[USDA Designates Mineral County, Montana, as Primary Natural Disaster Areas for Drought](#)

News Release | Montana | June 20, 2024

[View PDF](#)

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through [emergency loans](#). Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.

According to the [U.S. Drought Monitor](#), these counties suffered from a drought intensity value during the growing season of 1) D2 Drought-Severe for eight or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional.

Impacted Area: Montana

Triggering Disaster: Drought

Application Deadline: 2/18/2025

Primary Counties Eligible: Mineral

Contiguous Counties Also Eligible:

Montana: Missoula and Sanders

Idaho: Clearwater and Shoshone
