications must identify any specific development standards being used. Such information must be sufficiently complete to avoid any misunderstanding as to the extent, kind, and quality of work to be performed.**
- (5) The Agency will require technical data, tests, or engineering evaluations to support the design of the development as necessary to protect its financial interests.**
- (6) The Agency will require the applicant or borrower to provide written certification that final drawings and specifications conform with the applicable development standard as necessary to protect its financial interests. Certification must be obtained from individuals or organizations trained and experienced in the compliance, interpretation, or enforcement of the applicable development standards, such as licensed architects, professional engineers, persons certified by a relevant national model code organization, authorized local building officials, and national code organizations.**

***--Certification required may vary based on type of construction and amount needed and may include, but not be limited to:**

- permits issued by local building authorities, based on review of detailed plans and specifications**
- licensed general contractor**
- local building company.--***

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)

F Scheduling Construction

The applicant or borrower:

[7 CFR 761.10(c)(4)] Must schedule development work to start as soon as feasible after the loan is closed and be completed as quickly as practicable.

Development work should be completed no later than 12 months from the date of loan closing. The authorized agency official must document any extension beyond 12 months in
--FBP.--

G Approvals and Permits

The applicant or borrower:

[7 CFR 761.10(c)(2)] Is responsible for obtaining all necessary State and local construction approvals and permits prior to loan closing.

All necessary State and local construction approvals and permits should be obtained before loan closing. Failure to obtain such approvals and permits in a timely manner may delay the project and increase costs. In some cases, all approvals and permits may not be available until after construction.

122 Borrower Requirements for Preparing a Construction and Development Plan (Continued)

H Environmental Review

The applicant or borrower:

**[7 CFR 761.10(c)(3)] Must ensure that all development work meets the environmental
*--requirements established in 7 CFR 799.--***

See 1-EQ and the State Natural Resources Guide for additional guidance.

I Warranty and Lien Waivers

**[7 CFR 761.10(f)] The applicant or borrower must obtain and submit all lien waivers
on any construction before the Agency will issue final payment.**

The borrower must submit a completed FSA-2153 and FSA-2154 or other documentation acceptable to FSA before FSA will issue final payment. The authorized agency official must place the completed FSA-2153 or other acceptable documentation in the borrower's case file.

The borrower should obtain warranties as applicable.

123 Review of Proposed Construction and Development Plans**A Review Process and Criteria**

FSA will review the proposed method of doing the work and determine whether the work can be performed satisfactorily under the proposed method. To facilitate its review, FSA will visit the farm or site of the proposed construction or development.

In this review, the authorized agency official must:

- review the cost estimate for reasonableness
- analyze the adequacy of the planned construction or development in achieving applicant goals according to the farm assessment, as outlined in Part 8, Section 2
- determine that the applicant has adequate funds to complete the project according to subparagraph 122 B
- determine whether the contractor will be able to obtain surety according to paragraph 126
- determine whether the applicant will be able to obtain a warranty and a lien waiver according to subparagraph 122 I
- determine that the location is appropriate and adequate for the proposed development
- examine the project for compliance with environmental (e.g., lead paint, water, waste disposal), and cultural protection requirements, consistent with 1-EQ
- determine that the proposed schedule is realistic and results in completion as quickly as practicable and within no more than 12 months according to subparagraph 122 F
- if required, determine that the applicant has obtained a written certification from a State-licensed engineer or architect that final drawings and specifications meet appropriate development standards according to subparagraph 122 E.

123 Review of Proposed Construction and Development Plans (Continued)**B Security Considerations**

The authorized agency official should ensure that the Government's security interest in the development is adequately protected by completing inspections and monitoring progress, as appropriate. Examples of potential lending risks include the following:

- incomplete construction caused by undisclosed or undiscovered site characteristics, structural problems arising from inadequate or incompetent engineering or design, local opposition to the project, or environmental problems
- cost overruns resulting from delays, changes in building materials or labor markets, changes in cost or failure to estimate properly, unexpected increases in financing costs
- financial failure because of unfavorable market conditions or inability of the borrower to complete the project.

124 Inspections

A Applicant/Borrower Inspections

[7 CFR 761.10(e)(1)] The applicant or borrower is responsible for inspecting development work as necessary to protect their interest.

The borrower's inspection ascertains that the actual construction and development work conforms with all plans, applicable design standards, and local, State, and Federal laws and regulations. In addition, an inspection helps to ensure that contractors and subcontractors comply with the contract terms and that structures are in livable and operable condition before final payment.

The authorized agency official will evaluate the following in determining if FSA inspections are needed:

- total cost of construction
- complexity of project
- whether State or local Government inspections address the full scope of design or performance issues of concern to FSA
- cost of obtaining inspections and availability of professional inspection services.

***--[7 CFR 761.10(e)(2)] The applicant or borrower must provide the Agency written--* certification that the development conforms to the plans and good construction practices, and complies with applicable laws, ordinances, codes and regulations.**

Where required by applicable State or local laws, ordinances, codes, and regulations, the borrower must have inspections performed by responsible State or other Government authorities. The borrower must provide a copy of the written certification obtained from the State or local authorities as appropriate.

* * *

Complex projects may require several inspections. For example, inspections may be appropriate for major building components (e.g., wiring) that would not be visible when construction is complete. At a minimum, inspections of most new construction should include mechanical, plumbing, electrical, and all applicable requirements about water and sewage disposal. Inspections for repairs and some types of new construction (e.g., service buildings without utilities) are more limited in scope.

124 Inspections (Continued)**B Other Inspections**

[7 CFR 761.10(e)(3)] The Agency will require the applicant or borrower to obtain professional inspection services during construction as necessary to protect its financial interests.

(4) Agency inspections do not create or imply any duty or obligation of the Government to the applicant or borrower.

When performed, FSA inspections are for FSA's benefit, not to assure the borrower that the construction is according to plans and specifications. The purpose of an inspection is to determine that FSA has adequate security for its loan and loan funds or security proceeds are used as planned.

Inspections by FSA staff are not mandatory. However, to protect the interest of the Government, an authorized agency official should participate in final inspections, accompanied by the borrower if practicable. FSA inspections will be to certify that funds were used for authorized purposes and not to guarantee workmanship or construction soundness.

--Inspections will be documented in FBP.--

C Correction of Deficiencies

The borrower is responsible for following up on the correction of deficiencies noted in any inspection and must provide FSA with documentation of follow-up and correction of deficiencies.

If the borrower or the contractor refuses to correct the deficiencies, the authorized agency official will contact the State Office for guidance.

D Reviewing Incomplete Developments

If the borrower has not completed development work within a reasonable time after the date of loan closing or receipt of security proceeds and the authorized agency official has determined that the borrower cannot or will not complete the development, the authorized agency official must contact the State Office for guidance.

Note: Any funds remaining in the supervised bank account should be handled according to subparagraph 103 D.

125 Changing the Planned Development**A Permissible Changes**

[7 CFR 761.10(h)] An applicant or borrower must request, in writing, Agency approval for any change to a planned development. The Agency will approve a change if all of the following are met:

- (1) It will not reduce the value of the Agency's security;**
- (2) It will not adversely affect the soundness of the farming operation;**
- (3) It complies with all applicable laws and regulations;**
- (4) It is for an authorized purpose;**
- (5) It is within the scope of the original loan proposal;**
- (6) If required, documentation that sufficient funding for the full amount of the planned development is approved and available;**
- (7) If required, surety to cover the full revised development amount has been provided; and,**
- (8) The modification is certified in accordance with paragraph (d)(6) (subparagraph 122 E) of this section.**

B Change Orders Procedures

When a borrower completing construction or development under the borrower method requests FSA approval of changes, the authorized agency official and the borrower will revise, date, and initial FSA-2150. Revised plans and specifications will be obtained as appropriate when a borrower completing construction or development under the contract method requests FSA approval of changes.

The borrower will submit revised contract documents, plans, and specifications, as appropriate.

The borrower and the borrower's contractors and subcontractors may not proceed with a proposed change and may not reflect the change in payment requests until FSA approves the requested change.

126 Surety Bonds**A Surety**

[7 CFR 761.10(g)] The Agency will require surety to guarantee both payment and performance for construction contracts as necessary to protect its financial interests.

An applicant for a direct loan to finance a construction project must obtain from a construction contractor a surety bond that guarantees both payment and performance in the amount of the construction contract when 1 or more of the following conditions exist:

- contract exceeds \$100,000
- authorized agency official determines that a surety bond appears advisable to protect the borrower against default of the contractor
- contract provides for partial payments in excess of the amount of 60 percent of the value of the work in place.

When the surety is required, the applicant's contract with the contractor must indicate that the contractor will furnish a properly executed surety bond before starting any work.

FSA will incur no liability to a surety bond issued in connection with a construction contract. The contractors must name FSA as a co-beneficiary in all surety bonds unless prohibited by State law.

B Sources of Surety

A contractor must obtain the surety bonds from a corporate bonding company listed on the current Department of Treasury Circular 570.

Note: The Treasury Department publishes this circular in the Federal Register annually. A current copy may be obtained from <http://www.fms.treas.gov/c570/index.html>.

The contractor may use a corporate bonding company not listed on Department of Treasury Circular 570 with SED approval. In no case may the applicant or any person or organization with an interest in the applicant's operation provide the required surety bond.

126 Surety Bonds (Continued)

C Exceptions to Surety Requirements

If the contractor is unable to obtain a surety bond meeting the requirements in subparagraphs A and B, the applicant may submit a written request for an exception from SED. The request must specifically state why the contractor is unable to obtain an acceptable surety bond and why it is financially advantageous for the applicant to proceed with the proposed contractor without such a bond.

SED may grant an exception if the proposed contractor is reliable and experienced in the construction of projects of similar size, design, scope, and complexity and has financial assurance comparable to being bonded.

127-140 (Reserved)

Part 6 Appraisals**141 General Appraisal Requirements****A General**

[7 CFR 761.7(a)] This section describes the requirements for:

- (1) Real estate and chattel appraisals made in connection with the making and servicing of direct FLP loans and Nonprogram loans**
- (2) Appraisal reviews conducted on appraisals made in connection with the making and servicing of direct and guaranteed FLP and Non-program loans.**

B Purpose

Appraisals are an integral part of determining whether there is adequate security to support a loan or servicing action.

FSA uses appraisals to determine the current market value of real and personal property or other security pledged, or to be pledged to support direct loans and loan servicing actions. The value of real estate is based on the highest and best use of the property determined through the appraisal process.

FSA requires a lender to obtain an appraisal in certain guaranteed loan making and servicing cases.

***--C Staff Appraiser Responsibilities**

Staff appraisers shall:

- conduct:
 - real estate appraisals
 - technical appraisal reviews
- provide:
 - chattel appraisal training
 - administrative appraisal review training.

States shall contact POAD, Appraisals Branch for assistance with appraisals.--*

141 General Appraisal Requirements (Continued)**D USPAP Compliance**

[7 CFR 761.7(b)(1)] Real estate appraisals, technical appraisal reviews and their respective forms must comply with the standards contained in USPAP, as well as applicable Agency regulations and procedures for the specific FLP activity involved. Applicable procedures and regulations are available for review in each Agency State Office.

To comply with OMB Circular No. A-129, the employee making a real estate appraisal may not approve any action in which the real estate appraisal was used, including loan approval or any servicing action.

E Appraisal Costs

Responsibility for payment of appraisal costs is as follows:

- FSA, for cost of obtaining an appraisal associated with direct loan making and loan servicing activities

Note: See Part 7 for information on FSA appraisal costs and payments.

- the applicant or borrower for costs associated with appealing or negotiating FSA appraisals.

Notes: See:

- paragraph 144 for information on appraisal appeals
- ***--5-FLP, subparagraph 230 B for possible exceptions for paying for an appraisal.--***

141 General Appraisal Requirements (Continued)

F Obtaining Appraisals

A chattel appraisal may be conducted by either an FSA employee who has been delegated
*--chattel appraisal authority from SED or a vendor appraiser.

A real estate appraisal may be conducted by either an FSA staff appraiser or a vendor appraiser. For direct credit transactions, other than a direct FO loan that does not exceed \$50,000 according to 3-FLP, subparagraph 95 A or EM loan according to 3-FLP, subparagraph 248 A, a real estate appraisal is obtained according to the following table.

IF type of property is...	THEN appraisal can be completed by...
residential properties, including 1 to 4 single family units or vacant parcel, rural residential properties, small agricultural property, or bare land	<ul style="list-style-type: none"> • State-certified residential or State licensed appraiser, if within the scope of the appraiser's State appraisal license
Note: Rural residential properties are properties located in rural area with highest and best use as residential property.	<ul style="list-style-type: none"> • State-certified general vendor appraiser, or • staff appraiser.
property other than residential, small agricultural property, or bare land	<ul style="list-style-type: none"> • State-certified general vendor appraiser • staff appraiser.

--*

Notes: A credit transaction includes any action or existing debt secured by real estate and any proposed loans, subordinations, prior liens, or guarantees.

If there are concerns about whether the property under consideration may be appraised by a State-certified residential appraiser, contact POAD, Appraisals Branch.

*--NATS will be used to request, track, process, and document appraisals for chattel and real estate properties that are performed by a vendor appraiser or a POAD, Appraisals Branch staff appraiser.

NATS may be used to request, track, and document chattel appraisal assignments for field staff.

SED shall issue a State supplement providing guidance on the process to request:

- a chattel appraisal from a vendor or staff appraiser
- a real estate appraisal from a vendor or staff appraiser.

FSA offices shall release information requested by the appraiser to complete real estate appraisals. The information will be uploaded in NATS to the work order associated with the request and be included with the request quote and award provided to the vendor or staff appraiser.--*

141 General Appraisal Requirements (Continued)**G Using an Existing Appraisal**

[7 CFR 761.7(c)] Except where specified elsewhere, when a real estate appraisal is required, the Agency will use an existing real estate appraisal to reach loan making or servicing decisions under either of the following conditions:

- *--(1) The appraisal was completed within the previous 18 months and the Agency determines that:**
- (i) The appraisal meets provisions of this section and applicable Agency loan making and servicing requirements, and**
 - (ii) Market values have remained stable since the appraisal was completed; or**
- (2) The appraisal was not completed in the previous 18 months but has been updated--* by the appraiser or appraisal firm that completed the appraisal and both the update and original appraisal were completed in accordance with USPAP.**

Note: Current USPAP requirements provide that an update of an appraisal is a new appraisal assignment. The appraiser may provide a new report:

- without incorporating the prior report
- by incorporating the prior report by attachments
- by incorporating the prior report by reference only if the original appraiser's firm and original intended users agree.

An existing chattel appraisal may be used if it was completed within the previous 12 months and:

- FSA determines that the appraisal meets the loan making and/or servicing requirements
- market values have remained stable since the appraisal was completed.

141 General Appraisal Requirements (Continued)**H Using Third Party Appraisals**

FSA may use an appraisal that has been completed by a third party for any direct loan making or servicing action, provided the appraisal meets all of the following:

- *--appraisal was completed within the previous 18 months
- administrative review is completed and the appraisal is found acceptable.

Notes: If the administrative review concludes the appraisal is not acceptable for FSA use, the reviewer will consult with POAD, Appraisals Branch before rejecting the appraisal.

--A technical review can be completed upon request by FLC. If the findings are not-- acceptable, the report will not be used and an FSA appraisal will be completed or ordered.

FSA does not need to be listed as an intended user in a third-party appraisal report for any direct loan making or servicing action; however, FSA must verify that the appraisal was ordered by and prepared for a financial institution or land trust. Borrower-ordered appraisals are not acceptable for loan making or servicing actions except as provided in 5-FLP for special servicing actions.

*--The NATS system will be used to track, review, and document the use of third-party appraisals.

I Sharing Appraisals with BIA

Upon BIA's written request, FSA may provide a copy of the appraisal report obtained for any direct loan transaction, and approved for FSA use after any applicable review, even if FSA is named as the only client. OGC consent will be obtained for release if the appraisal was obtained as a result of litigation.

An appraisal received from BIA will be considered a third-party appraisal. See subparagraph H for third party appraisal requirements.

J Procurement of Appraisal Products

FSA uses micropurchase and contract authority, as described by FAR, to acquire appraisal products. Procurements for appraisal products may be used for real estate appraisals, chattel appraisals, or technical reviews.

The procurement of a vendor technical review can only be approved by POAD, Appraisals Branch.

FSA will use PLCE funds for procuring appraisal products and document funding approval using FSA-2128. See Part 7 for guidance on processing PLCE micropurchase at or below--* the micropurchase threshold, or for guidance on processing contracts for products above the micropurchase threshold.

141 General Appraisal Requirements (Continued)

*--J Procurement of Appraisal Products (Continued)

SED will ensure that the ordering and processing of appraisal product requests occurs using NATS and that the processing of acquisitions for products is completed in accordance with Part 7. A State supplement must be issued to establish the method and standards needed to obtain appraisal products.

The State supplement:

- will require the use of NATS:
 - for vendor appraisal or vendor technical review assignments
 - for administrative appraisal review of vendor appraisals
- may define SOW's.

When an appraisal is to be obtained, an SOW is necessary to clearly define FSA's requirements for the appraisal product. Exhibit 39 is the SOW for real estate appraisal products and Exhibit 44 is the SOW for chattel appraisal products.

To allow for consistency of standards and requirements for appraisal products between State boundaries and appraisal regions, the State will adopt the SOW's as provided. If modifications are necessary to address unique market areas or economic considerations that impact real estate properties in the State or region, the State supplement may provide a modified SOW.

If a specific property or properties with unique characteristics require modifications to the SOW, such as for specialty farming operations or when timber, minerals etc. are to be valued, the State may contact POAD, Appraisals Branch for assistance. The following guidelines may be used for properties with unique characteristics:

- Exhibit 51, Dairy Addendum to FSA Appraisal Guidelines
- Exhibit 52, Hog Addendum to FSA Appraisal Guidelines
- Exhibit 53, Poultry Addendum to FSA Appraisal Guidelines.

A word version of the SOW exhibits can be found under "Farm Loan and Rural Development Programs" on the Employee Forms site at <https://intranet.fsa.usda.gov/dam/ffasforms/employeeprogform.asp>.

Upon SED request, POAD, Appraisals Branch will provide:

- further guidance on work and reporting requirements for specialized properties
- technical assistance
- approval of additional SOW's and exhibits created for specialized properties.--*

141 General Appraisal Requirements (Continued)***--J Procurement of Appraisal Products (Continued)**

- identify APOC.

SED, in consultation with FLC, will select Service Center and/or State Office employees to be the APOC.

APOC is an ARMP/APOC who handles PLCE transactions related to appraisal products and provides oversight of the micropurchase process. APOC has the authority to commit the Agency for purchasing appraisal products when the cost of products is less than or equal to the micropurchase threshold.

Note: See Exhibit 24 for required ARMP/APOC training. SED may contact POAD, Appraisals Branch about any additional APOC training that may be needed.

- establish and maintain vendor information in NATS per guidance in the NATS user manual.

Note: FSA-2155 will be used to obtain vendor information. Vendor profile is to include information from the FSA-2155 and applicable documents such as the license, resume (optional), signed SOW, NDAA-889, SAM registration verification, and any other applicable documents.--*

141 General Appraisal Requirements (Continued)

***--J Procurement of Appraisal Products (Continued)**

Procurement of appraisal products will be through approved appraisal vendors. POAD, Appraisals Branch may assist the state in the evaluation of a potential vendor.--*

A vendor must:

- be registered in SAM and properly maintain information required by SAM
- provide and maintain vendor information as requested by FSA
- sign the SOW
- provide acceptable appraisal product that meets SOW requirements and consistently meet agreed upon timeframes

***--Note:** The security of a PDF appraisal services product file is the responsibility of the vendor.--*

- attend required meetings with FSA.

***--Note:** Vendor appraisers must remain independent from other FSA processes that are not appraisal-related. FSA processes that are not appraisal-related include completion of environmental screening questionnaires or forms.

An AMC may be a vendor to provide appraisal reports for residential property types with written approval from POAD, Appraisals Branch. An AMC may be considered as a vendor for residential type properties if there are insufficient fee appraisers in the market area and the State has completed due diligence to recruit fee appraisers. The SED may request the use of an AMC by submitting a memorandum to the region's SRA documenting the following:

- discussion of fee appraiser recruitment effort
- number of fee appraiser vendors available
- POAD, Appraisals Branch efforts to assist in the recruitment of vendors.

If approved, POAD, Appraisals Branch will provide written authorization. The authorization will be provided to the AMC before awarding the appraisal assignment. The AMC will meet the same requirements as a vendor as described in this subparagraph.--*

* * *

141 General Appraisal Requirements (Continued)

K APOC Responsibilities

APOC's:

- ensure that Part 7 is followed for purchases of appraisal products at or below the micropurchase threshold limit
- review FSA-2128, Part B, to ensure that there is adequate documentation and support and
--provide approval of the selected or recommended vendor using NATS--
- assist field offices and vendors with basic procurement issues
- coordinate issues that need further clarification by either County Office or POAD, Appraisals Branch
- provide oversight for appraisal products requests to ensure that requests for procurement are needed and meet the Agency's mission
- ensure that documentation and concerns are clarified to adequately obtain a quote from vendors
- ensure proper rotation of vendors within their service area and that the best value is the
*--basis of vendor selection using NATS

Note: "Best value" is defined in Exhibit 2.

- process work orders for micropurchases and issue LOE to the vendor to proceed with the assignment as described by the work order using NATS
- may use Exhibit 66 if needed to notify applicant/borrower of the appraisal assignment.--*

Note: See Exhibit 21 for PLCE roles and responsibilities.

142 Appraisal Reports

***--A Chattel Appraisals**

[7 CFR 761.7(b)(2)] When a chattel appraisal is required it must be completed on an applicable Agency form (available in each Agency State Office) or other format containing the same information.

FSA may use FSA-2160. If FSA-2160 is not used, the chattel appraisal, as a minimum, will identify all chattel items appraised, including the following details:

- documentation of the appraiser's physical on-site inspection of the chattel property

Note: Physical inspection of the chattel property is required unless a written exception is provided.

- the quantity, kind, sex, breed, color, weight or average weight, brands or other identification, and value of livestock

Note: Weight is not required for breeding stock.

- the quantity, kind, manufacturer, size and type, condition, year of manufacture, serial or motor number, and value of machinery and other equipment.

The appraised value of chattel property will be based on public sales or wholesale values of the same or similar property in the market area. In the absence of public sale data, reputable publications may be used to establish market value.--*

142 Appraisal Reports (Continued)

B Real Estate Appraisals

A real estate appraisal, as a minimum, will be an appraisal report as defined by USPAP. Any exception to allow the use of a restricted appraisal report requires approval by POAD, Appraisals Branch. Approval of restricted reports will only be granted under extraordinary circumstances, limited to situations where there will be only a single user of the report. Only FSA staff appraisers are authorized to complete the reports. These reports will be for internal FSA use only.

Real estate appraisals must include as a minimum, the following details:

- documentation of the physical onsite inspection of the subject and comparable properties by the appraiser

***--Note:** Physical inspections are required for the appraisal unless an exception is provided by Agency pandemic policy or written approval.--*

- documentation of the results of the following 3 approaches to estimating value, as determined to be applicable and necessary, except as provided in the scope of work in USPAP:
 - sales comparison approach
 - cost approach
 - income approach
- if adjustments are made, the basis for these adjustments as recognized by the market and supported by adequate documentation within the appraisal report
- at least a 3-year sales history of the property
- the comparable sales used, including a breakdown of land and improvement features and photographs of improvements and land. A minimum of 3 comparable sales must be used.

Note: The use of less than 3 comparable sales or the use of the subject property's pending sale as a comparable is prohibited. Contact POAD, Appraisals Branch for guidance.--*

142 Appraisal Reports (Continued)

B Real Estate Appraisals (Continued)

Before the passage of the Agricultural Act of 2014 (Pub. L. 113-79) on February 7, 2014, CONACT provided for direct FO loans secured by real estate after December 23, 1985, the appraisal **must** consider the value of oil, gas, and other minerals for FSA to perfect its lien on the minerals. FSA is no longer required to include the value, even if nominal, of oil, gas, and other minerals to perfect its lien.

When the value of mineral rights is needed to adequately collateralize the loan, FSA-2164, Part D or other formats that provide the same information, will be included in the appraisal report to support the market value arrived at by the appraiser.

C Real Estate Appraisals Completed by POAD, Appraisals Branch

Real estate appraisals completed by POAD, Appraisals Branch must meet the same work and *--reporting requirements as provided in the State's SOW for vendor appraisals. POAD,--* Appraisals Branch must remain independent from other FSA processes that are not appraisal-related.

Note: FSA processes that are not appraisal-related include completion of environmental screening questionnaires or forms.

If States are unable to obtain appraisal services through micropurchase and contract *--authority, SED will request assistance from POAD, Appraisals Branch through NATS.

When an appraisal request is beyond the position description of POAD, Appraisals Branch staff appraiser, the assignment must be procured from a vendor or conducted by an SRA.--*

142 Appraisal Reports (Continued)

D Approved Appraisal Formats

Any appraisal format that meets USPAP requirements is acceptable. The preferred format for appraisal reports is the UAAR format.

--An appraisal report in a PDF file format with a digital signature or e-signature is acceptable for use by the agency.--

* * *

142 Appraisal Reports (Continued)

E Real Estate Appraisal Software

FSA has appraisal software available for staff appraisers to provide appraisal reports and sales documentation and management.

Information on the most current version of software, source of software, installation instructions and user guides can be obtained from the appraisal SharePoint web site at

F Potential Liquidation Value

[7 CFR 761.2] Potential liquidation value (PLV) is the amount of a lender's protective bid at a foreclosure sale. Potential liquidation value is determined by an independent appraiser using comparables from other forced liquidation sales.

For loan servicing cases when 5-FLP, Exhibit 60 is required, appraisal reports will be developed and reported using Exhibit 40.

--The appraisal request will include both a market value appraisal using the approved SOW-- for the property type being appraised and a PLV appraisal using Exhibit 40. The appraisal report being completed will have both market value and PLV developed in the same report.

Note: The primary difference between the definition of market value and PLV is linked to property exposure time in the open market, if sold. The market value definition is based on a reasonable time allowance for exposure in the open market, while PLV's are made under the assumption that the seller is under extreme compulsion to sell and a normal marketing effort is not possible because of brief exposure time to the market.

SED's shall establish exposure times to be used in Exhibit 40 by contacting their Regional OGC to determine specific public notice of sale statutes for the State that the property foreclosure is to take place. The State legal statute citation number will be needed along with the number of days. The exposure time will be estimated and provided to the appraiser on Exhibit 40 when the appraisal is ordered.

143 FSA Review of Appraisal Reports

A Overview

[7 CFR 761.7(d)(1)] With respect to a real estate appraisal, the Agency may conduct a technical appraisal review or an administrative appraisal review, or both.

[7 CFR 761.7(d)(2)] With respect to a chattel appraisal, the Agency may conduct an administrative appraisal review.

Real estate appraisals used for any direct or guaranteed loan making or servicing purpose are subject to a technical appraisal review and/or an administrative appraisal review by FSA for compliance with applicable FSA regulations and procedures.

***--Note:** Real estate administrative appraisal reviews will be completed on FSA-2165 in NATS, and chattel administrative appraisal reviews will be completed on FSA-2167 in NATS.--*

B Administrative Appraisal Reviews

Administrative appraisal reviews are conducted by FSA employees, delegated the responsibility by SED. Employees must have completed training on conducting appraisal reviews, according to paragraph 147, before receiving this delegation.

An administrative appraisal review is performed as a due diligence function in the context of a loan making or servicing decision and to ensure compliance with organizational

***--requirements.** After the administrative appraisal review, the appraisal user will be able to--* understand the strengths and weaknesses of the information in the report. An administrative appraisal review is completed to verify that the:

- correct property was appraised
- math is correct
- appraisal is logical and understandable
- appraisal complies with FSA SOW requirements.

Note: An administrative appraisal review does not include a determination of compliance with USPAP.

The administrative reviewer will refer to POAD, Appraisals Branch any areas of concern or problems detected. An administrative reviewer may not express a different opinion of value and may not certify to the type and extent of review.

* * *

143 FSA Review of Appraisal Reports (Continued)

C Conducting Administrative Appraisal Reviews

FSA will complete an administrative appraisal review:

- within 7 calendar days of receiving a vendor appraisal obtained for any direct loan purpose
- of chattel appraisals completed by FSA employees, as determined by SED
- on all third-party appraisals
- *--on all appraisals submitted for guaranteed liquidation and/or write-down.--*

143 FSA Review of Appraisal Reports (Continued)

D Technical Appraisal Reviews Overview

--A technical appraisal review will be in writing and must be completed according to USPAP. The scope of the technical appraisal review requires the review appraiser to form an-- opinion as to:

- the adequacy and relevance of the data used
- the propriety of any adjustments to the data
- the appropriateness of the appraisal methods and techniques used
- whether the analysis and conclusion of the appraisal under review is credible, and if not, the reason for expressing different opinion of value
- *--whether the appraisal is acceptable for FSA use.

The technical appraisal review will be completed by a POAD, Appraisals Branch appraiser or a vendor appraiser as authorized by POAD, Appraisals Branch.

The appraiser must certify as to the type and extent of the review process. A technical appraisal review may include a desk review and/or a field review. The client may request the review appraiser to provide an opinion of value in according to USPAP.

For agriculture properties, the technical appraisal review is completed on FSA-2166, or any other format that contains, at minimum, the same information and complies with USPAP standards.

A technical desk review:

- is an analysis of the material presented in the appraisal report as to the adequacy of the documentation of the final value opinion--*
- may reveal concerns, such as math errors, discrepancies of legal descriptions, comparable sales used that are not recent or similar to the subject property, failure to give value consideration to all items located on the subject property, and failure to address the condition of the subject and comparable sales.

143 FSA Review of Appraisal Reports (Continued)

D Technical Appraisal Reviews Overview (Continued)

A technical field review involves an examination of all aspects of developing and reporting the appraisal. Most information contained in the appraisal report is verified, inspected, and researched. Other information, such as other comparable sales, not included in the report may be addressed.

Problems or areas of concern detected during the technical appraisal review will be referred to the appraiser who conducted the appraisal.

The appraiser completing the technical review will provide the SED a memorandum summarizing the findings.

143 FSA Review of Appraisal Reports (Continued)**D Technical Appraisal Reviews Overview (Continued)**

*--Technical appraisal reviews will be documented in NATS, and the technical review report and technical review memo will be uploaded to NATS documents with the appropriate NATS label.

Note: NATS's labels associated with technical review documents are restrictive labels that only allow access to the documents by staff appraisers or POAD, Appraisals Branch SRA's.

Technical review reports will not be released except with written consent of SRA as required by an appeal according to 1-APP or as directed by the SRA.

Technical appraisal reviews may be used to evaluate risk assessment of direct loans to ensure:

- quality necessary to support loan security and loan servicing needs
- appraisals are completed according to USPAP standards, assignment conditions, and FSA's appraisal regulations.--*

143 FSA Review of Appraisal Reports (Continued)

E Conducting Technical Appraisal Reviews

FSA will complete a technical appraisal review when a request is submitted through NATS and POAD, Appraisals Branch concurs that a technical review is necessary:

- on direct loan appraisals when an administrative review detects serious problems
- upon request of the loan approval official after an administrative review is completed and before loan approval.

After loan closing technical appraisal reviews will be completed for the following:

- first direct loan appraisal completed by a vendor appraiser and then 1 every 2 FY's thereafter
- first third-party appraisal used for direct loan making action completed by an appraiser with whom FSA has had no appraisal experience and then 1 appraisal every 2 FY's thereafter

Note: If an appraisal has been technically reviewed under any of the previous bullets, it is **not** necessary to conduct another review of another appraisal completed by the same appraiser on a different category, such as appraisal reviewed with a direct loan and the same appraiser subsequently completes another assignment that is submitted to FSA as a third-party appraisal. A review would **not** be necessary.

- of appraisals conducted by vendor appraiser in a random spot check method that is established by POAD, Appraisals Branch

Note: Each year, POAD, Appraisals Branch will vary the method used to select appraisals for review to ensure that adequate internal controls are maintained.

- on a more frequent basis if problems have been detected in the scheduled spot check review
- *--on appraisals submitted for guaranteed loan liquidation or write-down that were found unacceptable during the administrative review.

Notes: If the technical review shows an unacceptable appraisal, approval of a loss claim or write-down will not be granted until an acceptable appraisal is obtained.--*

When a technical review indicates that an appraisal is unacceptable, the appraiser completing the review will provide a memorandum outlining deficiencies and citing the corresponding USPAP standards according to subparagraph D. FLC

--will coordinate contact with the lender to discuss deficiencies documented in-- the memorandum, and decide on appropriate actions depending on the request and status of the loan as outlined in subparagraph D.

143 FSA Review of Appraisal Reports (Continued)

F Guaranteed Loan Evaluations or Appraisals Submitted to FSA

When an evaluation or appraisal is required to be submitted for a guaranteed loan, the authorized agency official will review the document to determine whether the correct type of valuation (evaluation or appraisal) was performed based on the loan amount and other risk factors.

--Evaluations will be reviewed using FSA-2234 and will be completed in NATS.--
Appraisals for guaranteed loan making will be reviewed to determine whether the:

- correct type of appraisal report was used

Note: Restricted appraisal reports are not acceptable. Residential appraisal reports should only be used where appropriate based on the property's characteristics.

- person completing the appraisal had the required qualifications
- correct property was valued, including any improvements to be added
- value of the real estate is adequate to secure the loan as proposed by the lender.

Findings will be document in a running case record.

If issues relating to these items are found and cannot be corrected, the evaluation or appraisal cannot be used and the conditions of the guarantee have not been met. The authorized agency official will contact the lender and discuss the actions needed to correct the issues. This discussion should be documented in writing to the lender and discussed in the running record. If the lender is unable to provide corrections as discussed, FSA will provide the lender appeal rights according to 2-FLP and FSA-2235 will not be issued.

143 FSA Review of Appraisal Reports (Continued)***--G Guaranteed Loan Evaluations or Appraisals Not Submitted to FSA**

FSA will conduct lender reviews according to 2-FLP, paragraph 267. During the lender review, the authorized agency official will review the:

- file to determine whether the correct type of valuation (evaluation or appraisal) was performed based on the loan amount and other risk factors

Note: Evaluations not previously reviewed by FSA based on the files selected for review and findings will be documented using FSA-2234.

- appraisals not previously reviewed by FSA based on the files selected for review to determine whether the:

- correct type of appraisal report was used

Note: Restricted appraisal reports are not acceptable. Residential appraisal reports should only be used where appropriate based on the property's characteristics.

- person completing the appraisal had the required qualifications
 - correct property was valued, including any improvements to be added
 - value of the real estate is adequate to secure the loan as proposed by the lender.

Note: Any errors noted by the review will be discussed with the lender during the lender review exit conference and documented in the letter to the lender outlining the results of the lender review. The lender will be reminded of their responsibilities under the Lender's Agreement and reminded that any loss incurred because of the unacceptable evaluation or appraisal may result in a reduced or denied loss claim.--*

143 FSA Review of Appraisal Reports (Continued)

H Recordkeeping and Internal Management Controls

Each State must maintain a recordkeeping system and internal management controls according to 32-AS, and File Maintenance and Disposition Manual, to ensure that all administrative, technical (desk and field) reviews, and compliance activities are accomplished.

* * *

143 FSA Review of Appraisal Reports (Continued)

I ACOR

ACOR:

- an internal quality control review that provides oversight of FSA's administrative review function and appraisal/technical review requirements
- promotes a consistent and effective approach to conducting quality assurance reviews for appraisals, administrative reviews, and technical reviews
- is **not** USPAP technical review.

For direct loans:

- the primary objectives of ACOR are to evaluate the effectiveness of FLP delivery systems and ensure compliance with applicable statutes, regulations, and directives related to appraisals
- ACOR will be completed during FLPRAs as well as on a random sampling basis to provide an internal quality control oversight methodology and identify training needs for appraisals, administrative reviews, and technical reviews.

For guaranteed loans:

- the primary objectives of ACOR are to evaluate the effectiveness of lenders' appraisal and appraisal review process and provide oversight of lenders' appraisal process and appraisal review process
- ACOR may be completed during FLPRAs and during lender reviews conducted by the National Office.

ACOR for POAD, Appraisals Branch appraisers will be conducted on 1 appraisal or 1 technical review when an appraisal has not been completed during the 2-year cycle, selected at random.

144 Appeals of Decisions Based on Appraisals

*--A Scope

This paragraph provides general information on appealing a direct loan making or loan servicing decision based on an appraisal. See 1-APP and paragraph 42 for additional information on appeals.

B When a Decision Based on an Appraisal May Be Challenged

An applicant or borrower may request reconsideration or appeal of any adverse decision based on an FSA appraisal. However, when the appraisal was obtained in connection with a request for PLS and negotiation of the appraisal has been completed according to 5-FLP, paragraph 230, the negotiated value is not appealable.

C Reconsideration of Real Estate Appraisals

An applicant or borrower may request reconsideration of an adverse decision based on a real estate appraisal and provide an independent technical appraisal review, completed by a State-certified general appraiser.

The independent technical appraisal review:

- is performed to determine whether the analysis, opinions, and conclusions in the appraisal report obtained by FSA are appropriate and reasonable
- may include either a desk review and/or a field review.

Note: The appraiser conducting the technical appraisal review must certify as to the type and extent of the review process.

At the applicant's or borrower's request, the agency official shall provide a list of State-certified general appraisers. The applicant or borrower may select an appraiser from the list or retain any other State-certified general appraiser to conduct the independent technical appraisal review according to USPAP Standard 3. The applicant or borrower must pay the cost of the independent technical appraisal review.

FSA will review the independent technical appraisal review, as well as the appraisal used to make the decision, and determine if corrections are needed to the original appraisal report. If corrections are necessary, FSA will request the original appraisal be corrected. The authorized agency official will notify the applicant or borrower of the outcome of reconsideration according to 1-APP and provide a copy of the corrected appraisal report.--*

144 Appeals of Decisions Based on Appraisals (Continued)

D Reconsideration of Chattel Appraisals

An independent appraisal review is performed to determine whether the analysis, opinions, and conclusions in the appraisal report obtained by FSA are appropriate and reasonable.

--FSA will review the independent appraisal review received from the applicant or-- borrower, along with a copy of the appraisal, and decide the chattel's final appraised value. The authorized agency official will notify the applicant or borrower of the outcome of reconsideration according to 1-APP.

E Real Estate and Chattel Appraisal Appeals

[7 CFR 761.7(e)] Challenges to an appraisal used by the Agency are limited as follows:

- (1) When an applicant or borrower challenges a real estate appraisal used by the Agency for any loan making or loan servicing decision, except primary loan servicing decisions as specified in § 766.115 of this chapter (5-FLP, paragraph 230), the issue for review is limited to whether the appraisal used by the Agency complies with USPAP. The applicant or borrower must submit a technical appraisal review prepared by a State Certified General Appraiser that will be used to determine whether the Agency's appraisal complies with USPAP. The applicant or borrower is responsible for obtaining and paying for the technical appraisal review.**

Notes: The applicant or borrower does **not** have the right to provide a second independent appraisal for consideration.

The issue for review is the appraisal of the subject property's current market value based on the development of an opinion of the highest and best use of the real estate as required by USPAP.

- (2) When an applicant or borrower challenges a chattel appraisal used by the Agency for any loan making or loan servicing decision, except for primary loan servicing decisions as specified in § 766.115 of this chapter (5-FLP, paragraph 230), the issue for review is limited to whether the appraisal used by the Agency is consistent with present market values of similar items in the area. The applicant or borrower must submit an independent appraisal review that will be used to determine whether the appraisal is consistent with present market values of similar items in the area. The applicant or borrower is responsible for obtaining and paying for the independent appraisal review.**

Note: FSA will review the qualifications of the appraiser selected by the applicant or borrower.

144 Appeals of Decisions Based on Appraisals (Continued)**E Real Estate and Chattel Appraisal Appeals (Continued)**

If the borrower:

- is being considered for PLS under 5-FLP, the appeal challenging FSA's appraisal may include the borrower's independent appraisal according to 5-FLP, paragraph 230

Note: In Homestead Protection under 5-FLP, Part 7, the borrower has the right to select an independent appraiser from a list of appraisers provided by the authorized agency official. The issue on appeal will be whether FSA's appraisal is consistent with USPAP and the borrower may only provide an independent technical appraisal review of FSA's appraisal. The borrower does **not** have the right to provide a second independent appraisal for consideration or negotiation of the appraisal.

- disagrees with the appraised value used to determine the amount due under a shared appreciation agreement or net recovery buyout recapture agreement, the issue on appeal will be whether FSA's appraisal is consistent with USPAP, and the borrower may only provide an independent technical appraisal review of FSA's appraisal.

Note: Subparagraphs 42 D and E provide text to be added to the reconsideration paragraph in adverse decision letters involving appraisals.--*

144 Appeals of Decisions Based on Appraisals (Continued)**F Releasing FSA Appraisal Reviews**

Administrative appraisal reviews performed by an FSA employee:

- before an initial decision are part of the FSA record and must be submitted to NAD as part of the appeal process
- after an initial decision are not part of the FSA record and would not be releasable except under a subpoena from NAD according to 7 CFR 11.8(a), and only after any information prohibited from disclosure is deleted.

Technical appraisal reviews performed before or after an initial decision are part of the FSA record and must be submitted to NAD as part of the appeal process.

G Errors Identified in an Appraisal

If either the authorized agency official or borrower discovers any mathematical or property *--description errors in the appraisal, the discrepancies must be reported to SED or POAD, Appraisals Branch. POAD, Appraisals Branch shall review the nature of the discrepancy--* and make a determination to:

- contact the appraiser to correct the appraisal
- determine whether the discrepancies are material to the final value determined in the appraisal report.

The appraiser may make corrections to the appraisal up until the time the appeal hearing begins or as a result of the appeal hearing.

145 Appraiser Qualifications**A Chattel Appraisals**

*--Chattel appraisals may be completed by an FSA employee or vendor appraiser.

FSA employees must have delegated chattel appraisal authority from SED according to subparagraph 146 A.

FSA vendor appraisers must:--*

- possess sufficient experience or training to establish market value of chattel property based on public sales of the same or similar property in the market area
- demonstrate, to SED's or designee's satisfaction, sufficient experience and training to establish market values of chattel property.

*--**Notes:** A vendor appraiser's qualifications shall be documented and maintained in the contract file and the NATS vendor profile documents.

Vendor appraisers must meet any State licensing requirements if required by state law.

B Real Estate Vendor Appraisers

Vendor appraisers must:

- meet license requirements according to subparagraph 141 F
- be licensed in the State in which the property to be appraised is located.

C POAD, Appraisals Branch Staff Appraisers

POAD, Appraisals Branch staff appraisers are FSA employees who are responsible for real estate appraisals and technical real estate appraisal reviews. The staff appraiser must have a certified general real estate license or be fulfilling the training requirements in subparagraph 146 B.

A staff appraiser may have other responsibilities that include but are not limited to:

- developing and providing training to FLP staff to obtain administrative appraisal review and chattel appraisal delegation
- performing duties as a supervisor appraiser and/or mentor to an appraiser trainee.--*

146 Appraiser Training Requirements

A Obtaining/Maintaining Chattel Appraisal and Chattel Administrative Review Authority

To obtain the delegation, employees are required to:

- take the appropriate training to obtain initial chattel appraisal and administrative review authority
- demonstrate, to SED's or designee's satisfaction, sufficient experience and training.

Employees with delegated authority for chattel appraisals and chattel appraisal administrative reviews must complete continuing education courses every 3 years.

SED may contact POAD, Appraisals Branch to help develop a customized training plan for their State for initial delegations and continuing education. See subparagraphs 147 C and D for more information about training plan and training material.

* * *

146 Appraiser Training Requirements (Continued)

B Obtaining State-Certified General Real Estate Appraiser Status

Appraiser trainees must acquire State-certified general appraiser status within 5 years from *--being designated as a staff appraiser in their duty station State. The Appraisal Foundation through the AQB provides guidance about real property appraiser qualification criteria. AQB guidance can be obtained at: **Real Property Appraiser Qualification Criteria (appraisalfoundation.org)**. A State-certified general (CG) license requires a minimum of education both in appraisal educational course work and a bachelor's degree, a minimum of hours of experience completing appraisal or technical appraisal review assignments and successful completion of a final examination. The appraiser trainee should contact the State licensing and certification board about State licensing requirements.

An appraiser trainee (AT) can have no experience, be a licensed residential (LR) or a certified residential (CR) appraiser. To acquire this status, the appraiser trainee must meet their respective State licensing requirements for education and experience and complete the following course training, at a minimum.

Trainee Category	Hours	Course Description
AT	30	Basic Appraisal Principles
AT	30	General Appraiser Market Analysis and Highest and Best Use
LR or CR	15	
AT or LR	15	Statistics, Modeling, and Finance
AT	120	Appraisal training, approaches to value and methodology of which a majority must concentrate in farm real estate-related courses, in:
LR	75	
CR	75	
		<ul style="list-style-type: none"> • sales comparison approach • cost approach • income approach. <p>Note: For LR or CR State licensing board will determine the accepted course hours of training. Generally, 75 additional hours would be required of which a majority must concentrate in farm real estate-related courses.</p>
AT	15	15-Hour National USPAP
LR or CR	7	7-Hour National USPAP Update
AT	30	Report Writing and Case Studies with farm real estate related emphasis.
LR	15	
AT, LR or CR	30	Technical appraisal review of which a majority must concentrate in farm real estate-related courses.
AT, LR or CR	N/A	Education Requirements - Applicants for the Certified General credential must hold a bachelor's degree or higher from an accredited college or university.

--*

146 Appraiser Training Requirements (Continued)**B Obtaining State-Certified General Real Estate Appraiser Status (Continued)**

*--IDP will identify approved courses for general appraisal training, approaches to value and methodology, and any elective courses.

Required courses may be completed through an approved institution as accepted by the State licensing board for the certified general license.

The appraiser trainee will be required to complete at a minimum a total of 3,000 hours of experience. Hours of experience will be determined by the State licensing requirements. Generally, an LR appraiser trainee would be required at a minimum to have 2,000 additional hours of experience with 1,500 hours as non-residential. A CR appraiser trainee would be required at a minimum to have 1,500 of non-residential experience.

The appraiser trainee will follow their IDP that is established by their supervisor and participate in any trainee development program provided by the POAD, Appraisals Branch.

Typically, State licensing board requires a designated "Supervisor Appraiser" for the purpose of the State licensing requirement. The POAD, Appraisals Branch will designate a CG licensed staff appraiser to be the "supervisor appraiser" for the appraiser trainee. The designated supervisor appraiser will complete the required supervisor courses to meet the State requirements. The supervisor appraiser will mentor the trainee and may sign appraisal or technical appraisal reports for the appraiser trainee that are beyond the scope of the appraiser trainee's existing license.

An appraiser trainee working toward a CG license must maintain their current license status by completing basic and/or continuing education courses according to their training plan and the requirements established by the State Appraisal Board.--*

146 Appraiser Training Requirements (Continued)

--C Maintaining State-Certified General Real Estate Appraiser Status--

POAD, Appraisals Branch appraisers are required to maintain their State-certified general appraiser status by completing continuing education courses according to the standards established by the State Appraisal Board.

* * *

The appraiser, with supervisor approval, should select the continuing education course--* topics.

147 Training Requirements for Performing Real Estate Administrative Appraisal Reviews**A State Responsibility**

State Offices are responsible for ensuring adequate number of employees are trained and available to perform administrative appraisal reviews.

B Obtaining/Maintaining Real Estate Administrative Appraisal Review Authority

To obtain the delegation, employees are required to:

- take the appropriate training to obtain administrative appraisal review authority
- demonstrate, to SED's or designee's satisfaction, sufficient experience and training.

Delegated authority for real estate administrative appraisal reviews requires continuing education to be completed every 3 years.

SED may contact POAD, Appraisals Branch to help develop a customized training plan for their State for initial delegations and continuing education.

C Training Plan

The POAD, Appraisals Branch will contact the States within the regions during the 1st quarter of each FY to establish a training plan for the State's FLP staff. The training plan for each region for the FY will be published by the end of the 1st quarter on the training page of Appraisals Branch SharePoint site under the following link:

<https://usdagcc.sharepoint.com/sites/FSA-POAD-AB>.

D Training Material

Currently available training modules can be found by clicking the training dropdown in the left navigation pane on the Appraisal SharePoint site at

<https://usdagcc.sharepoint.com/sites/FSA-POAD-AB>.

In addition, the AgLearn course titled "Administrative Appraisal Review" is required training for all employees receiving administrative appraisal review authority and should be taken as a prerequisite to Administrative Appraisal Review Training. The "Administrative Appraisal Review" course can be located in the "Find Learning" section in AgLearn.

148 Release of Appraisal Report

A General

An appraisal report, paid for or performed by FSA, is considered an administrative document for collateral valuation and may not be released to the public or other parties except through FOIA, in accordance with subparagraph 141 I and this subparagraph.

B Release to Applicant or Borrower Per the Equal Credit Opportunity Act (ECOA)

Pursuant to 12 CFR §1002.14(a), for any loan making or servicing purpose, FSA must provide an applicant or borrower a copy of any real estate appraisal or written real estate valuation paid for or performed by FSA.

*--FSA must promptly provide a copy of the real estate appraisal or the real estate evaluation to the applicant upon:

- FSA's acceptance of the appraisal report
- receipt or completion of FSA-2132.--*

Copies shall be provided electronically (via e-mail) and must contain the following language in the body of the e-mail:

“In accordance with the Equal Credit Opportunity Act (ECOA), the Farm Service Agency is providing you with a copy of the appraisal report or written real estate valuation developed in connection with your loan application. Enclosed is a copy of the appraisal or valuation report for **[property address]**.

Please carefully review the contents of the enclosed report. This document provides an estimation of the value of the property in question and has been compiled based on a thorough valuation of the property itself, comparable market sales, and other relevant factors.

If you have any questions regarding the content of the report or the appraisal/evaluation process, please contact this office at **[County Office Address]** or telephone **[phone number]**.”

148 Release of Appraisal Report (Continued)**B Release to Applicant or Borrower Per the Equal Credit Opportunity Act (ECOA) (Continued)**

--The real estate appraisal or written real estate evaluation must be provided to the applicant-- at least three business days prior to loan closing or other such consummation of the transaction. The applicant may waive the three-day waiting period upon written request to the Agency, but any such waiver must be provided three business days prior to loan closing or other such consummation of the transaction. The real estate appraisal or written real estate valuation completed on a withdrawn or denied application must also be provided promptly to the applicant, but in no case later than 30 days after the denial or withdrawal.

FSA will document the date that a real estate appraisal or written real estate evaluation is provided to the applicant by placing a copy of the electronic notification in the file.

C Release to Lender

An appraisal report may be released to a lender if the lender is either:

- an intended user stated in the report

Note: A lender that is listed as an intended user in the appraisal report may not request changes or add requirements to the appraisal assignment. FSA, as the client, is the only party that may request changes or add requirements to the appraisal assignment.

- participating in a loan transaction and has a participation arrangement with FSA.

Note: The participation arrangement will be in writing with the applicant or borrower's acknowledgement.

D Release to Peer Review Committee or Regulatory Authority

A real estate appraisal report may be released to a peer review committee or regulatory authority upon written request with consultation with POAD, Appraisals Branch. The SED shall inform the review committee in writing that, appraisal information developed for USDA is protected from unauthorized use and unauthorized disclosure pursuant to the administrative and/or civil remedies/criminal penalties identified in applicable Federal statutes to include the Privacy Act of 1974 (5 U.S.C. 552a - as amended).

To ensure proper awareness, individuals/organizations granted access to federally protected information are advised that they may be held legally liable should they commit an unauthorized use/unauthorized disclosure of the protected information in violation of Federal statute.

149 USPAP Work File**A Work File**

The USPAP record keeping rule requires that an appraiser prepare a work file for each appraisal or technical review request. The work file must be in existence before issuing any report. Refer to the USPAP record keeping rule for information about USPAP requirements to be included in the work file.

B File Organization and Digital File Structure

See 32-AS, paragraphs 86 and 87 for guidance about work file folder organization and digital folder organization and file naming conventions. If shared drive is not available, the staff appraiser should store their digital work files on their OneDrive file system.

Appraisal or technical review work files should be maintained in a digital format that allows digital storage within an organized hierarchy file folder structure. Since NATS will be used to track appraisals or technical reviews that are performed by a vendor appraiser or POAD, Appraisals Branch staff appraiser the work order number will be identified in the file structure.

--149 USPAP Work File (Continued)*C USPAP Records Retention**

USPAP requires that appraisers retain documentation at a minimum about appraisal reports and technical appraisal reviews they conduct for whichever of the following is longer:

- 5 years from date of completion
- 2 years from the date all appeals and litigation about the appraisal are concluded.

SED's shall provide adequate storage space to POAD, Appraisals Branch staff appraisers at their official duty station for the duration of the required documentation retention period. When possible, documents should be stored in NATS.

A work file:

- can be destroyed or otherwise removed from FSA when USPAP retention requirements expire
- must be relinquished to FSA when appraiser leaves POAD, Appraisals Branch employment position.

Note: POAD, Appraisals Branch appraisers may:

- make copies of their work files at no cost before departing
- be provided access to their work files on an as-needed basis to address State Board concerns.--*

Exhibit 22 provides information for accessing IAS for new users.

Exhibit 23 provides information on creating IQ-Program Loan Cost Fund Requisitions in IAS.

Exhibit 24 is used to request ARMP delegation from Farm Production and Conservation Business Center, Acquisitions Division, Policy, Oversight and Accountability Branch (FBC, AD, POA) and includes ARMP guidance for making micropurchases.

Exhibit 25 provides program authorities to request PLCE services or pay bills related to a borrower or inventory property account. If a State needs program authority for a cost item not listed in Exhibit 25, SED must send an email to the appropriate point of contact according to subparagraph C.

Part 6 provides guidance for real estate and chattel appraisals.

C PLCE and FMMI Help Desk Information

The National Office is the first point of contact for all PLCE and FMMI related inquiries as follows.

Point of Contact for PLCE and FMMI Inquiries		
DATA Act Assistance	Ann Smith *--Md Mutaleb	ann.smith2@usda.gov *--md.mutaleb@usda.gov --*
FMMI Document Approvals	Ann Smith Md Mutaleb	
FMMI User Access	Ann Smith	
General FMMI or PLCE Inquiries	Ann Smith Md Mutaleb	
Lost Vendor Payments	Ann Smith Md Mutaleb	
PLCE Funding	Md Mutaleb Ann Smith	* * *
Vendor Record Inquiries (FMMI or SAM)	Ann Smith Md Mutaleb--*	

Matters unable to be resolved at the primary contact level will be expedited to the appropriate FMMI Help Desk Team.

Questions related to technical aspects of farm real estate appraisals and chattel appraisals will be directed to the State APOC as provided in Part 6. The commitment and payment of PLCE funds related to appraisal requests are handled according to this subparagraph.

161 Overview (Continued)

C PLCE and FMMI Help Desk Information (Continued)

Requests for FMMI troubleshooting should be sent to the National Office using e-mail and **must** include a **full** screenshot of the problem being encountered. Do **not** relay only the error message being received. The National Office must be able to see the Header Details, Line Item Details, and error message to accurately troubleshoot in FMMI. Alternatively, Field *--Offices may use the share desktop function available through Microsoft Teams.--*

E-mailed requests for FMMI document approval support **must** include the following documents:

- completed and signed * * * FSA-2128, OF-347, or SF-1449, whichever is used, **and**
- vendor invoice, including proof of Agency receipt and acceptance, as applicable, **and**
- copy of ARMP or APOC delegation of authority for the person who authorized the micropurchase.

Note: The delegation of authority is required for each ARMP or APOC on the 1st request for National Office approval assistance. Subsequent submissions for the same ARMP or APOC are not necessary unless the delegation of authority becomes *--obsolete and is re-delegated by FBC AD POAB.--*

D Using Government Purchase Credit Card for PLCE

At no time may a government purchase card be used for anything related to PLCE's for FLP applicants, borrowers, or inventory property. There are **no** exceptions.

--162 Primary Roles and Responsibilities Needed for PLCE*A Overview**

To ensure that the sufficient separation of duties during the procurement process, multiple roles are required to accomplish each task. These internal controls are derived from various statutes, regulations, and policies that govern USDA business processes, including PLCE activity. The primary roles involve:

- determining the need at the County or State Office level;
- budget administration and approvals to ensure compliance with the Anti-Deficiency Act;
- ensuring the method used for procuring the PLCE follows the correct process;
- entering and approving the PLCE ZMY through the FMMI system;
- paying the vendor invoice; and
- communicating with vendors on matters such as SAM registration, payments, or similar.

Exhibit 21 provides an overview of all roles, responsibilities, training requirements, and associated delegations of authority for PLCE transactions.

SED's, in consultation with FLC's, are strongly encouraged to identify primary and back-up for each role to prevent delays in obtaining goods and services. States that do not have a sufficient number of employees to establish needed back-ups, may contact the National Office for assistance, as well as enter into agreements with neighboring States. States that have existing agreements with neighboring States, may continue using the agreements.

B State PLCE Monitor

The State PLCE Monitor is not required to be a State Office FLP employee member; however, the State PLCE Monitor will be an FLP employee familiar with loan making and loan servicing functions. * * * Responsibilities include:

- safeguarding the Agency from violating the Anti-Deficiency Act by certifying budget availability;
- overseeing all aspects of FMMI activity for PLCE, including responding to vendor payment inquiries;
- assigns FAIN and maintains a tracking system relating FAIN to the associated ZMY document;
- assigning PIID until Contracting Official prepares award document creating the Order Number;
- obtaining the order number from the Contracting Officer and forwarding that information to the National Office to ensure DATA Act requirements are met;--*

162 Primary Roles and Responsibilities Needed for PLCE (Continued)

B State PLCE Monitor (Continued)

- ensuring that State and County Office staff correctly follow all PLCE procedures and provide guidance or training as needed; and
- working as liaison between Contracting Officer, ARMP, APOC, and TPOC.

C ARMP

The ARMP's primary function is to make PLCE micropurchases. ARMP authority is delegated by FBC AD POA. Only the ARMP may make micropurchases. States may delegate more than 1 employee in the ARMP role.

Note: Every APOC is an ARMP; however, not every ARMP is an APOC. Therefore, States will defer to State instructions as to the specific role applicable for the needed micropurchase.

The responsibilities of the ARMP include the following:

- conducting market research by contacting vendors and obtaining feedback
- notifying vendor of award and issuing task order, letter of engagement or similar
- notifying County Office of vendor award
- coordinating modifications of initial award with PLCE monitor and/or contracting official
- accepting and receiving copy of completed work
- submitting invoice to FMMI TY Processor for payment
- maintaining a log of transactions and rotations of awards among vendors.

***--Note:** For appraisal product acquisitions, NATS will fulfill this requirement as--* described in subparagraph 167 B.

See Exhibit:

- 21 for eligible positions, training requirements, and authorities for the ARMP role
- 24 to request an ARMP delegation and guidance on how micropurchases are obtained.

Note: The ARMP role may **not** be re-delegated. **All** duties identified in Exhibit 24 must be handled by the FBC AD POA-delegated ARMP **only**. TPOC, ARMP or authorized agency representatives are authorized to accept the completed work from a vendor.

162 Primary Roles and Responsibilities Needed for PLCE (Continued)

C ARMP (Continued)

To obtain an ARMP designation, States will submit requests for information, or delegation of authority requests, with required proofs of training, through the FBC AD POA ServiceNow intake portal at **Agency Representative for Micro-Purchases (ARMP) Delegation (FSA Only) - FPACNow (servicenowservices.com)**.

*--A request for an increase of ARMP delegations for States and/or US Territory offices must include:

- number of FMMI transactions processed per year in last 2 fiscal years for each ARMP (broken down by the number of related to appraisals and other FMMI transactions)
- whether you have Service Center areas that do not have a designated ARMP presence
- existing number of active ARMP designees
- existing number of allotted ARMP slots. (see Exhibit 24).

Submit memorandums for additional ARMP delegations:

- with APOC authorities to Don Howard, POAD, at **don.howard@usda.gov**
- without APOC authorities) to Ann Smith, LMD, at **ann.smith2@usda.gov** and Md Mutaleb, LMD, at **md.mutaleb@usda.gov**.

National Office will coordinate with AD, POAB to approve or deny requests for an increase of ARMP delegations. Upon notification of approval of additional slots, States will submit new ARMP designee packages to AD, POAB.--*

D TPOC

The Technical Point of Contact is otherwise known as an Authorized Agency Official, and for PLCE procurement purposes, the TPOC is the person who identifies PLCE needs.

Responsibilities include:

- completing required documents and forwarding those documents to ARMP, APOC, or State Office according to this Part and applicable State instructions;
- receiving completed work
- recommending payment for completed work.

See Exhibit 21 for eligible positions, training requirements, and authorities for the TPOC role. TPOC, ARMP or authorized agency representatives are authorized to accept the completed work from a vendor.

162 Primary Roles and Responsibilities Needed for PLCE (Continued)**E State Office Responsibilities**

SED must issue a State supplement that:

- identifies the:
 - State PLCE Monitor as described in subparagraph B
 - ARMP as described in subparagraph C
- * * *
- if applicable, covers State-specific requirements for handling UCC filings and lien searches **not** covered by the guidance in subparagraph 165 D
- clarifies State PLCE micropurchase and contractual processes, as applicable.

Note: State PLCE instructions shall be submitted to the National Office for **pre-approval**. A National Office review for compliance to Department and Agency requirements is required **before** publication.

--163 Understanding PLCE*A PLCE Basics**

PLCE expenditures directly relate to loan making and loan servicing activities and the provisions of the Promissory Note, Security Agreement and Real Estate Mortgage for the preservation and protection of any security for the loan during the life of the loan or as an inventory property.

Each allowable PLCE listed in Exhibit 25 is mentioned and supported by handbook guidance; and all transactions are directly tied to a specific action for a specific loan or loan application. These expense items have an assigned unique 3-digit alphanumeric-character associated with it, known as Program Action Codes, or PAC's. The PAC is required to obligate and control funds and track expenses. PAC's are discussed further in subparagraph 162 F.

Note: If there is a "Comment" annotated for the selected PAC, County Offices and State PLCE Monitors should review the Exhibit 25 "Note" section for usage clarification or application.

There are 3 different classifications of program loan cost expenses:

- "Non-contractual," as discussed in subparagraph B and paragraph 166
- micropurchase, as discussed in subparagraph C and paragraph 167
- contractual, as discussed in subparagraph D and paragraph 168.

How each authorized PLCE expense is classified and handled depends upon the:

- type of purchase:
 - a bill, statement, or similar demand for payment
 - Agency-initiated procurement
- total cost of the item(s).

There are 2 types of PLCE's:

- Recoverable PLCE's are chargeable to either a borrower or inventory property account
- Non-recoverable PLCE's are not chargeable to a borrower or inventory.

See subparagraphs 165 F and 165 G for additional guidance on recoverable cost items.

Note: Any PLCE item associated with an environmental issue will be discussed with the State Environmental Coordinator before proceeding under these instructions. Consultation with the National Office, the National Environmental Coordinator, and Contracting staff may be necessary.--*

163 Understanding PLCE (Continued)

B PLCE “Non-Contractuals”

PLCE cost items that consist of paying a bill, statement, or similar demand for payment generated by a third-party against a borrower or inventory property are referred to as Routine Loan Account Maintenance, otherwise called “non-contractuals”. These cost items are **exempt** from FAR and Agriculture Acquisition Regulation (AGAR) provisions and are not subject to total cost thresholds. All non-contractual PLCE’s have fixed costs and pre-determined, specific vendors. The cost and vendor for non-contractual items are all outside FSA’s control and, if the cost item is not paid, the Government’s security interests are threatened.

Each expense in Exhibit 25 under the contract purpose labeled “Loan Account Maintenance” for loan making, loan servicing, and inventory property are “non-contractual” items. There are no other PLCE cost items that fall under this category. If an expense item is not listed under Loan Account Maintenance and does not contain an “N” in the PAC, it is **not** a “non-contractual” cost item and **cannot** be treated as such.

See paragraph 166 for guidance on processing PLCE ‘non-contractual’ items.

C PLCE Micropurchases

What constitutes a PLCE micropurchase is how the item is obtained and the cost of the item. When the Agency initiates the purchase, and the cost of the item is less than or equal to \$2,500.00 for non-appraisals (PLCE services) or \$10,000.00 for appraisal products, that PLCE is identified as a PLCE micropurchase.

***--Note:** Appraisal product can be real estate appraisal, chattel appraisal, technical appraisal review, review estate inspections, chattel inspections, or year-end analysis activities.--*

Micropurchase requests are fully handled by the ARMP, APOC, or a Contracting Officer or Contract Specialist, and are routed through the State PLCE Monitor. County Offices may **not** take any action on a micropurchase PLCE request unless instructed to do so by the ARMP, APOC, or contracting official as described in State procedure.

See subparagraph 162 C for information on the ARMP role and see paragraph 167 and Exhibit 24 for guidance on processing PLCE micropurchase items.

D PLCE Contractual Requests

PLCE contractual cost items are all expenses initiated by the Agency with a total cost equal to or more than \$2,500.01 for non-appraisals or \$10,000.01 for appraisal products.

State Offices will submit requests through the FBC AD POA ServiceNow intake portal according to subparagraph 162 C.

Note: NATS will be used to create and track documents for any contract for appraisal products.

--163 Understanding PLCE (Continued)*D PLCE Contractual Requests (Continued)**

County Offices may **not** take any action on a contractual PLCE request unless instructed to do so by the Contracting Officer or Contract Specialist.

See paragraph 168 for specific guidance on processing contractual PLCE's.

E PAC

Exhibit 25 provides a list of each authorized PLCE expense. Each expense item has an assigned unique 3-digit alphanumeric character that is required for obligating and controlling funds and tracking expenses. If there is a "Comment" annotated for the selected PAC, the TPOC and State PLCE Monitors should review the Exhibit 25 "Note" section for usage clarification or application.

All transactions fall under 1 of these 3 categories as follows.

- Loan Making PAC's are applicable during the loan application process only. Once a loan is closed, it becomes a loan servicing action.
- Loan Servicing PAC's are applicable from the point of loan closing through the final disposition of the loan. This includes corrections to documents filed at loan closing.
- Inventory Property PAC's are applicable only after FSA has received the deed and taken the property into inventory, not during the acquisition process. Any PLCE item incurred on behalf of FSA during the acquisition process (foreclosure, voluntary conveyance, etc.) is a loan servicing action and is charged to the borrower's account, not the inventory property. This includes accrued or delinquent taxes, attorney fees, or any other expense related to the liquidation of security prior to the date taken into Government inventory.

F Historical PAC Reference

PAC's found in Exhibit 26 were made obsolete effective October 1, 2010. For loan servicing purposes, Exhibit 26 is retained for historical reference only.--*

163 Understanding PLCE (Continued)**G DATA of 2014**

PLCE activity is reportable under DATA, which makes information on federal spending accessible and transparent to the general public. Recoverable cost items are considered financial assistance since they benefit Agency customers. Non-recoverable cost items and *--micropurchases currently are not reportable. Contractual PLCE's exceeding the \$2,500.00 (non-appraisals) or \$10,000.00 (appraisals products) micropurchase threshold must be--* entered into the Integrated Acquisition System (IAS) and the Federal Procurement Data System-Next Generation (FPDS-NG).

To comply with DATA the Agency developed specialized coding for use in the contract number field of the ZMY transaction. Additional guidance on this coding is found in the FMMI User Guide.

*--164 Allocating PLCE Funds

A PLCE Spending Chain

The components of the PLCE spending chain are defined as follows.

Component	Action
1	Allocation is funds that are apportioned to the agency and subsequently allocated to each State in 4 separate funds. Allocation to the State level is required before spending can occur.
2	Budget pre-approval means authorized agency officials contact the State PLCE Monitor to certify availability of funds before incurring an expense on behalf of the agency or a borrower. Note: This step is by-passed when a delinquent real estate tax notice or delinquent personal property tax notice is received in the County Office.
3	Obligation means once an order is placed, the agency has a legal responsibility or obligation to pay for the ordered goods or services. A purchasing document is used to purchase goods and services or pay for costs associated with servicing a farm loan and preservation of the agency's security according to the signed loan documents. Obligations draw down available funds in the associated account in FMML.
4	Invoice is an accounts payable document that is used to pay for goods and services received and the disbursement of funds. Depending upon the type of expenditure, disbursements may occur after or simultaneously with the obligation document. Invoices reference and liquidate documents in the PLCE spending chain.
5	Disbursement is handled by the National Finance Center. This step is driven by the vendor record and invoice document.

B National Office Allocation of PLCE Funds to States

The National Office allocates PLCE funds to each State, Puerto Rico, and designated United States territories that has a FLC. PLCE funds are not sub-allocated to the County Office level.

State PLCE Monitors will use the Availability of Funds Control Report located in FMML in monitoring and certifying the availability of PLCE funds. Additional information and step-by-step instructions are located in Section 7, PLCE Funds Management, of the FMML User Guide.

The National Office divides each State allocation into 4 accounts that correspond to their respective Treasury symbols.--*

164 Allocating PLCE Funds (Continued)

B National Office Allocation of PLCE Funds to States (Continued)

Each account has its own purpose and designated loan cohort.

- ACIF Program Account (non-recoverable), otherwise known as the “A” account, is used to pay PLCE’s that are not chargeable to a borrower or inventory property account.
 - The “A” account fund code is identified as “FA00B1140D” in the FMMI environment.
 - *--IAS accounting string for “A” funds is FA00.ZZZZZZZZ.2570.--*
- ACIF Direct Loan Financing Account (recoverable) is referred to as the “R” account. “R” funds are used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the **original loan** was obligated in FY 1992 or subsequent years.
 - The “R” account fund code is identified as “FA00B4212D” in the FMMI environment.
 - *--IAS accounting string for “R” funds is FA00.ZZZZZZZZ.3360.--*
- ACIF Liquidating Account (recoverable). This “L” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the **original loan** was obligated before FY 1992.
 - The primary “L” account fund code is identified as “FA00B4140D” in the FMMI environment.
 - *--IAS accounting string for “L” funds is FA00.ZZZZZZZZ.3360.--*

There are 2 different appropriated line items for “L” funds, each with its own functional area:

- FA02FL2040000000: Loan Servicing “L” account
- FA02FL2140000000: Inventory Property “L” account.

* * *

- Recovery Act - Direct Financing Account - Capital Investment (recoverable). This “S” account is used to pay PLCE’s that are chargeable to a borrower or inventory property account in which the loan was obligated using ARRA (“Stimulus”) identified loan funds. “S” loans are identified with Type of Assistance codes 564 through 583.
 - The “S” account fund code is identified as “FA00B4284D” in the FMMI environment.
 - *--IAS accounting string for “S” funds is FA00.ZZZZZZZZ.3360.--*

See Exhibit 23 for guidance on creating IAS requisitions for PLCE.

164 Allocating PLCE Funds (Continued)

C State Office Allocation of PLCE's

All PLCE commitments and disbursements must occur on a “requirement and consideration” basis, meaning there must be a specific need for a specific loan applicant, borrower, or inventory property. Obligating lump sum amounts or “banking” PLCE funds for a specific vendor is prohibited. The commitment of PLCE funds in one FY for use in another FY without a specific requirement violates the Anti-Deficiency Act and is not permitted.

Examples of permissible and not permissible are as follows:

- *--**Permissible:** On September 25, 2019, the County Office requests a title opinion in preparation for an upcoming foreclosure sale for a particular borrower. The PLCE commitment is created the same day **and work begins**; however, it is not until November 1, 2019, that the vendor delivers the title opinion and requests payment.
- **Not Permissible:** On September 25, 2020, the State Office decides to set aside \$xxx for real estate appraisals needed in the next FY. There is no immediate need for the ZMY; however, the State wants to “use up” the remaining FY 2020 “A” allocation and draw-down funds from the one ZMY on an as-needed basis in FY 2021.--*

Note: For electronic UCC filings with the Secretary of State Office, see subparagraph 165 D.

D Using PLCE Allocations

Before any PLCE item can be obtained or an expense incurred on behalf of the Government, the State PLCE Monitor must certify fund availability and ensure the State budget reflects that commitment.

All ZMY's must be entered into FMMI before goods or services are ordered. Reimbursement for an unapproved cost item is considered an unauthorized purchase and payment is not guaranteed.

Note: Notices about delinquent real estate taxes and property taxes are exempt from funds certification. It is not possible to know when a borrower will not pay their taxes in a timely manner; therefore, the cost is “incurred” before the Agency can take action.

As a reminder, the Government purchase card is not an option for PLCE procurement of any kind. See subparagraph 161 D.

165 Obtaining PLCE Items

A SAM

All vendors subject to micropurchase or contractual procurement processes are required to register in SAM, which is located online at **<https://sam.gov/content/home>**.

SAM registration is the vendor's responsibility, and Agency personnel should not assist in the process. Approved SAM registrations automatically flow into the FMMI system to create the FMMI vendor record and FMMI vendor ID. The PLCE Monitor needs only the vendor's * * * UEI number to locate the vendor record in the FMMI system.

Notes: Vendor searches can be processed through the FedDataCheck application. FedDataCheck is a free resource that provides Contractual Responsibility Assessment Reports before award of agreements.

Using the FMMI PVND process for a SAM vendor is not allowed. If a potential vendor refuses to register in SAM, then that service provider may not be used as a PLCE vendor until a SAM registration is complete and a FMMI vendor record created.

The only permitted exceptions to SAM registration are:

- State and local government offices, including sheriff offices or other State or local law enforcement entity
- U.S. Marshal
- court-appointed trustees or other officers of the court
- current USDA employees.

SAM is **not** used for non-contractual PLCE vendors. PLCE non-contractual vendors are manually created in FMMI using FSA-2173. See Section 6 of the FMMI User Guide for step-by-step instructions.

Note: PLCE monitors, APOC's and/or ARMP's should maintain operational file according to 32-AS.

B Current Employees as Vendors

Employees should not act as a vendor on behalf of a loan applicant, borrower, or to care for an inventory property. DLS workflows should be used, maintained, and monitored for UCC filings and other needs. In the case where the borrower is responsible for the cost, if the borrower does not remit payment timely, FLM should proceed with initiating FSA-2128 for the cost item **no later than** 21 days before payment is needed.

Note: At no time may an employee pay for recoverable cost items. The PLCE monitor will ensure emergency check provisions are used for extremely time sensitive PLCE's.

165 Obtaining PLCE Items (Continued)

C Former Employees as Vendors

For guidance on post-employment restrictions about using former FSA employees as PLCE vendors, see 3-PM, paragraph 139, and 18 U.S.C. 207. Additional post-employment information is available at <http://www.ethics.usda.gov/rules/postemployment.htm>.

Former FSA employees should contact the USDA ethics counselors for informal assistance with interpreting and applying the post-employment restrictions. FLP State Office staff also may contact the USDA ethics counselors for guidance before selecting a former FSA employee as a vendor, through the Administrative Officer or State Office ethics advisor. The *--Office of Ethics may be reached by e-mail at **Ethics-FPC@oe.usda.gov**--*

SAM registration is **required** for all former employees when working in a vendor capacity.

See 3-PM, paragraph 131, for additional guidance about restrictions on outside employment and activities.

D Guidance for Electronic UCC Transactions

State Offices may set up accounts with the Secretary of State's office using a draw-down process to meet UCC electronic and central filing requirements. "R" funds are used for this purpose.

In States where the Office of the Secretary of State has decided to use credit card only transactions, the PLCE Monitor or ARMP should work with the Secretary of State to find an alternative method of payment. If there is no alternative payment option available, third party processors may be used to handle FLP UCC needs. Under 3-FLP, subparagraph 373 A, and 4-FLP, subparagraph 99 B, fees charged by third party processors are **charged to the loan applicant**.

If an error is made on UCC or other legal document, the cost of the correction is a non-recoverable item; "A" funding and the PAC code "2N5" are used. If UCC is being renewed for an account using recoverable "L", "R", or "S" funds, **separate** FMFI transactions will be processed for that specific UCC filing, also using '2N5.' Only when the borrower remits payment for an electronic UCC filing are the PAC codes '1NE' or '2NE' used.

E Refunding Credit Report Fees

When credit report fees are collected and deposited, and the credit report is never obtained, reimbursement to the applicant is **not** a PLCE function. Whenever money is transmitted successfully to the National Finance Center, the refund **must** come from the same office. County Offices shall submit a request for refund to their account technician who services their state according to paragraph 5.

165 Obtaining PLCE Items (Continued)

F Recoverable Cost Items for Borrowers With Multiple Loans

When a specific recoverable PLCE applies to more than 1 loan, the oldest outstanding loan, which is the loan with the earliest obligation date, for which the security associated with the charge is attached, will determine which recoverable account (“L,” “R,” or “S”) is used. For a rescheduled or re-amortized loan, always use the **original** loan obligation date to determine which account is used.

Note: Only “S” account funds are used to obligate and pay PLCE expenses for ARRA (“Stimulus”) loans. “L” or “R” funds for ARRA (“Stimulus”) loans **cannot** be used.

The FMMI BOPR table is used to verify loan and account information if errors in processing occur; See the FMMI User Guide, Section 8, “BOPR Look-Up”.

G ADPS Transactions for Recoverable Cost Items

When a recoverable cost item is charged back to a direct OL, ML, or EM loan, a new “loan” is created on the borrower’s account. The loan number will be between 75 and 99, starting backwards from 99. The ADPS TC 1L is associated with the charge.

Note: PLCE charges are **never** charged to an existing cost item “loan”. PLCE’s must tie back to an original Agency-funded loan.

When the loan being charged is a direct FO loan, the PLCE charge is reflected as an advance on the loan; a separate “loan” is **not** created. The transaction is identified by ADPS TC 1L in the borrower’s online history.

When a PLCE charge falls under Inventory Property, ADPS TC 1X reflects the charge.

PLCE charges on Judgment accounts are shown as an ADPS TC 1I transaction.

Note: Interest accrues at the same interest rate as the loan associated with the charge.

H Using Third-Party Vendors for Lien and/or Record Searches

According to 3-FLP, subparagraph 373 A and 4-FLP, subparagraph 99 B, applicants and/or borrowers are responsible for the costs associated with lien searches, filings, and recordings. Fees collected from the applicant/borrower will be remitted through the National Receipts and Receivables System using code 36 or 38.

When establishing and maintaining third party vendor services, direct financing “R” funds will be used with PAC code 1NE and/or 2NE. However, any excess monthly or annual subscription or user fees not associated with the specific record search will be paid from the *--program account “A” with PAC codes 1D2 and/or 2D2.--*

Note: Where third party vendor services are not established, agency officials will follow local guidance established in issued supplements.

166 Processing Routine Loan Account Maintenance “Non-contractual” PLCE’s**A Forms**

The following forms are used for “non-contractual” PLCE processing.

- **FSA-2128** is the only form required to initiate and pay non-contractual PLCE requests--* as described in subparagraph 163 B.
- **FSA-2171** is a substitute invoice used only in unusual instances where there is no existing vendor invoice; vendor invoice information is never transferred to FSA-2171.
- **FSA-2172** is used for requesting Emergency PLCE vendor checks per *--subparagraph 171 F.--*
- **FSA-2173** is used to establish a FMMI vendor record using the PVND process as described in the FMMI User Guide.

B Filing Requirements

- *--FSA-2128 and all documents related to recoverable PLCE’s are filed in the borrower’s--* case file and treated as a debt instrument.

PLCE documents for non-recoverable PLCE’s should be filed in the borrower’s case file as part of the running record of actions taken on behalf of the borrower or applicant. Documents for non-recoverable cost items are not debt instruments.

County and State Offices should establish and maintain an operational file for PLCE activity according to 32-AS.

C Vendor Selection

There is no vendor selection process for routine loan account maintenance. For an item to fall under this category, the vendor and cost are both non-negotiable and outside FSA’s control, and not paying the bill negatively impacts the Agency’s financial and/or security interests.

D FMMI and DATA Act Requirements

- Most non-contractual PLCE’s must be given an assigned unique 18-digit alpha-numeric *--FAIN by the PLCE Monitor at the time of budget approval and entered on FSA-2128.--*

Note: For non-contractual cost items involving Government Inventory Property, there is no FAIN configuration. The contract number entry will always be “NONDATAACT.”

--166 Processing Routine Loan Account Maintenance “Non-contractual” PLCE’s (Continued)*D FMMI and DATA Act Requirements (Continued)**

TPOC’s and PLCE Monitors are cautioned in using the PAC 2N5 for legal document expenses. The following **must** be noted and followed.

- If copies of documents are obtained or filed as part of the normal course of business and **“A” funds** are used, those actions are considered to be for the benefit of the applicant or borrower. The FMMI ZMY Contract Number field must be populated using an **18-character FAIN string**.
- If the action is for the benefit of the Agency, such as when documents are corrected because of Agency error, **“A” funds** are used and the FMMI ZMY Contract Number field will be populated with **“NONDATAACT”**.
- If copies of documents are obtained for, or filed during, an adverse loan servicing action such as a third-party or Agency foreclosure, that transaction must be processed as a recoverable cost item and use of **“A” funds** is **not permitted**.

The PLCE Monitor and State FMMI users should see the FMMI User Guide for additional guidance and step-by-step instructions on FAIN configurations and instructions not included in this Part or identified in the workflow provided in subparagraph F.

An internal tracking system for the FAIN is required. A tracking system for monitoring the State PLCE budget is recommended.

E Processing Payments for Non-Contractual PLCE’s

The Debt Collection Improvement Act of 1996 mandates using EFT as the payment method for Government disbursements; however, there are exemptions to the EFT requirement that directly impacts non-contractual cost items.

Unless direct deposit is required by State law, it is **recommended and permitted** to request US Treasury Checks for cost items to State and local Government vendors. This includes payments for delinquent taxes, UCC filings or mortgage satisfactions, and other similar expenses. Because of the nature of those transactions, the Operational Hardship exclusion applies.

Checks obtained to pay lienholders using the 2N4 PAC also fall under the Operational Hardship exclusion because US Treasury checks usually are required at the liquidation sale.--*

166 Processing Routine Loan Account Maintenance “Non-contractual” PLCE’s (Continued)**F Required Roles for Processing PLCE “Non-Contractual” Requests**

To fully process any PLCE non-contractual request, the following roles are required:

- TPOC
- * * * PLCE Monitor
- FMMI PLCE PO Processor
- FMMI PLCE PO Approver
- FMMI PLCE TY Processor
- FMMI PLCE TY Approver.

See Exhibit 21 for additional guidance, as needed.

G Workflow Process for Routine Loan Account Maintenance (“Non-Contractual”) Expenses

Simultaneous funds commitment and disbursements for “non-contractual” items are common and permissible. Tax notices and other documents from the vendor source are considered the invoices. That information should **not** be transferred to the FSA-2171. Always use original documents to support the PLCE funds commitment and payment whenever possible.

Field and State Offices will take the following steps for routine loan account maintenance PLCE items.

*--

Step	With Invoice	Invoice Pending
1	TPOC is notified or receives notification of PLCE and refers to Exhibit 25 for authorization and terms. If TPOC is uncertain of how to proceed, TPOC will contact PLCE Monitor for guidance.	TPOC determines, or is notified of, PLCE need and refers to Exhibit 25 for authorization and terms. If TPOC is uncertain if or how to proceed, TPOC will contact PLCE Monitor for guidance.
2	TPOC completes and signs FSA-2128, attaching invoice and any other necessary documentation related to the PLCE. Documents are sent to the PLCE Monitor for further processing.	TPOC completes FSA-2128, and, along with any other necessary documentation related to the PLCE, sends request to the PLCE Monitor for processing.
3	PLCE Monitor receives and reviews FSA-2128 for accuracy, completeness, and validity, consulting with FLC, as necessary.	PLCE Monitor receives and reviews FSA-2128 for accuracy, completeness, and validity, consulting with FLC, as necessary.

167 Processing Micropurchase PLCE's

A Forms

The forms associated with PLCE micropurchases include.

- **FSA-2128** is required to initiate and pay **non-appraisal** micropurchase PLCE requests with a total cost at or below the micropurchase threshold limit of \$2,500.00 as described in subparagraph 163 C. Additional documents may be required depending upon what is needed and State procedure. TPOC's should contact their ARMP or Contracting Officer when guidance is needed.
 - ***--FSA-2128** is also required to initiate and pay appraisals products (noted in subparagraph 163 C of this part) at or below the micropurchase threshold of **--*** \$10,000.00. Additional documentation may be required depending upon State procedure. TPOC's should contact their APOC, ARMP, or Contracting Officer when guidance is needed. FSA-2128 for appraisal products will be processed in NATS.
- Note:** Once a PLCE item exceeds the \$2,500.00 (non-appraisals) or \$10,000.00 (appraisal products) threshold, it must be handled according to paragraph 168, including after-award modifications requested by the vendor that raises the initial total of funds committed.
- **FSA-2172** is used for requesting Emergency PLCE vendor checks for non-appraisal micropurchases as described in subparagraph 170 G. Emergency checks for micropurchases are very rare and usually involve an emergency custodial livestock situation. Real estate and chattel appraisers are **never** paid using the Emergency PLCE payment process.

Micropurchase vendors are required to submit an invoice according to the instructions in Exhibit 20. For appraisal products, the telephone number and UEI number are not required on the invoice as they will be available in the NATS Vendor profile. FSA-2171 is **not** used for micropurchases.

- *--All micropurchase vendors operating under this subpart must register in SAM. FSA-2173--*** is **not** used for or by micropurchase vendors. ARMP should contact the National Office in instances of one-time only vendors needed in emergency custodial situations.

Additional information about real estate and chattel appraisals is provided in Part 6.

167 Processing Micropurchase PLCE's (Continued)

B Filing Requirements

* * * FSA-2128 and other documents related to recoverable cost items are treated as a debt instrument and filed in the borrower's case file.

*--Documents for non-recoverable cost items are not debt instruments. Since "A" funds are non-recoverable, there is no need to file "A" funds PLCE documents in the borrower's casefile. These documents are adequately stored in NATS.

ARMP's are required to maintain a log of transactions and rotation of awards among vendors and maintain secured transaction files containing all relevant transaction information. For appraisal product acquisition, NATS fulfills these requirements.

NATS automatically rotates vendors and tracks the vendor rotation. Documentation of vendor rotation and appraisal awards is provided by NATS reports "Vendor Rotation Report" and "Work Order RE Admin Review Report: available in OBIEE / Datamart accessible from the NATS Reports menu option.

NATS also has a document repository that is used to store transaction files for each work order. The transaction files will contain, at a minimum, the following documents when they are applicable to the work order type.

Item	Description
Requisition	Request for service with documentation that identifies the Government need, Government cost estimate, proof of funding availability, and authorized signatures. FSA-2128 is considered a "requisition".
Required Requisition Documents	Program documents used in addition to FSA-2128 that support the requisition, including and not limited to, copies of e-mailed requests for quotes, quote response, engagement letter, appraisal order or task order, SAM search documentation, complete SAM registration documentation, etc.
FMMI Funds Commitment Document	A copy of the posted FMMI ZMY Adobe form that contains the FMMI user identifiers, date, and time stamps.
Invoice	Invoice submitted to Agency by the vendor when services rendered. Invoice must match posted FMMI TY document.
FMMI Payment Document	A copy of the posted FMMI TY Adobe form that contains the FMMI user identifiers, date, and time stamps.
Acceptance of Service Document	Program acceptance of service or product will be an e-mail or other documentation that may include FSA-2167, FSA-2165, or acceptance from staff appraiser based on the technical review.
Correspondence	All related e-mails, letters, documented telephone calls, and other relevant documents.

--*

167 Processing Micropurchase PLCE's (Continued)**B Filing Requirements (Continued)**

*--For appraisal product acquisition, NATS generates and saves many of the transaction files, however, ARMP must manually upload the additional documents to NATS including the quote response, SAM search documentation, invoice, appraisal, review(s), FMFI documents, and any additional transaction documents listed above. NATS fulfills the requirement for maintaining transaction files.

All transaction files will be retained for a period of seven years from the date of the final payment. Use file codes:

- CONT-2(a) for transactions over \$2,000.00
- CONT-2(b) for transactions less than \$2,000.00.

The transaction files will be subject to random audits by the FBC AD POA compliance designee. Contracting Officers also may conduct routine file reviews without permission from the FBC staff.

C Vendor Selection

In addition to requesting PLCE funds commitment and disbursements, * * * FSA-2128 is used to record associated market research information. The ARMP will contact appropriate vendors to conduct market research for the required service and make the appropriate entries *--in FSA-2128. Purchases should be consistent with established guidelines for required--* sources of services and applicable acquisition procedures for making micropurchases.

How much market research a PLCE requires is dependent upon the dollar amount provided to the ARMP. ARMP's will conduct enough market research to ensure that the Government gets a good value for its money in terms of reasonable price and timely, reliable and quality service.

When making micropurchases, ARMP's will identify the service that best satisfies the PLCE requirement, weighing both price factors and non-price factors like time of delivery. Higher priced contractors may be used if it represents a better value; however, it is the ARMP's responsibility to perform basic comparison-shopping and briefly document the basis for vendor decisions.

All micropurchase vendors must register in SAM; see subparagraph 165 A.

Vendor selection for real estate and chattel appraisals will be handled according to Part 6 and State instructions.

167 Processing Micropurchase PLCE's (Continued)**C Vendor Selection (Continued)**

All appraisal product purchases that are above \$2,500.00 require that 3 quotes be obtained or *--documentation as to why they were not obtained must be included on FSA-2128, Part C and in the NATS work order (ARMP work file).

Note: The following are market research comments which may be included on FSA-2128:

- “The price was determined to be fair and reasonable for the government based on past experience and knowledge of the local market.”

Note: NATS automatically rotates vendors. If action is completed outside of NATS comment on vendor rotation.--*

- “The vendor appraiser was selected since they had completed an appraisal on the subject property on (effective date of prior appraisal). The price was determined to be fair and reasonable for the government and to be in the government's best interest for consistency in the valuation process.”

D FMMI and DATA Act Requirements

PLCE Monitors will ensure micropurchase PLCE's are annotated as “NONDATAACT” in the contract number field of the FMMI Adobe form. The State PLCE Monitor and State FMMI PO Processor should see the FMMI User Guide for additional guidance and DATA Act-specific instructions.

167 Processing Micropurchase PLCE's (Continued)**E Processing Payments for Micropurchase PLCE's**

The Debt Collection Improvement Act of 1996 mandates using EFT as the payment method for Government disbursements. There are no exemptions for micropurchase PLCE's for the EFT process. If a micropurchase vendor is unable to accept the EFT payment method, the PLCE Monitor or ARMP will contact the National Office for guidance in hardship situations.

Standard payment terms are net 30 days. Whether a vendor is paid net 30 days or payment is accelerated to ACCP completely depends upon the FMMI vendor record and how the vendor is categorized in SAM. FMMI-generated payment terms should not be changed.

F Required Roles for Processing PLCE Micropurchase Requests

To fully process a PLCE micropurchase request, the following roles are required:

- TPOC
- State PLCE Monitor
- APOC, ARMP or Contracting Officer, as determined by State procedure
- FMMI PLCE PO Processor
- FMMI PLCE PO Approver
- FMMI PLCE TY Processor
- FMMI PLCE TY Approver.

See Exhibit 21 for guidance on roles.

167 Processing Micropurchase PLCE's (Continued)**G Workflow for PLCE Micropurchases**

For ease of understanding the following workflow, the term ARMP is used exclusively. It is understood some States may use:

- an ARMP for all non-appraisal micropurchases;
- *--an APOC for all appraisal products;
- an ARMP for both appraisal products and micropurchases; or--*
- a combination of ARMP and APOC.

Insert the applicable position for your State wherever "ARMP" is used.

For those States having all FLO, FLM, and FLS/FLC designated as an ARMP, dual roles as TPOC and ARMP exist. If there is no separate TPOC in the office initiating the PLCE request, then FLO, FLM, or FLS/FLC will perform all TPOC duties in addition to all ARMP duties listed in the workflow.

Note: Exhibit 21 permits the PT to be designated as TPOC. ARMP responsibilities must be performed by ARMP and may not be re-delegated.

References to the completion of certain sections of FSA-2128 within the workflow are included to assist with understanding the micropurchase process. These references do not replace the form's posted instructions for completion.

ARMP's should see Exhibit 24 for additional guidance on making micropurchases.

167 Processing Micropurchase PLCE's (Continued)

G Workflow for PLCE Micropurchases (Continued)

The following table contains workflow steps for PLCE Micropurchases.

Step	Action
1	<p>Non-Appraisal: TPOC determines PLCE need and refers to Exhibit 25 for authorization and terms. TPOC completes FSA-2128, Part A, in its entirety. TPOC sends to ARMP, FSA-2128 and all other applicable documentation required by State instructions.</p> <p>Note: It is recommended that the TPOC include the PLCE Monitor in the electronic transmission of FSA-2128 to the ARMP if TPOC and ARMP are not the same person.</p> <p>Appraisal: TPOC completes FSA-2128, Part A and sends to APOC/ARMP, along with and all other applicable documentation required by Part 6.</p> <p>Note: NATS does not require TPOC signature.</p>
2	<p>ARMP/APOC conducts market research by telephone or email using the information provided by TPOC. Results of market research are recorded on FSA-2128.</p> <p>If market research establishes the PLCE as a micropurchase, ARMP/APOC will *--complete the assessment, confirm vendor eligibility in SAM and/or FedDataCheck, record the UEI number, and complete acknowledgements.--* ARMP/APOC digitally signs the authorization for the ZMY entry in FMMI and forwards FSA-2128 to the PLCE Monitor and the process continues in step 3.</p> <p>If the feedback from vendors indicates PLCE is a contractual purchase, ARMP will make a vendor recommendation or annotate on FSA-2128 that PLCE exceeds the ARMP's authority. ARMP/APOC will proceed using guidance in subparagraph 168 G; use of this flowchart is concluded.</p> <p>Note: ARMP/APOC does not make micropurchase or notify vendor of award at this step.</p>
3	<p>PLCE monitor receives and reviews FSA-2128 and complete Parts C and D. If inconsistencies or incorrect information are found, PLCE Monitor will work with TPOC and ARMP to resolve the matter.</p> <p>Note: In States or US Territories wanting to internally sub-allocate funding for appraisals to APOC, budget approval occurs with the PLCE Monitor only. There is no FMMI mechanism for sub-allocating beyond the PLCE Monitor level.</p>

167 Processing Micropurchase PLCE's (Continued)

G Workflow for PLCE Micropurchases (Continued)

Step	Action
4	<p>*** PLCE Monitor forwards *** FSA-2128 to PLCE PO Processor for entry of ZMY transaction in FMMI, as provided in the FMMI User Guide.</p> <p>Note: For contractual purchases, PLCE PO Processor will commit funds for the vendor recommended by ARMP/APOC. If changes are necessary after the Contracting Officer reviews documents, PLCE PO Processor will handle using the Obligation Modification process.</p>
5	PLCE PO Processor enters ZMY into FMMI and notifies PLCE PO Approver of parked ZMY document.
6	<p>PLCE PO Approver posts the FMMI ZMY transaction and returns the completed *** FSA-2128 and the FMMI ZMY Adobe form to both the ARMP/APOC and *** PLCE Monitor.</p> <p>Note: Micropurchase responsibilities for the *** PLCE Monitor conclude at this step.</p>
7	<p>*--ARMP/APOC notifies the vendor of the micropurchase and award. ARMP/APOC notifies TPOC of vendor award and ensures copies of FSA-2128, ZMY Adobe form, and all vendor award documents are provided to TPOC for placement in the applicant or borrower's case file and PII-secured operational file. NATS fulfills the filing requirement for all non-recoverables.</p>
8	<p>Once services are rendered, or product received, and vendor invoice received, TPOC and/or ARMP/APOC must perform a timely inspection and acceptance of the product or work performed.</p> <p>*--ARMP/APOC completes FSA-2128, Part J, Partial Payment, or Park K, Full Payment authorizing payment to vendor. Vendor invoice and FSA-2128 is--* forwarded to the PLCE TY Processor for initial entry into FMMI.</p> <p>***</p>
9	PLCE PO Processor enters TY into FMMI and notifies PLCE PO Approver of parked TY document.
10	PLCE TY Approver posts the FMMI TY transaction as described in the FMMI User Guide. PLCE TY Approver ensures the ARMP/APOC, *** PLCE Monitor and TPOC are provided digital copies of the completed *** FSA-2128 invoice and TY Adobe form.
11	TPOC ensures all TY documentation is placed in applicant or borrower's case file *--and PII-secured operational file. NATS fulfills the filing requirement for all non-recoverables.--*
12	End

167 Processing Micropurchase PLCE's (Continued)

H Modifying Initial Micropurchase Commitment

Invoices received for an amount greater than the agreed-upon purchase price are **not** acceptable. All vendors are required to contact the Agency about any necessary change to previously agreed-upon terms **before** completing the work or submitting an altered invoice.

If a pricing modification will put the total amount to be invoiced above the \$2,500.00 *(non-appraisals) or \$10,000.00 (appraisal products) threshold, the PLCE is no longer a--* micropurchase and **cannot** be processed as such. When a situation like this occurs, the State PLCE Monitor and ARMP will discuss the matter with a Contracting Officer or FBC Operations Branch, whichever is applicable, to handle the situation according to FAR and Departmental regulations.

168 Processing PLCE Contractual Items

A Forms

*--Forms used for PLCE contractual transactions may vary depending upon the Contracting Officer preferences and State procedure. FSA-2128 will be used for PLCE funds commitment, DATA Act, and ZMY/TY annotations.

B Filing Requirements

All documents related to recoverable cost items are treated as a debt instrument and filed in the borrower's case file.

Documents for non-recoverable cost items are not debt instruments. Since "A" funds are non-recoverable, there is no need to file "A" funds PLCE documents in the borrower's casefile. Those documents are adequately stored in NATS.--*

County and State Offices should establish and maintain operational files for contractual PLCE activity according to 32-AS and Contracting Officer guidance.

C Vendor Selection

Vendor selection is handled by the Contracting Officer or Contracting Specialist. The ARMP may make recommendations only. The Contracting Officer does not have to accept the recommendation and has total authority under FAR to handle the contractual request as they deem appropriate.

D FMFI, the DATA Act and Other Requirements

FMFI, DATA Act requirements, use of IAS and entry of PLCE items in FPDS-NG are applicable to all contractual expense items.

IAS and FPDS-NG entries are not FLP-related topics and are addressed in FPAC Procurement Operational Plan and FAR. Contracting Officers and Contracting Specialists are responsible for ensuring IAS and FPDS-NG are populated according to established procedures.

When the ZMY is posted in FMFI, the * * * PLCE Monitor will ensure that the PIID number is entered on * * * FSA-2128. The contract number generated in IAS must be provided to the * * * PLCE Monitor by the contracting staff upon completion of IAS entries. The * * * PLCE Monitor forwards that information to the National Office contacts listed in subparagraph 161 C to ensure DATA Act compliance. See subparagraph 168 G.

--The PLCE Monitor and FMFI users should see Section 7.3 of the FMFI User Guide for-- additional guidance.

--168 Processing PLCE Contractual Items (Continued)*E Processing Payments for Contractual PLCE's**

Using EFT is required. Only if an individual does not have an account at a financial institution, or if there is an operational hardship whereby the vendor's regular business process is severely hindered by receiving payment through EFT, payment by US Treasury check is permissible under 31 CFR Part 208.

Payment is made according to the vendor record. Most contractual expenses are paid "net 30 days," meaning the vendor is paid within 30 days of receipt and acceptance of the services obtained.

F Required Roles for Processing Contractual PLCE's

To fully process a PLCE contractual purchase request, the following roles are required:

- TPOC
- ARMP, APOC, or Contracting Officer, as determined by State procedure
- State PLCE Monitor
- FMMI PLCE PO Processor
- FMMI PLCE PO Approver
- FMMI PLCE TY Processor
- FMMI PLCE TY Approver
- IAS Requisitioner
- IAS Budget Approver
- IAS Approver.

See Exhibits 21, 22, 23 and 24 for additional guidance, as needed.

Because of the complex and unique nature of PLCE transactions in IAS and FMMI, good communication between all parties is encouraged.--*

168 Processing PLCE Contractual Items (Continued)

G Basic Workflow for Contractual PLCE's

As specified by FAR 1.602-1(b), only the Contracting Officer has the authority to enter into an agreement with a vendor for contractual supplies or services. The following workflow assumes use of the APOC and ARMP roles. * * * States will follow specific guidance provided by * * * FBC AD Operations Branch when applicable.

A basic workflow is as follows.

Step	Action
1	TPOC identifies the PLCE requirement and completes the necessary fields on *--FSA-2128 and forwards to ARMP or APOC, as applicable.
2	ARMP or APOC performs market research to obtain vendor's information and completes the necessary fields on FSA-2128. Once ARMP/APOC determines a need for Contracting Officer's involvement (market research pricing received is over the \$2,500.00 (non-appraisals) or \$10,000.00 (appraisal products) micropurchase threshold), ARMP/APOC makes recommendation for vendor selection including justification, includes supporting documents, and submits the--* entire package to the PLCE Monitor.
3	On * * * FSA-2128, the PLCE Monitor: <ul style="list-style-type: none"> • confirms budget availability or requests funding from the National Office, as needed; • assigns the PAC and determines correct PLCE funds account; • enters FMFI vendor ID number, and • enters Placeholder PIID.
4	PLCE Monitor forwards * * * FSA-2128 to the PLCE PO Processor for entry into FMFI. <ul style="list-style-type: none"> • The only way for FLP to guarantee availability of funds is to commit the funds through the ZMY, a purchase order transaction made in FMFI. When the ZMY is posted by the PLCE PO Approver, the Contracting Officer receives a PDF file showing name of Processor and Approver with date and time stamps of when the transaction went into FMFI. • Placeholder Procurement Instrument Identifier (PIID) is used during ZMY entry until Contracting Officer completes the procurement process and issues purchase order to vendor in IAS.

168 Processing PLCE Contractual Items (Continued)

G Basic Workflow for Contractual PLCE's (Continued)

Step	Action
5	PLCE PO Processor “parks” the ZMY transaction in FMMI and requests PLCE PO Approver to “post” the financial commitment.
6	PLCE PO Approver posts ZMY and provides PLCE Monitor with the posted ZMY Adobe form, which then is attached to * * * FSA-2128.
7	PLCE Monitor forwards entire package, including all forms, documents, and FMMI ZMY Adobe PDF are forwarded to the IAS Requisitioner for attachment to the IAS Requisition.
8	IAS Requisitioner enters the transaction and uploads all forms and documents into IAS and forwards it to the IAS Budget Approver.
9	IAS Budget Approver approves the transaction. Based on the IAS Budget Approver’s authorization chain, transaction is automatically forwarded to a specific *--individual (either Contracting Officer or FBC, AD, POAB Section Chief for further assignment to FBC, AD, POAB Contract Specialist, as applicable).--*
10	<p>Contracting Officer receives IAS Requisition, FSA forms and all associated documentation, as applicable. Contracting Officer makes final vendor selection based on applicable FAR, AGAR, and other applicable laws, regulations, and procedures and “processes” request up to the point of being ready for IAS purchase order release. The purchase order is not yet placed at this time.</p> <p>It is understood that the Contracting Officer or Contracting Specialist is within their authorities to:</p> <ul style="list-style-type: none"> • contact the TPOC, ARMP or APOC, and/or the PLCE Monitor when additional information is needed for the requirement; • contact any of the vendors previously contacted by the ARMP or APOC regarding the requirement; and • only Contracting Officer can make the determination on vendor selection. The selected vendor may or may not be the party recommended by the ARMP or APOC. It may be also a vendor not previously contacted by the ARMP or APOC.
11	The assigned Contracting Officer or Contract Specialist proceeds with completing the procurement process resulting in issuance of a purchase order to the vendor.
12	Once the purchase order is prepared and signed by the Contracting Officer, Contract Specialist will contact ARMP or APOC and provide a copy of the contract award document. The Contracting Officer/Contract Specialist will send the award to the vendor and copy all parties.

168 Processing PLCE Contractual Items (Continued)

G Basic Workflow for Contractual PLCE's (Continued)

Step	Action
13	<p>ARMP or APOC will.</p> <ul style="list-style-type: none"> • Notify PLCE Monitor of IAS-generated Contract Number (SF-1449, Block 4). • PLCE Monitor sends e-mail with ZMY number and Contract Number to the National Office contacts provided in 1-FLP, Part 7, subparagraph 161 C. National Office accesses FMMI DATA Act file and changes Placeholder PIID with valid Purchase Order Number. • Notify the TPOC that the award is made and ensure the completed * * * FSA-2128, the posted ZMY, and any other applicable documents and forms are provided to the TPOC for their files and placement in the Agency contract file.
14	ARMP/APOC notifies Contracting Officer and Contract Specialist of acceptance and final payment and provides all applicable documentation and related information such as: proof of services delivered and accepted by the government, vendor's request for payment, and actual payment confirmation.

H Modifying Initial Contractual PLCE Requests

Invoices received for an amount greater than the agreed-upon purchase price are not acceptable. All vendors are required to contact the Agency about any necessary change to previously agreed-upon terms **before** completing the work or submitting an altered invoice. The * * * Contracting Officer * * * will work with the vendor and * * * PLCE Monitor if it becomes necessary to modify the previously agreed upon terms.

No payment, regardless of amount, is made to a vendor **before** the completion and acceptance of the work performed.

169 FMMI**A Background**

FMMI is a commercial off-the-shelf web-based financial management system that provides online, real-time transactions, and on-demand query capabilities used Department-wide for all USDA financial and accounting functions. For PLCE, FMMI captures the following data:

- State allocations in 4 PLCE funding accounts
- ZMY transactions
- disbursements
- accounting adjustments related to ZMY or invoice modifications
- DATA Act reporting
- penalty interest
- manual disbursements
- post payment adjustments
- vendor records
- FSA client records.

The FMMI BOPR table stores and validates borrower and inventory property loan information to ensure that customer data entries are accurate and back-fed correctly to PLAS. See the FMMI User Guide, Section 6 for additional guidance.

B User Guide

The FMMI User Guide must be used in conjunction with this Part. It is located on the FSA FLP Intranet website under Software User Guides at <https://inside.fsa.usda.gov/program-areas/daflp/software-manuals/index>.

169 FMMI (Continued)

C Requesting FMMI Access

Request access to FMMI according to the following.

New FMMI users are required to complete the FMMI Quiz – Introduction to FMMI-PLCE Policies course that is available in AgLearn. A copy of the employee’s FMMI quiz certificate should be sent to the contacts listed in subparagraph 161 C.

Before submitting the user access request form to FMD’s System Maintenance Team, first-time account holders must self-register in FMMI.

Self-register at <https://nfc.usda.gov/FSS/ClientServices/FMS/>.

- Click the “FMMI” button under “Launch a Financial Application”.
- CLICK “Log In with PIV/CAC” or log in with your e-Auth user ID and password.
- Click on the “Click to Register” selection button.
- Enter your self-registration information and CLICK “Register” when complete.
- You should receive a “Registration Successful” notification.
- Log off.

A fillable PDF of the user access request form can be obtained from the FSA FLP Intranet website. Using the FPAC ServiceNow site, the employee will submit the completed and approved user access request form through Financial Management Portal – Request Type: Systems at **Financial Management - FPACNow (servicenowservices.com)**. A copy of the completed and approved user access request form must be attached to the ServiceNow ticket request.

D Unlocking a FMMI Account

Employees whose accounts are administratively locked due to the 30-day inactivity guidelines are required to log a ticket on the FPAC ServiceNow site – Financial Management/Systems at **Financial Management - FPACNow (servicenowservices.com)**.

170 Correcting or Changing FMMI Transactions

A Modifying or Canceling a Financial Commitment (ZMY)

State Office shall see the **FMMI Document Chain Report** to confirm the status of the financial commitment ZMY transaction or invoice TY requiring modification.

Note: If making a vendor change, a new purchase order and ZMY transaction is required. The original ZMY must be modified in FMMI to reflect a \$0.00 line item amount.

To initiate a modification or cancellation of an obligation, the County Office will submit *--FSA-2128 to the PLCE monitor for processing in FMMI. Contracting officers should be--* informed of any modification or cancellations of contractual requests.

The process for modifications or cancellations of current FY obligations is as follows.

Document Status Action	Document Status Action
Obligation (ZMY) with No Disbursement.	Obligation Modification/Obligation Change.
Obligation (ZMY) with Partial Disbursement.	Obligation Modification/Obligation Change. If changing amount, new line amount may not go below available balance.
Obligation (ZMY) with Full Disbursement of All Line Items.	Obligation Modification to reflect amount actually paid.
Invoice TY with No Treasury Activity.	Pre-Payment Modification/Invoice Change.
Invoice TY with Treasury-in-Transit (TI) or TC.	Post-Payment Modification.

Additional guidance is located in the FMMI User Guide.

B Correcting PLCE Transactions on Discrepancy

Although FMMI has any number of checks and balances to ensure accurate transactions, errors occasionally happen. If there is a problem with the FMMI to PLAS backfeed of a recoverable cost item, the 1L, 1X, or 1Y will sit on the discrepancy with no notification to the County Office that the discrepancy exists.

Using the PLAS Transaction Manager in DLS, recoverable PLCE charges should be monitored to confirm the charge is applied to a borrower's account or inventory property within 30 to 45 calendar days from the date of the FMMI TY transaction. If a County Offices notices a PLCE charge on discrepancy, the **only** way to correct that discrepancy is through FMMI using the **Post Payment Adjustment** process. The RD Business Center does not have the authority to alter PLCE transactions.

If the charge is not found using DLS, County Offices are advised to access NITC/ADPS to research a possible issue with the PLAS to DLS backfeed of PLCE cost items. If a problem is found, the PLCE monitor should be contacted for additional assistance. Do not contact the RD Business Center unless directed by the National Office.

171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments

A Stopping Payments for Funds Not Issued

If the scheduled pay date for the posted TY document is within **3 workdays** of the current date, a payment **cannot** be stopped. The scheduled date is found using the FMMI Document Chain Report and is calculated based on the payment terms and “Baseline Date.”

Example: The Document Chain Report shows a baseline date of 03-16-2012. The current date is 04-18-2012. Payment terms are PP30. The payment **cannot** be stopped because the current date is within 3 workdays of the baseline date and payment terms of “net 30 days.”

If the invoice TY document:

- has not been posted, process a purchase order modification to cancel the original ZMY transaction
- is posted, and the FMMI Document Chain Report does **not** reflect TI or TC entries for the TY:
 - process an invoice modification to cancel the original TY transaction
 - *--initiate a purchase order modification to cancel the obligation if the cost item or transaction is no longer required--*
- is posted, and TI or TC entries **are** found in the FMMI Document Chain Report, contact the vendor for the return of funds.

B Inquiring on Mishandled or Lost Disbursement

When a vendor notifies the Agency that a payment was not received, the PLCE Monitor should:

- run the Document Chain Report for the TY transaction
- fully expand the report to see every entry

Note: Look for a TC entry. The payment date must be **more than 10 business days** from the current date to be considered missing.

- verify that there is no TR or KZ for the TY
- determine if the funds were sent to the vendor’s correct “Remit To” address, if paid by paper check
- determine if the funds were sent to the vendor’s current bank account, if paid by EFT.

171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments (Continued)

B Inquiring on Mishandled or Lost Disbursement (Continued)

If there is a TR or KZ reflected on the Document Chain Report for either a paper check or EFT disbursement, a replacement check or subsequent EFT transaction **cannot** be processed until funds are restored to the original obligation. If the payment is no longer needed, the original ZMY **must** be cancelled. If payment is needed, mailing and EFT information will be verified before issuing another TY. NFC will cancel the invoice associated with a return.

If time is critical and funding levels permit, a new ZMY and TY may be generated while waiting for prior transactions to be reversed or cancelled.

To have the mishandled or lost disbursement researched, the PLCE Monitor will send an e-mail to the appropriate points of contact according to subparagraph 161 C. The e-mail must contain:

- ZMY and TY document numbers
- name of vendor and FMFI vendor ID number
- payment date
- check number information, if available
- dollar amount invoiced.

Note: PLCE payments are subject to the U.S. Treasury Offset Program. If a vendor payment is reported as being offset, vendors will be informed to contact the Treasury Offset Program Call Center at 1-800-304-3107. This is no longer an FSA matter.

C Canceling EFT Payments

When canceling an EFT payment, the vendor must contact their banking institution and arrange for the bank to return the electronic funds to the U.S. Treasury. From Treasury, the *--funds are electronically returned to NFC. NFC will cancel the invoice and notify BOB of the cancellation. BOB will then e-mail the State Office to cancel the obligation in FMFI.--* Both the invoice and obligation cancellations will be back-fed through ADPS to the borrower's account.

If the cancellation is for same FY funds, the returned money is returned to the State's allocation once the ZMY transaction is modified in FMFI to reflect \$0.00 for the line item.

171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments (Continued)

D Canceling U.S. Treasury Check

When cancelling a U.S. Treasury check issued for a PLCE vendor payment that was **not** issued for an emergency check the County Office or PLCE Monitor will mail the check directly back to Treasury using the following address.

Department of the Treasury
Philadelphia Regional Finance Center
P.O. Box 51320
Philadelphia, PA 19154

***--Note:** For this subparagraph, do not use FedEx, UPS, or similar mailing method.--*

From Treasury, the funds are returned to NFC. NFC will cancel the invoice and notify BOB of the cancellation. BOB will then email the State Office to cancel the obligation in FMFI. Both the invoice and obligation cancellations will be back fed through ADPS to the borrower's account.

If the U.S. Treasury check needing to be canceled **was** issued for an **emergency check**, the check and FSA-2072 will be mailed to the following address.

USDA/Rural Development
*--P.O. Box 790391
St. Louis, MO 63179-0391

If certified mail, FedEx, UPS, or certified checks, the check and completed and signed FSA-2072 will be mailed to the following physical address.

USDA/Rural Development
Wholesale Lockbox
P.O. Box 790391
3180 Rider Trail S.
Earth City, MO 63045

Note: Do not remove the P.O. Box number.--*

The Collections Branch will provide the cancellation information to BOB. BOB will manually input the cancellation into FMFI and will notify the State Office of the cancellation. Upon notification of the cancellation, the State PLCE Monitor will ensure that the obligation is canceled in FMFI.

171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments (Continued)

E Canceling Non-U.S. Treasury Check

Do not send personal checks or third party checks back to Treasury.

Along with a completed and signed FSA-2072 for the transaction being canceled, the third-party or personal check for full or partial refund will be sent to the following address.

USDA/Rural Development
 *--P.O. Box 790391
 St. Louis, MO 63179-0391

If certified mail, FedEx, UPS, or certified checks, the check and completed and signed FSA-2072 will be mailed to the following physical address.

USDA/Rural Development
 Wholesale Lockbox
 P.O. Box 790391
 3180 Rider Trail S.
 Earth City, MO 63045

Note: Do not remove the P.O. Box number.--*

The Collections Branch will then provide the information to BOB to manually input the cancellation into FMML. BOB will notify the State Office of the cancellation so the State Office can cancel the obligation in FMML.

F Requesting an Emergency Check

Using the ACCP payment term on the TY document works as quickly as an emergency check request and is the preferred method of processing emergency check requests.

Emergency checks will **not** be requested for items covered by DLS workflows, such as UCC renewals. Field Offices should request assistance through the normal PLCE process at least **21 days in advance** of the UCC deadline to ensure that time payment is received. Using the ACCP payment term on the invoice should be used in these instances. See the FMML User Guide for guidance on processing an invoice under ACCP terms.

Emergency check requests should be a rarity and used **only** in emergency situations, such as:

- an unexpected foreclosure sale, U.S. Marshal's sale or similar
- delinquent real estate taxes
- FMML system issue or other problem affecting the ability to process a timely TY document.

171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments (Continued)

F Requesting an Emergency Check (Continued)

To order an emergency check, the State Office will do **all** of the following:

- post the ZMY document before requesting the emergency check from the RD Business Center
- *--FAX the completed FSA-2128, completed FSA-2172, Document Chain Report, and a--* print screen of fund and treasury symbol information shown within the Accounts Assignment tab for the ZMY to the Direct Loan Division at ECM FAX number 314-457-4539

The following is an example of the account assignment screen.

The screenshot displays the USDA Financial Management Modernization Initiative (FMMI) Accounts Assignment screen. The interface includes a top navigation bar with tabs like 'Welcome', 'Accounts Payable', 'Accounts Receivable', 'Funds Management', 'General Ledger Management', 'Interface Table Maintenance', 'Purchasing', 'FMMI Help Desk', and 'FMMI Access Control'. The 'Purchasing' tab is active, showing a sub-menu with 'Purchase Order Process', 'Purchase Order Approval', 'PLCE PO Process', 'PLCE PO Approval', 'Purchasing Evaluation', 'Purchasing Reports', and 'Fed State Local Vendor/Customer Master Data Evaluation/Unmasked P'. The 'Purchase Order Process' sub-menu is expanded, showing options like 'Create Purchase Order', 'Change Purchase Order', 'Display Purchase Order', 'Cancel Purchase Order', 'Award ID PO Update List', and 'Award ID Upload - PO'. The 'Display Purchase Order' option is selected, leading to the 'Accounts Assignment' tab. The screen displays a 'No variant defined' message and a 'Please choose a' dropdown. The main area shows account assignment details for a specific item, including fields for Material Data, Quantities/Weights, Delivery Schedule, Delivery, Invoice, Conditions, and Account Assignment. The Account Assignment tab is selected, showing fields for AccAssCat, Project, Distribution, Single account assignment, CoCode, US Dept of, and various account numbers and codes.

Instructions for obtaining information from the account's assignment tab within FMMI:

- Select Purchasing > Purchase Order Process
- Select Display Purchase Order > Other Purchase Order tab
- Enter ZMY document in the field
- Select Item Detail tab > Accounts Assignment tab
- Take screen print of the information to be included with the emergency check request.

171 Stopping, Canceling, or Replacing Payments and Requesting Emergency Payments (Continued)

F Requesting an Emergency Check (Continued)

- send an email to **all** 3 of the following notifying them of the emergency check request:
 - * * *
 - Samuel Kayser - **samuel.kayser@usda.gov**
 - *--Zachary Skaer – **zachary.skaer@usda.gov**
 - Antoinette Taylor - **antoinette.taylor@usda.gov**.
 - * * *
- send copies of FSA-2128, the FSA-2172 documents, Document Chain Report, and screen print of the account's assignment information to BOB at **SM.RD.CFO.BOB.PLCE@USDA.GOV** for the manual input of the check request into FMMI:

The State FMMI PLCE TY Processor will **not** enter the TY transaction into FMMI.

G Missing Vendor 1099

Vendors inquiring about a 1099 tax form are to be directed to the 1099 Help Desk. The 1099 Help Desk may be reached by either of the following:

- email to **1099helpdesk@usda.gov**
- telephone at 1-800-421-0323.

Part 8 Progression Lending

Section 1 Introduction

201 Overview

A Applicability

[7 CFR 761.101] This subpart applies to all direct FLP applicants and borrowers, except borrowers with only Non-program loans.

FSA's direct loan programs assist family farmers with temporary financial assistance to improve their potential to graduate to securing credit from commercial lenders. To ensure that this program objective is met, FLP direct loan programs:

- have in place:
 - term limits (3-FLP)
 - *--graduation requirements (4-FLP, Part 2)--*
 - market placement to assist eligible borrowers to obtain guaranteed loans (2-FLP)

Note: CL's are **not** subject to term limits or graduation.

- require:
 - borrower training to ensure that guaranteed loans or commercial credit can be obtained in the future (3-FLP, Part 18)
 - FSA and the loan applicant or borrower to complete farm assessments and assessment updates as needed (Section 2)
 - the loan applicant or borrower to prepare a farm operating plan, with FSA assistance as needed (Section 3)
 - FSA to classify accounts (Section 4)
 - FSA, with borrower input, to complete YEA as required (Section 5).

201 Overview (Continued)**B FSA's Role**

--FSA's role is to help its direct loan applicants and borrowers in the progression lending process to:--

- identify short-, intermediate-, and long-term goals consistent with financial success
- pinpoint and prioritize problem areas
- develop strategies and an operating plan to:
 - meet operational goals
 - graduate to commercial credit
- provide objective credit counseling
- evaluate progress and adjust the action plan as needed.

C Applicant/Borrower's Role

The applicant or borrower has the ultimate responsibility for success of the farming operation. FSA serves in an advisory role, providing temporary assistance. Therefore, it is especially important for the applicant or borrower to prepare to graduate to guaranteed or commercial credit by:

- identifying the goals for the operation
- pinpointing and prioritizing problem areas
- developing strategies and a farm operating plan to meet the operation's goals
- evaluating progress and adjusting operating plan as needed
- complying with the borrower responsibilities according to paragraph 202.

202 Borrower Responsibilities**A Recordkeeping and Reporting**

[7 CFR 761.102(a)] A borrower must maintain accurate records sufficient to make informed management decisions and to allow the Agency to render loan making and servicing decisions in accordance with Agency regulations. These records must include the following:

- (1) Production (e.g., total and per unit for livestock and crops);**
- (2) Revenues, by source;**
- (3) Other sources of funds, including borrowed funds;**
- (4) Operating expenses;**
- (5) Interest;**
- (6) Family living expenses;**
- (7) Profit and loss;**
- (8) Tax-related information;**
- (9) Capital expenses;**
- (10) Outstanding debt; and**
- (11) Debt repayment.**

FSA will not dictate or promote using any particular recordkeeping system, so long as the borrower uses 1 that provides the required information.

***--Note:** The authorized agency official will document in FBP whether the applicant has--* selected, established, and maintains the recordkeeping system.

Using OL funds is authorized to purchase a computer and/or recordkeeping software and to attend recordkeeping courses.

202 Borrower Responsibilities (Continued)**B Other Borrower Responsibilities**

[7 CFR 761.102(b)] A borrower also must agree in writing to:

- (1) Cooperate with the Agency and comply with all supervisory agreements, farm assessments, farm operating plans, * * * and all other loan-related requirements and documents;**
- (2) Submit financial information and an updated farm operating plan when requested by the Agency;**
- (3) Immediately notify the Agency of any proposed or actual significant change in the farming operation, any significant changes in family income, expenses, or the development of problem situations, or any losses or proposed significant changes in security.**

Note: FSA-2313 addresses loan approval conditions and borrower responsibilities.

C Borrower Failure to Comply

[7 CFR 761.102(c)] If the borrower fails to comply with these requirements, unless due to reasons outside of the borrower's control, the non-compliance may adversely impact future requests for assistance.

203-220 (Reserved)

Section 2 Farm Assessment

221 Overview

A Objective

[7 CFR 761.103(a)] The Agency, in collaboration with the applicant, will assess the farming operation to:

- (1) Determine the applicant's financial condition, organizational structure, and management strengths and weaknesses;**
- (2) Identify and prioritize training and supervisory needs; and**
- *--(3) Develop a progression lending plan to assist the borrower in achieving financial viability and transitioning to private commercial credit or other sources of credit at reasonable rates and terms, except for CL.--***

An assessment:

- is an evaluation of the applicant's operation, developed jointly with the applicant
- is completed after an applicant, not currently indebted to FSA, provides a complete application
- identifies weaknesses in the operation, prioritizes them from most to least critical, and determines their impact on the operation's needs and goals
- *--helps to identify current operational goals, long-term development and growth plan goals, positive and negative trends in the applicant's management, earnings and capital positions, productivity, and physical assets
- builds a strategy in the areas of planning, counseling, loan controls, analysis, monitoring, borrower training, plans to build and maintain a working capital reserve as well as address the potential use of reserves, and other needs--*
- identifies the strategy to ensure that a borrower graduates to commercial credit before term limits are met, as well as provides for farm transition and estate planning.

The assessment process enables FSA to determine the kind and amount of financial and other assistance needed by the applicant. In conducting assessments, authorized agency officials *--need to draw upon their knowledge, research, expertise, and judgment to arrive at conclusions on local economic conditions, production constraints and capabilities, the farm's historical performance, productive capabilities, adequacy of equipment and facilities, the opportunities of developing and maintaining a working capital reserve, business goals including those for long-term development and growth, and project performance.--* Listening to the applicant's perceptions of the operation is critical to the assessment process.

221 Overview (Continued)**A Objective (Continued)**

--All available resources will be used when developing the plan to assist the borrower to--
address any operational weaknesses and achieve the borrower's goals, including:

- local farm management consultants
- the Extension Service
- educational institutions
- producer associations
- successful local farmers
- fellow FSA employees
- *--other organizations that serve as farmer advocates.--*

222 Elements of an Initial Assessment**A Type of Farming Operation**

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(2) Type of farming operation.

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

(1) Type of farming operation and adequacy of resources;

For ML's made for FO purposes, the adequacy of resources must include an evaluation establishing the value of the real estate.

***--(4) The short- and long-term financial viability of the farming operation, including a--*
marketing plan, and available production history, as applicable;**

222 Elements of an Initial Assessment (Continued)

A Type of Farming Operation (Continued)

The initial assessment must identify or describe the type of farming operation, including:

- the business focus of the operation, including major types of crops, livestock, or other output produced by the farm
- minor commodities being produced, such as fat steers from a dairy operation
- size of the operation, such as number of milking herd and herd average, number of acres being farmed, and projected yields
- market conditions, environmental concerns, and other external factors
- production contracts, capital leases, or other special contractual arrangements that affect the farming operation
- *--ability of the farm to accumulate a working capital reserve that can be used to:
 - take advantage of strategic business opportunities
 - assist in times of financial stress--*
- the effects of special circumstances, if any, related to the applicant's family and organization.

Production Levels. Evaluation of production levels, such as bushels per acre, percent calf *--crop, pounds of milk per animal, and pounds of grain, will include a determination of:--*

- whether there is sufficient capacity to generate projected income
- *--if present levels of production will attain the short- and long-term goals set by the--* applicant.

If production is below area standards, the authorized agency official must discuss with the applicant why this is so and develop plans to improve production. Possible strategies for improvement may include feed analysis, soil testing, or investment in different equipment. If applicable, credit needs for additional investments should be discussed.

Reporting of yields may not be practical or applicable for some operations. For example, an operation producing vegetables on a plot of land, whose production is measured in rows, partial rows, or raised beds in greenhouses, would be better measured by the income for that production space. Also, a producer of eggplants and tomatoes who switches to bell peppers and salad greens for the current production cycle will not have available yields for this cycle and the yields for eggplant and tomato production will not be applicable to the projections for the current cycle. Additional guidance on developing projections for these types of operations is provided in subparagraph 242 A where the use of historical information is discussed.

222 Elements of an Initial Assessment (Continued)**A Type of Farming Operation (Continued)**

Applicability and Appropriateness of Practices. The initial assessment must:

- evaluate existing farm practices, such as herd health and cropping practices, breeding and milking programs, and soil and feed testing
- determine applicability and appropriateness of practices based on what is typical for the area, cost effectiveness of the practice, type of operation, and demonstrated effectiveness.

If the authorized agency official does not know enough about a particular enterprise to make this evaluation, the authorized agency official must consult other resources, such as the Extension Service.

222 Elements of an Initial Assessment (Continued)

A Type of Farming Operation (Continued)

Timeliness of Operations. The initial assessment must evaluate the timeliness of the farm's *--operations. For example, the authorized agency official will determine whether each of--* the following operations, as applicable, is conducted in a timely manner and how this affects the performance of the operation:

- planting
- fertilizer and herbicide application
- harvesting
- calving
- marketing (weight and/or condition)
- breeding
- vaccination.

Appropriateness of Marketing Plan. The authorized agency official must assist the borrower in developing and evaluating a marketing plan. This plan must describe marketing practices *--and strategies, especially for any unique commodities the operation produces. The plan will address whether marketing is accomplished so as to lock in a profit when possible or whether it is done speculatively as the accruing interest on OL's may surpass a price increase obtained by holding back on the sale of commodities. Both short- and long-term goals should be considered.--*

B Goals for the Farming Operation

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

- *--(3) Goals for the farming operation. The short- and long-term goals of the operation, including goals to reasonably increase working capital reserves and savings, including reasonable savings for retirement and education, to support operational stability and growth, and goals for progression towards graduation to commercial credit or eventual self-financing.--*

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

- *--(3) The short- and long-term goals of the operation, including goals to reasonably increase working capital reserves and savings, including reasonable savings for retirement and education, to support operational stability and growth, and goals for progression towards graduation to commercial credit or eventual self-financing.--*

222 Elements of an Initial Assessment (Continued)

B Goals for the Farming Operation (Continued)

Setting goals is essential for the success of any farming operation. The applicant's goals provide the direction for the applicant's business. FSA uses the applicant's goals to help identify the need for financial assistance. The authorized agency official must learn the personal and business aspirations of the farm family and work with the applicant to prioritize goals from most to least important. In many situations, the authorized agency official must have in-depth discussions with the applicant to identify these business aspirations.

--The authorized agency official will work with the applicant to incorporate short- and long-term development and growth goals into the comprehensive farm business planning-- process.

For example, the farm operating plan, progression lending plan, and training plan must facilitate achieving these goals. A farm operation might set goals for reducing expenses or for increasing yields and production level. Corrective measures and goals should be divided into stages for implementation over several years, when appropriate.

*--The assessment must also include an evaluation of the borrower's goals for the accumulation and use of working capital reserves and savings, including savings for retirement and education expenses. Authorized agency officials will:

- assist in developing realistic working capital reserves and savings goals
- ensure that flexible repayment terms are considered to the extent practicable to make progress towards those goals.--*

If the farm operation is an entity, the authorized agency official must meet with all the principals to ensure that the organization's goals are compatible with those of each principal.

The authorized agency official must also:

- identify and evaluate any changes the applicant intends to make, such as expansion of farmland, new buildings, and new management techniques
- *--identify increased credit needs, the need for unequal repayment terms, increased management skills, growth opportunities, and operating efficiency required to accomplish the planned changes
- determine how planned changes relate to the applicant's business goals, including development and growth goals.--*

222 Elements of an Initial Assessment (Continued)

C Adequacy of Real Estate, Including Facilities, to Conduct the Operation

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(4) Adequacy of real estate, including facilities, to conduct the operation.

In evaluating the adequacy and appropriateness of real estate used in the applicant's operations, the authorized agency official must consider the following:

- location and size, including efficiency of location to markets and farm supply dealers
- improvements and repairs needed for improved efficiency
- presence of wetlands, hazardous waste, and underground storage tanks, the adverse effects of their presence, and possible solutions

Note: If a wetland determination has not been previously completed for the project area and is not available from NRCS, the authorized loan official will follow the flow chart in 1-EQ and complete FSA-858 to document their findings. When wetland indicators are found to be present notify the applicant as provided in 1-EQ.

Note: The wetland project area to be evaluated is limited to the specific geographical areas within which an FLP-funded activity actually takes place or those where an environmental resource is influenced as a result of the project. That is, causes changes in use or character. It does not include all farm or related tracts that may be owned or operated by the applicant.

- conservation practices and measures and implementation of conservation plans for program compliance
- probability of continued use
- external factors, such as urban encroachment and new zoning ordinances
- ownership and leasing agreements, especially leasing arrangements relating to both land and chattel.

Note: For ML, see subparagraph A for adequacy of resources.

222 Elements of an Initial Assessment (Continued)

D Adequacy of Chattel Property Used to Conduct the Operation

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(5) Adequacy of chattel property used to conduct the operation.

The initial assessment must evaluate the adequacy of the chattel property, such as equipment and livestock used in the operation, relative to the applicant's goals and the planned level of production. As appropriate, the initial assessment should include comments on ownership, condition, probability for continued use, and any external factors, such as:

- operation life of chattel property relative to loan period
- necessary repairs
- improvements in operating efficiency with use of hired, leased, or owned equipment
- numbers, condition, breed suitability, and age of livestock
- *--future plans for replacing, improving, or expanding livestock herds and equipment.--*

Note: For ML, see subparagraph A for adequacy of resources.

E Farm Organization and Key Personnel Qualifications

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(1) Farm organization and key personnel qualifications.

To provide adequate oversight and training recommendations, the authorized agency official must know who is performing key tasks within the farming operation. The initial assessment must identify the key individuals involved in operating the farm, including any seasonal labor. It also must:

- discuss the specific duties of each person, noting who is responsible for management, labor, resource allocation, and decision making
- evaluate the use of managerial resources and determine whether management choices are contributing to or hampering success in the operation
- determine if the time and effort spent on an enterprise or particular commodity is commensurate with the gains realized.

222 Elements of an Initial Assessment (Continued)

***--F Progression Lending Plan**

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(8) Progression lending plan, except for streamlined CL.

--The authorized agency official must tailor the progression lending plan to the applicant's individual needs and risks associated with the operation. An applicant's involvement and understanding of FSA's responsibilities in providing progression lending are essential to a successful relationship. The authorized agency official must work with the applicant to develop practical plans and realistic timetables for realizing improvements in critical areas. The progression lending plan shall:--

- identify and recommend areas of training which will help the applicant address operational weaknesses, according to 3-FLP, paragraph 472
- schedule the farm visit and record review and track through DLS by using the Farm Visit scheduling, tracking, and monitoring workflow activities
- ensure that the operational analysis will be done in FBP.

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

--(5) Progression lending plan; and--

G Historical Performance

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(6) Historical performance, except for Streamlined CL;

The authorized agency official must consider and analyze significant aspects of the operation's historical production and financial performance, trends, and current condition.

Production Data. The initial assessment must include and evaluate at least the last 3 years of production data for the farm, where possible. The applicant has the discretion to provide up to the last 5 years of production records. The evaluation must consider current production levels (e.g., bushels per acre, percent calf crop, pounds of milk per animal, and pounds of grain). It also must consider whether the farm has a capacity sufficient to generate projected production and to attain the applicant's goals. If an applicant is taking over an operation and the operation will remain substantially unchanged, the assessment may consider the most recent 3 years of production data for the existing operation.

222 Elements of an Initial Assessment (Continued)

G Historical Performance (Continued)

Financial Data. The initial assessment must include and evaluate at least the last 3 years of financial data for the farm or applicant. The applicant has the discretion to provide up to the last 5 years of financial records. Financial data can be gathered from tax returns, applicant records, or FSA records. If an applicant is taking over an operation and the operation will remain substantially unchanged, the assessment may consider the most recent 3 years of financial data for the existing operation, if available, along with the applicant's own living expenses.

Trend analysis must use comparable data for each year. For example, a trends analysis using balance sheets can be done properly only when the balance sheets from different years are "as of" approximately the same dates. Even though the balance sheets may not be submitted on, for example, December 31, 2XXX, the balance sheet may still be prepared "as of" that date.

The initial assessment must evaluate the current management and use of financial resources (income and credit), and how they contribute to or detract from the operation. The assessment shall determine how well financial resources are used in meeting goals and whether the applicant stays within the budget, considering the following:

- appropriateness of income sources
- adequacy of dedicated resources
- appropriateness of credit use
- productivity levels as related to profitability
- effectiveness of income use
- existence of other income opportunities.

Numerous indicators based on actual performance must be considered red flags when analyzing an operation. For example:

- increasing expense-to-income ratio for several years and a large debt load without considerable nonfarm income, especially if the applicant has not suffered from natural disasters
- increasing current liabilities from year to year without corresponding increases in current assets, especially if the applicant has not suffered from natural disasters
- increasing trend in debt-to-asset ratio, while considering fluctuations in land values, the economy, and price levels
- declining working capital position
- declining repayment margins.

222 Elements of an Initial Assessment (Continued)

G Historical Performance (Continued)

The following illustrates how some financial indicators can alert the authorized agency official to potential problems or immediate concerns about the farming operation. For instance, an expense-to-income ratio that stays at 70 percent or higher for several years could indicate a potential problem. The same ratio at 80 percent or more coupled with minimal off-farm income is a cause for immediate concern.

Financial Indicator	Potential Problem	Immediate Concern
Expense-to-income ratio (without interest)	70 percent or more for several years	More than 80 percent with minimal off-farm income
Increased accounts payable	Sudden increase in accounts payable	Accounts payable extended over 2 months without cash-generating assets/ receivable accounts
Liquidity	Ratio less than 1.5 to 1	Ratio less than 1 to 1
Solvency	Ratio of 60 percent or more	Ratio of 75 percent or more

H Farm Operating Plan

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(7) Farm operating plan.

The initial assessment must include a balance sheet and provide a projected farm operating plan.

A breakdown of per-acre expenses by commodity item is ideal when developing a plan of action regarding operating expenses. Examining per-unit costs assists in identifying whether expenses are being applied properly toward those income-generating areas. A per-unit cost breakdown also is useful with livestock production.

--The assessment must evaluate how working capital reserves and savings goals for retirement and education are addressed in the farm operating plan, including an evaluation of how flexible direct loan repayment terms were considered to achieve these goals. This assessment should consider both short- and long-term goals. To the extent practicable, purposes for working capital reserves and savings must be specified in the farm assessment.--

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

(2) Amount of assistance necessary to cover expenses to carry out the proposed farm operating plan, including building an adequate equity base;

222 Elements of an Initial Assessment (Continued)

I Training Plan

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

--(9) Training plan.--

The authorized agency official must describe FSA's initial recommendations for borrower training. The recommendations must assist the applicant in addressing operational weaknesses. See 3-FLP, Part 18 for borrower training requirements.

[7 CFR 761.103(c)] For ML, the Agency will complete a narrative that will evaluate, at a minimum, the:

(6) Training plan.

* * *

222 Elements of an Initial Assessment (Continued)

J Graduation Plan

[7 CFR 761.103(b)] Except for ML, the initial assessment must evaluate, at a minimum, the:

(10) Graduation plan, except for CL.

--Farm Loan Programs, except for YL and CL, are designed to allow borrowers to transition to commercial credit or other sources of credit at reasonable rates and terms in the shortest period of time practicable taking into account the borrower's need to accumulate a reasonable amount of working capital reserves and savings to meet development and growth goals, through the use of progression lending, including the farm assessment and:--

- borrower training, 3-FLP, Part 18
- market placement, 2-FLP, paragraph 72
- borrower graduation, 4-FLP, Part 2.

The authorized agency official must document the borrower's status about graduation and the consideration given each item in this subparagraph. The borrower's progress toward graduation should be noted with any recommendations for further action to achieve graduation.

K Farm Transition and Estate Planning

Farm transition and estate planning involves many personal, and often complex, decisions and should be developed in conjunction with a will and the assistance of attorneys and accountants, as needed, who have knowledge and expertise in agricultural operations.

The authorized agency official will counsel applicants on the importance of establishing a farm transition and estate plan. Applicants should consider the vision, values, and expectations for the future of their farming operation. Identifying successors who will operate the farm, non-farm heirs, and others involved parties, location of important documents, distribution of assets, and resolution of liabilities are important considerations. In addition, a plan to transfer management, ownership, income and labor as part of retirement should be addressed.

--Retirement savings goals will also be evaluated, including an evaluation of how unequal repayment terms were considered to achieve retirement savings goals.--

The initial assessment may address the actions an applicant will take to develop the farm transition and estate plan. The assessment update documents that plans have been developed and are updated, as needed.

Note: The assessment will not address the actual contents nor include the actual documents of the farm transition and estate plans.

222 Elements of an Initial Assessment (Continued)**L Term Limits**

Term limits are part of the assessment and are recorded in FBP. The authorized agency official will complete the Term Limits Screen within the Farm Assessment Narrative each time the assessment is completed or updated.

--A more detailed reference with examples for term limits can be found in 3-FLP, subparagraphs 132 E and 202 D.--

Notes: Term limits for current borrowers are provided in the Customer Profile.

By signing the assessment report, applicants and borrowers indicate receipt and acknowledgement of the term limits.

223 Annual Review and Assessment Update

*--A Annual Review Process

See 4-FLP, Part 2 for annual review process.--*

* * *

B Assessment Updates

[7 CFR 761.103(d)] An assessment update must be prepared for each subsequent loan. The update must include a farm operating plan and any other items discussed in paragraph (b) of this section (subparagraphs 222 B through F and I through J) that have significantly changed since the initial assessment.

This assessment update serves as a gauge for measuring the borrower's progress and the effectiveness of FSA assistance.

C Documentation

If significant changes have occurred, the authorized agency official must document the nature of each change and the reason for the change.

The documentation must address only new or changed information. Documentation in FBP must be adequate to record the type of oversight given, the findings of the review, and any items requiring follow-up.

224-240 (Reserved)

Section 3 Farm Operating Plan

241 Overview

A Objective

The primary objective of the farm planning process is to develop a plan that most accurately reflects the expected cash flow and business activities for the operating cycle. The developed production cycle plan is consistent with the applicant's or borrower's growth and *--development plan goals. The farm operating plan consists of the Balance Sheet Trends, Income/Expense Trends, and Farm Assessment. The farm operating plan documents the--* operation's:

- financial position
- cash flow
- repayment ability
- planned savings for working capital reserves, savings, and retirement and education expenses.

FSA uses FBP to evaluate loan feasibility and the likelihood of achieving financial viability. An applicant or borrower may use an alternative format for the farm operating plan that contains the same information as required by FBP. An original signed copy of the farm operating plan must be retained in the case file.

B Farm Operating Plan Format

FSA uses FBP to perform financial planning, analysis, loan origination and servicing functions, and manage the FLP portfolio. The instructions found in the Farm Business Plan User Guide must be followed to ensure proper documentation. The User Guide is located on the FSA FLP Intranet website under Software User Guides at <https://inside.fsa.usda.gov/program-areas/daflp/software-manuals/index>.

C Timing of Farm Operating Plan

The period of time covered by a farm operating plan should reflect the norm for the type of commodity or agricultural enterprise being farmed in a particular area, considering climate conditions and other factors vital to the successful production of the commodity or agricultural enterprise. If there are any changes to the operation during the cycle of the plan, the changes will be noted on the plan. The revised operating plan will be signed and dated by the borrower and the authorized agency official and will be documented in FBP. In most cases, the period covered by the plan should not exceed 18 months unless special circumstances dictate a longer planning period.

242 Developing Farm Operating Plans

A General

[7 CFR 761.104(a)] An applicant or borrower must submit a farm operating plan to the Agency, upon request, for loan making or servicing purposes.

--A farm operating plan used for loan making or loan servicing decisions will be developed in a manner that advances the applicant's or borrower's plan for short- and long-term goals and will be based on:--

- a typical year's plan for existing farm operations or enterprises without changes
- accurate, verifiable, reliable, and realistic information for new enterprises.

[7 CFR 761.104(b)] An applicant or borrower may request Agency assistance in developing the farm operating plan.

--Applicants are encouraged to obtain technical assistance from their local Service Center or 1 of the many stakeholder organizations that work with farmers and ranchers. Sources of technical assistance include, but are not limited to, Land Grant Universities, Extension Service, State programs, and partner organizations, including 1 of the many grants or cooperative agreements administered by USDA. States may contact their State Outreach or Beginning Farmer and Rancher Coordinator for assistance.--

Note: Applicants using OLA have the option to specifically request FSA assistance in developing the farm operating plan. Assistance should be provided according to 3-FLP, subparagraphs 41 A and D.

[7 CFR 761.104(c)] The farm operating plan will be based on accurate and verifiable information.

Poultry or hog production contracts are the basis of grower income and facility value. The dependability of production contracts has a profound impact on the prospect for loan repayment. "Flock-to-flock" or "turn-by-turn" type arrangements alone may not be a dependable source of income or a reasonable projection of income for poultry or hog applicants who do **not** have current financial performance history with FSA.

Note: For contract income to be considered dependable, the contract must:

- be for a minimum period of 3 years
- provide for termination based on objective "for cause" criteria only
- require that the grower be notified of specific reasons for cancellation
- provide assurance of the grower's opportunity to generate income to ensure loan repayment, by incorporating requirements, such as a minimum number of flocks or turns per year, minimum number of bird or hog placements per year, or similar quantifiable requirements.

242 Developing Farm Operating Plans (Continued)

A General (Continued)

Applicants requesting loans to expand their poultry or hog operation by adding more houses/barns or purchasing additional land to increase the size of the poultry or hog operation, and who **are** presently indebted to FSA, will be required to have a contract with a minimum 3-year term. The contract must at least cover the facilities financed with the FSA loan.

--When contract income **cannot** be determined to be dependable and likely to continue, it **cannot** be used to reasonably project future income. In that scenario, the authorized agency official will:--

- inform the grower of the contract provisions that result in the determination
- provide an opportunity for the submission of a revised contract before a final decision on the request.

Note: Whenever possible, loan requests should be approved subject to modification of unacceptable contract provisions.

[7 CFR 761.104(c)(1)] Historical information will be used as a guide.

The authorized agency official will review the farm operating plan to ensure that it is reasonable, relative to historical performance and local practices and conditions.

To report past yields, documentation, such as operator's sales receipts, financial statements, contracts, and tax returns, may be used by applicants whose operations' past yields do not provide pertinent information for the projected plan. Such operations include vegetable operations in which different crops are grown to meet changing market demands, operations that produce crops using measures such as rows or partial row instead of acres, or operations that grow crops that sell in volumes, such as bunches. For such operations, past reliable history of income and expenses or cash receipts may be used to project the field, greenhouse, or operations' production revenue.

[7 CFR 761.104(c)(2)] Positive and negative trends, mutually agreed upon changes and improvements, and current input prices will be taken into consideration when arriving at reasonable projections.

The impact of industry trends must be assessed when developing farm operating plans used in loan requests from poultry or hog growers, and can be based on standard production budgets developed by contractors, consultants, or extension specialists. While these budgets are accepted starting points, the authorized agency official must ensure that the farm operating plan reflects realistic performance assumptions for each individual situation, including but not limited to the following:

- increased input costs
- changes in unit numbers and weights

242 Developing Farm Operating Plans (Continued)

A General (Continued)

- increased idle time between flocks of poultry or turns of hogs
- other relevant factors that affect net income.

The impact of age, condition, and potential obsolescence of the facilities must be assessed for loans to purchase or refinance existing facilities. The farm operating plan must factor in any reduced efficiency as well as the potential costs for required modernization of existing facilities to comply with the contract's requirements.

[7 CFR 761.104(c)(3)] Projected yields will be calculated according to the following priorities:

- (i) The applicant or borrower's own production records for the previous 3 years;**
- (ii) The per-acre actual production history of the crops produced by the farming operation used to determine Federal crop insurance payments, if available;**

Notes: This does not mean that averages will be the projection used in every plan. Positive and negative trends will be considered when projecting production levels. The primary focus should always be on developing a realistic projection. If production has been increasing each year for the past 3 years, using the most recent year's production level or a higher level consistent with the trend will, in most cases, be the most realistic projection.

Conversely, if the trend is negative, the average may overstate production, and the most recent year's level is probably the most realistic projection. However, a higher production level may be projected if the negative trend is the result of disaster conditions, or if actions have been taken that will definitively reverse the trend.

Additionally, 3 years is the minimum years of records to be considered, if available. The applicant, at their discretion, can provide more than 3 years of records if these additional records provide a more realistic yield projection. The basis for the yield used should be adequately documented in FBP.

When the production of a growing commodity can be estimated, that estimate must be considered in production projections.

- (iii) FSA Farm Program actual yield records;**
- (iv) County averages;**
- (v) State averages.**

242 Developing Farm Operating Plans (Continued)

A General (Continued)

[7 CFR 761.104(c)(4)] If the applicant or borrower's production history has been substantially affected by a disaster declared by the President or designated by the Secretary of Agriculture, or the applicant or borrower has had a qualifying loss from such disaster but the farming operation was not located in a declared or designated disaster area, the applicant or borrower may:

(i) Use county average yields, or state average yields if county average yields are not available, in place of the disaster year yields when the county or state average yields are realistic and reasonable compared to the applicant's actual non-disaster year yields, as determined by the agency approval official; or

(ii) Exclude the production year with the lowest actual or county average yield if their yields are affected by disasters during at least 2 of the 3 years.

Note: SED will issue a State supplement containing the 3-year history of disaster declarations for all counties in their State, along with the type of disaster and the incident period.

[7 CFR 761.104(d)] Unit prices for agricultural commodities established by the Agency will generally be used. Applicants and borrowers that provide evidence that they will receive a premium price for a commodity may use a price above the price established by the Agency.

FSA-established prices will be used in all farm operating plans developed, unless the applicant provides evidence that they will receive a premium price or a price other than that established by the State. Evidence of this may include, but is not limited to, contracts or other written agreements that guarantee the price for the commodity being produced. If the applicant has historically received a premium price because of above average quality or grade of the product produced, the premium will be taken into account when determining the expected price to be received for that product.

SED will issue a supplement listing the unit prices for all commodities commercially produced in their State, including resources for pricing and marketing strategies for commodities that have not traditionally been commercially produced or marketed in the past. Examples may include organic production, locally or regionally produced agricultural food products, direct marketing to restaurants and grocery stores, CSA, and farmers markets.

242 Developing Farm Operating Plans (Continued)

A General (Continued)

Pricing data for alternative production and marketing methods may be available from the following:

- NASS, through its 2008 organic production survey at http://www.agcensus.usda.gov/Publications/2007/Online_Highlights/Organics/index.php
- AMS:
 - grain and foodstuffs at <http://www.ams.usda.gov/mnreports/lbfnof.pdf>
 - fruit and vegetables at <http://www.marketnews.usda.gov/portal/fv>
 - wholesale terminal markets at <http://usdareports.com>
- RMA provides price for organically grown commodities
- National Agricultural Library has resources available on sustainable and organic agriculture at <http://afsic.nal.usda.gov/organic-production>
- nonprofit organizations such as Rodale Institute's New Farm Organic Price Report
- local sources such as the State Department of Agriculture, farmers market organizations, State organic farmers and gardeners associations, roadside stand organizations, local retail outlets, and State universities.

Note: See Exhibit 28 for a guide to determining projected prices.

[7 CFR 761.104(e)] For MLs, when projected yields and unit prices cannot be determined as specified in paragraphs (c) and (d) of this section because the data is not available or practicable, other documentation from other reliable sources may be used to assist in developing the applicant's farm operating plan.

***--[7 CFR 761.104(f)] Development of farm operating plans and determination of appropriate repayment terms must include consideration of a reasonable amount of cash flow margin to increase working capital reserves and savings, including reasonable savings for retirement and education, to support operational stability and growth.**

According to applicant or borrower goals, and to the extent a feasible plan can be developed, farm operating plans developed for most direct loan making purposes will budget for a reasonable accumulation of working capital reserves and savings, including savings for capital investment, retirement, and education, including the education expenses of relatives. Unequal repayment terms may be necessary for a feasible plan to be developed.--*

242 Developing Farm Operating Plans (Continued)

A General (Continued)

*--Farm operating plans for youth loans, LR loans, and new loans in concurrence with special servicing requests, will not include a budgeted amount for working capital reserves or savings accumulation, but those goals will be considered as part of the farm assessment. Applicants may also be eligible for interest-only payments in the first year, enabling them to make progress towards long-term financial goals.

For guaranteed loans, strategies to achieve working capital reserve and savings goals will be addressed as part of the lender's narrative and according to the lender's agreement and lender's internal lending policies. Commercial lending standards typically provide for margin requirements that allow for a reasonable amount of working capital reserve and savings accumulation. Consequently, in joint financing situations, the savings projections included in the farm operating plan developed by a guaranteed lender may differ from the plan developed for the FSA direct loan. This is acceptable if other significant assumptions about projected farm income and expenses are similar.

Applications for direct loan assistance will not be considered incomplete if the farm operating plan provided by the applicant does not budget for working capital reserve and savings accumulation. However, after a direct loan application is submitted, the agency official will:

- collaborate with the applicant on the importance of budgeting for long-term working capital reserve and savings goals
- ensure that the applicant is provided an opportunity to select authorized repayment terms that best align with, and makes progress towards, their long-term working capital reserve and savings goals.

After inputting the applicant's financial data and operating plans into FBP, the agency official will use the FLP Amortization Tool to analyze with the applicant various savings rates and repayment options for the applicant to consider.

See:

- Exhibit 70 for guidance on underwriting processes for determining appropriate savings amounts and repayment terms
- Exhibit 71 for a resource that can be used to assist in assessing an applicant's working capital reserve and savings needs.--*

242 Developing Farm Operating Plans (Continued)

A General (Continued)

*--For direct loan making requests, other than requests for annual OL's, down payment loans, youth loans, LR loans, and concurrent special servicing actions, a feasible plan that includes a reasonable amount of cash flow margin to increase working capital reserves and savings accumulation for the first 3 years of the loan may require using unequal repayment terms, as authorized in 3-FLP, paragraphs 135, 174, 204, and 245, including interest-only installments, unequal installments, or balloon installments for term OL's.

If a feasible plan can be developed with equally amortized installments that includes a reasonable amount of cash flow margin to increase working capital reserves and savings, the applicant will only be provided the option for either of the following:

- first-year interest-only payment followed by equally amortized installments
- equally amortized installments for the life of the loan.

The loan official will consult with the applicant to determine an appropriate savings amount and select repayment terms that result in a feasible plan. The amount budgeted will not normally exceed the greater of \$7,000, or 5 percent of typical year projected total farm operating expenses (less interest and depreciation). Amounts above the threshold may still be reasonable, but require written concurrence from SED, FLC, FLS, or DD before loan approval. State Office approval of budgeted savings above the greater of \$7,000, or 5 percent of typical year projected total farm operating expenses, will not be provided to avoid the credit elsewhere eligibility requirement.

The identified and approved savings amount will be input into the FBP capital withdrawals portion of the cash flow budget, and the new loan repayment terms will be entered in the loan details. Proposed savings purposes will be described in the Capacity Section of the FBP Credit Action. The amount budgeted will not typically be included as a monthly expense. Rather, it should be reflected as a capital withdrawal to be made at the end of the operating cycle, once it can be confirmed that the cash flow margin is adequate to meet debt service requirements and support the projected working capital reserve and savings amount.

Example 1: An applicant has projected operating expenses (not including depreciation and interest) of \$160,000. Five percent of their typical year cash farm operating expenses is \$8,000. The applicant is saving up for a down payment on the family ranch that will transition in 3 years. To save enough funds for the adequate down payment of \$30,000, the applicant must save \$10,000 annually for the next 3 years. The State Office official will provide written concurrence for this request.

Example 2: An applicant has projected operating expenses (not including depreciation and interest) of \$150,000.--*

242 Developing Farm Operating Plans (Continued)

A General (Continued)

***--Scenario 1:** The applicant would like to save \$3,000 per child household member for education and \$2,000 per adult household member for retirement for a total of \$12,000 for education annually and \$4,000 for retirement annually. They anticipate the need to replace a tractor in 2 years and would like to save \$5,000 per year for a down payment on the tractor. In this example, \$19,000 would be shown as a capital withdrawal in FBP. This exceeds the \$7,500 threshold ($\$150,000 \times 5$ percent) and would require written concurrence by the State Office to proceed with approving the loan with a repayment schedule. Potential payment schedules may involve combination interest-only payments in year 1, interest-only payments in years 2 and 3, and balloon installments on the term OL (assuming sufficient security for the OL repayment plan) to ensure sufficient repayment margin in successive years.

Scenario 2: The applicant has identified that they have already fully funded education and retirement funds through non-farm employment and would prefer to focus on building their working capital reserve. They have a working capital reserve that is already equal to 15 percent of their typical year operating expenses. They have identified \$20,000 per year as their anticipated capital withdrawal amount to have a large emergency fund. The only way to develop a feasible plan with this amount of savings is with an extended amortization period and a balloon installment when the loan could otherwise show repayment within a 7-year equal amortization period. The applicant's projected savings amount of \$20,000 is unreasonable, and the loan official will consult with the borrower on alternative savings rates and repayment plan options.

Notes: The income of a non-applicant will not disqualify an applicant from accessing repayment terms that are necessary to achieve the short- and long-term goals of the applicant or operation.

Typical year cash flow budgets are not to include beginning cash on hand or non-recurring carryover income or expenses. Repayment plans that include a balloon installment require a typical year cash flow budget to be completed that reflects the applicant will have a feasible plan once regularly amortized installments begin.--*

242 Developing Farm Operating Plans (Continued)

A General (Continued)

*--Unequal installment plans are not authorized for annual OL's and down payment loans. However, term youth loans and LR loans may still qualify for interest-only installments, unequal installments, or balloon installments, but farm operating plans for those loans will not include a budgeted amount for working capital reserves or savings accumulation.

If the direct loan request is made along with primary loan servicing, farm operating plans will not budget for working capital reserve or savings accumulation, as eDALR\$ already provides for margin according to regulation. Payments for new direct term loans, except for down payment loans, approved concurrently with PLS will be interest-only for the first year with equally amortized installments beginning year 2, unless an alternative repayment schedule is necessary to develop a feasible plan, or if the applicant requests an alternative repayment schedule as documented by the applicant's acceptance and signature of FSA-2313. A typical year plan will be developed in FBP showing a positive cash flow that includes repayment of the new loans and restructured loans if unequal installments are used.

[7 CFR 761.104(g)] Except as provided in paragraph (h) of this section, the applicant or borrower must sign the final farm operating plan prior to approval of any loan or servicing action.

[7 CFR 761.104(h)] If the Agency believes the applicant or borrower's farm--* operating plan is inaccurate, or the information upon which it is based cannot be verified, the Agency will discuss and try to resolve the concerns with the applicant or borrower. If an agreement cannot be reached, the Agency will make loan approval and servicing determinations based on the Agency's revised farm operating plan.

If a loan making or servicing decision is based on a revised farm operating plan the applicant does not agree with, the authorized agency official will enter the plan on which the applicant does not agree in FBP along with the plan submitted by the applicant. The authorized agency official will document in FBP the differences in the plans and the fact that the loan making or servicing decision was based on a revised farm operating plan on which the applicant does not agree.

In FBP, the plans should be named such that it is clear which plan is the applicant's plan and which plan is developed by FSA.

242 Developing Farm Operating Plans (Continued)

B Consideration of New Enterprises

For new enterprises that are **not** a part of the applicant's history, the authorized agency official may use reliable sources, such as enterprise budgets from Extension Service and Land Grant Universities, as acceptable documentation to support the farm operating plan. Farm operating plans developed for new enterprises must use acceptable State or county average production levels. In addition, the local conditions (soil productivity, climate, etc.) that will affect the enterprise and current realistic income and expense information will be considered when State or county averages are used.

Note: Program loan cost contracting funds are available and may be used to procure technical assistance for applicants planning new enterprises if public sector institutions (Extension Service, State Government, Land Grant Universities, etc.) cannot provide the assistance necessary.

C Consideration of Farm Program Payments

--The authorized agency official will:--

- determine whether the applicant has applied for and may be eligible to receive any type of program payment assistance
- contact CED to determine the type and amount of program payment assistance the applicant has received or can expect to receive during the period covered by the farm operating plan
- include typical program payments and subsidies that are included in the President's annual appropriations budget in the cash flow projection of the farm operating plan
- not include any:
 - disaster related payments in the cash flow projections of long range and/or typical year farm operating plans, as disasters and any related type of payment assistance are ad-hoc and are not considered typical for a farming operation
 - 1-time payment assistance appropriated as a result of special legislation by Congress and the President in the cash flow projections of long range and/or typical year farm operating plans, as 1-time payment assistance is not considered typical for a farming operation.

243 Revising Farm Operating Plans**A Revising Plans**

The authorized agency official and the applicant or borrower must revise the farm operating plan when changes occur in the farming operation or in the planned or actual use of loan funds. Any revisions made to the plan must be circled, dated, and initialed by the borrower and the authorized agency official. If major revisions cannot be accommodated in the original farm operating plan, a new plan must be completed and attached to the original. This new plan must be labeled, "Revision I, II, III," etc. to reflect the latest revision under consideration.

B FSA Responsibility for Revisions

The authorized agency official will meet with the applicant or borrower to discuss, date, and sign the revised farm operating plan. The revised plan must be placed in the applicant's or *--borrower's file and follow-up actions posted to DLS. The authorized agency official will--* provide a copy of the revised farm operating plan to the applicant.

244-246 (Withdrawn--Amend. 67)

247-250 (Reserved)

Section 4 Borrower Account Classification

251 Overview

A CONACT Requirements

--CONACT requires FSA to establish a plan to encourage each borrower to graduate to private commercial credit or other sources of credit. FSA uses the borrower account classification system to identify borrowers with the best potential to obtain commercial credit, except CL. See 4-FLP, Part 2 for graduation. Classification also identifies borrowers in need of-- special loan servicing and helps the National Office evaluate the quality of FSA's direct loan portfolio.

Classifications are not disclosed to credit bureaus or other lenders. A borrower cannot appeal an account classification.

B Classification Categories

Accounts will be identified as 1 of the following.

Classification	Classification Category
1	Commercial
2	Standard
3	Acceptable
4	Marginal
5	Not Classified

C When Classification Is Required

All classifications will be completed using FBP. See the Farm Business Plan User Guide at <https://inside.fsa.usda.gov/program-areas/daflp/software-manuals/index> for guidance on completing the classification. If the account is classified as commercial or standard, the authorized agency official must thoroughly document that the borrower has met the test for credit and therefore meets the eligibility requirements for the loan being granted.

Direct loans will be classified using the FBP credit presentation that is used to analyze and approve the loan.

At the end of YEA, done according to Section 5, the authorized agency official must also classify the account.

Subsequently, the authorized agency official at minimum must classify the account every *--2 years with the updated data collected according to 4-FLP, Part 2.--*

Before an account is identified as "Currently Not Collectible (CNC)", the current classification will be reviewed.

251 Overview (Continued)**C When Classification Is Required (Continued)**

- Accounts which have not been previously classified, or those with a classification score of 1 or 2 will be assigned a score of “5,” “Not Classified” using the D-Loan/Special Classification Credit Action.
- Accounts previously scored 3, 4, or 5 will not be reclassified before CNC.

CNC accounts returned from cross servicing are not required to be classified.

D Classification of Youth Loans

New youth loans will be classified as “3” when completing the Youth Loan Credit Action.

- *--For existing youth loans that become delinquent, the D-Loan/Special Classification Credit Action will be used and will be assigned a score of “5,” “Not Classified”. If the youth loan is restructured, the loan will be reclassified back to “3”.--*

E Classification of CL’s

CL’s will be classified using the FBP credit presentation that is used to analyze and approve the loan. There is no test for credit for CL’s, so a classification of commercial or standard is acceptable without further documentation.

At the time of YEA, completed according to Section 5, the authorized agency official must classify the account.

Subsequently, the authorized agency official at minimum must classify the account every 2 years with the updated data collected according to 4-FLP, Part 2.

Streamlined CL’s will be classified as “2” using the D-loan/special classification credit action.

If CL, including Streamlined, subsequently becomes delinquent or financially distressed, all documents will be obtained to complete an analysis and the account will be classified using the updated information.

F Classification Reporting

Field Offices must use the Active FLP Borrowers Report from FLP Data Mart at <https://fsadw.nitckc.usda.gov/analytics> to monitor classifications. This report identifies the classification category and date for the most recent classification for each borrower. When a new classification is completed in FBP, the authorized agency official must update the Classification Review Workflow in DLS as soon as it is possible to do so.

252 Borrower Account Classification System

*--A Calculating Account Classifications

Borrower account classifications are completed using the most current balance sheet and income/expense statements available. FBP calculates the financial indicators used in the classification analysis and assigns a score for the 4 ratios addressed in subparagraphs B through E. A weighted percentage of each score is used to obtain the total overall score that determines the account's classification according to subparagraph F.

B Current Ratio (Liquidity)

This ratio indicates the extent to which current farm assets, if liquidated, would cover current farm liabilities.

FBP calculates the current ratio as follows.

$$\text{Current Ratio} = \text{Total current farm assets} \div \text{Total current farm liabilities.}$$

Current Ratio	Score
1.25 or greater	1
1.16 to 1.24	2
1.00 to 1.15	3
0.99 or less	4

C Debt to Asset Ratio (Solvency)

This ratio measures the operation's solvency by comparing total farm debt obligations owed against the value of total farm assets. The ratio expresses what proportion of total farm assets is owed to creditors and is 1 way to express the risk exposure of the farm business.

FBP calculates the debt to asset ratio as follows.

$$\text{Debt to Asset Ratio} = \text{Total farm liabilities} \div \text{Total farm assets.}$$

Debt to Asset Ratio	Score
40 or less	1
40.01 to 69	2
69.01 to 99	3
99.01 or greater	4

--*

252 Borrower Account Classification System (Continued)***--D Return on Assets Ratio (Profitability)**

This ratio measures the rate of return on farm assets and is often used as an overall index of profitability.

FBP calculates the return on assets ratio as follows.

Return on Assets Ratio = $\frac{\text{Net farm income from operations} + \text{Farm interest expense} - \text{Owner withdrawals}}{\text{Total farm assets}}$

Note: FBP calculates net farm income from operations as follows.

Net farm income from operations = Total operating income – Purchases for resale – Total operating expenses.

Return on Assets Ratio	Score
7 or greater	1
3.6 to 6.99	2
0.01 to 3.59	3
0 or less	4

E TDCLC Ratio (Repayment Capacity)

This ratio measures the operation's ability to cover all term debt and capital lease payments.

FBP calculates TDCLC ratio as follows.

TDCLC Ratio = $\frac{\text{Net farm income from operations} + \text{Non-farm income} + \text{Depreciation expense} + \text{Term debt/capital lease interest} - \text{Income tax expense} - \text{Owner withdrawals} - \text{Non-farm expense}}{\text{Term debt/capital lease annual principal/interest payments}}$

TDCLC Ratio	Score
1.15 or greater	1
1.08 to 1.14	2
1.00 to 1.07	3
0.01 to 0.09	4
-0.01 to 0	1
-0.02 or less	4

--*

252 Borrower Account Classification System (Continued)**F Account Classification**

A weighted percentage of the score for each of the 4 measures of financial performance and operation stability identified in subparagraphs B through E, are used in the FBP to calculate the total overall score.

Total Overall Score = weighted current ratio score + weighted debt to asset ratio score + weighted return on assets ratio score + weighted TDCLC ratio score.

The following table provides the borrower account classification based on the total overall score.

Total Overall Score	Classification	Classification Category
1 to 1.59	1	Commercial
1.6 to 2.19	2	Standard
2.2 to 2.79	3	Acceptable

Section 5 * * * Analysis

261, 262 (Withdrawn--Amend. 285)

263 Minimum Requirements of the Analysis

--A Operations Requiring Analysis--

[7 CFR 761.105(a)] The Agency conducts an analysis at its discretion or if the borrower:

(1) Is being considered for a new direct loan or subordination;

***--Notes:** See 4-FLP, subparagraphs 22 A and 116 B for analysis requirements for subordinations.

Only existing borrowers are subject to a full analysis when they are being--* considered for a new subsequent direct loan. This is not a requirement for a new applicant.

***--Note:** Application Fast Track Pilot program loans are excluded from an analysis under this paragraph.--*

(2) Is financially distressed or delinquent;**(3) Has a loan deferred, excluding deferral of an installment under Subpart B of *--part 766; (5-FLP, Part 2) or--*****(4) Is receiving a limited resource interest rate on any loan, in which case the review will be completed at least every 2 years.**

***--Completion of an analysis is mandatory for any borrower meeting the criteria above. An analysis will be completed as part of the operational review under 4-FLP, Part 2. Information needed to complete an analysis will be requested according to 4-FLP, subparagraph 116 B. A "Full Operational Review" workflow must be completed in DLS upon determination that a borrower meets any requirement for a mandatory analysis.**

The decision to perform an analysis on other borrowers is at the discretion of the authorized agency official. An analysis should not be completed for borrowers with:--*

- youth loans only
- loans flagged as having bankruptcy, foreclosure, or court action pending
- streamlined CL's unless they have been delinquent or are financially distressed.

263 Minimum Requirements of the Analysis (Continued)***--A Operations Requiring Analysis (Continued)--***

The authorized agency official will use knowledge, experience, and judgment to identify high-risk operations requiring such additional supervisory attention. Supervisory judgments must be objective and apply sound credit and financial management principles.

--Operations that may benefit from a full analysis include those that are:--

- undergoing major changes
- experiencing adverse production or financial conditions
- subject to volatile changes in the business climate.

B Timing

[7 CFR 761.105(b)] The analysis must include a review of the previous production cycle's actual income, expense, and production performance, as well as a farm operating plan for the new operating cycle.

*--An analysis should coincide as close as possible to the borrower's production and marketing cycle.

The authorized agency official will use the financial information provided by the borrower to develop a farm operating plan according to section 3. The farm operating plan will be used to complete the components of the operational review, including the analysis. See 4-FLP, subparagraph 16 C.

The authorized agency official must review existing assessments, FBP, written correspondence, and FSA-2040. If this review raises issues or questions, the authorized agency official must record these items in FBP to use when meeting with the borrower.

C Identifying and Evaluating Significant Changes

The analysis must identify and evaluate any significant changes to the borrower's farming operation, expenses, or financial condition that have occurred since the most recent assessment or operational review. In most cases, however, significant changes will not--* have occurred or, if such changes have occurred, they will be limited to 1 or 2 aspects of the borrower's situation. The authorized agency official will pay particular attention to the following:

- changes in operations or goals
- status of progress toward goals
- need for changes in the progression lending plan
- need for additional borrower training.

263 Minimum Requirements of the Analysis (Continued)

D Comparing Actual Performance to Projections and Calculating Variances

--The analysis must present the borrower's actual production data and financial data for the-- completed year and compare the actual data to the projections made in the prior year farm operating plan. Based on this comparison, the analysis must calculate variances from the projections.

*--**Note:** If a cash flow was prepared in the previous production cycle, the analysis will compare previous year projections to the actuals. If a cash flow was not prepared in the previous production cycle, use prior year actuals to ensure projections are realistic.--*

The authorized agency official will collect other pertinent information related to the farm's operation, such as changes or improvements in real estate, changes in key personnel, and any other alterations that significantly impact the operation. The authorized agency official must briefly explain the process, emphasizing the borrower's benefits rather than FSA requirements.

The evaluation of actual performance can be enhanced by:

- obtaining and reviewing the borrower's actuals using pertinent information about the farm operation, such as changes or improvements in real estate, changes in key personnel, and any other alterations that significantly impact the operation
- reviewing production by obtaining and/or calculating yields (production), price per unit, and the amounts in inventory (held for sale)

Note: Production numbers should roughly correspond with the new balance sheet and numbers sold.

- *--evaluating debt service margin. See 4-FLP, paragraph 21 for LR review requirements.--*

* * *

The authorized agency official must consider the following issues when comparing actual performance to projections and calculating variances.

- The authorized agency official must review planned versus actual expenses for family living, farm operating, and capital expenditures.
- *--The analysis must discuss credit used for farm operating, capital, and family living--* expenses.

263 Minimum Requirements of the Analysis (Continued)**D Comparing Actual Performance to Projections and Calculating Variances (Continued)**

- Sometimes proceeds are recorded as net figures with commission, sales expenses, yardages, seed, and storage costs removed. Using gross proceeds with the associated costs captured under operating expenses is preferable.
- The analysis must calculate yields (production), price per unit, and amounts in inventory (held for sale). Numbers should roughly correspond with the new balance sheet and numbers sold.
- FSA-2040 must be reconciled with the farm operating plan (or other plan) and the security agreement. Differences from projections and the need to amend the security agreement must be discussed.
- Interest figures must include all interest, not just operating interest.
- Any proceeds from the sale of capital items must be subtracted when evaluating income from operations.
- The analysis must evaluate and document the sources of nonfarm income. Income and tax information must be verified as applicable.
- The analysis must consider debts and debt repayments to FSA and other lenders. Breakdowns of principal and interest can serve as a cross check for interest actually paid by the borrower. This information must match FSA-2040.
- The analysis must report expenditures net of trade-ins.
- Income and Social Security taxes must be included in the analysis.

263 Minimum Requirements of the Analysis (Continued)**E Determining and Documenting Reasons for Variances**

After variances between the projected budget in the farm operating plan and the borrower's actual performance have been identified, the borrower and the authorized agency official must determine and concisely document the reasons for the variances. The analysis must:

- consider both the borrower's and the authorized agency official's perceptions of the borrower's successes, failures, and the reasons that specific items were not completed
- determine why income was not used as planned
- discuss operational performance, achievement of short-term goals, progress toward medium-term and long-term goals, and living expenses.

263 Minimum Requirements of the Analysis (Continued)**F Analyzing How Performance Can Be Improved**

After determining the reasons for any deviations in the preceding year's performance, the borrower and the authorized agency official together must analyze how the borrower's performance can be improved in the coming year. The authorized agency official and borrower may identify areas for improvement based on the reasons for the variances between actual and planned performance. The analysis will address concerns in the following areas:

- unplanned sales
- changes in marketing plans
- sales of basic security
- use of proceeds
- debts paid
- amount of money released for family living and farm operating expenses
- progress towards working capital reserve and savings goals.

The analysis must consider whether the borrower is making adequate progress towards established goals. Ratios, historical trends, and production records are good sources of information for evaluating business goal achievements. Alternatively, if the borrower's goals (for either business or family) were unrealistic, the analysis must reevaluate them and establish new, obtainable goals.

Areas for improvement also might follow from recent changes in farm operations and family conditions. Therefore, the authorized agency official will work with the borrower to identify any changes or alterations that significantly affect the operation.

If the authorized agency official determines that the borrower's * * * financial performance may be improved by training, the authorized agency official may require that the borrower meets training requirements. See 3-FLP, Part 18 for more information on borrower training.

If performance is better than projected, the analysis should evaluate repayment issues, as well as income taxes and Social Security taxes.

The authorized agency official should remind the borrower that deviations from the agreed-upon farm operating plan must be discussed with FSA.

Part 9 Internal Controls**Section 1 FLPRA****401 Overview****A Background**

FSA is mandated by the Federal Managers Financial Integrity Act of 1982 (Pub. L. 97-255) to maintain an efficient and effective internal control system. FLPRA fulfills this mandate by:

- establishing program evaluation criteria and reporting requirements
- providing a method to administer program evaluations
- providing a framework for performance analysis, risk mitigation identification, risk mitigation implementation, and annual reporting.

B Purpose

FLPRA is the primary tool that FLP uses for ongoing reviews and oversight of field office operations. FLPRA evaluates FLP using a risk-based approach and provides the framework for evaluating FLP management and oversight by State Offices and FLP delivery by Service Centers.

FLPRA evaluates the potential for risk in the following 3 areas.

- Program Objectives – Assessing whether or not the objectives of the program, as set forth in agency policies and procedures, are being met.
- Financial Integrity – Determining the soundness and quality of the loan program.
- Program Management – Evaluating the effectiveness of the leadership and guidance provided in delivering FLP.

401 Overview (Continued)**B Purpose (Continued)**

FLPRA is divided into the following 3 review areas:

- *--Direct Loan Making--*
- Direct Loan Servicing
- Guaranteed Loan Programs.

Note: This area includes both guaranteed loan making and servicing.

C Objectives

The primary objectives of FLPRA are to evaluate the effectiveness of FLP delivery systems and ensure compliance with applicable statutes, regulations, and directives. To promote a consistent and effective approach to conducting reviews, FLPRA focuses on:

- evaluating program delivery by assessing the condition and performance in the risk areas of program objective, financial integrity, and program management
- determining the overall degree of risk existing in FLP programs and identifying the factors contributing to the risk
- recommending or requiring management to take mitigation action, as needed, to strengthen FLP programs and/or ensure compliance with applicable regulations.

D SED Responsibilities

SED is responsible for implementing the FLPRA process in their State by ensuring that all required reviews, analyses, applicable risk mitigation plans, and reports are completed according to this part.

402 FLPRA Review Process

A Administering FLPRA Reviews

FLPRA reviews will be administered and the results reported both at the State Office and National Office levels. The National Office and State Offices can access the FSA Intranet at <http://intranet.fsa.usda.gov/fsa/> to obtain guides detailing the process to complete the reviews according to the following.

Step	Action
1	On the FSA Intranet Home Page, under “Resources”, CLICK “ FSA Applications ”.
2	On the FSA Applications Page, CLICK “ Farm Loan Programs Systems ”.
3	On the Farm Loan Programs Systems Home Page, under “Informational Links”, CLICK “ Manuals ” and CLICK “ FLPRA National Office Review Process Guide ” or “ FLPRA State Office Review Process Guide ”, as applicable.

B State Office Review Responsibilities

State Offices will be required to complete FLPRA reviews as follows:

- **States with 9 or more FLP Service Centers** will be required to review a minimum of 20 percent of the Service Centers each year, with all Service Centers being reviewed at least once every 5 years
- **States with 8 or fewer FLP Service Centers** will be required to conduct at least 1 Service Center each year, with all Service Centers being reviewed at least once every 5 years
- *--any Service Center with a review score of 4 or 5 in Program Objectives, Program Management, Financial Integrity, and/or Composite Rating must have a follow-up review within 24 months to determine if the risk has been mitigated. The follow-up review will be scored in the FLPRA website.--*

The process for selecting the FLP Service Centers and high risk program areas to be reviewed is set forth in the FLPRA State Office Review Process Guide.

C National Office Review Responsibilities

The National Office will complete FLPRA reviews in 10 to 13 States per year. The reviews evaluate State FLP delivery and include visits to a limited number of FLP Service Centers. The process used by the National Office to select States to be reviewed is set forth in the FLPRA National Office Review Process Guide.

403 State Office Reporting Requirements**A FLP Service Center Report**

State Offices will provide a report to each FLP Service Center reviewed within 30 calendar days after completing the review. The reports will be developed in the format set forth in FLPPRA State Office Review Process Guide, Exhibit 2. Reports for each FLP Service Center will include FLPPRA State Office Review Process Guide, Exhibits 4 through 7 that will:

- rate each FLP Service Center reviewed in the 3 risk areas
- provide a composite score for the FLP Service Center.

The scores for each FLP Service Center will be:

- input in the automated FLPPRA system within 30 calendar days of completing the review
- documented in the comment box provided to support the scores reported
- input in the automated FLPPRA system no later than January 15.

B Annual Report

No later than February 1, each State Office will submit the annual FLP4 Report using the template provided in the State Office Review Process Guide, Reports Section, by e-mail to
--SM.FSA.DCWa2.FLPRA.--

404 National Office Reporting Requirements**A State Visit Reports**

The National Office will provide a findings report from on-site visits to State management within 30 calendar days after completing the review. The format of this report is detailed in the National Office Review Process Guide, Section 6. This report will:

- *--clearly present conclusions that are supported by facts obtained during the review--*
- include recommended mitigative actions.

Mitigative actions will:

- be developed in conjunction with State management during the on-site visit
- have a specified date to provide an update on the State's progress in mitigating identified risks.

***--B POAD Action**

Upon receiving a State's risk mitigation plans, POAD shall:--*

- evaluate and approve risk mitigation plans
- establish a follow-up system to ensure that risk mitigation plans are implemented
- assess the success of the risk mitigation plan on reducing identified high risks
- provide an annual report to DAFLP summarizing the area of potential risk in the States visited.

Redelegations of Authority

The following provides authorities SED's may redelegate. A new redelegation of authority must be completed when the permanent SED changes. Redelegations of authority are not required when an employee is serving in an acting SED capacity.

Authority	Redelegate to				
	FLC	FLS	DD	FLM	SFLO
SED's loan approval authority:	X	X	X		
• approve subordinations, or release and refiling lien instruments instead of subordinations	X	X	X		
• approve severance agreements	X	X	X		
• approve surface leases for farm property no longer in use (such as old barns) or for nonfarm purposes (such as wind turbines, communication towers, or other similar installations)	X	X	X		
• approve transfer and assumption	X	X	X		
• release of real estate or personal property security without compensation through execution of FSA-2045, FSA-2061, FSA-2470, or other documents approved by OGC	X	X	X		

Reports, Forms, Abbreviations, and Redelegations of Authority (Continued)

Re delegations of Authority (Continued)

Authority	Re delegate to				
	FLC	FLS	DD	FLM	SFLO
•*--release of guaranteed loan real estate or personal property security without compensation	X	X--*			
• waive real estate appraisal (requirement for CMVB when chattel security appraised value exceeds total debt)	X	X	X		
• approve PLS where the borrower (or any entity member) has received PLS two or more times in the previous 5 years	X				
• reject debt settlement requests when debtors do not provide all necessary documentation or information	X	X	X	X	X
• cancel delinquent debt settlement adjustment agreement.	X	X	X	X	X

SED's may **not** redelegate their authority to:

- approve any action that will result in a loss to the Government
- approve voluntary conveyance
- approve subordination of real estate security for operating-type loan purposes
- approve release of chattel or real estate security because of mutual mistakes or valueless liens
* * *
- approve cancellation of undisbursed loan funds after all PLS options have been exhausted
- approve alternative repayment agreements in lieu of offset
- request an Administrator's exception.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b))**Administrative Appraisal Review**

Administrative appraisal review is a review of an appraisal to determine whether the appraisal:

- *--(i) meets applicable Agency requirements; and
- (ii) is accurate outside the requirements of USPAP.--*

Adversely Affect

Adversely affect means that a change unrelated to the issue resolved through the appeal will result in the borrower no longer being eligible for the loan servicing action requested, or the previously developed FBP not being feasible.

Agency

Agency is the FSA.

Agency Official

The agency official is any employee with the agency. This term is used when the action does not require inherent or delegated authority.

Appraisal Compliance Oversight Reviews (ACOR)

Appraisal Compliance Oversight Reviews are internal quality control reviews of the agency's administrative review function and appraisal/technical review requirements.

Appraisal Point of Contact (APOC)

The appraisal point of contact is the authorized agency official selected to be the point of contact for obtaining appraisal services under the micro purchase threshold and is authorized to complete micro-purchases for appraisal services within their delegated authority. This authorization will be provided by delegation per FAR 1.603-3 by FPAC Director.

Note: Duties and responsibilities include reviewing requests for purchase of appraisal services that does not involve the use of a Government purchase card. APOC has the authority to commit the Agency to purchase a good or service.

Approval Official

The approval official is the specific employee who has the authority to approve or deny the described action.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)

Authorized Agency Official

The authorized agency official is the FSA official that is authorized to perform specific tasks related to loan making or loan servicing. The appropriate official is determined by inherent authorities or delegations applicable to a particular task.

Beginning Farmer

Beginning farmer is **an individual or entity who:**

- *--(i) Meets the loan eligibility requirements for a direct or guaranteed CL, FO, or OL, as applicable;**
- (ii) Has not operated a farm for more than 10 years. This requirement applies to all members of an entity;**
- (iii) Will materially and substantially participate in the operation of the farm:**
 - (A) In the case of a loan made to an individual, individually or with the family members, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm, consistent with the practices in the county or State where the farm is located; or**
 - (B) In the case of a loan made to an entity, all members must materially and substantially participate in the operation of the farm. Material and substantial participation requires that the member provide some amount of the management, or labor and management necessary for day-to-day activities, such that if the individual did not provide these inputs, operation of the farm would be seriously impaired;**
- (iv) Agrees to participate in any loan assessment and borrower training required by Agency regulations;**
- (v) Except for an OL applicant, does not own real farm property or who, directly or--* through interests in family farm entities owns real farm property, the aggregate acreage of which does not exceed 30 percent of the average farm acreage of the farms in the county where the property is located. If the farm is located in more than one county, the average farm acreage of the county where the applicant's residence is located will be used in the calculation. If the applicant's residence is not located on the farm or if the applicant is an entity, the average farm acreage of the county where the major portion of the farm is located will be used. The average county farm acreage will be determined from the most recent Census of Agriculture;**
- *--(vi) Demonstrates that the available resources of the applicant and spouse (if any) are not sufficient to enable the applicant to enter or continue farming on a viable scale; and**
- (vii) In the case of an entity:**
 - (A) All the members are related by blood or marriage; and**
 - (B) All the members are beginning farmers.--***

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Best Value**

Best value involves selecting a vendor of whom the agency solicits a price for services through FAR based on the evaluation of the following factors:

- equitable selection of vendor on a rotational selection basis of all entity vendors in the service area
- the most reasonable price
- greatest competency to provide such service
- best education and experience to provide such service
- vendor past performance
- ability to meet requested time frames for the delivery of the product.

--For appraisals, the vendor must have previous experience in appraising similar properties in the same geographical area as described in the SOW or task order that adhere to USPAP.--

Note: Service area is the location of the subject property that is normally defined by county. Vendors identify counties in which they will provide services.

Conservation Loan (CL)

CL means a loan made to eligible applicants to cover the costs to the applicant of carrying out a qualified conservation project.

Conservation Plan

Conservation plan means an NRCS-approved written record of the land user's decisions and supporting information, for treatment of a land unit or water as a result of the planning process, that meets NRCS Field Office Technical Guide (FOTG) quality criteria for each natural resource (soil, water, air, plants, and animals) and takes into account economic and social considerations. The conservation plan describes the schedule of operations and activities needed to solve identified natural resource problems and takes advantage of opportunities at a conservation management system level. This definition only applies to the direct loans and guaranteed loans for the Conservation Loan Program.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Conservation Practice**

Conservation practice means a specific treatment, such as a structural or vegetative measure, or management technique, commonly used to meet specific needs in planning and implementing conservation, for which standards and specifications have been developed. Conservation practices are contained in the appropriate NRCS Field Office Technical Guide (FOTG), which is based on the National Handbook of Conservation Practices (NHCP).

Conservation Project

Conservation project means conservation measures that address provisions of a conservation plan or Forest Stewardship Management Plan.

Down Payment Loan

Down payment loan is a type of FO loan made to beginning farmers and socially disadvantaged farmers to finance a portion of a real estate purchase under part 764, subpart E of this chapter.

***--Feasible Plan**

Feasible plan means when an applicant or borrower's cash flow budget or farm operating plan indicates that there is sufficient cash inflow to pay all cash outflow. If a loan approval or servicing action exceeds one production cycle and the planned cash flow budget or farm operating plan is atypical due to an interest-only or otherwise unequal installment, cash or inventory on hand, new enterprises, carryover debt, atypical planned purchases, important operating changes, or other reasons, a cash flow budget or farm operating plan must be prepared that reflects a typical cycle. If the request is for only one cycle, a feasible plan for only that production cycle is required for approval.--*

Forest Stewardship Management Plan

Forest Stewardship Management Plan means a property-specific, long-term, multi-resource plan that addresses private landowner objectives while recommending a set and schedule of management practices designed to achieve a desired future forest condition developed and approved through the USDA Forest Service or its agent.

FSA

FSA means Farm Service Agency, an Agency of the USDA, including its personnel and any successor Agency.

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Graduation**

Graduation means **the payment in full of all direct FLP loans, except for CLs, made for operating, real estate, or both purposes by refinancing with other credit sources either with or without an Agency guarantee.**

Loan Activity

Loan activity is any transactions processed in GLS, DLS, or PLAS to a borrower's loan.

Microloan (ML)

ML is a type of OL of \$50,000 or less made under reduced application, eligibility, and security requirements.

***--Personal Property**

Personal property is property that may consist of, but is not limited to, crops, livestock, aquaculture species, farm equipment, inventory, accounts, contract rights, general intangibles, and supplies that are covered by financing statements and security agreements, chattel mortgages, and other security instruments. It is property that is not real estate, and the term is generally used to replace references to the term "chattel".--*

PLCE Expenses

PLCE expenses are defined as financial transactions and procurement items.

Program Loans

Program loans include **FO, CL, OL, and EM. In addition, for loan servicing purposes the term includes existing loans for the following programs no longer funded: SW, RL, EE, ST, and RHF.**

Streamlined Conservation Loan

Streamlined conservation loan means **a direct or guaranteed CL made to eligible applicants based on reduced documentation.**

Supervised Bank Account

Supervised bank account is **an account with a financial institution established through a deposit agreement entered into between the borrower, the Agency, and the financial institution.**

Definitions of Terms Used in This Handbook (7 CFR 761.2 (b)) (Continued)**Technical Appraisal Review**

Technical appraisal review is a review of an appraisal to determine if such appraisal meets the requirements of USPAP pursuant to Standard 3 of USPAP.

Treasury Judgment Rate

The treasury judgment rate is the interest rate applicable to deficiency judgments for all loan types (pursuant to 28 U.S.C. Section 1961).

Uniform Standards of Professional Appraisal Practice

Uniform standards of professional appraisal practice are standards governing the preparation, reporting, and reviewing of appraisals established by the Appraisal Foundation pursuant to the Financial Institutions Reform, Recover, and Enforcement Act of 1989.

Notes: Routine correspondence and form letters may be signed by a delegated employee on behalf of the authorized agency official. This includes, but is not limited to, forms FSA-2304, FSA-2305, FSA-2307 and FSA-2313. To effectively sign on behalf of an authorized agency official, the delegated employee must ensure the name of the official they are signing for is included in the document signature block. The signature of the delegated employee should be preceded by either the word “for” or “p.p.”, short for per procuracionem.

Delegated authorities for agency officials that were granted before December 31, 2007, using previous form numbers or regulation citation will not have to be reissued. These delegations remain valid and it is not necessary to modify them if the reason is only to change references to streamlined handbooks.

DNP Overview, Points of Contact, and Account Access

A Overview

[Executive Order 13520](#) of November 20, 2009, reduces improper payments by intensifying efforts to eliminate payment error, waste, fraud, and abuse in major programs administered by the Federal Government, while continuing to ensure that federal programs serve and provide access to their intended beneficiaries.

Executive Order 13520 directed agencies to review current pre-payment and pre-award procedures and ensure that a thorough review of available databases with relevant information on eligibility occurs before the release of any federal funds, to the extent permitted by law.

The DNP portal:

- facilitates multiple searches on various databases all at once, at no cost to the agencies
- has a quick turn-around time where matched results are available in the portal the next workday for adjudication
- results from payment integration are available after payment is issued and can be used for purposes of recapturing payments or identifying future improper payments
- helps to ensure the integrity of the Federal Government payment process
- results in greater oversight and transparency as it covers wider geographic areas because of the various data sources to be used
- enhances better collaborations at all levels of DNP hierarchy to ensure that checks and balances are executed
- permits greater accessibility, while keeping information up to date
- allows for better communication across agency spectrums
- helps to save on the time it will take to verify information through DNP versus the use of individual data sources
- returns the time saved as workhours to employees, resulting in increased productivity
- allows for flexibility.

DNP Overview, Points of Contact, and Account Access (Continued)

A Overview (Continued)

DNP is committed to providing:

- quality data
- more volume of data
- continuous system development
- cutting edge data analytics
- customized agency outreach.

B DNP Points of Contact

Authorized agency officials will contact their Local Security Administrator to obtain access and training to DNP before using the DNP application.

Field Office portal users will contact the State Office Local Security Administrators for assistance. State Office Local Security Administrators will contact their National Office Local Security Administrator or portal user.

DNP Database Search

A Standards Terms

Access groups are authorized roles established for DNP users.

Local Security Administrators are:

- *--typically, State Office employees, such as FLC's, FLS's, and Chief PT's--*
- responsible for submitting access to portal users and any modification to the individual's DNP access to Treasury's DNP coordinators

Examples: Examples of modifications include change in:

- position
- DNP username
- DNP access roles.

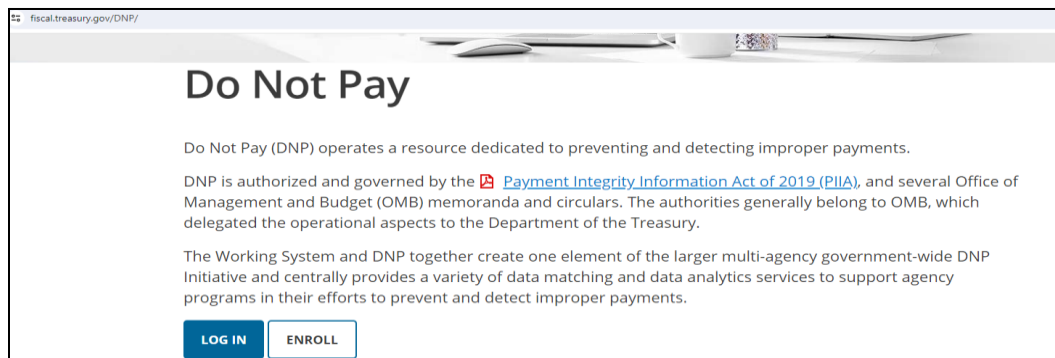

Note: See Exhibit 15.5 for instructions on submitting new or modified access requests.

- the authorizing agency official on the user access request form and user enrollment form.

Portal users consist of staff, such as DD's, FLM's, FLS's, FLO's, Farm Loan PT's, loan analysts, and FLOT's. These officials are authorized to search DNP for applicants or borrowers, including approved FSA guaranteed lenders, relating to loan making or loan servicing activities.

B Logging Into DNP Application

DNP access is available through the DNP portal website at <https://fiscal.treasury.gov/DNP/> using a LincPass or Personal Identity Verification (PIV) card.

DNP Database Search (Continued)

B Logging Into DNP Application (Continued)

Note: Account holders must log into DNP once every 120 calendar days to retain access. If access is deactivated, a Local Security Administrator must re-enroll the user according to Exhibit 15.5.

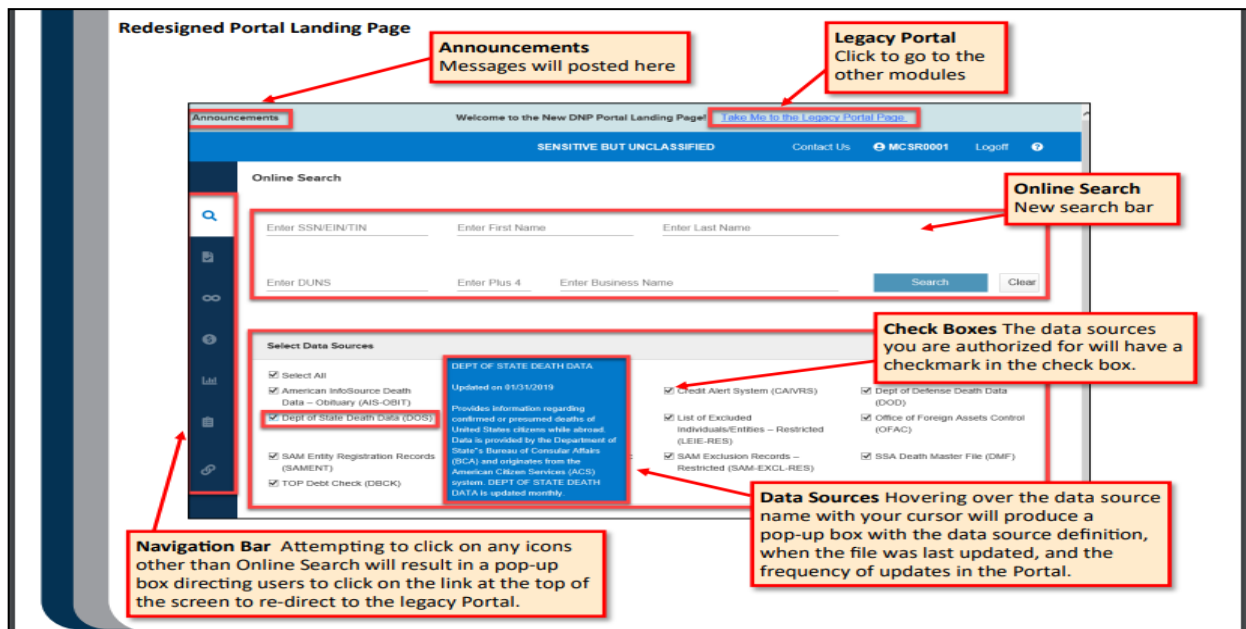

DNP Database Search (Continued)

C Searching DNP Application for Portal Users

Online Search Features – Data sources will be preselected based on account setup and will not be modified by the user. The authorized agency official will search using the following combination:

- SSN/EIN/TIN, first name, last name (individual)
- SSN/EIN/TIN, business name (entity).

Note: It is important for the search information entered to be verified for accuracy. An entry error will not provide accurate search results. Search results from portal users will be printed and maintained in the borrower's case file.

DNP Database Search (Continued)

C Searching DNP Application for Portal Users (Continued)

Search Feature Example on SSN/EIN/TIN:

Description: The exact matching logic of the legacy Online Search functionality has been changed to broaden the possible number of search results. For example, when two or more fields are used for a search, results will appear for any matches in individual fields as well as the combination of fields, prioritized by SSN/EIN/TIN.

Search Example: One Field

An SSN/EIN/TIN search yields nine results within data sources that contain SSN/EIN/TIN information.

Three data sources are not searched because they require Name information and do not contain SSN/EIN/TIN.

By expanding a match result, the associated name to the SSN/EIN/TIN is shown.

Additional Search Feature Example:

Online Search: Enhanced Search Logic (cont.)

Search Example: Three Fields

An SSN/EIN/TIN + First Name + Last Name search yields eleven results within data sources that contain SSN/EIN/TIN and/or Name information.

All available data sources are searched since all requirements are met for all searchable fields.

DNP Database Search (Continued)

C Searching DNP Application for Portal Users (Continued)

Verify Data Sources Results:

Search Example: SSN/EIN/TIN Priority

Enter First Name: [Redacted] Enter Last Name: [Redacted] Enter SSN: [Redacted]

Enter DUNS: [Redacted] Enter Plus 4: [Redacted] Enter Business Name: [Redacted] Search

Select Data Sources

Match Results: 4

Matched Criteria	SSN/EIN/TIN	Agency Name	Tax ID Type	Case Number
SSN/EIN/TIN	[Redacted]	SEA	TIN	957912036
SSN/EIN/TIN	[Redacted]	SEA	TIN	95335025

CAVRS - 3 Results Found

Matched Criteria: SSN/EIN/TIN + Agency Name Tax ID Type Case Number

SSN/EIN/TIN [Redacted] SEA TIN 957912036

SSN/EIN/TIN [Redacted] SEA TIN 95335025

LEE-PUB - 1 Result Found

Matched Criteria: Name + National Provider Identifier Birth Date

NAME [Redacted] [Redacted] [Redacted]

SAM-EXCL-PUB - 1 Result Found

AIS-OBIT No results found

An incorrect SSN/EIN/TIN + First Name + Last Name search yields four results within data sources that contain SSN/EIN/TIN and/or Name information.

By expanding the match results, you can see that the Matched Criteria is only the SSN. If a data source contains SSN numbers, the match will display and ignore the name data entered.

Name matches are made to "Adam Boyer," but only to Public data sources that do not contain SSN/EIN/TIN information (OFAC also does not contain SSN/EIN/TIN information, but in this example, the name did not match).

The reason "Adam Boyer" did not match to AIS and other data sources as it did with a First Name + Last Name search shown in the previous example above, is due to the matching logic prioritizing SSN/EIN/TIN. If a data source containing SSN/EIN/TIN information does not match, it ignores the Name fields and will not match according to Name.

D DNP Activity Report Printing

Users will print the search results using the "Save/Print Results Summary Details" icon.

Note: The Search Outcome Section is not required to be completed. Additional training resources can be found at <https://fiscal.treasury.gov/dnp/training.html>.

B Treasury Rates

The following table provides the applicable Treasury rates.

Treasury Rates	Current Rate (%)	Date Set
90-Day Treasury Bill	4.375	3/1/25
Treasury Judgment Rate (see Note)	*--4.050	4/1/25--*

Notes: The 90-Day Treasury Bill rate is entered in eDALR\$ as the “Discount Rate” and is used to calculate present value and net recovery value.

The treasury judgment rate is the interest rate applicable to deficiency judgments for all loan types (pursuant to 28 U.S.C. Section 1961). The rate is based on **the daily** 1-year CMT yield published by the Federal Reserve System, Board of Governors. The rate shown is the most current rate posted to the Federal Reserve web site and is **the daily** *--rate as of March 7, 2025. The actual judgment rate is the rate for the **calendar week--*** preceding the date the defendant becomes liable for interest. Access the Federal Reserve website <https://www.federalreserve.gov/datadownload/Choose.aspx?rel=H15> for the weekly average 1-year CMT yield.

Invoices for Non-Contractual, Micropurchase, and Contractual PLCE Transactions

A. Invoices

Contractors are required to submit proper invoices according to Federal Acquisitions Regulation Part 32.905 - [32.905 Payment documentation and process. | Acquisition.GOV](#). Except for appraisal acquisitions, TPOC's, or ARMP's will communicate the following written guidance to the contractors upon issuance of a task order, purchase order, or delivery order.

The following information must be included on invoices submitted to the agency:

1. Name and address of the contractor
2. Invoice date and invoice number
3. Contract number or other authorization for supplies delivered or services performed (including order number and line-item number)
4. Description of goods or supplies, quantity, unit of measure, unit price, and extended price of supplies delivered, or services performed
5. Shipping and payment terms
6. Name and address of contractor official to whom payment is to be remitted (must be the same information as the original task order, purchase order, or delivery order)
7. Name (where practical), title, telephone number, and mailing address of person to notify in the event of a defective invoice
8. Taxpayer Identification Number (TIN)
9. Electronic Funds Transfer (EFT) banking information (if the contractor has a current SAM.gov registration or FMMI record they are not required to include banking information on the invoice)
10. Other information the agency official deems necessary according to the contract agreement.

Clarification of Item 4: Unit of measure, unit price, and extended price of supplies delivered not required for PLCE invoices, unless necessary due to type of agreement.

Note: The Statement of Work (SOW) (Exhibit 39) for appraisal acquisitions provides guidance regarding invoice requirements.

B. Non-Contractual Invoices

In rare instances when a vendor does not submit an invoice, statement, or notice for non-contractual requirement, an FSA-2171 will be completed by the local officials. The original completed/signed FSA-2171 will be retained for agency records and a copy will be sent to the vendor if local official is delivering a physical check.

C. Processing of Invoice Payments

Upon receipt of a proper contractor invoice, the designated agency official will follow procedures set forth in Exhibit 21 of this handbook relating to established roles for reviewing, accepting, and processing of invoices.

Note: Designated TPOC **and** ARMP/APOC will notate review and acceptance on the invoice.

WHEN IAS IS INVOLVED (Contracting):	THEN YOU MAY ALSO DO:							
IAS Requisitioner	X				X		X	
IAS Approver	X				X		X	
IAS Budget Approver		X				X		X

Note: The above “THEN YOU MAY ALSO DO” applies to each unique PLCE transaction. Separation of duties is essential to maintain the integrity of the purchasing process. However, because of staffing levels, it may be necessary for an employee to have multiple roles in a PLCE transaction. Multiple roles should only be used when adequate staff are not available to process a PLCE transaction request. Additional roles that an individual may perform are noted with an (X) in this chart. A PLCE transaction would be an obligation process (APOC initiates, PLCE Monitor authorization, FMMI Processor, FMMI Approver). A separate PLCE transaction would be the payment process, or cancellation, or modification.

*--*As outlined in subparagraph 167 G: For those States having all FLO and FLM and FLS/FLC designated as an ARMP, dual roles as TPOC and ARMP exist. If there is no separate TPOC in the office initiating the PLCE request, then the FLO or FLM or FLS/FLC will perform all TPOC--* duties in addition to all ARMP duties listed in the workflow.

PLCE Roles and Responsibilities (Continued)

***--Examples of Separation of Duties:**

Example #1: An authorized agency official can be a TPOC and identify the need for an appraisal for an applicant on one order; the same person can be an ARMP/APOC for a separate PLCE transaction. See subparagraph 167 G for exceptions.

Example #2: A person can be the FMMI ZMY Processor or TY Processor for one PLCE transaction, then on a different transaction a person could be the PLCE monitor or the FMMI ZMY approver and TY approver for a separate PLCE transaction. They cannot be both the processor and approver for the same PLCE transaction. Refer to the above chart.

Example #3 ARMP/APOC (A) receives an appraisal request for ordering of an appraisal from a TPOC. The ARMP/APOC (A) cannot act as a Type 60 monitor or a FMMI approver but they could act as a FMMI processor since they are not approving the request in FMMI. However, ARMP/APOC (B) can.

On the next appraisal request from the TPOC, ARMP/APOC (B) initiates the ordering of an appraisal, ARMP/APOC (A) could have the role of Type 60 monitor and/or FMMI approver ensuring a proper separation of duties for this request is properly maintained. Refer to the above chart.--*

PLCE Roles and Responsibilities (Continued)

Example of Non-Contractual Separation of Duties:

PLCE cost items that consist of paying a bill, statement, or similar demand for payment generated by a third-party against a borrower or inventory property are referred to as Routine Loan Account Maintenance, otherwise called “non-contractuals”. These cost items are **exempt** from FAR and Agriculture Acquisition Regulation (AGAR) provisions and are not subject to total cost thresholds. All non-contractual PLCE’s have fixed costs and predetermined, specific vendors. The cost and vendor for non-contractual items are all outside FSA’s control and, if the cost item is not paid, the Government’s security interests are threatened. (subparagraph 163 B)

***--Example:** POC submits FSA-2128 and invoice document to PLCE monitor for funds approval. PLCE monitor reviews for completeness, accuracy and validity; assigns 18-digit FAIN number; enters FMMI vendor ID, PAC code, fund code; certifies availability of funds; and sends completed FSA-2128 to FMMI processor. FMMI processor enters request in FMMI to create ZMY. PO FMMI approver accesses parked PO verifies information and approves PO in FMMI which creates allocation of funds. (ZMY transaction completed)

FMMI processor enters invoice in FMMI. FMMI Approver accesses parked invoice verifies information and approves invoice which triggers funds disbursement by National Finance Office. FMMI Approver makes sure copies of the completed FSA 2128, ZMY--* document and TY document are returned to requesting office for placement in borrower file.

In this case a minimum of two employees can be used as the TPOC can also serve as the FMMI processor. The PLCE monitor can also serve as the FMMI approver. The FMMI approver should never be an employee of a subordinate position to the FMMI processor.

Section 1: Introduction

The Integrated Acquisition System (IAS) is the procurement system used by USDA. IAS has four components.

- iProcurement.
- PRISM.
- Invoice Module.
- Core Apps.

IAS has been configured, with the interface to Financial Management Modernization Initiative (FMMI), to support Commitment Accounting standards for transactions completed in the system, per guidance from the USDA Office of the Chief Financial Officer. Commitment Accounting in IAS is the reservation of funds at the time that requirements are approved and typically a function of funds availability certification or funds certification. When a budget officer or funds holder approves a Requisition, a commitment document is created in FMMI that draws down funds from the specified accounts (this is also known as a draw-down commitment). Requisitions are created in iProcurement (iProc).

Once a commitment has been interfaced with FMMI Purchasing agents and Contracting Officers can create awards against those requisitions to obligate funds in FMMI. Awards/Obligations are created in PRISM.

Roles & Responsibilities in IAS:

- Requisitioner/Receiver: Creates and submits requisitions in IAS for management and funds approval. They can modify unapproved requisitions, but only increase funding for approved requisitions that have been obligated. Requisitioners are also usually set up with receiving responsibilities and are responsible for creating receipts for the orders that they have requested.
- Requisition Approver: Reviews and approves requisitions for the program office or other controls such as Information Technology (IT), Property, etc.
- Budget Approver: Review and approve requisitions for funding. They can also modify approved requisitions and cancel approved requisitions.
- Commitment Document Resolution Manager: Review, take action (soft-messages), or consult with requisitioners (hard-messages) to facilitate sending failed requisitions through the FMMI.
- Contracting Specialist Lead: Assigns requisitions to contracting team.
- Contracting Specialist/Contract Officer: Create acquisition documentation including obligating documents, while managing acquisitions through their lifecycle.--*

***--Accessing IAS for New users (Continued)**

Roles & Responsibilities in IAS: (Continued)

- **Obligation Document Resolution Manager:** Review, take action (soft-messages), or consult with contracting specialists (hard-messages) to facilitate sending failed acquisitions or acquisition modifications through the FMML.
- **Receiver:** Creates and submits receipts.

Note: A User can be set up to be a receiver, without necessarily being a requisitioner.

- **Receipt Document Resolution Manager:** This is generally, but not necessarily the Commitment Document Resolution Manager. Review, take action (soft-messages) or consult with requisition/receivers to facilitate sending failed receipts through the FMML.

Note: All rejected receipts are retry-able and appear only as soft messages).

- **Invoice Entry Specialist:** Enter invoices and match them to obligating documents and receipts.
- **Invoice Approving Officer:** Reviews and approves invoices.
- **Invoice Document Resolution Manager:** Review, take action (soft-messages), or consult with receivers and contracting specialists (hard-messages) to facilitate sending failed invoices through the FMML.

Accessing IAS for New Users

The purpose of this section is to provide instructions for new users to link their existing eAuthentication account with their IAS user ID. This is a onetime procedure for new IAS users and existing IAS users who did not have their user ID mapped to an eAuthentication ID. Once linked, an IAS user will only be required to log in once with their eAuthentication ID.

1. Obtaining an IAS User ID and Password

The procedures for gaining access to IAS will continue to remain the same. Users will work with their Agency Leads to complete the appropriate paperwork.

The IAS Agency Lead will send the appropriate forms to the IAS Help Desk who will set up the new user in IAS with the appropriate responsibilities and an IAS user ID. Even though IAS is eAuthencated, an IAS user ID will be required on the first log in to IAS.--*

*--Accessing IAS for New users (Continued)

2. Accessing the IAS eAuthentication Login Page

After receiving an IAS user ID and temporary password, users should go to the IAS website at <https://ias.usda.gov/>.

Users should then click on the “Oracle” tab in the upper left hand corner.

Note: Even if the IAS user will only be accessing the PRISM module, they will need to log in to the Oracle Module first. The linking between an IAS user ID and the eAuthentication ID occurs in the Requisition Module.

3. Logging into eAuthentication

After clicking on the “Oracle” link, users will be redirected to an eAuthentication login screen. Users should enter their existing USDA eAuthentication user ID and password.

After entering your credentials, click “Login”.--*

***--Accessing IAS for New users (Continued)**

4. Linking Your IAS User ID to Your eAuthentication ID

After logging in with your eAuthentication credentials, you will be second log in screen within IAS. Enter your IAS User ID and temporary password provided to you by the IAS Help Desk. Click “Apply”.

--*

*--Accessing IAS for New users (Continued)

5A. Accessing IAS Requisition and Receiving Modules

If you are an IAS user who will only have access to the IAS requisition and/or receiving modules, after providing your IAS user ID and password, you will be logged directly into iProcurement and will be able to create/approve requisitions and create receipts.

The screenshot displays the iProcurement web application interface. At the top, there is a blue header bar with the 'iProcurement' logo and navigation links: 'Navigator', 'Favorites', 'Shopping Cart', 'Home', 'Logout', 'Preferences', and 'Help'. Below the header, there are tabs for 'Shop', 'Requisitions', and 'Receiving'. The 'Stores' section features a search bar with 'Main Store' selected and a 'Go' button, along with a link to 'Advanced Search'. Below this, there is a table for 'My Requisitions' with columns: Requisition, Description, Total (USD), Status, Copy, Change, and Receive. The table currently shows 'No results found.' To the right of this table is a 'Full List' button. Below the requisitions table is a 'My Notifications' section with a 'Full List' button. The notifications table has columns: Type, From, Subject, and Sent. One notification is visible: 'UMX Password' from 'Your password has been reset.' sent on '07-Mar-2012'. On the right side of the page, there is a 'Shopping Cart' section stating 'Your cart is empty.' and a 'Purchasing News' section with links to 'Check frequently asked questions' and 'Review purchasing policies'. The footer contains a 'Privacy Statement' link and a copyright notice for Oracle.

5B. Accessing IAS Acquisition Modules

When an IAS user logs in with their local Oracle User ID and password, their IAS and eAuthentication accounts will be “linked”. If a new IAS user only has access to the Acquisition (PRISM) module of IAS, they will still need to log into the iProcurement part of IAS first to “link” their accounts.--*

*--Accessing IAS for New users (Continued)

5B. Accessing IAS Acquisition Modules (Continued)

After linking their accounts, users of the Acquisition Module will then need to return to the IAS website and click on “PRISM” in the upper left hand corner.

This will result in a new window that directs a user to the Acquisition Module of IAS. Because an eAuthentication session has already been established, the user should be automatically logged in after selecting this URL.

***--Creating IQ-Program Loan Cost Fund Requisitions in PRISM Module – For Contractual PLCE Transaction Only**

The guidance for processing PLCE contractuals is found in paragraph 168.

Note: Noncontractual and micropurchase requirements noted in Part 7 at or below the prescribed thresholds will not be required to be input into the PRISM module.

Access the PRISM module at: <https://ias.usda.gov/guidance.html>. For the purposes of creating and approving contractual PLCE requirements, access the “**Requisitioning**” link.

For PLCE Transactions: When creating a PLCE requisition through PRISM, you must select “Yes” to item: “Will Requisition Use PLCE Process?”

***--Agency Representative for Micropurchase (ARMP) Request for Delegation**

ARMP's must read, sign, and date the following before AMD grants delegated authority for micropurchases.

Your Blueprint for Success

This section will lead you step-by-step through the process of preparing to use your micropurchase authority.

Verify you have completed the training and received the Acquisition Management Division Delegation of Authority letter and you have it readily available for audit purposes.

Ensure Availability of Funds

You must establish the amount of your available funds BEFORE authorizing service or making any purchases.

You must track purchases during the month to ensure that there are sufficient funds available to make all required purchases. ARMP's should use a log system to record purchases and the dollar amounts committed. Then they know at a glance the amount of their unobligated funds or certified fund availability.

Conduct Market Research

Market research allows you to make an informed, responsible, reasonable purchase. Do enough market research to ensure that the Government gets a good value for its money in terms of reasonable price and timely/reliable/quality service. The purchase should represent the best buy that meets the Government's minimum requirements.

When applicable, compare prices and check with your contracting activity to see if there are existing contracts that offer you a good price, service, and quality. These existing contracts have been negotiated at your agency or by other agencies and can sometimes offer advantages in time and money savings. Check with the merchant to determine if they accept the purchase account.

Select the Best Value

When making micropurchases, identify the service that best satisfies the requirement, weighing both price factors and non-price factors. You can use a higher priced contractor if it represents a better value, but it is your responsibility as the ARMP to perform basic comparison-shopping and to briefly document the basis for your purchase decisions.--*

Agency Representative for Micro-purchase (ARMP) Request for Delegation (Continued)

Seek State Tax Exemption

Visit the **GSA SmartPay Website** to find out more about the State tax requirements in your state.

Talk to Merchants

You should be as specific as possible when talking to merchants. Ask about the following.

- Price.
- Time of delivery.
- Communicate required deliverable.
- Discounts for Government purchases, if applicable.
- Invoicing requirements.

When you have all the necessary information, make the purchase.

Note: A merchant may never require the ARMP to complete a postcard or similar device that includes the account holder's account number, card expiration date, signature, or any other account data in plain view when mailed.

Is It Necessary to Distribute Purchases?

FAR Part 13.203(a)(1) of the Federal Acquisition Regulations recommends that micropurchases be equitably distributed among qualified merchants to the extent practicable.

Determine Dollar Limits

There are generally two types of dollar limits applied to your delegation of authority.

- *--Single purchase limit - \$2,500.00 for services and \$10,000 for appraisal products.
- Monthly purchase limit - total monthly purchase limit (MPL) may not exceed \$75,000.--*

Single purchase limits and monthly purchase limits are established when your delegation of authority is set up. They are based on the single purchase limit above and the budgetary limits of your office. The single purchase limit is the dollar limit for an individual transaction. The monthly limit represents the cumulative dollar limit for your purchases in one month. It may be set to any dollar amount equal to or greater than the single purchase limit. Verify both of your limits with your program budget authority. Other restrictions such as number of transactions and merchant restrictions may apply. You have authority to only make purchases or payments allowed on your AMD delegation of authority letter; all other micro-purchase transactions are prohibited.

Exceeding Your Dollar Limit

Prior to proceeding with your purchase, you will check to see if it exceeds any of your dollar limits. All attempted transactions that exceed your single or monthly limit will be automatically declined and referred to your delegated state contracting officer or to AMD. It is your responsibility to know how much you have spent against your limits before you purchase. Do not rely on others to do this for you.

Agency Representative for Micro-purchase (ARMP) Request for Delegation (Continued)

Select Required Sources

--Purchases should be consistent with established guidelines for required sources of products and-- services and applicable acquisition procedures for making micropurchases. Procurements paid for through your delegation of authority are subject to the acquisition rules established in the Federal Acquisition Regulations (FAR) and your Agency/Organization policies and procedures. The Federal Acquisition Streamlining Act did not abolish the priorities for use of the Government supply sources as stated in FAR Part 8 (Required Sources of Supplies and Services) of the Federal Acquisition Regulations. Micropurchases are not exempt from this requirement. The following information from FAR Part 8 lists the priorities for use of Government supply sources:

8.002 Priorities for use of Government supply sources.

(a) Except as required by 8.003, or as otherwise provided by law, agencies shall satisfy requirements for supplies and services from or through the sources and publications listed below in descending order of priority:

(2) Services. Services that are on the Procurement List maintained by the Committee for Purchase From People Who Are Blind or Severely Disabled (see subpart 8.7).

(b) Sources other than those listed in paragraph (a) of this section may be used as prescribed in 41 CFR 101-26.301 and in an unusual and compelling urgency as prescribed in 6.302-2 and in 41 CFR 101-25.101-5.

(c) The statutory obligation for Government agencies to satisfy their requirements for supplies or services available from the Committee for Purchase From People Who Are Blind or Severely Disabled also applies when contractors purchase the supplies or services for Government use.

8.004 Use of other sources.

--If an agency is unable to satisfy requirements for products and services from the mandatory-- sources listed in 8.002 and 8.003, agencies are encouraged to consider satisfying requirements from or through the non-mandatory sources listed in paragraph (a) of this section (not listed in any order of priority) before considering the non-mandatory source listed in paragraph (b) of this section. When satisfying requirements from non-mandatory sources, see 7.105(b) and part 19 regarding consideration of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including 8(a) participants), and women-owned small business concerns.

--(a)(1) Products. Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency-- contracts, and any other procurement instruments intended for use by multiple agencies, including blanket purchase agreements (BPAs) under Federal Supply Schedule contracts (e.g., Federal Strategic Sourcing Initiative (FSSI) agreements accessible at <http://www.gsa.gov/fssi> (see also 5.601)).

(2) Services. Agencies are encouraged to consider Federal Prison Industries, Inc., as well as the sources listed in paragraph (a)(1) of this section (see subpart 8.6).

Small Business

Increasing opportunities for small businesses in Federal contracting is a priority. The Office of Management and Budget (OMB), along with the Small Business Administration (SBA), is improving access by small businesses to the Federal market and to boost communications to small businesses about Federal business opportunities. As part of these efforts, you are reminded of the *--importance of considering small businesses when buying products and services at or below the--* micropurchase threshold. The Federal Acquisition Regulation (FAR) states that use of the Government-wide purchase card is the preferred method for buying these small purchases. To find small business resources, please consider visiting the GSA Advantage! And DoD e-Mall websites.

Shop Smarter

- Use GSA Advantage! to conduct quick and easy market research and to order already negotiated low-price items.
- Take advantage of the Blanket Purchase Agreements (BPAs) your agency has negotiated to get better prices.
- Always ask for discounts at the point of sale - whether or not point-of-sale discounts are given.

Presidential Executive Order on Buy American and Hire American

It shall be the policy of the executive branch to buy American and hire American.

- Immediate Enforcement and Assessment of Domestic Preferences According to Buy American Laws: Every agency shall scrupulously monitor, enforce, and comply with Buy American Laws, to the extent they apply, and minimize the use of waivers, consistent with applicable law.
- Judicious Use of Waivers: To the extent permitted by law, public interest waivers from Buy American Laws should be construed to ensure the maximum utilization of goods, products, and materials produced in the United States.

***--Agency Representative for Micro-purchase (ARMP) Request for Delegation (Continued)**

- Ensuring the Integrity of the Immigration System in Order to "Hire American.": The Secretary of State, the Attorney General, the Secretary of Labor, and the Secretary of Homeland Security shall, as soon as practicable, and consistent with applicable law, propose new rules and issue new guidance, to supersede or revise previous rules and guidance if appropriate, to protect the interests of United States workers in the administration of our immigration system, including through the prevention of fraud or abuse.

I certify that I reviewed and understand the above information to effectively support the Farm Loan Programs.

***--Alternative Production and Marketing Price Determination Guide**

A Overview

Agriculture is an evolving business and the recent surge in consumer demand for organic and locally-produced food is creating jobs and agricultural opportunities throughout rural America. Beginning farmers are finding an entry point into agriculture through local markets, while many existing businesses are diversifying into high-value, locally-branded products. With the increasing number of “buy local”, organic, urban agriculture and specialty crop awareness campaigns; there has been an increase in request for assistance for operations unfamiliar to some local offices. The following methodologies can be used in developing prices and other forms of valuation for crops and evaluating local or regional marketing methods. The same methodologies can be applied to organic crops and pricing.

Four basic methodologies are discussed in this exhibit. In addition, there is also information on considering alternative enterprises.

Note: DAFLP maintains a library of web-based resources that includes a variety of information on nontraditional and niche-type farm enterprises. This information includes sample enterprise budgets, marketing models, how-to and start-up guides, organics, hydroponics, Community Supported Agriculture, and more. The DAFLP community found within USDA Connect at <https://connections.usda.gov> provides an additional source of information and the opportunity to network with other USDA Agencies and topic-specific communities that provide equally valuable resources and information.

B Prices for Enterprises Not Available on Published State Price Lists

When actual records data is not available, prices may be found by using NASS data, terminal price information, RMA data, AMS Market News, or the price list from an adjoining or nearby State. This may be helpful in cases where a significant amount of land is dedicated to growing a specific crop. USDA-AMS Market News also has a local food price-gathering effort underway and is starting to publish datasets online at

<http://www.ams.usda.gov/AMSV1.0/MarketNewsLocalRegional>. This data will be enhanced significantly over the next year. Additional information may also be available by researching cooperative extension sites at <http://www.csrees.usda.gov/Extension>. Many cooperative extension sites have enterprise budgets that can assist applicants in developing their farm plan.

Example 1: An office receives a request for assistance from a new producer who wants to grow basil. The proposal is for 20,000 square feet of basil production. The applicant provides a letter from the local grocery store agreeing to purchase basil not less than wholesale price. The applicant submits the latest Detroit terminal price of \$6 per pound for basil and obtains an enterprise budget from the local university. Using this analysis, the applicant substantiates a feasible plan and assistance can be approved. In the following year, this applicant will have actual price history and income and expense data.--*

***--Alternative Production and Marketing Price Determination Guide (Continued)**

B Prices for Enterprises Not Available on Published State Price Lists (Continued)

Example 2: An applicant comes into the office with the intention to grow an organic crop. Deciding how to price organic products is difficult, particularly when markets often are not well-established. Prices need to be high enough to make a profit, but reasonable based on competition and how customers value (or establish a price on) the product. Many enterprise budgets may be available, but the applicant should choose an enterprise budget that suits the business they are proposing. The applicant should review the scale that is being proposed, the production method proposed (organic or conventional), and geographic region from which the sample budget is created. Still, there are numerous resources to assist even if the State's extension service or the land grant college does not have specific information for a particular enterprise. The National Sustainable Agricultural Service provides numerous resources for organic enterprise budgets at <https://attra.ncat.org/organic.html#vegetable>, and the USDA Economic Research Service at <http://ers.usda.gov/data-products/organic-prices.aspx> is a useful resource for organic pricing.

C Applicants With Actual Income and Expense Records, Not Specific to a Commodity

It is not always practicable to value crop income and expenses on an individual crop basis. This is especially true for small acreage operations, high tunnel production, highly diverse operations, CSA, and operations where product choice is driven by market demands. When product choice is driven by market demands, the applicant's actual historical income and expense records may be used to establish trends and projections.

Example: In 2012, an applicant grew 12 different vegetables and herbs on 21,000 square feet. The operation grossed \$9,000 income by using a variety of marketing methods. In 2013, the applicant improved selling techniques and grossed \$10,800 in income, a 20 percent increase. In 2014, the operation proposes to grow to 35,000 square feet. An acceptable estimate of the proposed gross income for 2014 would be calculated as $10,800 \div 21,000 \text{ square feet (former lot size)} \times 35,000 \text{ square feet (new lot size)} = \$18,000$. The same methodology would be used to estimate expenses.--*

***--Alternative Production and Marketing Price Determination Guide (Continued)**

D Small Acreage, Square Footage Operations With a Variety of Commodities

An applicant's actual records will be most reliable. It is an acceptable practice to use the actual gross income divided by the square footage of the plot to estimate the potential income per square foot (see paragraph C). If there are no actual records to estimate net income, or when price and yield information usage is not practicable because of multiple crops and small plot areas, other methods of income and expenses may be used. Many State universities publish enterprise budgets for small scale and fractional acreage. **ALMOST ALL CROPS CAN BE IDENTIFIED IN A SEARCH.** In addition, many local lending institutions and universities, including the farm credit system, have conducted benchmarking studies. ERS publishes organic costs and returns for organic corn, wheat, soybeans, and milk. Information is available at <http://ers.usda.gov/Data-products/organic-production.aspx>.

Example: In 2012, the Farm Credit Council and Farm Credit East conducted a CSA-benchmark study to establish a performance metrics and expectations for usage in making informed lending decisions. A review of this study can be found at <http://www.ngfn.org/resources/ngfn-cluster-calls/csa-benchmark-project/CSA%20benchmark%20slides.pdf>. This study set a general guide of \$18,000 to \$20,000 sales average per acre or \$.41 to \$.46 per square foot.

E Alternative Marketing Methods

The following provides details on 2 alternative marketing methods:

- **CSA** is a direct marketing channel by which farmers sell shares or subscriptions for farm products to customers. CSA operation occurs when consumers provide upfront funds (buy a share) for a portion of the expected harvest from the farm, typically in the form of weekly harvest deliveries. A diverse selection of products is delivered regularly, for a specified time during the harvest period, to customers at designated pickup sites. CSA is typically used to market fresh produce, but can also be used to market meat, eggs, honey, flowers, and other products.

For existing operations, actual historical records should be available to demonstrate share price and number of subscriptions. Because a CSA farm effectively sells produce before the growing season begins, the farm's gross CSA income can be easily calculated. CSA farmers should determine the breakeven point when establishing membership income.--*

***--Alternative Production and Marketing Price Determination Guide (Continued)**

E Alternative Marketing Methods (Continued)

Applicants establishing new CSA operations should research target market and be able to answer general questions, such as:

- How many competitors are there in the target marketing area?
- What is the average share price?
- How does your CSA product differ from your competitors?
- Can your market support another CSA?
- How did you determine your share price and the number of shares you plan to sell?

Numerous resources are available to assist farmers with marketing methods, share pricing, and breakeven analysis. Many farms combine CSA with other forms of marketing, such as selling at a farmers market, farm to institution or restaurants, and retail stores.

- **Farmers Markets**, as with CSA, should be researched by the applicants in the area where they expect to market their product. Many State Departments of Agriculture maintain an average price list for farmers markets in their jurisdiction and AMS Market News is beginning to gather this information as well (see link in subparagraph B). Also many States have farmers market associations that may track average prices.

F Alternative Enterprises

Prices, farm programs, trade policies, technology, markets, and consumer preferences change continuously. Some enterprises previously believed to be speculative or without an established or steady market are now proving, through consumer demand, to be main stream in some regions. Loan officers are often faced with request for assistance from operations, either wholly or in part, producing income through production of alternative enterprise. To find out more about alternative enterprises suited to each area, the National Agricultural Library has many examples and helpful publications at <http://www.nal.usda.gov/afsic/pubs/altlist.shtml>. Examples of alternative enterprises include the following.

- **Wetland plants grown for environmental restoration.** Contracts are often available from State agencies to raise plants for environmental restoration. If plants are raised as seedlings or rooted cuttings for sale and not “wild harvested”, this operation may be considered an eligible enterprise.
- **Bison.** When an operation can provide documentation of an established meat market, bison may be considered an eligible enterprise. The USDA’s National Animal Health Monitoring System launched Bison 2014, the first-ever national study of the U.S. ranched-bison industry. This initiative is intended to increase knowledge and understanding about the characteristics, health, management practices, and challenges facing bison operations in the U.S.

If the operation’s main enterprise is production for heads and skulls, this would be considered a non-eligible enterprise.--*

***--Alternative Production and Marketing Price Determination Guide (Continued)**

F Alternative Enterprise (Continued)

- **Alpaca.** Alpaca's have generally been considered non-eligible enterprises because of the speculative nature of the industry. During the height of the industry, it was not uncommon to see breeding stock sell for \$35,000. Animals were subsequently raised and bred with the hope that the offspring would sell to another breeder to perpetuate the cycle. This speculative market is considered a non-eligible enterprise. However, each year it is estimated that alpaca fiber can be worth \$500 to \$1,000 per animal, depending on the market. In addition to this, alpaca can be used as guard animals for livestock. An alpaca operation whose primary enterprise is to produce fiber and sell alpacas as guard animals for livestock farmers may be considered eligible.
- **Goats.** A goat operation for milk, meat, and fiber offers many opportunities. The 2 most common fibers produced are mohair and cashmere. Fiber markets should be evaluated for reliability, but can often produce a marketing alternative to strictly meat production. In many areas of the country, goat meat and milk are highly sought after by many immigrant communities, providing marketing options for products. According to NASS, meat goats account for over 80 percent of the total of goats produced in the U.S.
- **Rabbits.** Rabbits grown for fiber, such as angora, and rabbits grown for food can be considered an eligible enterprise, if a reliable market exists for the product. Rabbits raised primarily for pet purposes would be considered a non-eligible enterprise.
- **Timber.** Forestry products may be eligible, depending on the manner in which the forestry is managed and harvested. The operation must follow a Timber Management Plan. Purchasing property with the intention of clear cutting and selling the timber and firewood is not considered managed agriculture and; therefore, not an eligible enterprise. In contrast, a request for assistance to purchase real estate and actively manage the timber with a forestry plan may be considered an eligible enterprise. Each request for assistance and Timber Management Plan should be reviewed and determined eligible or ineligible on its own merit.
- **Aquaculture.** Aquaculture is the husbandry of any aquatic organisms, including fish, mollusks, crustaceans, or other invertebrates, amphibians, reptiles, or aquatic plants, raised in a controlled or selected environment of which the applicant has exclusive rights to use. As with other agricultural enterprises, the requirements under non-eligible enterprise still apply, but in some cases these enterprises may be eligible for FSA financing. The USDA National Agricultural Library web site, alternative farming systems information center, at <http://www.nal.usda.gov/afsic/pubs/altlist.shtml>, has several resources available for aquaculture, among other alternative enterprises.--*

***--Real Estate Appraisal Statement of Work**

Background

The Farm Service Agency (FSA), an agency of the U. S. Department of Agriculture (USDA), makes and services loans secured by real estate. FSA needs appraisal reports to complete various direct loan making and loan servicing responsibilities. This Statement of Work (SOW) addresses FSA's requirements for farm/ranch, residential, or other real estate appraisal services.

Objective and Work Requirements

FSA may obtain appraisal products from an appraisal business using the simplified acquisition process of the Federal Acquisition Regulations (FAR). An appraisal business is referred to herein as a vendor or vendor business. The vendor business must complete and submit an FSA-2155 (if not already on file) to provide FSA with vendor business, appraiser information, and appraiser license information. Written consent is required from the POAD, Appraisals Branch to add a vendor business if that vendor business is an Appraisal Management Company (AMC).

FSA intends for the Vendor Appraiser to perform a real estate appraisal and to provide appraisal reports in a PDF version to FSA by the specified date. Timely delivery of the appraisal report is critical to the success of FSA's meeting its mission for providing loan assistance to farmers. The real properties with any described fixtures and chattels are to be appraised on any format allowed by the Uniform Standards of Professional Appraisal Practices (USPAP). All appraisals must meet current USPAP's standards and this SOW as of the effective date of the appraisal.

Experience and License Requirements

An appraiser performing the appraisal assignment is required to be competent, consider the complexity of use, and meet the appropriate license requirements for the property type being appraised as described below.

Property Type	License Requirement
residential properties, including 1 to 4 single family units or vacant parcel, rural residential properties, small agricultural property, or bare land Note: Rural residential properties are properties located in rural area with highest and best use as residential property.	<ul style="list-style-type: none"> • State-certified residential or State licensed appraiser, if within the scope of the appraiser's State appraisal license; or • State-certified general appraiser
property other than residential, small agricultural property, or bare land	State-certified general appraiser

***--Real Estate Appraisal Statement of Work (Continued)**

Scope

The purpose of this SOW is for FSA to obtain a market value as defined in 12 CFR 34.42 (h). The appraisal shall be completed in accordance with USPAP and any other appraisal assignment conditions provided by FSA. The SOW is an at will agreement. The SOW agreement does not provide any guarantee of work or minimums. FSA is not required to give notice to any Vendor if they are no longer on the active vendor list.

Period of Performance

Typically, the period of performance is 30 calendar days from the date of the engagement letter or the purchase order unless otherwise specified. The vendor business should realistically estimate the timeframe to complete the appraisal assignment and submit their proposed delivery date along with their quote. The appraisal report must be received by the requesting office described in the letter of engagement and/or purchase order.

Exceptions to Work Requirements

Any exceptions to the assignment conditions must be submitted in writing to the appraisal point of contact (APOC) or the contracting officer (CO). The APOC or CO will respond to the request in writing.

FSA's Appraisal Requirements

Item	Information Element	Content Description
1	Client	The Client will be the Farm Service Agency (FSA) as designated on the appraisal order or Letter of Engagement (LOE).
2	Intended User(s)	The Intended User(s) will be the FSA and others as listed by the Client on the appraisal order or LOE. Do not include the borrower or property owner as an Intended User.
3	Intended Use	Loan making or servicing as set forth in the LOE.
4	Appraisal Report	FSA appraisals must be reported under the appraisal report option.
5	Purpose	Purpose is to develop an opinion of market value.
6	Market Value	Definition and source of "Market Value" to be used in FSA appraisal is 12 CFR 34.42 (h)
7	Hypothetical Conditions and Extraordinary Assumptions	State all extraordinary assumptions and hypothetical conditions and that their use might have affected the assignment results and obtain prior written approval before including any additional extraordinary assumptions or hypothetical conditions not already called for in the letter of engagement.
8	Estate Appraised	Fee simple estate subject to any actual or assumed (client specified) interests that are reflected in the valuation

9	Scope of Work	State the research and analyses conducted in the appraisal report. It is the Vendor's responsibility to insure the appraisal's scope of work is adequate to develop credible assignment results for the type of property. Physical inspections of both the subject property and comparable sales are required unless APOC has provided written exception.
10	Subject Property	<p>The subject property shall be inspected unless exception authorized by Agency pandemic policy or in writing from POAD, Appraisal Branch.</p> <p>Identify and summarize the characteristics of the property that are relevant to the type and definition of value and intended use of the appraisal, including its physical, legal, and economic attributes along with any known easements, restrictions, encumbrances, leases, reservations, covenants, etc. The report shall include the following subject information:</p> <ul style="list-style-type: none"> • legal and physical property access discount • tax, aerial, and FEMA flood maps • photos of the subject building(s) and land • property zoning, current use, and permitted land uses • for rural and farm property: <ul style="list-style-type: none"> • soil and topography maps (in addition to maps above) • considerations of minerals and timber and their influence of value • water rights, point of diversion, and well log documents, if applicable.
11	Location	Identify neighborhood and regional boundaries and provide a summary of the social, economic, government, and environmental considerations that impact on the subject property.
12	Highest and Best Use (HBU)	Summarize and support the rationale for the subject property as vacant and as improved. Land and improvements must be valued with the "consistent use" theory. Adequately discuss the HBU four criteria: legally permissible, physically possible, financially feasible and maximally productive. Land and improvements must be valued based on the "consistent use" theory.

Item	Information Element	Content Description
13	Comparable Sale Data and Analysis	<p>Comparable sales shall be inspected unless exception authorized by the Agency pandemic policy or in writing from POAD, Appraisal Branch.</p> <p>Sales selected for direct comparison to the subject should have similar physical and economic characteristics; highest and best use; meet the market value definition. The appraisal comparable sales should also include the following:</p> <ul style="list-style-type: none"> • for rural or farm property: <ul style="list-style-type: none"> • aerial map outlining the sales boundaries and photos including of primary building improvements • allocation of the sale price to land and all buildings with contributory value • identify the comparable land classes/acreages and land class ratios • allocation of comparable building value for buildings contributing value. Replacement value, actual age, effective age, total economic life, remaining economic life and building contributory value should be given • adjustments to be based on market analysis • depreciation analysis for physical, functional, and external obsolescence needs to be considered in the appraisal report • appraisers must have access to necessary and appropriate data. Sales must be verified. <p>The Subject property pending sale shall not be used as a comparable sale.</p>
14	Contracts for Production, Marketing or other Similar Agreements	<p>For rural, farm, or commercial property: Summarize market/production contracts, marketing plans, or other similar documents for the subject and sales. Base pay projections should be used for livestock projections to avoid the valuation of management. A copy of the actual contract should be attached in the addenda of the report, if in place, or letter of intent from the integrator, if not. Sales with similar contracts should be used to value the subject when a market/production contract is in place, or will be in place.</p>
15	Location Map	Location map shall easily locate subject and sales.

FSA's Appraisal Requirements (Continued)

Item	Information Element	Content Description
16	Approaches to Value	All three approaches to value shall be considered and used when necessary for credible assignment results for the type of property. When a particular valuation approach is not developed, the appraisal report must explain why the excluded approach was not necessary for credible results.
17	Sales Comparison Approach	<p>A minimum of three (3) comparable sales (not listings) are required for direct comparison while additional sales are customarily provided when the sales exhibit a wide range of unadjusted unit values.</p> <ul style="list-style-type: none"> Quantitative adjustments should be made for transactional elements of comparison, based on market data, and for differences in land and buildings and other market recognized comparisons. Summarize the information analyzed, the appraisal methods and techniques employed, and reasoning that supports any adjustments, the analyses, opinions, and conclusions.
18	Cost Approach	Summarize comparable sales used to estimate the value of the subject site in a table format. Depreciation estimates for the subject should be based on market derived depreciation estimates of like improvements.
19	Income Approach	When the direct capitalization method is used, the appraisal should show how the cap rates from the comparable sales were derived, gross income, operating expenses, and net income. The appraisal should provide analysis/discussion how the rent levels, capitalization rates/discounted cash flow rates for the subject property was selected along with its gross income, operating expenses, and net income levels.
20	Recognized Methods and Techniques	Appraisal shall employ those recognized methods and techniques for the type of property valuation as exemplified and promulgated through professional appraisal organizations.
21	Reconciliation	Reconcile the quality and quantity of data within the approaches used and reconcile the applicability and relevance of the approaches, methods, and techniques used to arrive at the value conclusion.
22	Report	The report format may be of any format that is recognized by peers and appraisal industry standards for the type of property. The report shall include a Summary of Salient Facts. A restricted appraisal report is not acceptable unless authorized in the LOE.
23	Other Appraisal Assignment Conditions	FSA appraisal guidelines for dairy, hog, poultry, timber, and/or other appraisal assignment conditions may also be required. These conditions will be attached to LOE if required by APOC.

Agency Statement of Work Contact Information

The APOC will be identified in the Request for Quote and/or LOE when an award is made.

Acceptance Criteria

Delivery of the appraisal report will include a properly executed invoice. Invoice for payment will be processed when the appraisal is determined acceptable by FSA. An acceptable appraisal product will include:

1. Appraisal report must be delivered by the completion date stated on LOE and/or appraisal order (plus any extension of time granted by FSA).
2. Appraisal report is completed in accordance with current USPAP requirements and meets the work requirements of this SOW that are applicable and any other requirements for a specific property which will be found in LOE and/or appraisal order for each appraisal order.
3. An FSA administrative appraisal review or a technical appraisal review accepts the appraisal report. If the administrative appraisal review indicates that the appraisal report may not be acceptable, FSA will request a technical appraisal review. If FSA requires additional information to support the adjustments, answer questions or meet SOW requirements, the invoice approval and payment of the appraisal fee will be held until the appraisal is found acceptable to FSA.

FSA may request simple clarifications or corrections during the review of the appraisal report. The vendor will provide information or corrections in an expeditious manner.

The request for additional information will provide a specific timeframe for the information to be delivered and the criteria for the updated material to be added to the appraisal report. Typically, the timeframe to update the appraisal is 7 calendar days or as specified by the request letter.

FSA will also conduct a technical review every other year, or more often if issues are found that need to be addressed.--*

***--Real Estate Appraisal Statement of Work (Continued)**

Invoicing

Invoice Information

A properly executed invoice for payment will be submitted to the APOC or CO as directed in the LOE or appraisal order. The invoice will include the appraiser's name, address, invoice date and number, FSA work order number (appraisal order), description of product, name of the applicant/borrower as identified in LOE, county/borough/parish/city name that the appraisal was completed in and the amount. If the invoice is incomplete, APOC may return the invoice requesting additional information as requirement by this paragraph.

Invoice Approval

The invoice will be processed for payment when the appraisal is determined acceptable by FSA. If the appraisal is not acceptable, the appraisal fee will be held until the appraisal is found to be acceptable to FSA.

Final Payment

Federal Acquisition Regulations provide the U.S. Government 10 business days from receipt date of the appraisal to determine if the appraisal is acceptable. The properly executed invoice will be processed for payment within 30 calendar days or less from the date the appraisal was accepted. The appraiser will be notified in writing if the appraisal is unacceptable and at the discretion of the Government will be requested to make changes to the appraisal report in order to meet FSA SOW requirements.

The USDA procurement procedures require that ALL vendors be paid using Electronic Funds Transfer (EFT) system. The Debt Collection Improvement Act (DCIA) of 1996 requires that federal payments of invoices for goods and services received to be paid by EFT. Therefore, each vendor must be registered in the System for Award Management (SAM) at **www.sam.gov**. The vendor will be required to update the SAM data annually. FSA cannot update a vendor's information in SAM. For guidance on updating the SAM please see the help links on the SAM web site.

FSA will only be able to process the invoice when the appraisal is determined acceptable.--*

***--Real Estate Appraisal Statement of Work (Continued)**

Timely Delivery and Extensions

Communication with FSA regarding timely delivery of the appraisal report(s) is important. If the vendor is unable to deliver the appraisal report by the due date, the vendor should request an extension in writing (email notification is acceptable) prior to the due date.

Liquidated damages will not be assessed if the vendor has received written authorization from the APOC or CO for an extension. An extension will usually be granted if the delay is due to circumstances beyond the vendor's control (FSA not providing timely information, changing the appraisal order, unknown structures, weather, denial of property access, etc.)

The appraisal report shall be delivered to APOC as described in LOE or appraisal order. A request for an extension must include the reason for the extension and the timeframe that the appraisal report will be delivered and can be submitted via email. The request for an extension must be sent to APOC or CO.

Extensions may only be authorized in writing by APOC or CO. All written authorizations and delinquent notifications will be via email.

Late Delivery Penalty Fee or Cancellation of Assignment

If the vendor does not deliver the appraisal report or an electronic version by the authorized due date, the contract/micropurchase is in default and FSA may cancel the purchase order/appraisal order with written notice (email) to the vendor or assess a liquidated damages fee.

If the vendor fails to perform the services, within the time specified in the LOE or appraisal order or extension authorized by APOC or CO, in the place of actual damages, the vendor will pay to the Government liquidated damages of 3% of the accepted bid amount per calendar day for failure to deliver the appraisal report. Damages will be assessed starting on the day after the original delivery date, or the extension thereof. Liquidated damages will not exceed 30% of the accepted bid amount. After 30 calendar days beyond the delivery date or extensions thereof, the appraisal order may be terminated with no payment. The vendor will be notified in writing if the appraisal order is terminated.

The vendor is aware that failure to deliver appraisal reports twice during a fiscal year, October 1, through September 30, period, within agreed upon timeframes could result in FSA no longer requesting appraisal services from the vendor.

FSA reserves the right to cancel the appraisal order/contract if it is in FSA's best interest. The vendor will be notified, and a partial fee may be paid for the work already done.--*

***--Real Estate Appraisal Statement of Work (Continued)**

The vendor has reviewed, understands, and agrees to the terms and requirements of the SOW.

Note: The SOW needs to be signed by all appraisers in the vendor business that will be doing appraisals for FSA.

***--Statement of Work Addendum for Potential Liquidation Value Appraisals**

Background

The Farm Service Agency (FSA), an agency of the U.S. Department of Agriculture (USDA), makes and services loans secured by real estate. FSA needs appraisal reports to complete various direct loan making and loan servicing responsibilities. This Statement of Work (SOW) addendum addresses FSA's requirements for a Potential Liquidation Value (PLV) appraisal for the purpose of loan servicing. This addendum provides additional assignment conditions and supplements the Statement of Work for farm/ranch, non-farm, or other real estate appraisal services.

Objective

FSA intends for the Vendor to perform a real estate appraisal as described below and to provide the report in a PDF version to FSA by the specified date. These assignment conditions are to instruct the appraiser to develop not only a market value appraisal but also a PLV appraisal as defined below. This addendum is to be used when consideration for a short exposure time is necessary due to adverse servicing conditions.

Scope

The purpose of this Statement of Work (SOW) Addendum is to provide additional assignment conditions specific to this appraisal assignment. The purpose is for FSA to obtain an appraisal of a property by the described completion date to include a market value (12 CFR 34.42) and a potential liquidation value (7 CFR 761.2). See attached Exhibit 1, "Market Value Definition", and Exhibit 2, "Potential Liquidation Value Definitions".

FSA regulations require the appraiser take into consideration at a minimum the three approaches to value: Sales Comparison approach, Cost approach, and the Income approach. Specific instructions for PLV support for the approaches to value are contained under the Approaches to Value section of this addendum.

Period of Performance

Typically, the period of performance is 30 calendar days from the date of the Engagement Letter or the Purchase Order unless otherwise defined. The appraiser should realistically estimate the timeframe to complete the appraisal assignment considering an additional time required for the liquidation value component of the appraisal, if necessary.

Work Requirements

The appraiser is to complete the appraisal process and reporting standards of the USPAP in effect as of the effective date of the appraisal. Real estate appraisals shall be completed in accordance with USPAP and any other assignment conditions as further defined in the SOW required by FSA for this appraisal assignment, this addendum, and/or the engagement letter.

FSA's Appraisal Requirements

In general, FSA has specific appraisal conditions and requirements for completing and reporting the values in an appraisal and will be considered to be part of the Appraisal Assignment. The specific conditions and requirements are described in this section as well as in the base statement of work for the type of property appraised. Both market value and PLV are required in the report.--*

--Statement of Work Addendum for Potential Liquidation Value Appraisals (Continued)*Client and Intended User**

Generally, FSA will be named as the Client and intended user. FSA will advise the vendor if there are additional intended users and they will be listed after FSA.

Appraisal Process

The appraiser shall follow the real estate appraisal process and reporting standards of the USPAP in effect as of the effective date of the appraisal. The appraiser will need to consider the following specific requirements for this appraisal of the subject property in addition to the typical requirements in the appraisal process.

Intended Use

The intended use is for loan servicing with consideration for both a voluntary sale (market value) and an involuntary sale (PLV) of the subject property.

Exposure Time

For the market value appraisal, identify typical exposure for the property type in the subject's market. For the PLV, a set exposure time will be provided by FSA. Due to the potential of adverse servicing actions, the exposure time to the market for the subject property may be shorter than typical for the subject and its market area. Using an extraordinary assumption, cite the exposure time provided by FSA, and conclude that the consummation of a sale is within this short time period. Based on this shortened exposure time, please provide your opinion of PLV. Cite the extraordinary assumption and state the extraordinary assumption might have affected the assignment results.

FSA's Calculation and Support for Exposure Time: Exposure time is the estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale as of the effective date of the appraisal. The FSA authorized agency official will document the estimated exposure time to be used based on the following information.

For the state of _____, the state's legal statute (citation # _____) sets forth the length of public notice by advertisement of _____ days*.

Exposure time as determined by the Agency based upon the above State statutory requirements is

☐ 30 days ☐ 60 days ☐ 90 days ☐ other _____*.

The appraiser shall use this as the exposure time for the PLV as described above.

*To be provided by FSA at the time of engagement of an appraiser.

Data Collection

Collect, verify, and analyze such comparable market data that is available that meet the definition of market value and PLV.

For PLV, the vendor should verify comparable sale conditions with one or more parties to gain the appropriate knowledge of the sales transaction and determine that it meets the definition of the liquidation value sought.--*

***--Statement of Work Addendum for Potential Liquidation Value Appraisals (Continued)**

Approaches to Value

All three approaches to value are to be considered. The report must explain if an excluded approach is not necessary for credible results. Each approach to value will be reconciled with the strengths and weaknesses. Consider the following approaches to value as part of the appraisal assignment.

Sales Comparison Approach

In addition to typical methodology used in the sales comparison approach, specific to this intended use, the appraiser should consider:

- For the PLV, comparable sales selected should be sales with similar exposure times.
- In the absence of comparable local sales that meet the definition of PLV, the vendor may consider:
 1. Expanding geographic boundaries for similar property type comparables which meet the definition found in the definitions in Exhibit 2 of this addendum (adjustments for location should be made if applicable).
 2. Using older local sales meeting definition of liquidation value and adjusting for market conditions as appropriate.
 3. Inclusion of market value sales and adjusting those sales. Market value sales should comprise no more than half of the total sales in the sales grid and direct comparison to sales meeting the definition of liquidation value (forced liquidation, Real Estate Owned (REO), auction, etc.) should be made for support of exposure adjustments and seller duress.
 4. Using ratios: liquidation value to market value ratios may be developed in support of adjustments for exposure time and seller duress to be used to adjust market value sales. This should be used only when there is a lack of comparable sales in the subject's market area and the sales have a similar highest and best use and the appraiser can reasonably establish the market value of the comparable sale at the time of the sale.
 5. Using market surveys: the appraiser may contact credible resources, i.e., farm real estate brokers/auctioneers, farm lenders, or others providing services in the subject's market area to conduct and document formal survey results on the diminution of value resulting from shortened exposure times linked to the PLV definition. This should include specific information, such as direct comparisons of liquidation sales of foreclosure/auctioned prices compared to their market value at the time of sale.

Cost Approach

In addition to typical considerations for the cost approach, if the subject property has building improvements that contribute to the value of the land, the vendor shall develop and report the cost approach to value. Please note this is an appraisal assignment condition and the cost approach shall not be excluded if there are significant improvements.

In addition, the report shall provide the following details for each individual building contributing value to the land, as follows: Effective Age, Remaining Economic Life, Replacement Cost New, Depreciation, and Contributory Value.

Income Approach

There are no special requirements outside the typical considerations for the income approach. If included, the analysis must clearly show calculations of the capitalization rates or discount rates of each comparable sale and the calculations on the subject property's net income and value. Explain exclusion of the income approach if applicable.--*

***--Statement of Work Addendum for Potential Liquidation Value Appraisals (Continued)**

Allocation of Value

The appraisal shall contain an allocation of value among its land, building components, and other improvements.

Reconciliation

Describe support for the “PLV” as well as the “market value” reviewing strengths and weaknesses of each approach to value in each appraisal.

Additional Comments

Key to developing a PLV or market value is the learned information the appraiser gathers. The conditions of sale, seller duress, and exposure time can be gathered through sales research and verification which enable the appraiser to determine whether the price paid is reflective of market, disposition value, or liquidation value.

Care should be taken not to use rules of thumb or generally accepted adjustments as these do not constitute support. At best they can be used as a test of reason for an adjustment derived from another method. If you have any questions, contact the APOC immediately.

Reporting Requirements

Information included in the report should be in enough detail to answer all important questions that the client or reader might pose as to the physical characteristics of the property. In addition to typical reporting requirements, the report should also provide separate opinions of value, one based upon on the definition of market value and one based upon the definition of PLV.

Note: The PLV must be included in a separate analysis section of the report. Market value and PLV definitions are to be provided by FSA and shall be disclosed in the appraisal report and summarized in the following report sections:

- Letter of Transmittal,
- Summary of Salient Facts,
- Reconciliation Section in the appraisal report.

The appraisal may be developed as one report with separate sales grids in support of the market and liquidation opinions of value.

Comparable Sales

Sales should be selected that have similar attributes of the subject and should be adequately analyzed. There should be comparable sales that support the market value as well as comparable sales that support the PLV and sales should be clearly identified. See comments under sales comparison approach above.--*

--Statement of Work Addendum for Potential Liquidation Value Appraisals (Continued)*Final Market Value and Final Potential Liquidation Value**

Final Values should be stated as a whole dollar amount for both the Market value and the PLV. If the subject is improved or personal property is appraised, from both final value opinions, an allocated value will be stated for:

- Land,
- Building Improvements, if applicable,
- Equipment/Fixtures, if applicable,
- Personal Property, if applicable,
- Timber/Mineral Rights/Other, if applicable.

Exceptions

Any exceptions to the appraisal requirements in the SOW or this SOW Addendum may be made on a specific appraisal assignment by the APOC, in consultation with POAD Appraisal Branch. Exceptions may be granted if warranted and justifiable. Exceptions are to be made in writing, detailing the reasons the exception is being requested. The APOC may grant or deny the request and will reply in writing. The exception authority is only to be used on rare occasions and when deemed necessary by the Agency.

Exhibit 1 - Market Value Definition

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. Buyer and seller are typically motivated;
2. Both parties are well informed or well advised, and acting in what they consider their own best interests;
3. A reasonable time is allowed for exposure in the open market;
4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

***--Statement of Work Addendum for Potential Liquidation Value Appraisals (Continued)**

Exhibit 2 - Potential Liquidation Value Definitions

Potential liquidation value is the amount of a lender's protective bid at a foreclosure sale. Protective liquidation value is determined by an independent appraiser using comparables from other forced liquidation sales.

Source: 7 CFR 761.2

And

Liquidation value is the most probable price that a specified interest in property should bring under the following conditions:

1. Consummation of a sale within a short time period.
2. The property is subjected to market conditions prevailing as of the date of valuation.
3. Both the buyer and seller are acting prudently and knowledgeably.
4. The seller is under extreme compulsion to sell.
5. The buyer is typically motivated.
6. Both parties are acting in what they consider to be their best interests.
7. A normal marketing effort is not possible due to the brief exposure time.
8. Payment will be made in cash in U.S. dollars (or the local currency) or in terms of financial arrangements comparable thereto.
9. The price represents the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

***-- Chattel Appraisal – SOW**

1. Background 2/

The Farm Service Agency (FSA), an agency of the U.S. Department of Agriculture (USDA), makes and services loans secured by personal property or chattels. FSA needs appraisal reports to complete various direct loan making and loan servicing responsibilities. The Statement of Work (SOW) addresses FSA's requirements for chattel appraisal services.

2. Objective 2/

FSA intends for the Vendor to provide chattel appraisal reports in a PDF version, by the specified date, to be delivered to the FSA Office requesting the appraisal. Timely delivery of the appraisal report is critical to the success of FSA's meeting its mission and providing loan assistance to farmers. The equipment and livestock are to be appraised on an appropriate Agency forms, or a format acceptable to the agency. Other personal property will be appraised in a narrative report and attached to the Agency appraisal form.

3. Scope 2/

The purpose of the SOW is for FSA to obtain a market value (12 CFR 34.42 (g), see attached Exhibit 1, for definition of "Market Value,") appraisal of personal property by the described completion date. The property will be appraised by using the **whole sale (auction) value**. This value is the estimated gross amount, expressed in terms of money, which could be typically realized from a sale, given a reasonable exposure time period. For the purpose of this SOW a 60 day marketing period is considered appropriate (unless otherwise stated) as a reasonable time for exposure in the open market, assuming that the subject property is professionally and actively marketed.

The appraiser shall furnish all materials, supplies, tools, equipment, personnel, and travel and shall complete all requirements of the Appraisal Order form or Purchase Order, and Engagement Letter by the specified date. This SOW applies to all chattel appraisals for FSA.

Typically, the appraiser will appraise the chattel property in the "as is" condition unless otherwise stated in the appraisal engagement letter. "As is" condition is the condition of the property as you find it during your inspection.

FSA regulations require that the vendor take into consideration at a minimum the Sales Comparison approach. If the appraiser determines that another approach is applicable the appraiser will obtain written approval from the Appraisal Point of Contact (APOC) and adequately explain the in the Scope of Work of the appraisal report. --*

***-- Chattel Appraisal – SOW**

4. Period of Performance 2/

Typically, the period of performance is 30 calendar days from the date of the Engagement Letter or the Purchase Order unless otherwise defined. The vendor should realistically estimate the timeframe to complete the appraisal assignment. The appraisal report must be received by the requesting office described in the engagement letter and/or work order. A request for an extension of the delivery date must include the reason for the extension and the timeframe that the appraisal report will be completed. Requests for an extension can be submitted via e-mail to the (APOC) or the Contracting Officer (CO) if a purchase order was issued. Written authorization for the extension or modification will be an e-mail response from the APOC or the CO.

5. Work Requirements 2/

The appraiser is to fulfill the appraisal process and reporting standards as described by FSA regulations, FSA forms, if applicable, and any other assignment conditions as further defined in this SOW or the engagement letter. Vendor may request a copy of FSA regulations regarding chattel appraisal requirement by contacting the APOC, CO or local FSA office as described in the engagement letter.

5.1 FSA's Appraisal Requirements

In general, FSA has specific appraisal conditions and requirements for completing and reporting the market value of personal property and will be considered as to be part of the Appraisal Assignment. The specific conditions and requirements are described in this section.

5.1.1 Appraiser 1/

The appraiser conducting the chattel appraisal assignment must be a professional that has received adequate training to be considered competent by industry professionals to perform the chattel appraisal. The appraiser must be licensed in the State in which the subject is located, except where there is no licensing. Evidence of competency includes documentation of training, education, a degree from an appropriate college or university, or certification from a professional society such as the American Society of Appraisers, American Society of Farm Manager and Rural Appraisers, Certified Farm Machinery and Equipment Appraiser or similar professional organizations or certifications. Vendor shall provide evidence of competency upon request by APOC or CO.

No other individual may provide assistance with the appraisal development process without prior written consent from FSA. --*

***-- Chattel Appraisal – SOW**

5.1.1.1 Notification Requirement of Individual Providing Assistance/Approval 1/

If the appraiser will have an associate or assistant appraiser providing assistance with the development of the appraisal assignment or will visit the subject property must notify the APOC in writing and receive written approval. Clerical support and normal information gathering is an exception for approval. The appraiser will provide FSA information as follows:

- Associate's name
- Length of employment with vendor or explanation of association if not an employee
- If background investigation has been completed by the State. Provide the date that the background investigation information was provided to the State.

Note: Date of license or registration certification would meet this requirement with a statement that background information was submitted with application for license/registration.

If the State has not completed a background investigation, or the requirement of submitting fingerprints, and it is necessary for the individual to provide assistance with the development of the appraisal assignment, FSA may require their own background investigation. In this case, the APOC will provide additional information.

5.1.2 Access to Property 1/

FSA requires that vendor to notify the property owner prior to accessing the property. The vendor shall provide the applicant or the FSA representative the opportunity to accompany the vendor on the property inspection. If the property owner is unavailable or considered uncooperative, the vendor may request assistance and/or guidance from the APOC to coordinate inspection of the property and/or obtaining assistance from a FSA representative.

The authorization to provide appraisal services is the engagement letter and if requested by the property owner the vendor shall provide the engagement letter to the owner as justification to inspect the property and to obtain information necessary for the appraisal assignment.

5.1.3 Client and Intended User

Generally, FSA will be named as the Client and intended user. FSA will advise the vendor if there are additional intended users and they will be listed after FSA. The additional intended user may not require the vendor to do more than FSA requirements would have otherwise done, unless directed by FSA. The FSA Borrower/Applicant will not be listed as an intended user.

5.1.4 Appraisal Process

The appraiser shall follow industry recognized appraisal process and reporting standards and any FSA regulation requirements in effect as of the effective date of the appraisal. The appraiser will need to consider the following requirements of the personal property in the appraisal process: --*

***-- Chattel Appraisal – SOW**

5.1.4.1 Intended Use

The stated intended use of the appraisal may have specific requirements that must be considered. If the intended use is not identified in this section of the SOW then FSA has no additional requirements.

5.1.4.2 Property Identification

All of the personal property to be appraised will be described on FSA 2028 Security Agreement, if available, or on an attachment.

This property is owned by or taken care of by the person(s) named as “Owner” on the Chattel Appraisal Order Form. In addition to the personal property listed, FSA security agreements cover all additions to and replacements to the property listed on the security agreement. Therefore, as the Vendor performs the appraisal, if the appraiser becomes aware of additional equipment, livestock, and other farm personal property, the appraiser is to describe this additional property with an appraised value on an attachment to the appraisal.

5.1.5 Property Location and Access 1/

FSA understands the property is located at the location described in Appraisal Order form. If some of the property is not located at the location described and the new location will add considerable cost to the vendor to inspect the property, the vendor should contact the FSA APOC/CO and negotiate an increase in the Micro Purchase/Purchase Order amount.

On-sight, visual inspection of the chattels listed must be performed. The effective date of this appraisal is the date of inspection. FSA requires that the appraiser inspects all security; and if unable to do so, then the reason why not must be explained and concurred with by the APOC. If concurrence is obtained then an Extraordinary Assumption should be utilized. The vendor is to contact the person listed under Section A of the Chattel Appraisal Order Form for access to inspect and appraise the property. If the vendor is denied access, the vendor is to immediately inform the APOC to make other arrangements.

5.1.6 Approaches to Value

The report must explain why an excluded approach is not necessary for credible results. Each approach to value will be reconciled with the strengths and weaknesses. A dictionary definition of “explain” is “to give the reason for or cause of.” FSA regulations require that the vendor take into consideration at a minimum the Sales Comparison approach. If the appraiser determines that another approach is applicable the appraiser will obtain written approval from the Appraisal Point of Contact (APOC) and adequately explain the in the Scope of Work of the appraisal report.

Consider the following approaches to value as part of the appraisal assignment. --*

***-- Chattel Appraisal – SOW**

5.1.6.1 Sales Comparison Approach

Typical Sales Comparison methodology is defined as a set of procedures in which the appraiser derives a value by comparing the property being appraised to similar properties that have recently been sold, applying the appropriate units of comparison; identifying elements of comparison, and apply the quantitative or qualitative adjustment of each element of comparison to the sale prices of comparable sales.

The property will be appraised by using the **whole sale (auction) value**. This value is the estimated gross amount, expressed in terms of money, which could be typically realized from a sale, given a reasonable exposure time period. For the purpose of this SOW a 60 day marketing period is considered appropriate (unless otherwise stated) as a reasonable time for exposure in the open market, assuming that the subject property is professionally and actively marketed.

5.1.6.2 Cost Approach

The appraisal report must contain information on how the depreciation was extracted from the market data and used to determine contributory values for the personal property. If market data is not available the appraisal report will state as such and the conclusion will be supported. Industry acceptable depreciation methods can be used and should be adequately documented illustrating calculations, explanation as to appropriate method and reasoning for the depreciation and the replacement value.

5.2 Reporting Requirements 2/

Reporting requirement of information should be sufficient in detail to answer all important questions that the client or reader might pose as to the physical characteristics of the property. The report will include relevant information that supports a credible report, value, assumptions, conclusions and methodology.

If the appraiser cannot obtain sale information to support the market value, the APOC or CO may authorize an alternative method after the appraiser reports their search information of the market to the APOC or CO and find the appraiser's efforts were satisfactory.

The report is to describe the location of all property that is not located at the location described by FSA. Additionally, the report shall consist of, at a minimum, the following:

5.2.1 Form

The livestock and the equipment will be appraised by use of an appropriate Agency form, or a format acceptable to the agency. FSA chattel appraisal form is FSA 2160, "Appraisal of Chattel Property." This form can be obtained from the APOC. The appraiser may provide addendums to the FSA form to support other personal property that is identified, methodology, adjustments, assumptions, conclusions, calculations and any requirement described in this subpart of the SOW. --*

***-- Chattel Appraisal – SOW**

5.2.2 *Inventory of Crops, Feed, etc.*

Inventory of crops on hand, feed on hand, etc. will be appraised in a narrative format by describing the item, the quantity, the quality, the unit value, source of unit value, and the final value. Then the cost to market and convert the item to cash will be explained and deducted for the market value. Provide a, concise narrative regarding your observations as to the overall condition and care of stored crops and major supplies on hand.

5.2.3 *Growing Crops*

All crops growing on the real estate described in item (b) page 2 of 7 of FSA 2028, Security Agreement, will be appraised if FSA provides a copy of the security agreement to the vendor. The growing crops will be described in a narrative format by the location, quantity, quality, age or maturity, unit value, source of unit value, and present gross crop value. The cost to harvest or market will be deducted, if the crop will be harvested within 30 days. If the crop will not be harvested within 30 days, then the cost invested in the crop may be used. In either case, the appraiser should deduct all known landlord leases due against the crop. The vendor is not required to conduct a lien search, only to advise FSA of their findings.

5.2.4 *Livestock*

All livestock described on FSA 2028, Security Agreement, will be appraised if FSA provides a copy of the security agreement to the vendor. Otherwise, livestock described by the work order and/or engagement letter will be appraised. The appraisal report will identify the livestock providing an Item No, livestock type, and at the minimum provide Quantity, Kind, Sex, Breed, Color, Weight or Average Weight, Age or Age Range, Brands or Other Identification, Value/Head and Dollar value.

5.2.5 *Equipment*

All equipment described on FSA 2028, Security Agreement, will be appraised if FSA provides a copy of the security agreement to the vendor. Otherwise, equipment or any other personal property described by the work order and/or engagement letter will be appraised. The appraisal report will identify the equipment or personal property providing an Item No, Quantity, Description, Manufacturer, Size and Type, Condition, Year of Manufacture, Serial Number, or Other Identification, and Dollar value.

5.2.6 *Base Acres, Quotas, Contracted*

If applicable, base acres, quotas, contracted acres, etc. are to be appraised using actual sales of the type for the same crop and the same processor. If the appraiser cannot obtain sale information, the APOC or CO may authorize an alternative method after the Appraiser reports their search of the market and the APOC or CO find the Appraiser's efforts were satisfactory.

5.2.7 *Other Personal Property*

If applicable, other personal property must be identified adequately to allow the client to understand and clearly identify the property, include type, description, model, and any specific identification of the property. --*

***-- Chattel Appraisal – SOW**

5.2.8 Total Value

Total value will be provided for inventory, growing crops, livestock, equipment and any other personal property. A final value of all personal property will be provided in the summary and conclusion of value section of the report. A statement as to what value has been determined will be included in the total value section. If forced liquidation value is requested by the client the determination of that value will be fully explained.

5.2.9 Photos

Each appraisal will include pictures of the significant items appraised and also include pictures of a representative sample of any livestock appraised, as well as crops, feed stocks and supplies. All pictured items will be identified.

5.2.10 Value Resource Documentation

The appraisal report should clearly document resource sources and information used to determine value. Chattels offered as security for FSA, shall be appraised utilizing the Blue Book, auctions, machinery dealers, livestock reports, etc.

5.2.11 Assumptions and Extraordinary Assumptions and Limiting Conditions

If any personal property cannot be viewed, then an Extraordinary Assumption may be used with a full explanation. Appraisal report should have an addendum identifying any assumptions and limiting conditions as appropriate.

5.2.12 Economic Characteristics

Any impacts of economic characteristics shall be discussed such as productivity, production and ownership costs, rents, gross and net income, etc. Economic characteristics should be supported from the market if value adjustments are required. Review and summarize production contract(s) for specialized agricultural facilities. Discuss the general market economics and/or the economics of the specialized agricultural facilities.

5.2.13 Approaches to Value

FSA regulations require that the appraisal will document the results when considering the three approaches to value, as determined to be applicable and necessary, except as provided in the scope of work.

5.2.14 Engagement Letter

A copy of the engagement letter or work order will be provided in the addendum of the appraisal report. --*

Chattel Appraisal – SOW

5.2.15 Certification

If the appraiser is not using FSA-2160, the appraiser will date and sign the appraisal report and include a statement that the values provided are based on market information and analysis that was available on the effective date of the appraisal report. If the appraiser is a member of a professional organization and the organization requires the appraiser to sign a certification, such certification will be included with the report.

5.2.16 Qualifications of the Appraiser

A resume listing applicable appraisal education and experience must be included. FSA does not require a copy of the appraiser's license or evidence of any personal liability insurance to be included in the report.--*

5.3 Personal Identifiable Information (PII)/FSA Program Information

The vendor will comply with the intent of the Privacy Act of 1974 to protect the individual's privacy from unwarranted invasion, to make sure that personal information in their possession, if provided by the federal agency, is properly used, and will prevent any potential misuse of personal information in their possession.

The vendor is contractually bound by the same requirement of information confidentiality as are Government employees.

Reference to FSA applicant, producer or borrower's personal identifiable information other than name, address or information that is of public record shall be considered confidential and not disclosed in the report.

5.4 Expert Witness/Testimony 3/

5.4.1 Request for Expert Witness

If needed, the appraiser agrees to be an expert witness for FSA concerning the appraisal in an appeal hearing or in court. FSA will issue an engagement letter or work order for expert witness services providing the location, date and time the appraiser will be required to provide expert witness *--testimony and an estimated cost for such services. If estimated fess and cost need to be negotiated, the APOC will contact an agency contracting officer for assistance.--*

5.4.2 Documentation of Services

The appraiser will be expected to maintain itemized documentation of prep work time, actual expert witness time, mileage and per diem that was incurred. The appraiser must submit an itemized invoice *--to be paid. The invoice will itemize the time that was required for preparation for the expert witness with a brief explanation of prep work completed.--*

5.5 Use Of/And Release of the Report

FSA's primary intended use of the appraisal will be stated in the engagement letter or work order. However, FSA may use the appraisal in other loan making and servicing actions, as FSA needs to do in carrying out requirements in government regulations. FSA does have need from time to time to release a copy of the report to the applicant, borrower, their representatives, and to other parties under the regulations that govern FSA's programs. These other parties may include peer groups, such as an appraiser organization. Any request from outside the agency, other than the applicant or lender, will need consent by an authorized FSA agency representative.

Chattel Appraisal – SOW

5.6 Acceptance Criteria

Delivery of the appraisal report will include a properly executed invoice. Invoice for payment will be processed when the appraisal is determined acceptable by FSA. An acceptable product will include the following.

1. Appraisal report must be delivered by the completion date stated on the engagement letter and/or work order (plus any extension of time granted by FSA).
2. Appraisal report is completed in accordance with current FSA requirements and meets the work requirements of this SOW that are applicable and any other requirements for a specific property which will be found in the engagement letter and/or work order for each appraisal order.
3. An administrative appraisal review accepts the appraisal report by FSA.

If the administrative appraisal review indicates that the appraisal report may not be acceptable, FSA will request guidance from staff appraiser. If FSA staff appraiser requires additional information to support the adjustments, explanation of the process, or SOW requirements must be met, the invoice approval and payment of the appraisal fee will be held until the appraisal is found acceptable to FSA.

The request for additional information will provide a specific timeframe for the information to be delivered and the criteria for the updated material to be added to the appraisal report. Typically, the timeframe to update the appraisal 7 calendar days or as specified by the request letter. If the appraiser determines that a completed appraisal report will need to be reissued the contract appraiser will need to have approval from APOC.

The appraisal report must be delivered by the completion date stated on the engagement letter or work order or as provided by an extension granted by FSA.

5.7 Invoicing

5.7.1 Invoice Information

A properly executed invoice for payment will be submitted to the APOC as directed in the engagement letter or work order. The invoice will include the appraiser's name, address, invoice *--number, UEI number, and name of the applicant/borrower as identified in the engagement letter--* or work order, county/borough/parish/city name that the appraisal was completed in and the amount.

5.7.2 Invoice Approval

The invoice will be processed for payment when the appraisal is determined acceptable by FSA. If the appraisal is not acceptable the appraisal fee will be held until the appraisal is found to be acceptable to FSA.

***--Chattel Appraisal – SOW**

5.7.3 Final Payment

Federal Acquisition Regulations provide the U.S. Government 10 business days from receipt date of the appraisal to determine if the appraisal is acceptable. The invoice will be processed for payment within 30 calendar days or less from the date the appraisal was accepted. The appraiser will be notified in writing if the appraisal is unacceptable and at the discretion of the Government will be requested to make changes to the appraisal report in order to meet FSA SOW requirements. An unacceptable appraisal will be considered as in default and at the discretion of the Government the micro purchase/purchase order may be terminated.

The USDA procurement procedures require that ALL vendors be paid using Electronic Fund Transfer (EFT) system. The Debt Collection Improvement Act (DCIA) of 1996 requires that federal payments of invoices for goods and services received to be paid by EFT. Therefore, each vendor must be registered in the System for Award Management (SAM) that is available www.sam.gov

The vendor will be required to update the SAM data annually. FSA cannot update a vendor's information in SAM. For guidance on updating SAM please see the help links on the SAM web site.

FSA will only be able to process the invoice when the appraisal is determined acceptable and the appraiser is properly registered in the SAM web site.

6. Delivery 2/

Vendor is expected to deliver to the APOC an appraisal report that meets FSA requirements by the accepted delivery date as stated in the Vendor's quote or authorized extension.

FSA has additional requirements related to appraisal report.

6.1 Report Type

Narrative appraisal reports are acceptable. However, form reports are acceptable as long as the report form is approved by FSA. For approval contact the APOC.

6.2 Report Content

The content of an appraisal report must be consistent with the intended use of the appraisal and, at a minimum meet industry standards.

In addition to industry standard reporting requirements, FSA requests that the appraisal report include the requirements as described by section 5.2.

6.2.1 Layout/Formatting

The report must be in portrait layout with an 8 1/2" x 11" page size. Font size of text will be 11 or larger. Photos, maps or diagrams should allow the user to clearly view the contents of the image including labels. Transmittal letter will be the first page; consecutive pages will be the cover page, Summary of Salient Facts or Executive Summary, Table of Contents and the body of the appraisal. All pages of the report other than transmittal letter and cover page will have page numbers.--*

6.2.2 Reporting Requirements

Reporting requirements are items as addressed in paragraph 6.2 (Reporting Requirements) of this SOW.

6.3 Report Format

6.3.1 Electronic Copy of Appraisal Report

An electronic copy of the appraisal report is the preferred format. If the appraiser is unable to provide a PDF version of the appraisal report the appraiser may provide two hard copies of the appraisal report. The electronic copy will be acceptable to FSA if:

- Received via e-mail to the APOC's e-mail address or other e-mail address identified in the engagement letter or work order, as well as to the Ordering Official's (OO) e-mail address.
- Appraiser does not have software available to create a PDF document the appraiser should contact the APOC for approval to use other software application.

The PDF file must contain the complete appraisal report, the transmittal letter, signature of the appraiser within the report as required on all appropriate pages, i.e. certification, final value page, etc., and all pages are formatted appropriately with sequential page numbers.

- Size of the file may not exceed 20 Gigabytes (GB). If the appraisal report file is larger than 20 GB, the appraiser will need to contact the APOC to make other arrangements to deliver the electronic file to FSA by the (PO) delivery date.
- Send a follow up e-mail to the APOC identified in the engagement letter that the electronic report was transmitted via e-mail providing recipient, date, subject line and time of transmittal.
- Hardcopy report may be provided per section 6.3.2, if electronic report option is not used

6.3.2 Hard Copy Report

Upon approval by the APOC, the vendor may provide a printed appraisal report to FSA in lieu of a electronic copy. Two (2) copies of the appraisal report are to be delivered to FSA unless otherwise stated in the engagement letter. At a minimum one copy must be the original report with color photographs, etc., One (1) copy can be black and white. The original report must be delivered to the Ordering Official. The second original report shall be delivered to the APOC, as stated in the engagement letter. The report shall not be bound.

7. Place of Performance 2/

Typically, the location of the appraisal assignment may be any location as further described by the engagement letter or work order. --*

***-- Chattel Appraisal – SOW**

8. Late Delivery Penalty Fee or Cancellation of Assignment /Contract

Communication with FSA regarding timely delivery of appraisal report is important. If the vendor is unable to deliver the appraisal report by the due date the vendor should request an extension in writing prior to the delivery date.

Liquidating damages will not be assessed if the vendor has received written authorization from the APOC or the CO for an extension.

If the vendor does not deliver the appraisal report or an electronic version by the authorized due date, the contract is in default and FSA may cancel the purchase/purchase order with notice to the vendor or assess a liquidated damages fee.

If the Vendor fails to perform the services, within the time specified in the appraisal engagement letter or extension authorized by the CO or APOC, following proper notification the Vendor shall, in the place of actual damages, pay to the Government liquidated damages of 3 % **of the accepted quote amount** per **calendar day** from the date of notification for failure to deliver the appraisal report.

Liquidated damage percentage will not exceed 25 % of the accepted quote amount if delivered within 10 calendar days of the date notification. Liquidated damage fees will continue to be assessed at the stated percentage and 30 calendar days beyond the date of notification the appraisal order will be terminated with no payment. The vendor will be notified in writing if appraisal order is terminated. The failure to deliver an appraisal report by the due date which may cause the financial transaction not to close due to seller's unwillingness to extend the timeframe can result in immediate termination of micro-purchase and no payment upon written notice.

The appraisal report shall be delivered to the Ordering Official and the APOC as described in the appraisal engagement letter or work order. A request for an extension must include the reason for the extension and the timeframe that the appraisal report will be delivered and can be submitted via e-mail. The request for an extension should be sent to the APOC or the CO if a purchase order was issued as described in the appraisal order letter.

All written authorizations and approval of an extension for delivery will be an e-mail response.

The Vendor is aware that failure to deliver appraisal reports twice during a fiscal year, October through September period, within agreed upon timeframe could result in FSA no longer requesting appraisal services from the vendor.

Other non-performance issues the vendor will be notified in writing and the issue will be referred to the Contracting Officer. --*

9. Personal Identity Verification of Vendor Personnel 3/

The Government may request the Vendor to complete a background investigation of the Vendor and/or their employees. Upon request by the Government the vendor will provide the required documents necessary to complete a background investigation within the timeframes identified. The APOC or CO will request in writing the information needed and the timeframe that the documents are to be submitted to the APOC or CO. Typically, background investigations require; OF-306, Declaration of Federal Employment, and two completed FD-258's or SF-87 Fingerprint Charts with the signature and date of the applicant and a jpg format photo ID. Vendor is responsible for any expenses associated with the background investigation.

Failure to comply with the request could result in the termination of the work order or appraisal assignment. Such determination will be provide to the vendor in writing.

If background investigation results are unsatisfactory FSA can terminate the work order or appraisal assignment. FSA may request restrictions to be applied to the Vendor or their employees. FSA will only respond if there are concerns regarding the background investigation. The APOC or CO will notify the Vendor in writing with notification of immediate termination of work order or assignment or restrictions for employee assistance.

The Vendor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201 if requested by APOC or CO.

9.1 Properly Account for All Forms of Government-provided Identification

The Vendor shall account for all forms of Government-provided identification issued to the Vendor's employees in connection with performance under this contract. The Vendor shall return such identification to the issuing agency at the earliest of any of the following, unless otherwise determined by the Government:

- (1) When no longer needed for contract performance.
- (2) Upon completion of the Vendor employee's employment.
- (3) Upon notification that appraisal services are no longer needed and the Vendor has been removed from the Appraisal Vendor registry or services have been terminated.
- (4) Upon Vendor written request to no longer provide appraisal services. The Vendor shall return all forms of Government-provided identification issued to the Vendor and its employees.

FSA may delay final payment under a contract if the Vendor fails to comply with these requirements. --*

***-- Chattel Appraisal – SOW**

9.2 Subcontract Requirements

The Vendor shall insert the substance of this clause, including this paragraph, in all subcontracts when the subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system and/or visit FSA applicants or borrowers property. It shall be the responsibility of the prime Vendor to return such identification to the issuing agency in accordance with the terms set forth in paragraph 9.1 of this section, unless otherwise approved in writing by the APOC or CO.

10. Exceptions 3/

Any exceptions to the appraisal requirements in this SOW, may be made on a specific appraisal assignment by the APOC, in consultation with an Agency appraiser. Exceptions may be granted if warranted and justifiable. Exceptions are to be made in writing, detailing the reasons the exception is being requested. The APOC may grant or deny the request and will reply in writing. The exception authority is only to be used on rare occasions and when deemed necessary by the Agency.

11. Exhibits 2/

Exhibits that are included with the SOW are categorized into two groups; general or specific work requirements. General exhibits provide more specific information related to the SOW. Work requirement exhibits specifically address additional work requirements that may be specific to the state, region or specialized real estate or chattels as defined by the exhibit.

Vendor acknowledges that exhibits may be added to this SOW and that the vendor accepts the new or modified exhibit by acceptance of the assignment. An exhibit may be provided to the vendor through the Engagement Letter and does not require the vendor to accept a new SOW with the modified exhibit. Vendor should direct questions regarding added exhibits or modified exhibits received with engagement letter to the APOC or Agency Appraiser as noted in the engagement letter.

11.1 General Exhibits

11.1.1 Exhibit 1, "Market Value Definition"

11.1.2 Exhibit 2, "Agency Statement of Work Contact Information"

11.2 Specific Work Requirement or Reporting Exhibits

None. --*

***-- Chattel Appraisal – SOW**

12. Acceptance 3/

FSA may at times update the SOW with minor changes. Vendor will be notified of the changes via e-mail providing a summary of changes that have occurred, date of change, and version number. Vendor's signature will remain and the previous SOW signature page will be added to the revised SOW. In this situation, a vendor may request or provide a new SOW with a signature.

If FSA makes major changes to work or reporting requirements, late delivery penalty fee, acceptance or delivery requirements with in this SOW FSA will notify the vendor via e-mail and request the vendor to sign a new SOW. The vendor will be required to return a copy of the complete SOW with a completed signature page to the APOC. Digital signatures on a locked (secured) Portable Document Format (PDF) document are acceptable and may be transmitted to APOC via e-mail.

Failure to return a signed SOW and/or vendor registration form upon request by FSA may result in vendor to be removed from the vendor registry.

The Vendor has reviewed, understands and agrees to the term and requirements of the SOW.

13. Exhibit 1 3/

13.1 Market Value Definition

Source: 12 CFR 34.42 (g)

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- (1) Buyer and seller are typically motivated;
- (2) Both parties are well informed or well advised, and acting in what they consider their own best interests;
- (3) A reasonable time is allowed for exposure in the open market;
- (4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- (5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. --*

***--Dairy Addendum to FSA Appraisal Guidelines**

In addition to the general FSA appraisal assignment guidelines, the following is a supplement specific to dairy appraisals.

Item	Information Element	Content Description
1	Market Description	Summarize the market for milk and dairy products in the subject's marketing area <u>with emphasis</u> on the number of milk handlers and / or milk cooperatives. Are there sufficient alternatives for milk sales in the local area? Explain the supply and demand factors. The availability of support services for dairying should be addressed in the appraisal report.
2	Subject Description	<p>Describe the following building categories of the dairy operation in sufficient detail and in relation to their utility and contribution to the whole enterprise: describe the livestock facilities design and capacity for cows and young stock, milking facilities, feed storage, machinery & equipment storage, fixtures, personal property, and waste storage and handling. State and discuss the actual ages, effective ages and remaining economic lives for the farm buildings or building categories listed above. Discuss condition and any prior repairs/upgrades to the property's buildings with actual or estimated costs. Describe farm dwelling(s) and other outbuildings with contributory value.</p> <p>For new construction, summarize the actual construction cost quotes/estimates associated with the new construction and include in the appraisal copies of quotes and specifications that are sufficient to adequately describe the proposed construction.</p> <p>If an existing facility is appraised "as-improved" that will include repairs/upgrades, document the proposed repairs/upgrades and include the estimated cost.</p> <p>Identify the legal permitted capacity in AUs (animal units). Identify and discuss if the dairy is a CAFO. Does the CAFO have an approved nutrient/manure management plan that is in compliance, with adequate and available acres? Appraisers should be provided with information related to the operations status as a CAFO and compliance on their nutrient/manure management plan <u>when the information is available</u>. Appraisers should review and discuss this information with the property owner and note any compliance issues. Analyze and discuss the market area feed base capacity to support the operation.</p> <p>Discuss the available legal surface and groundwater rights (verification if available) necessary to support the projected dairy capacity in the analysis.</p> <p>Identify and differentiate between the equipment considered personal property and fixtures required for the ongoing farm operation for the subject and/or sales. Show contributory value separately for non-real property items.</p>

--*

***--Dairy Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
3	Approaches to Value	<p>For dairy appraisals, generally all three approaches are applicable and necessary.</p> <p>Analyze available local sales to adequately support the value of the subject's dairy facilities. When there are insufficient local sales, regional sales may be considered. Analyze and adequately support adjustments for locational differences if applicable. Discuss and support the selection of comparable sales. Sales selected should reflect the attributes of the subject and should be similar operations. Sales verification is the key to the analysis of dairy farm sales and should include the same degree of building description and analysis as listed above under "Subject Description".</p> <p>Analyze subject and sales in the same manner and include sufficient detail from the sales analysis in the appraisal to support the appraisal. Units of comparison, as determined from the market, should be discussed. Commonly used units of comparison for dairy farms are \$/acre or \$/stall/milk cow.</p> <p>The exclusion of any of the 3 approaches to value <u>must explain why</u> an excluded approach is not necessary for credible results.</p>
4	Sales Comparison Approach	<p>Show direct (head to head) comparison of subject and sales summarized in a grid. Explain and support all adjustments in sufficient detail. Explain how the value opinion was selected from the direct comparisons (such as which sales were given the most weight). Comparability of sales should focus on similarities relating to housing (conventional or free stall) and feed (purchased/grown/land base) and/or other similarities that influence value.</p>

--*

***--Dairy Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
5	Cost Approach	<p>Show cost approach calculations including RCN estimates and contributory values. Use typical cost for RCN calculations and discuss any differences in actual quotes/estimates from typical cost (if applicable). Provide market data to support typical RCN. Sales analysis should support depreciation rates and typical economic life. Include the following:</p> <ul style="list-style-type: none"> • Show the contributory value of each building with significant contributory value and discuss effective ages and remaining economic life, taking into account physical, functional and external obsolescence. Buildings of like use, age, and condition can be grouped for analysis purposes and should be adequately described. • Show the contributory value of fixtures / equipment and discuss effective age and remaining economic life, taking into account physical, functional and external obsolescence. <p>Show the contributory value of the land components supported by local sales and state the contributory value of any site improvements (wells, septic tanks, pads and roads) as a separate entry, or as part of the building contributory value. If site improvement value is included as part of the building contributory value, ensure that any value differences are explained and discussed.</p>
6	Income Approach	<p>Cash rent and typical owner/operator are the generally suggested methods used for income approach calculations. If cash rent information is limited, typical owner operator data can be used from dairy farm business summaries of similar sized dairy operations to estimate typical incomes and expenses. Projected income and expenses for other farm enterprises should be addressed as well. Discuss the subject's enterprises actual income & expenses vs. typical when significant differences occur. Property should be appraised on a fee simple basis verse a leased fee basis.</p> <p>Discuss selection of cap rates and which sales are given the most weight. Rate selection should be from similar sales and homogenous data, i.e., cash rents comps or owner/operator mirroring the method used for the subject.</p>

--*

***--Dairy Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
7	Reconciliation & Final Value Allocation	<p>Reconcile the three approaches to value and discuss which approach is given the most weight.</p> <p>Allocate the final value opinion into the contributory value of the component parts for the land, land improvements, and structural improvements (including fixtures and equipment).</p> <p>The contributory value of any non-real property items included in the value should be shown separately and discussed.</p>

***--Hog Addendum to FSA Appraisal Guidelines**

In addition to the general FSA appraisal guidelines, the following is a supplement specific to hog appraisals.

Item	Information Element	Content Description
1	Market Description	Summarize the market for hog operations in the subject area based on contacts with local integrators, lenders, and growers. Provide a general discussion of the rates and terms being offered by integrators to hog producers. The description shall discuss the subject integrator as well as other integrators operating in the area.
2	Subject Description	<p>Describe the hog buildings and fixtures/equipment associated with each building in sufficient detail including the age and condition of each. For existing facilities, state and discuss the actual age and effective age for each and reconcile any differences. Typically, a lower effective age requires detailed documentation of significant upgrades. Identify and document all prior repairs/upgrades including cost estimates and year completed. A visual inspection of the interior is necessary to adequately assess the condition for existing facilities. If interior inspection is not possible contact the Client for guidance.</p> <p>If the subject is an existing facility, appraised “as-improved” to include repairs/upgrades, document the proposed repairs/upgrades including cost estimates. A hypothetical condition should be stated.</p> <p>If the subject is new construction, summarize the actual construction cost quotes/estimates associated with the new construction and include in the appraisal copies of quotes and specifications sufficient to adequately describe the proposed construction. A hypothetical condition should be stated.</p> <p>Identify the legal permitted capacity in AUs (animal units). Does the Confined Animal Feed Operation (CAFO) have an approved nutrient / manure management plan that is in compliance, with adequate and available acres? Appraisers should be provided with information related to the operations status as a CAFO and compliance on their nutrient/manure management plan <u>when the information is available</u>. Appraisers should review and discuss this information with the property owner and note any compliance issues.</p>

--*

***--Hog Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
2 (Cntd)	Subject Description	<p>If applicable, discuss the available legal surface and groundwater rights (verification if available) necessary to support the projected hog capacity in the analysis.</p> <p>Discuss manure premiums and/or manure easements (spray field easements/application easements) or other similar issues. Ensure that they are adequately addressed in the nutrient/manure management plan.</p>
3	Hog Production Contract/ Agreement	<p>Summarize the contract or proposed grower contract/agreement with the integrator (if applicable) for the subject and under what terms and/or conditions the contract is subject to (such as any repairs or upgrades to the facilities that may be required to obtain the contract). Include income and expense estimates.</p> <p>Is the subject contract similar to a typical market contract? If there are significant contract differences between the existing contract (leased fee) and typical market contract (fee simple) that impact value, they should be discussed with the Client and in the report.</p>
4	Integrator Requirements	<p>Describe the standards for equipment and buildings required by integrators and whether the subject's hog building(s) meet, exceed, or do not meet the integrator's standards, if applicable. Discuss the compatibility of the subject improvements with requirements of other integrators in the area as well.</p> <p>If the hog building(s) are no longer in operation, additional discussion is needed. If the building(s) are obsolete, this needs to be explained in the appraisal. If the building(s) can be put back into production, then an estimated cost to cure to bring them into compliance with the integrator's contract standards should be provided.</p>

Item	Information Element	Content Description
5	Approaches to Value	<p>For a hog appraisal, generally all three approaches are applicable and necessary.</p> <p>Analyze such local sales that are available to adequately support the value of the subject's hog facilities. When there are insufficient local sales, regional sales may be considered. Analyze and adequately support adjustments for locational differences if applicable. Discuss and support the selection of comparable sales.</p> <p>Include sufficient detail from the sales analysis in the appraisal to support the subject analysis. Units of comparison should be determined from the market.</p>
6	Sales Comparison Approach	<p>Show direct (head to head) comparison of subject and sales summarized in a grid. Explain and support all adjustments in sufficient detail. Use a market unit of comparison that is understandable and supportable. Explain which sales were given the most weight from the direct comparisons for the value opinion.</p>
7	Cost Approach	<p>Provide market (local/cost provider) data to support typical RCN. Use typical cost for RCN calculations, but discuss any differences in actual quotes/estimates from typical cost. For existing operations, also provide market data to support typical economic life and to support depreciation rates used.</p> <p>Include the following.</p> <ul style="list-style-type: none"> • The contributory value of the land components. Include vacant land sales to support the contributory values. • Describe, discuss and explain the contributory value of any site improvements (manure lagoons, wells, septic tanks, roads and loading areas, etc.) for the subject and sales. They should be consistently analyzed. Any significant value differences should explained and discussed. • The RCN, effective age, remaining economic life, and contributory value of each building and the fixtures/equipment and documenting the physical, functional and external depreciation calculations.

***--Poultry Addendum to FSA Appraisal Guidelines**

In addition to the general FSA appraisal guidelines, the following is a supplement specific to poultry appraisals.

Item	Information Element	Content Description
1	Market Description	Summarize the market for poultry operations in the subject area based on contacts with local integrators, lenders, and growers. Determine the amount and range of contract production payments and terms being paid to poultry operators. The description shall discuss the subject integrator as well as other integrators operating in the area.
2	Subject Description	<p>Describe the poultry buildings and fixtures/equipment associated with each building in sufficient detail including the age and condition of each. For existing facilities, state and discuss the actual age and effective age for each and reconcile any differences. Typically, a lower effective age requires detailed documentation of significant upgrades. Identify and document all prior repairs/upgrades including cost estimates and year completed. A hypothetical condition should be stated.</p> <p>Identify the legal permitted capacity. Identify any personal property included on subject and/or sales, and show contributory value separately from real estate.</p> <p>Adequately describe the land and land improvements as well as any other improvements.</p>

--*

***--Poultry Addendum to FSA Appraisal Guidelines (Continued)**

Item	Information Element	Content Description
3	Poultry Production Contract/ Agreement	<p>Summarize the contract or proposed grower contract/agreement with the integrator (if applicable) for the subject and under what terms and/or conditions the contract is subject to (such as any repairs or upgrades to the facilities that may be required to obtain the contract). Include income and expense estimates.</p> <p>If the value of the subject property is dependent upon the contract, then an analysis of the relationship of the contract to the subject's real property and how the contract impacts the value of the real property must be explained in the appraisal report.</p>
4	Integrator Requirements	<p>Describe the standards for equipment and buildings required by integrators and whether the subject's poultry houses meet, exceed, or do not meet the integrator's standards. Discuss the compatibility of the subject improvements with requirements of other integrators in the area as well.</p> <p>If the poultry house(s) are no longer in operation, additional discussion is needed. If the houses are obsolete, this needs to be explained in the appraisal. If the houses can be put back into production, then an estimated cost to cure to bring them in compliance with the integrator's contract standards should be provided.</p>
5	Approaches to Value	<p>For a poultry appraisal, generally all three approaches are applicable and necessary.</p> <p>Analyze such local sales that are available to adequately support the value of the subject's poultry facilities. Buildings of like kind, age, and condition can be grouped. See comments under Item 2 above. <p>The contributory value and remaining economic life of equipment/fixtures associated with each building, taking into account physical, functional and external obsolescence. Equipment of like kind, age, and condition can be grouped. See comments under Item 2 above.</p>
8	Income Approach	Show income and expense projections used in the income approach. Income and expenses should be based on income and expenses extracted from market data for a typical operation. Compare to integrator's projections. Projected income and expenses for other farm related enterprises, if applicable, should be addressed as well. Discuss subject actual income & expenses vs. typical income & expenses if different.
9	Final Value Allocation	Allocate the final value opinion into the contributory value of the component parts for the land, land improvements, and structural improvements (including fixtures and equipment). The contributory value of any personal property included in the value should be shown separately.

Appraisal * * * Engagement Letter

The following sample may be used as an appraisal engagement letter.

*--

(Letterhead)	(Current DATE)
Dear (name of appraiser)	
Your quote of \$ (Amount) is acceptable and you have agreed to complete an appraisal(s) of the following property(ies) 911 address(es) and short legal(s) located in (County(ies)). The Farm Service Agency (FSA) applicant is (name of applicant).	
You have agreed to deliver the appraisal report(s) by (Deliver By Date) to FSA. This is your authorization to provide an appraisal to FSA as described. Your Appraisal Point of Contact (APOC) will be <u>Appraisal Point of Contact, Name, Phone Number, Email</u> .	
This also authorizes you to contact the owner or applicant and have access to the subject property. You must contact the property owner and/or applicant or authorized representative to provide them the opportunity to accompany you on the property inspection. If you cannot reach this individual, contact an FSA representative for consultation before you inspect the property.	
Additionally, this is your authorization to obtain certain information from FSA that may assist you in completing the FSA appraisal assignment. You should provide a copy of this letter to the FSA County Office(s) when requesting information from FSA. The information that the FSA County Office can provide you is limited to the subject property and comparable sales that will be used in the appraisal process. You are contractually bound by the same requirements of information confidentiality as are Government employees and as further described in the Statement of Work (SOW).	
FSA County Offices are directed by the State Office to release the necessary information to appraisers working for FSA that are completing an appraisal assignment. As a State (Certified General) appraiser, providing an appraisal to FSA, you can request certain information from FSA regarding ARC/PLC contract acres, payment yields, agricultural use acres and cropland acres (Common Land Unit (CLU) acres), digital imagery, Conservation Reserve Program (CRP) contract acres, highly erodible land delineations and wetland classifications.	
Since FSA is your client, FSA may provide more specific information. Any information provided by FSA on CRP payments per contract, per acre basis or ARC/PLC commodity yield per acre basis is <u>confidential</u> and is protected in accordance with Uniform Standards of Professional Appraisal Practices (USPAP) confidentiality ethics rule and shall not be available to the general public. This information can only be retained in your work file. FSA program information may be reported only on total payment and acre basis and in generic terms in the appraisal report.

Appraisal * * * Engagement Letter (Continued)

If the FSA County Office does not provide the requested information to you in a timely manner, notify the APOC immediately for assistance.

In the acceptance to complete this appraisal assignment, you agree to perform services for FSA in accordance with the applicable SOW, other requirements, conditions and terms as described in the Appraisal Order.

Key USPAP information and reporting requirements are as follows.

- The subject property is listed above.
- The **client** will be Farm Service Agency.
- The **intended users** will be Farm Service Agency and Big Ag Bank.
- The **purpose** is to provide an opinion of market value.
- The **intended use** of this appraisal is for Loan Servicing - SAA (from List). Provide the reference when identified intended use requires them (this is for Shared Appreciation Agreement Recapture, partial release, or foreclosure).
- The Appraisal Condition is list. Provide additional and applicable comment.
- The property rights to be appraised are list. Provide additional and applicable comment.
- Any applicable "extraordinary assumptions" or "hypothetical conditions" must be clearly disclosed and agreed upon with the APOC prior to their use.

The Work Order provides additional detail to perform the appraisal.

If any of the information and instructions are different than discussed, or if the inspection of the subject reveals information that conflicts or is significantly different than what was provided, contact the APOC immediately.

A PDF electronic copy is the preferred method of appraisal report delivery. Send by e-mail to Ordering Official and APOC, e-mail address provided by the Work Order. If a PDF electronic copy is not available, discuss delivery requirements with the APOC.

If there are questions or additional information is needed, contact the ordering official or APOC.

Sincerely,

RE: Appraisal Request – Introduction of Vendor

This letter introduces _____, who has been awarded a work order for providing the Farm Service Agency (FSA) an appraisal. The appraisal is prepared for the sole use and specific needs of FSA. The vendor will be contacting you in the near future to make arrangements to inspect your property and gather information needed for the appraisal.

The vendor may receive and record information necessary for reviewing and completing the appraisal. The vendor is contractually bound by the same requirements of information confidentiality as are Government employees. We ask you to cooperate with the appraiser, show your property and provide the information needed to perform the appraisal.

If you believe that this trust has been violated or that the vendor is not performing as an FSA employee would, please contact your local FSA office at:

If you have questions, please contact <authorized agency official> at <office phone number>.

Sincerely,

Developing Farm Operating Plans Using the FLP Amortization Tool

The following table provides a standard direct loan underwriting process that can be used to analyze various savings rates and repayment terms for direct loan applicants to make progress towards a reasonable working capital reserve and savings accumulation. A basic workflow is as follows.

Notes: Any balloon repayment terms offered must meet the security requirements of 7 CFR 764.254(b)(2)(i) (3-FLP, subparagraph 204 C). See results in the “Estimated Minimal Security Value at the Time of Loan Closing” within the “Key Output Figures” table in the FLP Amortization Tool.

The FLP Amortization Tool and this process workflow:

- will not be used if the request is for an annual OL only, or if the request is made along with a PLS request
- are optional if the request is only for a youth loan or down payment FO.

If the combination of any repayment options for all loans at regular interest rates is feasible with no savings, coordinate with the customer to select a feasible repayment plan, and increase the savings rate or alternative savings amount to the maximum amount available with the feasible repayment plan selected (recommended to increase in \$1,000 increments).</p> <p>Notes: Options 3 through 7 are only authorized when loan input details, item 9 "Loan Term", is set to the maximum term authorized for the loan type, regardless of whether the FLP Amortization Tool reflects options 3 through 7 as feasible.</p> <p>For OL's, if regular rates are higher than LR rates and the only feasible option at regular rates involves a balloon installment, LR rates with zero savings should also be ran in the FLP Amortization Tool. If LR rates provide a feasible option without a balloon installment, the applicant may select between regular rates with a balloon installment or LR rates without a balloon. If a balloon installment is also required for LR rates, only regular rates with a ballon will be offered in this step.</p>

Financial Needs Assessment Resource

When assessing short- and long-term financial goals, an applicant may have a variety of savings and working capital reserves needs that should be considered. When determining a reasonable amount of savings, reserves, and appropriate repayment terms, the following questions may aid an applicant.

Family Financial Goals:

- Do they have 3 to 6 months of family living expenses saved?
- Have they paid off all personal credit card debt?
- Have they been contributing adequately to individual retirement accounts?
- When would they like to retire and what do they want retirement to look like?
- Do they have education needs for themselves or family members that need to be budgeted for?
- Do they have adequate health insurance in place?
- What plans do they have in the event they become disabled?
- Have they invested in long-term care facility insurance?
- Have they invested in life insurance that would allow for at least a year of living expenses?
- Are housing needs sufficient for the family?

Operational Financial Goals:

- Is there credit card or vendor debt that has been accumulating and needs to be addressed?
- Do they have the necessary equipment to farm the operation as projected now and in the future?
- Are they building up savings for long-term growth?
- Do they envision passing the farm on to others?
- Are livestock being culled and replaced according to best management practices?
- Do they have funds to make a down payment on land, equipment, or livestock?
- Have they been able to build equity in their intermediate asset base?
- Does their working capital position allow for at least 20 percent of operating credit needs?

Financial Needs Assessment Resource (Continued)

Other Considerations:

When collaborating with the applicant or borrower, it is important to highlight the need to balance long-term financial goals in relation to the size of their operation, non-farm income contributions, and risk to their operation. For example, an operation generating \$5,000 of net farm income annually may jeopardize their ability to service debt if all net farm income is used to fund retirement accounts. Alternatively, a multi-faceted approach should be considered that considers both short- and long-term goals.

Applicants should be made aware of the long-term cost of using unequal installment plans to enable investment in working capital reserves and savings goals. While investment in goals is important for operational growth and long-term financial stability, the increased interest associated with reduced principal payments must be clearly understood by the applicant. Failure of the operation to invest profits as projected in the operating plan during a period of unequal installments or interest-only payments could have negative long-term financial impacts because of increased interest accumulation that must be repaid.

Additionally, while all applicants will be provided maximum maturity term length, some applicants may desire a shorter initial term length to allow for the potential of reduced installment amounts in the event of a loan restructure.

Applicants should recognize that failure to use funds for authorized purposes may impact future eligibility for loan making or servicing requests (managerial ability for loan making purposes, or delinquency was beyond the borrower's control for loan servicing purposes). Furthermore, inappropriate use of funds intended for savings or reserves may impact future budgets. For example, using accumulated savings and reserves for routine family living expenses may increase the amount that must be budgeted for family living expenses in future years, potentially impacting feasibility.
