

USDA's Organic Certification Cost Share Program Assists Organic Producers recover costs associated with organic certification

News Release | California | May 19, 2023

[View PDF](#)

OCCSP signup is open now until October 31, 2023

The U.S. Department of Agriculture (USDA) will cover up to 75% of the costs associated with organic certification, up to \$750 per category, through the [Organic Certification Cost Share Program](#) (OCCSP). USDA's Farm Service Agency (FSA) encourages agricultural producers and handlers to apply for OCCSP by Oct. 31, 2023, for expenses incurred from Oct. 1, 2022, through Sept. 30, 2023.

As part of USDA's broader effort to support organic producers and in response to stakeholder feedback, this year FSA increased the cost share to the maximum amount allowed by statute.

Cost Share for 2023?

The cost share provides financial assistance for organic certification, and producers and handlers are eligible to receive 75% of the costs, up to \$750, for crops, wild crops, livestock, processing/handling and state organic program fees (California only).

Producers have until Oct. 31, 2023, to file applications, and FSA will make payments as applications are received.

How to Apply?

To apply, organic producers and handlers should contact their local [USDA Service Center](#). As part of completing the OCCSP application, producers and handlers will need to provide documentation of their organic certification and eligible expenses.

Organic producers and handlers may also apply for OCCSP through department of agriculture. Additional details can be found on the [OCCSP](#) webpage.

Opportunity for State Departments of Agriculture??

FSA is also accepting applications from state departments of agriculture to administer OCCSP. FSA will post a synopsis of the funding opportunity on grants.gov and will electronically mail the notice of funding opportunity to all eligible state departments of agriculture.?? ?

If a state department of agriculture chooses to participate in OCCSP, both the state department of agriculture and FSA County Offices in that state will accept OCCSP applications and make payments to eligible certified operations. However, the producer or handler may only receive OCCSP assistance from either FSA or the participating state department of agriculture.??
