# <u>USDA Designates 48 North Dakota Counties as Primary Natural Disaster</u> Areas

News Release | Montana | May 24, 2021

View PDF

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through <a href="mailto:emergency loans">emergency loans</a>. Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation or the refinance of certain debts. FSA will review the loans based on the extent of losses, security available and repayment ability.
