Emergency Support to Producers in Surrounding Counties Also Available

WASHINGTON, March 8, 2021 — Agriculture Secretary Tom Vilsack designated seven Texas counties as primary natural disaster areas. Producers in Cameron, Duval, Hidalgo, McLennan, Starr, Webb and Zapata counties who suffered losses due to a winter storm that occurred from Feb. 10 through Feb. 20, 2021, may be eligible for United States Department of Agriculture (USDA) Farm Service Agency (FSA) [emergency loans](#).

This natural disaster designation allows FSA to extend much-needed emergency credit to producers recovering from natural disasters. Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation or the refinance of certain debts.

Producers in the contiguous Texas counties of Bell, Bosque, Brooks, Coryell, Dimmit, Falls, Hill, Jim Hogg, Jim Wells, Kenedy, La Salle, Limestone, Live Oak, McMullen, Maverick and Willacy are also eligible to apply for emergency loans.

The deadline to apply for these emergency loans is Nov. 1, 2021.

FSA will review the loans based on the extent of losses, security available and repayment ability.

FSA has a variety of additional programs to help farmers recover from the impacts of this disaster. FSA programs that do not require a disaster declaration include: [Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program](#); [Emergency Conservation Program](#); [Livestock Forage Disaster Program](#); [Livestock Indemnity Program](#); [Operating and Farm Ownership Loans](#); and the [Tree Assistance Program](#).

Farmers may contact their local USDA service center for further information on eligibility requirements and application procedures for these and other programs. Additional information is also available

online at farmers.gov/recover.
