Secretarial Drought Disaster Determination S5551

On September 25, 2023, Secretary of Agriculture, Thomas J. Vilsack, under 7 CFR 759.5(a), designated five (5) Arizona Counties as a primary disaster area due to drought intensity value during the growing season of 1) D2 Drought-Severe for 8 or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional. This designation makes farm operators in primary counties, and those counties contiguous to such primary counties, eligible to be considered for certain assistance from FSA, provided eligibility requirements are met. This assistance includes FSA emergency loans. Farmers in eligible counties have eight (8) months to apply for emergency loans. FSA considers each emergency loan application on its own merits, taking into account the extent of losses on the farm and the security and repayment ability of the operator. The incident period for production and physical losses in the counties named below is September 19, 2023. For the purpose of determining loan security values for loan applications, the beginning date of the incident period is September 19, 2023. Applications for emergency loans will be received through **May 28, 2024**.

Affected Counties and States

Arizona Primary Counties (5):

Cochise	Pima
Graham	Santa Cruz
Greenlee	

Contiguous Counties

In accordance with section 321(a) of the Consolidated Farm and Rural Development Act, counties that are contiguous to a designated primary county will be named as contiguous counties where

eligible family farmers may qualify for FSA emergency loan assistance.

For this designation the contiguous counties in Arizona and surrounding states are:

Arizona Contiguous County (6):

Apache	Navajo	Gila
Pinal	Maricopa	Yuma

New Mexico Contiguous Counties (3)

Catron	Grant	Hidalgo
--------	-------	---------

A trigger of D3 on the US Drought Monitor allows for program benefits under these programs
