# Section I

## Executive Summary

## **Executive Summary of National Data**

### **Overview:**

This report contains county committee election and nomination data as reported by Farm Service Agency (FSA) county offices following the county committee elections conducted in December 2015. Single counties are divided into three Local Administrative Areas (LAAs). Jurisdictions where two or more counties are combined are composed of three to eleven LAAs. The majority of the county committees represent single county jurisdictions. A county committee election is held each year in one LAA in rotation with the other LAAs. In LAA jurisdictions of 4 or more, two or more LAAs may hold elections in a given year. Elections are conducted in this manner for a three-year term for each county committee member, after which the seat of a member serving three years must be up for election again. County committee members are limited to three consecutive three-year terms. After a member serves three consecutive terms, the member must remain off the committee for at least one year before being eligible to run again. The data provided in this report represents only those LAAs that conducted elections in 2015. Election results were reported in 2,567 COC jurisdictions in 2015. The data in this report reflects approximately one third of the county committee members.

### **Explanation of Report Data:**

The data in this report is required to be submitted to the Secretary as specified in the Farm Security and Rural Investment Act of 2002 (Act), Public Law 107-171. Section 10708 amends the Food, Agriculture, Conservation, and Trade Act of 1990, Section 2501. The information required for this report is listed below:

- (a) the number of eligible voters in the area covered by the county, or area committee
- (b) the number of ballots cast in the election by eligible voters (including the percentage of eligible voters that cast ballots)
- (c) the number of ballots disqualified in the election
- (d) the percentage that the number of ballots disqualified is of the number of ballots received
- (e) the number of nominees for each LAA up for election
- (f) the final election results (including the number of ballots received by each nominee)

### **Summary of National Data:**

The National Summary is as follows:

- A total of 1,935,482 eligible voters were associated with 2,568 LAAs holding an election in 2015
- The total number of ballots cast in LAAs holding an election was 199,192
- The percentage of eligible voters casting ballots was 10.3%
- The number of nominees that were up for election was 5,431
- The total ballots disqualified were 13,160.

The total nominees for 2015 by race, ethnicity, and gender are:

- American Indian/Alaskan Native: male – 89, female – 24
- Asian: male – 10, female – 0
- Black/African American: male – 257, female – 36
- Native Hawaiian/Pacific Islander: male – 10, female – 0
- White: male – 4,181, female – 818
- Hispanic/Latino: male – 95, female – 31
