Call Today About 2020 Crop Year Eligibility

WASHINGTON, D.C., June 11, 2020 – Agricultural producers who have not yet enrolled in the Agriculture Risk Coverage (ARC) or Price Loss Coverage (PLC) programs for 2020 must do so by June 30. Although program elections for the 2020 crop year remain the same as elections made for 2019, all producers need to contact their local USDA Farm Service Agency (FSA) office to sign a 2020 enrollment contract.

“The Agriculture Risk Coverage and Price Loss Coverage programs are critical safety-net programs for farmers, helping producers weather market distortions resulting from natural disasters, trade disruptions and, this year, a pandemic,” said FSA Administrator Richard Fordyce. “Contact your FSA county office today to complete enrollment before June 30. This can be done in concert with filing your acreage report and applying for other FSA programs.”

To date, more than 1.4 million ARC and PLC contracts have been signed for the 2020 crop year. This represents 89 percent of expected enrollment. FSA will send reminder postcards to producers who, according to agency records, have not yet submitted signed contracts for ARC or PLC for the 2020 crop year.

Producers who do not complete enrollment by close of business local time on Tuesday, June 30 will not be enrolled in ARC or PLC for the 2020 crop year and will be ineligible to receive a payment should one trigger for an eligible crop.

ARC and PLC contracts can be mailed or emailed to producers for signature depending on producer preference. Signed contracts can be mailed or emailed back to FSA or, arrangements can be made in advance with FSA to drop off signed contracts at the FSA county office – call ahead for local drop off and other options available for submitting signed contracts electronically.

Producers are eligible to enroll on farms with base acres for the following commodities: barley, canola, large and small chickpeas, corn, crambe, flaxseed, grain sorghum, lentils, mustard seed, oats, peanuts, dry peas, rapeseed, long grain rice, medium- and short-grain rice, safflower seed, seed cotton, sesame, soybeans, sunflower seed and wheat.

More Information

For more information on ARC and PLC including web-based decision tools, visit farmers.gov/arc-plc.

USDA Service Centers, including FSA county offices, are open for business by phone only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources Conservation Service or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information can be found at farmers.gov/coronavirus.

Visit offices.usda.gov to find location and contact information for the nearest FSA county office.
