Organic Certification Cost Share Program

Introduction

The U.S. Department of Agriculture (USDA) Organic Certification Cost Share Program (OCCSP), administered by the Farm Service Agency (FSA), provides organic producers and handlers with financial assistance to reduce the cost of organic certification. The program reimburses producers and handlers for a portion of their paid certification costs. Once certified, organic producers and handlers are eligible to receive reimbursement for 75 percent of certification costs for program year 2024, up to a maximum of \$750 per certification scope—crops, livestock, wild crops, handling, and State Organic Program fees.

Who is Eligible?

Certified organic producers and handlers who have paid certification fees during the 2024 program years may apply for reimbursement of the incurred costs.
