

Availability of Low-Interest Emergency Loans for Producers Affected by Highly Pathogenic Avian Influenza Quarantine

News Release | Minnesota | July 15, 2022

[View PDF](#)

The United States Department of Agriculture (USDA) Farm Service Agency (FSA) extends much-needed emergency credit to producers recovering from natural disasters and, in this case, quarantines through [emergency loans](#). Emergency loans can be used to meet various needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation or the refinance of certain debts. FSA will review the loans based on the extent of losses, security available and repayment ability.
