**A Background**

CCC-10 is used for producers applying for CCC and FSA programs that require loans to be secured with collateral. The information is used to:

- obtain their permission to file a financing statement before executing of a security agreement.

The OMB expiration date has been updated and County Offices are to use the current CCC-10 dated July 30, 2018, with OMB expiration date of **July 31, 2021**. The form and instructions are available through the USDA eForms website at **<https://forms.sc.egov.usda.gov/eForms/welcomeAction.do?Home>**. Currently, a completed CCC-10 cannot be submitted electronically with a digital signature because the form may require multiple signatures. However, CCC-10 can be accepted by FAX or scanned and electronically sent.

County Offices must use the new CCC-10, if this is the first time a producer is applying for a CCC/FSA loan or the information previously collected has changed.
