*Emergency Support to Producers in Surrounding Counties Also Available*

**BOZEMAN, Montana, January 21, 2020** — Montana agricultural producers who lost property due to recent natural disasters may be eligible for U.S. Department of Agriculture (USDA) physical loss loans. The Farm Service Agency (FSA) offers these low-interest loans to agricultural producers in **Cascade County** who incurred losses due to excessive snow that occurred Sept. 28, 2019, through Dec. 5, 2019. Approval is limited to applicants who suffered severe physical losses only, including the loss of buildings and livestock. Producers currently having farm loans with FSA and who suffered severe losses as a result of the disaster may be eligible for the set-aside of one installment. Applications are due Sept. 10, 2020.

“Montana’s hardworking ag producers feed our neighbors, the nation and the world,” said State Executive Director Mike Foster. “When they suffer losses because of extreme weather, helping them get back on their feet is important. We encourage those affected to reach out to their local USDA Service Center to apply for these emergency loans.”

Producers in the contiguous Montana counties of **Chouteau, Judith Basin, Lewis and Clark, Meagher, and Teton** are also eligible to apply for emergency loans.

Physical loss loans can help producers repair or replace damaged or destroyed physical property essential to the success of the agricultural operation, including livestock losses. Examples of property commonly affected include essential farm buildings, fixtures to real estate, equipment, livestock, perennial crops, fruit and nut bearing trees, and harvested or stored crops and hay.

For more information on FSA disaster assistance programs or to find your local USDA Service Center visit [farmers.gov/recover](https://farmers.gov/recover).
