U.S. DEPARTMENT OF AGRICULTURE

USDA Designates 14 Oklahoma Counties Primary and Contiguous Natural Disaster Areas

News Release | Oklahoma | July 11, 2023

[View PDF](#)

This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through [emergency loans](#). Emergency loans can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.

According to the [U.S. Drought Monitor](#), these counties suffered from a drought intensity value during the growing season of 1) D2 Drought-Severe for 8 or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional.

Impacted Area: Colorado, Kansas, Nebraska, New Mexico, Oklahoma, Texas, Wyoming

Triggering Disaster: Drought Fast Track – Colorado

Incident Period: November 1, 2022

Application Deadline: November 17, 2023
