USDA is an equal opportunity provider, employer, and lender

This report provides statistics for land enrolled in the Conservation Reserve Program (CRP), including a summary of FY 2017 CRP related activities, FY 2017 CRP outlays by payment type, CRP enrollment activity, outlay and sign-up history. The tables are based on contract data developed and maintained in CRP data files by Farm Service Agency (FSA) service centers and are generally based on the physical location of the CRP contracted land. FY 2017 ended September 30, 2017. The report was prepared by Alex Barbarika, Resource Economics Branch, Economic and Policy Analysis Division, Farm, Farm Production and Conservation Business Center, U.S. Department of Agriculture.

---

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

---

**General Signup**. Producers with eligible lands compete nationally for acceptance based on an environmental benefits index (EBI) during specified enrollment periods. Producers may submit offers below soil-specific maximum rental rates and select wildlife-enhancing vegetative covers to increase EBI ranking.

**Continuous (Non-CREP) Sign-up**. Producers with eligible lands may enroll certain high priority conservation practices, such as filter strips, riparian buffers, and wetlands at any time during the year without competition. In addition to annual soil rental payment and cost-share assistance, many practices are eligible for additional annual and one-time up-front financial incentives. Lands enrolled under various initiatives are included in this category.

**Conservation Reserve Enhancement Program (CREP)**. Under CREP agreements, Federal/State partnerships, implement projects designed to address specific environmental objectives through targeted CRP enrollments. Sign-up is held on a continuous basis, general sign-up practices may be included, and additional financial incentives are generally provided. Currently, there are 45 agreements in 33 States.

**Farmable Wetland Program (FWP)**. Producers enroll small non-flood plain wetlands, and new practices added by the 2008 Farm Bill, under modified continuous sign-up provisions.

**Grasslands**. Enrollments are to support grazing operations and to preserve and restore grasslands. No cropping history is required.

---

The accompanying tables are based on contract data developed and maintained in CRP data files by USDA Service Centers through the end of September 2017 and are based on the physical location of the CRP contracted land.

***CONSERVATION RESERVE PROGRAM  
ENROLLMENT ACTIVITY AND NEWS – FY 2017***

- Enrollment ended FY 2017 at 23.4 million acres, a decrease of 500,000 acres from FY 2016.
- On February 2, 2017, FSA set the maximum rental payment cap at \$300/acre for continuous signup and reduced the Signing Incentive Payment for non-water quality continuous signup practices by \$7.50/acre for 10-year contracts and by \$12.50/acre for 15-year contracts. The changes do not apply to CREP.
- On February 17, 2017, FSA announced that signup was open for the Joint Kansas and Nebraska Migratory Bird Playa Lakes SAFE project. Producers may choose their own rental payment, that will not be subject to SRR's of their offered acreage. However, offers were subject to the \$300 rental rate maximum. Each state was allocated 10,000 acres. The only practice available was non-floodplain wetland restoration.
- The 1<sup>st</sup> batching period for the tree thinning incentive acceptances was conducted on May 5, 2017. At the same time, it was announced that the 2<sup>nd</sup> batching will be done on May 21, 2017.
- USDA opened enrollment of new water quality practices on January 9, 2017, denitrifying bioreactors and saturated buffers. These practices may be installed in conjunction with filter strips (CP-21) and riparian buffers (CP22), and are a part of the Clean Lakes, Estuaries, and Rivers (CLEAR) initiative.
- On July 7, 2017, FSA announced that soil rental rates will be posted for state and county review on July 6, 2017.
- On September 12, 2017, FSA announced that USDA has signed an agreement with the National Bobwhite Conservation Initiative (NBCI). The agreement established a framework for NBCI staff to work with USDA in a consultancy role to share technical information.
- USDA announced on October 6, 2017 that it was temporarily suspending acceptance of most new continuous signup offers until later in the 2018 fiscal year. Enrollment of Pollinator Habitat initiative was terminated because the program has reached its acreage enrollment goal. CREP and grasslands enrollments were not suspended.
- Also, it was announced that a 3rd batching period would be held for the Tree Thinning Incentive. To be considered for the third batching period, CRP participant requests must have been filed by October 31, 2017.
- Approximately 800,000 acres of grassland signup have been approved for contracts that start October 1, 2017. So far 420,000 acres have been loaded.
- About 1.185 million acres of continuous signup (signup 50) acres have been approved for acceptance. Since May 4, FSA has been taking offers, but not approving them. This is being called a “pause”.
