Primary Disaster Areas Located in Maine

This Presidential disaster declaration allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through [emergency loans](#). Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.

FSA also offers the Disaster Set-Aside (DSA) program for producers who currently have an FSA direct loan, have been impacted by the eligible natural disaster event and are concerned about making scheduled loan payments. For information on setting aside your next FSA loan payment through the DSA program, contact the Merrimack-Belknap-Hillsborough County USDA Service Center at 603-223-6003 or visit fsa.usda.gov.
