## 3 Legislative History of Payment Eligibility and Payment Limitation Provisions

#### **A** Introduction

Since their establishment in 1970, the payment limitation provisions have been expanded to:

- apply to more programs
- include provisions for payment eligibility based on whether a person or legal entity is actively engaged in farming, a cash-rent tenant, or a foreign person
- include a limitation on average AGI as a condition of eligibility.

Information on the legislative history of the payment eligibility and payment limitation provisions is provided in subparagraphs B through R.

#### **B** Agricultural Act of 1970

The Agricultural Act of 1970:

- established the first payment limitation provisions
- provided that the amount of payments that a person could be entitled to receive under each of the annual programs for the 1971, 1972, or 1973 crop could **not** exceed \$55,000
- required the Secretary to reduce the amount of set-aside acreage required on farms when the total amount of payments that would have been earned would be reduced by the payment limitation
- required the Secretary to issue regulations defining the term "person"
- provided that payment limitation would **not** apply to lands owned by States, political subdivision, or agencies thereof so long as these lands were farmed primarily in the direct furtherance of a public function.

6-PL Amend. 3

## C 7 CFR Part 795

7 CFR Part 795 provided:

- the definition of "person"
- provisions for determining whether multiple persons or other entities constitute 1 or separate persons
- provisions for changes in farming operations
- provisions for determining whether an agreement is a share lease or a cash lease
- custom farming rules
- provisions for scheme or device
- computation of reduction in set-aside acreage because of the limitation.

## **D** Agriculture and Consumer Protection Act of 1973

The Agricultural and Consumer Protection Act of 1973 extended and amended the Agricultural Act of 1970, as it relates to payment limitation, to provide that the:

- amount of payments that a person was entitled to receive under each of the annual programs for the 1974 through 1977 crops could **not** exceed \$20,000
- rules for determining whether corporations and their stockholders could be considered separate were to be based on ownership of more than 50 percent of the stock of the corporation.

## E Food and Agriculture Act of 1977

The Food and Agricultural Act of 1977 extended and amended the payment limitation provisions to require that the amount of payments that a person could be entitled to receive under:

- 1978 wheat, feed grains, and upland cotton programs could **not** exceed \$40,000
- 1978 rice program could **not** exceed \$52,250
- 1979 wheat, feed grains, and upland cotton programs could **not** exceed \$45,000
- 1979 rice program could **not** exceed \$50,000
- 1980 and 1981 wheat, feed grains, upland cotton, and rice programs could **not** exceed \$50,000.

## **F** Agriculture and Food Act of 1981

The Agricultural and Food Act of 1981 extended and amended the payment limitation provisions to require that the:

- amount of payments that a person was entitled to receive under the 1982 through 1985 wheat, feed grains, upland cotton, and rice programs could **not** exceed \$50,000
- total amount of disaster payments that a person was entitled to receive for wheat, feed grains, upland cotton, and rice could **not** exceed \$100,000 for each of the 1982 through 1985 crops.

## G Food Security Act of 1985

The Food Security Act of 1985:

- extended and amended the payment limitation provisions
- required that the term "payments" **not** include the following:
  - MAL's
  - LDP's
  - NL ("Findley") payments.

# H Omnibus Budget Reconciliation Act of 1987

The Omnibus Budget Reconciliation Act of 1987 amended the Food Security Act of 1985 to:

- define "person"
- provide that a State, political subdivision, and agencies thereof were to be considered 1 person
- provide that spouses could be separate persons if the spouses could show that each spouse brought separate farming operations into the marriage and had maintained separate farming operations throughout the marriage
- include cash-rent tenant provisions that combined the cash-rent tenant with the landowner in certain situations
- require that producers be "actively engaged in farming" to be eligible for specific payments
- limit payment to foreign persons
- limit the creation of entities to qualify as separate persons for payments.

## I Disaster Assistance Act of 1988

The Disaster Assistance Act of 1988 established the payment limitation provisions for LFP.

## J Pub. L. 101-217

Pub. L. 101-217, dated December 11, 1989, amended the cash-rent tenant provisions of the Food Security Act of 1985 for:

- 1989, to provide relief in cases where the cash-rent tenant provisions had been violated and the landowner did **not** consent to or knowingly participate in the cash-rent tenant's failure to meet the cash-rent tenant provisions
- 1990, to **no** longer require that the landowner and cash-rent tenant be combined.
  - **Note:** Instead, the cash-rent tenant is determined ineligible for payment if the cash-rent tenant provisions are **not** met.

## K The Food, Agriculture, Conservation, and Trade Act of 1990

The Food, Agricultural, Conservation, and Trade Act of 1990 extended and amended the provisions of the Omnibus Budget Reconciliation Act of 1987 to provide:

- a total \$75,000 limitation on "Findley" payments, MLG's, and LDP's, excluding honey
- a \$200,000 limitation on honey MLG's and LDP's
- a \$200,000 limitation on honey loan forfeiture
- separate limitations for wool and mohair payments of:
  - \$200,000 for the 1991 marketing year
  - \$175,000 for the 1992 marketing year
  - \$150,000 for the 1993 marketing year
  - \$125,000 for the 1994 and subsequent marketing years
- the Secretary discretionary authority to implement a rule allowing spouses to be considered separate persons if certain requirements were met
- greater scrutiny of irrevocable trusts
- that initial determinations be made by State Offices for farm operations consisting of 6 or more persons.

Par. 3

## L The Federal Agriculture Improvement and Reform Act of 1996

The Federal Agriculture Improvement and Reform Act of 1996 amended the provisions of the Food Security Act of 1985 to:

- provide a \$40,000 limitation per FY on the total of SL payments made to a person under 1 or more PFC's
- provide a \$50,000 limitation on the total of NL payments made to a person under 1 or more PFC's

**Note:** This limitation applied to the 7-year life of PFC.

- provide a \$75,000 limitation on the amount of LDP's and MLG's a person may receive
- apply the payment eligibility and payment limitation requirements and restrictions of the Food Security Act of 1985 to payments made under LDP's, MLG's, and PFC's.

## M The Farm Security and Rural Investment Act of 2002

The Farm Security and Rural Investment Act of 2002 amended the provisions of the Food Security Act of 1985 to provide:

- \$40,000 limitation per crop year on the total direct payments made to a person under 1 or more CCC-509's on covered commodities other than peanuts
- separate \$40,000 limitation per crop year on the total direct payments for peanuts made to a person under 1 or more CCC-509's
- \$65,000 limitation per crop year on the total counter-cyclical payments made to a person under 1 or more CCC-509's on covered commodities
- separate \$65,000 limitation per crop year on the total counter-cyclical payments for peanuts made to a person under 1 or more CCC-509's

## M The Farm Security and Rural Investment Act of 2002 (Continued)

- \$75,000 limitation per crop year on the amount of LDP's and MLG's for loan commodities other than peanuts, wool, mohair, and honey
- separate \$75,000 limitation per crop year on the amount of LDP's and MLG's for peanuts, wool, mohair, and honey
- \$2.5 million average AGI limitation as an eligibility requirement for a person and entity to receive any benefits listed in this subparagraph and benefits from all conservation programs administered by USDA.

## N The Food, Conservation, and Energy Act of 2008

The Food, Conservation, and Energy Act of 2008 amended the provisions of the Food Security Act of 1985 and resulted in the following:

- "person" now means a natural person (individual) and does not include a legal entity
- "legal entity" now means an entity created under Federal or State law that owns land or an agricultural commodity, product, or livestock
- if ownership interest in land or commodity is transferred because of the death of a program participant and the new owner succeeds to the contract of the prior owner, the new owner, if otherwise eligible, may receive payments the previous owner would have been entitled to receive under the contract, even if receiving the payments results in total payments in excess of the applicable limitation
- payments are limited by direct attribution to persons and legal entities
- the permitted entity rule was **repealed** 
  - **Note:** Payments can be received through any number of legal entities with **no** designation required.

## N The Food, Conservation, and Energy Act of 2008 (Continued)

- spouses have separate payment limitations
- program payments issued to a minor child are attributed to the parents
- States, local government, political subdivisions, and agencies thereof, are **no** longer eligible for payments, **except** for direct, counter-cyclical, and ACRE payments earned on State-owned land that is used to support public schools

Notes: Under this exception, total program payments are limited to \$500,000 annually.

If the State has a population of less than 1.5 million, total program payments are **not** limited.

- a program participant may be ineligible for all program payments for up to 5 years if fraud is determined
- for commodity programs (including DCP, price support, NAP, and disaster assistance programs), AGI limitation for eligibility was changed to an average nonfarm AGI of \$500,000

**Note:** If average farm AGI exceeds \$750,000, the participant is **not** eligible for direct payments.

- for conservation programs, an average nonfarm AGI of \$1 million or less applies
  - **Note:** If the average nonfarm AGI exceeds \$1 million, the participant may be eligible if at least 66.66 percent of the average AGI is derived from farming, ranching, and forestry operations, as defined. However, the AGI limitation may be waived on a case-by-case basis if the Secretary determines that environmentally sensitive land of special significance would be protected.
- the definition of "income from farming, ranching, or forestry operations" was expanded to include the following:
  - producing fish and aquaculture for food
  - packing, processing, shedding, storing, and transporting agricultural commodities
  - producing livestock products
  - farm-based production of renewable bio-energy
  - providing operational inputs to farmers, ranchers, and foresters
- the 3-year period for calculating an average AGI is the 3 taxable years preceding the most immediately preceding complete taxable year for which program benefits are requested

## N The Food, Conservation, and Energy Act of 2008 (Continued)

- a \$40,000 limitation per crop year applies to direct payments made, directly or indirectly, to a person or legal entity under 1 or more CCC-509's on covered commodities
- a separate \$40,000 limitation per crop year applies to direct payments for peanuts made, directly or indirectly, to a person or legal entity under 1 or more CCC-509's
- a \$65,000 limitation per crop year applies to counter-cyclical payments made, directly or indirectly, to a person or legal entity under 1 or more CCC-509's on covered commodities
- a separate \$65,000 limitation per crop year applies to counter-cyclical payments made, directly or indirectly, to a person or legal entity under 1 or more CCC-509's on peanuts
- no limitations apply to LDP's or MAL's on loan commodities, including honey, mohair, peanuts, and wool
- a \$100,000 limitation per crop year applies to the total payments made, directly or indirectly, to a person or legal entity under NAP.

# O The Food, Conservation, and Energy Act of 2008, as Amended for 2010 and Subsequent Crop Years, Program Years, and FY's

The Food, Conservation, and Energy Act of 2008, as amended for 2010 and subsequent crop years, program years, and FY's, provides the following:

• changes to "actively engaged in farming" provisions to allow a legal entity, such as a corporation or LP, to be considered "actively engaged in farming" and fully eligible for payment, if the total of direct DCP payments received both directly and indirectly by the stockholders and members does **not** exceed \$40,000; **and** at least 50 percent of the ownership interest in the legal entity is held by stockholders/members who are collectively providing a significant contribution of active personal labor and/or active personal management to the farming operation

# O The Food, Conservation, and Energy Act of 2008, as Amended for 2010 and Subsequent Crop Years, Program Years, and FY's (Continued)

- an average AGI validation process using IRS tax data
- effective for 2010 through 2012 crop years, program years, and FY's, June 1 of the current year will be used as the date for determining:
  - minor child for applying minor child rules
  - ownership interest in a legal entity for applying direct attribution for payment limitation purposes.

## P The Consolidated and Further Continuing Appropriations Act of 2012

The Consolidated and Further Continuing Appropriations Act of 2012 amended the provisions of the Food Security Act of 1985 and the Food, Conservation, and Energy Act of 2008, and provided a \$1,000,000 average AGI limitation that:

- represents the total amount of the average AGI (including all income, both farm and nonfarm) of the person or legal entity
- is based on the same 3-year period as the other average AGI limitations
- applies only to 2012 direct payments under DCP and ACRE
- is in addition to the \$500,000 average nonfarm AGI, the \$750,000 average farm AGI, and the \$1,000,000 average nonfarm AGI limitations.

# Q The American Taxpayer Relief Act of 2012

The American Taxpayer Relief Act of 2012:

- amended the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246)
- extended all payment eligibility and payment limitation provisions, including AGI limitations, for 2013 crop years, program years, and FY's.

## R The Agricultural Act of 2014

The Agricultural Act of 2014 (Pub. L. 113-79) amended the provisions of the Food Security Act of 1985 to provide the following:

• annual payment limitation of \$125,000 per person or legal entity, which includes all payments and benefits from ARC, PLC, LDP's, and MLG's

Note: This limitation is separate for peanuts.

- cotton transition assistance for producers of upland cotton limited to \$40,000 effective for 2014 and 2015 program years only
- combined payment limitation of \$125,000 per person or legal entity for ELAP, LFP, and LIP benefits
- average AGI limitation of \$900,000 per person, legal entity, and all interest holders of a legal entity, effective for 2014 and subsequent crop years, program years, and FY's for commodity, price support, and disaster assistance; most conservation programs effective for FY 2015.
  - **Note:** This limitation is also applicable to ELAP, LFP, LIP, and TAP payments for October 1, 2011, and subsequent years.

# S The Agricultural Act of 2014 – Following Publication of Final Rule

The 2014 Act required the promulgation of a rule to address the definition of "significant contribution of active personal management". As a result, and after publication of a final rule, the following provisions were made effective for 2016 through 2018:

- revised definition of "active personal management contribution"
- application of a measurable standard for the determination of a significant contribution of active personal management; and, a significant contribution of the combination of active personal labor and active personal management
- restriction on the number of persons or members of a non-family joint operation that may qualify as actively engaged in farming, based only on a significant contribution of active personal management; or a significant contribution of the combination of active personal labor and active personal management to the farming operation

## S The Agricultural Act of 2014 – Following Publication of Final Rule (Continued)

- 1 person's contribution of active personal management, or the combination of active personal labor and active personal management, to a farming operation qualifies only 1 member of the farming operation as actively engaged in farming and with a separate payment limitation
- management record or log is required to be kept and maintained of all eligible management activities performed by each person or member of a farming operation in which more than 1 person or member is making a significant contribution of active personal management, or a combination of active personal labor and active personal management, to qualify as actively engaged in farming.

The new provisions were applicable for the:

- **2016 crop or program year** to all non-family joint operations that plant any crop on or after February 1, 2016, with an intended use in 2016
- **2017 crop or program year** to all non-family joint operations that have already planted any crop, or have reported prevented planted 2016 crop acreage before February 1, 2016, with an intended use in 2016
- **2017 and subsequent crop or program years** to all non-family joint operations with either spring or fall planted crops.

The new provisions **are not** applicable to:

- joint operations comprised entirely of family members, as defined
- the contributions of land, capital, or equipment
- landowners who share a risk in the crop
- spouses and spousal operations
- trusts, corporations, LLC's, LLP's, and LP's.

Joint operations comprised entirely of family members means that all persons in the farming operation who are partners, stockholders, or persons with an ownership interest in the farming operation or of any entity that is a member of the farming operation, are family members. Family member includes great grandparent, grandparent, parent, child, including legally adopted children and stepchildren, grandchild, great child, sibling of a family member in the farming operation, and spouse of a family member in the farming operation.

## T The Bi-Partisan Budget Act of 2018

The 2018 Act removed the \$125,000 payment limitation applicable to TAP and LIP, effective beginning January 1, 2017.

## U The Agricultural Improvement Act of 2018

The 2018 Act amended the provisions of the Food Security Act of 1985 to provide the following:

- redefined "family member" to include first cousins, nieces and nephews
- authorizes the Secretary authority to waive the \$900,000 AGI requirements for participants of certain conservation contracts
- payment limitation and payment eligibility no longer applies to MLG's and LDP's
- removed the payment limitation for ELAP
- increased the payment limitation for ECP to \$500,000 per disaster event
- creates 2 separate payment limitations for NAP:
  - \$125,000 limitation for losses to crops with catastrophic coverage
  - \$300,000 limitation for losses to crops with buy-up coverage.

The Department also made discretionary changes to:

- make minor clarifications to the definitions of "interest in a farming operation" and "lawful alien" and add a new definition of "livestock" for use in determining substantive change
- make a technical correction to the provision for a legal entity's or joint operation's eligible capital, land, or equipment acquired as a result of a loan made to, guaranteed by, co-signed by, or secured by any person or legal entity with an interest in the farming operation.

## 4-14 (Reserved)

#### Part 2 General Provisions

#### Section 1 Responsibilities

#### **15** National Office Responsibilities

#### **A** General Supervision

[7 CFR 1400.2] The provisions of this handbook must be administered under the general supervision and direction of the Executive Vice President, CCC and the Administrator, FSA.

#### **B DAFP** Authority

[7 CFR 1400.2 (d)] DAFP may take any action authorized or required to be taken by either COC or STC that is **not** taken by COC or STC. DAFP may also correct or require COC or STC to correct any action taken by COC or STC or withhold taking any action that is **not** according to the provisions of this handbook.

#### **16 STC Responsibilities**

#### A General Supervision

STC's have authority over COC's, County Offices, DD's, and State Office specialists to implement the provisions of this handbook.

#### **B** Responsibilities

STC's must:

- resolve questioned COC determinations
- be responsible for reviewing cases involving initial eligibility determinations for joint operations consisting of 6 or more members.

#### C Action

STC's may take any action authorized or required to be taken by COC's that is **not** taken by COC. STC's may also:

- correct, or require COC's to correct, any action taken by COC that is **not** according to the provisions of this handbook
- require COC's to withhold taking any action that is **not** according to this handbook.

#### 16 STC Responsibilities (Continued)

#### **D** Assigning Program Specialist

STC may delegate a State program specialist the overall responsibility for the administration of payment limitation determinations.

#### **E** Questioned COC Determinations

STC's must:

- resolve determinations that are questioned by DD's
- complete determination resolution responsibilities by reviewing material submitted by DD's according to paragraphs 354 and 355.

## F EYR's

STC must specify a date by which all EYR's **must** be completed within the State. STC must take into consideration the following:

- different dates may be established for specific areas with the State
- an action, such as marketing of a crop, may not be completed at the time of EYR

**Note:** Do **not** consider the determination incorrect simply because the action is **not** completed at the time of the EYR date.

• that some factor to be considered may require verification beyond the STC-established EYR date

**Note:** EYR should be completed to the extent that follow-up actions are known and scheduled.

- the date final payments will be made.
- **Note:** This paragraph must be supplemented by each State Office to specify dates by which EYR's must be completed.

## 17 State Office Specialist Responsibilities

## A Introduction

The State Office specialist assigned the overall responsibility for the operation of payment limitation determinations within the State must:

- provide training
- provide technical assistance
- accumulate reports.

## **B** Training

State Office specialists must provide payment limitation procedure training to COC's, DD's, and County Offices. State Office specialists must assess training needs within the State and provide training, as necessary.

## C Technical Assistance

The State Office specialist must provide technical assistance to all levels within the State by:

- assisting with reviews of any determination questioned by DD
- obtaining assistance of OIG and/or OGC, if appropriate, for scheme or device determination
- following up on DD reports of improper or insufficient COC determinations
- preparing cases, as necessary, for STC determinations
- selecting a sufficient number of County Office employees to serve as members of district teams to conduct EYR's.
- **Notes:** Review team members must **not** participate in the review of producers who operate in the same county that employs the review team member.

The State Office specialist must oversee progress and adequacy of findings by requiring reports, as appropriate.

•\*--monitoring progress of EYR's to ensure completion by the deadline established according to subparagraph 16 F.--\*

## 17 State Office Specialist Responsibilities (Continued)

## **D** Accumulating Reports

The State Office specialist must:

- monitor the number of default determinations made by each County Office
- be prepared to provide a cumulative report of the total number of default determinations in the State to DAFP, if requested
- require a report of default determinations EYR's from each County Office.

## **E** Required Determinations

State Office Specialists must:

- make payment eligibility determinations for joint operations receiving payment with 6 or more members
- **not** make determinations for all other farming operations in which the producer is involved as an individual or member of a joint operation or entity.

The recording county must make all other eligibility determinations according to paragraph 351.

# **F** Determination Priority

Determinations must be sorted to prioritize determinations involving newly filed CCC-902's, operations with payments exceeding \$125,000, or any other applicable limitation.

If the volume of determinations prevents timely determinations in all cases, producers must receive a default determination according to paragraph 390.

## **G** Determination Required Action

State Office Specialist must:

- notify applicable producers of determinations made according to this handbook
- notify designated recording county for the producer of determinations
- maintain a record of determinations made by the State Office
- conduct EYR's for determinations required to be made by State Office.

#### 17 State Office Specialist Responsibilities (Continued)

### \*--H CPA and Attorney Average AGI Statement Compliance Reviews

The State Office specialist must:

- follow paragraph 473.5 to conduct annual compliance reviews for selected producers
- follow paragraph 473.6 to record results of annual compliance reviews completed according to paragraph 473.5
- plan reviews to ensure completion annually by November 30
- notify applicable producers of determinations made as the result of a review
- notify designated recording county for the producer of determinations
- maintain a record of all reviews completed by the State Office.--\*

#### **18 DD Responsibilities**

#### A Monitoring COC Determinations

DD's must monitor COC initial, end-of-year, scheme or device, and default determinations to ensure that proper and timely determinations are made.

#### **B** Annual Review Requirement

DD's must annually review 5 initial COC determinations per Service Center at the beginning of the fiscal year to ensure that COC has timely and accurately:

- made determinations for:
  - actively engaged in farming
  - cash-rent tenant provisions
  - commensurate contributions
  - significant contributions
  - substantive change rules
  - foreign person rules
- notified producers, in writing, of determinations

The annual review must include at least 2 joint operations, such as general partnerships and joint ventures.

## **18 DD Responsibilities (Continued)**

#### **C** End-of-Year Determinations

DD's must review all cases selected for EYR to ensure that:

- cases for review were properly selected
- correct determinations were made based on documentation provided
- documentation was sufficient to support the determination
- reviews were made in a timely manner.

**Note:** In all cases, DD's should review **before** producer is notified of the outcome of the review.

## **D** Scheme or Device Determinations

DD's must:

- provide assistance to COC, as appropriate
- concur with COC's determination of scheme or device **before** the producer is notified of the determination
- initial COC determination in COC minutes.

## **E** Reporting Reviews to State Office

DD's must:

- notify the State Office on any discrepancies found during initial or EYR determinations
- notify the State Office on any scheme or device determination
- provide the State Office quarterly reports upon request.

## **19 COC Responsibilities**

## A Overview

COC's are under the general supervision and direction of the Executive Vice President, CCC and the Administrator, FSA. COC's do not have authority to modify or waive any of the provisions contained in this handbook or 7 CFR Part 1400.

## **B** Responsibilities

COC's are responsible for timely making payment limitation and payment eligibility determinations for producers of farming operations that are consistent with the rules provided in this handbook and 7 CFR Part 1400. See Part 6 for determination requirements.

The recording county COC is responsible for making determinations and hearing appeals for a multi-county producer.

#### **19 COC** Responsibilities (Continued)

#### **B** Responsibilities (Continued)

By February 1<sup>st</sup> each year, COC must identify dates that are normal and customary for the area that equipment and land rents are paid. COC must record these dates in the COC minutes. See subparagraphs 93 A, 145 C, and 146 C for additional information.

In maintaining the integrity of the rules, COC's have responsibility to select any farming operation for EYR according to Part 7 if there is reason to believe a farm operating plan was not followed.

#### 20 Recording County Responsibilities

#### A Responsibilities

The recording county is responsible for:

- making payment limitation and payment eligibility determinations
- notifying the producer within 60 calendar days of the producer's filing date

**Note:** The recording county must not delay notification to the producer to obtain the concurrence of other COC's.

- obtaining concurrence from nonrecording counties using CCC-527, according to 3-PL (Rev. 2)
  - **Note:** If COC's in nonrecording counties do not agree with the determination made by the recording county, immediately contact the recording county to resolve the differences. Involve the DD's and State Offices if differences cannot be resolved.
- recording certifications and determinations in Subsidiary, according to 3-PL (Rev. 2).
  - **Note:** Update eligibility flags upon receiving concurrence from other COC's, according to 3-PL (Rev. 2).

#### 20 Recording County Responsibilities (Continued)

#### **B** Changing Recording County for Multi-County Producers

The recording county for a farming operation is initially established according to procedure in 3-PL (Rev. 2).

COC's may consider written requests from producers to change the recording county. Producers must include the reason the request is being made.

COC's must approve only those requests that result in a change that is "significantly more convenient" for the producer. In this context, "convenience and inconvenience" refer to the attributes 1 servicing County Office may have over another (location, distance of travel to and from the farm headquarters or home, or office hours).

Requests for reasons that are not "significantly more convenient" may be disapproved by COC.

Requests that are meritorious in reason, and do not meet the "significantly more convenient" criteria may be approved by COC, with DD concurrence.

The establishment of a recording county and changing a recording county is an administrative matter that is outside the jurisdiction of 7 CFR Part 780 and the informal appeals process. See 1-APP for specific details. How FSA conducts its administrative operations and decides how records will be maintained are administrative (not program) decisions. For these reasons, decisions by FSA to process requests for changes in recording county are not subject to any sort of appeal or appealability review. Offices will provide neither appeal, nor appealability review rights on administrative decisions about recording county locations.

Determinations for changing the recording county must be recorded in the COC minutes.

\*--Note: Recording counties were originally established under procedure in 3-PL, based on the counties to which a producer was linked at the time their record was established and their address. If a producer signs an FSA-179 to transfer all farms from the recording county, and the request is approved under applicable farm records policy, FSA **may** change the producer's recording county to the receiving County Office without a request from the producer to change the recording county.--\*

#### 21 Nonrecording County Responsibilities

#### A Overview

This paragraph explains the basic responsibilities of a County Office that receives forms and documentation from a multi-county or multi-State producer.

## **B** Responsibilities

Nonrecording counties receiving forms and documentation, for a multiple county producer, must immediately date stamp, scan, encrypt, and e-mail to the recording county for determinations and subsidiary updates.

## **C** Determination Deadline

The recording county COC **must** make determinations and notify the producer within 60 calendar days after the producer files a complete CCC-902. The 60-calendar-day period begins on the date a complete CCC-902 is filed, regardless of whether or **not** the County Office receiving the filing is the recording county.

#### 22 Interaction Between Counties

## A Other County Initial Determination Responsibilities

COC's in nonrecording counties receiving an initial determination notification by the recording county COC for a multiple county producer must respond according to this table.

IF COC's in nonrecording counties	THEN the nonrecording county must
agree with the determination	notify the recording county of the concurrence using CCC-527, according to 3-PL (Rev. 2).
do <b>not</b> agree with the determination made by the recording county	• immediately contact the recording county to resolve the differences
	• involve DD's and State Offices if needed to resolve the differences
	• notify the recording county of concurrence, <b>using CCC-527</b> , when the differences have been resolved.

**Note:** If the original determination is changed for any reason, the recording county must immediately repeat the procedures in this paragraph.

## 23 Delegations of Authority

## A Redelegation to CED

COC's authority to make actively engaged in farming and eligibility determinations may be redelegated to CED when the cases delegated are routine.

**Note:** Record all COC determinations in COC minutes, including determinations made by CED for COC.

# **B** Spot-Checking Redelegated Determinations

Periodically, COC's and DD's must review a sufficient number of redelegated cases to ensure that proper determinations are being made.

# C AGI

SED's are delegated authority to make AGI determinations.

# \*--D Approving Changes in Recording County

COC's may redelegate authority to CED for approving producer requests to change the recording county for a farming operation.--\*

- 1/ CRP contracts approved before October 1, 2008, are subject to 1-PL provisions, including permitted entity provisions.
- 2/ Only for certain appropriations that specifically identify AGI as a requirement.
- 3/ Foreign persons are ineligible for payment under certain programs. The procedure for these programs reference the definition of "foreign person" provided in Part 5. However, the foreign person rule, as provided in Part 5, **only** applies to the programs or payments listed in this table.

#### 35 Specific Rules for CRP

#### A Applicability of This Handbook

The provisions in this handbook apply to participants with CRP-1's approved on or after \*--October 1, 2020. Successors to CRP-1's originally approved under 1-PL, 4-PL, or--\* 5-PL are subject to the applicable rule.

#### B Applicability of 1-PL, 4-PL, and 5-PL

Persons and legal entities with CRP-1's that are **not** subject to the provisions of this handbook are subject to the provisions of either 1-PL, 4-PL, or 5-PL.

#### 36 Payment Limits and Rules

#### A Person or Legal Entity Payment Limitations

[7 CFR 1400.1] This table contains the annual payment limitations for a person or legal entity for programs that are subject to the provisions of this handbook.

	Annual Limitation, Unless Otherwise Noted,

#### Section 3 General Administration

#### 48 Annual Notice to Producers

#### A When to Provide Information

**Annually** advise all producers of the payment eligibility and payment limitation requirements in this paragraph. Use newsletters and all other practical means available.

**Note:** It may be appropriate to provide the information in subparagraph B more than once during a calendar year, if there is more than 1 program operating in the county for which the rules in subparagraph B apply.

#### **B** Information to Provide

Notify producers, at **least** annually, of the following:

- payments and benefits under certain programs are subject to some or all of the following:
  - payment limitation by direct attribution; including substantive change requirements when there is an increase in persons for payment limitation purposes
  - payment limitation amounts for the applicable programs
  - actively engaged in farming requirements
  - cash-rent tenant rule
  - foreign person rule
  - average AGI limitation
  - programs subject to AGI limitation
  - effective date of implementation of AGI limitation
- no program benefits subject to payment eligibility and limitation will be provided until:
  - **all** required forms for the specific situation are provided
  - necessary payment eligibility and payment limitation determinations are made

# 48 Annual Notice to Producers (Continued)

# **B** Information to Provide (Continued)

- payment eligibility and payment limitation determinations may be initiated by COC or requested by the producer
- a farm operating plan is **not** required to be filed annually, if the farming operation continues to be conducted as reflected on the farm operating plan and supporting documents on file in the County Office
- if any changes occur that could affect an actively engaged in farming, cash-rent tenant, foreign person, or average AGI determination, producers **must** timely notify the County Office by filing revised farm operating plans and/or supporting documentation, as applicable

- there are statutory provisions that require entities, earning program benefits that are subject to limitation, to provide the names, addresses, and TIN's of the entities' members to COC
- all applicable payment eligibility and payment limitation forms submitted by producers are subject to spot check through the EYR process
- a determination of **not** actively engaged in farming results in the producer being ineligible for any payment or benefit requiring a determination of actively engaged in farming
- noncompliance with AGI provisions, either by exceeding the applicable limitation or by failure to submit a certification and consent for disclosure statement, will result in the determination of ineligibility for **all** program benefits subject to AGI provisions. Program benefits must be reduced in an amount that is commensurate with the direct and indirect interest held by an ineligible person or legal entity in any legal entity, general partnership, or joint operation that receives benefits subject to the average AGI limitations.

**Note:** Failure to timely notify the County Office may adversely affect payment eligibility.

#### 49 Public Information and Casual Advice

#### **A** Providing Information to the Public

Provide applicable pages from this handbook to any producer who requests information on any program provisions about payment eligibility, payment limitation, and average AGI compliance determinations.

# **B** Casual Advice Rule

Casual advice must **not** be given on:

- possible determinations
- how to set up a farming operation to obtain additional payments.

#### 50-59 (Reserved)

•

#### Section 4 Producer Filing Requirements

#### 60 Filing Requirements

#### A If 1 or More Producers Fail to File

[7 CFR 1400.2 (e)] If 1 or more producers on a contract or application for benefits fail to file the applicable CCC-902, CCC-941, and related forms, the producers **not** filing the applicable forms will be ineligible to receive program benefits subject to eligibility and limitation applicable to that contract or application.

This failure to file will **not** affect the eligibility of other producers who meet all filing requirements.

**Note:** Shares **cannot** be adjusted to circumvent the ineligibility of the producer who failed to file the applicable forms and related documentation.

## **B** Deadline for Filing CCC-901, CCC-902, CCC-941, and Related Forms

CCC-901, CCC-902, CCC-941, and related forms may be filed at any time.

Encourage producers to file these forms:

- according to the deadlines established for each applicable program for which payments are requested
- as timely as practicable.
- **Note:** Using the business file process is recommended for collecting the information about producers' farming operations rather than using manual forms, whenever possible.

## **C** Forms and Updates

\*--All participants in programs subject to the provisions of this handbook, including NRCS participants, are required to submit a completed CCC-902, CCC-941, and CCC-901, as--\* applicable, for payment eligibility and payment limitation purposes.

A valid CCC-902 and, if applicable, CCC-901 filed by the producer are considered to be continuous certifications used for all payment eligibility and payment limitation determinations applicable for the program benefits requested.

#### 60 Filing Requirements (Continued)

#### **C** Forms and Updates (Continued)

Producers are **not** required to annually submit new CCC-902's or CCC-901's for payment eligibility and payment limitation purposes unless a change in the farming operation occurs that may affect the determination of record.

Producers have the responsibility to:

- ensure that all CCC-902's, CCC-941's, and related forms on file in the County Office are correct at all times
- timely notify the County Office of any changes in the farming operation that may affect the determinations of record by filing a new or updated CCC-902 or CCC-901, as applicable.

Changes that may affect the determinations include, but are **not** limited to, a change of:

- shares of a contract, which **may** reflect:
  - a land lease from cash-rent to share-rent
  - a land lease from share-rent to cash-rent

**Note:** The producer would be subject to the cash-rent tenant rule.

- a modification of a variable/fixed bushel-rent arrangement
- the size of the producer's farming operation by the addition or reduction of cropland that may affect the application of a cropland factor
- the addition of new landowners/landlords that have provided funding/financing to the farming operation including but not limited to:
  - making a loan
  - guaranteeing a loan
  - cosigning a loan
  - securing a loan for the farming operation
- changes in members, partners or stockholders, including changes in ownership shares
- death or divorce of a family member

#### 60 Filing Requirements (Continued)

#### **C** Forms and Updates (Continued)

- change in citizenship status
- change in status of a minor child (birthday before June 1 of the current program year)
- the contributions of farm inputs of capital, equipment, active personal labor, or active personal management
- the acquisition of farming interests **not** previously disclosed on CCC-902.

#### **D** Documenting Changes

Changes to a farming operation may be documented on 1 of the following, depending upon the nature and extent of the changes:

• a photocopy of the previously filed CCC-902

**Note:** The producer should initial and date **each** change.

• CCC-902 Continuation

**Note:** CCC-902 Continuation may be used to document changes affecting owned or leased land in the producer's farming operation.

- a new CCC-902
- a new CCC-901, if membership in an embedded entity changes.

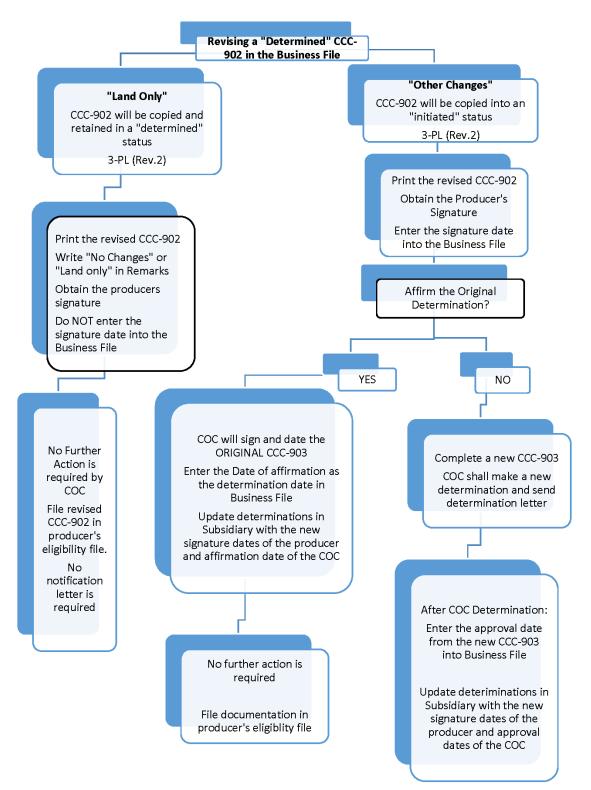

If changes are documented using CCC-902 photocopy or CCC-902 Continuation, the CCC-902 photocopy or CCC-902 Continuation must **also** be signed and dated by the producer. For joint operations or general partnerships, only 1 signature is required when changes do **not** affect the determinations of record.

If a new CCC-902 is submitted:

- applicable determinations **must** be made and the producer notified according to Part 6
- flag the producer as "Awaiting Determination" according to 3-PL (Rev. 2), until all determinations are finalized.

# E Revising CCC-902 Using the Business File Application

The following illustrates procedures for revising CCC-902 using the Business File application.

#### 61 Documentation

# A Introduction

This paragraph provides guidelines on documentation needed to support COC determination.

# **B** Adequate Documentation

COC must require adequate documentation to support the applicable farm operating plans and AGI compliance certification statements.

**Definition:** <u>Adequate documentation</u> means whatever documentation is required by the reviewing authority to make proper actively engaged in farming, attribution, and average AGI compliance determinations.

# **C** Documentation Not Required

The reviewing authority should avoid requiring documents that are extremely personal if the determination can reasonably be made without the documents. COC may:

- accept documents with redacted information that is **not** relevant to the actively engaged in farming and average AGI determinations
- accept income tax returns to make the determination if **voluntarily** provided by the producer
- request income tax returns to verify compliance with all average AGI limitations.

## **D** Lease Information

It is **not** anticipated that amounts paid for land leases or equipment leases will be needed unless the equipment or land is leased from a person or legal entity with an interest in the farming operation.

#### 61 **Documentation (Continued)**

#### E Documentation That May Be Used

Supporting documents may include legal documentation, such as the following:

- articles of incorporation
- financial agreements, including letters of credit
- land and equipment leases
- land ownership records
- operating agreements
- partnership agreements
- trust agreements
- \*--Note: A copy of the trust agreement **must** be provided by the trust if the trust is irrevocable or if the grantor (and co-grantors, if applicable) of a revocable trust--\* is deceased.
- any other information, including income tax returns, needed to apply the payment eligibility and payment limitation rules.

#### 61 **Documentation (Continued)**

#### F Changes to Farm Operating Plans After June 1 or in a Subsequent Program Year

Additional scrutiny should be applied when requests for changes in farm operating plans (CCC-902's) are submitted late in the crop year, after June 1 or filed in a subsequent year.

Obtain additional documentation to verify changes are legitimate and have been carried out to ensure that changes are not created solely to evade or take advantage of payment limitation and payment eligibility rules.

The approving authority must ensure that the operation has instituted the changes proposed by reviewing similar documentation as listed in subparagraph E and any other documentation available such as grain sales, operating expenses, operating loan repayments to verify the operating plan was carried out as certified on the revised CCC-902.

#### **G** Determination Deadline

Additional information may be requested at COC's option. However, this will **not** extend the 60-calendar-day period for making a determination of actively engaged in farming. If the file, as submitted by the producer, does **not** support a favorable finding, COC must make a determination of whether or not a participant is actively engaged in farming based on the file as it exists at that time. See paragraph 351 for the start of the 60-calendar-day period to make determinations.

#### H Returning Documentation

Any legal documentation obtained should be returned to the producer as soon as possible. Keep photocopies for the payment limitation file if needed to support COC's determination.

#### 62 FLP Participants

#### **A** Information Exchange

FLM or appropriate farm loan staff must be provided access to copies of the following information on any program participant that is also an FLP borrower:

- submitted CCC-901
- new or updated CCC-902 and supporting documentation submitted
- the resultant CCC-903 (COC record of determinations)
- written notice of determination for payment eligibility and payment limitation purposes
- written notice of selection for EYR for payment eligibility and payment limitation compliance purposes
- written notice of **any** determination that may adversely affect payment eligibility and payment limitation.

**Note:** This includes all farming interests of the FLP borrower, whether as a person, member, or interest holder in a legal entity or joint operation.

#### **B** Discrepancies

If representations made for program payment eligibility/limitation purposes and representations made for FLP purposes are found to be different, **and** have the appearance of adversely affecting payment eligibility or the application of any determination previously made, the discrepancies must be resolved:

- by the program participant/FLP borrower to the satisfaction of COC and FLP reviewing authority
- **before** any further disbursement of **any** program benefits subject to the regulations at 7 CFR Part 1400 and provisions of this handbook.

#### A Availability

All forms required to be filed by a producer are available:

- online at http://www.sc.egov.usda.gov
- at the local County Office or Service Center.

#### **B** Program Participant Reporting Requirements (CCC-901 and CCC-902)

# C Collecting Land Contributions on Manual CCC-902 Forms

To collect land information on a manual CCC-902I or CCC-902E, a copy of the Producer Farm Data Report (10-CM) printed for the producer, may be used to record the land in the farming operation **only** with the addition of information on lease terms, rental rate, and whether the land interest was the same as the previous year. The producer **must** sign and date the Producer Farm Data Report **after** the information is added.

#### 63 General Form Requirements (Continued)

# D Completing Forms for Programs Not Requiring Actively Engaged in Farming and Cash-Rent Tenant Determinations

For persons and legal entities who are participants in FSA/CCC and NRCS programs subject to payment limitation and attribution (such as conservation, price support, disaster assistance, and other programs), CCC-902 will be used to collect information for the application of the following:

- substantive change rules
- common attribution rules
- minor child rules
- identifying foreign persons and entities
- foreign person rules.
- \* \* \*

Note: If using business file application, it is not necessary to complete manual forms.

All CCC-902's filed by program applicants must be completed \* \* \* to support all required determinations and the COC must:

- **not** make a determination for "actively engaged in farming" or "cash rent tenant provisions"
- make all other required eligibility determinations based on information collected on CCC-902
- \*--Note: When completing CCC-902, participants may elect not to respond to some questions. Follow 3-PL to record these items as "no response" as appropriate and ensure COC determinations reflect only the information included on CCC-902.--\*
- complete and document the required determinations on CCC-903 according to paragraph 353

**Note:** CCC-903 must be completed, according to paragraph 353, for all CCC-902's filed. Determinations must be recorded in the COC minutes.

- provide written notification to the participant according to paragraph 389
- update subsidiary files according to 3-PL (Rev. 2), Part 3
- record entities and joint operations according to 3-PL (Rev. 2).

#### \*--64 Specific Filing Requirements for NRCS Participants

#### A NRCS Filing Requirements

NRCS participants are required to have CCC-902 in determined status to be eligible to receive program benefits under applicable NRCS programs. The following provides guidance for completing CCC-902 and CCC-901 for participants in NRCS programs.

The following parts of CCC-902I must be completed for an individual:

- Parts A, B, C, and I
- Part G is required if the person identified in Part A is a foreign person.

The following parts of the CCC-902E and CCC-901 must be completed for legal entities:

CCC-902E Parts	AMA, AWEP, CSP, CBWI, EQIP, WHIP	ACEP, RCPP
Part A - Entity Information	Х	Х
Part B - Type of Operation	Х	Х
Part C - Member Information	Х	Х
Part D - Summary of Contributions	X <u>1</u> /	
Part E - Land Information	Х	Х
Part F - Capital Sources		
Part G - Equipment	X <u>2</u> /	
Part H - Custom Services		
Part I - Other labor and Hired

Part J - Management		
Part K - Remarks	Х	Х
Part L - Certification	Х	Х

 $\underline{1}$  Must identify:

- land contributions
- equipment contributions
- labor contributions when foreign persons are members of the farming operation.
- $\frac{2}{2}$  Equipment information is necessary when an increase in persons is approved based on the addition of equipment to the farming operation.
- **Note:** COC or their designee will document the determinations for the NRCS applicant's eligibility using CCC-903.--\*

# 65 Filing Payment Limitation Documentation

# A Payment Eligibility and Payment Limitation Filing Requirements

County Offices must file producer and County Office documentation according to 32-AS and the File Maintenance and Disposition Manual for USDA/FSA.

66-75 (Reserved)

#### Section 5 General Application Rules

#### 76 Denial of Program Benefits

#### **A** Introduction

Detecting schemes, fraudulent representations, and other equally serious actions of persons and legal entities to circumvent payment eligibility and payment limitation provisions is **essential** for producer compliance.

This paragraph provides rules and guidelines for detecting and determining schemes or devices, fraudulent representations, and other actions to circumvent payment eligibility and payment limitation provisions. Determining actions to circumvent payment eligibility and payment limitation provisions by a person or legal entity may result in the person or legal entity being ineligible for program benefits for 2 to 5 years.

#### **B** Consequences of Scheme, Device, or Fraud Determination

When the reviewing authority determines that a person or legal entity:

- adopts a scheme or device designed to evade, or has the effect of evading, the payment eligibility and payment limitation provisions, the person or legal entity must be **ineligible** for the crop year determined and the succeeding crop year for **all** program benefits subject to limitation
- perpetuates or commits fraud, or other equally serious actions, for the benefit of the person or legal entity, or for the benefit of any other person or legal entity, to circumvent any payment eligibility and payment limitation provision, the person or legal entity must be **ineligible** for **5 years** for **all** program benefits subject to limitation.

#### 76 Denial of Program Benefits (Continued)

#### C Detecting Schemes, Devices, and Fraudulent Activities

State and County Office personnel must be aware of their responsibilities in detecting and reviewing suspected schemes or devices or other questionable activities. To assist in detecting, State and County Offices, as appropriate, must:

- compare automated multi-County producer files with information reported on CCC-902's to identify unreported farming interests
- use other system-generated reports and queries to identify possible schemes or devices
- closely scrutinize joint operations having individual members who are also stockholders, members, etc., of a member entity
- request OIG's assistance through the State Office, as appropriate.

#### **D** Schemes or Devices

[7 CFR 1400.5] Acts, such as the following, may be considered a scheme or device:

- concealing information that affects the application of payment limitation provisions
- submitting false or erroneous information
- creating fictitious entities to conceal interest of a person or legal entity in a farming operation.

Note: Fraudulent intent is **not** required for determining scheme or device.

Par. 76

#### 76 Denial of Program Benefits (Continued)

<b>not</b> adopted to evade, or that had the purpose of evading, the provisions of this handbook	program participants may be eligible to receive program benefits if <b>all</b> other applicable requirements are met.

# F Fraud or Equally Serious Activities

[7 CFR 1400.5] Acts, such as the following, may be considered fraud or the equivalent:

- knowingly engaged in, or aiding in, creating a fraudulent document
- failure to disclose information relevant to administering the payment eligibility and payment limitation provisions
- other actions of the person or legal entity determined by the Deputy Administrator to circumvent the payment eligibility and payment limitation provisions.

serious actions were <b>not</b> committed to circumvent the payment limitation	• <b>not</b> have their payment eligibility adversely affected for a period of time in excess of 2 years
provisions	• be eligible for program payments and benefits under programs subject to limitation <b>only</b> if <b>all</b> other payment eligibility and payment limitation requirements have been met.

# 77 Joint and Several Liability

# A Rule [7 CFR 1400.6]

Any legal entity, including joint ventures and general partnerships, and any member of a legal entity determined to have knowingly participated in a scheme or device, or any such other equally serious actions, to evade, or that has the purpose of evading, the payment limitation provisions must be jointly and severally liable for amounts as follows:

- determined payable as the result of these actions
- necessary to recover the payments.

# **B** Release

Any person or legal entity that cooperates with the Secretary to enforce the payment eligibility and payment limitation provisions may be partially or fully released from liability, as determined by the Executive Vice President, CCC.

# C Other Applicable Statutes

FSA determined liability is in **addition** to any liability that may arise under a criminal or civil statute.

# 78 Two or More Rules Apply

# A Rule

If 2 or more rules seem to be applicable, apply the rule that is **most** restrictive.

#### Section 6 Farming Operations

#### 91 Determining Farming Operations

#### **A** Definition of Farming Operation

A farming operation means a business enterprise engaged in producing agricultural products.

#### **B** Description of Farming Operation

A person's, legal entity's, or joint operation's farming operation consists of the acreage on all farms in all counties in which the person, legal entity, or joint operation has an interest in the agricultural products or proceeds from the agricultural products produced. This includes all acreage in which the person, entity, or joint operation is a producer, regardless of whether the acreage is:

- rented on a crop-share basis
- rented on a cash-lease basis
- owned by the producer.
  - **Note:** In making determinations for a Landowner or Landlord, exclude owned or cash leased land that has been cash-rented to a cash-rent tenant, if the landowner or landlord has no interest in any crop or crop proceeds from the acreage for the year.
- **Exception:** The farming operation of a landowner includes only the acreage owned by the landowner, if **both** of the following apply:
  - land owned by different landowners is combined into 1 farm with other tracts so the claimed share of the crops or crop proceeds is proportionate to size and value of the land and CAB's contributed
  - the landowner is **not** also a tenant on the farm.

#### **C** Multiple Farming Operations

A person or legal entity may have more than 1 farming operation if the person or legal entity has an interest in 1 or more joint operations. Each interest by a legal entity or person in a joint operation will be an additional farming operation for the person or legal entity.

# **D** Example 1, Farms Operated

This table shows the **farms operated** by Sam Brown.

Farm 1	Farm 2
Owner - Sam Brown	Owner - Pete Smith
Rental - None	Rental - Crop share
Farm 3	Farm 4
Owner - Henry Black	Owner - Two Buddies Partnership
Rental - Crop share	Partners: • Pete Smith
	Henry Black
	Rental - Crop share

This table **defines** the farming operation of each person involved in this example.

IF the determination is for	THEN the farming operation consists of
Sam Brown	all farms.
Pete Smith	Farm 2.
Henry Black	Farm 3.
Two Buddies Partnership	Farm 4.
	<b>Note:</b> This is a second farming operation for Pete Smith and Henry Black.

**Note:** None of the persons or legal entities has any other farming interests.

# **E** Example 2, Tracts Operated

This table shows the **tracts operated** by Sam Brown.

Farm 9	Farm 9
Tract 1	Tract 2
Owner - Sam Brown	Owner - Pete Smith
Rental - None	Rental - Cash lease

Tract 3	Tract 4
Owner - Henry Black	Owner - Two Buddies Partnership
Rental - Cash lease	Partners: • Pete Smith
	Henry Black
	Rental - Cash lease

This table **defines** the farming operation of each person involved in this example.

IF the determination is for	THEN the farming operation consists of
Sam Brown	all of the land in Farm 9.
Pete Smith	none of the land in Farm 9.
	<b>Note:</b> Pete Smith has no farming operation, because land is cash leased.
Henry Black	none of the land in Farm 9.
	Note: Henry Black has no farming operation, because land is cash leased.
Two Buddies Partnership	none of the land in Farm 9.
	<b>Note:</b> Two Buddies Partnership has no farming operation, because land is cash leased.

**Note:** None of the persons or legal entities has any other farming interests. All ownership tracts are combined as 1 farm, Farm 9.

#### **F** Example 3, Tracts Operated

This table shows the **tracts operated** by Brown and Black Partnership. Both tracts have 100 acres of corn base acres. Sam Brown receives a pro rata crop share regardless of where the crop is planted.

Farm 10	Farm 10
Tract 1	Tract 2
Owner - Sam Brown	Owner - Brown and Black Partnership

IF the determination is for	THEN the farming operation consists of
Sam Brown	the acreage in Tract 1 of Farm 10.
Brown and Black Partnership	Farm 10.

**Note:** None of the persons or legal entities has any other farming interests. Both ownership tracts are combined as 1 farm, Farm 10.

# **G** Example 4, Tracts and Farms Operated or Subleased

This table shows the **tracts and farms operated or subleased** by Sam Brown.

Farm 18	Farm 18
Tract 5	Tract 6
Operator - Sam Brown	Subleased to Bill Jones for cash
Owner - Sam Brown	Owner - Pete Smith
Rental - N/A	Rental - Cash lease to Sam Brown
Farm 18	Farm 19
Tract 7	
Subleased to Richard Alexander for cash	Operator - Sam Brown
Owner - Henry Black	Owner - Two Buddies Partnership
Rental - Cash lease to Sam Brown	Partners: • Pete Smith
	Henry Black
	Rental - Crop share

This table **defines** the farming operation of each person involved in this example.

IF the determination is for	THEN the farming operation consists of
Sam Brown	the acreage in Tract 5 of Farm 18 and all of Farm 19.
Bill Jones	the acreage in Tract 6 of Farm 18 because land is cash
	leased from Sam Brown.
Richard Alexander	the acreage in Tract 7 of Farm 18 because land is cash
	leased from Sam Brown.
Two Buddies Partnership	Farm 19.

**Note:** None of the persons or legal entities has any other farming interests. Pete Smith and Henry Black have no individual farming operation.

#### H Example 5, Farms Operated

This table shows the **farm operated** by Brown and Black Partnership. The farm has 100 acres of corn base acres. Brown and Black Partnership hires Pete Smith to custom farm the acreage.

Farm 10	Farm 10
Tract 1	Tract 2
Owner – Sam Brown	Owner – Henry Black
Rental – Cash Rent	Rental – Cash Rent
Operator - Brown and Black Partnership	Operator – Brown and Black Partnership

This table **defines** the farming operation of each person involved in this example.

IF the determination is for	THEN the farming operation consists of
Sam Brown	no farming operation because land is cash leased to
	Brown and Black Partnership.
Henry Black	no farming operation because land is cash leased to
	Brown and Black Partnership.
Brown and Black Partnership	Land operated by Brown and Black Partnership.

**Note:** None of the persons in this scenario would qualify under actively engaged because even though Brown and Black Partnership is considered farming land, they cannot meet cash rent tenant rule, because they are not providing labor, or equipment.

#### 92 Interest in Farming Operations

#### A Definition of Interest in a Farming Operation (7 CFR 1400.3)

Interest in a farming operation means any of the following:

- owner, lessor, or lessee of the land in the farming operation
- interest in the ag products, commodities, or livestock produced by the farming operation
- a member of a joint operation that is an owner, lessor, or lessee of the land in the farming operation or has an interest in the ag products, commodities, or livestock produced by the farming operation.

#### 92 Interest in Farming Operations (Continued)

#### **B** Examples of No Interest in a Farming Operation

The following situations are not considered an interest in the farming operation when the member, stockholder, or partner is not a landowner, lessee, lessor, or have an interest in the ag commodities produced in the farming operation:

- beneficiaries of trusts when the trust is a producer in the farming operation
- grantors of irrevocable trusts when the trust is a producer in the farming operation
- heirs to estates when the estate is a producer in the farming operation
- limited partners of LLP when LLP is a producer in the farming operation
- members of associations when the association is a producer in the farming operation
- stockholders in a corporation when the corporation is a producer in the farming operation
- trustees and personal representatives of trusts or estates when the trust or estate, respectively, is a producer in the farming operation.

#### C Most Restrictive Rule

A more restrictive rule may be applicable if a person or legal entity has an interest in another person's or legal entity's farming operation.

\*--Example: Joe Farmer, as an individual, pledges his owned land as security for an operating note for Joe Farmer Inc. Joe Farmer is a 50% stockholder and leases his land to Joe Farmer Inc. An arrangement of this type may result in Joe Farmer Inc.'s capital not being a significant contribution when all stockholders do not individually pledge security for the operating note. Even though Joe Farmer is a stockholder/member in this corporation, which alone, would not be considered an interest in the farming operation. Joe Farmer's role as a landowner constitutes an interest in the farming operation. If all stockholders do not pledge security for the operating loan, the capital contribution would not be considered significant. The most restrictive rule will be applied.--\*

#### 93 Total Value of a Farming Operation

#### **A** Introduction

The total value of a farming operation **must** be computed when determining whether:

- the contributions made by the person or legal entity are significant
- contributions are commensurate with the claimed share of profits or losses from the farming operation
- by February 1<sup>st</sup> each year, COC must identify dates that are normal and customary for the area that equipment and land rents are paid. COC must record these dates in COC minutes. See subparagraphs 145 C and 146 C for additional information.

#### **B** Definition of Total Value of a Farming Operation

<u>Total value of a farming operation</u> means the total of the costs, excluding the value of active personal labor and active personal management that is contributed by a member of the farming operation, needed to carry out the farming operation for the year for which the determination is made.

## C Example 1

The following is the **scenario** for this example.

Partnership ABC has 3 equal partners, A, B, and C. Partnership ABC farms 2,000 acres of cropland growing corn and various vegetables. All of the land that Partnership ABC farms has a rental value equal to \$42 per acre.

Partner A contributes land with a total rental value of \$24,000 to the partnership. Partner A cash-rents this land from a landowner with no interest in Partnership ABC's farming operation. Partner A's contributions to Partnership ABC also include equipment with a rental value of \$12,000 and \$12,000 of capital. None of Partner A's contributions are acquired as the result of a loan.

Partner B contributes land with a total rental value of \$12,000 to the partnership. Partner B cash-rents this land from a landowner with no interest in Partnership ABC's farming operation. Partner B's contributions to Partnership ABC also include equipment with a rental value of \$12,000 and \$24,000 of capital. None of Partner B's contribution is acquired as the result of a loan.

Partner C contributes land with a total rental value of \$12,000 to the partnership. Partner C owns this land. Partner C's contributions to Partnership ABC also include equipment with a rental value of \$12,000 and \$24,000 of capital. None of Partner C's contributions are acquired as the result of a loan.

Partnership ABC rents land from other landowners for a 1/3 share of the crop with a value of \$36,000. Partnership ABC contributes owned equipment with a rental value of \$21,000 and \$99,000 of capital to the farming operation.

Each of the partners share equally in the labor and management of this farming operation and no additional labor or management is hired.

#### C Example 1 (Continued)

This table shows the **contributions** made by the partners and Partnership ABC and the total value of the farming operation.

	Land	Capital	Equipment	Labor	Management	Total
Partner A	24,000	12,000	12,000	Active	Active	48,000
Partner B	12,000	24,000	12,000	Active	Active	48,000
Partner C	12,000	24,000	12,000	Active	Active	48,000
Partnership ABC		99,000	21,000			120,000
Total	84,000 <u>1</u> /	159,000	57,000	0	0	300,000

1/ Includes the rental value of the land contributed by the share-rent landlord. Crop-share rent for the land is valued at \$36,000.

The total value of the farming operation was **determined** as follows.

The rental value of all the land involved in this farming operation is \$84,000. This rental value is derived by the following inputs:

- Partner A's contribution of cash-rented land with a value of \$24,000
- Partner B's contribution of cash-rented land with a value of \$12,000
- Partner C's contribution of owned land with a rental value of \$12,000
- share-rented land with a value of \$36,000 that is **not** attributed to any 1 partner or to the partnership.
- **Note:** If land is owned, a rental value that is normal for the area **must** be used when determining its value.

#### C Example 1 (Continued)

The total amount of capital needed by this farming operation is equal to \$159,000. This figure is arrived at by taking the total expenditures necessary to conduct this farming operation and subtracting any equipment and land costs that will be expended by the partnership. The capital is derived by the following inputs:

- Partner A's contribution of \$12,000 of capital
- Partner B's contribution of \$24,000 of capital
- Partner C's contribution of \$24,000 of capital
- Partnership ABC's contribution of \$99,000 of capital.

The rental value of the equipment used on this farming operation is \$57,000. This rental value is derived by the following inputs:

- Partner A's contribution of owned equipment with a rental value of \$12,000
- Partner B's contribution of leased equipment with a rental value of \$12,000
- Partner C's contribution of owned equipment with a rental value of \$12,000
- Partnership ABC's contribution of owned equipment with a rental value of \$21,000.

**Note:** If equipment is owned, a rental value that is normal for the area **must** be used when determining its value.

Each partner is equally providing active personal labor and active personal management; therefore, no value is assigned to these contributions in determining the total value of the farming operation.

The total value of this farming operation is equal to \$300,000.

#### D Example 2

The following is the **scenario** for this example.

Partnership ABC has 3 equal partners, A, B, and C. Partnership ABC farms 1,500 acres of cropland growing cotton and soybeans.

Partner A contributes land with a total rental value of \$5,000 to the partnership. Partner A cash-rents this land from a landowner with no interest in Partnership ABC's farming operation.

Partner B contributes land with a total rental value of \$5,000 to the partnership. Partner B cash-rents this land from a landowner with no interest is Partnership ABC's farming operation.

Partner C contributes land with a total rental value of \$5,000 to the partnership. Partner C owns this land.

Partnership ABC contributes land with a total rental value of \$69,000 to the farming operation. Partnership ABC owns this land. Partnership ABC contributes owned equipment with a rental value of \$57,000 and \$159,000 of capital to the farming operation. The capital is borrowed from a local bank and is **not** secured by any of the partners individually.

Partnership ABC will hire all of the labor needed to conduct this farming operation. The labor cost for this operation will be \$30,000.

Each of the partners share equally in the management of this operation and no additional management is hired.

#### **D** Example 2 (Continued)

This table shows the contributions made by the partners and Partnership ABC.

	Land	Capital	Equipment	Labor	Management	Total
Partner A	5,000	0	0		Active	5,000
Partner B	5,000	0	0		Active	5,000
Partner C	5,000	0	0		Active	5,000
Partnership ABC	69,000	159,000	57,000	30,000		315,000
Total	84,000	159,000	57,000	30,000		330,000

The total value of the farming operation was **determined** as follows.

The rental value of all the land involved in this farming operation is \$84,000. This rental value is derived by the following inputs:

- Partner A's contribution of cash-rented land with a value of \$5,000
- Partner B's contribution of cash-rented land with a value of \$5,000
- Partner C's contribution of owned land with a rental value of \$5,000
- Partnership ABC's contribution of owned land with a rental value of \$69,000.

**Note:** If land is owned, a rental value that is normal for the area **must** be used when determining its value.

#### **D** Example 2 (Continued)

The total amount of capital needed by this farming operation is equal to \$159,000. This figure is arrived at by taking the total expenditures necessary to conduct this operation and subtracting any equipment, land, and labor costs that will be expended by the partnership. The capital for this operation is being provided by Partnership ABC.

The rental value of all of the equipment used on this farming operation is \$57,000. Partnership ABC is contributing owned equipment with a rental value of \$57,000.

**Note:** If equipment is owned, a rental value that is normal for the area **must** be used when determining its value.

All of the labor for this farming operation is hired by Partnership ABC and will cost \$30,000.

Each partner will equally provide active personal management; therefore, no value is affixed to this contribution in determining the total value of the farming operation.

The total value of this farming operation is equal to \$330,000.

94-104 (Reserved)

#### Part 3 Payment Limitation Rules

#### Section 1 Payment Limitation by Direct Attribution

#### **105 Program Payment and Benefit Limitations**

#### A Person or Legal Entity

Program payments and benefits specified in paragraphs 34 and 36 are limited to:

- persons
- legal entities

#### **B** Joint Operation

Program payments and benefits to a joint operation are limited by the total number of persons and legal entities that are first level ownership members multiplied times the dollar amount of the limitation of the program specified in paragraph 36.

#### **106** Payment Reductions

#### A Proportionate Reductions

Payments made to a legal entity will be reduced proportionately by an amount that represents the direct or indirect ownership of a person or legal entity that has otherwise reached the applicable maximum payment limitation.

#### 107 Payment Attribution Defined (7 CFR 1400.105)

#### A Payments to a Person

Program payments made, directly or indirectly to a person, are combined with the pro rata interest held in any other legal entity that received payments, **unless** the payments to the legal entity were reduced by the pro rata share of the person.

#### **B** Payments to a Legal Entity

Program payments made directly to a legal entity are attributed to those persons that have a direct and indirect interest in the legal entity, **unless** the payments to the legal entity have been reduced by the pro rata share of the person.

#### 107 Payment Attribution Defined (7 CFR 1400.105) (Continued)

#### **C** Cooperative Associations

Farm program payments issued to a cooperative association on behalf of eligible producers will be attributed to the members as persons.

#### **D** Attribution Levels

Payment attribution to a legal entity will be tracked through 4 levels of ownership in the legal entity according to this table.

Levels of	
Ownership	Payment Attribution
First	Any payment made to a legal entity that is owned in whole or in part by a
	person will be attributed to the person in the amount that represents direct
	ownership interest in the payment entity.
Second	Any payment made to a legal entity that is owned in whole or in part by
	another legal entity at the second level will be attributed to this entity in the
	amount that represents the direct ownership interest in the payment entity.
	<b>Note:</b> If the second level entity is owned in whole or on part by a person, the
	amount of payment made to the payment entity will be attributed to
	the person in the amount that represents the indirect ownership interest
	in the payment entity.
Third and	Any payments made to a legal entity at the third and fourth levels of
Fourth	ownership must be attributed in the same manner as at the first and second
	levels of ownership.
Fourth	If any part to the ownership interest at the fourth level is owned by another
Only	legal entity, a reduction in payment will be applied to the payment entity in
	the amount that represents the indirect ownership interest of the fourth level
	entity in the payment entity.

#### 107 Payment Attribution Defined (7 CFR 1400.105) (Continued)

#### E Definition of Common Attribution (7 CFR 1400.101 and 1400.102)

<u>Common attribution</u> means crediting payments made to persons or legal entities collectively to 1 limitation, for the applicable program, based on a specific or unique relationship between the persons or legal entities.

Common attribution only applies to the following relationships:

- minor child and living parent or legal guardian (paragraph 108)
- revocable trust using Social Security number of grantor where grantor is the parent of a minor child (paragraph 109)
- parent organization and secondary organization with the parent organization exercises complete control over the secondary organization (paragraph 322)
- public schools in a State that does **not** meet population exception (paragraph 310)
- LLC using Social Security number when the sole interest holder is the parent of a minor child (paragraph 257).

See 3-PL (Rev. 2) for using CCC-904 to designate payments because of common attribution.

#### **108** Specific Rules for Attributing Payments to a Minor Child and Parent

#### A Definition of Minor Child

[7 CFR 1400.101] <u>Minor child</u> means a person who is **not** 18 years of age on or before June 1 of the current year.

# June 1 of the applicable year must be the date used for the determination of minor child.

**Notes:** Court action conferring majority on this person does **not** change this person's status as a minor child.

Payments to a minor child will continue to be attributed to his or her parent for the applicable crop year, program year, or FY even though the age of majority is reached during the year.

#### 108 Specific Rules for Attributing Payments to a Minor Child and Parent (Continued)

#### **B** Payments to a Minor Child

Payments issued to a minor child:

- are attributed to the parent or court-appointed person who is responsible for the child
- who is a beneficiary of a trust or heir of an estate, are attributed to the parent or court-appointed person who is responsible for the child.
- **Exception:** If both parents are receiving program payments, the minor child payments will be attributed to the parent receiving the larger amount in program payments.

If a revocable trust, program payments will be attributed **only** to the grantor of the revocable trust.

#### C Exception to Rule

Payments to a minor child will **not** be attributed to a parent or court-appointed person for payment limitation purposes if **both** of the following requirements are met:

- the minor child is a producer on a farm
- neither the minor child's parents nor court-appointed person has any interest in the minor child's farm or production from that farm.

#### **D** Exception Restrictions

- \*--Either of the following **must** be met for the minor child to remain under the exception in--\* subparagraph C:
  - the minor child meets **all** of the following:
    - has established and maintains a separate household from the parent or court appointed person
  - personally carries out the farming activities in his or her operation

•\*--maintains a separate accounting for his or her farming operation, or--\*

- the minor child meets **all** of the following:
  - does **not** live in the same household as his or her parents
  - is represented by a court-appointed person responsible for the minor child
  - has ownership of the farm vested in him or her.

#### **109** Specific Rules for Attributing Payments to a Trust

#### A Attribution of Payments for Revocable and Irrevocable Trusts

Program payments to an irrevocable trust will be attributed to its beneficiaries.

Program payments to a revocable trust will be attributed **only** to the grantor of the revocable trust.

**Note:** Follow rules for common attribution according to paragraph 107.

#### 110 Ownership Interest for Direct Attribution Purposes

#### A Determining Ownership Interest (7 CFR §1400.104 and §1400.105)

Ownership interest that a person or legal entity holds in a legal entity that receives payment subject to limitation for the program year will be determined according to the following table.

	THEN the date for the determination
IF the legal entity	of ownership interest is
existed on June 1 of the year for which program	June 1.
benefits were requested	
did <b>not</b> exist on June 1 of the year for which	the date the legal entity was formed.
program benefits are requested	

#### **B** Changes in Ownership Interest

See this part for policy on changes in ownership interests.

#### 111 Notification of Interests – Legal Entity Responsibilities

#### A Introduction

The Food Security Act of 1985, as amended, requires the entity to provide the information in subparagraph B. These requirements ensure that USDA can adequately control payment limitation by direct attribution.

#### **B** Responsibility for Providing Information Rule [7 CFR 1400.107]

Each legal entity that submits a contract for a program or an application for payment **must** provide COC the name, address, and TIN of each person and embedded legal entity that holds or acquires any interest, directly or indirectly, in the entity-earning payment. This information will be recorded on CCC-901 or CCC-902E. See paragraph 113.

- \*--FSA/CCC payments to a legal entity will be reduced in proportion to a member's ownership share when a valid taxpayer identification number for a person or legal entity holding less than a 10 percent direct or indirect ownership interest at or above the fourth level of ownership in the business structure is not provided to USDA. Additionally, a legal entity will not be eligible to receive a payment when a valid taxpayer identification number for a person or legal entity holding a 10 percent or greater direct or indirect ownership interest at or above the fourth level of ownership in the business structure is not provided to USDA.
  - **Notes:** Legal entities must provide names and address of each person and embedded legal entity that holds or acquires an interest, directly or indirectly, in the entity.

NRCS programs require each legal entity to provide the name, address, and TIN of each person and embedded legal entity that holds or acquires any interest, directly or indirectly, in the entity-earning payment.--\*

#### **C** Information Deadline

Required information on CCC-902E and/or CCC-901 must be filed according to the deadlines established for each applicable program for which payments are requested.

The legal entity earning payment must provide the completed CCC-901 to COC when CCC-902E is filed **manually**.

#### 111 Notification of Interests – Legal Entity Responsibilities (Continued)

#### \*--D Nondisclosure of Name and Address Results

If the legal entity fails to provide COC with the name and address of each applicable person and legal entity, COC must:

- deny any payment earned by the legal entity
- notify the legal entity of the denied payment and reason for denial
- **not** be responsible for notifying the members
- permit the legal entity to cancel the applicable contract or application according to applicable program procedures.

#### E Nondisclosure of TIN Results

If the legal entity fails to provide COC with a valid TIN for any person or embedded legal entity holding less than a 10 percent direct or indirect ownership interest in the legal entity, COC must:

- notify the legal entity that:
  - the applicable payment limitation for the legal entity will be reduced by the ownership share held by individuals or embedded entities for which a valid TIN was not provided, and the individual holds a less than 10 percent ownership share in the legal entity
  - payments to the legal entity will be reduced by the ownership share held by individuals or embedded entities for which a valid TIN was not provided, and the individual or embedded entity holds a less than 10 percent ownership share in the legal entity
    - **Note:** Reductions will be based on the highest level where a TIN is missing or invalid. See examples in subparagraph F.
- **not** be responsible for notifying the members
- permit the legal entity to cancel the applicable contract or application according to applicable program procedures.--\*

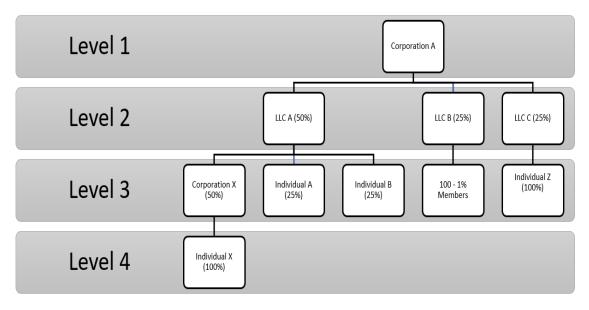

#### 111 Notification of Interests – Legal Entity Responsibilities (Continued)

#### \*--E Nondisclosure of TIN Results

If the legal entity fails to provide COC with a valid TIN for any person or embedded legal entity holding a 10 percent or greater direct or indirect ownership interest in the legal entity, COC must:

- deny any payment earned by the legal entity
- notify the legal entity of the denied payment and reason for denial
- **not** be responsible for notifying the members
- permit the legal entity to cancel the applicable contract or application according to applicable program procedures.

#### F Examples of Reductions for Failure to Provide Valid TIN

\*--Example 1:Using the hierarchy above, Corporation A is able to provide the TIN's for itself and all embedded entities and individuals except for the 100 individual members of LLC B. The payment reduction applied to Corporation A will total 25% due to failure to provide TIN's for any members of LLC B.--\*

#### 111 Notification of Interests – Legal Entity Responsibilities (Continued)

#### F Examples of Reductions for Failure to Provide Valid TIN (Continued)

\*--Example 2: Using the same hierarchy, Corporation A is able to provide the TIN's for itself and all embedded entities and individuals except a valid TIN for LLC A. The embedded LLC A holds a 50% ownership share of Corporation A, as a result, Corporation A is ineligible for payment. While TIN's may have been provided for the membership of LLC A, Corporation A is ineligible for payment because a valid TIN was not provided for LLC A itself.--\* •

#### **112** Notification Exceptions

#### **A** Introduction

**All** legal entities receiving payment, including embedded legal entities, must submit the documentation required in paragraph 111, **unless** an exception in subparagraph B applies.

#### **B** Exception

Notification requirements do **not** apply if the legal entity is tax exempt under Internal Revenue Code, Section 501(c).

**Notes:** Approval by IRS must be indicated by providing COC with a copy of either of the following:

- IRS determination letter notifying the organization or legal entity of approval as a tax exempt entity for the year
- copy of the organization's or legal entity's most recently filed IRS Form 990 or comparable IRS tax form.

Documentation **not** effective for the current year may be accepted if COC is satisfied the status for the current year is the same as supported by the documentation.

#### 113 Completing CCC-901's

#### A Who Must Complete CCC-901's

Each legal entity that submits a contract for a program or an application for payment **must** provide the member's information required on CCC-901. Completing a manual CCC-901 for the collection of member information is not required when this same information is collected and recorded through the business file process used for filing farm operating plans. For information on the use and output of the business file process, see 3-PL (Rev. 2), Part 10.

- **Exception:** If manually filing CCC-902E and CCC-901, CCC-901 is **not** required if **all** the first level members are persons.
- **Note:** New CCC-901's are **not** required to be filed in subsequent years unless there are changes in the operation.

#### **B** Filling Responsibility

The legal entity that is earning payment is responsible for obtaining and providing the required information to COC.

#### **C** Filing and Distribution

File the original CCC-901 in the legal entity's payment limitation folder and give a copy to the payment entity. Attach the original of CCC-901 to the manual CCC-902E or automated CCC-902.

## **D** Completing CCC-901's for 2014 and Subsequent Years

Complete CCC-901 according to this table.

#### 114 Exceptions to Payment Limitation for Inheritance and Estates

#### A Inheritance [7 CFR 1400.1]

Payments received directly or indirectly by a person may exceed the applicable limitation if **all** the following apply to the heir/beneficiary:

- ownership interest in the land or commodity was transferred because of death
- the new owner (heir/beneficiary) succeeds to contract
- the new owner (heir/beneficiary) meets all other eligibility requirements.
- **Note:** This provision also applies to an ownership interest in a legal entity received by inheritance if the legal entity was the owner of the land enrolled in an annual or multi-year program contract or agreement at the time of the shareholder's death.

The new owner (heir/beneficiary) determined eligible **cannot** exceed the amount the previous owner was entitled to receive under the applicable program contracts at the time of death. If the new owner (heir/beneficiary) meets **all** program and payment eligibility requirements, this provision will apply as follows:

• for ARC and PLC, 1 program year

Note: The year of contract succession is the 1 program year.

• for CRP and multi-year agreements and contracts, the term of the contract or agreement including extension periods.

#### **114** Exceptions to Payment Limitation for Inheritance and Estates (Continued)

#### **B** Estates

Payments received by an estate will be:

- restricted by the amount applicable to any other legal entity
- attributed to the heirs.

Heirs of an estate will **not** be restricted to the applicable limitation if the estate succeeds to a contract of the deceased individual. If the estate meets **all** program and payment eligibility requirements, this provision will apply as follows:

- for ARC and PLC, 1 program year
- for CRP and multi-year agreements and contracts, the term of the contract or agreement including extension periods.
- **Note:** Estate heirs who succeed to the estate's contract may also exceed the applicable limitation if **all** program and payment eligibility requirements are met. If the first program year has already passed, heirs payments **cannot** exceed the ARC and PLC limitation for an additional year.

115-124 (Reserved)

#### Section 2 Substantive Change Requirements

#### 125 Changes in Farming Operations Resulting in the Increase in Persons [7 CFR 1400.104]

#### **A** Background

The Food Security Act of 1985, as amended, requires that the Secretary **not** approve, for purposes of applying payment limitations, any change in a farming operation that will increase the number of persons for payment, unless the Secretary determines that the change is bona fide and substantive. The Food, Conservation, and Energy Act of 2008 (2008 Farm Bill) revised the definition of "person". "Person" means a "natural person" and does not include a legal entity.

#### B Substantive Change Rule [7 CFR 1400.104]

COC may **not** approve any change in a farming operation, including, but not limited to, establishing a new farming operation containing any person that was a member of the previous year's farming operation, that will otherwise increase the number of persons to which payment limitation is applied for the current year, unless a substantive change in the farming operation occurs for the current year.

**Note:** The comparison for substantive change purposes is between the current year's farming operation and the prior year's farming operation in which a farm operating plan was filed and payment limitation is applied. Payment attribution will be used to determine increases in limitations.

Substantive Change provisions apply to all programs subject to a payment limitation.

#### **126** Application of Substantive Change Rule

#### A Factors Requiring the Application of Substantive Change Rule

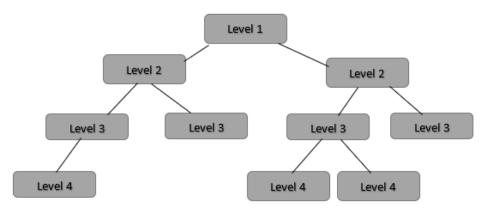

The Substantive Change Rule applies when **both** of the following elements are present:

• There are changes in a farming operation from a prior year that result in "commonality" between the farming operation in the current year and a farming operation in a prior year; in other words, there is the ability to link a person (directly or indirectly) **and** land to a farming operation in a prior year.

#### A Factors Requiring the Application of Substantive Change Rule (Continued)

- There is an increase in the number of persons that have not participated in a program subject to payment limitation at or above, the fourth level of ownership in a legal entity or joint operation.
  - **Note:** Members added below the fourth level of ownership in a legal entity or joint operation are not considered an increase in persons to which payment limitation applies. Ownership interests below the fourth level of ownership are ineligible for payment.

The following diagram illustrates the 4 levels of ownership of a legal entity or joint operation.

#### **B** When Substantive Change Is Required

This table illustrates that substantive change is **required** for the current year's farming operation when both elements of commonality exist (some of the same persons, legal entities or joint operations farming some of the same land in a prior year's farming operation) **and** there is an overall increase in persons to which payment limitation applies.

If the farming operation	
is conducted by	Substantive Change is required when
a new joint operation	any of the persons in the new joint operation did not participate (directly or indirectly) in a program subject to limitation in a prior year.
an existing joint operation	1 or more persons are added to the existing joint operation that did <b>not</b> participate (directly or indirectly) in a program subject to limitation in a prior year - resulting in an overall increase in the number persons to which payment limitation applies.
	<b>Notes:</b> Even if there is no overall increase in persons within the joint operation, substantive change is still required if both apply:
	• <b>any</b> of the departing persons continue to participate in a program subject to limitation on the same land farmed by the joint operation in a prior year; <b>and</b>
	• a new person is added to the farming operation that has not participated in programs subject to limitation in a prior year.
	If there is addition of more than 1 person and the farming operation does not have a substantive change, a representative of the farming operation must identify which person(s) will not be recognized.
a new legal entity	some, but <b>not</b> all, of the persons who are stockholders or partners in the new legal entity participated directly or indirectly in a program subject to limitation in a prior year; <b>and</b> any of the stockholders have other farming interests.
an existing legal entity	any of the persons who are stockholders, including stockholders in an embedded entity have ownership interest in any other farming operation.

#### C When Substantive Change Is Not Required

This table illustrates when the substantive change rule does **not** apply even though there may be commonality between the current year's farming operation and a prior year's farming operation.

IF the farming operation	
is conducted by	THEN Substantive Change is not required when
an individual	the farming operation is that of the individual.
a new joint operation	either of the following occurred:
	<ul> <li>none of the persons who are members (including persons who are members of an embedded legal entity or joint operation) participated in programs subject to payment limitation or were associated with any farming operation that participated, directly or indirectly, in programs subject to limitation in a prior year</li> <li>all the persons (including persons who are members of an embedded)</li> </ul>
	• <b>all</b> the persons (including persons who are members of an embedded legal entity or joint operation) participated in programs (directly or indirectly) subject to limitation in a prior year.
a new legal entity	<b>none</b> of the persons who are shareholders (including persons who are members of an embedded legal entity or joint operation) participated, directly or indirectly, in programs subject to limitation in a prior year.
an existing legal entity	1 or more persons are added to the legal entity and <b>none</b> of the persons who are stockholders have interest in any other farming operation.
	<b>Note:</b> The legal entity remains restricted to 1 limitation <b>regardless</b> of the number of shareholders.

#### D Changes Made by June 1 [7 CFR 1400.5]

Ownership interest that a person holds in a legal entity or joint operation that receives payment subject to limitation for the program year will be determined according to the following table.

	THEN the date for the determination of
IF the legal entity or joint operation	ownership interest is
existed on June 1 of the year for which	June 1.
program benefits were requested	
did <b>not</b> exist on June 1 of the year for	the date the legal entity or joint operation was
which program benefits are requested	formed.

#### E Changes Not Made by June 1 [7 CFR 1400.5]

COC may determine that a change in ownership interest after June 1 is considered relevant or effective for the current year if:

- change of ownership interest is because of death of an interest holder
- the legal entity or joint operation did not exist on June 1 of the applicable year
- the change of ownership interest is because of the addition of a minor child (family member) when the parent or legal guardian is also a member, partner or stockholder in the same farming operation.

**Note:** COC must also consider rules for attributing payments to a minor child according to paragraph 108.

If COC determines the change is **not** relevant or effective for the current year, consider the change to be effective for the subsequent year.

#### 127 Substantive Change Requirements When an Increase in Limitation Occurs

#### A Meeting Substantive Change

When there is an increase in persons to which payment limitation applies and commonality is determined, the farming operation must have a substantive change for the determining authority to approve the increase in persons for payment limitations. If bona fide, any 1 of the following is considered a substantive change.

Change	Requirement
Family Member	Adding 1 or more family members to a farming operation (at any ownership level), according to the adult family member provision as specified in paragraph 222, allows recognizing the added family members.
Land Rental	For a landowner <b>only</b> , a change from cash-rent to share-rent.
Increase in	An increase through acquiring land used for agricultural purposes <b>not</b>
acres of Agricultural Land	previously involved in the farming operation. The increase in agricultural land:
	• <b>must</b> be at least 20 percent or more of the total acres of agricultural land involved in the farming operation
	• will be applicable for the increase of <b>only</b> 1 person to the farming operation.
	A State Office specialist may approve additional persons based on the magnitude and complexity of the change in the farming operation represented and if the increase in acres of agricultural land supports additional persons or legal entities to the farming operation. See subparagraph B.
Ownership	A change in ownership by sale or gift of equipment, land or livestock from a person or legal entity previously engaged in the farming operation to a person or legal entity who has <b>not</b> been engaged in this operation is considered substantive, <b>only</b> if:
	• the transferred amount is commensurate with the new person's share of the farming operation
	• the sale or gift of land, equipment or livestock was based on fair market value of the land, or equipment

#### **127** Substantive Change Requirements When an Increase in Limitation Occurs (Continued)

#### A Meeting Substantive Change (Continued)

Change	Requirement
Ownership (Continued)	• the former owner has no control over the sold or gifted land, equipment or livestock
	• the transaction was <b>not</b> financed by the former owner
	• preference was <b>not</b> given to the former owner to re-purchase the land, equipment or livestock at a later date.
Equipment	The addition of equipment <b>not</b> previously involved in the farming operation may be considered substantive, if the rental value of the additional equipment contributed is commensurate with the new person's (direct or indirect) share of the rental value of all equipment used in the farming operation.

**Note:** Substantive changes **must** be "arm's length" business transactions. Documents **must** be provided to support any of the changes in this subparagraph.

#### **B** Increases of More Than 1 Person for Payment Limitation Purposes

If acres of agricultural land are increased more than 20 percent and the farming operation is requesting to add more than 1 member for payment limitation, the:

- authorized representative of the farming operation **must**:
  - submit written request for recognizing more than 1 additional member
  - include the reasons why additional members for payment limitation purposes are to be recognized
  - provide any other relevant documentation to support the request
- COC must:
  - document the request in the COC minutes
  - forward the request with comments or recommendations to the State Office
  - include all documentation provided by the producer

#### 127 Substantive Change Requirements When an Increase in Limitation Occurs (Continued)

#### **B** Increases of More Than 1 Person for Payment Limitation Purposes (Continued)

- State Office specialist designated to act on these requests **must**:
  - timely review requests and all supporting documentation
  - obtain STC comments, if determined necessary, on the request
  - approve or disapprove the requests
  - record all requests and determinations in the STC minutes
  - notify COC/County Office, in writing, of the determination
  - instruct COC/County Office to provide written notification of the determination to the producer and include appeal rights if considered adverse.

#### **128** Determinations When Substantive Change Is Not Met

#### A If Substantive Change Is Not Met

If there is an increase in the number of persons subject to payment limitation in a farming operation that results in applying the substantive change provisions, and substantive change is **not** met by the farming operation:

- continue to recognize the persons for payment limitation purposes (that were recognized in the previous year) for the current and future years
- consider the new persons in the farming operation ineligible for payment when the farming operation did **not** meet the substantive change until substantive change is met.
- **Note:** The eligible person's shares **cannot** be adjusted to circumvent the ineligibility of the new person.

## **128** Determinations When Substantive Change Is Not Met (Continued)

# **B** Duration of Ineligibility

Determinations that result in disapproving the increase in persons to which payment limitation applies must be perpetual until the farming operation realizes a bona-fide substantive change according to paragraph 127.

Users must ensure that the substantive change determination is recorded in Business File according to 3-PL (Rev. 2) for the current determination and any subsequent determination that may be required, until it is determined the farming operation has met the substantive change requirements.

## 129 Examples for Applying Substantive Change

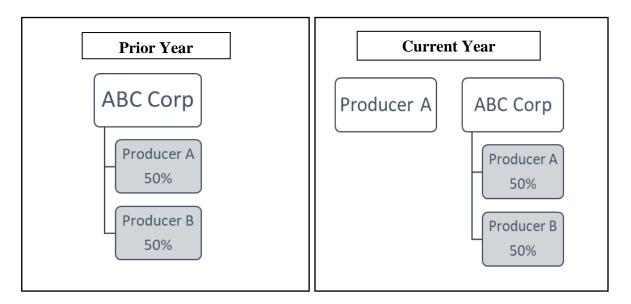

## A Individual Beginning to Farm

# **Example 1 - Individual Beginning to Farm**

#### Situation:

ABC Corp. operated farmland in the prior year and participated in programs subject to payment limitation provisions. Producer A and Producer B are equal share stockholders in the corporation. Neither Producer A nor Producer B had other farming interests.

In the current year, Producer A begins to farm some of the same land previously farmed by ABC Corp. Producer A will also retain his equal share in ABC Corp for the current year, that will continue to farm the rest of the acreage from the prior year's farming operation.

# A Individual Beginning to Farm (Continued)

# Analysis:

Is there commonality in the 2 farming operations? Yes, the same member of ABC Corp (Producer A) is farming some of the same land previously farmed by ABC Corp.

Is there an increase in persons to which payment limitation applies from ABC Corp in the prior year? No. Payment limits are controlled by attribution of amounts received both directly and indirectly; therefore, the earnings of Producer A will be summed with Producer A's indirect earnings from ABC Corp. There is no increase in persons for payment limitation purposes.

## **Determination:**

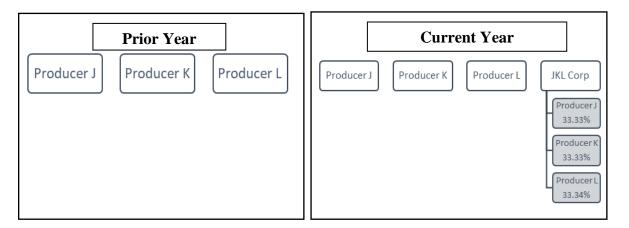

Substantive Change requirements do not apply. Although there is commonality (same land and same persons) between the 2 farming operations, there is no overall increase in persons for payment limitation.

# **B** New Legal Entity Beginning to Farm

## **Example 2 - New Legal Entity Beginning to Farm**

#### Situation:

Producer J, Producer K, and Producer L each have separate and unrelated farming operations, which if continued unchanged, qualify for 3 separate payment limitations. Producers J, K, and L propose a new farming operation by forming a corporation, JKL Corp, in which each person is an equal stockholder. The entity would cash lease a portion of the cropland previously operated by each of the Producers J, K, and L.

# **B** New Legal Entity Beginning to Farm (Continued)

# Analysis:

Is there commonality in the 2 farming operations? Yes. The new entity, JKL Corp, is comprised of the same Producers J, K, and L, who participated in programs subject to limitation in the prior year **and** will be farming some of the same land previously farmed by 1 or more of the 3 persons.

Is there an increase in limitations from the 3 persons in the prior year? No. Payment limits are controlled by attribution, therefore the earnings of the 3 persons and their indirect earnings through JKL Corp will not result in an overall increase in persons for payment limitation in the current year.

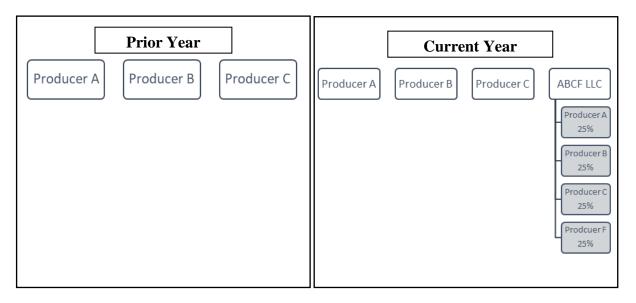

## **Determination:**

Substantive change requirements do not apply. There is no overall increase in persons for payment limitation considering payment attribution.

# **Example 3 – New Legal Entity Beginning to Farm**

#### Situation:

Producer A, Producer B, and Producer C each have separate and unrelated farming operations, which if continued unchanged, qualify for 3 separate payment limitations. Producers A, B, and C propose a new farming operation, in addition to their individual operations, by forming a limited liability corporation, ABCF LLC. ABCF LLC adds an additional member, Producer F who has not participated in programs subject to limitation in a prior year. The 4 members are equal stockholders in the entity. The entity is **not** farming any of the land previously farmed by the 3 persons in the prior year.

# **B** New Legal Entity Beginning to Farm (Continued)

# Analysis:

Is there commonality in the 2 farming operations? No. Although the new entity includes Producers A, B, and C who participated in programs subject to limitation in a prior year, the new entity is not farming any land previously farmed by Producers A, B, and C. There is no change in the prior year's farming operation(s).

Is there an increase in limitations from the 3 persons in the prior year? No. ABCF LLC is a new legal entity that is not farming any of the land previously farmed by Producer A, Producer B, or Producer C. There is no change in Producer A's, Producer B's, or Producer C's farming operation from the prior year.

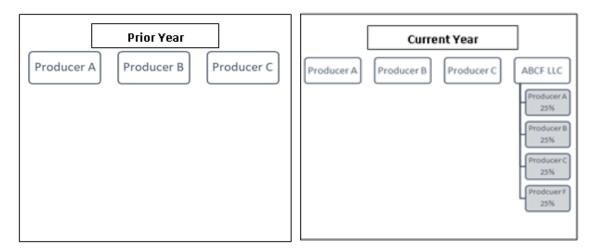

## **Determination:**

Substantive Change requirements do not apply to the new legal entity. There is not commonality between the farming operations from the prior year, and the farming operation of the new legal entity. The new legal entity is not farming any of the same land previously farmed by Producers A, B, and C. Therefore, there is no change in Producer A's, B's, and C's individual farming operations from the prior year.

# **Example 4 – New Legal Entity Beginning to Farm**

#### Situation:

Producer A, Producer B, and Producer C each have separate and unrelated farming operations, which if continued unchanged, qualify for 3 separate payment limitations. Producers A, B, and C propose a new farming operation, in addition to their individual operations, by forming a limited liability corporation, ABCF LLC. ABCF LLC adds an additional member, Producer F who has not participated in programs subject to limitation. The 4 members are equal stockholders in the entity. The new legal entity **is** farming some of the land previously farmed by the 3 persons in the prior year.

# **B** New Legal Entity Beginning to Farm (Continued)

# Analysis:

Is there commonality in the 2 farming operations? Yes. The new legal entity includes Producers A, B, and C who participated in programs subject to limitation in a prior year; and the new legal entity is farming some of the same land previously farmed by Producers A, B, and C.

Is there an increase in limitations from the 3 persons in the prior year? Yes. Some, but not all, of the persons who are members of the new legal entity, ABCF LLC, participated in programs subject to limitation in a prior year. The addition of Producer F to the new legal entity results in an increase in persons for payment limitation.

# **Determination:**

Substantive Change requirements apply to the new legal entity to recognize Producer F's share. There is commonality between the farming operations from the prior year and the new legal entity's farming operation. There is also an increase in persons to which payment limitation applies. The new legal entity must provide acceptable documentation supporting a bona fide change in the farming operation occurred.

# **Result:**

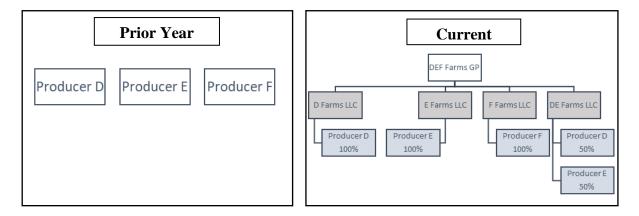

Depending on the determination whether the new legal entity met Substantive Change, the substantive change determination for Producer F must be recorded in Business File as "Eligible" or "Not Eligible" according to 3-PL (Rev. 2). Producers A, B, and C will be set to "Eligible" to continue recognizing they are not an increase in persons for Payment Limitation from the prior year.

## **C** New Joint Operation Beginning to Farm

## **Example 5 – New Joint Operation Beginning to Farm**

### Situation:

Producer D, Producer E, and Producer F each have separate and unrelated farming operations, which if continued unchanged, qualify for 3 separate payment limitations. Producers D, E, and F each individually create an LLC and form a new General Partnership, DEF Farms, with each individual LLC as shareholders. A fourth LLC member, DE Farms LLC, with Producer D and Producer E as equal shareholders, is added to the General Partnership. The four LLC's are equal members in DEF Farms, and the general partnership is farming all the land previously farmed by Producer D, Producer E, and Producer F in the prior year.

#### Analysis:

Is there commonality in the 2 farming operations? Yes. DEF Farms GP is farming land previously farmed by Producers D, E, and F from the prior year and the members of each of the LLC's is Producer D, E and F.

Is there an increase in persons for payment limitation from the 3 producers in the prior year? No. Payments are limited by attribution, therefore the earnings of the 3 producers as individuals and their indirect earnings through DE Farms LLC will not result in an overall increase in persons for payment limitation in the current year.

#### **Determination:**

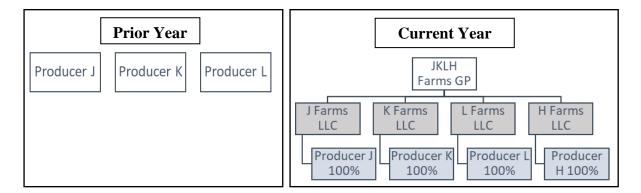

Substantive change requirements do not apply. There is no overall increase in persons for payment limitation through attribution.

# **C** New Joint Operation Beginning to Farm (Continued)

## **Example 6 – New Joint Operation Beginning to Farm**

## Situation:

Producer J, Producer K, and Producer L each have separate and unrelated farming operations, which if continued unchanged, qualify for 3 separate payment limitations. Producers J, K, and L each individually create an LLC and form a new General Partnership, JKLH Farms, with each individual LLC as members. A fourth LLC member, H Farms LLC, with Producer H as the sole member, is added to the General Partnership. Neither H Farms LLC, nor Producer H have ever participated in programs subject to limitation. The four LLC's are equal members in, JKLH Farms, and the general partnership is farming all the land previously farmed by Producer J, Producer K, and Producer L in the prior year.

#### Analysis:

Is there commonality in the 2 farming operations? Yes. JKLH Farms GP is farming land previously farmed by Producers J, K, and L who are also shareholders of the LLC's that are members of JKLH Farms GP.

Is there an increase in limitations from the 3 persons in the prior year? Yes. In this case, there are 3 new LLC's that include persons that participated in programs subject to limitation in a prior year. Producer H, through H Farms LLC is a new person that has not participated in programs subject to limitation in a prior year. Producer H, through H Farms LLC, is an additional person to which payment limitation applies.

# **C** New Joint Operation Beginning to Farm (Continued)

## **Determination:**

Substantive change requirements apply. There is commonality between the 3 persons who participated in programs subject to limitation in a prior year and a fourth payment limitation was added in the current year to the new general partnership.

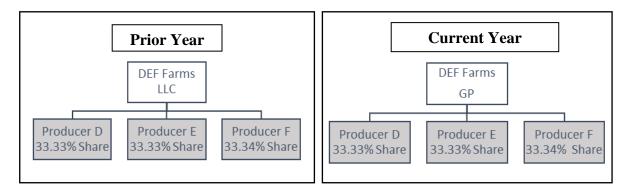

# **Result:**

Substantive change determinations must be recorded in Business File according to 3-PL (Rev. 2). Depending on the determination whether the farming operation of JKLH General Partnership met Substantive Change, the determinations for Producer H (within H Farms LLC) must be recorded in Business File as "Eligible" or "Not Eligible" according to 3-PL (Rev. 2).

## **Example 7 – New Joint Operation Beginning to Farm**

## Situation:

DEF LLC is comprised of 3 shareholders; Producer D, Producer E, and Producer F all with equal shares of the LLC. The LLC participated in programs subject to payment limitations in the previous year and was eligible for 1 payment limit. In the current year, the producers decide to restructure DEF LLC and create DEF Farms General Partnership. The General Partnership will contain Producers D, Producer E, and Producer F as members with equal shares, and will farm all the land previously farmed by DEF LLC.

# **C** New Joint Operation Beginning to Farm (Continued)

## Analysis:

Is there commonality in the 2 farming operations? Yes. DEF Farms GP will operate all the land that was previously farmed by DEF LLC, and all the members of DEF Farms were shareholders of DEF LLC in the previous year.

Is there an increase in limitations from the prior year? No. The members of DEF Farms GP participated in programs subject to payment limitation in a prior year indirectly through DEF Farms LLC.

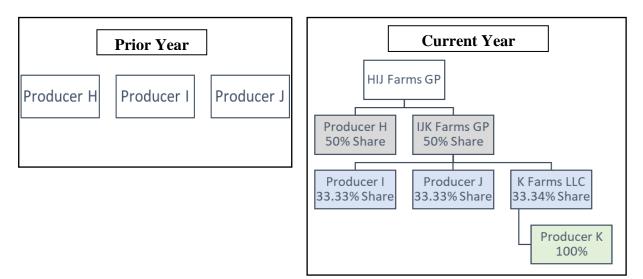

#### **Determination:**

Substantive change requirements do not apply.

#### **Example 8 – New Joint Operation Beginning to Farm**

#### Situation:

Producer H, Producer I, and Producer J each have separate and unrelated farming operations, which if continued unchanged, qualify for 3 separate payment limitations. Producers H, I, and J form a new General Partnership, HIJ Farms GP, with Producer H and another new general partnership (IJK Farms GP) as members. IJK Farms GP consists of Producer I, Producer J, and K Farms LLC. Producer K (through K Farms LLC) has never participated in programs subject to payment limitation. HIJ Farms GP, is farming all the land previously farmed by Producer H, Producer I, and Producer J in the prior year.

# **C** New Joint Operation Beginning to Farm (Continued)

# Analysis:

Is there commonality in the 2 farming operations? Yes. HIJ Farms GP is farming land previously farmed by Producers H, I, and J who are also members of the new general partnerships HIJ Farms GP and IJK Farms GP.

Is there an increase in persons to which payment limitation applies from the 3 persons in the prior year? Yes. Some, but not all the persons who are members of the new embedded General Partnership, IJK Farms GP, participated in programs subject to payment limitation in a prior year. Producer K (through K Farms LLC) is an additional person to which payment limitation applies of the embedded GP from the prior year because Producer K (through K Farms LLC) participated in programs subject to limitation in a prior year.

# **Determination:**

Substantive change requirements apply. There is commonality between the 3 producers who participated in programs subject to limitation in a prior year and there is an increase in persons who has not participated in programs subject to payment limitation. Producer K (through K Farms LLC) was added in the current year to the new IJK Farms General Partnership. HIJ Farms GP must have a substantive change to recognize the increase in "persons" to which payment limitation applies.

#### **Result:**

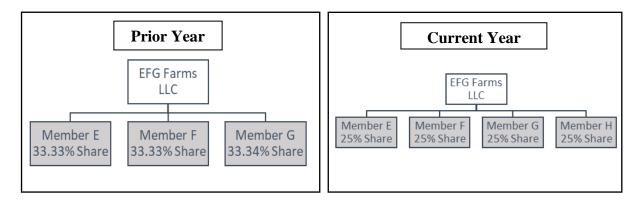

Substantive change determinations must be recorded in Business File according to 3-PL (Rev. 2). Depending on the determination whether the farming operation of HIJ Farms General Partnership met Substantive Change, the determinations for Producer K (within K Farms LLC) must be recorded in Business File as "Eligible" or "Not Eligible" according to 3-PL (Rev. 2).

# **D** Existing Legal Entity

# Example 9 – Addition of a Stockholder to an Existing Legal Entity

# Situation:

EFG LLC is comprised of Member E, Member F, and Member G; all with equal shares of the LLC. The LLC participated in programs subject to payment limitation provisions in the previous year and was eligible for 1 payment limit. In the current year EFG LLC will add Member H to now include 4 members with equal shares within the LLC. Member H has not participated in programs subject to limitation in a prior year. EFG LLC will continue to operate all the farmland it operated in the previous year. None of the members of the EFG Farms LLC has any other farming interests.

# Analysis:

Is there commonality in the 2 farming operations? Yes. EFG LLC is farming land previously farmed by the LLC from the prior year and 1 or more members are common to the prior year's farming operation.

Is there an increase in payment limitations from the 1 limitation in the prior year? No. The addition of stockholder Member H to EFG LLC does not increase the overall persons for payment limitation allowed for the LLC.

**Note:** If any of the members do have an interest in any other farming operations, then the addition of Member H would be considered an increase in persons to which payment limitation applies.

# **Determination:**

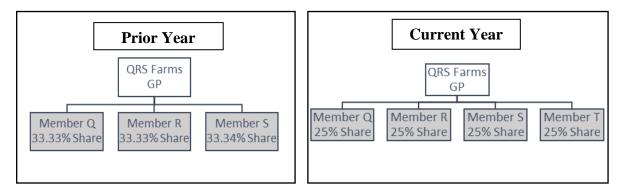

Substantive change requirements do not apply when none of the shareholders have other farming interests. Although there is commonality in the farming operations, the addition of Member H to EFG LLC does not result in an overall increase in the number of persons to which payment limitation applies from the prior year.

## E Existing Joint Operation

## **Example 10 – Changes to an Existing Joint Operation**

## Situation:

QRS Farms is a general partnership comprised of 3 family members Producer Q, Producer R, and Producer S, all with equal shares of the general partnership. QRS Farms participated in programs subject to payment limitations provisions in a prior year and was eligible for 3 payment limits. In the current year, a fourth member (Member T) is added to the general partnership. Member T has not participated in programs subject to payment limitation in a prior year. The general partnership will contain Member Q, Member R, Member S, and Member T with equal shares, and will farm all the land previously farmed by QRS Farms.

#### Analysis:

Is there commonality in the 2 farming operations? Yes. QRS Farms is farming all land previously farmed by the general partnership from the prior year and there are members in common between the current year's farming operation and the prior year's farming operation.

Is there an increase in persons for payment limitation from the 3 persons in the prior year? Yes. Some, but not all the first level members of the new General Partnership participated in programs subject to payment limitation in a prior year. The addition of Member T is an additional person for payment limitation from the prior year.

#### **Determination:**

Substantive change requirements apply to the General Partnership. There is commonality between the prior year's farming operation and the current year's farming operation and there is an increase in persons to which payment limitation is applied in the current year.

#### **Result:**

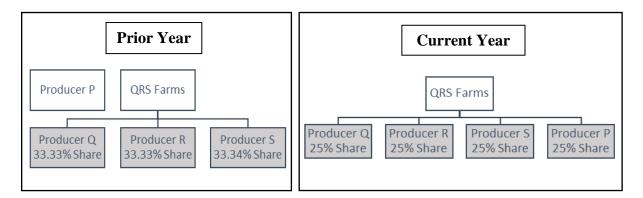

Substantive change determinations for Member T must be recorded in Business File as "Eligible" or "Not Eligible" according to 3-PL (Rev. 2).

## **E** Existing Joint Operation (Continued)

## **Example 11 – Changes Within an Existing Joint Operation**

## Situation:

QRS Farms is a general partnership comprised of 3 members; Producer Q, Producer R, and Producer S all with equal shares of the general partnership. QRS Farms participated in programs subject to payment limitations provisions in the previous year and was eligible for 3 payment limits. In the current year, a fourth member (Producer P) is added to the general partnership. Producer P participated in programs subject to payment limitation in a prior year. The general partnership will contain Producers Q, Producer R, Producer S, and Producer P with equal shares, and will farm all the land previously farmed by QRS Farms and Producer P.

#### Analysis:

Is there commonality in the 2 farming operations? Yes. QRS Farms is farming land previously farmed by Producers P, and QRS Farms from the prior year.

Is there an increase in limitations from the 3 persons in the prior year? No. The addition of Producer P in QRS Farms does not represent an increase in persons to which payment limitation applies from the prior year because **all** members participated in programs subject to limitation in a prior year.

#### **Determination:**

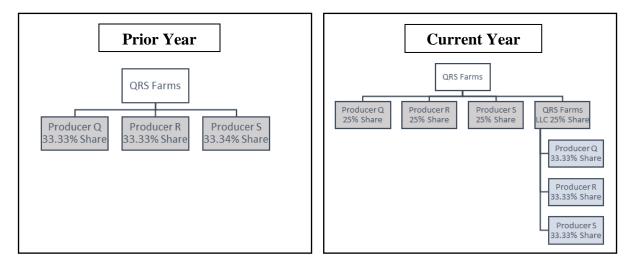

Substantive change requirements do not apply. There is no overall increase in persons to which payment limitation applies from the prior year.

## **E** Existing Joint Operation (Continued)

## **Example 12 – Changes Within an Existing Joint Operation**

#### Situation:

QRS Farms is a general partnership comprised of 3 members Producer Q, Producer R, and Producer S, all with equal shares of the general partnership. QRS Farms participated in programs subject to payment limitations provisions in the previous year and was eligible for 3 payment limits. In the current year, the producers decide to form QRS Farms LLC, and add the LLC as a member in the general partnership. Producers Q, R, and S are all equal share members of the newly formed LLC. The general partnership will contain Producers Q, Producer R, Producer S, and QRS Farms LLC with equal shares, and will farm all the land previously farmed by QRS Farms.

#### Analysis:

Is there commonality in the 2 farming operations? Yes. QRS Farms GP is farming all land previously farmed by the general partnership from the prior year.

Is there an increase in persons to which payment limitation applies from the 3 producers in the prior year? No. The creation of QRS Farms LLC is comprised of stockholders who participate in programs subject to limitation in a prior year. There is no overall increase in persons to which payment limitation applies.

#### **Determination:**

Substantive change requirements do not apply. There is no overall increase in persons to which payment limitation applies.

#### 130-140 (Reserved)

## Part 4 Payment Eligibility Provisions

# Section 1 Actively Engaged in Farming Rules

#### 141 General Considerations

## **A** Introduction

For a person or legal entity to be considered actively engaged in farming, the participant **must** make a significant contribution of certain farming inputs that are commensurate and at risk. This paragraph lists and defines significant contributions.

#### **B** General Provisions

In general, for a person or legal entity to be considered actively engaged in farming, **all** the requirements of this table **must** be met.

Item	Requirement
1	Significant "left-hand" contributions to the farming operation of 1 or a
	combination of the following:
	• capital
	• equipment
	• land.
	Note: See paragraph 202 for an exception applicable to sharecroppers.
2	Significant "right-hand" contributions to the farming operation of 1 or a combination of the following:
	• active personal labor
	• active personal management.
	Note: See paragraph 152 for an exception applicable to landowners.
3	A claimed share of the profits or losses from the farming operation that is
	commensurate with contributions to the farming operation.
4	Contributions that are at risk.

# 142 Significant Contribution of Capital, Equipment, and Land [7 CFR 1400.3]

## **A** Introduction

When a significant contribution of capital, equipment, or land is required, use the rule in this paragraph to determine what is considered significant.

# **B** Rules for Significant Contributions

This table shows the general rules for determining when a significant contribution is provided to a farming operation by a person or legal entity.

Item	Rule	
Capital	The capital <b>must</b> have a value equal to at least 50 percent of the	
	person's or legal entity's commensurate share of the total capital	
	necessary to conduct the farming operation, excluding outlays of	
	capital for land or equipment.	
Equipment	The equipment <b>must</b> have a rental value equal to at least	
	50 percent of the person's or legal entity's commensurate share of	
	the total rental value of the equipment necessary to conduct the	
	farming operation.	
Land	The land <b>must</b> have a rental value equal to at least 50 percent of	
	the person's or legal entity's commensurate share of the total rental	
	value of the land necessary to conduct the farming operation.	
	<b>Note:</b> Share-rented land is a contribution of the landlord, <b>not</b> the	
	share-renter.	
Any combination of	The combined contribution of capital, equipment, and land <b>must</b>	
capital, equipment,	have a value equal to 30 percent of the person's or legal entity's	
and land	commensurate share of the total value of the farming operation.	

**Note:** If capital does not qualify as a significant contribution, other sources of operating funds must be identified to meet the Rules for Significant Contributions of equipment or land.

### 143 Custom Services

# A Definition of Custom Services

<u>Custom services</u> mean the hiring of a contractor or vendor that is in the business of providing such specialized services or to perform services for the farming operation in exchange for the payment of a fee for such services performed.

# **B** Applicability

If a person, joint operation, or legal entity receives custom services in the farming operation:

- make actively engaged in farming determinations according to Part 5
- the ability to meet the cash-rent tenant provisions may be adversely affected on land that is cash-rented in the farming operation.
  - **Note:** The equipment used to perform the custom services **cannot** be considered a significant contribution of equipment toward meeting the actively engaged in farming requirements because the person, joint operation, or legal entity does **not** exercise complete control over the equipment.

# 144 Specific Rules for Capital

## A Introduction

For capital to be a significant contribution to the farming operation, the capital contributed **must** meet the requirements of this paragraph.

# **B** Definition of Capital

For payment eligibility purposes, <u>capital</u> means the funding provided by a person or legal entity to the farming operation for the operation to conduct farming activities.

# 144 Specific Rules for Capital (Continued)

# Par. 144

# C General Rule

The capital **must** be contributed directly to the farming operation from a fund or account separate and distinct from that of any other person or legal entity. with an interest in the farming operation.

Capital contributions to a farming operation **do not** include the following:

- the value of labor or management
- outlays for land or equipment.

An example of capital would be the funds used to pay for operating expenses such as seed, chemical, fertilizer, fuel, repairs, etc.

# **D** Source of Capital

The capital may be a direct out-of-pocket input of either of the following:

- a specified sum by the person, legal entity, joint operation, or members of a joint operation
- an amount borrowed by the person or legal entity.
- **Note:** Program payments are **not** considered a capital contribution for purposes of meeting the requirements of actively engaged in farming. The applicant is **not** eligible to receive program payments until **after** the determination of actively engaged in farming is made by COC or reviewing authority.

# 144 Specific Rules for Capital (Continued)

# E Borrowed Capital

Capital used as a significant contribution may be borrowed. The rules in this table apply to borrowed capital.

IF the farming operation		
is conducted by either of		
the following	THEN borrowed capital must	
• a person	• be contributed directly to the farming operation by the applicable person or member	
• a joint operation, in which the capital is contributed by a member of the joint operation rather than by the joint operation itself	• <b>not</b> have been acquired as a result of a loan made to, guaranteed by, co-signed by, or secured by any other person, legal entity, or joint operation that has an interest in the farming operation.	
• a legal entity	• be contributed directly to the farming operation by the legal entity or joint operation	
• a joint operation, in which the capital is contributed by the joint operation rather than by a member	<ul> <li>not have been acquired as a result of a loan made to, guaranteed by, co-signed by, or secured by any person, legal entity, or joint operation that has an interest in the *farming operation, except all members of the joint operation, or all shareholders of the legal entity to which the loan is made*</li> </ul>	

### **A** Introduction

To be credited as a significant contribution to the farming operation, owned or leased equipment **must** meet the requirements of this paragraph.

# **B** Definition of Equipment

For payment limitation purposes, <u>equipment</u> means the machinery and implements used by the farming operation to conduct activities of the farming operation. This includes:

- machinery and implements for:
  - land preparation, planting, cultivating, or harvesting of the crops involved
  - establishing and maintaining conservation cover crops or conservation use acreages
  - conducting livestock operations
- irrigation equipment that is:
  - **not** of a permanent nature
  - commonly used in the area.

Custom Services that include equipment must not be considered towards meeting a significant contribution of equipment except as allowed for rules applicable to cash rent tenant rules found in paragraph 165. See paragraph 143 for information on custom services.

#### C Leased Equipment

COC's must annually establish, by February 1<sup>st</sup>, the following for leased equipment.

- Customary rental rates for the area. An example of sources used to determine this cost can be found in local University or Extension Service cost publications or from local equipment dealers.
- Payment date that is reasonable and customary for the area, taking in consideration whether the equipment is leased by the hour, day, or acre, or on an annual basis. An example of sources used to determine this date can be found in local University or Extension Service cost publications or from local equipment dealers.

Par. 145

# 145 Specific Rules for Equipment (Continued)

# C Leased Equipment (Continued)

The equipment may be leased from any person, legal entity, or joint operation; however, use the following table to determine whether restrictions apply.

IF the equipment is leased from	THEN the
another person, legal entity, or joint operation that has an interest in the farming operation a joint operation that has 1 or more members in common with the producer to whom the equipment is leased	<ul> <li>producer must:</li> <li>be able to prove to COC that the equipment was leased at a fair market value</li> <li>make the payment within the time determined by COC to be reasonable and customary for the area, taking into consideration whether the equipment is leased by the hour, day, or acre, or on an annual basis.</li> </ul>
a person, legal entity, or joint operation <b>not</b> otherwise indicated in this table	restrictions provided in this table do <b>not</b> apply.

# **D** Financing Rules for Equipment

The restrictions on financing for equipment in this table apply to both owned and leased equipment contributed for credit as a significant contribution.

IF the farming operation is conducted by either of the	
following	THEN the equipment must
• a person	• be contributed directly to the farming operation by the applicable person or member
• a joint operation, in which the equipment is contributed by a member of the joint operation rather than by the joint operation itself	• <b>not have been</b> acquired as a result of a loan made to, guaranteed by, co-signed by, or secured by any other person, legal entity, or joint operation that has an interest in the farming operation.
• a legal entity	• be contributed directly to the farming operation by the legal entity or joint operation
• a joint operation, in which the equipment is contributed by the joint operation rather than by a member	<ul> <li>not have been acquired as a result of a loan made to, guaranteed by, co-signed by, or secured by any person, legal entity, or joint operation that has an *interest in the farming operation, except all members of the joint operation, or all shareholders of the legal entity, to which the loan is made*</li> </ul>

## 145 Specific Rules for Equipment (Continued)

## **E** Effects of Borrowed Capital on Equipment Contribution

If any capital was borrowed by the person, legal entity, or joint operation from any other person, legal entity, or joint operation with an interest in the farming operation, the cash-leased equipment will **not** be considered as a significant contribution unless the person, legal entity, or joint operation can prove to COC that sufficient capital was available from another source to pay the cash lease.

## **F** Occasional Exchange of Equipment

The occasional exchange of equipment, including labor, with a neighbor will **not** affect the contribution determination if each person or legal entity has adequate equipment, through ownership or lease, to conduct their farming operation in a manner normally acceptable for the area.

#### **A** Introduction

To be considered a significant contribution to the farming operation, owned or cash-leased land **must** meet the requirements of this paragraph.

## **B** Definition of Land

For payment eligibility purposes, <u>land</u> means farmland consisting of cropland, pastureland, wetland, or rangeland that meets the specific requirements of the applicable program.

#### C Leased Land

COC's must annually establish, by February 1<sup>st</sup>, the following for leased land.

- Customary rental rates for the area. An example of sources used to determine this cost can be found in local University or Extension Service cost publications \* \* \*.
- •\*--Payment date that is reasonable and customary for the area, taking into consideration the terms of the lease. An example of sources used to determine this date can be found in local University or Extension Service cost publications.--\*

The land may be leased from any person, legal entity, or joint operation.

If the land is leased from another person, legal entity, or joint operation that has an interest in any crop or crop proceeds in the farming operation, the producer **must**:

- be able to prove to COC that the land was leased at a fair market value
- make the payment within the time determined by COC to be reasonable and customary for the area.

Note: Share-rented land is a contribution of the landlord, not the share-renter.

# 146 Specific Rules for Land (Continued)

## **D** Financing Rules for Land

The restrictions in this table apply to both owned and leased land contributed for credit as a significant contribution.

IF the farming operation		
is conducted by either of		
the following	THEN the land must	
• a person	• be contributed directly to the farming operation by the applicable person or member	
• a joint operation, in which the land is contributed by a member of the joint operation rather than by the joint operation itself	• <b>not</b> have been acquired as a result of a loan (including land acquired by Contract of Deed, Deed of Trust, Land Contract, or other similar arrangement) made to, guaranteed by, co-signed by, or secured by any other person, legal entity, or joint operation that has an interest in the farming operation.	
• a legal entity	• be contributed directly to the farming operation by the legal entity or joint operation	
• a joint operation, in which the land is contributed by the joint operation rather than by a member	<ul> <li>not have been acquired as a result of a loan (including land acquired by Contract of Deed, Deed of Trust, Land Contract, or other similar arrangement) made to, guaranteed by, co-signed by, or secured by any person, legal entity, or joint operation that has an interest in the *farming operation, except all members of the joint operation, or all shareholders of the legal entity, to which the loan is made*</li> </ul>	

# E Effects of Borrowed Capital on Land Contribution

If any capital was borrowed by a person, legal entity, or joint operation from any other person, legal entity, or joint operation with an interest in the farming operation, cash-leased land will **not** be considered a significant contribution **unless** the person, legal entity, or joint operation can prove to COC that sufficient capital was available from another source to pay the cash lease.

# 147 Significant Contribution of Active Personal Labor or Active Personal Management

# A Introduction

[7 CFR 1400.3] When a significant contribution of active personal labor or active personal management is required, use the rules in this paragraph to determine what is considered significant.

# B Definition of Active Personal Labor [7 CFR 1400.3]

<u>Active personal labor</u> means personally providing physical activities necessary in a farming operation. These activities include physical activities:

- involved in land preparation, planting, cultivating, harvesting, and marketing of agricultural commodities
- required to establish and maintain conserving cover crops or conserving use acreages
- required in livestock operations.

# C Definition of Active Personal Management [7 CFR 1400.3]

Active personal management means personally providing:

- the general supervision and direction of activities and labor involved in the farming operation
- services, whether formed on-site or off-site, reasonably related and necessary to the farming operation, including any of the following:
  - supervision of activities necessary in the farming operation
  - business-related actions that include discretionary decision making
  - evaluation of the financial condition and needs of the farming operation
  - assistance in structuring or preparing financial reports or analyses for the farming operation

## 147 Significant Contribution of Active Personal Labor or Active Personal Management (Continued)

# C Definition of Active Personal Management [7 CFR 1400.3] (Continued)

- consultations in or structuring of business-related financing arrangements for the farming operation
- marketing and promoting agricultural commodities produced by the farming operation
- acquiring technical information used in the farming operation
- any other management functions necessary to conduct the farming operation and for which the operation would ordinarily be charged a fee.

# D Rules on Significant Contribution [7 CFR 1400.3]

This table shows the general rules for determining when a significant contribution is provided to a farming operation by a person or legal entity.

Item	Rule
Active personal	The active personal labor <b>must</b> be an amount that is the smaller of:
labor	
	• 1,000 hours per either FY or crop year
	• 50 percent of the total hours that would be required to conduct a
	farming operation comparable in size to this person's or legal
	entity's commensurate share in the farming operation.
Active personal	The contribution of active personal management <b>must</b> be critical to
management	the profitability of the farming operation, taking into consideration the
	person's or legal entity's commensurate share in the farming
	operation.
Any combination	Combined contributions of active personal labor and active personal
of labor and	management <b>must</b> have a critical impact on the profitability of the
management	farming operation in an amount at least equal to the significant
_	contribution of either consideration when taken alone.

**Note:** If a member of a joint operation receives a guaranteed payment for any part of a contribution of labor or management, **exclude** all of the specific types of contributions for which payment is received.

# 148 Specific Rules for Active Personal Labor or Management

# A Introduction

It is difficult to measure a significant management contribution. The required hours of labor will be different in 1 type of farming operation than another. In some cases, it is difficult to distinguish between labor and management.

# **B** Basis for Decisions

Decisions **must** be based on COC's best judgment considering the following:

- requirements in this section
- intent of significant contribution provisions is to provide program benefits to bona fide farmers, personally providing meaningful inputs on the farm.

Note: COC's are given discretion to make the subjective decisions required.

# C Requiring Proof

If necessary, COC may require proof of who provides the following:

• labor equal to 50 percent or more of the person's or legal entity's commensurate share of the labor required

Note: Proof of labor exceeding 1,000 hours is not required.

•\*--management activities critical to the profitability of the farming operation and commensurate with the person's or legal entity's share in the farming operation--\*

\* \* \*

• a satisfactory contribution of a combination of labor and management.

# 149 Inputs for Commensurate Contributions

## **A** Introduction

For a farming input to be considered toward satisfying the requirements of commensurate contributions, the requirements of this paragraph **must** be met.

## **B** Rules for Commensurate Contributions

After the requirements for significant contributions have been met, apply the rules in this table when determining commensurate contributions.

<b>Farming Input</b>	General Rule	Requirements

# **A** Introduction

Use the guidelines in this paragraph to determine whether contributions are commensurate with claimed ownership shares. COC must follow steps in subparagraph C and D when there are discrepancies found in reported contributions that may impact shares being commensurate for the operation.

# **B** General Rule

Total contributions that are "within reason" of being equal to the claimed share of profits and losses must be considered commensurate.

Note: COC's must not establish a specific tolerance for "within reason."

# C Determining Contributions Using Farming Inputs

Farming inputs provided by each person or legal entity to the farming operation must be used to determine each person's and legal entity's contribution. See paragraph 93 for calculating the Total Value of a Farming Operation. Use dollar values for capital and the rental value of the land and equipment. For labor and management, use a dollar value to determine the value of the contribution. Farming inputs may include, but are not limited to:

- rental value of all land in the farming operation
- rental value of all owned and leased equipment used in the farming operation
- chemical and seed
- fertilizer
- fuel and maintenance
- insurance, interest, and miscellaneous
- labor cost
- value of all management contributed to the farming operation.

# **150** Determining Commensurate Contributions (Continued)

## **C** Determining Contributions Using Farming Inputs (Continued)

COC must establish dollar values and hourly rates based on knowledge of local farming practices and customary rates and values in the area. COC's may also use university cost publications and local supplier costs. Use the steps in this table to determine each person's or legal entity's contributions to a farming operation.

Step	Action
1	Determine the total amount of each farming input needed to conduct the farming
	operation.
2	Determine the type and amount of farming inputs provided by the person or legal
	entity that meet the requirements in paragraph 149.
3	Determine the percentage of each input required to conduct the farming operation
	provided by the person or legal entity.
4	Does the person or legal entity provide the same percentage of all inputs required
	to conduct the farming operation?
	• If yes, consider the person or legal entity as providing that percentage of the farming inputs required to conduct the farming operation.
	• If no, determine the value of the inputs provided by the person or legal entity relative to the total amount of farming inputs required to conduct the farming operation.
5	Determine whether the person's or legal entity's contributions to the farming
	operation are commensurate with the person's or legal entity's claimed share of
	the farming operation. See subparagraph D.

# **150** Determining Commensurate Contributions (Continued)

# **D** Determining Commensurate Shares

Use the steps in this table to determine whether contributions to a farming operation are commensurate with the claimed share of the profits or losses.

Step	Review and Determination
1	Review the person's or legal entity's claimed share of the profits or losses of the farming operation.
	For a joint operation, review the member's claimed share of the profits or losses of the farming operation.
2	Are the person's or legal entity's total contributions to the farming operation commensurate with the claimed share of the profits or losses of the farming operation?
	For a joint operation, are the member's total contributions to the farming operation commensurate with the claimed share of the profits or losses of the farming operation? If:
	• yes, go to step 5
	• no, go to step 3.
3	Are the contributions by the person or legal entity that COC considers pertinent to the farming operation commensurate with the claimed share of the profits or losses of the farming operation?
	For a joint operation, are the contributions of the member that COC considers pertinent to the farming operation commensurate with the claimed share of the profits or losses of the farming operation? If:
	• yes, go to step 5
	<ul> <li>no, go to step 4.</li> </ul>
4	Determine the person or legal entity to be not actively engaged in farming.
	If a member of a joint operation, then determine the member of the joint operation
	to be not actively engaged in farming.
5	Determine the person or legal entity to be actively engaged in farming if all other provisions have been satisfied.
	If a member of a joint operation, then determine the member to be actively engaged in farming if all other provisions have been satisfied.

## **150** Determining Commensurate Contributions (Continued)

#### E DD Responsibility

DD is responsible for:

- verifying that no "tolerance" for commensurate contributions is established in any county
- maintaining reasonable uniformity between counties
- ensuring that the integrity of the program is maintained.

#### **151** Determining Contributions at Risk

#### A Introduction

In addition to other requirements for a person or legal entity to be considered actively engaged in farming, the contributions made by the person or legal entity **must** be at risk.

#### **B** General Rule

For a producer's contribution to be considered at risk, there **must** be a possibility that the producer could suffer loss.

#### C Specific Rules for at Risk

Apply the rules in this table when determining whether contributions are at risk.

IF producer is a	THEN the
person	person's contributions to the farming operation <b>must</b> be at risk.
joint operation	members' contributions to the farming operation <b>must</b> be at risk.
legal entity	legal entity's contributions to the farming operation <b>must</b> be at risk.

# **152** Landowner Exemption

## A Actively Engaged Rule for Landowners [7 CFR 1400.207]

A landowner must be considered actively engaged in farming with respect to the owned land if **all** the following requirements are met.

Item	Requirement
1	The landowner contributes owned land to the farming operation for which the
	landowner receives rent or income for the use of the land, based on the land's
	production or the operation's operating results.
2	The landowner's share of the profits or losses from the farming operation is
	commensurate with the landowner's contribution to the operation.
3	The landowner's contributions are at risk.

#### **B** Applicability of Rule

This rule applies to landowners who:

- are persons or legal entities, such as corporations, trusts, or estates
- are a revocable trust using the Social Security number of the grantor
- are persons with a life estate in the land
- have an undivided interest in the land, however a cropland factor may apply
- have a divided interest in land, however a cropland factor may apply
- are members of a joint operation if those members own the land and contribute the land to the joint operation without compensation

## **152** Landowner Exemption (Continued)

# **B** Applicability of Rule (Continued)

• are members of a joint operation if the joint operation holds title to the land.

**Note:** This rule applies to joint operations if either of the following apply:

- the members submit documentation to show the title to the land owned by the joint operation will revert to the individual members after dissolution of the joint operation according to each member's share in the joint operation
  - **Note:** This requirement is considered met if the documentation provides that upon dissolution of the joint operation, the land will be sold and the proceeds divided according to each member's share in the joint operation.
- if there is no documentation otherwise and the Regional Attorney advises that State law provides that upon dissolution of the joint operation the land will be sold and the proceeds divided according to each member's share in the joint operation.
- **Note:** See paragraph 177 for rules and examples of partial eligibility and computing cropland factor.

# 153 Landlords

# A Actively Engaged Rule for Landlords

A landlord who is **not** a landowner must be considered to be actively engaged in farming under the same rules as any other person or legal entity that is **not** a landowner.

**Notes:** If the landlord provides leased or rented land to an operation in return for a share of the crop, the land will be considered a contribution. Other contributions, as applicable, are required.

See paragraph 165 for cash-rent tenant requirements.

## **153** Landlords (Continued)

# **B** Example 1

**Situation:** Landowner A cash leases land to Person B. Person B subleases the land to Operator C. Person B contributes land and does **not** contribute a significant amount of active personal labor or active personal management to the farming operation.

**Determination:** Person B is **not** actively engaged in farming. Person B **cannot** be considered actively engaged in farming because of the landowner provision, since Person B is a landlord and **not** a landowner. Landowner A is **not** actively engaged on this farming operation since cash-rent is received for using the land. A separate determination will be made for Operator C.

# C Example 2

**Situation:** Person D cash leases land from Landowner E. Person D subleases the land to Producer C on a share-rent basis. Person D contributes the land and active personal management to the farming operation.

Determination: Because Person D cash-rents the land from Landowner E, Person D:

• is a cash-rent tenant

**Notes:** A cash-rent tenant is eligible to receive program payments on the cash-rented land, if the cash-rent tenant provides a significant contribution of either of the following:

- active personal labor and capital, equipment, or land
- active personal management and equipment.

See paragraph 165 for cash-rent tenant requirements.

• is **not** the landowner and **cannot** be considered actively engaged in farming because of the landowner provision.

# **153** Landlords (Continued)

# C Example 2 (Continued)

Because Person D has provided a significant contribution of land and management, Person D can be considered actively engaged in farming. However, Person D is **ineligible** to receive program payments on the cash-rented land, because the necessary contributions for a cash-rent tenant were **not** made. If Producer D has other land in his Farming Operation, it may require the application of a cropland factor which would be applied to all payments including the cash rented farm.

A separate determination will be made for Producer C.

# D Actively Engaged in Farming Rule for Hybrid Seed Producers

The existence of a hybrid seed contract for a producer must **not** be taken into account when making an actively engaged in farming determination with respect to the producer. However, all other actively engaged in farming provisions must apply.

## 154-164 (Reserved)

#### 165 Cash-Rent Tenant Rule (7 CFR 1400.214)

#### A Definition of Cash-Rent Tenant

<u>Cash-rent tenant</u> means a producer who rents land from another producer or landowner under either of the following conditions:

- for a fixed cash amount
- for a fixed quantity of the crop or crop proceeds.

**Note:** This does not include a share rental arrangement between a landowner, landlord, and tenant.

#### **B** Other Situations of Applicability

Cash-rent tenant provisions also apply to:

- tenants who rent land for zero dollars or farm the land in exchange for compensation other than cash, such as:
  - controlling weeds on land **not** owned
  - barter arrangements
- producers who have use of the land and there is **not** a lease agreement in place, such as:
  - individual operating land owned by his or her revocable trust
  - 1 spouse operating land owned by the other spouse.
- **Notes:** In spousal operations, or if the grantor of a revocable trust is operating the land held by the trust, cash-rent tenant provisions will be considered to be met if both benefit from the land.

The revocable trust must be using the Social Security number of the grantor as its TIN.

For these situations:

- record the arrangement in Business File as land leased for cash
- COC must determine whether the cash-rent tenant provisions have been met by the producer.

#### 165 Cash-Rent Tenant Rule (7 CFR 1400.214) (Continued)

#### **C** Payment Eligibility Requirements

In addition to meeting the requirements to be considered actively engaged in farming, a cash-rent tenant will be eligible to receive payments on cash-rented land if the cash-rent tenant makes either of the following:

- a significant contribution of active personal labor to the farming operation
- a significant contribution of owned or leased equipment **and** a significant contribution of active personal management to the farming operation.
- **Note:** The spousal provision in paragraph 189 for determining actively engaged in farming can also be used by spouses in meeting these requirements.

#### **D** Partial Eligibility

If a producer meets all requirements to be considered actively engaged in farming, but fails to meet the cash-rent tenant provisions in subparagraph C, the producer will be:

- eligible to receive payments on land in the farming operation that is **not** cash-rented
- subject to a reduction in payments with the application of a cropland factor according to paragraph 177.

# 165 Cash-Rent Tenant Rule (7 CFR 1400.214) (Continued)

### **E** Specific Rules for Equipment

Use the rules in this table if a significant contribution of equipment is necessary to meet the requirements of the cash-rent tenant rule.

IF the cash-rent tenant	THEN
provides the harvesting	the rental value of harvesting equipment is included when
equipment	determining whether a significant contribution of equipment is met.
meets <b>both</b> of the following requirements:	the rental value of harvesting equipment is <b>not</b> included when determining whether a significant contribution of equipment is met.
• custom harvesting is used in the cash-rent tenant's farming operation	<b>Note:</b> The rental value of harvesting equipment would still be considered in making actively engaged in farming determinations.
• the custom harvester has no interest in the farming operation	<b>Example:</b> Person A, a cash-rent tenant, owns or leases all equipment for the farming operation <b>except</b> equipment needed for harvesting. Harvesting is custom hired. The custom harvester has <b>no</b> interest in the farming operation.
	The rental value of harvesting equipment must <b>not</b> be included in determining the total rental value of equipment needed to conduct the farming operation for cash-rent tenant rule purposes.
leases the equipment from the landlord	the lease and payment <b>must</b> meet the requirements of subparagraph 145 C.
leases the equipment from the landlord, or the same person or legal entity that is providing hired labor to	<ul> <li>both of the following conditions must be met:</li> <li>contracts for leasing the equipment and the hired labor must be 2 separate contracts that reflect the fair market</li> </ul>
the farming operation	<b>must</b> be 2 separate contracts that reflect the fair market value of the leased equipment and the hired labor
	• cash-rent tenant <b>must</b> exercise complete control over using a significant amount of the equipment during the current crop year.
	<b>Note:</b> <u>Complete control</u> means exclusive access and use by the tenant.

#### A Example 1

**Situation:** Person A cash leases land from Landowner B. Person A subleases the land to Producer C on a share-rent basis. Person A contributes the land and active personal management to the farming operation.

Determination: Because Person A cash-rents the land from Landowner B, Person A is:

- a cash-rent tenant
- **not** the landowner and **cannot** be considered actively engaged in farming because of the landowner provision.

Because Person A has provided a significant contribution of land and management, Person A can be considered actively engaged in farming. However, Person A is **ineligible** to receive program payments on the cash-rented land, because the necessary contributions for a cash-rent tenant were **not** made.

A separate determination will be made for Producer C.

**Explanation:** Landowner B is **not** considered to be actively engaged in farming for this farming operation, but may be considered actively engaged in farming for another farming operation.

#### **B** Example 2

**Situation:** A joint operation consists of Persons A, B, C, and D; all with equal shares. All land is cash-rented by the joint operation. Members A and B provide all the equipment, Members C and D provide all the capital, all necessary labor is hired by the joint operation, and active personal management is provided equally by the members.

**Determination:** Only Members A and B meet the cash-rent tenant rule requirements because they provide management and equipment. Therefore, payment to the joint operation is limited to the amount represented by the shares held by Members A and B.

**Explanation:** Since all labor is hired by the joint operation, significant contributions of both equipment and active personal management are **required**. Members C and D do **not** provide any contributions of equipment and; therefore, do **not** meet the requirements of the cash-rent tenant rule required for payment eligibility.

#### 166 Cash-Rent Tenant Example (Continued)

#### C Example 3

**Situation:** Same as Example 2, **except** the joint operation provides all capital, equipment, and hired labor. Active personal management is equally provided by the members.

**Determination:** All members meet the cash-rent tenant rule requirement.

**Explanation:** Since all labor is hired by the joint operation, significant contributions of **both** equipment and active personal management of the members are required. A significant equipment contribution was provided by the joint operation and active personal management was provided by the members.

#### **D** Example 4

**Situation:** Same as Example 3, **except** the joint operation has all of the land custom farmed by unrelated persons and legal entities.

**Determination:** All members are ineligible for payment on the land cash-rented by the joint operation.

**Explanation:** Significant active personal labor contributions by the members, or a significant equipment and active personal management contribution, were **not** provided to the operation as required for payment eligibility.

#### 166 Cash-Rent Tenant Example (Continued)

### E Example 5

**Situation:** A local Future Farmers of America chapter requests program payments on land that is cash-rented from an unrelated party. The chapter members are providing active personal labor and active personal management to the farming operation.

**Determination:** The National Future Farmers of America is a Federally chartered corporation with its purpose to create, foster, and assist subsidiary chapters composed of students enrolled in vocational agriculture in public schools. The corporation may **not** issue stock, or declare or pay any dividend.

All partners, stockholders, or members with an ownership interest are providing active personal labor, active personal management, or a combination of active personal labor and active personal management (7 CFR 1400.204).

Even though the chapter members may be providing active personal labor and/or active personal management, they do **not** have the **required** ownership interest in the corporation. Consequently, Future Farmers of America chapters **cannot** be considered to have met the cash-rent tenant rule requirements on the rented land.

### F Example 6

**Situation:** Person A cash leases land from Landowner B. Person A custom hires the planting and harvesting on the cash leased farm. Person A has a livestock operation where a significant contribution of active personal labor is provided. Person A contributes the land, active personal labor, and management.

Determination: Because Person A cash-rents the land from Landowner B, Person A is:

- a cash-rent tenant
- not the landowner and cannot be considered actively engaged in farming using the landowner provision.

Because Person A provides a significant contribution of active personal labor in his farming operation which meets the Cash Rent Tenant Provisions. Person A is also eligible to receive program payments on the cash-rented land, because the necessary contribution of labor was met through labor contributed to the livestock operation.

#### 167-176 (Reserved)

### Section 3 Partial Eligibility for Actively Engaged in Farming and Cash-Rent Tenant Rules

#### **177 Percent of Cropland Factor**

#### A Introduction

In some cases, producers may only be partially eligible under "Actively Engaged in Farming" or "Cash Rent Tenant" rules on a portion of the effective DCP cropland in the farming operation. Therefore, FSA must determine the percentage of the farming operation that is eligible for payment. This is determined based on the percent of effective DCP cropland.

#### **B** When to Use the Percent of Cropland Factor

Use the percent of cropland factor when a producer:

- does **not** provide a significant contribution of active personal labor or active personal management to the entire farming operation
- is actively engaged in farming and eligible for payment on a portion of the land in the farming operation because of the landowner provision
- is a cash-rent tenant and is **ineligible** for payment for the cash-rented land.

**Note:** The automated system does **not** handle cases where the producer is actively engaged on some, but **not** all farming operations.

#### **C** Applying the Percent of Cropland Factor

The cropland factor **only** applies to programs subject to the actively engaged in farming requirements and the cash-rent rule.

For joint operations, the cropland factor will generally be recorded at the joint operation level (and not at the member level), except in the following situations:

- when the farming operation is a Joint Venture without a tax ID
- when members have different cropland factors computed based on contributions in the farming operation or other farming interests.

See 9-CM for additional information about payment processes and how the cropland factor is applied.

### **D** Determining the Factor

177

Determine a percent of cropland factor according to this table.

Step	Action	
1	List the total effective DCP cropland acres for all land in which the producer has a	
	farming interest, regardless of share, and total the acres.	
2	List the effective DCP cropland acres in which the producer is considered eligible	
	on all land, regardless of share, and total the acres.	
3	Divide the result of step 2 by the result of step 1.	
4	Enter the result of step 3 in the cropland factor value in subsidiary for the	
	producer, according to 3-PL (Rev. 2).	
	This will result in a reduction in payments on all farms, including farms in other	
	farming operations in which the producer has a farming interest, that are subject to	
	Actively Engaged and Cash Rent Tenant Provisions.	

### E Example 1

In this example, Sam Brown hires all labor and management necessary to conduct the farming operation and provides no active personal labor or active personal management.

Farm 20
Tract 1 - 100 acres Effective DCP Cropland Acres
Operator - Sam Brown
Owner - Sam Brown
Rental - N/A
Farm 20
Tract 2 - 100 acres Effective DCP Cropland Acres
Operator - Sam Brown
Owner - Pete Smith
Rental - Cash lease

**Result:** The farming operation for Sam Brown is the entire acreage on Farm 20 (200 acres effective DCP cropland acres).

Because Sam Brown does **not** provide a significant "right-hand" contribution to the farming operation, he may only be considered actively engaged in farming under the landowner exemption for that portion of the farming operation represented by land he owns.

#### **E** Example 1 (Continued)

Sam Brown owns 50 percent of the cropland in his farming operation (100 acres effective DCP cropland acres). Therefore, payments to Sam Brown would be subject to a 50 percent of cropland factor.

**Calculation:** 100 effective DCP cropland acres owned /200 effective DCP cropland acres in the farming operation equals .5000.

#### F Example 2

In this example, Sam Brown hires all labor and management necessary to conduct the farming operation and contributes no active personal labor or active personal management.

Farm 23 100 Effective DCP Cropland Acres	
Operator - Sam Brown	
Owners - Sam Brown and Pete Smith (undivided joint interest)	
Rental - Cash lease	

**Result:** Because Sam Brown does **not** provide a significant "right-hand" contribution to the farming operation, he may only be considered actively engaged in farming under the landowner exemption for that portion of the farming operation represented by land he owns.

Because Sam Brown and Pete Smith receive cash-rent for their contribution of land, landowner exemption does not apply.

### G Example 3

In this example, Sam Brown and Pete Smith each have a 50 percent share in the partnership. The partnership does **not** have any other farming interests. The general partnership is identified by an EIN. Sam Brown shares in the pro rata share of all crops, regardless of where the crops are planted. The partnership agreement stipulates that upon dissolution, the land ownership will revert to the members according to their current shares of the partnership. The partnership hires all labor and management necessary to conduct the farming operation, therefore no active personal labor or active personal management is being provided by the members.

**Note:** Determinations for Actively Engaged and Cash Rent provisions for Joint Operations are recorded in subsidiary at the member level rather than the Joint Operation itself. The Cropland Factor may be recorded for the Joint Operation, at the Member level, or both in subsidiary dependent on determinations made and interest in other farming operations.

Farm 24	
<b>Tract 1 – 100 Acres of Effective DCP Cropland</b>	
Operator - Brown and Smith, a general partnership	
Owner - Sam Brown	
Rental3333 crop share	
Farm 24	
Tract 2 - 100 Acres of Effective DCP Cropland	
Owner - Brown and Smith, a general partnership	
Rental - N/A	

**Result:** The partnership's farming operation is the entire acreage in FSN 24, and would be represented on CCC-902 for the general partnership.

Sam Brown's farming operation is the acreage in Tract 1, and would be represented on CCC-902 for the individual.

Because the members of the partnership do **not** provide a significant "right-hand" contribution to the farming operation, the members of the partnership are only considered to be actively engaged in farming under the landowner exemption for that portion of their farming operation represented by owned land. Therefore, a 50 percent of cropland factor would apply to payments made to the partnership. The cropland factor of .5000 will be loaded in subsidiary at the partnership level.

#### **G** Example 3 (Continued)

Although Sam Brown is the owner of Tract 1 and also a member of the General Partnership he is not contributing the land to the Partnership but rather is taking a landowner share as an individual. As a result, the landowner provision cannot be used for Actively Engaged for his share of the Partnership in the partnership's determination.

A percent of cropland factor of 1.000 would apply to Sam Brown as an individual since he is considered to be actively engaged in farming on his entire farming operation which is separate from the partnership. The cropland factor is defaulted to 1.000 in subsidiary.

#### H Example 4 – Joint Venture Without an EIN

In this example, Sam Brown and Pete Smith each have a 50 percent share in the Joint Venture. The Joint Venture does **not** have any other farming interests. The Joint Venture is **not** identified by an EIN. Sam Brown shares in the pro rata share of all crops, regardless of where the crops are planted. The members hire all labor and management necessary to conduct the farming operation, therefore no active personal labor or active personal management is being provided by the members.

**Note:** Determinations for Actively Engaged and Cash Rent provisions for Joint Operations are recorded in subsidiary at the member level rather than the Joint Operation itself. The Cropland Factor must be recorded at the Member level for Joint Operations that are not identified by an EIN.

Farm 24
<b>Tract 1 – 100 Acres of Effective DCP Cropland</b>
Operator - Brown and Smith, a Joint Venture
Owner - Sam Brown
Rental3333 crop share
Farm 24
Tract 2 - 100 Acres of Effective DCP Cropland
Owner - Sam Brown and Pete Smith, undivided interest
Rental – Contributed to Joint Venture without Compensation

**Result:** The Joint Operation's farming operation is the entire acreage in FSN 24, and would be represented on CCC-902 for the joint operation.

Sam Brown's farming operation is the acreage in Tract 1, and would be represented on CCC-902 for the individual.

#### H Example 4 – Joint Venture Without an EIN (Continued)

Because the members of the Joint Venture do **not** provide a significant "right-hand" contribution to the farming operation, the members of the Joint Venture are only considered to be actively engaged in farming under the landowner exemption for that portion of their farming operation represented by land owned as individuals, with an undivided interest and contributed to the Joint Venture without compensation. Therefore, a 50 percent cropland factor would apply to Pete Smith. The cropland factor of .5000 will be loaded in subsidiary in the individual's eligibility record.

Sam Brown will also have a cropland factor applied. However, Sam Brown will be eligible on Tract 2, 100 acres and Tract 1, 33.33 acres. The total eligible acres 133.33/200 total acres in the farming operation results in a cropland factor of .665. The cropland factor of .665 will be loaded in subsidiary in the individual's eligibility record.

Although Sam Brown is the owner of Tract 1 and also a member of the Joint Venture, he is not contributing the land, Tract 1, to the Joint Venture but is taking a landowner share as an individual. As a result, the landowner provision cannot be used to qualify him as Actively Engaged for his interest in the Joint Venture.

#### I Example 5

This example is similar to Example 3, except Farm 26 is owned by the individual members of the Partnership with an undivided interest in the land. In this example, Sam Brown and Pete Smith are members of Brown and Smith Partnership. Neither the partnership nor the members have any other farming interests. The partnership hires all labor and management necessary to conduct the farming operation and the members do not contribute any active personal labor or active personal management.

Farm 25 100 acres of Effective DCP Cropland Operator - Brown and Smith, a general partnership Owner - Sam Brown Rental - .3333 crop share

#### Farm 26 100 acres of Effective DCP Cropland

Operator - Brown and Smith, a general partnership Owner – Sam Brown and Pete Smith as individuals- Undivided Rental - N/A- land contributed to the partnership by the individuals without compensation

#### I Example 5 (Continued)

**Result:** The partnership's farming operation is the entire acreage in FSN 25 and 26, and would be represented on CCC-902 for the general partnership.

Sam Brown's farming operation is the acreage in FSN 25 and would be represented on CCC-902 for the individual.

Because the members of the partnership do **not** provide a significant "right-hand" contribution to the farming operation, each member of the partnership is only considered to be actively engaged in farming under the landowner exemption for that portion of land in which each owns and is contributed to the farming operation without compensation.

Each member owns (undivided) 50 percent of the cropland in the partnership's farming operation. The members of the partnership are actively engaged in farming on 50 percent of all the land in the partnership's farming operation. A cropland factor of .5000 would be entered at the Partnership level in subsidiary and would reduce the payments issued to the Partnership.

Sam Brown, as individual landowner of Farm 25, is considered actively engaged in farming under the landowner exception. This is 100 percent of Sam Brown's individual farming operation. Sam Brown's interest in the partnership is a separate farming operation.

Although Sam Brown is the owner of Farm 25 and also a member of the General Partnership he is not contributing the land to the Partnership but rather is taking a landowner share as an individual. As a result, the landowner provision cannot be used for Actively Engaged for his share of the Partnership in the partnership's determination.

A percent of cropland factor of 1.000 would apply to Sam Brown as an individual since he is considered to be actively engaged in farming on his entire farming operation which is separate from the partnership. The cropland factor is defaulted to 1.000 in subsidiary.

#### J Example 6

In this example Farm 25 is owned by Sam Brown who contributes the land to the farming operation of the partnership without compensation. Farm 26 is owned by the individual members of the Partnership with an undivided interest in the land and is also contributed to the partnership. In this example, Sam Brown and Pete Smith are members of Brown and Smith Partnership. Neither the partnership nor the members have any other farming interests. The partnership hires all labor and management necessary to conduct the farming operation and the members do not contribute active personal labor or active personal management.

### Farm 25 100 acres of Effective DCP Cropland Operator - Brown and Smith, a general partnership Owner - Sam Brown Rental - .N/A land contributed directly to the Partnership by Sam Brown without compensation

### Farm 26 100 acres of Effective DCP Cropland

Operator - Brown and Smith, a general partnership Owner – Sam Brown and Pete Smith as individuals- Undivided Rental - N/A- land contributed to the partnership by the individuals without compensation

**Result:** The partnership's farming operation consists of Farms 25 and 26. Because neither member of the partnership provides significant "right-hand" contribution to the farming operation, the members of the partnership must **not** be considered actively engaged in farming.

However, the members of the partnership, as individual landowners of Farm 26, are considered actively engaged in farming under the landowner exception, contributing the land to the partnership without compensation.

Sam Brown, as individual landowner of Farm 25 contributes that ground to the farming operation of the Partnership without compensation and as a result also meets the landowner provision on that portion of the partnerships farming operation.

Sam Brown will be eligible on all land in the farming operation, using landowner exemption.

Pete Smith is partially eligible in the farming operation through his undivided ownership interest on Farm 26.

#### J Example 6 (Continued)

Each member of the partnership will have a different cropland factor. The factor will not be entered at the Partnership level, but rather at the individual member level. Sam Brown's cropland factor will be 1.000 and Pete Smith's will be .5000.

#### K Example 7

In this example, Brown, Smith, Black, and Jones Partnership is made up of the 4 individual landowners. The partnership and the members of the partnership do **not** have any other farming interests. Each farm is of equal size and value. The contributions of each partner are commensurate and at risk. Each landowner contributes their land to the partnership, so no rent will be paid. All payments go to the partnership.

The partnership hires all labor and management necessary to conduct the farming operation.

#### Farm 30

100 acres of Effective DCP Cropland

Operator - Brown, Smith, Black, and Jones, a general partnership Owner - Bill Jones Rental - contributed to the GP without compensation

**Note:** In this example member shares need to be evaluated to determine if shares are commensurate with contributions.

#### K Example 7 (Continued)

**Result:** The farming operation for the partnership consists of all the acreage in Farms 27, 28, 29, and 30. Because the members do **not** provide "right-hand" contributions, the members of the partnership are **not** actively engaged in farming. However, each person is actively engaged in farming with respect to the actual land owned under the landowner exception.

Because the members of the partnership are **not** actively engaged in farming on the entire farming operation, only that portion earned with respect to the owned land may be paid. The percent of cropland owned by each owner is 25 percent. Accordingly, a 25 percent of cropland factor would be applied to the partnership's payment on each farm.

#### L Example 8

In this example, Brown, Smith, Black, and Jones Partnership is made up of the 4 individual landowners. The partnership and the members of the partnership do **not** have any other farming interests. Each farm is of equal size and value. The contributions of each partner are commensurate and at risk. Each landowner contributes their land to the partnership, so no rent will be paid. All payments go to the partnership.

Partner Pete Smith provides 1000 hours of active personal labor. No other member has significant contributions of active personal labor or active personal management.

#### Farm 30 100 acres of Effective DCP Cropland

Operator - Brown, Smith, Black, and Jones, a general partnership Owner - Bill Jones Rental - contributed to the GP without compensation

#### L Example 8 (Continued)

**Result:** The farming operation for the partnership consists of all the acreage in Farms 27, 28, 29, and 30. Only Pete Smith provides a significant "right hand "contribution and meets actively engaged in farming requirements on all the land in the farming operation. Because the other members do **not** provide "right-hand" contributions, those members are **not** actively engaged in farming. However, each member is actively engaged in farming with respect to the actual land owned and contributed to the farming operation using the landowner exception.

Pete Smith is determined Actively Engaged and is eligible to receive his full share of the Partnership payment. Sam Brown, Henry Black, and Bill Jones are only eligible on the land that they own and contribute to the Partnership. Because the members of the partnership have differing cropland percentages the cropland factor must not be set at the partnership level. The cropland factor for the Partnership is 1.000. Pete Smith who is fully Actively Engaged also has a cropland factor of 1.000. The cropland factor for Sam Brown, Henry Black, and Bill Jones will be .2500 based on the percentage of land that they own.

### Part 5 Actively Engaged in Farming Determinations for Farming Operations

#### Section 1 Rules for Spouses and Minor Children

#### **189** Determinations for Spouses and Minor Children

#### A Actively Engaged in Farming Rule for Spouses (7 CFR 1400.202)

Use this table for actively engaged in farming determinations involving spouses.

IF the spouses are both	THEN
farming together:	if 1 spouse is determined actively engaged in farming, the
	other is credited with significant contributions of active
• in a joint operation	personal labor and active personal management to the same
• as an entity	farming operation. The requirements of significant
2	contributions of capital, land, or equipment, commensurate
	share, and risk remain applicable.
	<b>Note:</b> This also includes the spouse's estate.
involved in separate	each spouse must independently meet all applicable
farming operations	requirements to be considered actively engaged in farming.

#### **B** Determinations for Spouses Example 1

**Situation:** Spouse A and Spouse B have a joint farming operation comprised of 500 acres of rented land. In addition, Spouse B has 100 percent interest in Corporation X that is participating in CRP and earning annual payments.

- Spouse A and Spouse B jointly own all the equipment and provide all the capital for their farming operation.
- Spouse A contributes at least 50 percent of the active personal labor and a significant contribution of active personal management for the joint farming operation. Spouse B does **not** provide active personal labor or active personal management.
- Spouse A's and Spouse B's share of the profits or losses from the farming operation are commensurate with their contributions and the contributions are at risk.

**Determination:** Spouse A is considered to be actively engaged in farming because he or she is making both a left-hand and right-hand contribution. Spouse B is also making a left-hand contribution, but is not making a right-hand contribution. However, by using the actively engaged rule for spouses, Spouse B is credited with contributing labor and management; therefore, Spouse B is considered to be actively engaged. Spouse A and Spouse B are each eligible to receive their respective share of the total program payments and benefits received by the joint operation and subject to limitation. Any contributions necessary for payment eligibility credited to Spouse B are **only** applicable to the joint operation and do **not** apply to the Corporation X farming operation.

#### **189** Determinations for Spouses and Minor Children (Continued)

### **C** Determinations for Spouses Example 2

**Situation:** Spouse M and Spouse N have a joint farming operation comprised of 700 acres of owned and cash-rented land. Spouse N is an heir to the estate of his or her father who died in the previous year. Spouse N is a full-time employee at the local FSA office.

- Spouse M and Spouse N jointly own all of the equipment and provide all of the capital necessary for the farming operation.
- Spouse M contributes the majority of the active personal labor and the active personal management for the farming operation.
- Spouse N contributes active personal labor and active personal management, whenever able, to the farming operation, but the amount is **not** commensurate with his or her share.
- The estate owns land, of which Spouse N is an heir, and meets the requirements to be considered actively engaged in farming under the landowner provision.
- Spouse M's and Spouse N's share of the profits or losses from the farming operation are commensurate with their contributions to the farming operation and the contributions are at risk.

**Determination:** Spouse M, Spouse N, and the estate are all considered actively engaged in farming. Through the special provision for spouses, Spouse N is credited as making significant contributions of active personal labor and/or active personal management to the farming operation since Spouse M is considered to have met the requirement of actively engaged in farming. Both Spouse M and Spouse N made significant contributions of capital and equipment, and consequently, both met the requirements of the cash-rent tenant rule as well. In addition to his or her share of the program payments received through this joint farming operation, Spouse N will also be attributed payments earned by his or her father's estate according to his or her share held as an heir.

#### **D** Determinations for Minor Children

To meet actively engaged in farming and cash rent tenant provisions, the minor child must make the required significant contributions that are commensurate with the minor's claimed share and those contributions must be at risk.

#### **190-199** (Reserved)

#### 200 Actively Engaged in Farming Determinations

#### A Rule [7 CFR 1400.202]

A person must be considered to be actively engaged in farming if **all** of the requirements in this table are met.

Item	Requirement	
1	The person makes a significant contribution to the farming operation of <b>both</b> of the	
	following:	
	• capital, equipment, land, or a combination thereof	
	• active personal labor, active personal management, or a combination thereof.	
2	The person's share of the profits or losses from the farming operation is	
	commensurate with the person's contribution to the farming operation.	
3	The person's contributions are at risk.	

**Note:** Landowners will be considered Actively Engaged in Farming on owned land according to paragraph 152 even though the above contributions are not being made. Cropland factors may apply.

### **B** Other Participants Who Use This Rule

This rule also applies to a person who is a:

- partner in a general partnership
- member in a joint venture.

#### 201 Military Personnel

COC may determine a person who is called to active duty in the military during the program year actively engaged in farming according to this table.

IF the person is called to active duty in the military	THEN COC
<b>before</b> the determination is made	<b>must</b> determine that the person was making a conscious effort to be, and would have been determined to be, actively engaged in farming and meet cash rent tenant provisions if <b>not</b> for being called to active duty in the military.
after the determination is made	must allow the determination to be in effect for the program year.

**Note:** These provisions must apply, for the current year and through the year, in which the person returns from active duty.

#### 202 Sharecroppers

#### A Rule [7 CFR 1400.209]

A sharecropper must be considered actively engaged in farming if **all** the requirements in this table are met.

Item	Requirement	
1	The sharecropper makes a significant contribution of active personal labor to the	
	farming operation for which the sharecropper receives a specified share of the crop	
	produced on the farm.	
2	The sharecropper's share of the profits or losses from the farming operation is	
	commensurate with the contribution to the operation.	
3	The sharecropper's contributions are at risk.	

**Note:** To be considered actively engaged in farming under this provision, the person may:

- **not** receive wages for labor and be considered a sharecropper for this purpose
- be provided housing and "draw" cash advances to be deducted later from proceeds of the crop.

#### 202 Sharecroppers (Continued)

#### **B** Example

**Situation:** Person Y provides labor for Landowner Z on 500 acres of rice in exchange for a share of the crop. Person Y **only** contributes active personal labor to the farming operation and receives a cash advance that will be set off from the proceeds of the crop after harvest. Landowner Z provides Person Y with housing.

**Determination:** Person Y is considered to be actively engaged in farming since Person Y is a sharecropper and the requirements in subparagraph A are met. Landowner Z is considered to be actively engaged in farming since Landowner Z is a landowner.

#### 203 Deceased and Incapacitated Persons

#### A Introduction

This paragraph describes the requirements for a person who dies or becomes incapacitated during the program year to be determined actively engaged in farming.

#### B Rule [7 CFR 1400.210]

COC may determine a person who dies or becomes incapacitated during the program year actively engaged in farming according to this table.

IF the person dies or	
becomes incapacitated	THEN COC
before the determination	must determine that the person would have been determined to
is made	be actively engaged in farming and meet cash rent tenant
	provisions, if <b>not</b> for the person's death or incapacitation.
after the determination is	must allow the determination to be in effect for the program
made	year.

**Notes:** This rule is also applicable to an entity if COC determines that the person who died or who became incapacitated would have qualified the legal entity as actively engaged in farming and cash rent tenant provisions.

The following year, the person, person's estate, or legal entity, as applicable, **must** meet all the necessary requirements to be actively engaged in farming and cash rent tenant provisions for that year.

#### 204 Case Examples

### A Example 1

**Situation:** Person Z rents 1,500 acres of land on a share-rent basis. Person Z owns the equipment and contributes at least 50 percent of the commensurate share of active personal labor and contributes 100 percent of the farming operation's management. In this situation, Person Z's share of the profits or losses from the farming operation is commensurate with Person Z's contributions to the operation and the contributions are at risk.

**Determination:** Person Z is considered to be actively engaged in farming.

#### **B** Example 2

**Situation:** Person A rents land on a share-rent basis. Person A contributes a significant amount of leased equipment and a significant amount of active personal management to the farming operation. Capital is borrowed from another producer on the farm at the prevailing interest rate. The labor needed for Person A's farming operation is hired. Person A's share of the profits or losses from the farming operation is commensurate with Person A's contribution to the operation and the contributions are at risk.

**Determination:** Person A is considered to be actively engaged in farming since Person A contributes a significant amount of both equipment and active personal management. A contribution of capital, equipment, or land is used to meet the significant contribution.

#### DEFINITIONS

described. Further, for a person or legal entity to be considered actively engaged in farming for program payment purposes, the contributions of the person or legal

Page 4 of 4

The following definitions apply to Form CCC-902I.
 ACTIVELY ENGAGED IN FARMING – means providing both: 1) significant contributions of capital, equipment, or land, or combination thereof to the farming operation: and 2) significant contributions of active personal labor or active personal management. or a combination thereof, to the farming operation as

entity must be at-risk and commensurate with the person's or legal entity's claimed share of the profit and loss of the farming operation. Failure to meet these requirements will result in the determination of ineligibility for payments under programs specified in 7 CFR Part 1400.
 INTEREST IN A FARMING OPERATION – a person or legal entity is considered to have an interest in this farming operation if the person or legal entity owns or rents land to this farming operation; or has an interest in the crop or crop proceeds from this farming operation; or is a member of a joint operation that

either owns or rents land to this farming operation, or has an interest in the crop or crop proceeds from this farming operation.

3. JOINT OPERATION - is a general partnership, joint venture, or similar organization.

4. PERSON - is a natural person (an individual) and does not include a legal entity.

5. ACTIVE PERSONAL LABOR – a person is considered to be providing active personal labor with respect to a farming operation if that person is directly and personally providing physical activities necessary to conduct the farming operation, including land preparation, planting, cultivating, harvesting, and marketing of agricultural commodities. Other qualifying physical activities include establishing and maintaining conserving covers and those physical activities necessary for livestock production for the farming operation.

6. ACTIVE PERSONAL MANAGEMENT – a person is considered to be providing active personal management with respect to a farming operation if that person is directly and personally providing the general supervision and direction of activities and labor involved in the farming operation; or providing services (whether performed on-site or off-site) reasonably related and necessary to the farming operation. The management activities must be critical to the profitability of the farming operation and performed under one or more of the following categories: 1) Capital which includes arranging financing and managing capital; acquiring equipment; acquiring land and negotiating leases; managing insurance and participating in USDA programs; 2) Labor which includes hiring and managing of hired labor; 3) Agronomics and marketing which includes selecting crops and making planting decisions; acquiring and purchasing of crop inputs; managing crops and making harvesting decisions; pricing and marketing of crop production.

7. CAPITAL – with respect to a farming operation is the funding provided by a person or legal entity to the farming operation in order for such operation to conduct farming activities. To be considered a significant contribution for a person or legal entity, the capital must have been derived from a fund or account separate and distinct from that of any other person or entity with an interest in the farming operation. A significant contribution of capital does not include the value of any labor or management which is contributed to the farming operation. A capital contribution may be a direct non-borrowed (out-of-pocket) input of a specified sum or an amount borrowed by the person or entity. Capital does not include advance program payments.

CONTRIBUTION – with respect to a farming operation is the provision of land, capital or equipment assets, and providing active personal labor, or active
personal management to the farming operation in exchange for, or the expectation of, deriving benefits based solely on the success of the farming operation.
Contributions must be "significant".

9. CUSTOM SERVICES – with respect to a farming operation is the hiring of a contractor or vendor that is in the business of providing such specialized services to perform services for the farming operation in exchange for the payment of a fee for such services performed.

10. ENTITY - is a corporation, joint stock company, limited liability company, association, limited partnership, limited liability partnership, irrevocable trust, revocable trust, estate, charitable organization, or other similar organization including any such organization participating in the farming operation as a partner in a general partnership, participant in a joint venture, a grantor of a revocable trust, or as a participant in a similar organization.

11. EQUIPMENT – with respect to a farming operation is the machinery and implements needed to conduct activities of the farming operation including machinery and implements used for land preparation, planting, cultivating, harvesting or marketing crops. Equipment also includes machinery and implements needed to establish and maintain conserving covers.

12. FAMILY MEMBER – a person is considered to be a family member of another person in the farming operation if that person is related to the other person as a lineal ancestor, lineal descendant, sibling, 1st cousin, nicee, nephew, spouse, or otherwise by marriage. This relationship includes great grandparent, grandparent, child (including legally adopted children and stepchildren), grandchild, great grandchild, sibling, 1st cousin, nicee, nephew, aunt, uncle or spouse of family member in the faming operation.

 FARMING OPERATION - is a business enterprise engaged in the production of agricultural products which is operated by a person or legal entity which is eligible to receive payments, directly or indirectly.

14. LAND - with a respect to a contribution to a farming operation is farmland consisting of cropland, pastureland, wetland, or rangeland which meets the specific requirements of the applicable program for which payments or benefits are sought.

15. SUPPORTING DOCUMENTATION – is any information that supports the relevant representations made such as, but not limited to: articles of incorporation; corporate meeting minutes, stock certificates; organizational papers; trust agreement; last will or testament or a deceased individual; affidavit of heirship approved by Office of General Counsel; partnership agreement; property lease agreement; purchase agreement; land deed; lending security agreement; and financial statement.

16. All other terms utilized in this form shall be defined pursuant to 7 CFR Part 1400.

NOTE: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a – as amended). The authority for requesting the information identified on this form is 7 CFR Part 1400, the Commodity Credit Corporation Charter Act (15 US C 514 et seq.), the Agricultural Act of 2014 (Pub L 113-79), and the Agricultura improvement Act of 2018 (Pub L 115-334). The information will be used to kindly the farm operating plan data needed to determine an individual's eligibility for program benefits. The information viberded on this form may be disclosed to other Federal, State, Local government agencies, Tribal agencies, and nongovernment lentities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified on the storm and static state in the Records File (Automated). #### 209-219 (Reserved)

#### Section 3 Joint Operations

#### 220 Joint Operations, General Partnerships, and Joint Ventures

#### A Definition of Joint Operation [7 CFR 1400.3]

<u>Joint operation</u> means a general partnership or joint venture, whose members are jointly and severally liable for the obligations of the organization, in which 2 or more individuals or entities pool their resources, such as land, labor, capital, management, and equipment, to conduct the farming operation for a common purpose, sharing the profits and losses.

#### **B** Definition of General Partnership

General partnership means:

- comprised of 2 or more persons or legal entities
- formed under State law
- subject to the terms of a formalized agreement
- identified with EIN.

In a general partnership:

- the members combine assets or the partnership may acquire property and assets
- single or multiple business enterprises are conducted by the partnership that are separate and apart from any business enterprises of the individual members
- all members are held jointly and severally liable for obligations incurred by the partnership
- each member shares in the profits and losses.

#### **C** Definition of Joint Venture

<u>Joint venture</u> means an association of persons or legal entities, where the association exists without an actual partnership or corporate designation.

In a joint venture:

- the members combine their property, money, effects, skills, and knowledge
- a single business enterprise is conducted
- each member intends to derive a share or benefit
- each member sustains a mutual responsibility.

**Note:** See paragraph 91 for examples of recognized joint operations that are considered a farming operation.

This table provides a comparison of general partnerships and joint ventures.

#### **E** Examples of Individual Operations and Joint Operations

**Example 1:** Tom cash leases 400 acres and his brother, John, has all of the equipment used in the operation. Tom pays the cash lease, but they share in all other input costs. The crop is shared 60/40 percent. Both have a risk and share in the profits and losses in the farming operation.

The joint venture of Tom and John is recorded on CCC-902E.

**Example 2:** Jill cash leases 160 acres and plants the crop. Her brother, Jack, does all the spraying and harvesting in exchange for planting and trucking that Jill performs on land that Jack owns. Jack has no investment, interest, or risk in the growing crop and will **not** share in the profits or losses on the 160 acres that Jill leases.

Jack and Jill each have their own separate farming operations. Jack and Jill each complete CCC-902I.

#### **220** Joint Operations, General Partnerships, and Joint Ventures (Continued)

#### E Examples of Individual Operations and Joint Operations (Continued)

**Example 3:** AB Corporation and CD Corporation cash rent 500 acres of land. AB Inc. pays the rent on 200 acres (40 percent of the land) and CD Inc. pays the rent on the balance (60 percent or 300 acres). Each corporation has separate financing and a separate line of equipment. Each corporation keeps track of the equipment use and expenses on this property. The crop production from the 500 acres is shared 60/40 percent. Both corporations are at risk and share in the profits and losses from the operation of this rented land.

The joint venture of these 2 corporations is recorded on CCC-902E.

**Example 4:** Larry and Daryl each have their own farming operations and occasionally perform field work for the other. Although they also own a tractor and cotton stripper together, each has their own accounts, equipment, and financing. Each is at risk, but crops and expenses are **not** shared on any land operated by either of them.

Larry and Daryl each have their own separate farming operations. Larry and Daryl each complete CCC-902I.

**Example 5:** Joe is the tenant on Dave's farm with each sharing in the crop production. Joe provides the equipment, performs all of the labor and field work necessary, and delivers Dave's share of the crop production to a local grain elevator. Dave's share of the crop is in exchange for the rent of the land. While Joe and Dave share in the crop production and each has a risk, their risk is **not** mutually shared.

Joe and Dave each have their own separate farming operations. Joe completes CCC-902I and Dave completes CCC-902I Short Form.

#### 221 Eligibility Determinations

#### A Rule [7 CFR 1400.203]

Each member who shares in the income from a joint operation **must** be determined to be actively engaged in farming for the joint operation to be fully eligible for payment.

Members of a joint operation can be determined actively engaged in farming by meeting **all** of the requirements in this table.

Item	Requirement
1	Contributions to the farming operation of <b>both</b> of the following are made:
	• the member <b>or</b> joint operation makes a significant contribution of capital, equipment, or land, or a combination thereof
	• each member makes a significant contribution of active personal labor or active personal management, or a combination thereof, that are:
	<ul> <li>performed on a regular basis</li> <li>identifiable and documentable</li> </ul>
	<ul> <li>separate and distinct from contributions of any other member.</li> <li>Note: See paragraph 189 for exceptions for spouses.</li> </ul>
2	The member must provide satisfactory evidence that the contributions of land, labor, management, equipment, or capital to the joint operation are commensurate with the member's claimed share of the profits or losses of the joint operation.
3	The member's contributions to the farming operation are at risk.

**Note:** Landowners will be considered Actively Engaged in Farming on owned land according to paragraph 152 even though the above contributions are not being made. Cropland factors may apply.

#### **B** Separate and Distinct Contribution of Labor

If a member provides active personal labor to the joint operation's farming operation that is performed on a regular basis, and that is identifiable and documentable, the member will be considered to have met the requirement of a separate and distinct contribution of labor to the joint operation's farming operation.

#### 221 Eligibility Determinations (Continued)

#### **C** Contributions Not Commensurate

For a member of a joint operation whose contributions of inputs are **not** equal to his or her claimed share, if the contribution is:

- less than commensurate, that member is **not** considered actively engaged in farming and ineligible to receive any payment earned by the joint operation
- at least commensurate, that member may receive his or her share of the payment earned by the operation, but this share cannot be increased because of the ineligibility of another member.

#### 222 Family Members in a Joint Operation

#### A Definition of Family Member [7 CFR 1400.3]

<u>Family member</u> means a person to whom another member in the farming operation is related as lineal ancestor, lineal descendant, sibling, spouse, or otherwise by marriage.

The term family member must include the following:

- great grandparent
- grandparent
- parent
- child, including legally adopted children and stepchildren
- grandchild
- great grandchild
- sibling of the family members in the farming operation
- spouse of family members
- niece
- nephew
- first cousin.

**Notes:** COC can request additional documentation from family members in situations where they question if a person meets the definition of "family member".

"Otherwise by marriage" means to be a lineal relative of a person's spouse by affinity, commonly referred to as in-laws. An example is a joint operation comprised of a parent and the daughter's husband (Son In-Law). The daughter is not required to be a member of the joint operation to recognize this as a joint operation comprised of family members.

#### 222 Family Members in a Joint Operation (Continued)

#### **B** Making Determinations

In making determinations, COC must consider the makeup of the operation at the time the determinations are made.

#### C Rule [7 CFR 1400.208]

A person who is an adult family member must be considered actively engaged in farming for a joint operation composed of a majority of who are family members, if **all** of the requirements in this table are met.

Item	Requirement
1	The family member makes a significant contribution of active personal management
	or active personal labor, or combination thereof, to the farming operation.
2	The family member's share of the profits or losses from the farming operation is
	commensurate with the family member's contribution to the operation.
3	The family member's contributions are at risk.

#### **D** Example 1

**Situation:** In 2018, Partnership AB consists of Person A and Person B, 2 unrelated person members. In 2019, Person C, an adult son of Person A, will join the partnership.

- Persons A and B will **each** provide a significant contribution of active personal labor and active personal management.
- Person C will provide a significant contribution of active personal labor.
- The partnership will provide all of the capital and equipment. The land is share-leased by the partnership from 5 different landowners.

**Determination:** A majority of the persons of the joint operation are family members. Based on the contributions of each member, Persons A, B, and C are **each** considered to be actively engaged in farming, if COC determines the contributions are at risk and claimed shares are commensurate with the contributions of each member.

Person C is actively engaged in farming because of the adult family member provision, since the joint operation consists of 3 persons, a majority of whom are persons who are family members.

**Note:** The determination must take into consideration the provisions restricting the number of managers in non-family joint operations according to paragraph 236.

#### 222 Family Members in a Joint Operation (Continued)

#### E Example 2

**Situation:** Father A has been farming owned land and rented land for many years. Son B, an adult, is starting to farm with his father. Son B contributes a significant amount of active personal labor. Father A contributes all the farming operation's capital, equipment, and active personal management.

**Determination:** Father A and Son B are both considered to be actively engaged in farming, if COC determines the contributions are at risk and claimed shares are commensurate with the contributions of each member.

#### F Example 3

**Situation:** In 2018, Partnership CD consisted of Person C and Grandfather D. In 2019, Grandson E is brought into the farming operation.

- Person C contributes all the capital and a significant amount of active personal management.
- Grandfather D contributes the use of a significant amount of equipment, owned land, and active personal management.
- Grandson E will provide all the active personal labor.

**Determination:** Person C, Grandfather D, and Grandson E will each be considered to be actively engaged in farming, if COC determines the claimed shares are at risk and commensurate with each partner's contribution to the farming operation.

**Note:** The determination must take into consideration the provisions restricting the number of managers in non-family joint operations according to paragraph 236.

#### G Example 4

**Situation:** ABC Partnership is a family-held partnership consisting of Father A, Son B, and Daughter C. In 2019, Father A brings Son-in-law D into the farming operation.

- Daughter C, who is married to Son-in-law D, does **not** provide a significant amount of active personal labor or active personal management to the farming operation.
- Son B contributes a significant amount of capital, active personal labor, and active personal management.
- Father A originally contributed his owned equipment to the partnership and contributes some capital and a significant amount of active personal management.

#### 222 Family Members in a Joint Operation (Continued)

#### **G** Example 4 (Continued)

• Son-in-law D contributes a significant amount of both active personal labor and active personal management to the farming operation.

**Determination:** Father A, Son B, and Son-in-law D are considered to be actively engaged in farming, if COC determines the claimed shares are at risk and commensurate with each partner's contribution to the farming operation. Daughter C is considered to be actively engaged in farming, if the requirements of paragraph 189 apply. Son-in-law D was brought into the farming operation using the family member provision.

#### H Example 5

**Situation:** Mother A, Daughter B, and Son C are partners in a family partnership. Son D, a minor child, becomes a partner in 2019.

- Mother A contributes a significant amount of both capital and active personal management.
- Daughter B contributes a significant amount of both capital and active personal management.
- Son C contributes a significant amount of equipment, active personal labor, and active personal management.
- Son D contributes a significant amount of active personal labor.

**Determination:** Mother A, Daughter B, and Son C are considered to be actively engaged in farming. However, Son D is **not** considered to be actively engaged in farming because of the adult family member provision because he is **not** an adult family member.

#### **223** Joint Operation Case Examples

#### A Example 1

**Situation:** Partnership AB farms 2,000 acres of land. The partnership owns the equipment and the partners provide at least 50 percent of their commensurate share of active personal labor and a significant amount of active personal management. Each partner's share of the profits or losses from the farming operation is commensurate with the partner's contribution to the operation and each partner's contributions are at risk.

**Determination:** Partners A and B are considered to be actively engaged in farming and each have a separate payment limitation.

#### **223** Joint Operation Case Examples (Continued)

#### **B** Example 2

**Situation:** Partnership CD farms 2,000 acres of land. Each partner contributes a significant amount of both capital and active personal management to the farming operation. Labor is hired. Equipment and land are rented from third parties. Each partner's share of the profits or losses from the farming operation is commensurate with the partner's contribution to the operation and each partner's contributions are at risk.

**Determination:** Partners C and D are considered to be actively engaged in farming and each have a separate payment limitation.

#### C Example 3

**Situation:** Partnership EFG farms 2,000 acres of land. The contributions of capital, land, and equipment are acquired from loans from a banking institution. The bank requires that all partners sign to guarantee the loan. The partners provide a significant contribution of active personal labor and active personal management. Each partner's share of the profits or losses from the farming operation is commensurate with the partner's contributions to the operation and each partner's contributions are at risk. None of the partners have any other farming interests.

**Determination:** Partners E, F, and G are considered to be actively engaged in farming and each have a separate payment limitation. The fact that the contributions of capital, land, and equipment are guaranteed by the members does **not** prevent the contributions from being considered for a significant contribution. See subparagraphs 144 D, 144 E, and 145 D.

#### D Example 4

**Situation:** Partnership CD farms 2,000 acres of land. Partner C and D each contribute 1,000 acres of land which they cash rent to the Partnership CD. They do not own the land. Each partner contributes a significant amount of both capital and active personal management to the farming operation. They have the land custom farmed. Each partner's share of the profits or losses from the farming operation is commensurate with the partner's contribution to the operation and each partner's contributions are at risk.

**Determination:** Partners C and D are not considered actively engaged. Even though members C and D make significant contributions of both capital and management, Partnership CD cannot meet the cash rent tenant rule, because they do not provide equipment or active personal labor to the farming operation.

# Section 4 Joint Operations of Non-Family Members

## 236 General Partnerships, Joint Operations, and Joint Ventures of Non-Family Members [7 CFR 1400.600]

# A Applicability

This section does not apply and does not change the requirements for actively engaged in farming and payment eligibility for the following:

- spouses
- landowner using the landowner exemption
- farming operations comprised of all family members as defined in subparagraph 222 A.

## **B** Requirements Effective for 2016 and Subsequent Years

The new provisions are applicable for the:

- 2016 crop or program year to all non-family joint operations that plant any crop on or after February 1, 2016, with an intended use in 2016
- 2017 crop or program year to all non-family joint operations that have already planted any crop, or have reported prevented planted 2016 crop acreage before February 1, 2016, with an intended use in 2016
- 2017 and subsequent crop or program years to all non-family joint operations with either spring or fall planted crops.

Requirements of this section **are applicable** when a farming operation represents for 2016 and subsequent years, all of the following:

- general partnership, joint operation, or joint venture
- all members do not meet the definition of "family member" in subparagraph 222 A
- more than 1 member is seeking an actively engaged in farming determination with only a significant contribution of active personal management, or a significant contribution of the combination of active personal labor and active personal management.

## 236 General Partnerships, Joint Operations, and Joint Ventures of Non-Family Members [7 CFR 1400.600] (Continued)

# **B** Requirements Effective for 2016 and Subsequent Years (Continued)

Requirements of this section **do not apply** if a farming operation for 2016 and subsequent program years represents either of the following:

- all persons who are partners, stockholders, or persons with an ownership interest in the farming operation, or of a legal entity that is a member of the farming operation, meet the definition of "family member" in subparagraph 222 A
  - **Example:** A joint operation's member are all LLC's and/or corporations, but the interest holders of all the legal entities meet the definition of "family member". This is considered a joint operation comprised of family members for the application of these new provisions.
- only 1 person with an interest in the farming operation is seeking an actively engaged in farming determination with only a significant contribution of active personal management, or a significant contribution of the combination of active personal labor and active personal management.
  - **Note:** All other requisite and at-risk contributions of land, capital, equipment, and labor are collectively made by the general partnership, joint operation, or joint venture, or by its members.

# 237 Definitions [7 CFR 1400.601]

### A Terms and Documents

All terms defined and documents issued according to this handbook are applicable to this section, except as otherwise provided.

#### **B** Additional Definitions

Active personal management means:

• personally providing and participating in management activities considered critical to the profitability of the farming operation

# 237 Definitions [7 CFR 1400.601] (Continued)

# **B** Additional Definitions (Continued)

• duties performed under 1 or more of the following categories.

Managing the operation's participation in USDA programs.		Making harvest decisions.
		Pricing and marketing of crop production.

<u>Farm manager</u> means a person with an ownership interest in the farming operation who uses a significant contribution of active personal management, or a significant contribution of the combination of active personal labor and active personal management to meet the requirements to be considered actively engaged in farming.

<u>Significant contribution of active personal management</u> means the active personal management performed by a person, with a direct or indirect ownership interest in the farming operation that is:

- on a regular, continuous, and substantial basis for the farming operation
- meets at least 1 of the following to be considered significant:
  - equals at least 25 percent of the total management hours required for the farming operation on an annual basis
  - equals at least 500 hours of management activities annually for the farming operation.

# 237 Definitions [7 CFR 1400.601] (Continued)

# **B** Additional Definitions (Continued)

<u>Significant contribution of the combination of active personal labor and active personal</u> <u>management</u> means a contribution of active personal labor and active personal management by a person with direct or indirect interest in the farming operation that:

- is critical to the profitability of the farming operation
- is performed on a regular, continuous, and substantial basis
- when added together, meets the following required number of hours.

50	900	950			
25	925	950			

There are 5 total hourly thresholds for a significant contribution of the combination of active personal labor and active personal management, based on a prorated combination of each type of contribution.

**Note:** A person or individual making a significant contribution of combined active personal labor and active personal management can only qualify themselves for actively engaged rules. See paragraph 238.

# 237 Definitions [7 CFR 1400.601] (Continued)

#### **B** Additional Definitions (Continued)

**Example:** A combined contribution where the majority of the contribution is management is measured against the total 550-hour threshold, which is weighted toward the 500-hour standard for management; whereas a combined contribution, where the majority of the contribution is labor, is measured against a 950-hour threshold, which is weighted toward the 1,000 hours required for a significant contribution of labor.

This standard will apply to each person that a farming operation requests to qualify as actively engaged in farming by making a significant contribution of the combination of labor and management, rather than only a significant contribution of management.

Under these weighted thresholds, 2 contributions of the same total contributed number of hours could have a different result, as it will depend upon how many hours of total contribution are management and how many hours are labor.

**Example:** A total combined contribution of 650 hours consisting of 250 hours of management and 400 hours of labor would not qualify as a significant contribution, whereas a total combined contribution of 650 hours consisting of 400 hours management and 250 hours of labor would qualify as a significant contribution.

#### 238 Restrictions on Active Personal Management Contributions [7 CFR 1400.602]

#### A One Member

A person's contribution of active personal management, or the combination of active personal labor and active personal management, to a farming operation will qualify only 1 member of the farming operation as actively engaged in farming and with a separate payment limitation as defined in this section.

#### **B** Other Members

Other persons in the same farming operation are not precluded from making management contributions, but such contributions will not be recognized to meet the requirements of being a significant contribution of active personal management under this section.

# 238 Restrictions on Active Personal Management Contributions [7 CFR 1400.602] (Continued)

### **C** Designating Farm Manager

Non-family joint operations, comprised of non-family members, where more than 1 member is seeking to qualify on management, must identify which farm managers will be recognized.

A representative of the joint operation must designate the managers to qualify as actively engaged in farming when more than 1 member is contributing management in the joint operation. The designation must be recorded in the remarks section of CCC-902.

## **239** Restrictions on Farm Managers

## A One Farm Manager

Only 1 farm manager, as defined in this section, will be allowed for a farming operation with any nonfamily members, except as provided in subparagraph B.

## **B** Exceptions for Additional Farm Managers

A farming operation with nonfamily members may qualify for additional farm mangers, for a maximum of 3 managers for the operation, if the farming operation and its members meet the criteria in the following table.

Operation Size	Operation Complexity
Produces:	• Number and types of livestock, and/or
	crops.
• and markets crops on 2,500 acres or more of cropland; or	• Other agricultural products produced.
• honey with more than 10,000 hives; or	• Marketing channels used.
• wool from a flock of more than 3,500 ewes.	• Geographical area covered by the farming operation.

# **B** Exceptions for Additional Farm Managers (Continued)

**Note:** A "manager" must be an individual who is a member of, or a shareholder in an embedded entity that is a member of the non-family joint operation.

## 240 Request and Approval of Additional Farm Managers

## A Additional Farm Managers

Any farming operation requesting 1 or 2 additional farm managers must do the following:

- submit a completed CCC-902FM to COC for the approval of additional farm managers
- provide the required documentation specified in subparagraph 239 B (operation size, operation complexity, and member records of management activities).

#### **B** Review and Approval of Written Requests

Approval authority for additional farm managers resides with the local COC and STC as follows.

Approval Authority	Operational Size	Operational Complexity	Both Operational Size and Complexity
COC only.	X

# 240 Request and Approval of Additional Farm Managers (Continued)

# **B** Review and Disapproval of Written Requests (Continued)

Both operational size and operational complexity standards must be met by the farming operation for the approval of 2 additional farm managers, not to exceed a total of 3 farm managers for the farming operation.

**Written** requests for 1 additional farm manager based on operational size only require review and approval or disapproval by the local COC.

Written requests for 1 additional farm manager based on operational complexity only require:

- acceptance and review by COC
- recommendation from COC to STC
- completion of CCC-905 by STC
- approval or disapproval by STC
- concurrence from DAFP, if necessary.

Written requests for 2 additional farm managers require all of the following:

- acceptance and review by COC
- recommendation from FSA COC to STC
- completion of CCC-905 by STC
- approval or disapproval by STC
- concurrence from DAFP, if necessary.

#### **C** Review and Disapproval of Written Requests

Any request for additional farm managers that is disapproved requires timely written notice to the farming operation and its members and must include all of the following:

- explanation and reasons for the disapproval
- administrative appeal rights according to 1-APP.

# 241 Recordkeeping Requirements [7 CFR 1400.603]

## A Management Activity Record

Any farming operation requesting more than 1 person qualify as actively engaged in farming by making a significant contribution of active personal management, must maintain contemporaneous records or activity logs for **all** persons that make contribution of management to the farming operation under this section, but are **not** limited to the following:

- location, either on-site or remote, where the management activity was performed
- time expended and duration of the management activity performed
- description of management activity.

## **B** Activity Record Maintenance and Availability

To qualify as providing a contribution of active personal management, each person in a farming operation covered by the section must:

- maintain these records and supporting business documentation
- timely make the records available for review by the appropriate FSA reviewing authority, if requested.

#### **C** Failure to Maintain Required Management Activity Records

If a person fails to meet the requirements of subparagraphs A and B, then both of the following will apply:

- the person's contribution of active personal management as represented to the farming operation for payment eligibility purposes will be disregarded
- the person's payment eligibility status will be re-determined for the applicable program year.

#### D CCC-902MR

The management activity record may be used in the following situations:

- for producers to meet the recordkeeping requirements in this paragraph
- for consistency in the evaluation by COC and other FSA reviewing authority of the management activities represented as performed by producers.

See paragraph 245 for an example of a management activity record.

## 242 Forms and Information Collections

### A Manual Forms

For manual collections when the business file process is not available, use the following:

- CCC-901, members information of legal entities
- CCC-902, continuation and addendum when necessary
- CCC-902E, for legal entities and joint operations.

#### **B** Business File Process

Whenever possible, use the business file process for all of the following:

- updates to the current farm operating plan on file
- filing of a new farm operating plan, either for an existing farming operation or for a new farming operation.

# 243 Application of This Section

## A Options Available

Each multi-member, non-family joint operation will be required to choose 1 of the following options, each with associated conditions for compliance with the revised payment eligibility provisions.

General Information
The Agricultural Act of 2014; placed restrictions on the number of members of a non-family joint operation that may qualify as actively engaged in farming by a contribution of active personal management to the farming operation. Effective for the 2016 program year, such farming operations are afforded one member that may use a significant contribution of active personal management, or a significant contribution of the combination of actively engaged in farming. The person or member afforded this active management role is also defined as a Farm Manager for the purpose of administering this new management provision. Additional persons or members of the farming operation who also have this active management role and who may meet the definition of Farm Manager, may be requested by the farming operation to be allowed to use such contribution to meet the requirements to be considered actively engaged in farming. However, as provided on page 1 of this form, specific size and/or complexity standards must be met by the farming operation for the approval of up to 2 additional Farm Managers. The completion of this form is to make the request for the approval of up to 2 additional Farm Managers for the specified farming operation. Supporting documentation is required before this request will be considered completed and filed with the local FSA County Committee for consideration.
NOTE: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a – as amended). The authority for requesting the information identified on this form is 7 CFR Part 1400, the Commodify Credit Corporation Charter Act (15 U.S.C. 714 et seq.), and the Agricultural Act of 2014 (Pub. L. 113-79). The information disclosed will be used to determine eligibility to participate in and receive program payments and benefits under a CCC or FSA program for members of the farming operation documented on this Request for Additional Farm Managers. The information collected on this form may be disclosed to other Federal, State, Local government agencies, Tribal agencies, and nongovernmental entities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified in
the System of Records Notice for USDA/FSA-2, Farm Records File (Automated). Providing the requested information is voluntary. However, failure to furnish the requested information may result in a determination of ineligibility for program benefits for one or more members of the specified farming operation. This information collection is exempted from the Paperwork Reduction Act as specified in the Agricultural Act of 2014 (Pub. L. 113-79, Title I, Subtitle F, Administration). The provisions of criminal and civil fraud, privacy, and other statutes may be applicable to the information provided.
RETURN THIS COMPLETED FORM TO YOUR COUNTY FSA OFFICE. In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.
Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.
To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. #### **General Information**

Under regulations at 7 CFR Part 1400, as amended by the Agricultural Act of 2014, restrictions were placed on the number of members of a non-family joint operation that may qualify as actively engaged in farming by a contribution of active personal management to the farming operation. Effective for the 2016 program year, such farming operations are afforded one member that may use a significant contribution of active personal management, or a significant contribution of the combination of active personal labor and active personal management, exclusively to meet the requirements to be considered actively engaged in farming. The person or member afforded this active management role is also defined as a Farm Manager for the purpose of administering this new management role and who may meet the definition of Farm Manager, may be requested by the farming operation to be allowed to use such contribution to meet the requirements to be considered actively engaged in farming.

The purpose of this form is to:

- document the observations made of the farm operation's supporting evidence of complexity
- provide all STC's a means for the consistent evaluation of evidence in the determination of complexity for farming operations nationwide
- record a STC's actions in consideration of the respective farming operation's request for additional manager(s), submitted by the completion of the CCC-902 FM,
- document a STC's determination of operation complexity in the event of an appeal of the result.

This form is for State FSA Committee use only.

# 247 Part 5, Section 4 Application Guide

# A Application Guide

The following is a 1-page guide for the correct application of Part 5, Section 4, beginning with the review of the existing farm operating plan on record and ending with recording the new determinations of record.

**Note:** Written requests for additional managers must be received, and approval and/or disapproval must also be received before revision of the existing plan on record.

		Application of 6-PL, Pa	rt 5, Section 4		
		sting Farm Operating Pla op to bottom in the colum			
Review and determine whether a family or nonfamily joint operation.	Affirm the number of farm managers from 1 person up to a maximum of 3 persons or members if specific conditions are met by the farming operation.	The farm manager(s) will be identified on the filed farm operating plan by the represented contribution of active personal management only; or the contribution of the combination of active personal labor and active personal management.	Complete CCC-903 and make all required determinations for payment eligibility and payment limitation purposes for the farming operation and its members. See 5-PL, Part 7.	Timely issue written notice to the farming operation and its members of all determinations made for payment eligibility and payment limitation purposes as reflected by the completed CCC-903.	Record all determinations in the web eligibility files for the farming operation and its members. See 3-PL (Rev. 2).
Definition of "family member" includes the following: great- grandparent; grand- parent; parent; child (including legally adopted children and stepchildren); grandchild; great grandchild; sibling of family member; spouse of family member.	If more than 1 farm manager, a request for the additional farm manager(s) based on operational size and/or complexity must be submitted to the COC for consideration and approval or disapproval.	Management only requirement is the lesser of 500 hours or 25 percent of the total management required annually for the farming operation; or, 550 to 950 hours total of the combination of active personal labor and active personal management required annually for the farming operation.	For operations with 6 or more members, the State Office completes all required determinations for payment eligibility and payment limitation purposes.	Include appeal rights according to 1-APP.	
If all members are family members, then Part 5, Section 4 (Part 1400, Subpart G) does not apply. No further actions are required.	If request is for 2 additional farm managers, COC will forward request to STC for consideration and approval or disapproval with the concurrence of DAFP.	All members of the farming operation must maintain a record of <i>eligible</i> management activities performed throughout the entire program year.	Determinations include actively engaged in farming; cash rent tenant; spouses; foreign person; minor child; and the number of payment limitations applicable to the farming operation for the program year.		
If the joint operation includes a nonfamily member(s), then Part 5, Section 4 applies. Go to the top of the next column.	Revision of existing farm operating plan, or the filing of a new farm operating plan, as required to reflect the changes in the operation.	The contributions of management or combination of management and labor by a person may qualify only 1 person or member in the same farming operation as actively engaged in farming.

# **257** Determination of Ownership Interest

## A Ownership in Legal Entities

Ownership interest in a legal entity that receives payment subject to limitation for the program year will be determined according to this table.

	THEN the date for the determination
IF the legal entity	of ownership interest is
existed on June 1 of the year for which program	June 1.
benefits were requested	
did <b>not</b> exist on June 1 of the year for which	the date the legal entity was formed.
program benefits were requested	

Voluntary acquisition of interest after June 1, or date legal entity was formed, does **not** reduce the ownership share of any interest holder for payment limitation purposes.

For interest held in other legal entities that have minor children as heirs, beneficiaries, or members, consider any program payments received by or attributed to that interest of the minor child as being attributed to the minor child's parent or legal guardian.

\*--Notes: If the minor child is considered separate for payment limitation purposes according to paragraph 108, program payments received by or attributed to the minor child's interest will **not** be attributed to the parent or legal guardian.

The interest of the minor child is never combined with the parent or legal guardian when determining ownership interest and applying notification of interest provisions according to paragraph 111.--\*

## **B** Stock Classes

For corporations with more than 1 stock class; such as preferred and common, the ownership percentage of stock, or unit of ownership, must be determined by the fair market value of outstanding stock.

**Note:** The value can be determined by COC, STC, DAFP, or designee, but should be determined at the earliest level **before** referring to the next higher level of authority.

# 257 Determination of Ownership Interest (Continued)

#### **C** Fair Market Value Factors

To determine the fair market value of stock, or unit ownership, the following available factors must be considered:

- current market quotations for each stock class
- relevant factors affecting the value of each stock class
- rights and privileges of each stock class
- any other information that would assist in the determination.

## D LP's

LP's normally have at least 1 general partner and 1 limited partner. In cases where LP has been reduced to 1 member, this will result in a change that requires a new CCC-902 be filed and a new determination. Producers will be required to complete CCC-902 with the correct member information and provide documentation to support the 1-member LP.

#### E Non-Profits/Tax Exempt, Associations, and Similar Entities

Legal entities created and governed under the laws of the State that are tax exempt or non-profit, generally a corporation, do not distribute earnings to its members. Members do not hold an ownership interest in the legal entity.

Refer to subparagraph 112 B for information regarding required documentation to support the legal entity's status as a non-profit or tax-exempt organization.

Refer to 11-CM, Exhibit 10 for creating and maintaining business type codes for non-profit or tax exempt organizations.

# 258 Eligibility Determinations

# A Actively Engaged in Farming

[7 CFR 1400.204] A corporation, LLC, LLP, or LP must be considered to be actively engaged in farming, if all of the requirements in this table are met.

Item	Requirement			
1	The legal entity independently and separately makes a significant contribution of			
	capital, equipment, land, or combination thereof.			
2	Partners, stockholders, or members with an ownership interest in the legal entity			
	make contributions, whether compensated or <b>not</b> compensated, of active personal			
	labor, active personal management, or a combination of active personal labor and			
	active personal management to the farming operation.			
3	The collective contribution of active personal labor or active personal management			
	by partners, stockholders, or members must be a significant contribution to the			
	farming operation.			
4	The legal entity's share of the profits or losses from the farming operation is			
	commensurate with the contributions to the farming operation.			
5	The legal entity's contributions are at risk, with the level of risk being			
	commensurate with the legal entity's claimed share of the farming operation.			

**Note:** Landowners will be considered Actively Engaged in Farming on owned land, according to paragraph 152, even though the above contributions are not being made. Cropland factors may apply.

# **B** Member Contribution Requirements

In addition to the requirements of actively engaged in farming, all partners, stockholders, or members with an ownership interest in the legal entity **must** make contributions of active personal labor and/or active personal management to the farming operation of the legal entity that are:

- performed on a regular basis
- identifiable and documentable
- separate and distinct from contributions of any other partner, stockholder, or member.
- **Note:** If a partner, stockholder, or member fails to meet this requirement, payments subject to the actively engaged in farming determination will be reduced by the share held by that partner, stock, or member.

# C Exceptions to Member Contribution Requirements

The following are exceptions to the requirements of subparagraph B.

Payments less than 1 limitation – If the total of program payments and benefits subject to
\*--actively engaged in farming provisions, received both directly and indirectly, for the program year by the partners, stockholders, and members does not exceed \$125,000, the requirement of a significant contribution of active personal labor or active personal management may be met by partners, stockholders, or members who collectively hold at least 50 percent of the ownership interest in the legal entity.

Note: Benefits applicable to this exception are ARCPLC payments.--\*

When total ARCPLC payments \* \* \* for the applicable program year are unknown, timely make all payment eligibility and limitation determinations with the assumption that this exception is met by a farming operation that requests this exception. When the total amount of payments and benefits subject to the \$125,000 limitation received by the farm is known, revisit the eligibility determinations of record. If total program payments and benefits issued to the farming operation exceed the \$125,000 annual limitation, then redetermine eligibility accordingly.

**Spouses** – If both spouses are interest holders in the same legal entity, the contribution of active personal labor and/or active personal management of 1 spouse to the farming operation of the legal entity will also meet the other spouse's requirement to make a contribution of active personal labor and/or active personal management to the farming operation of the legal entity.

**Minor children** – If a parent is an interest holder in a legal entity in which his or her minor children are also interest holders, the parent's contribution of active personal labor and/or active personal management to the legal entity's farming operation will also meet the requirement that each minor child **must** make a contribution of active personal labor and/or active personal management to the same farming operation.

**Spouses and minor children** – If both spouses and minor children are in the same legal entity, the contributions of 1 spouse/parent of active personal labor and/or active personal management to the legal entity's farming operation will meet the requirements that all these interest holders of the legal entity **must** contribute active personal labor and/or active personal management to the legal entity's farming operation.

**Note:** Contributors of active personal labor and/or active personal management to a legal entity's farming operation **must** hold an ownership interest in the legal entity at the time the contributions are made.

**Landowner** – If all land in the legal entity's farming operation is owned by the legal entity, the requirements of subparagraph A do **not** apply to the interest holders of the legal entity.

#### **D** Separate and Distinct Contributions of Labor

If a partner, stockholder, or member provides active personal labor to the entity's farming operation that is performed on a regular basis, and that is identifiable and documentable, that partner, stockholder, or member will be considered to have met the requirements of a separate and distinct contribution of labor to the entity's farming operation.

# **E** Burden of Proof Recordkeeping Requirements

All partners, stockholders, and members with an ownership interest must contribute active personal labor and/or active personal management to the entity's farming operation.

Each partner, stockholder, and member must be able to show by reasonable means that these activities are:

- performed on a regular basis throughout the crop year
- identifiable and documentable as to which partner, stockholder, or member made this contribution
- separate and distinct from any other partner, stockholder, or member with an ownership interest in the farming operation.

#### F Methods of Proof

Reasonable records may include, but are not limited to, the following:

- appointment books
- calendars
- narrative summaries
- phone logs
- contemporaneous records
- activity logs with date, time, and description of activity performed
- documents for goods and services used by the farming operation signed only by the interest holder.

#### **G** Verification of Recorded Activities

COC may request verification from an interest holder if:

- the records provided for these activities seem unreasonable for the type and size of the farming operation
- performance of these activities is questionable as claimed
- the farming operation is selected for an end-of-year review for payment eligibility and payment limitation compliance purposes.

## H Payment Reduction

If any partner, stockholder, or member fails to meet the requirements in subparagraph A, **all** payments to the legal entity subject to the actively engaged determination will be reduced by an amount commensurate with the ownership share held by the partner, stockholder, or member.

## I Member Contribution Requirements and Joint Operations

# 259 Corporation, LLC, LLP, and LP Case Examples

# A Example 1

Situation: Corporation XYZ rents 3,000 acres of land for 1/3 share of the crop.

- Corporation XYZ contributes a significant amount of capital to the operation.
- Corporation XYZ hires the majority of all labor necessary for the operation.
- All 3 stockholders provide the balance of the labor needed.
- All 3 stockholders meet regularly during the crop year and all management decisions are made jointly during these meetings.
- Each stockholder has defined responsibilities, such as marketing, field operations and equipment, and financing and daily business activities.
- Each stockholder is on-site almost every day during the crop year.
- The corporation's share of the profits or losses from the farming operation is commensurate with the corporation's contributions and the contributions are at risk for a loss.

**Determination:** Corporation XYZ made a significant contribution of capital. All 3 stockholders collectively made a significant contribution of active personal management to the farming operation. Corporation XYZ is, therefore, considered actively engaged in farming. Each stockholder contributed active personal labor and active personal management to the farming operation on a regular basis, identifiable and documentable, and each stockholder's contribution was separate and distinct from contributions made by the other stockholder. No payment reduction will be applied to the program payments received by Corporation XYZ.

## B Example 2

**Situation:** Corporation AB consists of Father A and Son B, each having a 50 percent share. Corporation AB cash-rents land.

- Father A is a retired farmer who created the corporation for tax reasons and to aid in the transfer of the farm to Son B.
- The corporation contributes a significant amount of capital and equipment to the farming operation.
- Son B contributes both active personal labor and active personal management to the farming operation.
- Father A lives on the farm and contributes no active personal labor, but periodically advises Son B about farm-related matters.

**Determination:** Corporation AB provides significant contributions of capital and equipment, and Son B makes a significant contribution of active personal labor and active personal management to the farming operation. Corporation AB is considered actively engaged in farming; however, because Father A who holds a 50 percent ownership interest failed to make a contribution of active personal labor and/or active personal management to

\*--the farming operation that met the requirement of subparagraph 258 B, Corporation AB--\* will be subject to a 50 percent reduction in program payments received.

### C Example 3

**Situation:** Corporation GH consists of Spouse G owning 70 percent of the corporate stock and Spouse H owning 30 percent of the corporate stock.

- Corporation GH provides all the capital, equipment, and leased land for the farming operation.
- Spouse G provides all of the active personal labor and active personal management necessary for the farming operation.

**Determination:** Corporation GH is actively engaged in farming through the contributions of the corporation and Spouse G. Even though Spouse H failed to make any contributions of active personal labor, active personal management, or a combination thereof, the

\*--exception applicable to spouses in subparagraph 258 C applies. **No** payment reduction--\* will be applied to Corporation GH.

## D Example 4

**Situation:** Revocable Trust E is a stockholder in Corporation D with 2 other individuals. \*--Member contribution requirements of subparagraph 258 B apply to Corporation D.--\*

- The 2 individuals provide significant contributions of active personal labor and/or active personal management to qualify the corporation as actively engaged in farming.
- The revocable trust's grantor makes no contributions.

**Determination:** Corporation D is considered actively engaged in farming because of the significant contribution of active personal labor and active personal management to the farming operation by the 2 individuals who are stockholders. However, because the remaining stockholder, Trust E, failed to make a contribution of active personal labor and/or active personal management to the farming operation that met the requirement of

\*--subparagraph 258 B, Corporation D will be subject to a reduction in program payments--\* commensurate with the ownership interest held by Trust E.

If the grantor of Trust E was making contributions of active personal labor and/or active personal management to the farming operation on behalf of Trust E that met the requirement \*--of subparagraph 258 B, a payment reduction would **not** apply for Corporation D.--\*

## E Example 5

**Situation:** Irrevocable Trust E is a stockholder in Corporation D with 2 other individuals. \*--Member contribution requirements of subparagraph 258 B apply to Corporation D.--\*

- The 2 individuals provide significant contributions of active personal labor and/or active personal management to qualify the corporation as actively engaged in farming.
- The irrevocable trust's beneficiaries make no contributions.

**Determination:** Corporation D is considered actively engaged in farming because of the significant contribution of active personal labor and active personal management to the farming operation by the 2 individuals who are stockholders. However, because the remaining stockholder, Trust E, failed to make a contribution of active personal labor and/or active personal management to the farming operation that met the requirement of

\*--subparagraph 258 B, Corporation D will be subject to a reduction in program payments--\* commensurate with the ownership interest held by Trust E.

If the beneficiaries of Trust E were making collective contributions of active personal labor and/or active personal management to the farming operation on behalf of Trust E that met

\*--the requirement of subparagraph 258 B, a payment reduction would **not** apply for--\* Corporation D.

## 259 Corporation, LLC, LLP, and LP Case Examples (Continued)

## F Example 6

**Situation:** Estate E is a stockholder in Corporation D with 2 other individuals. Member \*--contribution requirements of subparagraph 258 B apply to Corporation D.--\*

- The 2 individuals provide significant contributions of active personal labor and/or active personal management to qualify the corporation as actively engaged in farming.
- The estate's representative or heirs make no contributions.

**Determination:** Corporation D is considered actively engaged in farming because of the significant contribution of active personal labor and active personal management to the farming operation by the 2 individuals who are stockholders. However, because the remaining stockholder, Estate E, failed to make a contribution of active personal labor and/or active personal management to the farming operation that met the requirement of

\*--subparagraph 258 B, Corporation D will be subject to a reduction in program payments--\* commensurate with the ownership interest held by Estate E.

If the heirs or personal representative of Estate E were making collective contributions of active personal labor and/or active personal management to the farming operation on behalf

\*--of Estate E that met the requirement of subparagraph 258 B, a payment reduction would--\* **not** apply for Corporation D.

## G Example 7

**Situation:** LLC E is a stockholder in Corporation D with 2 other individuals. Member \*--contribution requirements of subparagraph 258 B apply to Corporation D.--\*

- The 2 individuals provide significant contributions of active personal labor and/or active personal management to qualify the corporation (payment entity) as actively engaged in farming.
- LLC's interest holders make no contributions.

**Determination:** Corporation D is considered actively engaged in farming because of the significant contribution of active personal labor and active personal management to the farming operation by the 2 individuals who are stockholders. However, because the remaining stockholder, LLC E, failed to make a contribution of active personal labor and/or active personal management to the farming operation that met the requirement of

\*--subparagraph 258 B, Corporation D will be subject to a reduction in program payments--\* commensurate with the ownership interest held by LLC E.

If the interest holders of LLC E were making contributions of active personal labor and/or active personal management to the farming operation on behalf of LLC E that met the

\*--requirement of subparagraph 258 B, a payment reduction would **not** apply for--\* Corporation D.

#### A Determining Member Contribution Share

A member contribution share for a member of a legal entity is necessary only when **both** of the following apply:

- part of the land in the farming operation is owned by the legal entity
- •\*--member fails to make contributions according to subparagraph 258 B.--\*

#### **B** Calculating Member Contribution Share

Calculate the member contribution share as follows:

- total acres of cropland owned by the legal entity, **divided by**
- total acres of cropland operated/included in the legal entity's farming operation.

**Example:** Big Farms LLC has 2 interest holders, Jed and Jared. Neither make any \*--contributions to the farming operation according to subparagraph 258 B.--\*

Big Farms LLC operates a total of 500 acres. Of that total, 100 acres are owned by Big Farms LLC.

100 acres owned divided by 500 acres total in the farming operation equals a member contribution share of .2000 for Jed and Jared.

# C Calculating Member Contribution Share When a Cropland Factor Is Applicable to the Payment Entity

Calculate the member contribution share when a cropland factor is involved as follows:

- total cropland owned by the legal entity, **divided by**
- total acres of cropland operated **less** the acres of cropland responsible for the cropland factor applied to the payment entity.

#### 260 Member Contribution Share (Continued)

# C Calculating Member Contribution Share When a Cropland Factor Is Applicable to the Payment Entity (Continued)

**Example:** Hawkeye Ag LLC has 2 interest holders, John and Jake, with equal shares. Hawkeye Ag LLC operates a total of 1,500 acres of land comprised of 500 acres owned, 500 acres share-rented, and 500 acres cash-rented.

John meets member contribution provisions. Jake does **not** meet member \*--contribution provisions according to subparagraph 258 B and is only eligible for share of payments on the owned land.

Hawkeye Ag LLC earned \$30,000, but failed to meet the cash-rent tenant provisions according to subparagraph 258 B.--\*

Both a cropland factor for Hawkeye Ag LLC and a member contribution share for Jake must be calculated and applied.

Calculate the cropland factor according to subparagraph 94 D as follows:

- total cropland acres owned plus acres not cash-rented, divided by
- total cropland acres in the farming operation.

500 acres owned plus 500 acres share-rented divided by 1,500 acres in the farming operation of Hawkeye Ag LLC equals a factor of .6666. This factor will be applied to the total payments earned of \$30,000 for a payment reduction of \$10,000 ( $30,000 \times .6666 = 20,000$ ; 30,000 - 20,000 = 10,000).

The failure of Hawkeye Ag LLC in meeting the cash-rent tenant provision will result in a payment reduction of \$10,000 applied to the entity.

#### The acres of cropland responsible for the cropland factor applied at the entity level will not be included in the calculation of the member contribution share.

Calculate the member share contribution for Jake as follows: 500 acres owned by Hawkeye Ag divided by 1,000 acres (1,500 acres total minus 500 acres cash-rented) equals a member contribution share of .5000.

- For John, the member contribution flag will be set to "Y".
- For Jake, the member contribution flag will be set to "P" and the member contribution factor of .5000 will be entered.

## 271 Actively Engaged in Farming Determinations [7 CFR 1400.206]

## A General Rule

For 2 program years **after** the program year in which a person dies, the person's estate must be considered to be actively engaged in farming if **all** of the requirements in this table are met.

Item	Requirement
1	The estate separately makes a significant contribution of capital, equipment, land, or a combination thereof.
2	The personal representative (executor, administrator, etc.) or heirs of the estate collectively make a significant contribution of active personal labor, active personal management, or combination thereof, to the farming operation.
	<b>Note:</b> Notification of interests and disclosure requirements in paragraphs 111 through 113 apply to all estates and all heirs of estates.
3	The estate's share of the profits or losses from the farming operation is commensurate with the contribution to the farming operation.
4	The estate's contributions are at risk.

Notes: See paragraph 203 for the incapacitated person rule.

See 1-CM and 11-CM, Exhibit 10 for estate EIN requirements.

Landowners will be considered Actively Engaged in Farming on owned land according to paragraph 152 even though the above contributions are not being made. Cropland factors may apply.

### **B** Rule for Estates in Existence Longer Than 2 Years

Following the period of 2 program years after the program year in which a person dies, the deceased person's estate must **not** be considered to be actively engaged in farming **unless**, on a case-by-case basis, COC determines that the estate is still active.

## 271 Actively Engaged in Farming Determinations [7 CFR 1400.206] (Continued)

## C Required COC Reviews and Determinations

On an annual basis, COC is required to:

- identify all estates that have received an actively engaged in farming determination for more than 2 program years
- review all supporting documentation provided by an authorized representative on behalf of the estate
- determine whether the estate has proven it is active for the current year.

Information provided by an authorized representative of the estate for this **required** COC review may include, but is **not** limited to, the following:

- Letter of Testamentary issued by the court within the last 12 months
- prior year tax return or applicable IRS forms
- written explanation from the executor, administrator, or legal counsel for the estate.

If an estate fails to prove it is active, the estate must be:

- determined ineligible for current and subsequent years program benefits
- provided written notice of COC's ineligibility determination
- given appeal rights according to 1-APP.

If an estate is found to be inactive or will not be participating in programs that are subject to payment limitation/payment eligibility, the County Office will follow 3-PL (Rev. 2) to update the Business File for the estate. When a closed estate is an embedded member, partner, or stockholder of a legal entity or joint operation, contact the representative of the legal entity or joint operation to obtain updated information about the organizational structure of the operation.

## D DD Review of Estates in Existence Longer Than 2 Years

For active estates that have received an actively engaged in farming determination for more than 2 program years, DD **must**:

- review COC findings
- concur with the determination for the estate to be recognized as eligible
- annually provide a report to the State Office of all estates that have had reviews and determinations made by COC.

#### 271 Actively Engaged in Farming Determinations [7 CFR 1400.206] (Continued)

#### **E** State Office Review of Estates in Existence Longer Than 2 Years

Effective for 2014 and subsequent years, State Offices must:

- collect reports from all DD's
- consolidate information for future reporting purposes to DAFP, SND
- report the completion of the reviews to the National Program Manager.

### 272 Case Examples

#### A Example 1

**Situation:** Estate E is formed upon the death of Person E. Person B is the sole heir of the estate and provides a significant amount of active personal management. Estate E provides equipment and rented land. All labor is hired. All contributions are commensurate and are at risk.

**Determination:** Estate E is considered to be actively engaged in farming since the heir, Person B, has provided a significant amount of active personal management and the estate has provided equipment and land.

#### **B** Example 2

**Situation:** Estate C is formed upon the death of Person C. The heirs are Persons E, F, and G, each having a 1/3 interest. Person E will serve as executor for the estate.

- **Before** the death of Person C, Person C owned equipment and all of the acreage farmed was cash-leased.
- For the current year, Estate C will cash-lease land. Estate C will contribute a significant amount of cash-rented land, owned equipment, and capital for the farming operation.
- Person E will provide a significant amount of active personal management with the estate hiring all labor.
- All contributions are commensurate and are at risk.

**Determination:** Estate C is considered to be actively engaged in farming and eligible for program benefits. The cash rent tenant rule is met by the estate providing a significant contribution of equipment and the executor, Person E, providing a significant contribution of active personal management.

## 284 Revocable and Irrevocable Trusts

# A Types of Trusts

For payment limitation purposes, there are the following 3 types of trusts.

Trust Type	Characteristics
Revocable	• Can be modified or terminated by the grantor, or the assets revert to the grantor after a specific period of time.
	• Does <b>not</b> meet the criteria for an irrevocable trust.
	• For payment limitation and payment eligibility determinations, the revocable trust and grantor will be considered the same.
	• Revocable trusts may become an irrevocable trust upon the death of the grantor(s).
	• Revocable trusts may be identified by the grantor's social security number or an employer ID number. Refer to 1-CM and 11-CM.
	<b>Note:</b> During the lifetime of the grantor of a revocable trust, and while the grantor is serving as trustee of his or her revocable trust, the grantor's SSN may be used as the revocable trust's TIN unless otherwise required by State law.
Irrevocable	• May <b>not</b> be modified or terminated by the grantor.
	• The grantor does <b>not</b> have any future, contingent, or remainder interest in the corpus of the trust.
	• For trusts established after January 1, 1987, does <b>not</b> provide for transferring the corpus of the trust to the remainder beneficiary in less than 20 years from the date the trust is established, <b>except</b> in cases where the transfer is contingent upon the remainder beneficiary achieving at least the age of majority or upon the death of the grantor or income beneficiary.
	• Irrevocable trusts must be identified by an employer ID number.
	<b>Note:</b> All trusts <b>not</b> meeting these requirements must be considered revocable trusts.

#### A Types of Trusts (Continued)

Trust						
Туре	Characteristics					
IRA's and	• Are a type of bank account authorized by IRS for tax purposes.					
Employee						
Profit	<ul> <li>May own assets including money and hold title to land.</li> </ul>					
Sharing						
Plans	Can be either a custodial account or trust account.					
	<b>Note:</b> According to IRS regulations, custodial accounts are not trusts and are <b>not</b> an eligible applicant for FSA/CCC/NRCS program benefits.					
	• Are created or organized in the United States for the benefit of a person or beneficiaries.					
	• The "instrument" creating the trust must be in writing.					
	• The trustee must be a financial institution or other person. The trust document <b>must</b> give all administrative power and authority to the trustee.					
	• Must obtain an EIN separate from that of any other person or legal entity.					
	<b>Note:</b> See paragraph 285 for determining the IRA or Profit Sharing Plan an eligible program participant.					

## **B** Trust Scrutiny

All trusts that receive payments must be carefully scrutinized to ensure that the trusts are legitimate legal entities and have **not** been created solely for the purpose of evading payment limitation provisions.

County Offices must:

•\*--require producers to provide a copy of the trust agreement if:

- the trust is a revocable trust, and the grantor is deceased
- the trust is an irrevocable trust--\*
- determine whether provisions are included in the trust that would require the trust to be considered a revocable trust for payment limitation purposes.

#### 285 Trust Eligibility Determinations

#### A IRA's and Employee Profit Sharing Plans

An IRA or employee Profit Sharing Plan may be considered a valid program participant, as a trust **only**, if the Regional Attorney determines the account:

- meets the definition of "legal entity"
- has full function of a trust
- owns land or an agricultural commodity, or produces an agricultural commodity
- is a member, partner, or stockholder of a legal entity that owns land or an agricultural commodity, or produces an agricultural commodity.

The minimum information submitted for an IRA or Profit Sharing Plan **must** include documentation that:

• discloses the full trust agreement, naming the trust and trustee who will function for the trust about all FSA programs

Note: The trustee must be carrying out the duties of managing the trust.

- proves the IRA trust or Profit Sharing Plan owns land, owns an agricultural commodity, or produces an agricultural commodity; or is a member, partner, or stockholder of a legal entity that owns land, owns an agricultural commodity, or produces an agricultural commodity
- IRA or Profit Sharing Plan provides a valid TIN.

#### **B** OGC Approval

Approval from the Regional Attorney is required **before** any eligibility determinations are made or issued. The request must include a brief summary of the information provided for the IRA or Profit Sharing Plan.

**Note:** OGC's opinion is protected from release under attorney/client privileges and should not be released to the participant.

#### C IRA/Profit Sharing Plan Ineligibility

An OGC opinion that an IRA or Profit Sharing Plan does not meet the requirements to be an eligible participant or have the full function of a trust, COC or determining authority must:

- determine the IRA or Profit Sharing Plan ineligible on the basis cited by OGC in its opinion
- be notified in writing of the determination and afforded appeal rights according to 1-APP.

#### **286** Trust Actively Engaged in Farming Determinations

#### A Rule

[7 CFR 1400.205] A irrevocable or revocable trust must be considered to be actively engaged in farming if **all** of the requirements in this table are met.

Item	Requirement
1	The trust separately makes a significant contribution of capital, equipment, land, or a combination thereof.
2	Income beneficiaries that make contributions of active personal labor or active personal management, have a combined interest of at least 50 percent, and collectively make a significant contribution to the farming operation.
	<b>Note:</b> Notification of interests and disclosure requirements in paragraphs 111 through 113 apply to all trusts and all beneficiaries of trusts.
3	The trust's share of the profits or losses from the farming operation is commensurate with the contribution to the farming operation.
4	The trust's contributions are at risk.
5	The trust has provided TIN of the trust, <b>unless</b> the trust is a revocable trust and either of the following applies:
	• the grantor is the sole income beneficiary
	• TIN for the trust is TIN for the co-granter and co-income beneficiary and the other grantor and income beneficiary is their spouse who is <b>not</b> requesting benefits under his or her TIN.
6	The trust has provided a copy of the trust agreement to COC, <b>unless</b> the trust is a revocable trust.

**Note:** Landowners will be considered Actively Engaged in Farming on owned land according to paragraph 152 even though the above contributions are not being made. Cropland factors may apply.

#### **B** Trustee Actions

The personal actions of a trustee, either labor or management, **cannot** be considered as contributions of the trust in meeting the requirement of actively engaged in farming.

**Only** the income beneficiaries of a trust can provide the required, at-risk contributions of active personal labor, active personal management, or combination thereof, for the trust to be considered actively engaged in farming.

#### **287** Trust Case Examples

#### A Irrevocable Trust Example 1

**Situation:** EF Trust meets the requirements to be considered an irrevocable trust for payment limitation purposes. The trust, with Persons E and F each having a 50 percent interest, contributes a significant amount of capital to the farming operation. Each beneficiary contributes a significant amount of active personal management. All labor is hired. The land and equipment are leased. The trust's share of the profits or losses from the farming operation is commensurate with the trust's contributions to the operation and the contributions are at risk.

**Determination:** EF Trust is determined actively engaged in farming because the trust provides capital and the beneficiaries, holding at least 50 percent interest, contribute a significant amount of active personal management.

#### **B** Irrevocable Trust Example 2

**Situation:** The terms of a late spouse's will made certain specific bequests of cash and nonfarm property to persons other than his or her widow. The balance of the estate, including farmland, is distributed to a testamentary trust. The widow has the sole right to the income of the trust during his or her lifetime. At the time of his or her death, the trust is to be terminated and the property distributed to his or her heirs.

**Determination:** Because the widow has the sole right to income of the trust during his or her lifetime, the widow is considered the sole beneficiary. The trust is considered actively engaged in farming because of the landowner provision.

#### 287 Trust Case Examples (Continued)

#### **C** Revocable Trust Example

**Situation:** ST Trust is a revocable trust.

- Person U is the grantor and income beneficiary.
- ST Trust contributes a significant amount of both capital and equipment to the farming operation.
- Beneficiary contributes a significant amount of active personal management to the operation.
- All land is cash leased and all labor is hired.
- The trust's share of the profits or losses from the farming operation is commensurate with its contribution to the operation and the contributions are at risk.

**Determination:** ST Trust is considered to be actively engaged in farming and meets the cash rent tenant provision, through a contribution of equipment and active personal management. For payment limitation purposes, all payments issued to ST Trust will be attributed to Person U as grantor of the trust.

## Section 8 Indian Tribes and Individual Native American Indians

#### 299 Indian Tribes

#### A Definition of Indian Tribe

<u>Indian tribe</u> means any Indian tribe, band, nation, pueblo, or other organized group or community, including any Alaska Native village or regional corporation as defined in or established under the Alaska Native Claims Settlement Act, which is recognized as eligible for the special programs and services provided by the U.S. because of their status as Indians.

#### B Rule [7 CFR 1400.4]

Indian tribes are **not** included under the definition of "person" or "legal entity" for applying the payment eligibility and payment limitation provisions. Therefore, no limitations or restrictions are imposed on Federally recognized Indian tribes or tribally chartered entities for receiving program payments or benefits.

**Note:** This exemption only applies to Indian tribes. Refer to 11-CM, Exhibit 10 for recording the business type code for Indian Tribal Ventures.

See Exhibit 12 for the list of Federally recognized Indian Tribes.

### C Applying the Rule

This table provides rules applicable to Indian tribes and Native Americans.

IF the farming operation is	
conducted by	THEN

#### Section 9 States, Public Schools, Political Subdivisions, and Agencies

#### 310 Eligibility of States, Political Subdivisions, and Agencies

#### A Rule [7 CFR 1400.102]

States, including agencies, divisions, or political subdivisions thereof, are ineligible for program payments, **except** as provided in subparagraph B.

#### **B** Exceptions to Rule

- **Exception 1:** ARC and PLC payments received with respect to land owned by the State and used to support public schools are authorized, but limited to \$500,000 annually.
- Note: The term "public school" includes State universities.
- **Exception 2:** ARC and PLC payments issued to States under Exception 1 are **not** limited if the State has a population of less than 1.5 million using the most recent U.S. Census Bureau data.
- **Note:** For 2018 and future years, or until further notice, the States that meet the criteria are Alaska, Delaware, Hawaii, Maine, Montana, North Dakota, New Hampshire, Rhode Island, South Dakota, Vermont, and Wyoming.

#### C Written Verification

If the requirements in subparagraph B are met and the payments are **not** issued directly to a public school, written verification **must** be obtained from the State Board of Education, or other authorized official, that payments are used solely for the support of public schools.

#### **D** Updating Business Partner Records

Because different rules are applicable by program in how State and local government and public schools are treated, it is imperative that the business type is updated properly in Business Partner to reflect the determination required by this handbook.

County Offices must take the following action after COC determination for State and local government entities.

IF COC determines that 100 percent of the funds are	THEN verify the State and local government entities are recorded in Business Partner with business type	
used to maintain public schools	"Public School".	
not used to maintain public schools	"State and Local Government".	

Refer to 11-CM, Exhibit 10 for recording the business type code for Federal and State Entities, and Public Schools.

#### **E** Combine Public Schools

Because payments to public schools for some programs are limited in States with a population greater than or equal to 1.5 million, all public schools within those States must be combined. Determine whether payments to public schools within the State are limited according to this handbook.

IF the public school is in a State with a population of	THEN
greater than or equal to 1.5 million	all public schools within the State must be combined. Payments to the combined public- school entity must be limited to \$500,000.
less than 1.5 million	public schools within the State must <b>not</b> be combined. Payments to public schools are
Note: States included are Alaska, Delaware, Hawaii, Idaho, Maine, Montana, New Hampshire, North Dakota, Rhode Island, South Dakota, Vermont, and Wyoming.	not limited in these States.

### F Action by Noncontrol County

Noncontrol County Offices must follow this table for payments authorized according to subparagraph B, Exception 1, to a State producer.

Step	Action
1	Notify State producers <b>before</b> the end of applicable signup that:
	• State producers may agree to a method of disbursing program payments
	• a drawing will be conducted to select the payment order in which participating eligible State producers will receive program payments, if no alternative payment method is agreed upon by the State producers
	• State producers must contact the control County Office by the end of signup to give the alternative payment method agreed upon by all affected parties, if applicable
	• the method used for selection will apply for ARC and PLC applications.
2	Send the following to the control County Office for <b>all</b> eligible participating State producers and participating legal entities in which the State producer has an interest:
	• ARC and PLC applications
	• CCC-902E's
	• CCC-941's.
3	Notify affected producers of the results of the drawing conducted by the control County Office <b>no</b> later than 1 week after the drawing is held.
	<b>Note:</b> Notify the control County Office of any cancellations.

#### **G** Letter to Combined State Producers

Send this letter to State producers subject to subparagraph B, Exception 1, no later than 30 calendar days **before** the end of signup.

Producer's Name Street City, State ZIP Code Date

Dear Producer:

A State, including all political subdivisions and agencies thereof, is only eligible for payments under ARC or PLC if the payments are used solely for the support of public schools. Total payments **cannot** exceed \$500,000 annually. To be eligible for payment, **each** legal entity **must** be determined actively engaged in farming and in compliance with highly erodible land conservation and wetland conservation provisions.

If you intend to participate in ARC and/or PLC, you **must** enroll by [end of signup date]. **No** later than [end of signup date], all State producers should develop a method for disbursing program payments subject to limitation and inform the control County Office [give office name and address]. If no method is given, the control County Office will conduct a drawing, open to the public, on [second Friday after signup] at 10:00 a.m., for selecting the order in which participating State producers will receive payments subject to limitation. These payments are earned on State-owned land and used solely for the support of public schools.

If a drawing is conducted, you will be notified of the results.

Sincerely,

County Executive Director

### Par. 310

### H State Drawing, Control County

Control County Offices must use this table if it is necessary to conduct a drawing for State producers. The drawing must be open to the public and conducted at 10 a.m. on the second Friday **after** the end of signup or such other date is announced.

Step	Action			
1	Determine the number of State producers by counting <b>each</b> eligible contract or			
	application subject to the same limitation and assign a number to each.			
	<b>Note:</b> Include <b>only</b> timely filed contracts or applications in which the State producer has an interest.			
2	Select by drawing the numbers assigned in step 1 until a payment order has been			
	established for all State producers. For ARC or PLC payment applications, use the calculated payment amount to determine when the limitation has been reached.			
	<b>Note:</b> For both ARC and PLC payments, allocate the amounts to producers in the same order as determined by the drawing and issue payment when appropriate.			
3	Notify the noncontrol County Offices of the results of the drawing.			
	<b>Note:</b> Include a list of payment and designation order as determined in step 2 that indicates each producer's earnings subject to the applicable limitation.			
4	Update the list in step 3 if any producers cancel their contract or application.			
	• Subsequent payments subject to the applicable limitations must be made in the order listed.			
	• Total payments for ARC and PLC payments must <b>not</b> exceed \$500,000 for program payment limitation amount.

### 312-321 (Reserved)

#### Section 10 Non-Profit or Tax-Exempt Organizations

#### 322 Clubs, Societies, and Fraternal and Religious Organizations

#### A Rule [7 CFR 1400.103]

Charitable organizations, including clubs, societies, fraternal, and religious organizations, must be considered separate and distinct farming operations from the members of the organization or any other legal entity.

Refer to paragraph 112 for documenting the business's tax exempt status.

#### **B** Exceptions to Rule

If the land operated by the organization, or the production from the operation, may transfer to a legal entity that exercises control over the organization, the payments to the organization must be attributed to the parent organization.

- **Note:** If parent organization's TIN is used by the organization, the payments to the organization must be attributed to the parent organization.
- **Important:** The fact that an organization has a separate TIN does **not** mean that it qualifies for a separate limitation. If there is any indication that 1 organization exercises control over another organization and land or proceeds transfer to the parent organization, the payments must be attributed to the parent organization and payments limited accordingly.

**Example:** If land owned by a church within a diocese would transfer to the diocese upon closure of the church, payments to the church would be attributed to the diocese.

#### **C** Example of Determinations for Charitable Organizations

**Situation:** A charitable organization forms other charitable organizations that are represented to be separate organizations. The other organizations have separate TIN's and each is recognized by IRS as qualifying as a charitable organization. However, there is evidence that the parent organization continues to exercise control over the other organizations, and that the land, or proceeds from the land, may transfer to the parent organization.

**Result:** All payments will be attributed to the parent organization.

#### **D** Business Type Codes

Refer to 11-CM, Exhibit 10 for recording the business type code for creating or maintaining customer records for non-profit tax exempt and similar organizations.

CCC-902E (09-28-20)		DEFINITIONS	Page 6 of 6
The following definitions apply to Form CCC-902E.			
1.	ACTIVELY ENGAGED IN FARMING – means providing both: 1) significant contributions of capital, equipment, or land, or combination thereof to the farming operation; and 2) significant contributions of active personal labor or active personal management, or a combination thereof, to the farming operation as described. Further, for a person or legal entity to be considered actively engaged in farming for program payment purposes, the contributions of the person or legal entity must be at-risk and commensurate with the person's or legal entity's claimed share of the profit and loss of the farming operation. Failure to meet these requirements will result in the determination of ineligibility for payments under programs specified in 7 CFR Part 1400.		
2.	INTEREST IN A FARMING OPERATION – a person or legal entity is considered to have an interest in a particular farming operation if the person or legal entity owns or rents land to or from that farming operation; has an interest in the agricultural commodities produced on the operation; or is a member of a joint operation that either owns or rents land to or from the farming operation, or has an interest in the agricultural commodities produced on the operation; or is a member of a joint operation that either owns or rents land to or from the farming operation, or has an interest in the agricultural commodities produced on that operation.

#### **334** Foreign Person Rule Applicability

#### A Introduction

Before making any actively engaged in farming or other eligibility determinations, it **must** be established whether persons or legal entities projected to share in applicable program benefits, are foreign persons or foreign entities.

CCC-902 is used to:

- collect information about a person's citizenship status
- collect information about the citizenship status of a legal entity's members, partners or stockholders and determine the entity's status as a foreign entity.

Changes in a person's citizenship status; or a member's, stockholder's, or partner's citizenship status; must be reported on CCC-902. Changes in citizenship status may affect eligibility to participate in FSA/CCC programs.

#### **B** Program Applicability

Apply the provisions in this part to any type of payment, loan, and benefit made for 1989 and subsequent crop years for the programs listed in paragraph 34.

**Note:** Unless otherwise specified, **all** other provisions of this handbook are applicable in determining payment eligibility for foreign persons.

#### C Person Applicability

The provisions in this part are applicable to foreign persons as defined in paragraphs 335 and 336.

- **Note:** The provisions in this part are **not** applicable to a citizen of the U.S., lawful alien, or legal entity who is **not** subject to this part that is:
  - in lawful possession, through a lease or otherwise, of a farm owned by a foreign person or foreign legal entity who is subject to this part
  - successor-in-interest to a program contract or agreement for a farm owned by a foreign person or foreign legal entity who is subject to this part.

#### **334** Foreign Person Rule Applicability (Continued)

#### **D** COC Determination

COC must make the initial determination of foreign or nonforeign status for persons, legal entities, or other similar entities based on documentation provided.

#### E Recording Citizenship Status in Business Partner

Upon determining a person's citizenship status is not a U.S. citizen or resident alien, County Office employees must update the person's citizenship status in Business Partner according to 11-CM.

Upon determining an entity is a foreign entity, County Office employees must update the legal entity's originating country in Business Partner according to 11-CM.

#### **335** Foreign Person Identification

#### A Definition of Foreign Person

<u>Foreign person</u> means someone who is **not** a:

- citizen of the U.S.
- lawful alien possessing a valid I-551.

#### **B Proof of Citizenship**

If COC questions the citizenship of a person, acceptable proof of citizenship **must** be provided. Proof of citizenship includes the following:

- birth certificate
- nationalization and citizenship papers
- certificate of citizenship
- verification through the nearest Immigration and Naturalization Service office.

#### C Description of New Permanent Resident Alien Card

The new card designs enhanced graphics and fraud-resistant security features to create cards that are highly secure and more tamper-resistant than the ones currently in use. The new green card will:

- display the individual's photos on both sides
- show a unique graphic image and color palette

**Note:** Green cards will have an image of the Statue of Liberty against the American flag, and predominately green palette.

- have embedded holographic images on both sides
- no longer display the individual's signature
- no longer have an optical stripe on the back.

U.S. Citizenship and Immigration Services (USCIS) began issuing the new cards on May 1, 2017.

#### **D** Determining Card Validity

Some green cards issued after May 1, 2017, may still display the existing design format as USCIS will continue using existing card stock until supplies are depleted. Both the existing and new green cards will remain valid until the expiration date remain valid. Individuals who have green cards without an expiration date are **not** required to apply for a replacement card bearing an expiration date.

A conditional permanent resident receives a 2-year green card. To remain a permanent resident, a conditional permanent resident must file a petition to remove the condition during the 90 calendar days before the card expires. Also, the conditional card cannot be renewed. The conditions must be removed or the person will lose their permanent resident status.

#### **E** Forms of Identification

The following are the front and back views of I-551 currently in use.

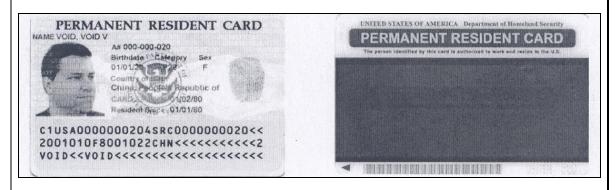

- Special attention **must** be taken to ensure that proper identification of lawful aliens is made.
- Note visual inspection of I-551 on CCC-902.
- Request to photocopy I-551 if there is any question of its validity.

The custom artwork design incorporates the American flag, Statue of Liberty, and a predominantly green color palette on both sides of the card. The hand-drawn and computer-aided designs on both the front and back enhance the security and integrity of the card. 99924164 SPECIME Given Nan TEST V PC124 -000-318 IR1 ntry of Bi public of Cong ocratic one of Birth 17 AUG 195 1USA0000003193LIN0000000319<< 5808175M1105108cob<<<<<<<<< 05/10/11 Card Expires: PECIMEN<<TEST<VOID<<<<<<<< sident Sinc SCIS 000-000 Country of Democra Date of B 17 Optical variable inks Optical variable images on both sides of Each card now has will change color with the card are integrated into the overall three transparent the angle of observation artwork design, such as the stripes of star-shaped windows lighting. the flag. #### **E** Forms of Identification (Continued)

The **Permanent Resident Card** (1-551):

- began being issued in November 2004
- displays the seal of the Department of Homeland Security
- contains a detailed hologram on the front of the card
- is personalized with an etching displaying the following:
  - bearer's photo
  - name
  - signature
  - date of birth
  - alien registration number
  - card expiration date
  - card number.

#### The **Resident Alien Card** (I-551) is:

- no longer issued
- valid indefinitely or until the expiration date
- commonly referred to as a "green card"
- is the replacement for the Alien Registration Recipient Card (I-551).

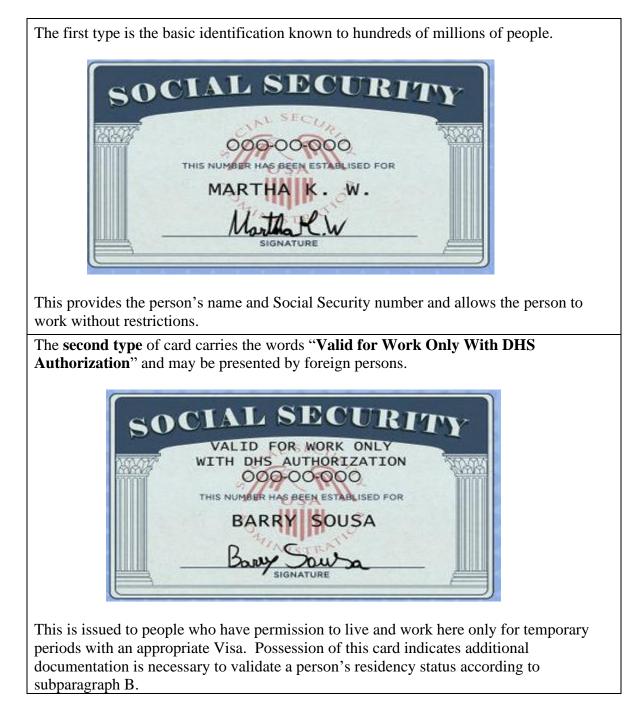

Recipients of the Resident Alien Card (I-551) are lawful permanent residents.

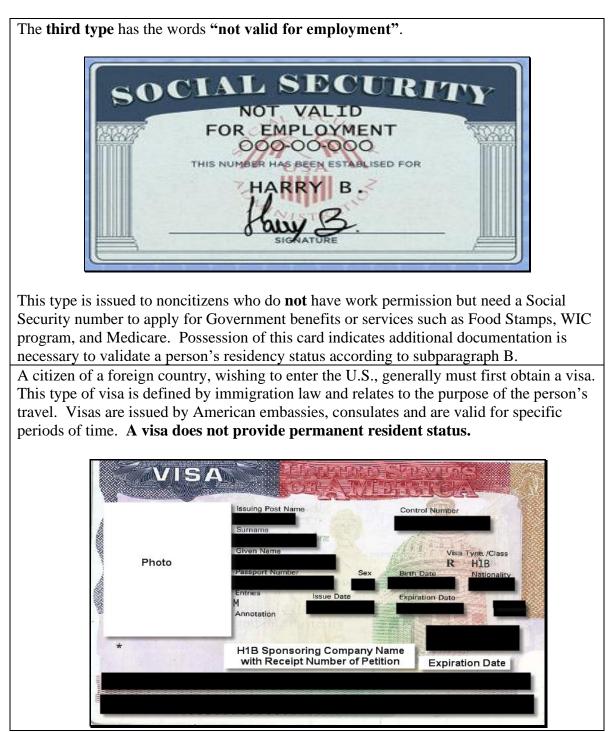

#### F Other Types of Identification

Foreign Persons may also possess a Social Security Card that can be validated with IRS in Business Partner according to 11-CM.

The following are examples of identification that may be presented by program applicants.

### F Other Types of Identification (Continued)

#### 336 Foreign Entity Identification

#### A Definition of Foreign Entity

<u>Foreign entity</u> means a corporation, trust, estate, or other similar organization, that has more than 10 percent of its beneficial interest held by persons who are **not**:

- citizens of the U.S.
- lawful aliens possessing a valid I-551.

#### **B** Determining Beneficial Interest

In determining whether beneficial interest is held, the beneficial ownership must be based on the higher amount of interest on either of the following dates:

- date applicable program contract or agreement is executed
- beginning harvest date for the commodity as determined by STC.

#### **C** Entity Ownership Share

Use this table to determine a person's or legal entity's ownership interest in a foreign entity.

unit	<b>Note:</b> To determine the fair market value, follow paragraph 257.	

**Note:** The value of different classes of stock or other unit of ownership can be determined by COC, STC, or DAFP, but must be determined by the earliest level **before** referring to the next higher level of authority.

#### **D** Less Than 10 Percent Interest

DAFP may determine that an ownership interest of 10 percent or less must be considered beneficial interest.

#### E Entity's Responsibility

The entity must inform COC of any increase in ownership by a member that occurs after the beneficial interest has been determined.

**Note:** If there has been an increase in foreign ownership after a payment, loan, or benefit has been made, the entity **must** refund the payment, loan, or benefit.

**Note:** All interest in an entity, including interest in an embedded entity, must be taken into account.

# 338 Foreign Person Payment Eligibility

## A Introduction

This paragraph provides the requirements to determine a foreign person eligible to receive payments, loans, or benefits subject to the foreign person rule for the programs listed in paragraph 34.

## **B** Contribution Requirements

In addition to any other applicable requirements, the following significant contributions **must** be provided by a person or legal entity considered to be a foreign person.

Foreign Person	Who Must Make the Contribution	What Significant Contribution Must Be Provided
Person	Person	<ul><li>All of the following:</li><li>active personal labor</li><li>capital</li><li>land</li></ul>
Entity	Each foreign person who is a stockholder or other type of member	Active personal labor

**Note:** The eligibility determination will apply to **all** program benefits associated with payments, loans, and benefits subject to the foreign person rule, with respect to any commodity produced, for that crop year.

# C Active Personal Labor Exception for CRP

Labor that is custom hired may be **excluded** when determining both the amount of labor necessary to conduct the farming operation and whether the foreign person has provided a significant contribution of active personal labor, if **both** of the following apply:

- the foreign person receives **only** CRP payments
- COC determines, and the State Office concurs, that this labor is **always** custom hired in the county.

Note: Exceptions must be producer-specific and documented on CCC-903 or attachment.

# A Introduction

Entities that have been determined ineligible for payment, loan, or benefit because of the foreign person rule may receive the amount of payment that represents the percentage interest of the entity that is owned by U.S. citizens or lawful aliens.

**Note:** This provision is also applicable to foreign stockholders, shareholders, or members of a legal entity if some, but **not** all, of the foreign persons provide a significant contribution of active personal labor.

# **B** Requesting Payment

To receive the eligible portion of payment, loan, or benefit, the entity **must**:

- provide a written request for payment to COC that includes the percentage of foreign ownership (subparagraph C)
- receive an approval determination letter from COC (subparagraph D).
- **Note:** CCC-902E and CCC-901 are considered acceptable written requests for the eligible portion of payments, loans, or benefits representative of the percentage of interest that is owned by U.S. citizens or lawful aliens.

#### **D** Example COC Approval Letter

This is an example letter notifying a foreign entity, with more than 10 percent foreign ownership, of COC approval of request for payment.

Dear Producer:

The \_\_\_\_\_ County FSA Committee has reviewed your request for payment of eligible benefits. It is our finding that \_\_\_\_\_ percent of the beneficial ownership is held by foreign persons and ineligible for payment.

Based on this determination, \_\_\_\_\_ percent of payments earned by your entity will be eligible to be paid.

[Give appeal rights according to 1-APP (Rev. 2).]

This determination has been based on the facts as submitted. Any unrevealed circumstances could require the application of a more restrictive rule.

Sincerely,

County Executive Director

## **340** Foreign Person Rule Notification Letter Examples

#### **A** Introduction

This paragraph provides example notification letters to foreign persons.

# **B** Letters to Eligible Foreign Persons

Insert the following statement in notification letters to foreign persons determined eligible for payments and other benefits.

"Based on the information you (your representative) provided, the \_\_\_\_\_ County FSA Committee has determined you to be a foreign person eligible to receive certain program benefits."

**Note:** Insert the statement following the actively engaged in farming and person determinations.

#### C Example Letter to Ineligible Foreign Persons

This is an example notification letter to foreign persons determined ineligible for payments and other benefits.

Dear Producer:

Based on the information you (your representative) provided, the \_\_\_\_\_ County FSA Committee has determined you are a foreign person ineligible to receive certain program benefits. These benefits include payments and loans.

[Give appeal rights according to 1-APP (Rev. 2).]

This determination has been based on the facts as submitted. Any unrevealed circumstances could require the application of a more restrictive rule.

Sincerely,

County Executive Director

#### **D** Letters to Ineligible Foreign Entities

Insert the following statement in notification letters to ineligible foreign entities.

"Foreign entities that have been determined ineligible to receive certain benefits may request payment of the percentage of entity ownership held by U.S. citizens and/or lawful aliens. The request **must** be in writing and include the percentage of foreign ownership."

# Part 6 Payment Eligibility and Payment Limitation Determinations

# Section 1 COC Determinations

#### **351 COC Responsibilities**

#### A Introduction [7 CFR 1400.2]

COC must make the initial actively engaged in farming and eligibility reviews and determinations.

Payment eligibility determinations **must** be made within 60 calendar days after the required CCC-902, related forms, and supporting documentation needed in making payment eligibility determinations, are received in the County Office.

This table provides requirement deadlines for COC to make eligibility and actively engaged in farming determinations and producer notification.

IF CCC-902 is filed for programs	THEN make eligibility
<b>not</b> requiring actively engaged in	determinations and notify producers within
farming determinations	60 calendar days of the date the complete CCC-902
	was filed.
requiring actively engaged in farming	and actively engaged in farming determinations and
determinations	notify producers within 60 calendar days of the date
	the complete CCC-902 was filed.

#### **B** Insufficient Information

If the file does **not** contain adequate information for COC to make determinations, COC must request additional information. This does **not** extend COC's 60-calendar-day time limit to make initial determinations.

**Note:** If the file does **not** contain sufficient information for a favorable determination, COC must make the determination, based on the file as it exists, to avoid a default determination.

# **C** Determination Appeals

COC must hear appeals by applicants of the initial COC determinations of actively engaged in farming and eligibility.

# 352 COC Requirements to Make Timely Determinations

# A Overview

COC must make the initial actively engaged in farming and eligibility determinations within the deadlines established in paragraph 351.

Note: See paragraph 366 for required State Office determinations.

# **B** Definition of Default Determination

<u>Default determination</u> means all persons or legal entities are considered to be actively engaged in farming.

**Note:** Default determination only applies to actively engaged in farming and cash rent tenant provisions.

# C Rule

If COC does **not** make the initial determinations within the 60-calendar-day time limit, the applicant must receive a default determination. COC **must** still make actively engaged in farming and eligibility determinations. If the correct determination is different:

- FSA will honor the default determination for the current year, if the farm operation plan is followed **exactly**
- the proper determination will apply, if the farm operation plan is **not** followed exactly
- the proper determination will apply the following year, if the operation is **exactly** the same.

# **D** Notification to Producer

See paragraphs 390 and 391 for notification requirements of both the default and correct determination letters to the producer.

# **353** Completing CCC-903's

# A Introduction

COC must use CCC-903 to document producer determinations for payment limitation and \*--payment eligibility in all situations including, but not limited to, corrected and revised determinations. Programs for which producers make application, require specific--\* determinations for either payment limitation and/or payment eligibility (i.e. "actively engaged in farming", "cash-rent tenant" or "foreign person rules") as applicable. See paragraph 34 for program applicability.

#### **B** Documenting Determinations

Record the factors on CCC-903 that COC used to make the Payment Limitation and Payment Eligibility determinations. For programs subject to both Payment Limitation and Payment Eligibility, CCC-903 must be completed in its entirety.

# C Programs Subject to Payment Limitation Only

Complete Part A; identify the business type of the farming operation represented on CCC-902.

Complete Part B, items 1 through 10. Documenting a review of the elements affecting determinations for common attribution and substantive change.

Complete Part C, item 1 or 2 (as applicable) and items 3 and 4. A review of the contributions must be made and determined commensurate and at risk.

Complete Part E, Determinations of the Reviewing Authority:

- item 1 as it applies to Names and TIN's
- item 11 as it applies to Common Attribution
- item 13 as it applies to Substantive Change.

**Note:** Items 2 through 10 apply to determinations for "actively engaged in farming" and "cash-rent tenant" rules and must be marked "NOT APPLICABLE".

Complete Part F, signature of COC, its designee, or State Office Specialist.

Complete Part G, documenting the actions for recording the determinations in Subsidiary and Business File.

# **D** Programs Subject to Payment Limitation and Payment Eligibility

Complete CCC-903 in its entirety.

# **E** Documenting Determinations for Foreign Person Rules

After reviewing a foreign person's or foreign entity's contributions to the farming operation, document the ineligible foreign person or foreign entity in Part E, item 12.

# **354** Corrective Actions

#### A Introduction

If DD's review of COC determinations or County Office determination handling reveals errors or other problems, DD's must take immediate and appropriate action.

#### **B** Guidelines

DD's must determine the magnitude of the situation when errors or problems are discovered. Based on the magnitude, DD's must determine how to provide assistance to correct the situation.

IF the error or problem is	THEN
isolated to a small number of cases	review with COC or County Office the correct procedure and corrective action, if applicable.
Widespread	• review with COC or County Office the correct procedure and corrective action
	• contact State Office specialist to determine whether additional action, such as training, is necessary.
recurring after DD's	contact State Office specialist for assistance in correcting the
guidance to correct	situation.

DD's must use this table to decide the best way to handle situations.

# C Subsequent Review

After subsequent visits to County Offices, DD's must review to determine whether:

- errors or problems have been resolved
- COC or County Office is following procedure.

# **D** Report to State Office

DD must be prepared to report to STC or State Office any errors or problems encountered in the district.

# **355 DD Disagreement With COC Determinations**

#### **A** Introduction

DD's do **not** have authority to overrule COC determinations.

# **B** Determination Disagreements

If a disagreement on the determination **cannot** be resolved at the local level, DD must:

- submit the case with all documentation to STC for a determination
- transmit the file with a memorandum containing a short narrative explaining:
  - why COC determination is believed to be incorrect
  - DD's recommended determination.

#### **366** Required State Office Determinations

#### A Rule on Required State Office Determinations

[7 CFR 1400.2] State Office review and determination is:

- **required** in 2014 and subsequent years for initial eligibility and actively engaged in farming determinations for joint operations with 6 or more members
- **not** required in 2014 and subsequent years when **both** of the following apply:
  - State Office made eligibility and actively engaged in farming determinations for the joint operation in a previous year
  - producer certifies minor changes in the farming operation and COC determines that the changes will **not** affect determinations previously made by the State Office.
- **Notes:** State Offices are **not** required to make initial determinations for Indians receiving payment through affiliation with BIA or on lands owned by or held in trust for an Indian tribal venture.

Complex cases **must** be reviewed by STC.

COC's must **not** make or recommend a determination.

#### **366** Required State Office Determinations (Continued)

#### **B** Related Farming Operations

If State Office is required to make eligibility and actively engaged in farming determinations for a producer and the producer is also involved in another farming operation as an individual or member of a joint operation or entity:

• CCC-902's for the other farming operations are **not** required to be sent to the State Office for determination

- the applicable recording COC for the other farming operations must:
  - make the required determinations for that farming operation
  - notify the producer.

#### **C** Determination Deadlines

This table provides deadlines for the State Office to make eligibility and actively engaged in farming determinations and producer notification. See subparagraph 367 B.

IF CCC-902 is filed

determination	applicable CCC-902 is filed.	

#### **D** Default Determinations

If the State Office does **not** make the initial determinations within the 60-calendar-day time limit, the applicant must receive a default determination according to paragraph 390.

**Exception:** If there is reason to believe the additional CCC-902's would change the determination, the State Office may require CCC-902's for the other farming operations.

#### **367** Required Documentation

#### A Sending Files to the State Office

If a State Office determination is required according to this paragraph, County Offices must scan, encrypt, and email, the new or updated CCC-902's with supporting documentation to State Office no later than 3 workdays following the day CCC-902's were received in the County Office.

Supporting documentation may include:

- copy of cash or share leases
- legal documentation about:
  - corporations
  - land ownership
  - partnerships
  - trusts
- additional documentation, as required by the State Office.

#### **B** Informing Joint Operations With 6 or More Members of the State Office Determination

County Offices must inform the farming operation that:

- CCC-902 and supporting documentation, if applicable, has been sent to the State Office according to the requirement that State Offices make initial eligibility and actively engaged in farming determinations for joint operations with 6 or more members
- determination notifications will be sent from the State Office.

#### Section 4 Producer Notification of Determinations

#### **389** Notifying Producers of COC Determinations

#### A Rule

County Offices must notify producers of COC's payment eligibility and payment limitation determinations **no** later than 60 calendar days after the date the completed CCC-902 was filed.

#### **B** Types of Notifications and Requirements

County Offices must include the following types of determinations, as applicable, in the notification letters to farming operations:

- actively engaged and cash rent tenant determinations, including the application of a cropland factor
- the number of payment limitations including direct attribution and common attribution
- substantive change
- determinations for restricting the number of managers in non-family joint operations, including the record keeping requirements
- default determination and proper determination
- foreign person or foreign entity eligibility and foreign person rules.

County Offices must include the following statements in the notification letters to farming operations:

- notification of interests when the name, address, and TIN of each member, person, and legal entity, including persons and legal entities in each lower level of embedded legal entities has not been provided
- the statement, "This determination is based on facts as submitted. You are responsible for promptly notifying the County Office of any change that would affect these determinations. Any unrevealed circumstances could require the application of a more restrictive rule."
- these determinations will remain in effect for the current and subsequent years and a new farm operating plan will not be required unless a change occurs in the farming operation that would affect these determinations
- applicable appeal rights according to 1-APP.

#### **390** Default Determinations and Proper Determinations

# A Rule

Every participant must receive a Payment Eligibility determination and receive notification **no** later than 60 calendar days after submitting a completed CCC-902. If COC **cannot** make an initial determination within the required 60-calendar-day period, the producer will receive and be notified of a default determination.

A default determination applies only to determinations of Payment Eligibility, including:

- "Actively Engaged in Farming" Rules
- "Cash-Rent Tenant" Rules
- "Foreign Person Rules".

A default determination does **not** relieve COC from making a proper determination. If the proper determination is different from the default determination, notify the producer of the following:

- that FSA will honor the default determination for the current year, if the operating plan is followed **exactly** as represented to FSA
- the proper determination.

**Note:** The proper determination will apply for the:

- current year, if it is determined that the farm operating plan is **not** followed **exactly** as represented to FSA
- following year, if the farming operation is conducted **exactly** the same in the following year.

#### **390** Default Determinations and Proper Determinations (Continued)

#### **B** Notifying Producer of Default Determination and Proper Determination

Use the following sample letter to notify the producer of both the Default Determination and Proper determination.

Riverside County FSA Office Box 123 Anytown CA 92241-0123

Date

Ms. Becky Montana, President Montana Farms, Inc. P O Box 3 Anytown CA 92241-0003

Dear Ms. Montana:

The [*insert*] County FSA Committee did **not** complete its review within 60 calendar days of the date the [*insert program year*] CCC-902 was filed in the County Office. Therefore, you will receive the original determination that you sought for [*insert program year*], provided the information given accurately reflects your farming operation. Montana Farms, Inc., will be considered. [*Insert the defaultt determination response; for example; actively engaged in farming*] Any payments received by this corporation will be attributed to each stockholder listed, based on the ownership shares as represented.

The [<u>Insert]</u> County FSA Committee has completed its review of the Farm Operating Plan (form CCC-902) submitted for program year [<u>Insert Year</u>] and found the determination listed above for [<u>Insert Program Year</u>] to be [correct or incorrect]. If there are no changes in your operation for [<u>Insert following program year</u>] and subsequent years, the following determination will be effective for those years. [Insert the correct determination response; for example; actively engaged in farming]

This determination is based on the facts as submitted. Any unrevealed circumstances could require the application of a more restrictive rule.

If it is subsequently determined that the farming operation was **not** conducted as indicated on form CCC-902, the determination sought by you will no longer automatically apply, and a more restrictive determination may be applied

[Give appeal rights according to 1-APP (Rev. 2).]

Sincerely,

Tom Jones County Executive Director

## A Introduction

Use the example notification letters in subparagraphs B and C as guides when notifying participants of payment eligibility and payment limitation determinations.

#### **B** Letter for an Individual

This is an example of a letter notifying the producer of COC determination for an individual.

[Letterhead]

Date

Mr. Charles Ludlow 2342 Burke Rd Glen Rose, TX 74444

Dear Mr. Ludlow:

The Erath County FSA Committee has completed its review of your farm operating plan for [*year*]. Based on the information submitted, the Committee determined the following:

- you are "actively engaged in farming" and eligible for payments and benefits that may be requested under programs subject to the payment eligibility and payment limitation provisions
- you are restricted to one limitation for payment limitation purposes.

These determinations will remain in effect for the current and subsequent years and a new farm operating plan will not be required unless a change occurs in your farming operation that would affect these determinations.

These determinations are based on the facts as submitted. You are responsible for promptly notifying the County FSA Office in writing of any change that would affect these determinations. Any unrevealed circumstances could require the application of a more restrictive rule.

[Provide appeal rights according to 1-APP (Rev. 2) if determination is adverse.]

Sincerely,

Joe B. Grumpy County Executive Director

Dear JOINT OPERATION NAME:

The COUNTY NAME County FSA Committee has completed its review of the YEAR farm operating plan and supporting documentation for JOINT OPERATION NAME, a joint operation. The County Committee did not consider any other farming operations in which the joint operation is involved as a member of an entity or a member of another joint operation because these determinations will be made with respect to the Farm Operating Plans filed by such entities or joint operations.

Based on the information submitted, the County Committee determined that the following members of JOINT OPERATION NAME, a joint operation, are eligible for payments subject to the payment eligibility and payment limitation provisions:

Member Name	Percent Share
(MEMBER NAME)	XX

The COUNTY NAME County Committee determined each member:

- is actively engaged in farming
- (only include this statement if it applies) meets cash rent tenant rules
- is restricted to one limitation for payment purposes and payments will be attributed to each member in accordance with their ownership share. Payments to members who are entities will be attributed to members based on their ownership shares to the 4th level of ownership.

### Part 7 EYR's for 2014 and Subsequent Years

### Section 1 Selections and Notifications

### 413 Overview

## **A** Introduction

The determinations required by this handbook are made by the reviewing authority based on the producer's certification of the farming operation as represented on CCC-902's and supporting documents.

To maintain the integrity of payment limitation and payment eligibility provisions, EYR's are conducted to determine that farming operations were carried out as represented when initial determinations were made.

\*--Reviews must be completed timely and errors identified must be accurately reported.--\*

## **B** Purpose

This section provides instructions for selecting and notifying producers of EYR.

### 414 Selection Process

## **A** Introduction

Producers selected for EYR may be chosen for the following reasons:

- a judgmental selection by DAFP
- a required spot check
- an additional case selected for review by the reviewing authority.

### **B** Judgmental Selection

A judgmental selection is performed on a nationwide basis to select producers for review using criteria including, but not limited to:

- the restructure of a farming operation in the past year by the addition of a new partner, deletion of a partner, change in stockholders, etc.
- the formation of a new farming operation in the past year
- a comparison of farming operations to determine whether an individual or legal entity is involved in more than 1 operation
- farming operations earning more than a specified dollar amount.

## **C** Required Spot Checks

A default determination made according to paragraph 390 must be selected as EYR if the proper determination made according to paragraph 351 differed from the default determination.

**Note:** Determinations involving FSA employees are required to be selected for review only if selected according to this paragraph.

### 414 Selection Process (Continued)

#### **D** Additional Cases

In addition to cases that are judgmentally selected, or otherwise required to be selected, the following cases will also be selected for EYR:

- any case which the reviewing authority has reason to believe the farm operating plan was not followed as represented
- any cases considered necessary by a State Office representative to maintain program integrity.

## E Timing EYR's

Complete EYR's by the date established by STC, according to paragraph 16.

\*--State Offices are responsible for monitoring the progress to ensure reviews are completed timely. Scheduling of reviews must allow for sufficient time to complete reviews by the deadline.--\*

#### F Waiver Authority for State Offices

State Offices may waive judgmentally selected EYR's under the following circumstances:

- farming operations involving **only** a husband and wife
- farming operation was previously reviewed in the last 3 years, did **not** receive an adverse determination, **and** the reviewing authority has determined that there have been no changes that affect the original determinations
- farming operations with **all** land meeting the landowner exemption
- for 2014 and subsequent years, farming operation conducted by a corporation, LLC, trust, estate or similar legal entity with no embedded legal entities as members.

**Notes:** State Offices must record the waived judgmentally selected reviews in the EYRT System according to Section 4.

Any waiver request not within State Offices' approval authority may be sent to DAFP, along with adequate justification to support the request.

## A Overview

After being notified, the producer is responsible for providing requested documents in a timely manner. This paragraph contains information to be included in the producer notification letter and explains what the producer must do after receiving the notification letter.

## **B Producer Notification**

Producers who are required to submit documents must be notified about their selection for EYR no later than 90 calendar days before the EYR completion date established by STC according to paragraph 16.

The notification letter must contain the following:

- purpose of EYR
- documents required to be submitted
- the requirement to submit documents to the County Office within 30 calendar days
- actions that will be taken if documents are not submitted
- notification that the producer will receive results of EYR when completed.

## **C Producer Responsibility**

It is the responsibility of the producer to submit requested documents within 30 calendar days from the date requested.

**Note:** It is recognized that some requested documents, such as crop sales documents, may not be available when the producer submits other documentation. The producer must submit all documents that are available at the time. The reviewing authority must schedule follow-up action to obtain additional information if necessary.

[Date]

Wandering Brook, Inc. Fred Friendly, President 777 Lucky Day Rd Some City US 55555-1234

Dear Mr. Friendly:

Your farming operation has been selected for a 20XX payment limitation and payment eligibility end-of-year review.

End of year reviews are conducted annually on a number of farming operations and producers that are participants in various FSA administered programs. Initial payment eligibility and payment limitation determinations are made based on the producer's certification of how the farming operation will be conducted for the year.

To ensure overall program integrity, it is necessary that the producer's farming operation be reviewed and documented. Accordingly, your farming operation will be reviewed to determine whether the operation was conducted in 20XX as represented on CCC-902, Farm Operating Plan, on which the initial payment eligibility and payment limitation determinations were based.

[Delete the following paragraphs that are not applicable to the producer.]

To verify capital contributions, the following documents and information are required (*please use this letter as a checklist when responding to this request*):

- operating loan documents
- income and expense ledgers
- canceled checks for expenditures, such as:
- fertilizer
  seed
  fuel
- equipment leases and purchases
- land leases and purchases
- hired labor and management
- any other farming operation expenditures.

### 426 Required Documentation

## A Overview

Producers selected for EYR must provide adequate documents for the reviewing authority to determine that the farming operation was carried out as represented when initial determinations were made.

This paragraph contains instructions for obtaining documents to verify the entries made on CCC-902 and related forms.

## **B** What to Verify

The reviewing authority must obtain adequate documents to verify that:

- inputs used to determine significant contributions to the farming operation were significant
- contributions were commensurate with claimed shares of the farming operation
- contributions were at risk
- land ownership has been accurately reported when the landowner rules were used in the original determination
- any other pertinent factors used in making the original determination are substantiated.

## **C** Filing Evidence

County Office personnel must photocopy documents obtained during the EYR process. File the photocopies with other payment limitation documents. A sufficient number of documents used to make the determination must be filed to support the determination made by the reviewing authority.

# 426 Required Documentation (Continued)

## **D** Examples of Required Documents

- partnership agreements or articles of partnership
- trust agreements
- legal documents and contracts
- accounting records
- court records
- crop insurance documents.

## 427 Failure to Provide Documentation

### A Introduction

Producers selected for EYR must provide the reviewing authority with requested documents. This paragraph explains the adverse actions that will be taken if a producer does not comply with this requirement.

### **B** Documentation Not Provided

A producer's failure to submit EYR documentation must result in the following actions.

IF the producer	THEN the producer must be
<ul> <li>refuses to provide the requested information</li> <li>does not provide information within</li> </ul>	• determined ineligible for all programs subject to Payment Limitation and Payment Eligibility provisions for the year of the review and all subsequent years until eligibility is reestablished.
30 calendar days	• required to refund payments from all programs subject to Payment Limitation and Payment Eligibility provisions.
	• notified of the determination, and provided appeal rights
	Note: This determination does not require COC action.

**Note:** The reviewing authority may extend the deadline to provide information if merited by unusual circumstances.

## C County Office Action

After a producer is determined ineligible for payment County Offices must update the eligibility records through the eligibility or entity file.

## Section 3 Conducting Reviews

## 438 Responsibilities

## A Overview

This section provides the required action and worksheets to be used to conduct EYR's.

This paragraph provides guidelines for required action for conducting EYR's.

## **B** Review Teams

Members of the review team, established according to paragraph 17, must:

- complete the review for all cases according to paragraph 414.
- obtain additional documentation directly from producers whenever it is needed to determine that actual farming operations are or are not in compliance with approved farm operating plans
- document EYR conclusions and make recommendations for action by the initial review authority.

## **C** Determinations by Initial Reviewing Authority

The reviewing authority that made the initial determination for the producer selected for EYR must:

- thoroughly review conclusions and recommendations submitted by the review team
- collect any additional information needed to make an informed determination.

**Note:** If the State Office made the initial determination for the producer, the State Office must make EYR determination.

### 439 Completing and Documenting Reviews

#### A Information Collection and Comparison

EYR requires the following actions:

- collection of copies of all program applications, contracts, payment eligibility documentation, and payment limitation documentation submitted by the producer for the applicable year
- collections of specific business-related documents and related information for the producer's farming operation for the applicable year
- comparison of both sets of information to the rules and regulations governing payment eligibility and payment limitation for the program year subject to review.

#### **B** Results and Findings

The results and findings of the review are the basis to determine whether the producer is either of the following:

- eligible, either all or in part, for the program payments and benefits received or requested
- ineligible for the program payments and benefits received or requested for the year or years subject to the review.

#### **C** Review Activities

All review actions and activities are to be recorded with using the 5-part CCC-900 package, which includes the following:

- CCC-900-1
- CCC-900-2
- CCC-900-3
- CCC-900-4
- CCC-900-5.

#### Par. 439

### 439 Completing and Documenting Reviews (Continued)

#### **D** Review Record

The 5-part CCC-900 package:

- must be completed for each producer selected for review
- becomes the permanent record of the review
- is the basis for the recommendations to the reviewing authority for subsequent determinations for payment eligibility and payment limitation.

#### E Availability and Using CCC-900 Package

All 5 parts of the CCC-900 package:

- are available online at http://fsaintranet.sc.egov.usda.gov/dam/ffasforms/currentforms.asp

complet	e Part B to determine whether capital qualified as a significant contribution.			
		YES	NO	N//
Vas cap	ital used as a significant contribution? If "YES", complete this Part B. If "NO", go to Part C.			
Step	Action			
1	Determine how the capital used as a significant contribution was acquired.			
	Note: Check the appropriate item or items, and go to the corresponding step of Part B.			
	A. Direct out-of-pocket input by individual, entity, joint operation, or members of joint operation. Go to step 2.			
	B. Capital borrowed by individual, entity, joint operation, or member of joint operation. Go to step 3.			
2	Determinations if direct out-of-pocket capital input.			
	A. If the capital was funded by an individual, entity, or member of the joint operation, were these contributions made directly to the farming operation? If "NO", explain:			
	B. If a joint operation in which the capital is contributed by a member or members of the joint operation rather than the joint operation itself, review member accounting records, checks, and loan documents to determine amounts invested.			<u> </u>
	C. Was each member's contribution of capital commensurate with their share of the operation? If "NO", other contributions may justify the claimed share of operation:			
	D. Interview the individual, entity representative, or member of the joint operation to ensure that capital contributions were out-of-pocket if not adequately established by documentation. Determine whether they borrowed the capital to provide their contribution.			
	Was capital borrowed? If "YES", go to step 3. If "NO", go to step 4.			
3	Determination if capital was borrowed.			
	If the capital contribution was borrowed:			
	<ul> <li>A. Interview the producer to determine from whom the capital was borrowed, and annotate the lender's</li> </ul>			
	name:			
	B. Indicate the percentage of capital contribution that was borrowed:%			
	C. Review accounting records to determine whether the capital was contributed directly to the farming operation.			
	D. Arrange with the producer to contact the lender and review the loan file.			
	E. Was the loan acquired as a result of a loan being made to, guaranteed by, or secured by an individual, entity, member of a joint operation with an interest in the farming operation? If "YES", the capital contribution may not qualify as a significant contribution.

4	Determination of significant contribution.			
	A. Did the producer provide the initial reviewing authority an estimated expense report for the year?			
	(1) If "YES", verify that the contribution equals as least 50 percent of the estimated expenses.			
	(2) If "NO", how did the reviewing authority determine that the individual's or entity's contribution was equal to 50 percent of the total capital necessary to conduct the farming operation?			
	B. Based on the review of the capital represented by the farming operation as qualifying, did the farming operation or individuals meet the requirements for a significant contribution of capital?			
	(1) If "YES", the farming operation has met its significant "left-hand" contribution.			
	(2) If "NO", the farming operation has <b>not</b> met the requirements for significant "left-hand" contributions without additional "left-hand" contributions. Go to step 5.

	I used as a significant contribution? If "YES", complete this Part D. If "NO", go to Part E.	
Step 1	Action Determine how the land used as a significant contribution was acquired.	
	<b>Note:</b> Check the appropriate block or blocks and go to the corresponding step of this worksheet.	
	A. Landowner: individual, entity, or joint operation. <i>Go to step 2</i> .	
	B. Landowner: owned and contributed by members of joint operation. Go to step 3.	
	C. Crop-share lease: individual, entity, or joint operation. <i>Go to step 4</i> .	
	D. Cash-leased: individual, entity, or joint operation. <i>Go to step 5</i> .	
2	E. Land contributed by combination of methods. <i>Go to applicable steps 2 through 5</i> . Determination if land is owned by individual, entity, or joint operation.	
	Obtain and review documents supporting ownership of land, such as deeds or other title documents.	
	<b>Note:</b> If not available from the County Office, this information should be filed with the appropriate county court.	
	A. Was ownership of the land established for the applicable crop, program, or FY?	
	<b>Note:</b> If "NO", the individual, entity, or joint operation cannot qualify under the landowner provisions as actively engaged in farming.	
	B. During the review of the deed and/or title documents, determine whether the land was acquired by "Contract for Deed," "Deed of Trust," "Land Contract," or other similar arrangement.	
	Note: This is considered to be acquired as a result of a loan.	
	C. Was this land acquisition guaranteed by, or secured by an individual, entity, or other joint operation, including members, that have an interest in the farming operation?	
	<b>Note:</b> If "YES", the land cannot qualify as a significant contribution to the farming operation. Document and copy appropriate information:	
	D. If the landowner provision is used by a joint operation holding title to the land, review the joint operation agreement for dissolution of the operation.	
	Does this agreement provide that, upon dissolution, the title to the land owned or proceeds from the sale of the land will revert to the individual members according to their respective shares?	
	<b>Note:</b> If "NO", the landowner provisions cannot be used unless the regional attorney advises that state law provides that, upon dissolution of the joint operation, the land will be sold and the proceeds divided according to each member's share in the joint operation and there is no documentation otherwise.

### 450 Tracking EYR's

#### A Overview

All EYR's will be tracked using the EYRT System.

#### **B** Responsibilities

DAFP and STC or COC EYR selections and review results will be tracked in the EYRT System for all reviews conducted in an FY.

The National Program Manager is responsible for entering the DAFP judgmental selections.

State Office Specialists with payment limitation/payment eligibility responsibility must enter COC and STC selections in the EYRT System.

State Office Specialists are responsible for entering all results/findings of EYR's in the EYRT System.

#### C Submission Date

STC must establish a date or dates for County Offices to submit adequate documentation to evidence the findings of the review and the COC's determination, including any overpayments to the State Office Specialist.

The National Program Manager must annually establish the date by which reviews must be completed and results of the review loaded in the EYRT System. This date will be announced in correspondence to each State Office when the DAFP judgmental selections are announced.

### 451 Introduction to the EYRT System

### A Definition of EYRT System

EYRT System means a web-based system:

- •\*--in which National and State users can record all findings, recommendations, and--\* conclusions from EYR's completed on selected farming operations for 2009 and subsequent years' payment eligibility and payment limitation compliance purposes
- that provides reporting and summarization capabilities for EYR findings, determinations, and related information recorded for the farming operations reviewed.

### **B** EYRT Design

EYRT was designed for the following:

- recording and tracking, by participant/farming operation and program year, all EYR review findings, results, and determinations
- as source data for status reports on the completion and results of EYR's
- providing information to use when evaluating the application and the effectiveness of current payment eligibility and payment limitation provisions.

#### **C** Accessing EYRT and Versions Available

EYRT is accessible from the Payment Limitation EYR's Share Point site at <a href="https://usdagcc.sharepoint.com/sites/fsa-dafp-disaster/PL">https://usdagcc.sharepoint.com/sites/fsa-dafp-disaster/PL</a> EYR/sitepages/Home.aspx.

### 451 Introduction to the EYRT System (Continued)

#### **D** Content of EYRT Database

The EYRT database has been populated with the following:

- 2009 and subsequent years DAFP EYR selections
- additional selections as determined by State Offices.

#### **E** State Office Action

For the 2009 and subsequent EYR records, State Offices are encouraged to do the following:

- review the records for accuracy
- update the preloaded records, if necessary
- enter records for additional EYR selections made
- enter results as EYR's are completed
- periodically run various EYRT reports to check the status of review completion, and to track the results of 2009 and subsequent years EYR's.

## A Accessing the Payment Limitation EYRs Screen

The Payment Limitation EYRs Screen allows State \* \* \* users to access all options available in EYRT. To access the following Payment Limitation EYRs Screen, go to <u>https://usdagcc.sharepoint.com/sites/fsa-dafp-disaster/PL\_EYR/SitePages/Home.aspx</u>

  - LDP
  - LFP
  - LIP
  - NAP
  - PARP
  - PLIP
  - PLC
  - TAAF
  - TAP
  - RTCP
  - SMHP--\*.

### 466 Applying Average AGI Limitations (Continued)

### A Programs and Benefits (Continued)

Effective for FY's 2015 and succeeding years, conservation programs as specified under the following:

- Agricultural Improvement Act of 2018
- Agricultural Act of 2014, Title II
- Food, Conservation, and Energy Act of 2008, Title I
- Food Security Act of 1985, Title XII.

The average AGI limitation provision includes all benefits, cost-share payments, easements, and rental payments under programs such as:

- AMA
- AWEP
- CRP
- CSP
- EQIP
- any other program this provision is made applicable by statute and regulation.

•

## A Definition of AGI

## [7 CFR 1400.501] <u>AGI</u> means, for a:

- person, the amount reported to IRS on the appropriate tax filing documents as AGI
- legal entity, the comparable measure according to this handbook.

## **B** Definition of Average AGI for a Person or Legal Entity

<u>Average AGI for a person or legal entity</u> means the average AGI, or comparable measure, of the individual or entity over the 3 taxable years preceding the most immediately preceding complete taxable year for which benefits are requested.

**Note:** Exclude any years that the person or legal entity did not have taxable income. In this context, the term "taxable income" includes having \$0 of taxable income on IRS Form 1040, line 43 because of tax exemptions and tax deductions. The term "taxable income" for average AGI purposes is used in determining whether or not the person or legal entity had any income upon which a tax filing was required; not whether there was a tax liability level of income.

## 468 Average AGI Compliance Certification

## A Required AGI Compliance Certifications for Payment Eligibility

AGI compliance certifications (CCC-941) are required for payment eligibility for all:

- persons
- legal entities
- interest holders in a legal entity, including embedded entities to the fourth level of ownership interest, regardless of the level of interest held
- members of a general partnership or joint venture, regardless of the number of members
- Indians and Native Americans represented by BIA.
- **Note:** A general partnership or joint venture is not considered to be a legal entity, such as a corporation, LLP, or LLC, for the application of the average AGI limitation provisions.

## **B** Average AGI Limitation Provision Exemptions

The following are **exempt** from the average AGI limitation provision and are not required to file CCC-941:

- general partnership
- joint venture
- Federally owned
- State owned
- public schools
- Federally recognized Indian Tribes and tribally chartered entities, under Section 17 of the Indian Reorganization Act
- CRP-1's and other multi-year agreements approved and effective **before** October 1, 2008
- payments to vendors for technical services or assistance provided along with programs made applicable by statute or regulation
- payments to an escrow agent or other in similar capacity that is maintaining temporary custody with eventual disbursement to the eligible recipient.

## C Churches, Clubs, Fraternal Organizations, Societies, and Similar Associations

Persons who attend a church or belong to a club, fraternal organization, association, or similar type of entity that is requesting payments or benefits:

- do **not** hold an ownership interest in the entity
- are **not** required to submit an AGI certification for the entity to meet AGI provision.

Note: The church, club, etc. is required to provide an AGI certification.

## **D** Certifying Compliance

To comply with the AGI requirement for the applicable crop, program, or FY, a person or legal entity **must** provide either of the following:

- CCC-941 applicable to the year that program benefits are requested
- a statement from a CPA or attorney that the average AGI does **not** exceed the applicable limitation and agreement with all requirements of information disclosure. See subparagraphs F and H for the examples of acceptable statements.
  - Note: In all cases, CCC-941, items 1 through 4 and 6 through 8, must be completed and signed by the person or legal entity subject to AGI compliance for consent to \*--disclosure of tax information. Digital signatures and wet signatures that are scanned and/or FAXed or emailed are authorized.--\*

#### **E** Statements From CPA or Attorney

Statements certifying AGI compliance on behalf of a person or legal entity will only be accepted from licensed CPA's or attorneys and **must** include the following:

- CPA's or attorney's license number
- explanation for the reasons for the statement (subparagraphs F and H)
- acknowledgement of having reviewed and agrees to:
  - average AGI limitations, definitions, programs involved, and compliance requirements in 7 CFR Part 1400 regulations
  - CPA or attorney understands the tax years used to calculate the average AGI for applicable years
  - the representations made in the statement may be relied on by the Government to allow program benefits to be retained or received and that a false certification can result in sanctions including criminal sanctions for persons associated with the false representations
  - additional information may be requested by USDA, a review may by conducted by USDA, and further inquiry may be made to IRS to ensure that all information filed with USDA by all parties is true, correct, and completed
- relevant information on the most recently filed tax returns for the period in question

## E Statements From CPA or Attorney (Continued)

• if applicable, a detailed explanation of how the applicable average AGI limitations were not exceeded even though the information on the tax returns indicates otherwise.

#### AGI Enclosure 1

#### Instructions, Terms, and Conditions for CPA or Attorney Certification Statement

Certification statements will only be accepted from licensed certified public accountants (CPA's) and attorneys. Statements from enrolled agents will **not** be accepted. If a statement is submitted by a CPA or an attorney to certify compliance with an average AGI limitation for which a person or legal entity received notification of possible noncompliance, the statement **must** include the following elements:

- 1) CPA's or attorney's State license identification number.
- 2) Explanation of the reason for the certification statement (see enclosed example).
- 3) Acknowledgement of having read and understood, and agreement to, the terms and conditions of this enclosure (AGI Enclosure 1), including the following:
  - The CPA/attorney acknowledges and agrees to having reviewed and being familiar with the average AGI limitations, definitions, and compliance requirements in 7 CFR Part 1400, with the programs involved, having made such inquiries as are necessary.
  - To apprise the CPA/attorney of such matters and understands that the tax years used to calculate the average AGI are the 3 taxable years preceding the most immediately preceding complete taxable year for which program benefits are requested.
  - The representations the CPA/attorney makes in the certification statement may be relied on by the government to allow benefits to be retained or received and that a false certification can result in sanctions including criminal sanctions for those persons associated with the false representations.
  - Additional information may be requested by USDA, a review may be conducted by USDA, and further inquiry may be made to IRS to ensure that all information filed with USDA by all parties is true, correct, and complete.
- 4) Relevant information on the most recently filed tax returns for the period in question.
- 5) If applicable, detailed explanations of how the applicable average AGI limitation(s) was not exceeded even though the information on the tax returns indicate otherwise.

**Note:** The following enclosure that provides instructions, terms, conditions for CPA or Attorney Certification statements **must** be included with the notifications illustrated in subparagraphs F and H.

#### F Example of CPA or Attorney Statement for AGI Compliance

The following is an example of CPA or attorney statement for AGI compliance certification and verification purposes.

[insert name] [insert street and/or mailing address] [insert city, State, ZIP Code]

[insert date]

[insert State Office name] [insert State Office address] [insert city, State, ZIP Code]

I, [*insert name*], am [*insert "a certified public accountant (CPA)" or "an attorney" as appropriate*] practicing in [*insert city, State*]. My license identification number is [*insert license number*] in [*State*].

I have been asked by [*insert name of producer*] to certify that [*insert name of producer*] is in compliance with the average adjusted gross income (AGI) limitations for the following [*insert the applicable program year(s) and limitations*], pursuant to 7 U.S.C. 1308-3a.

I understand that an inquiry by USDA with the Internal Revenue Service (IRS) has indicated that income tax returns filed with the IRS by [insert name of producer] reported income that may exceed the applicable AGI limits. For purposes of this letter and my representations below, my "certification" is limited only to my knowledge of [insert name of producer] federal income tax returns based upon either my preparation of such returns or my readings of those returns that I did not prepare. The preparation or review of these returns was based upon the information provided by [insert name of producer]. [insert name of producer] has represented to me that the information supplied to me is, to the best of [his/her] knowledge, true, correct, and complete. In accordance with Treasury Department Circular No. 230, section 10.34 (d), I relied in good faith without verification upon the information provided by [insert name of producer]; however, I did not ignore the implications of information furnished to, or actually known by me, and I made reasonable inquiries if the information as furnished appeared to be incorrect, inconsistent with an important fact or another factual assumption, or was incomplete. This "certification" does not include any representations or assurances as to the accuracy or completeness of the information contained in [insert name of producer] federal income tax returns or imply that I have performed procedures beyond those required under Circular No. 230. In addition, this "certification" does not include any representations or assurances as to the accuracy or completeness of the information contained in *[insert name of producer]* federal income tax returns that I did not prepare.

I acknowledge that I have read, understand, and agree to, the terms and conditions of the enclosure (AGI enclosure 1) received by [*insert name of producer*] with the following conditions.

- I am relying on the information made known to me as noted above. I take no responsibility for information outside of the tax return preparation process, unless I relied upon outside information as noted in the end of this prepared statement or attachment for the purposes of explanation that [*insert name of producer*] complies with the applicable average AGI limitations.
- I have not been engaged to continually monitor the tax law for this client or to continually monitor factors related to the client's AGI or other tax calculations for the relevant years. Therefore, I am not in a position to notify the government of changes to facts or circumstances (whether or not material) that would make this certification no longer accurate.
- Under Internal Revenue Code Section 7216 and other confidentiality standards, I may only provide client information upon specific written authorization from the client to release such information, including tax return information, to a third party.

## I Verifying AGI Certifications

COC or reviewing authority **must rely on the IRS verification process or State Office Compliance Reviews to verify a participant's eligibility with average AGI provisions**.

## J Deadline for AGI Certifications and Consents to Disclose

AGI certification and consent to disclose **must** be submitted:

- according to the deadlines established by the applicable programs
- **before** issuing any program benefit subject to AGI provisions.

## **K** Multi-County Producers

Individuals or legal entities with multi-county farming interests will submit the required AGI certifications and consents to disclosure only in the recording county.

The recording county will do the following:

- accept a producer's certification of compliance of the AGI provisions
- review CCC-941 for acceptability
- set values in the eligibility file, according to 3-PL (Rev. 2)
- submit the consent CCC-941 to IRS for verification, according to paragraph 477
- if requested, share the information with other counties.

#### 469 Rules for Special Cases

#### A Acceptable Documentation

For a person or legal entity, including a foreign person or legal entity that does **not** have tax records or is **not** required to file tax returns, acceptable forms of AGI documentation may include, but are **not** limited to, the following:

- CPA or Attorney Statement
- annual budgets and statement of operations
- annual public financial disclosures
- financial statements
- other documentation as deemed acceptable by the reviewing authority.

#### **B** Multi-Year Contracts and Agreements

For program contracts and agreements that extend more than 1 crop year, program year, or FY, the average AGI determination will:

- be based on the 3 taxable years preceding the most immediately preceding complete taxable year for which the contract or agreement is approved
  - **Note:** For a successor to an approved CRP-1, the 3-year period is based on the approval date of succession, **not** on the original approval date of CRP-1. See subparagraph 470 H. The approval date of succession is the effective date of change in interest in the CRP land according to 2-CRP.
- be made once and apply for the entire term of the contract or agreement.

#### C Succession-in-Interest

The average AGI limitations, according to this part, do **not** apply to multi-year contracts; such as CRP-1's that were effective **before** October 1, 2013. The average AGI provisions in this part were **not** part of the original contract or agreement when executed.

If succession occurs to a multi-year contract or agreement that was effective:

- **before** FY 2014, the successors **will not** be subject to AGI provisions in this part on the multi-year contract or agreement
- for FY 2015 or subsequent years, the successors **will** be subject to AGI provisions on the multi-year contract or agreement.

**Note:** See Exhibit 16 for the applicable payment eligibility/limitation rules and forms required for CRP.

## A Policy for CRP-1's Approved May 13, 2002, Through September 30, 2008

Beginning May 13, 2002, an average AGI limitation became effective for certain programs including CRP.

This provision is effective beginning with the 2003 crop year. The average AGI limitation provides that an individual or entity must not be eligible to receive certain benefits during a crop year, if the average AGI of the individual or legal entity exceeds \$2.5 million and less than 75 percent of the average AGI of the individual or entity is derived from farming, ranching or forestry operations. See 1-PL for specific rules.

## B Policy for CRP-1's Approved Beginning October 1, 2008, Through September 30, 2013

The average AGI limitation provides that a person or legal entity must be ineligible to receive certain benefits during a crop year if the average AGI of the person or legal entity exceeds \$1 million, unless at least 66.66 percent of the average AGI of the person or legal entity is average **farm** AGI. See 4-PL for specific rules.

**Note:** If a succession in interest occurs to CRP-1 approved beginning October 1, 2008, the successor must meet the AGI provisions in 4-PL.

## C AGI Certification

All producers with a share greater than zero, including members of entities and joint operations must provide a certification of AGI according to 1-PL, 4-PL, 5-PL, or this handbook, as applicable. For CRP, certifications of AGI are binding for the life of CRP-1. CCC-526, CCC-926, CCC-931, CCC-933, or CCC-941, as applicable, must be filed and appropriate flags set in the subsidiary file according to 3-PL (Rev. 2) before CRP-1 is approved. AGI determinations for CRP are for the duration of the contract period. See subparagraph H for AGI requirements for CRP contract revisions.

#### D Policy for CRP-1's Approved for CRP Signup 46

No AGI limitation was in effect for CRP signup 46.

## E Policy for CRP-1's Approved Beginning October 1, 2014

The average AGI limitation provides that a person or legal entity is ineligible for payments and benefits for 2015 and subsequent FY's if the average AGI exceeds \$900,000.

## **F** Determining Which AGI Rule Applies to CRP-1 Contract

The following provides guidance on which:

- payment limitation and rules apply to CRP contracts and conservation multi-year agreements
- AGI certification form must be filed at the time of contract approval.

Original Contact Approved →	On or After May 13, 2002 and Before Oct. 1, 2008	On or After Oct. 1 2008	Oct. 1, 2013 Through Sept. 30, 2014 (FY 2014)	On or After Oct. 1, 2014
AGI Rule and AGI Limitation Amount	1-PL \$2.5 mil	4-PL \$1 mil nonfarm	Not subject to	5-PL \$900,000
Required Form	CCC-526 or CCC-526C	CCC-931 CCC-933 CCC-931C	AGI Provisions	CCC-941

**Note:** CCC-926 may have been used and was acceptable before CCC-931 was made available.

**Note:** If a succession-in-interest occurs to CRP-1 approved on or after October 1, 2014, the successor must meet the AGI provisions in 5-PL and 6-PL.

## **G** AGI Requirements for Producers Associated With Original Contracts

Beginning June 4, 2012, follow this table to determine the requirements for filing an AGI certification form for producers.

If the producer is an entity or joint operation, all members with an ownership share are required to file the applicable AGI certification if the entity/joint operation is required to file the certification.

IF the producer's		
share is	AND the producer is	THEN the AGI certification is
0 percent		not required.
greater than 0 percent	<ul><li> an individual</li><li> entity without members</li></ul>	required for the producer.
	<ul><li> joint operation</li><li> entity with members</li></ul>	<ul> <li>required for:</li> <li>the producer, except for a joint operation</li> <li>each member with an ownership share greater than 0 percent.</li> </ul>

**Note:** See the table in subparagraph F to determine which AGI certification form should be filed.

## H Contract Revisions

This table provides guidance for the requirements for filing an AGI certification form for producers and members of entities and joint operations when a contract is revised for either of the following reasons:

- new producer is added to the CRP contract
- new members are added to an entity or joint operation that has an interest in the CRP contract.
- **Note:** See the table in subparagraph F to determine which AGI certification form should be filed.

If the contract is	AND the new		
revised because	producer has	AND the producer is	THEN an AGI certification is
a new producer was	0 percent share		not required.
added to the contact	a share greater than 0 percent	• an individual	required for the year the change became effective for the producer.
		• entity without members	Example: Producer A has CRP contract #2117 with an effective date of October 1, 2014. Producer A sells the land to Producer B on September 20, 2015. Producer B informs the County Office on January 10, 2016, that he purchased the land under CRP contract #2117. Producer B must file AGI forms for 2015 (the year the

a new member is added to a joint operation or an			required for year the member was added to the operation with an ownership share greater than 0 percent.
entity with members			See exception in subparagraph I.

#### **H** Contract Revisions (Continued)

## I Exception to Year AGI Certification Must Be Filed

If a producer or member of an entity or joint operation was previously associated with the CRP contract, then the original AGI certification continues to apply for that producer or member if their role changes.

Example: John Farmer has 100 percent interest in a CRP contract approved in 2015.

Farmers LLC replaces John Farmer as a producer on the CRP contract in 2016. John Farmer is a member of Farmers LLC and has a 100 percent ownership interest in Farmers LLC.

Because John Farmer was already associated with the contract, the 2015 AGI certification continues to be applicable for John. However, an AGI certification **must** be filed for 2016 for Farmers LLC.

**Note:** The AGI certification must be for the AGI limitation applicable at the time of CRP contract approval.

## J Examples of Applicable AGI Years for Succession to CRP Contracts

In cases where there are questions on CRP contract provisions, contact the appropriate program division. For AGI questions, contact the Safety Net Division. In all cases, review 2-CRP. The following are examples of applicable AGI years for succession to CRP contracts:

- **CRP Rule for Original Contract Holders**. For effective date of contract, see 2-CRP. Skip the previous year of the initial contract year and use the 3 years before the initial year of the contract, as follows.
  - Original contract holder's contract was approved by COC on June 1, 2011. Contract is effective October 1, **2011**. First payment is October 2012. 2007, 2008, and 2009 are used for **2011** AGI.
  - Original contract holder's contract was approved by COC on June 1, 2011. Contract is effective October 1, **2012**. First payment is October 2013. 2007, 2008, and 2009 are used for **2011** AGI.
    - **Note:** The AGI certification must be for the AGI limitation applicable at the time of CRP contract approval.
- **CRP Rule for Successors.** Start with the date that caused the succession (date the land was purchased; date of inheritance), skip the previous year and use the 3 years before that.
  - Successor purchased land June 1, 2012. County Office is notified August 1, 2012. COC approved successor on October 1, 2012. Effective date of succession is determined according to 2-CRP as June 1, 2012. 2008, 2009, and 2010 are used for **2012** AGI.
  - Successor inherited land June 1, 2012. County Office is notified January 12, 2013. COC approved successor on January 19, 2013. Effective date of succession is determined according to 2-CRP as June 1, 2012. 2008, 2009, and 2010 are used for **2012** AGI.

## A AGI Waiver

The Administrator or NRCS Chief may waive the limitation under this section on a case-by-case basis for the protection of environmentally sensitive land of special significance. A waiver request must:

- be in writing
- show that use of conservation program funding on or adjacent to environmentally sensitive land of special significance is critical to the success of a project that provides conservation benefits to multiple producers or landowners in a community, watershed, or other geographic area
- demonstrate that the proposed action achieves enduring protection of environmentally sensitive land of special significance through use of a long-term agreement that is greater than 15 years in duration or through use of a deed restriction on the land
- present evidence that otherwise demonstrates, as determined by the Administrator or NRCS Chief, that the waiver is necessary to address the critical natural resources referenced in the definition of "environmentally sensitive land of special significance".

Note: A waiver does not mean the applicant does not need to file CCC-941.

## 472 Determining AGI and Average AGI

# A Determining Total AGI (Farm and Nonfarm)

Determine AGI according to the following table.

IF certification is by	THEN AGI is the	
a person filing a separate	amount reported as AGI on the final IRS tax return for the	
tax return	person for the applicable year.	
a person filing a joint tax	full amount reported as AGI on the final IRS tax return for the	
return	applicable year.	
	<b>Exception:</b> A certification is provided by CPA or an attorney that specifies what the amounts would have been	
	if separate tax returns would have been filed for	
	the applicable year.	
an LLC, LLP, LP, or	income from trade or business activities <b>plus</b> the amount of	
similar type of	guaranteed payments to the members as reported on the final	
organization	IRS tax returns for the applicable year.	
an estate or trust	adjusted total income <b>plus</b> charitable deductions as reported on	
	the final IRS tax return for the applicable year.	
a corporation, including	total taxable income <b>plus</b> the amount of charitable contributions	
subchapter S corporation	as reported on the final IRS tax return for the applicable year.	
a tax-exempt or	unrelated business taxable income as reported to IRS less any	
non-profit organization	income that CCC determines to be from noncommercial sources.	

## **B** Using IRS Data for AGI Determinations

This table provides guidance on AGI determinations using data reported to IRS.

IF determining	THEN see

estates or trusts	1041	line 22 (taxable income) <b>plus</b> line 13 (charitable	
		deductions).	
		<b>Note:</b> Beginning in 2018, line 23 (taxable income) plus line 13 (charitable deductions).	
LLC's, LLP's,	1065	line 22 (total income from trade or business) <b>plus</b> line 10	
LP's, or other		(guaranteed payments to partners).	
similar type			
organization	1040		
persons	1040	line 37 (AGI).	
		Note: Beginning in 2018, line 7 (AGI).	
tax-exempt or	990-T	line 34 (unrelated business taxable income) minus income	
charitable		that CCC determined to be from noncommercial activity.	
organizations			
		Note: Beginning in 2018, line 38 (unrelated business	
		taxable income) minus income that CCC	
		determined to be from noncommercial activity.	

**Note:** See **Exhibit 17** for examples and illustrations of various tax forms and line items commonly used in the determination AGI for persons and legal entities. Variations of the referenced IRS tax forms, or comparable forms, may apply in which the line items for the appropriate income amounts will be different.

## C Applicable Years for Determining Average AGI

Use this table for applicable years to be used for determining average AGI.

IF crop year is	THEN Average AGI will be based on the following years
2011	2007, 2008, and 2009.
2012	2008, 2009, and 2010.
2013	2009, 2010, and 2011.
2014	2010, 2011, and 2012.
2015	2011, 2012, and 2013.
2016	2012, 2013, and 2014.
2017	2013, 2014, and 2015.
2018	2014, 2015, and 2016.
2019	2015, 2016, and 2017.
2020	2016, 2017, and 2018.
2021	2017, 2018, and 2019.
2022	2018, 2019, and 2020.
2023	2019, 2020, and 2021.

## **D** Determining Average AGI

Determine the average AGI according to the following table.

IF determination is for a	THEN average AGI is the average	
• person	of AGI, including losses, for the 3 taxable years	
_	preceding the most immediately preceding complete	
• legal entity in business for <b>all</b>	taxable year.	
of the applicable 3-year period		
	Note: This includes legal entities <b>not</b> required to file	
	an IRS tax return or legal entities that did <b>not</b>	
	have taxable income in 1 or more years of the	
	applicable 3-year period.	
legal entity <b>not</b> in business for all	AGI, including losses for only the years in the base	
of the applicable 3-year period	period that the new legal entity was in business.	

## **E** AGI Compliance Worksheet

\*--For AGI compliance determinations, use worksheet in paragraph 486.--\*

## **F** Rule for New Entity

A new legal entity must **not** be considered new to the extent that it takes over an existing operation and has any elements of common ownership or interests with the preceding legal entity, or persons and legal entities, with an interest in the old legal entity.

The income of the old legal entity will be averaged with the income of the new legal entity for the base period if any of the elements of commonality are present.

Example for 2014:	Twin Falls Corporation is comprised of Joe Plummer (50 percent) and John Plummer (50 percent).		
	The average AGI from the 3 complete taxable years 2010, 2011, and 2012 for Twin Falls Corporation was \$900,000. Twin Falls Corporation had \$1 million AGI in 2013.		
Twin Falls Corporation met the average \$900,000 AGI limitation therefore, was determined eligible for 2014 PLC program benef			
Example for 2015:	Plummer LLC is comprised of Joe Plummer (5 percent), John Plummer (5 percent), and Twin Falls Corporation (90 percent).		
	Plummer LLC takes over the farming operation previously represented as Twin Falls Corporation.		
	The average AGI for Plummer LLC for 2015 payment eligibility purposes will be \$ the average AGI of Twin Falls Corporation for the years 2011, 2012, and 2013. Twin Falls Corporation had \$1 million AGI in 2013; \$900,000 AGI in each of the tax years 2011 and 2012. The average AGI for Plummer LLC for 2015 payment eligibility is \$933,330 (average of \$1 million, \$900,000, and \$900,000). Plummer LLC does not comply with the \$900,000 AGI limitation and therefore,		

is not eligible for 2015 PLC program benefits.

#### **G** Section 179 Depreciation Expense

Section 179 depreciation expense is an elected expense that may reduce AGI, if it is not elected on the applicable tax return, then it may be considered the AGI of the following:

- individual
- partnership
- corporation
- Subchapter S corporation
- LLC.

Note: An estate or trust cannot make this election.

See **Exhibit 18** for additional information, examples, and illustrations of the location of section 179 depreciation amounts, if calculated and elected, on the appropriate IRS tax forms.

## 473 Average AGI Compliance Reviews

## Par. 473

## A Selecting Cases

Reviews for compliance with average AGI provisions may be:

- initiated by a COC through a STC representative
- STC representative
- selected on a nationwide basis by DAFP.

## **B** Verifying Compliance

Information necessary to verify compliance with the average AGI provisions includes, but is not limited to, the following:

- balance sheets
- financial statements
- information prepared for a private lender
- Federal and State income tax returns
- reports prepared for other Government agencies
- other credible information of income for the qualification period
- statement prepared by CPA or an attorney on behalf of the individual or legal entity that verifies compliance of the individual or legal entity with average AGI provisions for the applicable qualification period.
- **Note:** Federal and State income tax information may be requested by the reviewing authority if that is the only means to establish compliance with the average AGI provisions.
- The reviewing authority must safeguard the confidentiality of the information provided.
- **Note:** Ensure that information provided by program participants to verify compliance with average AGI provisions is **not** released to others or in response to requests under FOIA.

## 473 Average AGI Compliance Reviews (Continued)

## **C** Notification

Program participants selected for review must be notified in writing of the following:

- nature and reason for the review
- suggested sources and types of information most descriptive and illustrative
- established deadline to provide the information to the reviewing authority
- identity of the reviewing authority
- mailing address of the reviewing authority
- consequences of the failure to timely provide the requesting information.

## **D** Failure to Provide Information

Failure to provide correct and accurate information, in the time prescribed in the notification letter, to establish compliance with the average AGI provisions will result in any or all of the following:

- ineligibility for all program payments and benefits subject to the average AGI requirements for the applicable years
- required refund of these program payments and program benefits
- possible prosecution under civil or criminal statutes
- record the SED determination as "Not Compliant-Review" in subsidiary, according to 3-PL (Rev. 2)

## **E** Written Notice of Ineligibility

If requested information is **not** timely provided to the reviewing authority:

• notify the program participant of their ineligibility for payments and benefits from the applicable programs

Note: See example notification letters in paragraph 488.

• include appeal rights according to 1-APP.

## \*--473.5 CPA/Attorney Average AGI Certification Statement Compliance Reviews

## A Selecting Cases

Compliance reviews for producers submitting CPA or attorney certification statement to satisfy average AGI provisions may be:

- initiated by COC through the STO specialist;
- initiated by STC representative; or
- selected on a nationwide basis by DAFP.

## **B** Verifying Compliance

STO specialist with responsibility for Payment Eligibility must verify that CPA and attorney certification statements accurately reflect selected producer's AGI as reported on income tax returns and supporting documentation or other equivalent documents.

Federal income tax returns must be compared to CPA and attorney certification statements unless the selected producer did not file Federal income tax returns during the applicable three-year period.

If income tax returns were not filed, other credible information for the qualification period may be used.

The STO specialist must safeguard the confidentiality of the information provided.

**Note:** Ensure that information provided by program participants to verify compliance with average AGI provisions is **not** released to others or in response to requests under FOIA.

## C Notification

Program participants selected for review must be notified in writing of the following:

- nature and reason for the review
- information requested
- established deadline to provide information to the reviewing authority
- identity of the reviewing authority
- mailing address of the reviewing authority
- other methods of document submission if applicable, such as email, fax, etc.
- consequences of the failure to timely provide the requested information.--\*

## \*--473.5 CPA/Attorney Average AGI Certification Statement Compliance Reviews (continued)

## **D** Failure to Provide Information

Failure to provide correct and accurate information, in the time prescribed in the notification letter, to verify compliance with the average AGI provisions will result in the following:

- ineligibility for all program payments and benefits subject to the average AGI requirements for the applicable years
- required refund of these program payments and program benefits
- possible prosecution under civil or criminal statutes
- recording of the SED determination as "Not Compliant-Review" in subsidiary, according to 3-PL (Rev. 2).

## E Written Notice of Ineligibility

If requested information is **not** timely provided to the reviewing authority:

• notify the program participant of their ineligibility for payments and benefits from the applicable programs

Note: See example notification letters in paragraph 488.

• include appeal rights according to 1-APP.--\*

## A CSCRT Definition and Design

<u>CSCRT System</u> means a web-based system:

- in which National and State users can record all findings, recommendations, and conclusions from CSCR reviews completed on selected farming operations for 2019 and subsequent years
- that provides reporting and summarization capabilities for CSCR reviews and related information recorded for the farming operations reviewed.

CSCRT System was designed for the following:

- recording and tracking, by participant/farming operation and program year, all CSCR review findings, results, and determinations
- as a data source for status reports on the completion and results of CSCR's.

#### **B** Responsibilities

DAFP and STC or COC selections and compliance review results will be tracked in the Certification Statement Compliance Review Tracking (CSCRT) System on the Payment Limitation EYR SharePoint at https://usdagcc.sharepoint.com/sites/fsa-dafp-disaster/PL\_EYR/SitePages/Home.aspx.

The National Program Manager is responsible for entering the DAFP selections.

State Office Specialists with payment eligibility responsibility must enter COC and STC selections in the CSCRT System.

#### C Submission Date

The National Program Manager must annually establish the date by which reviews must be completed and results of the review loaded in the CSCRT System. This date will be announced in correspondence to each State Office when the DAFP selections are announced.

## **A** Commensurate Payment Reductions

[7 CFR 1400.503] Any payment and benefit earned by a legal entity or joint operation must be reduced by an amount that is commensurate with the direct and indirect interest of any member or shareholder who either:

- is determined to have an average AGI in excess of the limitations
- fails to timely submit a certification statement.

Ownership interest in a legal entity must be reviewed to the fourth level, if applicable, to determine applicable commensurate share reductions.

Note: If the fourth level ownership interest is **not** held by a **person**, that share is **not** eligible for payment or benefits.

## **B** Applying Commensurate Payment Reductions

Commensurate payment and benefit reductions apply to:

- the crop year, program year, or FY
- all program payments and benefits to which average AGI applies.

## 475 Average AGI and NRCS Programs

## A Data-Sharing With NRCS

## NRCS:

- administers some programs that are subject to average AGI limitation requirements
- has program coordination and delivery responsibilities.

FSA has the responsibility for determining average AGI compliance for applicable persons and legal entities.

Upon request from NRCS, FSA will supply average AGI compliance data for the persons and legal entities specified in the request.

If FSA has records on file for the person or legal entity, FSA will provide NRCS read access to the subsidiary eligibility data through Web service.

## **B** AGI Certification Statements Not on File

If an AGI certification statement is **not** on file for a participant in an NRCS-administered program:

- NRCS will request the AGI certification from the person or legal entity
- FSA will make the corresponding average AGI compliance determination
- provide the same information to NRCS as specified in subparagraph A.

#### C FSA and NRCS Administrative Responsibilities

**When made available**, see Exhibit 19 for the Memorandum of Agreement between NRCS, FSA, and CCC for implementing common provisions, including payment eligibility and payment limitation provisions, through September 30, 2023.

## 476 Verifying Average AGI Certifications

## A Required Verification of Average AGI

The review and verification of average AGI compliance certifications submitted by persons or legal entities is required to:

- ensure the accuracy of payments
- maintain the integrity of programs subject to average AGI limitations
- prevent issuing program payments to persons and legal entities that are not in compliance with the average AGI limitations.

## **B** Data Exchanged Between FSA and IRS

FSA and IRS have finalized a data-sharing process for average AGI compliance and verification. IRS will report the results of this process to FSA on a regular basis. FSA will use this information to determine the following:

- whether a program participant complies with the average AGI limitations
- if further review is required.

## C State and County Office Duties and Responsibilities

State and County Office duties and responsibilities include the following:

- publicize average AGI limitation provisions
- provide persons or legal entities copies of CCC-941
- make available the fact sheets on the average AGI provisions and the AGI verification process
- emphasize the importance that all program participant persons or legal entities timely complete and submit CCC-941.

#### \*--D Steps for Timely AGI Validation

Producers who file CCC-941 are AGI eligible for 180 days from the producer certification date. County Offices will ensure that an IRS determination or State Office/SED determination is received within 180 days of the producer filing a completed CCC-941.--\*

## 476 Verifying Average AGI Certifications (continued)

# \*--D Steps for Timely AGI Validation

County Offices are responsible for performing the following steps when a producer files CCC-941 to ensure a timely AGI determination.

Step	Action
1	Ensure that the customer name and tax ID are legible and match how the customer files taxes.
2	Ensure that the customer name and tax ID in Business Partner match CCC-941.
	<b>Reminder:</b> The TIN verification process through MIDAS/Business Partner is separate from the AGI compliance verification process.
	Generate reports from Business Partner to identify customers where the IRS Tax ID verification response returned an error. Business Partner also identifies whether the customer record is the "paying entity" (DPE Flag). Use Business Partner to assist in determining what actions should be taken to resolve records of AGI mismatches or failed verifications.
3	Ensure that the AGI 2014 and 2018 Farm Bills producer certification in Subsidiary is updated as described in 3-PL prior to mailing CCC-941 to IRS.
4	Ensure that the AGI 2014 and 2018 Farm Bills producer certification date is entered accurately in Subsidiary with the date the producer filed CCC-941.
5	Send CCC-941 and IRS-3210 to IRS according to paragraph 476.5.
	<b>Note:</b> Beginning in Subsidiary year 2020, if the system automatically determines the customer as "Compliant – FSA Determined", County Offices are not required to send CCC-941 to IRS unless the customer is applying for an FSA or NRCS multi-year Conservation Program.

Step	Action
7	Review the "IRS Mismatch Report" available under the "Subsidiary Reports" tab weekly to determine if IRS has sent data back to the Subsidiary System and the IRS Response Code was not validated in Business Partner with "TIN and Name Match" or "Manually Validated", or the producer's name and/or Tax ID did <b>not</b> match the information received from IRS.
	<b>Reminder:</b> County Offices must also review the IRS mismatch report for producers without a State/county. If the tax ID in Business Partner was incorrect then the mismatch report cannot find a State/county with which to tie the mismatch.
8	If the producer is on the IRS Mismatch Report, State Office must update the State Office/SED determination to "Mismatch Verified" if the producer is compliant or compliant producer on the report.
9	If the above steps have been completed and the producer does <b>not</b> receive an IRS determination and is <b>not</b> on the IRS mismatch report 30 calendar days from the date CCC-941 was sent to IRS, resend CCC-941 with a new IRS-3210 to IRS. County Offices will make 3 attempts to submit CCC-941 and IRS-3210 to IRS to receive a determination.
10	When a producer's CCC-941 will not successfully pass IRS verification <b>and</b> the producer is not on the IRS mismatch report after 3 attempts to submit CCC-941 to the IRS, the <b>State Office shall complete and document all of the following</b> :
	• obtain documentation from the County Office that at least 3 attempts were made to send the producer's AGI certification to IRS
	• obtain verification from County Office or other State Office personnel that all actions in Steps 1 through 9 have been completed

## \*--476.5 AGI Validation Fax2Mail Process

## A Submitting CCC-941 to IRS

CCC-941 is submitted electronically to IRS using Fax2Mail. The following table summarizes the IRS Fax2Mail process.

Action	
County Office scans a completed IRS FAX cover page, IRS-3210, and CCC-941	
and saves the documents into a PDF file to the County Office shared drive	
according to subparagraph B.	
County Office submits the saved PDF file to IRS using USDA's Fax2Mail	
service.	
IRS returns a USDA Acknowledgement Log to the County Office using	
Fax2Mail within 5 workdays.	
Within 30 workdays, IRS will do either of the following:	
• return IRS Letter 6432 and CCC-941 by Fax2Mail to the County Office when CCC-941 is deemed unacceptable	
<ul> <li>transmit the IRS determination of eligibility to the Kansas City office for use in updating the customer's Subsidiary record.</li> </ul>	
-	

## **B** Creating IRS Folder on Shared Drive

County Office users will create an IRS folder on the County Office's shared drive to save the following:

- IRS-3210's and CCC-941's sent to IRS
- USDA Acknowledgement Log from IRS confirming transmission receipt.

## C IRS Fax2Mail County Office Requirements

County Offices must:

- review the PDF file to ensure that pages are legible and oriented with the top of the page facing up
- attach the saved PDF file to the email and send to IRS using Fax2Mail
- limit the PDF file size to no more than **25 pages**, including the IRS FAX cover page and IRS-3210

Note: Only the first page of CCC-941 is required to be scanned and sent to IRS--\*

# Par. 476.5

# C IRS Fax2Mail County Office Requirements (continued)

• send producer CCC-941's to IRS as soon as a complete batch is available

**Note:** Monitor signature dates and submit smaller batches as necessary to ensure timely IRS receipt and compliance with the IRS 120-calendar-day signature requirement.

- ensure that:
  - IRS FAX cover page is updated with the program year according to subparagraph D;
  - IRS-3210 is annotated with the program year according to subparagraph E;
  - attached CCC-941's are from the same program year indicated on IRS-3210;
  - submissions are sent to the IRS FAX number at **844-253-9759**;
  - Fax2Mail was successfully transmitted to IRS; and
  - failed or incomplete transmissions are resubmitted.

**Note:** The Service Center FAX number must be included on IRS-3210 and CCC-941 for IRS to return confirmation receipts and rejections.

# **D** IRS FAX Cover Page

County Offices must use the IRS FAX cover page for submissions to IRS. The IRS FAX cover page must be updated to reflect the program year of the attached CCC-941's by updating the "YEAR" field on the upper right-hand side of the cover page.

**Note:** Beginning June 1, 2022, IRS will no longer accept prior versions of the IRS FAX cover page.--\*

#### 477 Disclosing Information

#### A Written Consent for IRS to Disclose Information

The average AGI verification process begins with FSA's referral of the person's or legal entity's AGI certification and written consent to IRS to:

- use tax information on file
- disclose certain tax-related information to CCC/FSA for AGI compliance verification purposes.

#### **B** Consent From an Individual

CCC-941 is to be used by an individual with a Social Security number that is either of the following:

- a program participant
- a member of a legal entity that is a program participant.

#### C Consent From a Legal Entity

CCC-941 is to be used by a legal entity with EIN that is either of the following:

- a program participant
- a member of another legal entity that is a program participant.

# Note: CCC-941 must be submitted under the same name and TIN as used for tax filing purposes.

**Example:** A revocable trust or LLC identified by the grantor's or stockholder's Social Security number must submit CCC-941 for an individual with the grantor's or stockholder's name. The name of the revocable trust or LLC must **not** be included on CCC-941. The AGI compliance values in the revocable trust's or LLC's Producer Eligibility file must be updated according to the grantor's or stockholder's certification on **CCC-941** as verified by IRS.

#### 477 Disclosing Information (Continued)

#### **D** Time Period of Consent for Disclosure

Selection of the 2011 or subsequent program year applies to persons or legal entities:

- in programs subject to compliance with the \$900,000 average AGI limitation for the 2011 or subsequent year
- who filed CCC-941 with an acceptable statement from CPA or attorney for the appropriate years' average AGI compliance and information disclosure.

**Note:** Persons or legal entities are to indicate only the year for which program payments are requested.

#### E Validity of Written Consent

Consent for the disclosure of tax information is valid only if received by IRS within 120 calendar days of the signature date affixed on CCC-941.

#### **F** Privacy and Confidentiality Safeguards

Follow the actions described in the following table to safeguard the privacy and confidentiality of the information provided by the program participants.

IF the person or legal entity is required to	THEN FSA personnel are required to
complete CCC-941, as:	• accept all CCC-941's for program

#### 477 Disclosing Information (Continued)

#### G CCC-941 Availability

Blank CCC-941's will be available:

- to all participants' programs subject to compliance with the \$900,000 AGI limitation
- online at http://intranet.fsa.usda.gov
- at each FSA Service Center.

#### H Incomplete or Illegible CCC-941's

All CCC-941's received and considered unacceptable by IRS will:

- be returned to the FSA Service Center's address listed on CCC-941
- include IRS Notice 1398, reason for rejection
- include the requirement to submit a new, completed CCC-941.

FSA Service Center personnel will contact the person or legal entity to:

- explain the reasons for rejection
- assist the person or legal entity in correctly completing and submitting to FSA a correct CCC-941.

**Note:** See Exhibit:

- 21 for an example of IRS Notice 1398
  - **Note:** IRS Notice 1398 is generated by the IRS only when CCC-941, submitted for verification, is rejected for the reasons specified on the notification.
- 22 for explanation of IRS rejection messages and recommended FSA actions.

### I Failure to Submit Completed CCC-941's

Persons or legal entities that choose **not** to submit a completed CCC-941 will be:

- determined noncompliant with the \$900,000 AGI limitations for the applicable crop year, program year, and FY's
- determined ineligible for program benefits for the year that benefits were requested
- required to refund **all** payments received under the programs, subject to the average \$900,000 AGI limitation received for the applicable year.

### 478 Average AGI Compliance Certification and Consent to Disclosure of Tax Information

### A Acceptance of CCC-941's

County Offices must accept **only** complete CCC-941's. A complete CCC-941 consists of either of the following:

- CCC-941 with all items completed
- CCC-941 with items 1 through 4 completed, Part B signed by the person or legal entity, and a statement from an attorney or CPA that meets the requirements in paragraph 468.

If a person or legal entity chooses to provide an attorney or CPA statement, both the statement and CCC-941 **must** be submitted to the State Office Reviewing Authority **before** CCC-941 is considered complete and AGI compliance values may be updated in the Producer Eligibility file.

# \*--B Digitally Signed, FAXed, and Scanned CCC-941's

Digitally Signed, FAXed, and scanned CCC-941's may be accepted if:--\*

- all requirements of 1-CM are met
- these actions do **not** alter the existing fiduciary capacities or approved signature authorities.

# C Signature Authority for CCC-941's

The authority for an individual to complete and sign CCC-941 on behalf of another individual or legal entity:

- **must** be compatible and acceptable to **both** FSA and IRS
- is more restrictive than 1-CM provisions for FSA program purposes.

# Note: FSA-211 cannot be used as evidence of signature authority.

### **D** Filing CCC-941's for Deceased Persons

CCC-941 for an individual, now deceased, may be filed by any of the following:

- surviving spouse
- individual other than surviving spouse who is authorized to represent the deceased individual
- entity responsible for filing, or will cause the filing, of the final Federal tax return for the deceased individual.

Proof of authorization **must** be provided by all individuals and entities, **except** the surviving spouse. Proof of authorization includes, but is **not** limited to, the following:

- court order of appointment
- trust agreement
- will.

Proof of authorization to represent the deceased individual **must** be attached to CCC-941 when referred to the IRS.

Consult with the regional attorney on all questionable cases.

This policy is applicable **only** to CCC-941's because filing CCC-941's:

- will ordinarily be a 1-time occurrence
- is compatible with the IRS requirements applied to tax and related forms filed with the IRS on behalf of deceased individuals
- is consistent with the regulation at 7 CFR Part 707 in that the claimant for such payment or benefit earned by the deceased individual when living now has authority to seek or apply for the decedent's payment.

Policy in this subparagraph is for CCC-941's **only**. Follow 1-CM for signature authority and processing all other forms for FSA and CCC program purposes.

## E Completing CCC-941's for 2011 and Subsequent Years

Complete CCC-941's according to the following table.

Item	Instruction
1	Enter name and address of the FSA County Office or Service Center of the
	recording county of the person or legal entity.
2	Enter the name and address of the person or legal entity that is requesting benefits under any of the commodity, price support, conservation, or disaster assistance
	programs.
	<b>Note:</b> Enter the same name and address as used on filed tax returns if the name and address on record at FSA is different.
3	Enter complete SSN or TIN of the person or legal entity represented in item 2.
4	Enter the year for which program benefits are being requested. Enter only 1.
	<b>Note:</b> The year selected determines the 3-year period that will be used in the calculation of the applicable average AGI for payment eligibility.
5	Select the response that describes the average AGI (all income from both farm and nonfarm sources) for the applicable 3-year period selected in item 4. Select only 1.
6	Read the acknowledgments, responsibilities and authorizations, <b>before</b> affixing signature.
	For all types of entities, CCC-941 must be signed by a duly authorized representative.
7	Enter the title or relationship if signing in a representative capacity.
8	Enter the signature date in month, day, and year format.

**Note:** CCC-941 may be used for average AGI compliance certification and consent to disclosure for a year before 2011, but **only** for the \$900,000 AGI limitation amount. See paragraph 465.

#### GENERAL INFORMATION ON AVERAGE ADJUSTED GROSS INCOME – PART A

Individuals or legal entities that receive benefits under most programs administered by CCC cannot have incomes that exceed a certain limit set by law. For entities, both the entity itself, and its members cannot exceed the income limitation. If a member, whether an individual or an entity, of an entity exceeds the limitation, payments to that entity will be commensurately reduced according to that member's direct or indirect ownership share in the entity. (All members of the entity must also submit this form to verify income the limitation is met.)

Adjusted Gross Income is the individual's or legal entity's IRS-reported adjusted gross income consisting of both farm and nonfarm income. A three-year average of that income will be computed for the three years of the relevant base period identified on the first page of this form to determine eligibility for the applicable program year. Individuals or legal entities with average adjusted gross income greater than \$900,000 shall be ineligible for all payments and benefits under the commodity, price support, disaster assistance, and conservation programs.

#### HOW TO DETERMINE ADJUSTED GROSS INCOME (AGI)

Individual - Internal Revenue Service (IRS) Form 1040 filers, specific lines on that form represent the adjusted gross income and the income from farming, ranching, or forestry operations.

Trust or Estate - the adjusted gross income is the total income and charitable contributions reported to IRS.

Corporation - the adjusted gross income is the total of the final taxable income and any charitable contributions reported to IRS.

Limited Partnership (LP), Limited Liability Company (LLC), Limited Liability Partnership (LLP) or Similar Entity – the adjusted gross income is the total income from trade or business activities plus guaranteed payments to the members as reported to the IRS.

Tax-exempt Organization – the adjusted gross income is the unrelated business taxable income excluding any income from non-commercial activities as reported to the IRS.

#### HOW TO DETERMINE AVERAGE ADJUSTED GROSS INCOME

The period for calculation of the average AGI will be of the three taxable years preceding the most immediately preceding complete taxable year for which benefits are requested. This table shows examples for applicable years to be used in determining average AGI.

IF the crop year is	THEN Average AGI will be based on the following years
2019	2017, 2016, and 2015
2020	2018, 2017, and 2016
2021	2019, 2018, and 2017
2022	2020, 2019, and 2018
2023	2021, 2020, and 2019

#### GENERAL INFORMATION ON CONSENT TO DISCLOSURE OF TAX INFORMATION – PART B

This consent allows IRS's access to, and use of, certain items of return information to perform calculations, using a methodology prescribed by the USDA, that will assist USDA in its verification of a program participant's compliance with the adjusted gross income (AGI) limitations necessary for participation in, and receipt of, commodity, conservation, price support or disaster program benefits. This consent also permits the USDA to receive certain items of return information for its eligibility determination.

This consent authorizes the disclosure of these items of return information for only the time period specified. Each item of information requested on this form is needed for the IRS to (1) locate, and verify, your tax information; (2) perform the requisite Average AGI calculations; and (3) provide the USDA with the legal entity's name and Taxpayer Identification Number (TIN), the type of return from which the specified items were located for use in the calculation, and whether or not the average AGI is above or below eligibility requirements. The IRS will not provide the USDA with any of the items specified on this consent form that it uses to perform the calculations or the average AGI figure.

This form can only be signed by the person authorized under state law to sign this consent for the legal entity identified in Item 2. <u>An approved Power of</u> <u>Attorney (Form FSA-211) on file with USDA cannot be used as evidence of signature authority when completing this form.</u>

#### 479 Submitting CCC-941's to IRS (Continued)

#### **B** CCC-941's Not Required To Be Submitted to IRS Beginning in FY 2020

CCC-941's are not required to be sent to IRS if the person or legal entity has received any of the following IRS or State Office/SED determinations in all 3 prior FY's:

#### • IRS Verification/Determinations:

- Compliant Producer
- Compliant less than 3 years

#### • State Office/SED Determinations:

- Compliant Review
- Mismatch Verified.

CCC-941's not sent to IRS will be determined "compliant – FSA determined" for the current FY. Person and legal entity eligibility flags updated with the IRS determination "compliant – FSA determined" for the current year will require an IRS determination in the subsequent year.

See 3-PL (Rev. 2) for detailed messaging that County Offices will receive when recording the producer's AGI certification and date documentation filed.

### C FY 2021 and Subsequent Year IRS Submissions

To effectively maintain integrity in the AGI certification process, FSA will require an IRS determination at least bi-annually (once every other year) for all producers submitting CCC-941 unless any conditions identified in subparagraph A apply.

#### 480 Review and Validation Process

#### A IRS Calculations and Comparisons

For each CCC-941 submitted to IRS, IRS will:

- match person's or legal entity's supplied information with IRS tax records and filings
- perform a series of calculations to determine AGI and average AGI amount for the applicable 3-year period
- compare calculated amounts to established average AGI limitation amount
- report the results of the data-matching and calculations to FSA on a regular basis.

#### 480 Review and Validation Process (Continued)

#### **B** IRS Results Reported to FSA

IRS provides results to FSA indicating the following information:

- whether or not the person or legal entity appears to meet the average AGI limitation
- number of years in the applicable 3-year period that tax data was available for the person or legal entity and used in the calculations
- IRS forms series on file and used in the data comparison for each person or legal entity.

IRS does **not** provide to FSA the following:

- dollar amounts representing the person's or legal entity's income
- AGI or average AGI amount calculated and used in the comparison
- a determination whether or not the person or legal entity is eligible or ineligible for payments under program that are subject to average AGI compliance.

#### C Receipt and Storage of Data From IRS

The information transferred from IRS to FSA is:

- received and stored in a secure database
- only accessible by authorized personnel
- used only in the AGI verification process
- **not** releasable under FOIA
- **not** available for any other purposes or uses.

#### **D** Using Data Received From IRS

The data received from IRS will be:

- validated with SCIMS and producer eligibility records
- the foundation of reports to be used for AGI compliance verification purposes.

#### 481 Average AGI Compliance Reports

### A Reports

The average AGI compliance reports will identify persons or legal entities with the following:

- no data return from IRS
- average AGI amount that exceed the threshold levels
- average AGI amount at or below the threshold levels
- no matching records on file with IRS.

#### **B** Responsibility for Reports and Associated Mailings of Notifications

All AGI compliance reports will be completed by the National and Kansas City Offices.

Refer to 3-PL (Rev. 2) for IRS AGI Not Compliant/Failed Verification Report and IRS Mismatch Reports.

#### 482 Unsuccessful IRS Verifications

#### A IRS Rejection "No Record Found on Master File"

If CCC-941 was rejected by the IRS for the selected reason of, "No record found on Master file. No return filed for years checked using this TIN/SSN", then:

- retain a copy of the IRS rejection letter with the returned CCC-941 in the individual's or legal entity's eligibility file
- send a copy of the returned CCC-941 and IRS rejection letter to the State Office specialist responsible for conducting an AGI compliance review
- State Office specialist must verify average AGI and update the applicable year AGI subsidiary value under the SED/State Office section of the subsidiary software based on the results of the review.

See Exhibit 22 for additional information.

#### 482 Unsuccessful IRS Verifications (Continued)

#### **B** Unsuccessful IRS Verification – No Response Received From IRS

When a producer's CCC-941 will not successfully pass IRS verification **and** the producer is not on the IRS mismatch report after 3 attempts to mail CCC-941 to the IRS, the **County Office must complete and document all of the following**.

- Provide documentation to the State Office showing that at least 3 attempts were made to send the producer's AGI certification to the IRS.
- Provide verification from CED and other County Office personnel that all actions in steps 1 through 9 have been completed as provided in 3-PL (Rev. 2), subparagraph 26 J.
  - **Note:** The State Office specialist must review Eligibility AGI 2014 Farm Bill IRS determinations in the subsidiary system for at least 2 program years immediately before and/or after the program year in question.

IF the State Office/SED	AND/OR IRS determination	
determination is	is	THEN
• "Not Compliant-Review"	"Not Compliant"	compliance review
• "No Determination"		must be completed.
"Compliant-Review"	"Compliant-Producer"	producer is AGI

	years"	

**Example:** Missing IRS determination for 2016. If the 2014 SED determination is "Compliant-Review" and the 2015 IRS determination is "Compliant-Producer," then the 2016 determination for the producer can be determined as AGI compliant; set the State Office/SED determination AGI subsidiary value to "Compliant-Review".

- Document all SED/State Office determinations (based on historical AGI compliance information) on a copy of the Producer Subsidiary Print Report printed according to instructions in 3-PL (Rev. 2).
- If producer is determined AGI compliant based on historical AGI compliance and payment eligibility records, update the producer as "Compliant-Review" according to instructions in 3-PL (Rev. 2), subparagraph 26 J.

#### 482 Unsuccessful IRS Verifications (Continued)

#### **B** Unsuccessful IRS Verification – No Response Received From IRS (Continued)

- Place the documented Producer Subsidiary Print Report, with the producer's CCC-941 filed for the applicable program year, in the producer's eligibility file.
  - **Note:** Subsidiary Print Report must include payment eligibility records for all program years used as the basis for the determination for the person or legal entity.

If the State Office is unsure of the producer's AGI compliance following a review of the producer's AGI compliance history:

- an AGI compliance review must be timely completed by the State Office for the person or legal entity for the applicable program year
- record the AGI compliance determination for the person or legal entity in the subsidiary file for the applicable program year.

#### 483 Average AGI Amounts Above Threshold Level

#### A Average AGI Above Limitation

A report will list participants with an indicator that the average income amount exceeds the \$900,000 limitation. See paragraph 481 and 3-PL (Rev. 2).

#### **B** Producers Identified

Persons and legal entities identified on this report will be:

- notified in writing by the reviewing authority of the results of the IRS data analysis
- required to provide within 30 calendar days of notification to the reviewing authority:
  - a third-party verification from CPA or an attorney that demonstrates that average AGI does **not** exceed established limits
  - actual tax records for the years in question to demonstrate that average AGI does **not** exceed the established limits.

See paragraphs 473 and 474 for procedure and examples of nonresponsive participants.

#### 484 Average AGI Amounts at or Below Threshold Levels

#### A Average AGI Within Limitations

A report will list participants with an indicator that the average AGI amount is within the limitation for all programs.

No further actions will be required of:

- participants identified for the applicable crop, program, and FY
- County Offices in regard to eligibility files of identified participants for the applicable crop year, program year, and FY.

#### 485 FSA Review and Compliance Determinations

A Review of Questionable Average AGI Certifications Identified Through Using IRS Data

The reviewing authority will:

- **not** be the local FSA office staff or COC
- **be** SED
- review tax data or other information supplied by the person or legal entity
- if necessary, calculate the average AGI values based on supplied information
- confer with the person or legal entity if questions arise in this process
- determine AGI compliance for the person or legal entity
- provide results and conclusions of the review.

#### **B** Determination of Person's or Legal Entity's Compliance With Average AGI

SED's will:

- issue written notice of determination, adverse or otherwise, to the person or legal entity
- include right to SED reconsideration, mediation, and appeal rights to NAD according to 1-APP
- send a copy of determinations involving NRCS participants to the State Conservationist
- follow paragraph 488 for an example notification letter for AGI compliance.

**Note:** SED's are delegated authority to act on initial AGI review determinations referenced in subparagraph B, after performing the review actions specified in this subparagraph.

### C AGI Compliance Review File for State Office Only

An AGI Compliance Review File created for each person or legal entity and program year reviewed should contain the following after completing the review:

- all documentation (CPA or attorney statement, or tax information) received from the person or legal entity
- copy of the original AGI certification (CCC-941 or CPA or attorney certification)
- copy of the Average AGI Calculation Worksheet (Required only for Tax Return submissions) (subparagraph 486 E)
- copy of the written notice of determination or completion of the review sent to the person or legal entity.
- **Note:** AGI Compliance Review Checklists (CCC-770 CPA and CCC-770 TAX) are required for the first five AGI compliance reviews, beginning October 1<sup>st</sup> of the current FY. SED's may require additional reviews at the SED's discretion. See Exhibit 24.
- \*--A CPA or attorney average AGI certification statement compliance review file created for each person or legal entity and program year reviewed according to paragraph 473.5 should contain the following after completing the review:
  - all documentation (CPA or attorney statement, tax information, other credible documentation) received from the person or legal entity
  - copy of the original AGI certification (CCC-941 and CPA or attorney certification)
  - AGI Compliance Review Checklist (CCC-770 CSCR) completed and signed by the State Office specialist
  - **Note:** AGI Compliance Review Checklists (CCC-770 CSCR) are required for ALL CPA or attorney average AGI certification statement compliance reviews in addition to the first five AGI compliance review CCC-770 requirements in this subparagraph. See Exhibit 24.
  - copy of the written notice of determination or completion of the review sent to the person or legal entity.--\*

### 486 Average AGI Compliance Review Process

#### A Producer Notification

Producers who are identified by IRS to exceed the AGI limitation according to paragraph 483 must be notified of their ineligibility for FSA/CCC and NRCS program benefits subject to AGI provisions. Such notification must include applicable appeal rights according to 1-APP. See paragraph 488 for sample notification letter.

#### 486 Average AGI Compliance Review Process (Continued)

#### **B** Producer Requests for Reconsideration

Producers may timely request reconsideration of the SED decision or appeal the SED's decision to NAD. In a request for reconsideration, the appellant must provide complete tax returns or an acceptable CPA/Attorney statement to reestablish eligibility with the average AGI provisions.

- **Note:** A producer's failure to timely request reconsideration or appeal will result in the initial determination becoming final. The State Office Specialists must:
  - set the State Office/SED Determination to "Not Compliant-Review" in Subsidiary (3-PL (Rev. 2)) to indicate the compliance review process has been completed
  - notify the recording county of the results of the compliance review.

### **C** Reviewing Documentation Provided Under Appeal

A review of average AGI compliance requires the following actions:

- collecting the copy of average AGI certification (CCC-941, or acceptable statement from CPA or attorney) submitted by the person or legal entity for the applicable year
- reviewing the complete tax returns for each of the 3-year qualification period; or acceptable financial documents if filing tax returns is not required; or an acceptable statement from CPA or attorney with all required items that illustrate and document income levels and average AGI compliance for the person or legal entity for the applicable year
- comparing both sets of information to the rules and regulations governing average AGI for payment eligibility for the applicable year subject to review
- verify the following:
  - subsidiary flags are accurately set to reflect the certification of record
  - there is a valid CCC-941 on file supporting record certification.

### **D** Results and Findings

The results and findings of the review and evaluation are the basis to determine whether person or legal entity meets or exceeds the average AGI limitation.

Notify the producer of the appeal determination and afford applicable appeal rights.

#### 486 Average AGI Compliance Review Process (Continued)

# E Worksheet for Calculating Average \$900,000 AGI for the Applicable Year Based on the Submission of Tax Returns

Use the following worksheet to calculate the average AGI for a person or legal entity based on the submission of tax returns.

Step	Action	Result
1	Enter the total AGI for the 3 complete taxable years preceding the most immediately preceding complete taxable year of the year for which program benefits are requested.	
	Year       Amount       Specify From Where Information         Was Obtained (for example,       IRS Form 1040, Line 37)         \$	
	*Note: See paragraph 472 for guidance*	
2	Total the dollar amounts in step 1.	\$
3	Calculate the <b>average AGI</b> by dividing the result of step 2 by the number of years in step 1.	\$

#### **F** Admissions

If a person or legal entity submits a revised CCC-941, or certification is received that the person or legal entity exceeds any of the average AGI limitations for any program, do the following:

- accept the written material and keep with the file
- consider the AGI compliance review complete
- reset the applicable coverage AGI values to "producer not met" in the web-based eligibility files. See 3-PL (Rev. 2).

#### 486 Average AGI Compliance Review Process (Continued)

#### **F** Admissions (Continued)

If a person or legal entity affirms that the average AGI limitation is exceeded, FSA is:

- **not** required to issue a decision on ineligibility
- **not** required to issue an adverse decision on average AGI noncompliance
- required to issue adverse overpayment notifications for all programs that FSA administers.

#### G Withdrawing Average AGI Certification

If a person or legal entity requests to withdraw an average AGI certification submitted for an applicable year, the request must be submitted **before** FSA issues any administrative decision relative to the person's or legal entity's average AGI compliance and **all** of the following:

- in writing
- signed by the person or authorized representative of the legal entity
- attached to CCC-941, or to the CPA or attorney statement submitted for the applicable year
- placed in the person's or legal entity's eligibility file.

When the request to withdraw an average AGI certification is accepted, the recording county **must** do the following:

- reset the eligibility AGI values to "Not Filed" for all commodity, price support, disaster assistance, and conservation programs for the applicable crop year, program year, and FY according to 3-PL (Rev. 2)
- consider the AGI compliance review complete
- **not** issue an adverse decision on average AGI compliance
- issue adverse overpayment notifications for **all** programs that FSA administers.

#### 487 Payment Refunds and Collections

#### A Participant Fails to Timely Act or Is Determined AGI Noncompliant

If a person or legal entity fails to timely respond to written notices on AGI compliance requirements, or has been determined noncompliant with the applicable AGI limitations, all payment refund determinations and collection efforts will be initiated by:

- NRCS for all payments under programs it administers subject to this AGI compliance determination
- FSA for all payments under programs it administers subject to this AGI compliance determination.

See paragraph 488 for example letters for AGI compliance.

#### **B** Errors in Recording Either Determinations or Admissions

When errors are discovered in either determinations or in the recording of determinations, take applicable corrective actions that include, but are not limited to the following:

- reset the eligibility AGI values according to 3-PL (Rev. 2)
- document on the report that AGI values were reset according to this subparagraph.

#### **C** FSA and NRCS Responsibilities

Each Agency will be responsible for all follow-up actions as required under the following:

- respective program procedures for payment refunds
- DCIA.

#### 488 Example Letters for AGI Compliance

#### A Example Letters

Dear Person or Legal entity:

The Agricultural Act of 2014 (2014 Farm Bill) and Agriculture Improvement Act of 2018 (2018 Farm Bill) provides an average adjusted gross income (AGI) limitation of \$900,000 for participants in farm and conservation programs administered by the Farm Service Agency and the Natural Resources Conservation Service. This limitation applies to individuals, legal entities, as well as to members of legal entities, that receive payments from farm and conservation programs that include the following.

#### For October 1, 2011, and subsequent years:

- Emergency Assistance for Livestock, Honey Bees, and Farm-Raised Fish (ELAP)
- Livestock Forage Assistance Program (LFP)
- Livestock Indemnity Program (LIP)
- Tree Assistance Program (TAP).

#### For 2014-2015 only:

• Transition Assistance for Producers of Upland Cotton (CTAP).

For 2014 and subsequent years:

- Price Loss Coverage (PRC)
- Agricultural Risk Coverage (ARC)
- Noninsured Crop Disaster Assistance Program (NAP)
- Price Support including Market Loan Gain (MLG) and Loan Deficiency Payment (LDP)
- Agricultural Marketing Assistance (AMA).

#### For 2015 and subsequent years:

- Conservation Reserve Program (CRP)
- Environmental Quality Incentive Program (EQIP)
- Conservation Stewardship Program (CSP)
- Agricultural Conservation Easement Program (ACEP)
- Conservation of Private Grazing Land Program
- Farmable Wetland Program
- Grassroots Source Water Protection Program
- Regional Conservation Partnership Program (RCPP) and other conservation programs.

Completing form CCC-941, Average Adjusted Gross Income (AGI) Certification and Consent to Disclosure of Tax Information, allows the IRS to average your AGI for the three applicable tax years to provide FSA information on whether your average appears to meet or exceed the AGI limitation amount. Individuals, legal entities, and all members of legal entities must complete form CCC-941.

As of the date of this letter, the records indicate that you have not submitted the **required** form CCC-941. Accordingly, you are determined ineligible for [*insert applicable program year*] farm and/or conservation program benefits. A refund is required of [*insert applicable program year*] farm and/or conservation program payment benefits received. You and/or any legal entity you may have indirect payment interest in will be notified by separate letters from the administrative Agencies of FSA and NRCS, as appropriate, of refund amounts required.

If you believe that FSA has not properly determined the facts of this case regarding your **AGI ineligibility**, you may appeal this determination to the FSA County Committee by filing a written request no later than 30 calendar days after you receive this notice in accordance with the FSA appeal procedures found at 7 CFR Part 780. If you choose, your appeal can include submission of a completed CCC-941. If you appeal to the FSA County Committee, you have the right to an informal hearing which you or your representative may attend either personally or by telephone. If you appeal this determination to the FSA County Committee, you may later appeal an adverse determination of the FSA County Committee to the FSA State Committee or the National Appeals Division. To appeal, write to the FSA County Committee at the following address and explain why you believe this determination is erroneous.

#### (Insert COC address.)

If you do not timely file an appeal of this determination, this must be the final administrative determination with respect to this matter in accordance with regulations at 7 CFR Part 780.

Sincerely,

County Executive Director FSA County Office

#### C Example Letter With Attachment for Determining AGI Ineligibility

The following is an example notification letter for use when IRS indicates the average AGI exceeds the limitation. This example letter includes an attachment.

\*\_\_\_ [Date]

[Address Block]

Dear [Name]:

The Agricultural Act of 2014 (2014 Farm Bill) and Agriculture Improvement Act of 2018 (2018 Farm Bill) provides an average adjusted gross income (AGI) limitation for participants who enroll in farm and conservation programs administered by the Farm Service Agency and the Natural Resources Conservation Service. This limitation applies to individuals, legal entities, as well as to members of legal entities, that receive farm and conservation program payments.

The Farm Service Agency (FSA) and Internal Revenue Service (IRS) formed a partnership to ensure that only those participants who comply with AGI requirements receive farm and conservation program benefits. This data-sharing process maintains the confidentiality and privacy of tax return information while providing FSA information necessary to verify your average AGI certification.

You provided written consent allowing the IRS to average your AGI for the applicable tax years and to provide FSA information about whether or not your AGI exceeds the limitation amount.

For the program year identified below, IRS indicates that for program payment eligiblity purposes, your average AGI exceeds the \$900,000 total average AGI limitation.

Program	Tax Years used to Compute	
Year	Average AGI	
Example: 2018	Example: 2014-2015-2016	

Because the IRS has identified that your average AGI exceeds the statutory \$900,000 limitation, the FSA State Executive Director has determined that you are ineligible for benefits and payments from FSA, CCC and NRCS programs that are subject to the average AGI provisions.

You may submit documentation to the SED in support of your average AGI and if it is found that the documentation results in a different finding from that of IRS's indications, it may result in the SED reversing this determination. If you want the SED to review your average AGI, please provide either one of the following in support of this review:

- A signed statement from a CPA or attorney for the program year identified that verifies your average AGI did not exceed the applicable AGI limitation (example statement attached). If a signed statement from a CPA or attorney is provided, the statement must include all of the elements shown in the sample letter and Attachment 1.
- Copies of the complete Federal Tax Returns that were filed with the IRS, or official transcripts from IRS, for the years used to compute the aveage AGI.

**NOTE:** If your average AGI exceeded the \$900,000 limitation because you filed a joint tax return, and you would have been eligible had you filed taxes separately, you must provide a CPA or Attorney statement certifying that your average AGI, if you had filed separately, would have been at or below the \$900,000 limitation. If a CPA or attorney certification is not provided, the AGI shown on your joint tax return will be considered your AGI for program purposes.

Following a review of either the tax returns or CPA/Attorney certification, FSA will provide written notice of the results of the review.

If you discover that your applicable certification of average AGI may have been in error, you may submit a signed acknowledgment that your income exceeded the average AGI limitation in lieu of tax returns or CPA/Attorney certification statement.

# C Example Letter With Attachment for Determining AGI Ineligibility (Continued) \*--

To avoid delay or interuption in program payments or benefits, please provide the documentation to FSA within 30 days of receiving this letter. Information may be mailed to:

Farm Service Agency -Insert STO address-

Your documentation may also be emailed to:

Failure to provide documentation to support your compliance with the average AGI limitations within 30 days from the date of receipt of this letter will result in the Agency assuming the information received from IRS is correct and this notification will become a final determination based on IRS' indications. As a result, you will be ineligible for program payments or benefits for the applicable program year. A refund of program payments subject to the AGI limitation for which you received directly or indirectly through another entity will be required. A separate letter will be sent with the required refund amount and instructions for submitting the refunds. If you earned benefits indirectly through a legal entity or joint operation, the entity or joint operation will be notified of the amount of refund that is required.

If circumstances prevent you from providing documentation to support your eligibility for this review within the 30-day timeframe, please contact this office to request an extension.

If you believe that FSA has not properly considered the facts retlated to the determination of your eligibility under the AGI provisions, you have the following options:

(Insert reconsideration, mediation and appeal to NAD according to 1-APP)

Sincerely,

/s/ State Executive Director

#### **D** Example of Letter Acknowledging Request for Reconsideration Review

The following is an example letter acknowledging request for reconsideration.

[Date]

[Address Block]

Dear [Name of Participant]:

This letter acknowledges your request for reconsideration of the Farm Service Agency's (FSA's) decision concerning your eligibility under the average adjusted gross income provisions for the *[insert applicable program year]*.

A representative of the [*enter name*] State FSA Office will review your request on [*enter date which should be no earlier than 17 days from date of mailing*], at [*enter time*]. The hearing will be in a room to be designated for the purpose of conducting a hearing. You, your authorized representative, or both, are invited to attend the hearing and submit any additional information in support of your request for reconsideration. If you choose to personally appear, please come to:

[Enter State Office address and contact phone number.]

The hearings are informal and verbatim transcripts are not ordinarily made. However, if you want a transcript to be made at your expense, please let us know at least 7 calendar days before the hearing, and we will make the arrangements. Neither FSA nor the Department will reimburse you for any costs you may incur in connection with your request for reconsideration. Please note that a verbatim transcript will only be permitted if you choose to attend the scheduled hearing either in person or via telephone.

Should you prefer to attend the scheduled hearing by telephone, in advance of the hearing date please provide us with a telephone number of where you and your authorized representative can be contacted on the day and time of the scheduled hearing. If you choose not to attend the hearing at all (either in person or via telephone) please let us know. However, whether you choose to attend the hearing or not, you may submit before the date of the scheduled review, any further facts or evidence you wish to have considered. The Deputy Administrator will consider your request and arrive at a decision based on the record and other available information. The review will include all of the information submitted by you, in addition to the complete file pertaining to your case. FSA's review determination will be in writing and sent to you and your representative as soon as possible after conclusion of the scheduled meeting or hearing.

If you have any questions about this matter, you may contact the State FSA Office at [*enter complete area code and phone number*]. If you telephone us and receive a voice mail recording, please leave your contact information and we will return your call.

Sincerely,

[*Name*] State Executive Director

#### **E** Example of Letter Granting Reconsideration

The following is an example of a letter approving the participant's eligibility on reconsideration.

[Date]

[Address Block]

Dear [Name of Participant]:

This letter is in further reference to the appeal of the Farm Service Agency's (FSA's) decision concerning your eligibility under the Average Adjusted Gross (average AGI) income provisions for the [Insert applicable program year].

You submitted a form CCC-941, Average Adjusted Gross Income (AGI) Statement for the [2019] program year and affirmed on this form that your average AGI for the year identified in section 4 of the form, was within the limitation set forth in questions 5.

On May 1, 2014, FSA wrote you advising that information from the U.S. Department of Treasury, Internal Revenue Service (IRS), indicated that your average AGI may exceed the AGI limitation for a particular program. FSA requested additional information to assist in its review. In response, you furnished documents that, when examined without any explanation from you, showed that you exceeded the \$900,000 AGI limitation for 2014 Price Loss Coverage benefits. Accordingly, you were determined ineligible for program payments subject to that AGI limitation. A letter advising you of this decision was issued on October 27, 2014. Upon receipt of that decision, you subsequently sought reconsideration from FSA.

On December 20, 2014, FSA representatives spoke with you in a telephone hearing. In the hearing you explained that the tax documentation you submitted reflected not only your income, but also income of your spouse. You mentioned having provided additional documentation specifying the manner income of you and your spouse would have been declared and reported if you each had filed two separate returns. In addition, you affirmed that the calculations were consistent with the information supporting the joint return. At the time of the hearing, FSA had received your documentation but did not have an acceptable statement by a certified public accountant or attorney affirming the calculations on division of the joint return. On December 22, 2014, FSA received a September 19, 2014, letter from an attorney affirming your calculations and certification of not having income in excess of the \$900,000 AGI limitation for 2014.

### **E** Example of Letter Granting Reconsideration (Continued)

[*Name*] Page 2

Based on all the information submitted, including the information submitted on reconsideration, FSA has determined that you do not exceed the \$900,000 AGI limitation for 2014 Price Loss Coverage benefits.

This concludes FSA's reconsideration of this matter in accordance with 7 CFR parts 780 and 1400. A copy of this decision will be provided to local FSA offices.

Sincerely,

[*Name*] State Executive Director

cc: CED, [Name] County FSA Office

#### **F** Example Letter for Disapproving Reconsideration

The following is an example of a letter disapproving the participant on reconsideration.

[Date]

[Address Block]

Dear [Name of Participant]:

This letter is in further reference to your appeal of the Farm Service Agency's (FSA's) decision concerning your eligibility under the Average Adjusted Gross Income Limitation Provisions for the 2015 program year.

## BACKGROUND

You submitted a form CCC-941, Average Adjusted Gross Income (AGI) Statement, for the 2015 program year and affirmed that your average AGI for the period of years identified in section 4 of the form was within the limitation set forth in questions 5.

On June 1, 2015, FSA wrote you advising that information from the U.S. Department of Treasury, Internal Revenue Service (IRS), indicated that your average AGI may exceed the AGI limitation for a particular program benefit. FSA requested additional information from you to assist in its review. In response, you furnished documents maintaining that when your gambling losses are deducted, your average AGI was less than the \$900,000 AGI limitation applicable to the Agricultural Risk Coverage program. Consequently, you were determined ineligible for program payments subject to that average AGI limitation. A letter advising you of the decision was issued on August 27, 2015. You subsequently appealed FSA's decision to the State committee.

# **ISSUE**

Does [*Name*] have average AGI in excess of average AGI limitation for particular programs?

# **GENERAL PROGRAM PROVISIONS**

The regulations governing average AGI limitations appear at 7 CFR part 1400.

## **F** Example Letter for Disapproving Reconsideration (Continued)

[*Name*] Page 2

# APPELLANT'S POSITION

You assert that FSA's decision is in error because it is based on the amount recorded on Line 37 of the IRS Form 1040, which is an amount before gambling losses are considered or deducted. You indicate that your income, less gambling losses, is far below the average AGI limitation of \$900,000.

# FINDINGS OF FACT

- 1. [*Name*]'s average AGI as calculated for 2015 was not equal to or less than \$900,000. (IRS information received by FSA on June 10, 2015).
- 2. The majority of [*Name*]'s average AGI for three-year period applicable to the 2015 program year was from cash rents received from substantial farm and residential real estate property holding; majority of expenses and deductions were from gambling losses. (IRS information and copy of tax returns for 2013, 2012, and 2011 provided by the producer's tax preparer, Jason Accountant, CPA).
- 3. In accordance with 7 CFR 1400. 501(c)(1), FSA correctly calculated the [*Name*]'s average AGI by using the amounts represented as "adjusted gross income," and recorded on Line 37 of the [*Name*]'s 1040 forms filed with the IRS for years 2013, 2012, and 2011. (Copies of [*Name*]'s tax returns for 2013, 2012, and 2011 as provided by producer's tax preparer, Jason Accountant, CPA)
- 4. [*Name*]'s average AGI is in excess of the \$900,000 AGI limitation for commodity programs specified at 7 CFR § 1400.1 for 2015. ([*Name*]'s September 10, 2015, letter to FSA with attachments.)

# ANALYSIS

A review of the IRS information, the documentation supplied by you with your written appeal, and the tax returns provided by Jason Accountant, CPA, indicate, contrary to your certification, that your average AGI was not equal to or less than \$900,000 for the period applicable to 2015. While the IRS allows for the deduction of gambling losses to decrease your tax liability, such deductions are not and cannot be considered for the calculation of your AGI as recorded on Line 37 of your IRS 1040 forms that you filed for tax purposes. You confirmed these facts in your correspondence to FSA and in the hearing with the FSA. Accordingly, you are ineligible for payments and benefits under the \$900,000 average AGI limitation for commodity programs specified at 7 CFR § 1400.1 for 2015.

# **F** Example Letter for Disapproving Reconsideration (Continued)

[*Name*] Page 3

If you believe that this decision is erroneous, you have the following options:

### **Mediation**

Mediation is available as part of FSA's informal appeal process. Mediation may enable us to narrow the issues and resolve the matter by mutual agreement. You may have to pay all or part of the cost of mediation. If you request mediation, the running of the time frame in which you may file an appeal stops. When mediation closes, the clock restarts and you will have the balance of the days remaining in that period to file an appeal. To request mediation, you must submit your written request no later than 30 calendar days after you receive this notice. To request mediation, write to the FSA State Executive Director at the following address: [*Insert SED address or Mediation Program address, as applicable.*]

# Appeal to the Department of Agriculture National Appeal Division (NAD)

You may appeal this determination to NAD by filing a written request no later than 30 calendar days after you receive this notice in accordance with the NAD Appeal procedures found at 7 CFR Part 11. If you appeal to NAD, you have the right to a hearing which you or your representative may attend. Once a hearing with NAD begins, you waive any rights you might have to reconsideration, appeal to FSA, and mediation. To appeal, you must write to NAD at the following address, explain why you believe this determination is erroneous, and provide a copy to FSA. You must personally sign your written appeal to NAD and include a copy of this letter. [*Insert applicable NAD address*.]

If you do not timely exercise one of the preceding options, this must be the final administrative determination with respect to this matter in accordance with the regulations at 7 CFR Part 780 and 7 CFR Part 11.

Sincerely,

[*Name*] State Executive Director

### G Example Notification for AGI Compliance Review Completion

The following is an example for the notification of a participant following the completion of the AGI compliance review.

[Date] [Address Block]

Dear [Name]:

The Farm Service Agency (FSA) has completed an examination of your [*insert the appropriate program year 2014 through 2018*] average Adjusted Gross Income (AGI) certification and the additional information submitted.

Based on the data available to FSA and the supplemental documents you provided, FSA has determined that you comply with the \$900,000 AGI limitation for [*insert the following, the appropriate program and the year of the program*].

Consequently, with the regard to the provisions of average AGI compliance, you are eligible for [*insert the appropriate program year 2014 through 2018*] program payments affected.

The review for [*insert the appropriate program year 2014 through 2018*] average AGI compliance is now considered complete. We appreciate your cooperation.

Sincerely,

### \*--H Example Notification for CPA or Attorney Average AGI Certification Statement Review Selection

The following is an example for the notification of a participant selected for a review of the submitted CPA or Attorney certification statement for average AGI compliance.

[Date]

[Address

Block]

Dear [Name of Participant]:

The Agricultural Act of 2014 (2014 Farm Bill) and Agriculture Improvement Act of 2018 (2018 Farm Bill) provides an average adjusted gross income (AGI) limitation for participants who enroll in farm and conservation programs administered by the Farm Service Agency and the Natural Resources Conservation Service. This limitation applies to individuals, legal entities, as well as to members of legal entities, that receive farm and conservation program payments.

In response to a previously initiated adjusted gross income review, you submitted a signed statement from a CPA or attorney for the program year [*insert program year*] which provided verification that your average AGI did not exceed the applicable AGI limitation. This statement was accepted by FSA as evidence of meeting payment and/or program eligibility requirements. As such, the statement is subject to review by FSA.

You have been selected for a review of your AGI certification by the Deputy Administrator for Farm Programs (DAFP). To facilitate a review of the statement supplied, please submit copies of your complete tax returns for the **[insert applicable tax years]** tax years that you submitted to the United States Internal Revenue Service (IRS), within 30 calendar days from the date of this notification to the FSA State Executive Director (SED) at:

Documentation may also be emailed to: [Program Specialist Email Address]

Following a review of the tax returns, FSA will provide written notice of the results of the review.

### \*--H Example Notification for CPA or Attorney Average AGI Certification Statement Review Selection (Continued)

If you discover that your applicable certification of average AGI and/or average Farm AGI may have been in error, you may submit a signed acknowledgement that your certification was in error.

Failure to provide the requested tax returns to support your previously submitted CPA or attorney certification statement within 30 calendar days from the date of this notification will result in the Agency determining the certification is not acceptable to support your AGI compliance. As a result, you will be determined ineligible for benefits subject to AGI compliance for the **[insert program year]** program year. A refund of program payments subject to the AGI limitation which you received directly or indirectly through another entity is required. A separate letter will be sent with the required refund amount and instructions for submitting the refunds. If you earned benefits indirectly through a legal entity or joint operation, the entity or joint operations will be notified of the amount of refund that is required.

If circumstances prevent you from providing documentation to support your eligibility for this review within the 30-day timeframe, please contact this office at **[xxx-xxx-xxxx]**, or at the email above, to request an extension.

Sincerely,

[*Name*] State Executive Director

### \*--I Example Notification for CPA or Attorney Average AGI Certification Statement Review-Additional Information Required

The following is an example for the notification of a participant selected for a review of the submitted CPA or Attorney certification statement for average AGI compliance when additional information is required following an initial review of supporting documentation.

[Date]

[Address

Block]

Dear [*Name of Participant*]:

You were previously notified that you had been selected for a review of your CPA or attorney certification used to support your compliance with adjusted gross income (AGI) provisions for the **[insert program year]** program year. In response, FSA received documentation to support the validity of the previously submitted CPA or attorney certification. FSA appreciates this information.

After reviewing the information submitted, FSA has identified discrepancies between income information submitted on the CPA or attorney certification and the tax returns you submitted. [*Insert explanation of the noted discrepancy or discrepancies.*]

Due to the discrepancies noted above, FSA is requesting an explanation of the discrepancies or, if you determine necessary, a corrected CPA or attorney certification. Please submit this within 30 calendar days from the date of this notification to the FSA State Executive Director (SED) at:

#### [State Office Address Block]

Documentation may also be emailed to: [Program Specialist Email Address].

If a response is not received, FSA will utilize the joint income report on your tax returns to determine your AGI compliance. If the joint income averages over \$900,000, you will be determined not compliant with adjusted gross income provisions for the year under review and ineligible for benefits subject to such compliance.

If circumstances prevent you from providing a response within the 30-day timeframe, please contact this office at **[insert phone number]** or through the email address provided above to request an extension.

Sincerely,

[Name] State Executive Director

### \*--J Example Notification for CPA or Attorney Average AGI Certification Statement Review-Ineligible for Failing to Respond

The following is an example for the notification of a participant selected for a review of the submitted CPA or Attorney certification statement for average AGI compliance when the participant failed to respond to a request for supporting documentation and is determined ineligible.

#### [Date]

[Address

Block]

Dear [Name of Participant]:

In response to a previously initiated adjusted gross income review, you submitted a signed statement from a CPA or attorney for the [*insert program year*] program year to support your compliance with the applicable AGI limitation. You were subsequently selected for a review of your average AGI certification by the Deputy Administrator for Farm Programs (DAFP) and asked to submit copies of your complete [*insert applicable tax years*] tax returns. This information was requested in for FSA to determine if the CPA or attorney certification previously provided represented your income consistent with the federal tax returns filed for the applicable tax year.

Regulations in 7 CFR, Part 1400.01 specify that adjusted gross income for a person is the adjusted gross income specified on the federal income tax return. Specifically for joint tax filers, Part 1400.01(a)(2) specifies that the AGI on jointly filed tax returns will be used to determine AGI compliance unless a certification is provided by a CPA or attorney specifying a person's income as if they would have filed a separate tax return and that calculation is consistent with information from the jointly filed returns. Since FSA was not provided the tax returns previously requested, we are unable to conclude that the CPA or attorney certification used to support your AGI compliance is consistent with your federal tax returns and therefore determined it is not an acceptable certification to support your compliance as required under 7 CFR, Part 1400.502.

As a result, FSA has determined that you have failed to provide acceptable documentation to support your AGI compliance as required by the regulation noted above. Therefore, FSA has determined you are not compliant with the \$900,000 adjusted gross income provisions for the **[insert program year]** program year and are ineligible for benefits subject to such AGI compliance.

A refund of program payments subject to the AGI limitation for which you received directly or indirectly through another entity is required. A separate letter will be sent with the required refund amount and instructions for submitting the refunds. If you earned benefits indirectly through a legal entity or joint operation, the entity or joint operations will be notified of the amount of refund required.

### \*--K Example Notification for CPA or Attorney Average AGI Certification Statement Review Completion

The following is an example for the notification of a participant selected for a review of the submitted CPA or Attorney certification statement for average AGI compliance when the review is complete, and the participant is determined to have met the requirements.

# [Date]

[Address

Dear [Name of Participant]:

You were previously notified that you had been selected for a review of your CPA or attorney certification used to support your compliance with adjusted gross income (AGI) provisions for the [*insert program year*] program year. In response, FSA received documentation from [*you, CPA, Attorney*] to support the validity of the previously submitted [*CPA or Attorney*] certification. FSA appreciates this information.

After reviewing the information submitted, FSA has concluded your *[CPA, Attorney]* statement meets the requirements to maintain your eligibility for program benefits previously received and potential benefits that may be forthcoming, for the *[insert program year]* program year.

This determination is based on the facts as submitted. Any unrevealed circumstances could require the application of a more restrictive rule.

Thank you for your cooperation. There is no further action on your part regarding this matter. If you have questions concerning this letter, please contact our office.

Sincerely,

### \*--L Example Notification for CPA or Attorney Average AGI Certification Statement Review Completion, Ineligible

The following is an example for the notification of a participant selected for a review of the submitted CPA or Attorney certification statement for average AGI compliance when the review is complete, and the participant is determined not to have met the requirements.

[Date]

[Address

Block]

Dear [*Name of Participant*]:

In response to a previously initiated adjusted gross income review, you submitted a signed statement from a CPA or attorney for the [*insert program year*] program year to support your compliance with the applicable AGI limitation. You were subsequently selected for a review of your average AGI certification by the Deputy Administrator for Farm Programs (DAFP) and submitted copies of your complete [*insert applicable tax years*] tax returns.

The documents you submitted have been reviewed and the following discrepancies were identified between the CPA or attorney certification and tax returns submitted:

• [list discrepancies]

Regulations in 7 CFR, Part 1400.01 specify that adjusted gross income for a person is the adjusted gross income specified on the federal income tax return. Specifically for joint tax filers, Part 1400.01(a)(2) specifies that the AGI on jointly filed tax returns will be used to determine AGI compliance unless a certification is provided by a CPA or attorney specifying a person's income as if they would have filed a separate tax return and that calculation is consistent with information from the jointly filed returns. FSA has determined that the CPA or attorney certification provided to support your compliance is not consistent with the tax returns you have provided. As a result, FSA has used the joint income on your tax returns to calculate your average AGI. This average exceeds \$900,000.

Therefore, FSA has determined you are not compliant with the \$900,000 adjusted gross income provisions for the **[insert program year]** program year and are ineligible for benefits subject to such AGI compliance.

A refund of program payments subject to the AGI limitation for which you received directly or indirectly through another entity is required. A separate letter will be sent with the required refund amount and instructions for submitting the refunds. If you earned benefits indirectly through a legal entity or joint operation, the entity or joint operations will be notified of the amount of refund required.

### \*--489 Special AGI Provisions

### A AGI Provisions based on Farm Income

Certain FSA programs make exceptions to the enforcement of the average AGI rule or allow for expanded payment limitation when a participant's average AGI for the applicable period is at least 75% from farming.

The following exceptions apply based on the participant's average AGI for the applicable period being 75% from farming.

Program	Farm AGI Applicability	Form
	Exception to \$125,000 Payment Limitation,	
2017 WHIP	Increased to \$250,000	FSA-892
2018/2019 MFP	Exception to \$900,000 Average AGI Rule	CCC-942
	Exception to \$125,000 Payment Limitation,	
2018/2019/2020 WHIP+	Increased to \$250,000	FSA-896
2020 CFAP/CFAP2	Exception to \$900,000 Average AGI Rule	CCC-942
	Exception to \$125,000 Payment Limitation,	
ERP and ELRP	Increased to \$250,000	FSA-510

These exceptions are applicable only to the filer of the applicable form for which the exception is being sought.

Example: Corporation A, owned solely by Individual A, files an FSA-510 indicating 75% of its average AGI was from farming for expanded payment limitation for ERP. The corporation's payment limitation for ERP is increased. However, the payment limitation for Individual A is not increased unless Individual A also files an FSA-510 indicating 75% of Individual A's average AGI is from farming.

#### B Alternative \$900,000 AGI Rule

Certain FSA programs provide that a participant may maintain AGI eligibility when their applicable average AGI exceeds \$900,000 but their single year AGI for a specified year does not exceed \$900,000.

PARP and SMHPP provide the exception that if a participant's average AGI for program year 2020 (2016, 2017, and 2018 tax years) exceeds \$900,000, the participant may remain eligible for benefits if their 2020 tax year AGI is less than \$900,000. This certification is recorded on FSA-1123.--\*

### E Definition of Income From Fishing--\*

<u>Income from fishing</u> means income derived from catching, taking, harvesting, cultivating, or farming aquatic resources, such as fish, shellfish, crustacea, and other aquatic forms of animal or vegetable life, according to IRS Publication 595 or other applicable IRS instructions.

### **F** Sources of Income Data

Income from farming, ranching, forestry operations, and related activities is:

- recorded on the IRS Schedule F, IRS Form 4835, or comparable form
- any other schedule as allowed by applicable IRS tax code to report farming, ranching, forestry operations, and related activity income
- reflected in and attached to IRS Form 1040 or other appropriate IRS income tax return filed by the person or legal entity with the IRS for tax purposes.

Income from fishing is:

- recorded on IRS Schedule C, or Schedule C-EZ, as allowed by applicable IRS tax code
- reflected in and attached to IRS Form 1040 or other appropriate IRS income tax return filed by the person or legal entity for IRS tax purposes.

#### G Source of Income

Pass-through income received by a person from an interest held in a legal entity may be considered income from farming, ranching, or forestry if all of the following are met:

- the legal entity is a subchapter-S corporation or similar legal entity in which all the income passes through to the interest holders
- a person who is an interest holder reports income received from the legal entity as income from farming, ranching, or forestry to the IRS
- the legal entity is primarily engaged in farming, ranching, or forestry activities.

### H Wages and Dividends--\*

Beginning in program year 2020, wages or dividends may be considered income from farming, ranching, or forestry only **if** received from any of the following legal entities.

- IC-DISC materially participating in a farming, ranching, or forestry activity. The dividend must be derived from sources identified to be from farming, ranching, or forestry.
  - **Note:** IC-DISC is a domestic corporation that has elected to be IC-DISC according to IRS code. The corporation must be organized under the laws of a State and must meet specific IRS requirements to qualify as IC-DISC. The IC-DISC dividend is derived from the sale of exported products. Special provisions in the tax code reclassifies the income from ordinary income to dividends to obtain a preferential capital gains tax rate on the income. This provision in the tax code was enacted to make U.S. exporters competitive with other countries that had much lower corporate tax rates.
- A "closely held" legal entity materially participating in a farming, ranching, or forestry activity.
  - **Note:** A "closely held" legal entity is described as owned, directly or indirectly, by 5 or fewer individual persons holding more than 50 percent ownership interest in the legal entity structure.
    - **Example:** ABC corporation is comprised of 100 stockholders. Five or fewer stockholders must own more than 50 percent of ABC Corporation (directly or indirectly) to be considered a "closely held" legal entity.
- A legal entity comprised entirely of family members as described in 5-PL, paragraph 213, when the legal entity is materially participating in a farming, ranching, or forestry activity.

<u>Materially participating</u> means more than 50 percent of the legal entity's gross receipts for each tax year in the 3-year period used to compute the average farm AGI are derived from farming, ranching, or forestry sources described in 5-PL, paragraph 312.

The producer **must** provide the legal entity's name and TIN from which the wage or dividend is received. An authorized representative of the legal entity **must** provide a signed statement attesting that the legal entity materially participated in a farming, ranching, or forestry activity in each of the 3 years used to compute the average farm AGI.

**Example:** "I, [First Name Last Name], am an authorized representative of [Name of Legal Entity] and certify that more than 50% of the corporate's annual gross receipts are derived from farming, ranching, or forestry activities for each year in the 3-year base period used to calculate the farm AGI. [signature, date]"

Note: The certification must be attached to CCC-942 and/or FSA-510, as applicable.

### I Formula for Calculating Average Farm AGI--\*

Farm AGI is not the same as the gross farm income reported to IRS. Farm AGI for FSA purposes is comparable to the net income from farming and related operations. In many cases, this may be the same as the "Net Farm Profit" or "Loss" determined on Schedule F of IRS Form 1040.

FSA's definition of "average farm AGI" also includes income from the sale of items such as agricultural related land, breeding livestock, and agricultural/conservation easements.

Additionally, it is important to consider if income was received from the sale of farm-related equipment and/or if income was received from the sale of production inputs and services before answering this question. Usually, income from these items is not considered farm income. However, if the income from farming is at least 66.66 percent of the total AGI from all sources, both farm income and nonfarm income, a special rule applies and income from these items **must** be included in the farm AGI.

# J CPA/Attorney Certification Requirements

Persons, legal entities (including members, stockholder, or partners) and members of joint operations seeking to qualify for program benefits subject to a calculation of the 75 percent AGI derived from farming, ranching and forestry operations must provide a certification from a licensed CPA or attorney affirming the calculation.

Certifications from a licensed CPA or attorney may be provided to FSA by either of the following:

- signing a specific form developed for the program
- a written statement affirming the person or legal entity's percent of AGI from farming ranching and forestry operations.

CPA or attorney statements must contain all required elements as outlined in the AGI Enclosure 1 found in subparagraph 468 E.

# K Recording 75 Percent Farm AGI Certifications

Record certifications in the Subsidiary web application according to 3-PL (Rev. 2) only after the producer has completed the applicable form **and** either the CPA or attorney's signature has been provided on the form or a written certification statement from the CPA or attorney has been received.

[insert State Office name] [insert street and/or mailing address] [insert city, State ZIP Code]

I, [*insert name*], am [*insert "a certified public accountant (CPA)" or "an attorney" as appropriate*] practicing in [*insert city, State*]. My license identification number is [*insert license number*] in [*State*].

I have been asked by [*insert name of producer*] to certify that [*insert name of producer*]'s average AGI from farming, ranching and forestry operations is 75% or more of the total AGI as reported to IRS.

For purposes of this letter and my representations below, my "certification" is limited only to my knowledge of [insert name of producer] federal income tax returns based upon either my preparation of such returns or my readings of those returns that I did not prepare. The preparation or review of these returns was based upon the information provided by [insert name of producer]. [insert name of *producer*] has represented to me that the information supplied to me is, to the best of [*his/her/its*] knowledge, true, correct, and complete. In accordance with Treasury Department Circular No. 230, section 10.34 (d), I relied in good faith without verification upon the information provided by [insert name of producer]; however, I did not ignore the implications of information furnished to, or actually known by me, and I made reasonable inquiries if the information as furnished appeared to be incorrect, inconsistent with an important fact or another factual assumption, or was incomplete. This "certification" does not include any representations or assurances as to the accuracy or completeness of the information contained in *[insert name of producer]* federal income tax returns or imply that I have performed procedures beyond those required under Circular No. 230. In addition, this "certification" does not include any representations or assurances as to the accuracy or completeness of the information contained in *[insert name of producer]* federal income tax returns that I did not prepare.

I acknowledge that I have read, understand, and agree to the terms and conditions of the AGI Enclosure 1 with the following conditions.

- I am relying on the information made known to me as noted above. I take no responsibility for information outside of the tax return preparation process, unless I relied upon outside information as noted in the end of this prepared statement or attachment.
- I have not been engaged to continually monitor the tax law for this client or to continually monitor factors related to the client's AGI or other tax calculations for the relevant years. Therefore, I am not in a position to notify the government of changes to facts or circumstances (whether or not material) that would make this certification no longer

• Under Internal Revenue Code Section 7216 and other confidentiality standards, I may only provide client information upon specific written authorization from the client to release such information, including tax return information, to a third party.

The following are correct statements:

- Based on a representation provided by [*insert name of producer*], or the confirmations of [*his/her/its*] e-filed federal income tax returns [*insert the applicable tax return form number*], the [*enter the applicable 3-year period i.e. 2015, 2016, and 2017 (for 2019)*] federal income tax returns were timely filed.
- I am not aware of subsequently filed federal income tax returns, whether superseding or amended, other than those identified above related to the tax years identified above.
- I am not aware of any adjustments made by the Internal Revenue Service or any state taxing authority to the federal income tax returns identified above.
- I understand that the average adjusted gross income means the adjusted gross income as defined under 26 U.S.C. 62, or comparable measure, of the person or legal entity over the 2013, 2014, and 2015 tax years.
- According to the most recent returns filed for the years identified above, [*insert name of producer*]:
  - o reported average AGI was at least 75 percent derived from farming, ranching, or forestry based on the tax returns for the 3 applicable tax years.

### **Definitions of Terms Used in This Handbook**

### **Active Personal Labor**

<u>Active personal labor</u> means personally providing physical activities necessary in a farming operation. These activities include physical activities:

• involved in land preparation, planting, cultivating, harvesting, and marketing of agricultural commodities

**Note:** In this context, marketing means the physical activities for hauling/transporting ag commodities to market.

- required to establish and maintain conserving cover crops or conserving use acreages
- required in livestock operations.

### **Active Personal Management**

Active personal management means personally providing:

- the general supervision and direction of activities and labor involved in the farming operation
- services, whether formed on-site or off-site, reasonably related and necessary to the farming operation, including any of the following:
  - supervision of activities necessary in the farming operation
  - business-related actions that include discretionary decision making
  - evaluation of the financial condition and needs of the farming operation
  - assistance in structuring or preparing financial reports or analyses for the farming operation
  - consultations in or structuring of business-related financing arrangements for the farming operation
  - marketing and promoting agricultural commodities produced by the farming operation
  - acquiring technical information used in the farming operation
  - any other management functions necessary to conduct the farming operation and for which the operation would ordinarily be charged a fee.

## **Adequate Documentation**

<u>Adequate documentation</u> means whatever documentation is required by the reviewing authority to make proper actively engaged in farming, attribution, and average AGI compliance determinations.

# **Adjusted Gross Income (AGI)**

AGI means, for a:

- person, the amount reported to IRS on the appropriate tax filing documents as AGI
- legal entity, the comparable measure according to this handbook.

# "Arm's Length" Business Transaction

<u>"Arm's length" business transaction</u> means a transaction between 2 parties, however closely related they may be, conducted as if the parties were strangers, so that no conflict of interest arises.

# Attribution

<u>Attribution</u> means crediting payments made to entities, such as corporations, estates, trusts and limited partnerships, to "real persons" based on the share of the entity held by the individual stockholder, heir, beneficiary, etc.

# Average AGI for a Person or Legal Entity

<u>Average AGI for a person or legal entity</u> means the average AGI, or comparable measure, of the individual or entity over the 3 taxable years preceding the most immediately preceding complete taxable year for which benefits are requested.

Note: Exclude any years that the person or legal entity did not have taxable income.

# Average Farm AGI

<u>Average farm AGI</u> of a person or legal entity means income or benefits derived from the following sources.

Income Related to Livestock and Crops	Other Types of Income	
<ul><li>Production of livestock, including but not limited to:</li><li>cattle, sheep, goats, swine</li></ul>	The sale of land that has been used for agriculture. The sale of easements and development rights to:	
<ul> <li>elk, reindeer, bison, deer</li> <li>horses</li> <li>poultry</li> <li>fish and other aquaculture products used for food</li> <li>honeybees.</li> </ul>	<ul> <li>farmland, ranchland, or forestry land</li> <li>water or hunting</li> <li>environmental benefits.</li> </ul>	
The feeding, rearing, or finishing of livestock. Products produced by or derived from livestock.	The rental or lease of land or equipment used for farming, ranching, or forestry operations, including water or hunting rights.	
Production of crops, specialty crops, and unfinished raw forestry products.	Any payment or benefit, including benefits from risk management practices, crop insurance indemnities, and catastrophic risk protection plans.	
The processing, packing, storing, shedding, and transporting of farm, ranch, and forestry commodities, including renewable energy.	Payments and benefits authorized under any program made applicable to payment eligibility and payment limitation rules. Production of farm-based renewable energy.	
Any other activity related to farming, ranching, or forestry as determined by the Deputy Administrator.		
Any income reported on IRS Schedule F or other schedule used by the person or legal entity to report income from farming, ranching, or forestry operations to IRS.		
The sale of equipment used to conduct farm, ranch, or forestry operations and the provision of production inputs and services to farmers, ranchers, foresters, and farm operations, if the average farm AGI is <b>at least</b> 66.66 percent of the average AGI.		

Note: Wages earned through employment by a farming operation are **not** farm income.

## Capital

For payment limitation purposes, <u>capital</u> means the funding provided by a person or legal entity to the farming operation for the operation to conduct farming activities.

### **Cash-Rent Tenant**

<u>Cash-rent tenant</u> means a producer who rents land from another producer or landowner under either of the following conditions:

- for a fixed cash amount
- for a fixed quantity of the crop or crop proceeds.

# **Common Attribution**

<u>Common attribution</u> means crediting payments made to persons or legal entities collectively to 1 limitation, for the applicable program, based on a specific or unique relationship between the persons or legal entities.

#### **Complete Control**

<u>Complete control</u> means exclusive access and use by the tenant.

#### Corporation

<u>Corporation</u> means an entity recognized by law comprised of 1 or more persons or legal entities, which has certain rights and duties.

Note: For payment limitation purposes, a subchapter S corporation is included in this definition.

#### **Custom Services**

<u>Custom services</u> mean the hiring of a contractor or vendor that is in the business of providing such specialized services or to perform services for the farming operation in exchange for the payment of a fee for such services performed.

### **Default Determination**

<u>Default determination</u> means all persons or legal entities are considered to be actively engaged in farming.

### **Embedded Legal Entity**

<u>Embedded legal entity</u> means an entity that has an interest, directly or indirectly, as a stockholder, member, beneficiary, or heir, in another entity that is earning payments.

### End-of-Year Review Tracking (EYRT) System

EYRT System means a web-based system:

- in which National, State, and County Office users can record all findings, recommendations, and conclusions from EYR's completed on selected farming operations for 2009 and subsequent years' payment eligibility and payment limitation compliance purposes
- that provides reporting and summarization capabilities for EYR findings, determinations, and related information recorded for the farming operations reviewed.

#### **Enrolled Agent**

<u>Enrolled agent</u> means someone who is authorized to deal with IRS on behalf of another; however, enrolled agent certifications are **not** acceptable for AGI eligibility purposes.

#### Equipment

For payment limitation purposes, <u>equipment</u> means the machinery and implements used by the farming operation to conduct activities of the farming operation. This includes:

- machinery and implements for:
  - land preparation, planting, cultivating, or harvesting of the crops involved
  - establishing and maintaining conservation cover crops or conservation use acreages
  - conducting livestock operations
- irrigation equipment that is:
  - **not** of a permanent nature
  - commonly used in the area.

### **Family Member**

<u>Family member</u> means a person to whom another member in the farming operation is related as lineal ancestor, lineal descendant, sibling, spouse, or otherwise by marriage.

The term family member must include the following:

- great grandparent
- grandparent
- parent
- child, including legally adopted children and stepchildren
- grandchild
- great grandchild
- sibling of the family members in the farming operation
- spouse of family members
- niece
- nephew
- first cousin.

#### Farm Manager

<u>Farm manager</u> means a person with an ownership interest in the farming operation who uses a significant contribution of active personal management, or a significant contribution of the combination of active personal labor and active personal management to meet the requirements to be considered actively engaged in farming.

#### **Farming Operation**

Farming operation means a business enterprise engaged in producing agricultural products.

#### **Foreign Entity**

<u>Foreign entity</u> means a corporation, trust, estate, or other similar organization, that has more than 10 percent of its beneficial interest held by individuals who are **not**:

- citizens of the U.S.
- lawful aliens possessing a valid I-551.

### **Foreign Person**

Foreign person means someone who is not a:

- citizen of the U.S.
- lawful alien possessing a valid I-551.

#### **General Partnership**

#### General partnership means:

- comprised of 2 or more persons or legal entities
- formed under State law
- subject to the terms of a formalized agreement
- identified with EIN.

#### **Income From Fishing**

<u>Income from fishing means income derived from catching, taking, harvesting, cultivating, or</u> farming aquatic resources, such as fish, shellfish, crustacea, and other aquatic forms of animal or vegetable life, according to IRS Publication 595 or other applicable IRS instructions.

#### Indian Tribe

<u>Indian tribe</u> means any Indian tribe, band, nation, pueblo, or other organized group or community, including any Alaska Native village or regional corporation as defined in or established under the Alaska Native Claims Settlement Act, which is recognized as eligible for the special programs and services provided by the U.S. because of their status as Indians.

**Note:** This includes tribally chartered entities formed under Section 17 of the Indian Reorganization Act.

#### **Interest in a Farming Operation**

Interest in a farming operation means any of the following:

- owner, lessor, or lessee of the land in the farming operation
- interest in the ag products, commodities, or livestock produced by the farming operation
- a member of a joint operation that is an owner, lessor, or lessee of the land in the farming operation or has an interest in the ag products, commodities, or livestock produced by the farming operation.

# **Joint Operation**

<u>Joint operation</u> means a general partnership or joint venture, whose members are jointly and severally liable for the obligations of the organization, in which 2 or more individuals or entities pool their resources, such as land, labor, capital, management, and equipment, to conduct the farming operation for a common purpose, sharing the profits and losses.

# Joint Venture

<u>Joint venture</u> means an association of persons or legal entities, where the association exists without an actual partnership or corporate designation.

# Land

For payment eligibility purposes, <u>land</u> means farmland consisting of cropland, pastureland, wetland, or rangeland that meets the specific requirements of the applicable program.

# "Left-Hand" Contribution

"Left-hand" contribution to the farming operation means 1 or a combination of the following:

- capital
- land
- equipment.

# Legal Entity

<u>Legal entity</u> means an entity created under Federal or State law that owns land or an agricultural commodity, product, or livestock.

# Limited Partnership (LP)

For payment limitation purposes, <u>LP</u> means LP has both of the following:

- at least 1 general partner entrusted with managing and controlling the partnership's business
- at least 1 limited partner.

# Livestock

<u>Livestock</u> means those animals included in 7 CFR 1416.304 (a) and that are a part of a farming operation.

#### Definitions of Terms Used in This Handbook (Continued)

#### **Materially Participating**

<u>Materially participating</u> means more than 50 percent of the legal entity's gross receipts for each tax year in the 3-year period used to compute the average farm AGI are derived from farming, ranching, or forestry sources described in 5-PL, paragraph 312.

#### **Minor Child**

Minor child means a person who is not 18 years of age on or before June 1 of the current year.

#### June 1 of the applicable year must be the date used for the determination of minor child.

**Note:** Court action conferring majority on this person does **not** change this person's status as a minor child.

#### Person

Person means a "natural person" (individual) and does not include a legal entity.

**Note:** A cooperative association of producers that market commodities must **not** be considered the person, and payments and benefits thereby limited for the commodities marketed for the producers.

#### Public School

<u>Public school</u> means a primary, elementary, secondary school, college, or university which is directly administered under the authority of a governmental body or which receives a predominant amount of its financing from public funds.

#### **Recording County**

<u>Recording county</u> means the County Office and COC assigned the specific responsibilities for making determinations of eligibility and updating the eligibility and payment limitation data for an FSA customer.

#### "Right-Hand" Contribution

"Right-hand" contribution to the farming operation means 1 or a combination of the following:

- active personal labor
- active personal management.

#### **Definitions of Terms Used in This Handbook (Continued)**

#### **Separate and Distinct Contribution**

<u>Separate and distinct contribution</u> is a contribution to the farming operation that is:

- unique and apart from other contributions
- distinguishable from the contributions of other partners, stockholders, or members of the same legal entity or joint operation.

#### Sharecropper

Sharecropper means an individual who:

- performs work in connection with the production of the crop under the supervision of the operator
- receives a share of the crop in return for the provision of labor performed in the farming operation.

#### **Taxable Income**

<u>Taxable income</u>, for average AGI purposes, means income used by FSA to determine if the person or legal entity had any amount that could be included as income on an IRS tax return and is subject to taxation. AGI has nothing to do with the person's or legal entity's taxable income liability. A person or legal entity with AGI as defined in 7 CFR Part 1400 in any year is considered to have taxable income in that year regardless of the amount shown as taxable income on the person's or legal entity's tax return for that year.

Example: A person has total adjusted gross income of \$7,600 in 2008. The person claims 2 exemptions on the tax return and thereby reduces taxable income using IRS-allowable exemptions and/or deductions to \$0. For AGI purposes under 7 CFR Part 1400, the person has taxable income for 2008, and that taxable income is \$0.

#### **Total Value of a Farming Operation**

<u>Total value of a farming operation</u> means the total of the costs, excluding the value of active personal labor and active personal management that is contributed by a member of the farming operation, needed to carry out the farming operation for the year for which the determination is made.

#### **Tribal Venture**

<u>Tribal venture</u> means a joint operation conducted by members of a Native American or Indian tribe.

Published below is an updated list of federally acknowledged Indian Tribes in the contiguous 48 states and Alaska, to reflect the addition of an Indian Tribe and various name changes and corrections. The addition to the list of Indian entities results from the January 28, 2016, Interior Board of Indian Appeals dismissal of a request for reconsideration in docket number 16– 003, <i>In Re Federal Acknowledgment of the Panunkey Indian Tribe</i> . To aid in identifying Tribal name changes and corrections, the Tribe's previously listed or former name is included in parentheses after the correct current Tribal name. We will continue to list the Tribe's former or previously listed name for several years before dropping the former or previously listed name for several years before dropping the former or previously listed name for several years before dropping the former or previously listed state responsibilities are acknowledged to have the immunities and privileges available to federally recognized Indian Tribes by virtue of their government-to-government relationship with the United States as well as the responsibilities, powers, limitations, and obligations of such Tribes. We have continued the practice of listing the Alaska Native entities separately solely for the purpose of facilitating identification of them and reference to them given the large number of complex Native names. Notice of Public Meeting, Idaho Falls District Resource Advisory Council Meetina

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meetings.

SUMMARY: In accordance with the Federal Land Policy and Management Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM) Idaho Falls District Resource Advisory Council (RAC), will meet as indicated below. DATES: The Idaho Falls District RAC will meet in Idaho Falls, Idaho, June 6–7 2016 for a two-day meeting. The first day will begin at 9:00 a.m. at the BLM Idaho Falls Office, 1405 Hollipark Drive, Idaho Falls, Idaho, with new member orientation. The entire RAC will convene at 1:00 p.m. A comment period will be held June 6, following introductions from 1:00-1:30. The second day will begin at same location starting at 8:30 a.m. adjourning at 1:00 p.m. Members of the public are invited to attend.

SUPPLEMENTARY INFORMATION: The first day will be new member orientation in

the morning to explain the development of the BLM and purpose of the RAC. At 1:00 p.m. the rest of the RAC will convene to elect a secretary and continue with the full agenda. Topics include the sage-grouse implementation and discussion on bighorn/domestic sheep. On June 7, the RAC will meet at the Upper Snake Field Office at 8:30 a.m. to continue discussion on sagegrouse. The group will depart for the field at 9:30 a.m. to travel to the Medicine Lodge area to view allotments where potential conflicts exists between bighorn sheep and domestic sheep and discuss Lands with Wilderness Characteristics (LWC). The meeting will

adjourn around 1:30 p.m. The 15-member Council advises the Secretary of the Interior, through the Bureau of Land Management, on a variety of planning and management issues associated with public land management in the BLM Idaho Falls District (IFD), which covers eastern Idaho.

All meetings are open to the public. The public may present written comments to the Council. Each formal Council meeting will also have time allocated for hearing public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited. Individuals who plan to attend and need special assistance, such as sign language interpretation, tour transportation or other reasonable accommodations, should contact the BLM as provided below.

FOR FURTHER INFORMATION CONTACT: Sarah Wheeler, RAC Coordinator, Idaho Falls District, 1405 Hollipark Dr., Idaho Falls, ID 83401. Telephone: (208) 524-7550. Email: sawheeler@blm.gov.

Dated: April 25, 2016.

#### INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–531–532 and 731–TA–1270–1273 (Final)]

#### Polyethylene Terephthalate Resin From Canada, China, India, and Oman

#### terminations

On the basis of the record <sup>1</sup> developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by reason of imports of polyethylene terephthalate ("PET") resin, provided for in subheading 3907.60.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV") with respect to Canada, China, India, and Oman and have been found by Commerce to be subsidized by the governments of China and India.<sup>2</sup>

#### Background

The Commission, pursuant to sections 705(b) and 735(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)), instituted these

investigations effective March 10, 2015,

<sup>1</sup> The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)). <sup>2</sup> All six Commissioners voted in the affirmative.

<sup>2</sup> All six Commissioners voted in the attimutive. The Commission also finds that imports subject to Commerce's affirmative critical circumstances determinations are not likely to undermine seriously the remedial effect of the countervaling and antidumping duty orders on PET resin from t. 2. India

#### A Section 179 Depreciation Expense

Section 179 depreciation expense is an elected expense that may reduce the AGI of the following:

- Individual
- Partnership
- Corporation
- Subchapter S corporation
- Limited liability company (LLC).

Note: An estate or trust **cannot** make this election.

#### **B** Applicability and Limitations

An elected section 179 depreciation expense deduction is:

- allowable for all tax years used in the calculation of the \$900,000 AGI amount for the 2011 and subsequent crop, program, and FY's
- an annual amount calculated by the tax filer.

#### C Calculation of Section 179 Depreciation Expense

Qualified tax filers that elect this expense deduction:

- complete IRS Form 4562, *Depreciation and Amortization*, for the calculation of the maximum deduction amount allowable
- enter this amount on the appropriate line item on the appropriate tax form(s)
- attach the completed IRS Form 4562 to the tax forms filed with the IRS.

#### **D** AGI Determination and Section 179 Expense Deductions

If a producer elected and reported a section 179 expense deduction on IRS tax filings, this deduction, if allowable and equal to the maximum amount determined on Form 4562:

- may or may not be included in the IRS calculations of the income amounts as shown at specific line items on the applicable tax filings
- if not included in the IRS calculations on the tax forms, additional or manual calculations will be necessary to account for this deduction in determining AGI when using these specific income amounts as reported to the IRS on the producer's tax filings.

#### E Record of Calculated Section 179 Depreciation Expense Amount on IRS Tax Forms

If elected, deduction amounts are recorded, or included in the amounts as recorded, on each IRS tax form and line item as follows:

- Form 4562, *Depreciation and Amortization*, line 12
- Form 1040, U.S. Individual Income Tax Return, line 18
- Form 1065, U.S. Return of Partnership Income, line 16c
- Form 1120, U.S. Corporation Income Tax Return, line 20
- Form 1120S, U.S. Income Tax Return for an S Corporation, line 14
- Schedule K-1 (Form 1065), Partner's Share of Income, Deductions, Credits, line 12
- Schedule K-1 (Form 1120S), Shareholder's Share of Income, Deductions, Credits, line 11,
- Schedule F, *Profit or Loss From Farming*, line 14.
- **Note:** For a pass-through entity such as an subchapter S-corporation, this deduction will not be shown on Form 1065 or 1120S filed for the legal entity, but on the K-1's completed for each individual shareholder (**cannot** be an estate or trust) that elects a deduction allowance in the amount that corresponds to their level of interest held in the legal entity.

#### F Examples and Illustrations for Each of These IRS Tax Form

The following pages contain examples and illustrations of the location of section 179 depreciation amounts, if calculated and elected, on each of the IRS tax forms.

#### Memorandum of Agreement

The following is the Memorandum of Agreement between NRCS, FSA, and CCC for implementing common provisions, including payment eligibility and payment limitation provisions through September 30, 2014.

	Memorandum of Agreement (MOA)
	Between
	Natural Resources Conservation Service (NRCS),
	Farm Service Agency (FSA), and
	<b>Commodity Credit Corporation (CCC)</b>
	For
	Implementation of Common Provisions, Including
	Payment Eligibility and Payment Limitation Provisions
	Through September 30, 2014
I.	PURPOSE
	The purpose of this (MOA) is to provide for the implementation, cooperation, expectations and responsibilities between FSA, NRCS, and CCC in administering provisions common to the agencies including all payment eligibility and payment imitation provisions as found in the Food, Security Act of 1985, as amended by the Agricultural Act of 2014, and regulations at 7 CFR Part 1400
II.	GENERAL PROVISIONS
	FSA and NRCS administer various farm commodity and conservation programs in which participants are subject to payment eligibility and payment limitation requirements in 7 CFR Part 1400. The administration of these programs requires the obtaining of information, determination of eligibility, and maintenance of this data. FSA has the administrative responsibilities for collecting and maintaining data that includes the name and address of the participant (SCIMS and farm records); information about the participant's farming operation (subsidiary files); and information on the participant's annual income (AGI files). FSA uses this information to make determinations of the participant's eligibility for program payments and restrictions on the amount of such payments that can be received by the participant, both directly and indirectly, for direct attribution. FSA has developed custom software applications for web-based environments to store the eligibility data of all participants. FSA maintains this data and ensures the credibility and accuracy of this data. FSA performs the administrative compliance duties of the payment eligibility requirements and determinations of all participants of record. As such, FSA has also entered into agreements with the IRS and the Social Security Administration to verify and validate the accuracy of the participant information. FSA provides this data and develops common eligibility routines for use by NRCS in the administration of conservation programs for which they have responsibility.

#### III. AUTHORITY

This MOA is authorized by Title I of the Agricultural Act of 2014, Farm Security and Rural Investment Act of 2002 (2002 Act), Title I of the Food, Conservation, and Energy Act of 2008 (2008 Act), the American Taxpayer Relief Act of 2012, and Title XII of the Food Security Act of 1985 (1985 Act), as amended. Other authorities may also apply.

#### **IV. RESPONSIBILITIES**

- A. FSA and CCC responsibilities:
- 1. In consultation with NRCS, develop and maintain rules, regulations, policies, and procedures that govern payment eligibility, payment limitation and average adjusted gross income (AGI) limitation requirements common to multiple programs administered by FSA and NRCS.
- 2. Annually publicize and provide information on all requirements of payment eligibility, payment limitation, and AGI limitations.
- 3. Provide leadership and guidance to all USDA agencies as needed on all payment eligibility, payment limitation and average AGI limitation issues.
- 4. Provide consultation regarding common policies and procedures between FSA and NRCS leadership.
- 5. Develop and maintain information collection processes necessary to obtain program participant information such as name and address; farming operation types and locations; legal entity types; farm and nonfarm income data as reported to the IRS for periods of at least three years (CCC-902; CCC-901; CCC-941; CCC-931; CCC-933; CCC-931C; CCC-526C; and, other forms and documents determined applicable).
- 6. Timely make determinations regarding the participant's eligibility for program benefits and the amounts that can be received annually.
- 7. Annually, or as otherwise applicable, obtain an acceptable certification of average AGI from all persons, legal entities, and members of legal entities for the appropriate reporting time period.
- 8. Develop common eligibility routines for use by FSA and NRCS. Significant changes to existing routines, or the addition of new routines, will be planned in conjunction with NRCS and with adequate testing time allowed prior to implementation.
- 9. Record determinations for payment eligibility and payment limitation purposes for immediate use by both FSA and NRCS in payment processing.

21.	Revise business rules to not allow any payment activity or otherwise disable all eligibility files for participants that are notified that average AGI amounts have been determined to be above the applicable thresholds for payment eligibility.
22.	Review tax data and other information provided by program participants with questionable AGI amounts and conclusively determine AGI compliance.
23.	Notify participants subject to the AGI review the results of the evaluation and determination of AGI compliance for the applicable year or years reviewed.
24.	Provide to NRCS a list of participants determined to be non-compliant with the average AGI limitations for appropriate actions
25.	Conduct regular reconciliation processes to identify participants that have received current year benefits, but have not been included on any data return from the IRS, which indicates a consent form has not been submitted.
26.	Provide to NRCS a list of participants identified as current year payment recipients, but have not provided a consent form to the IRS for appropriate follow-up actions.
B.	NRCS responsibilities:
	1. Make available to program participants the appropriate forms needed for payment eligibility and payment limitation purposes.
	2. Make available to program participants the appropriate forms for Consent for IRS to disclose pertinent information to FSA for AGI limitation compliance purposes.
	3. Timely deliver to the local FSA office any forms and documentation completed for payment eligibility and payment limitation purposes by participants of NRCS-administered programs.
	4. Timely reimburse FSA and/or CCC no less than one-third of the annual cost that IRS will charge FSA/CCC for the average AGI validation process. Based on the estimated annual cost for FY 2014 of \$x,xxx,xxx, the reimbursable amount is \$xxx,xxx.

V. M	ISCELLANEOUS PROVISIONS
1.	FSA, CCC and NRCS mutually agree to cooperate at all levels to ensure consistent implementation of all payment eligibility and payment limitation requirements applicable to all conservation programs.
2.	It is mutually agreed that this Agreement is effective when signed by all parties and shall continue in full force and effect through September 30, 2014. This Agreement may be terminated at any time with thirty days notice by one party. Should this Agreement be terminated, billing will be submitted for services rendered prior to the date of termination for which payment has not been received. This Agreement may be modified by amendment duly executed by officials of FSA and NRCS. NRCS and FSA will enter annually into a National Level Reimbursement Agreement (Form AD-672) based on this interagency agreement and any amendments hereto.
3.	Neither CCC, FSA, nor NRCS, shall assign or transfer any rights or obligations under this Agreement without prior written approval of the other party.
4.	CCC, FSA and NRCS agree that, to the extent possible under applicable law, each party will be solely responsible for its own acts omissions, and the results thereof, and shall not be responsible for the results thereof caused by the acts or omissions of the other party.
5.	The Deputy Administrator for Farm Programs, Farm Service Agency or the Deputy Administrator designee or successor, is delegated authority to carry out this Agreement for FSA and CCC, and, with the NRCS Chief, or designee, may further amend this Agreement consistent with the provisions of the 1985 Act, as amended, and the regulations at 7 CFR Part 1400. The provisions of this Agreement may only be modified by written agreement between the parties.

All parties to this MOA will comply fully with the information gathering provisions of section 1619 of the 2008 Act, the Privacy Act, the Freedom of 6.
