General Form Instructions

A new producer will complete FSA-1141 to certify to their expected sales for the 2025 calendar year and enter that amount in item 11 on FSA-1140.

A new producer is an applicant who:

- Began producing specialty crops in 2023 or 2024 but did not have sales due to the immaturity of the crop;
- Began producing specialty crops in 2024 but did not have a complete year of sales; or
- Is beginning to grow specialty crops in 2025.

To be eligible for MASC, a new producer must have one of the following:

- A legally binding contract or agreement wherein the producer has agreed to sell a specialty crop during calendar year 2025; or
- Evidence that, at the time of application, a specialty crop has been planted and is expected to be harvested and sold in the 2025 calendar year.

All new producers must provide acceptable documentation that shows the producer is in the business of farming at time of application and intends to sell a specialty crop in the 2025 calendar year. Expected 2025 sales must be based on realistic projections that are supported by acceptable documentation demonstrating the producer's ability to achieve the expected sales and their ability to grow, harvest, and market the expected yield or inventory.

For new producers who have entered into a legally binding sales contract or purchase agreement for the sale of their specialty crop, their 2025 expected specialty crop sales must be based on the terms of their contract or agreement regarding the total sale amount or the price and amount of inventory or production.

For new producers who are growing a specialty crop intended for sale in 2025 who do not have a contract or agreement, their expected 2025 specialty crop sales must be based on their specialty crop acreage or inventory that is planted at the time of application and published yields and prices such as Federal Crop Insurance Corporation-established data, FSA-established National Crop Table data, and National Agricultural Statistic Service data, or published local data sources.
