FEMA Amends Presidential Major Disaster Declaration 4822

Emergency Designation | Nebraska | November 26, 2024

[View PDF](#)

Amendment Revises Incident Period, Designates Richardson County as a Primary Disaster County

These amendments to previously-approved Presidential disaster declaration No. 4822 allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through emergency loans. Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.
