---

**May 10, 2018** — USDA's Farm Service Agency (FSA) is reminding producers of the May 31 deadline for the [Cotton Ginning Cost Share](#) (CGCS) program. Through the program, cotton producers may receive a cost share payment, which is based on a producer's 2016 cotton acres reported to FSA multiplied by 20 percent of the average ginning cost for each production region.

FSA is mailing a postcard to remind eligible cotton producers of the May 31 deadline. FSA mailed pre-filled applications with this deadline information to eligible cotton producers in March when the original signup was announced.

For more information on CGCS, producers should contact their [local USDA service center](#).
