This Presidential disaster declaration allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through [emergency loans](#).

Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability. USDA's FSA offers these loans for losses caused by severe storms, straight-line winds, flooding, landslides, and mudslides that occurred on February 15 to February 18, 2025. The deadline for producers in designated primary and contiguous counties to apply for loans is December 1, 2025.
