SYRACUSE, NY, November 10, 2020 – The U.S. Department of Agriculture’s (USDA) Farm Service Agency (FSA) in New York is hosting two meetings about the [Coronavirus Food Assistance Program 2](#) (CFAP 2). The first meeting will be Tuesday, November 17th at noon, and the second, which will focus on the specialty crops portion of CFAP 2, will be Wednesday, November 18th at noon.

The [Coronavirus Food Assistance Program 2](#) is available to farmers and ranchers whose operations have been directly impacted by the coronavirus pandemic. CFAP 2 provides direct relief to producers who continue to face price declines and additional marketing costs due to COVID-19. The meetings will highlight program information and discuss the application process.

Eligible Commodities

CFAP 2 supports eligible producers of row crops, livestock, specialty crops, dairy, aquaculture, and many other commodities, including many that were ineligible for CFAP 1. FSA’s CFAP 2 Eligible Commodities Finder makes finding eligible commodities and payment rates simple. Access this tool and other resources at farmers.gov/cfap.

The meetings will be available to attend online or with a conference call phone number. Please email Lynnette.wright@usda.gov to receive a calendar invite to the webinars, or follow these links at the appropriate times:
